# CHAPTER 01

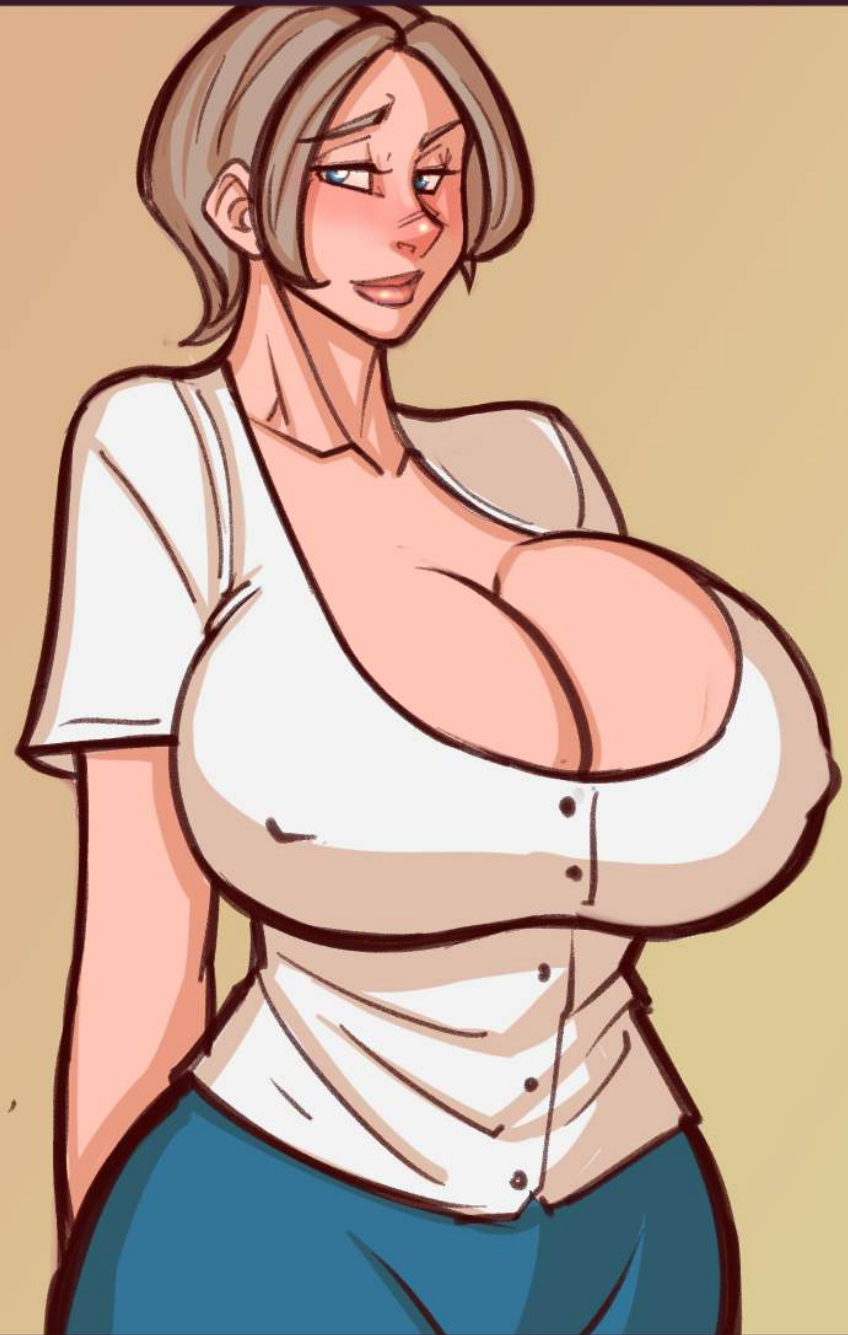

Wendy, My  
mother-in-law,  
is in her early  
50s, and she  
looks very  
good.

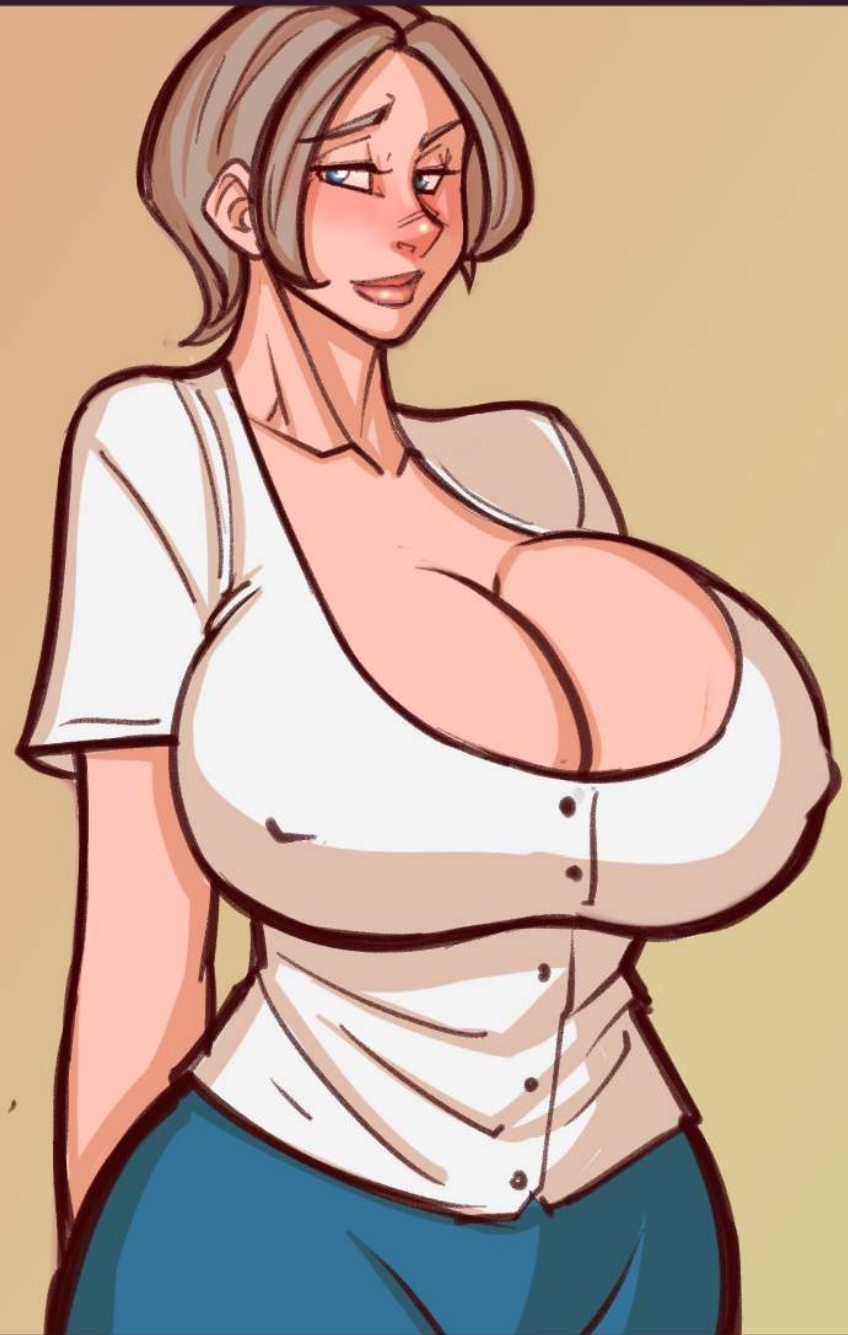

My wife has gained some weight over the years, but her mom hasn't. She's not a girl in her 20s, but she still looks really good.

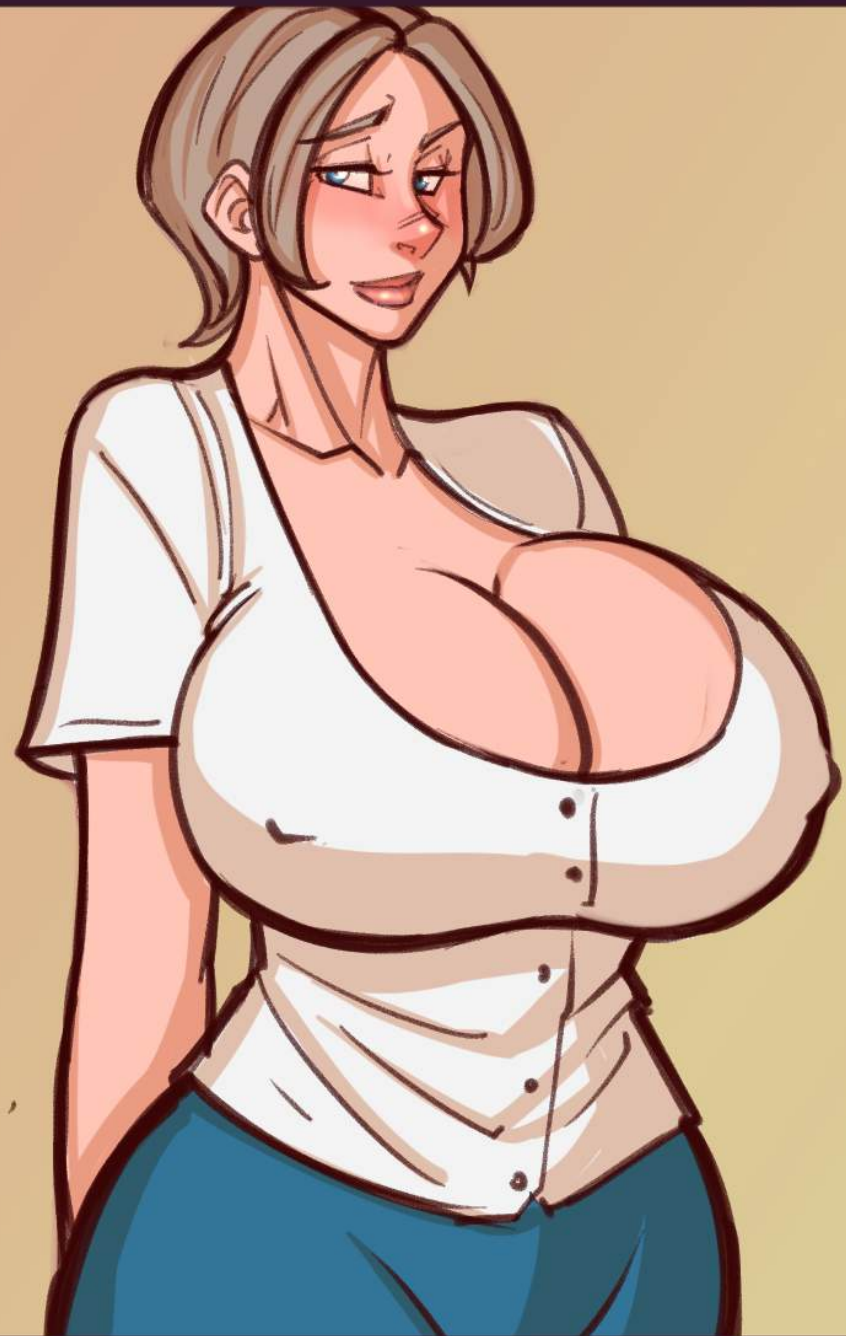

And she has a nice set of tits that really fill out her shirts. She is not afraid to wear clothes that give a hint of what she has, and she has bent down in front of me a few times and I've seen some amazing cleavage on her.

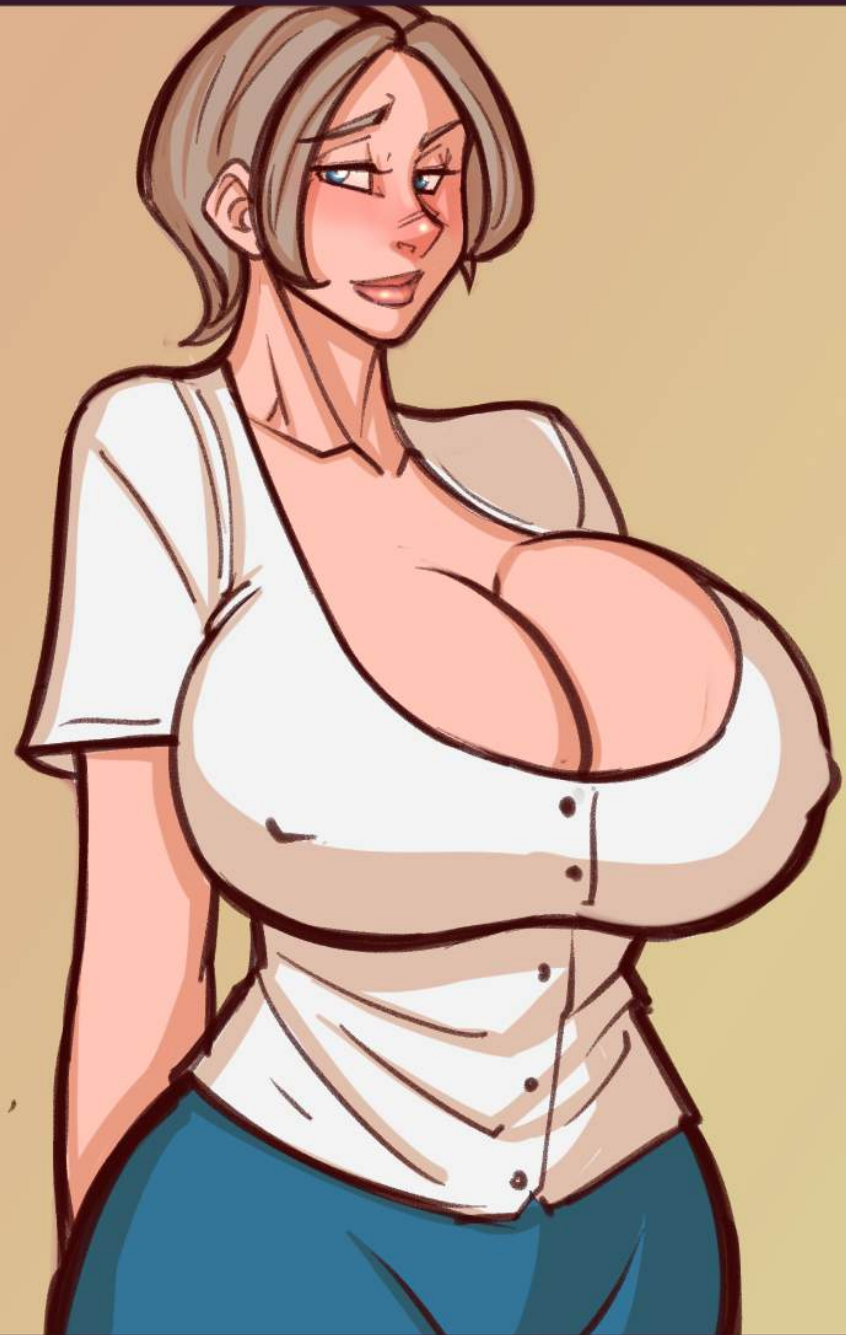

But I'm sure that she never really meant to show me, because she's a very modest woman overall.

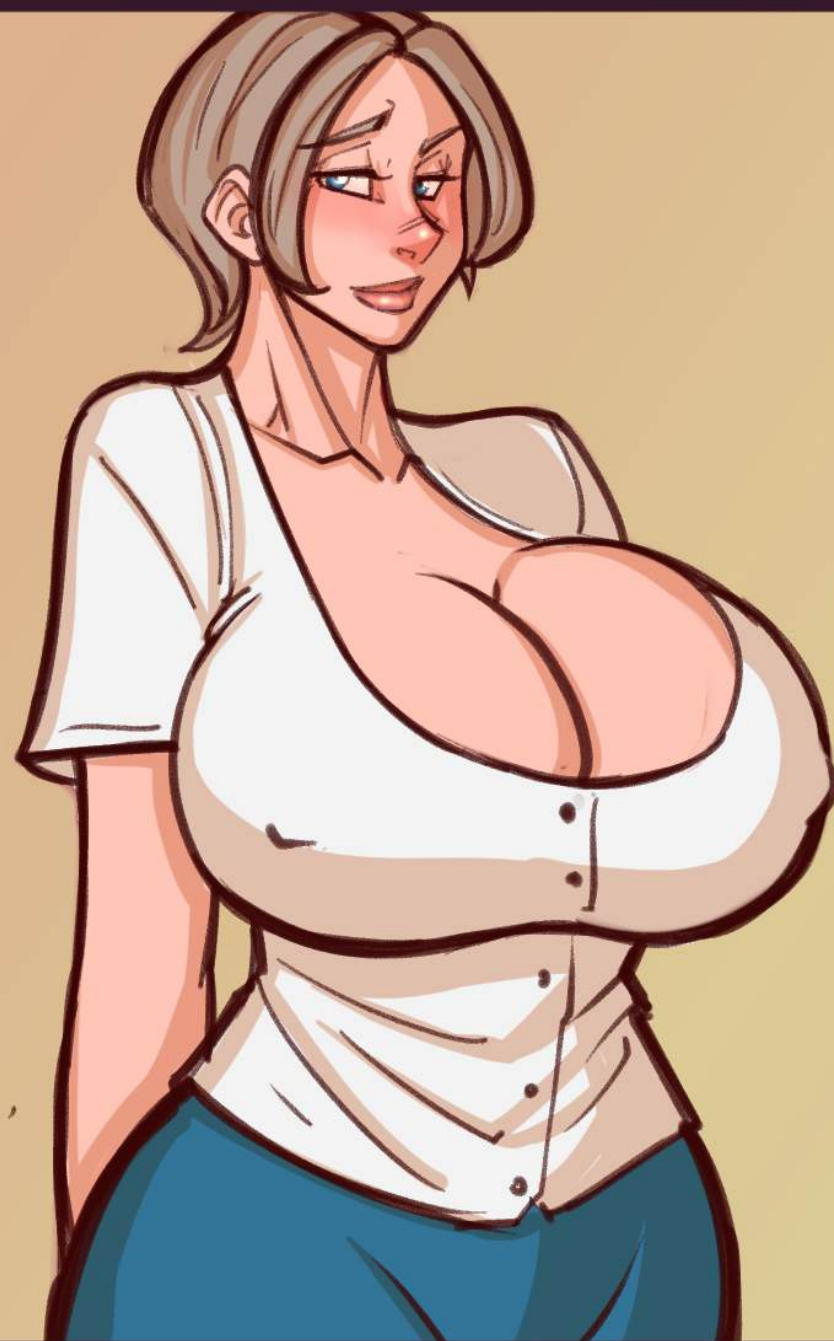

I'm married, but I  
guess that's obvious.  
My wife and I really  
have a great  
relationship, and a  
good sex life.

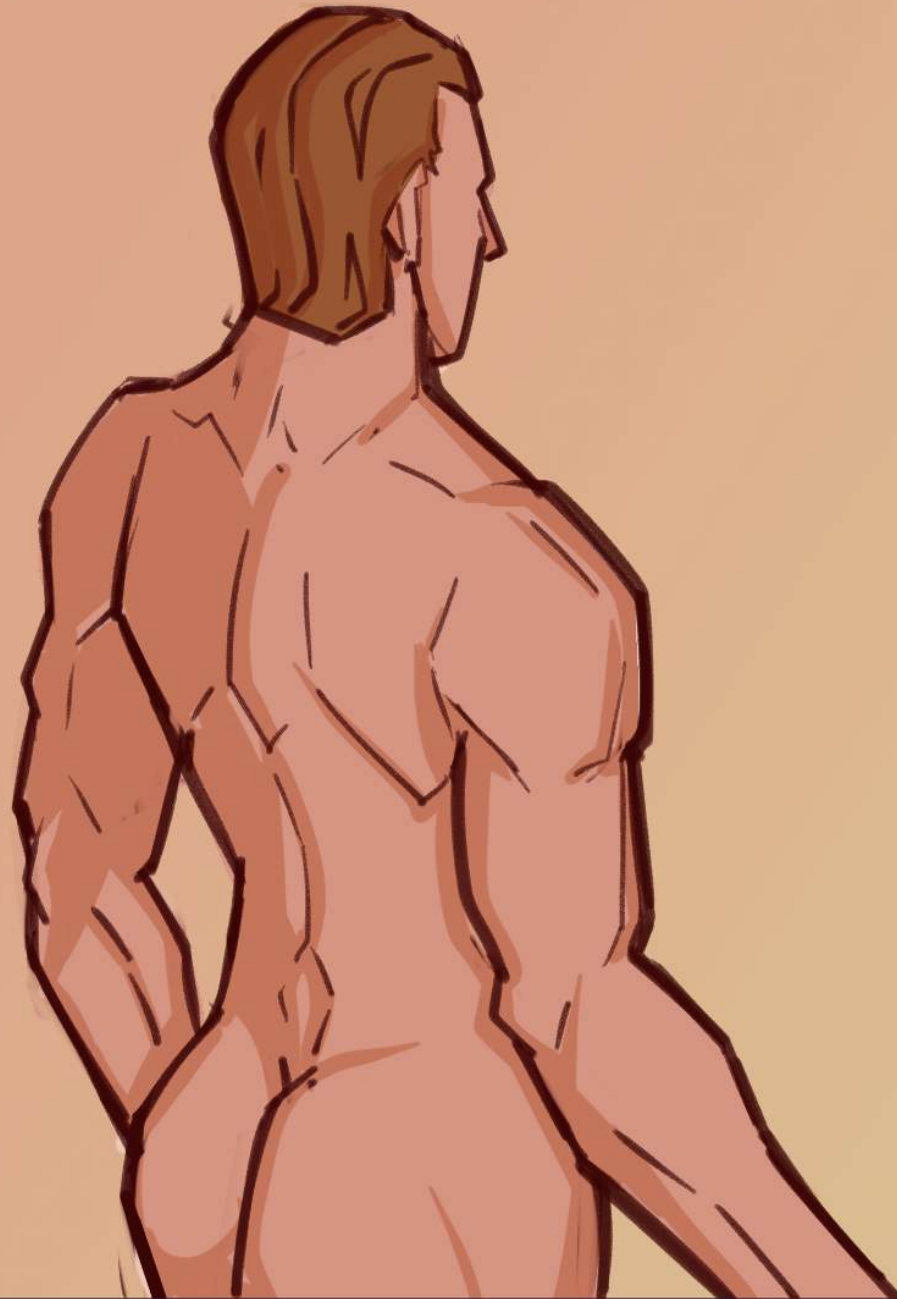

Still go at it a couple of times a week, and she still blows my mind every time. I'm very lucky to have her. And normally I wouldn't even think about cheating on her.

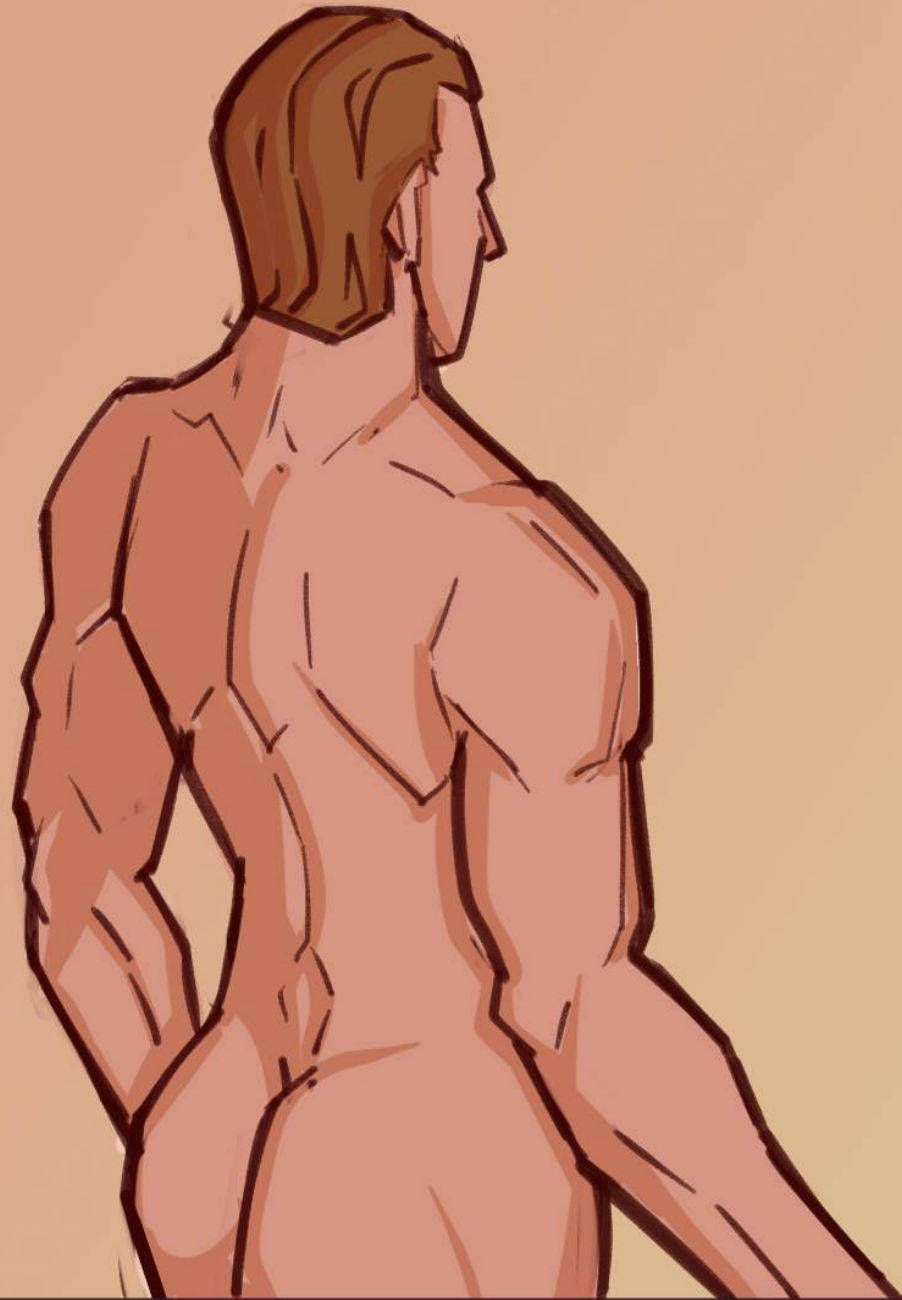

And I'm sure that she never planned to cheat on her husband either. They are old-fashioned and very conservative. It's so far out of the question that I'm still shocked that it happened.

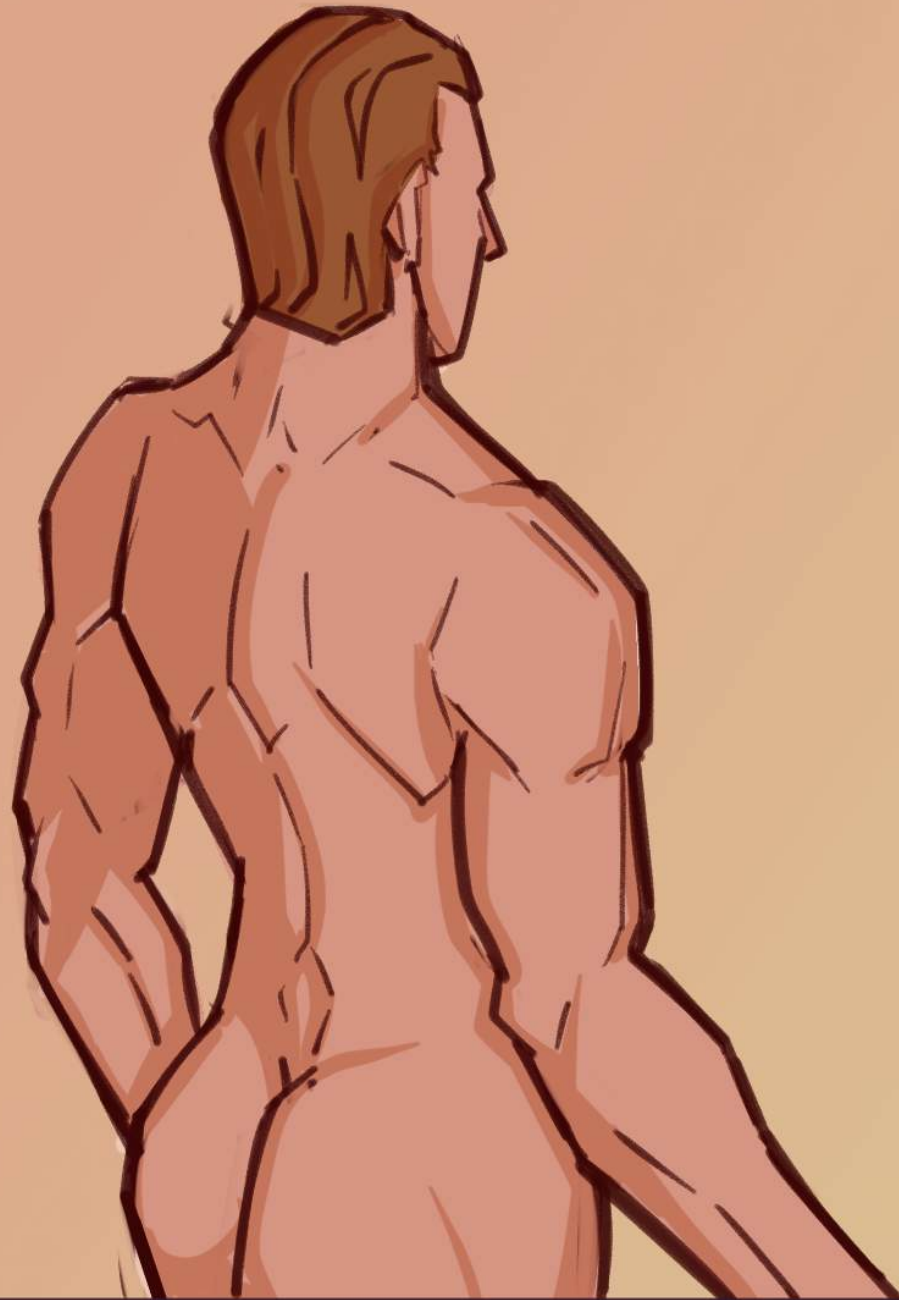

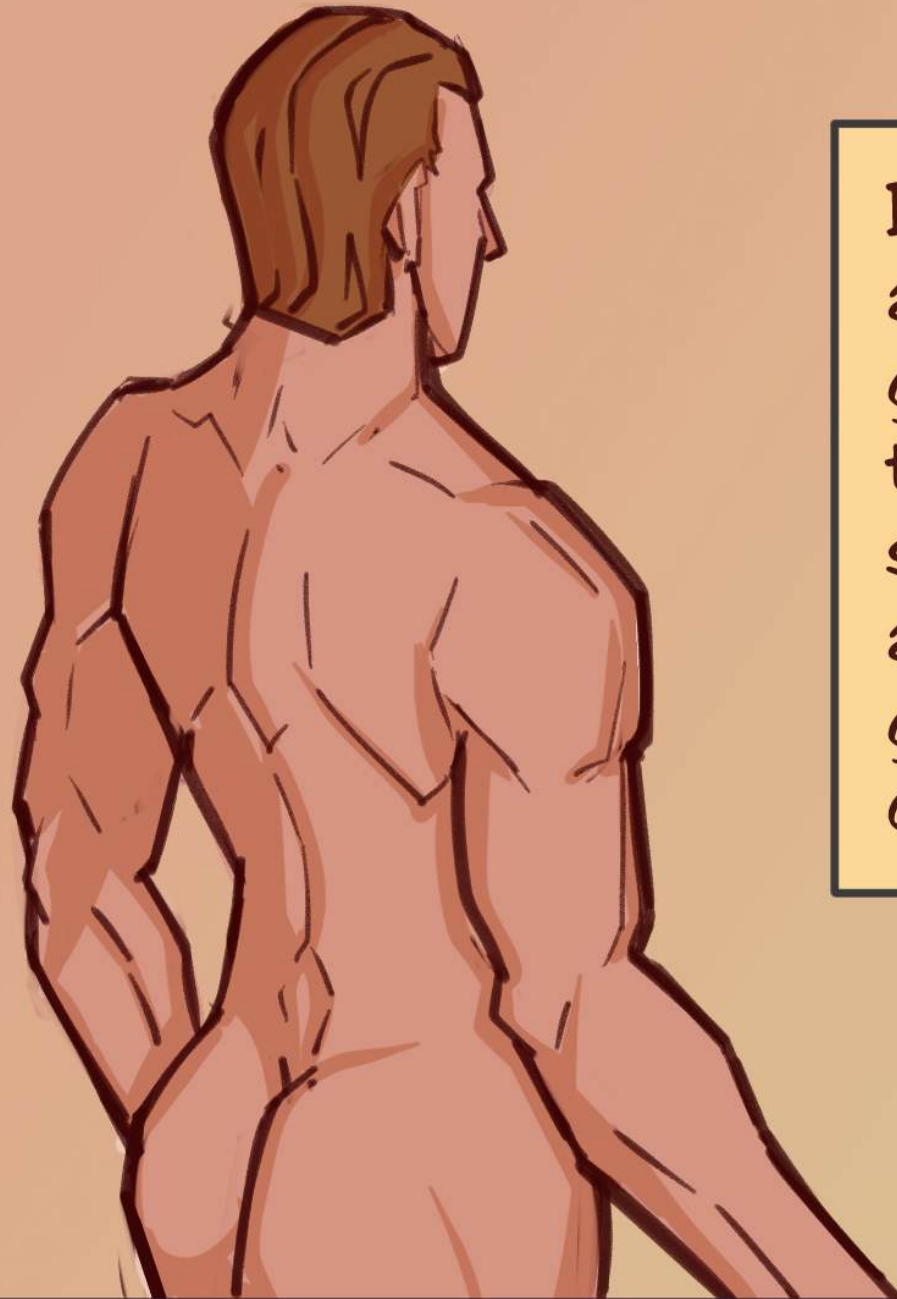

This morning was a normal morning. My wife had gone to work early and I was puttering around the house, getting ready for the day.

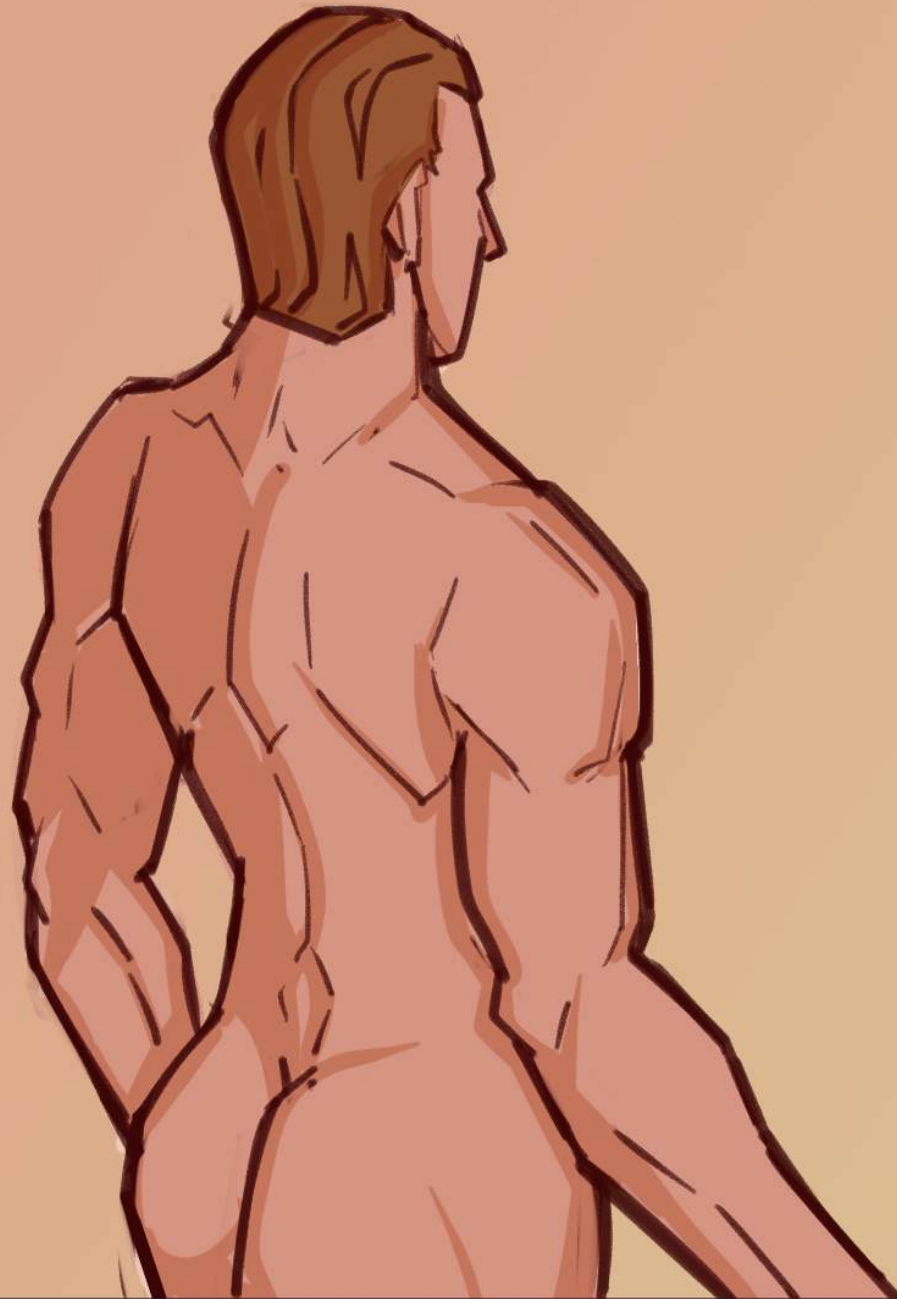

I work from home  
sometimes, and  
today was one of  
those days.

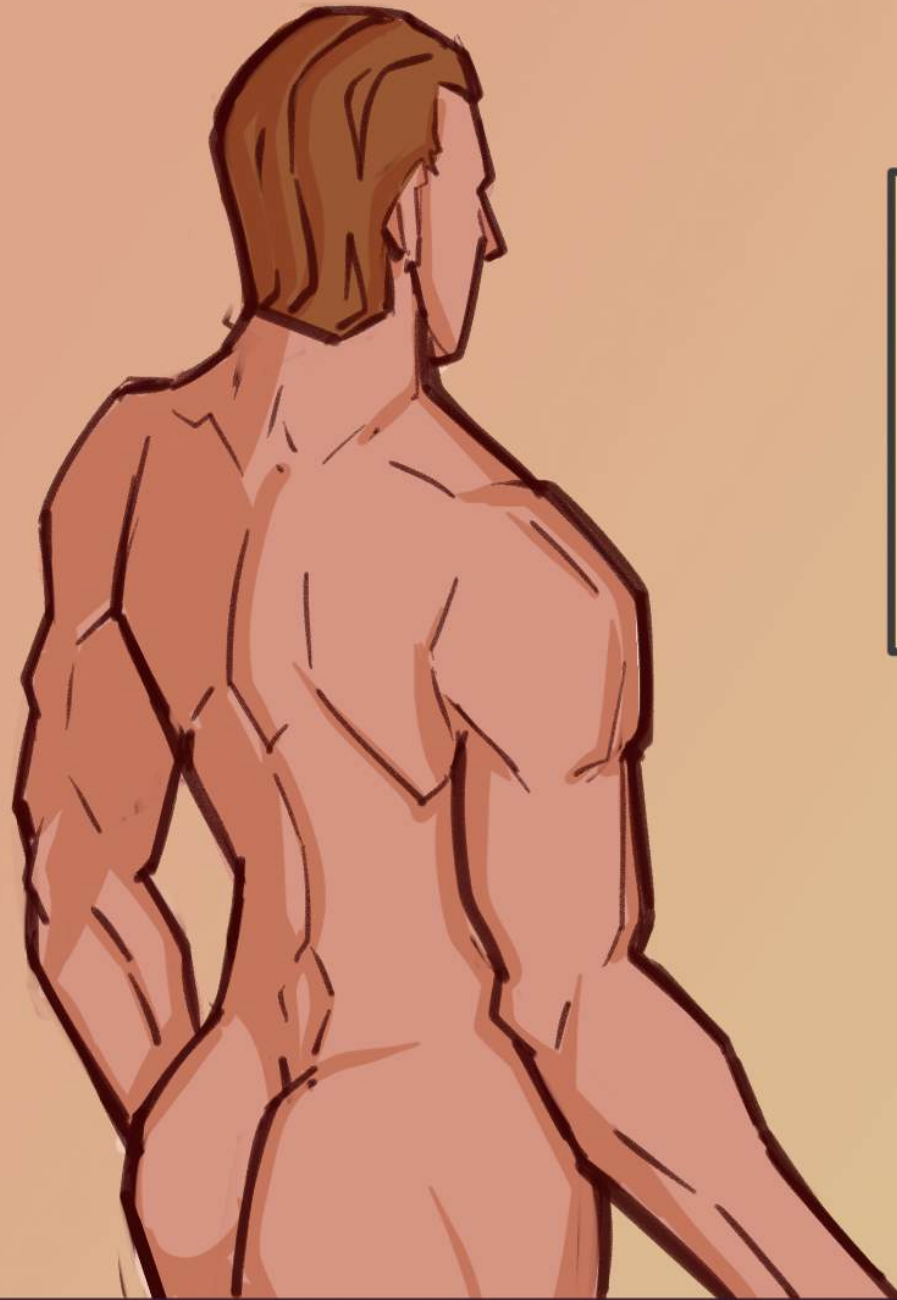

The day got away from me, though, and it was 10 before I took a shower.

I went into the bathroom and started the shower, got undressed and realized that we were out of soap, so I shut the shower off and went downstairs to get some out of the linen closet down there.

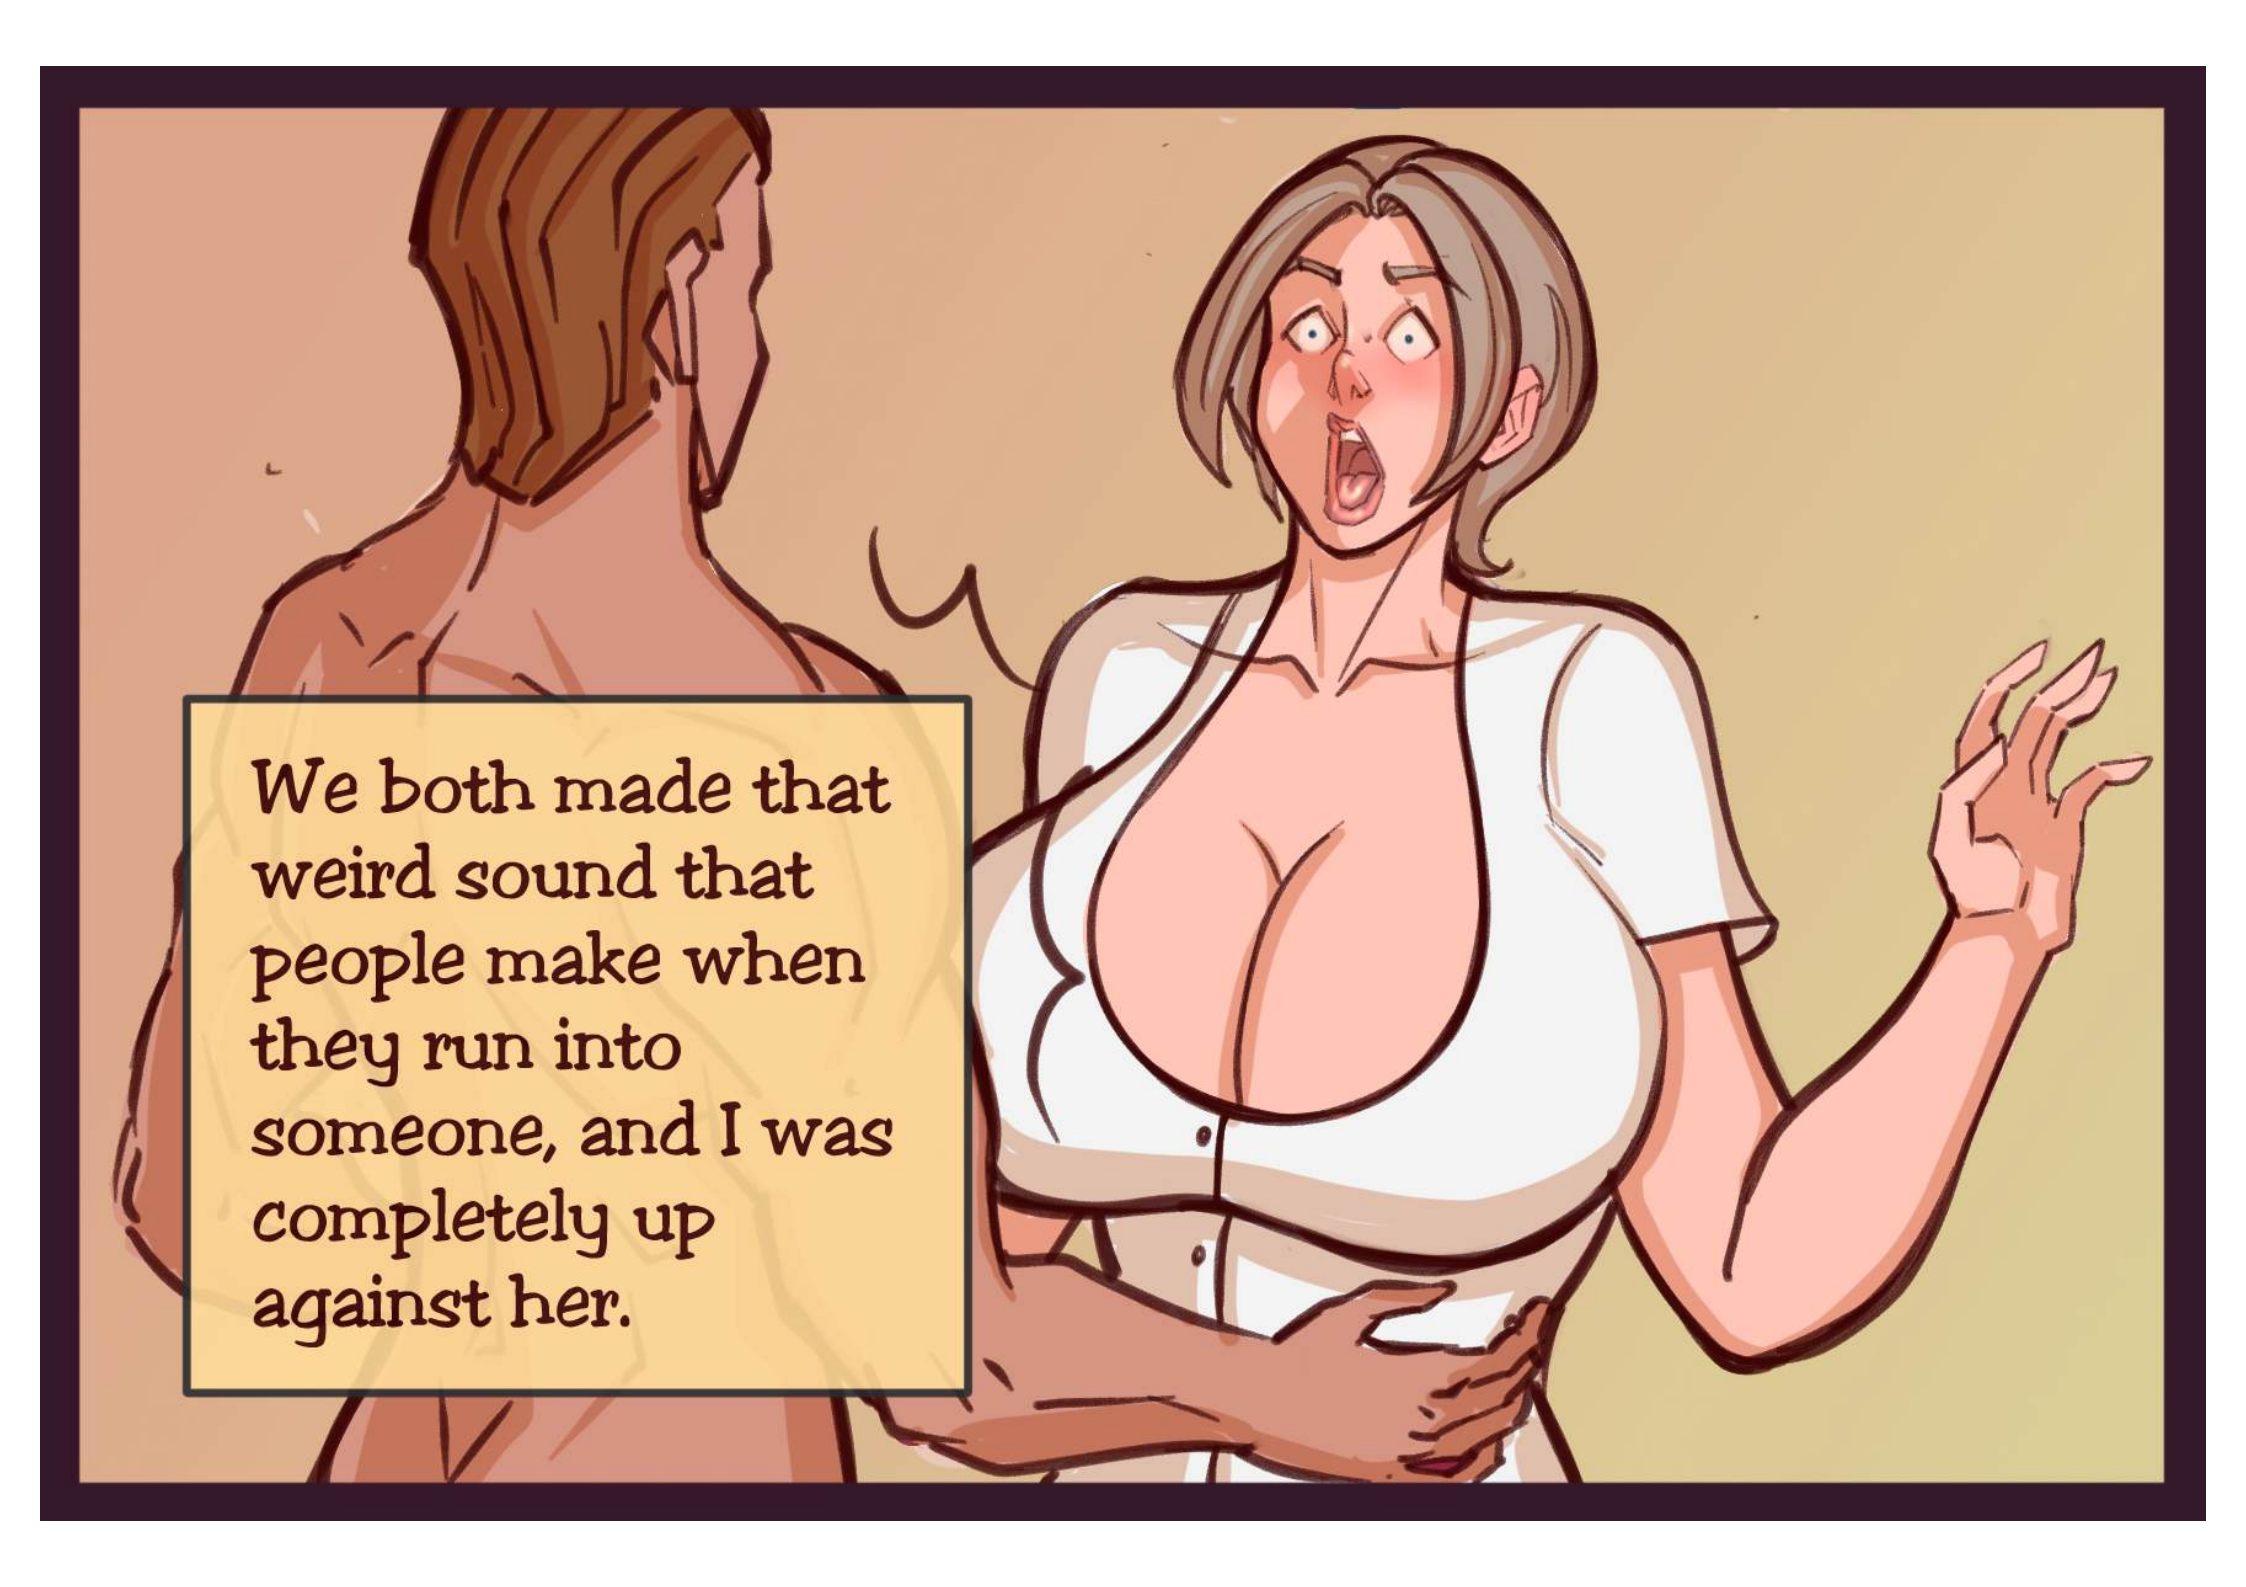

Now, I don't normally walk around naked, but I'm not that hung up on nudity. So yes, I went downstairs without anything on.

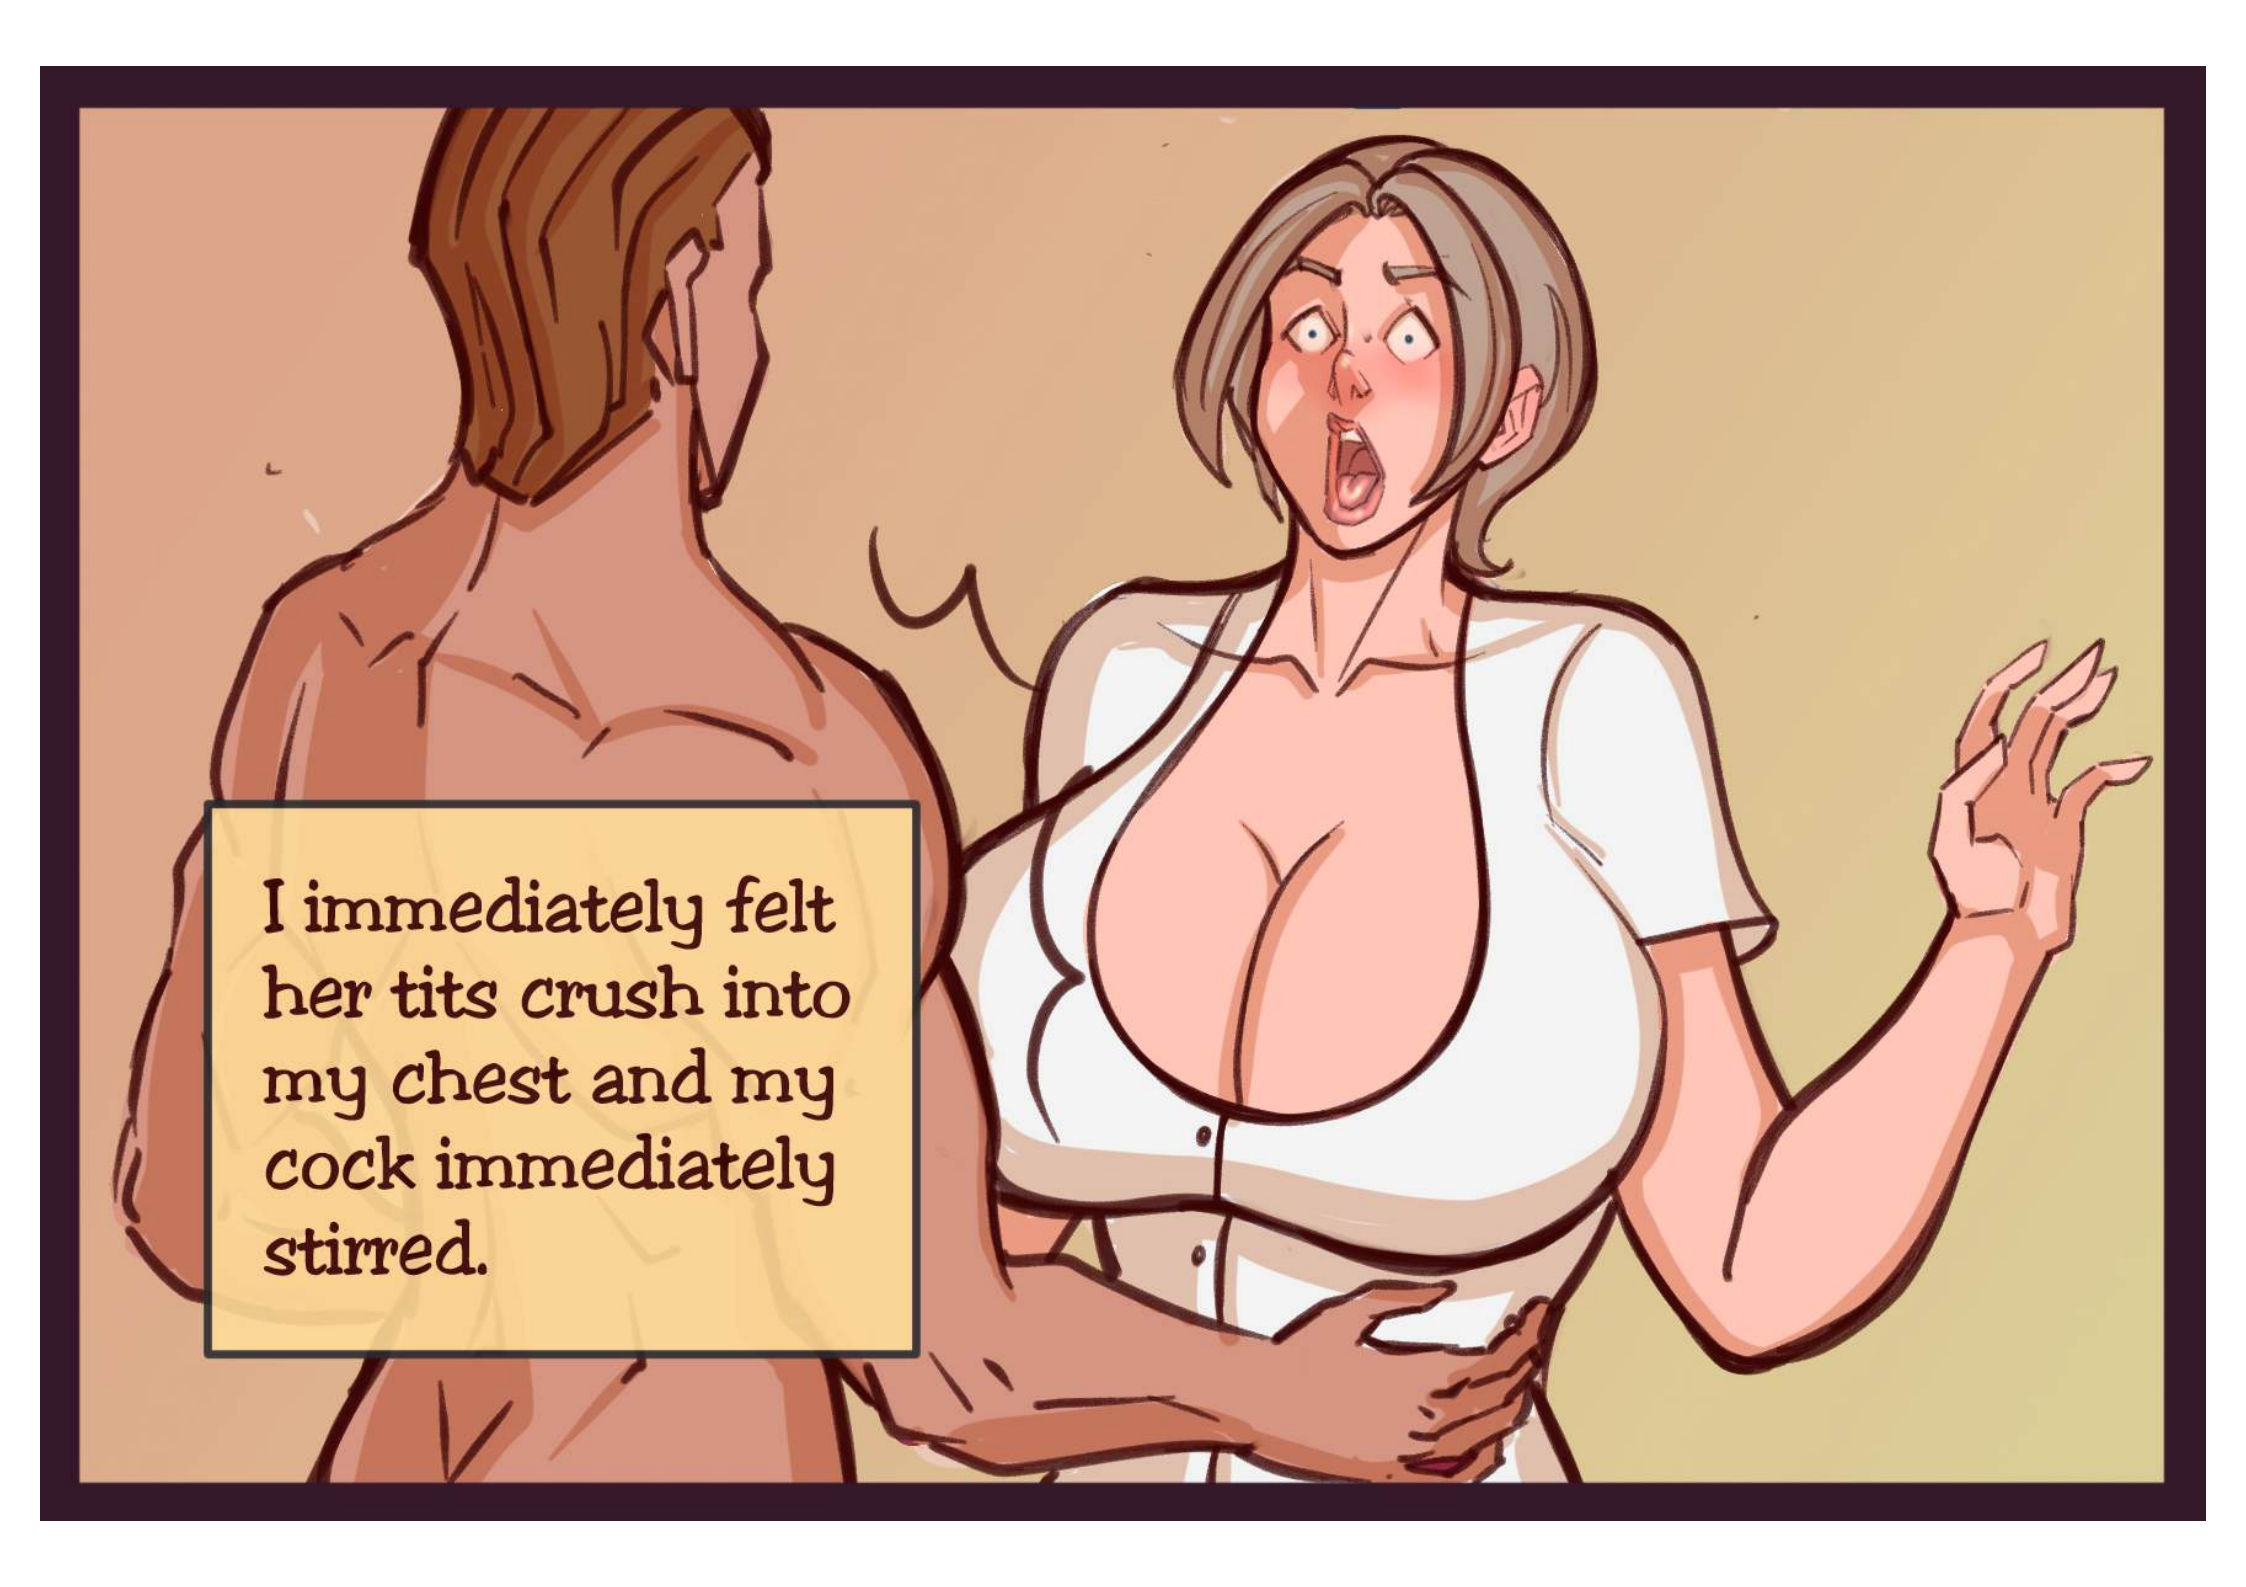

I didn't think anyone  
was there. Honest.  
I found the soap and  
turned to head back.

A comic book panel with a dark brown border. On the left, the back of a man's head and shoulders is visible, showing he has brown hair. On the right, a woman with short, light brown hair is shown from the chest up. She has a shocked expression with wide, white eyes and an open mouth. She is wearing a white short-sleeved shirt. Her right hand is raised in a gesture of surprise, and her left hand is placed on her stomach. The background is a plain, light brown color.

I came out of the bathroom, and when I turned the corner, Wendy came around the corner at the same time, and we ran right into each other.

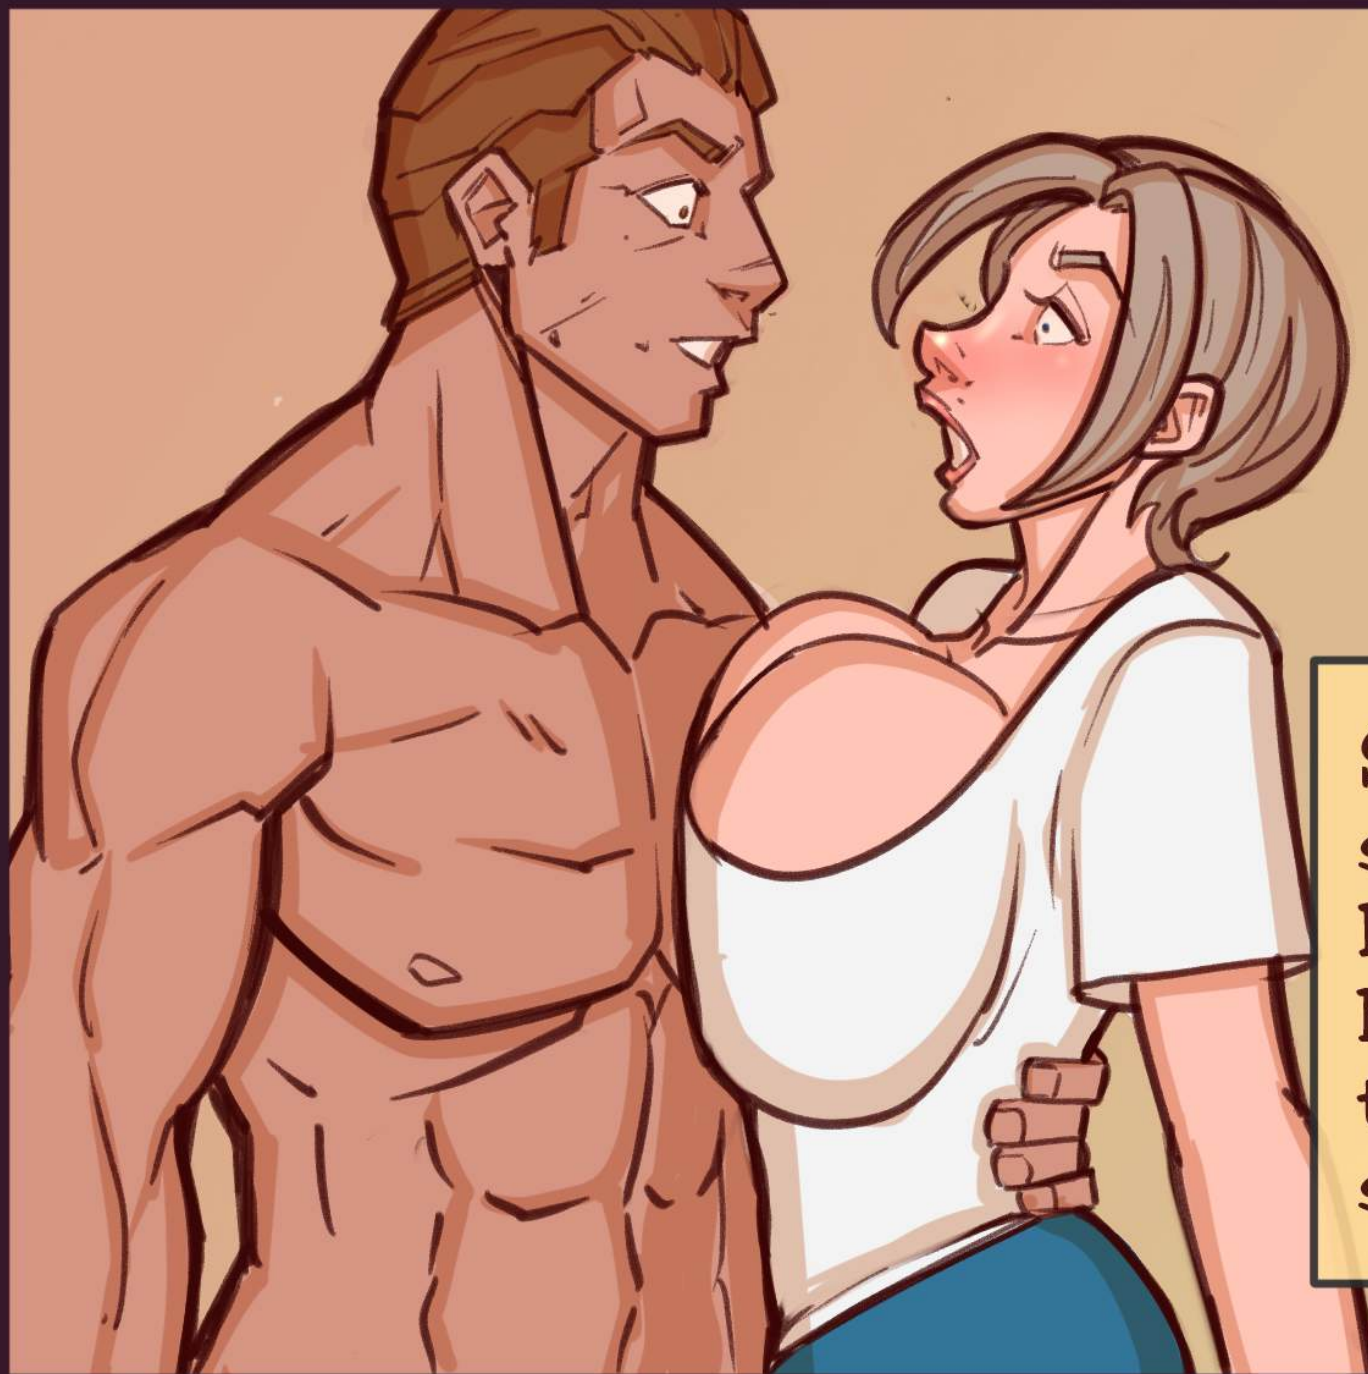

We both made that weird sound that people make when they run into someone, and I was completely up against her.

A comic book panel with a dark brown border. On the left, a man is shown from the back, with short brown hair and a muscular build. On the right, a woman with shoulder-length grey hair and a shocked expression (wide eyes, open mouth) is shown. She is wearing a white short-sleeved shirt. Her hands are raised in a gesture of surprise. A yellow text box with a black border is overlaid on the man's back, containing the text: "I immediately felt her tits crush into my chest and my cock immediately stirred." The background is a plain, light brown color.

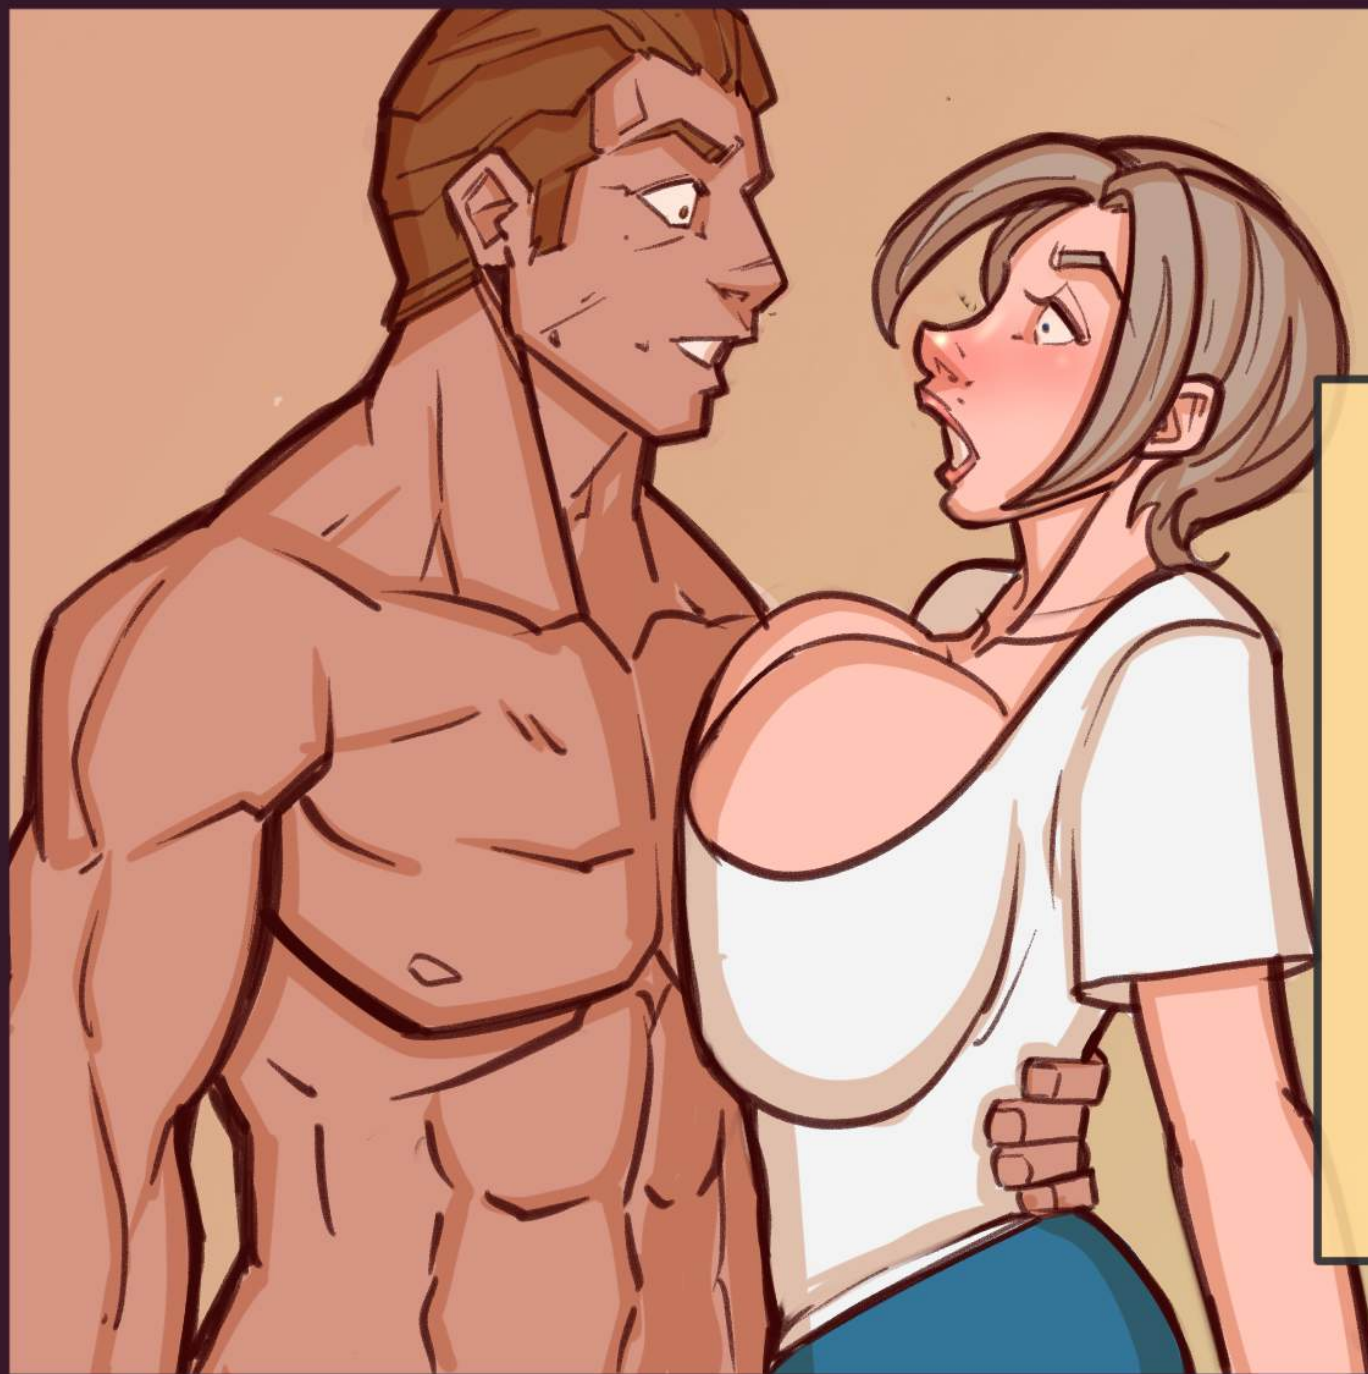

I immediately felt her tits crush into my chest and my cock immediately stirred.

A comic book panel with a dark brown border. On the left, the back of a man with brown hair is visible. On the right, a woman with grey hair and a shocked expression (wide eyes, open mouth) is shown from the waist up. She is wearing a white short-sleeved shirt and has her right hand raised in a gesture of surprise. A yellow speech bubble with a black border is positioned in the lower-left quadrant, containing text. The background is a plain, light brownish-yellow color.

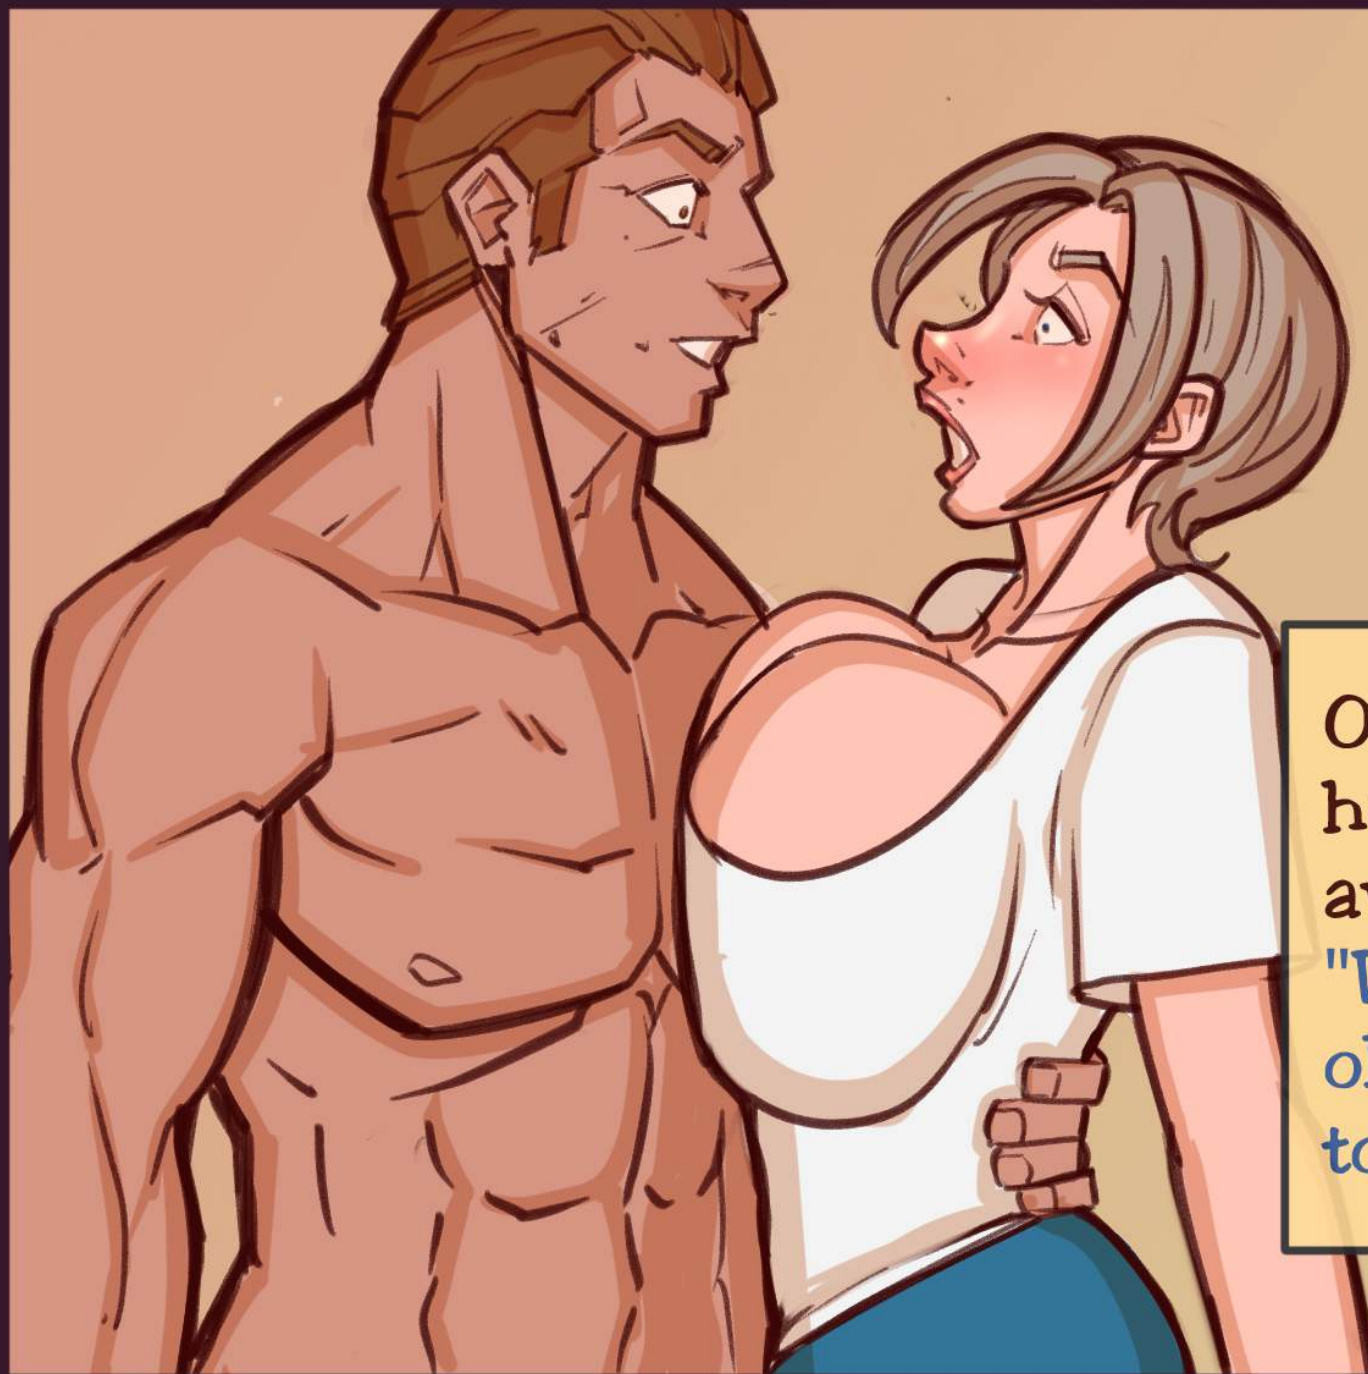

I wasn't hard, but he definitely woke up, and I could feel it push against her leg and hip.

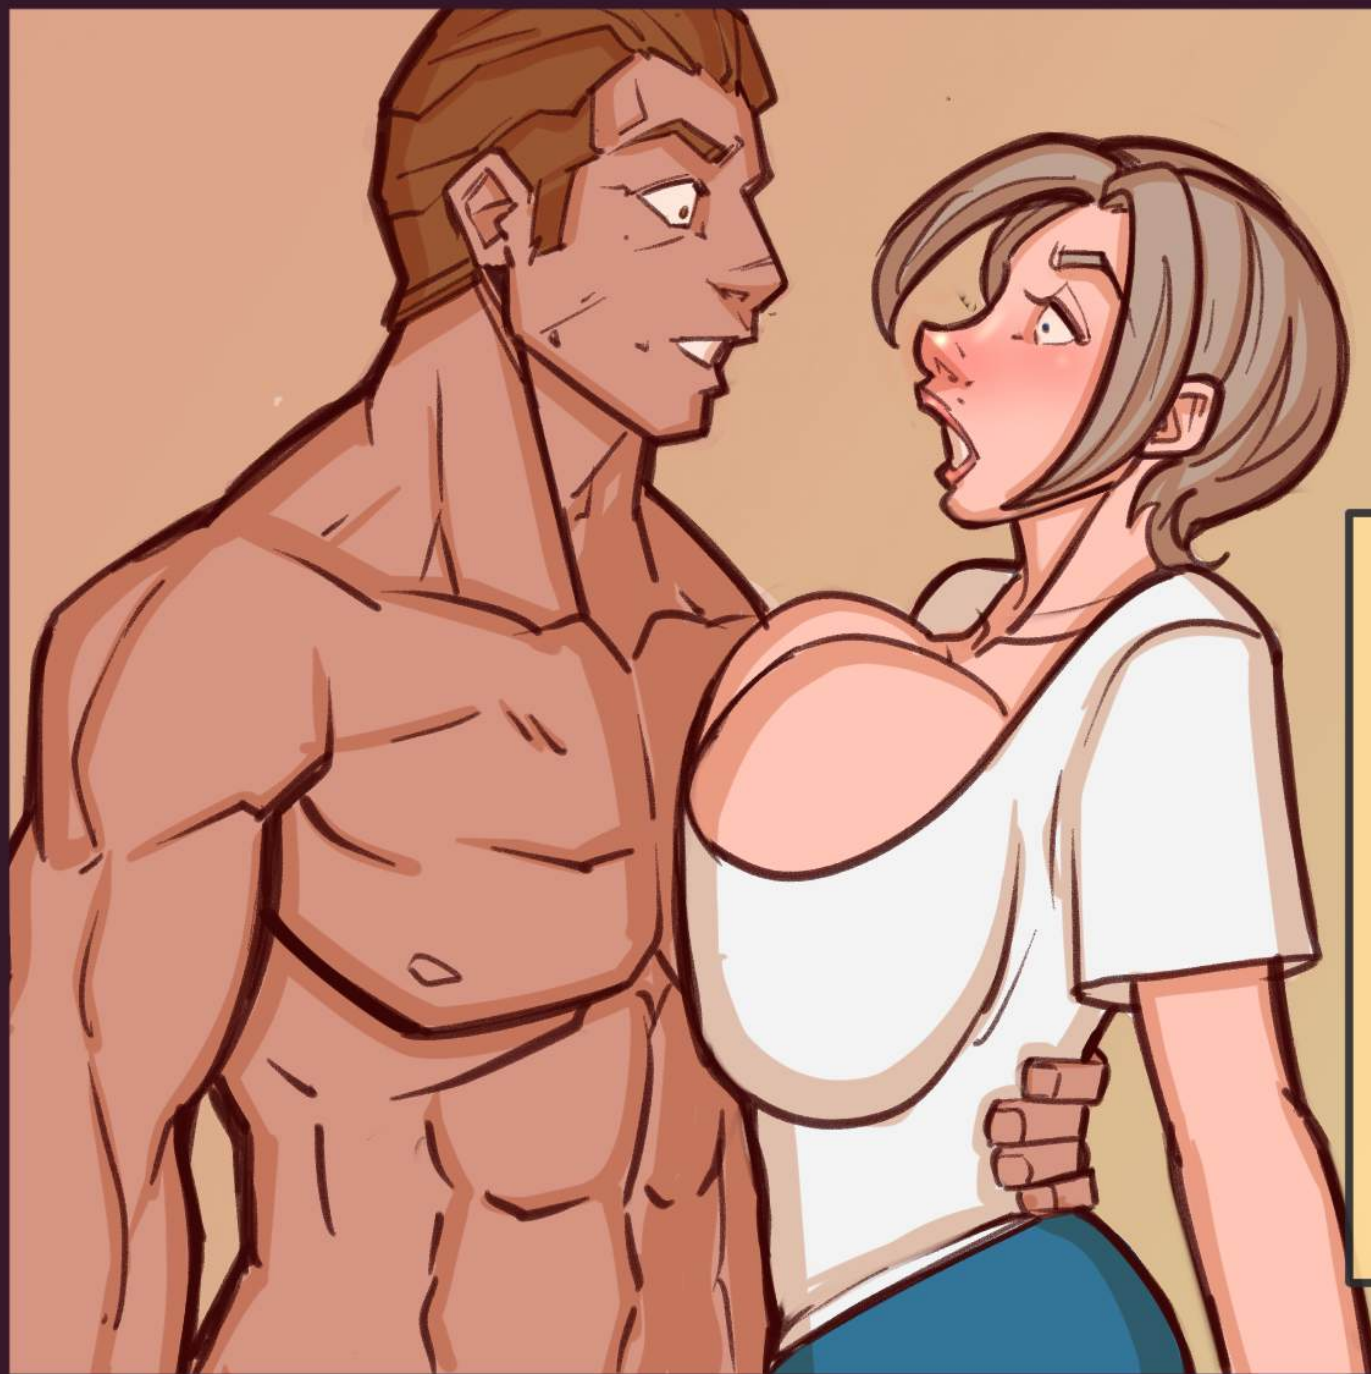

She looked like she might fall, so I quickly grabbed her and made sure that she would be safe.

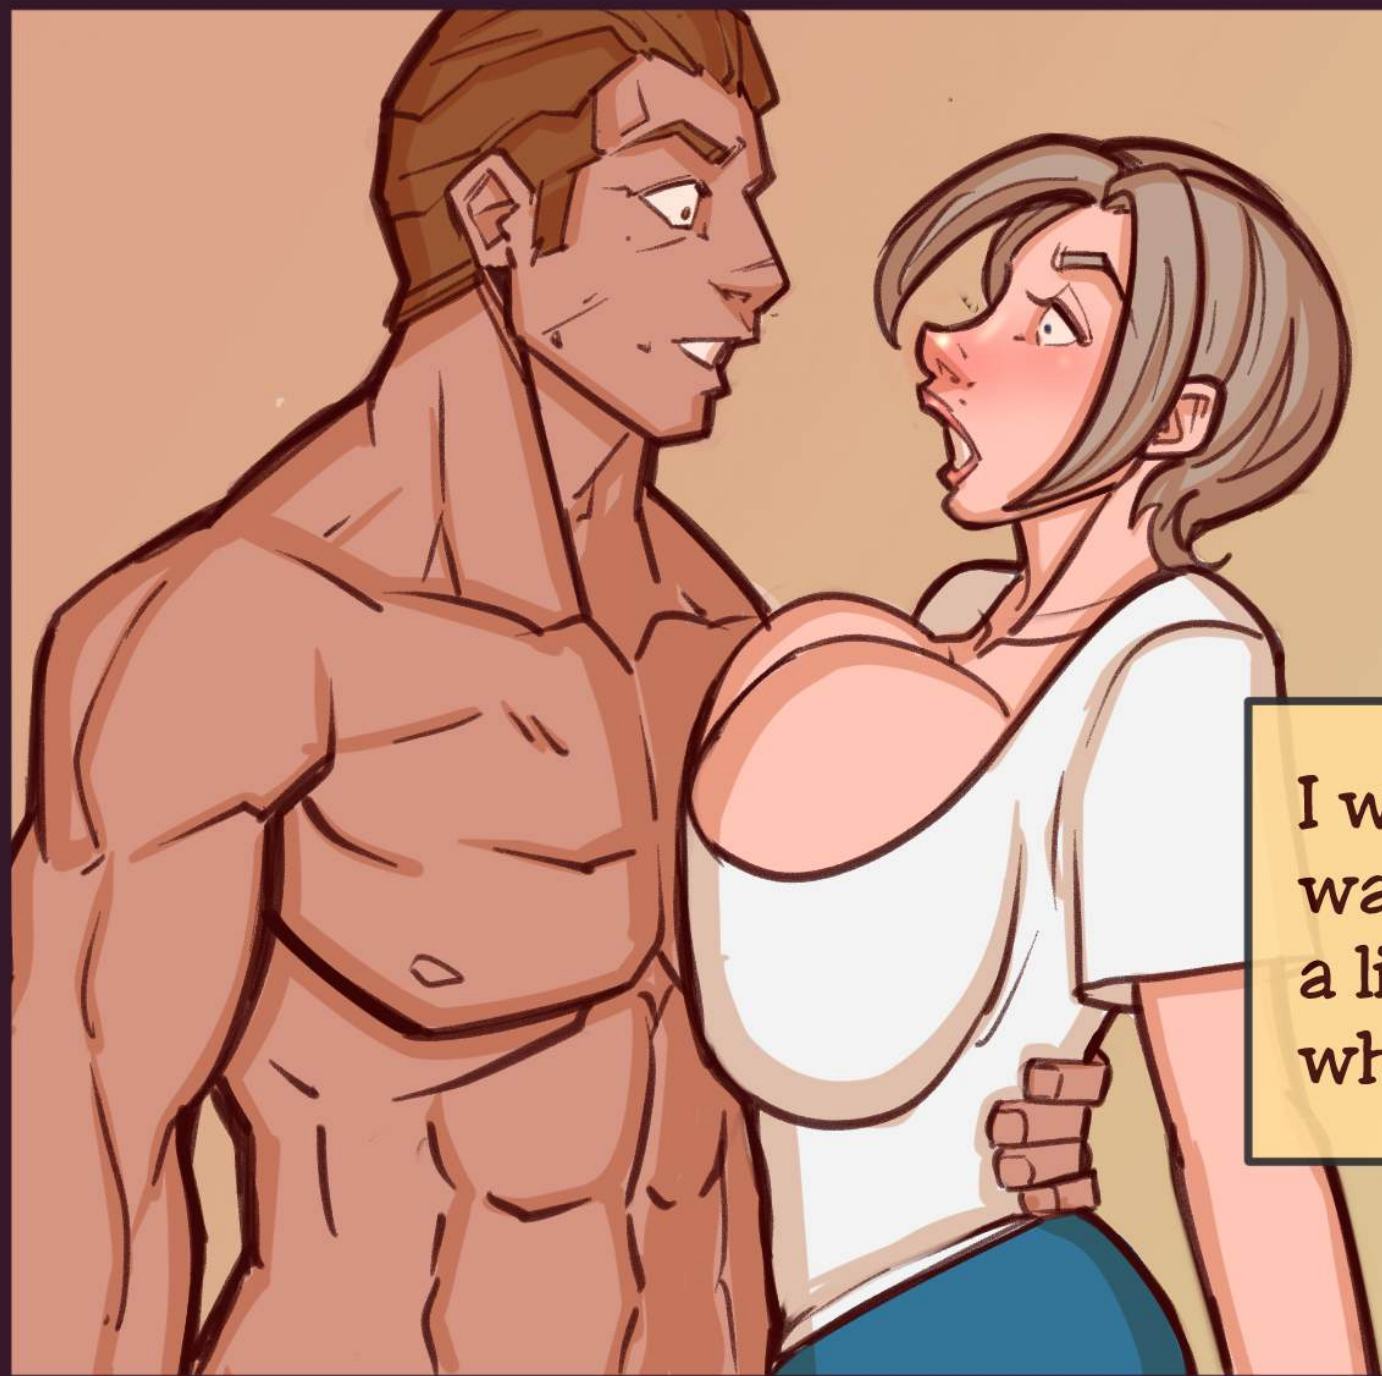

That meant that I was pulling her into me and my body was responding. I didn't mean to, but my cock was already getting kind of hard.

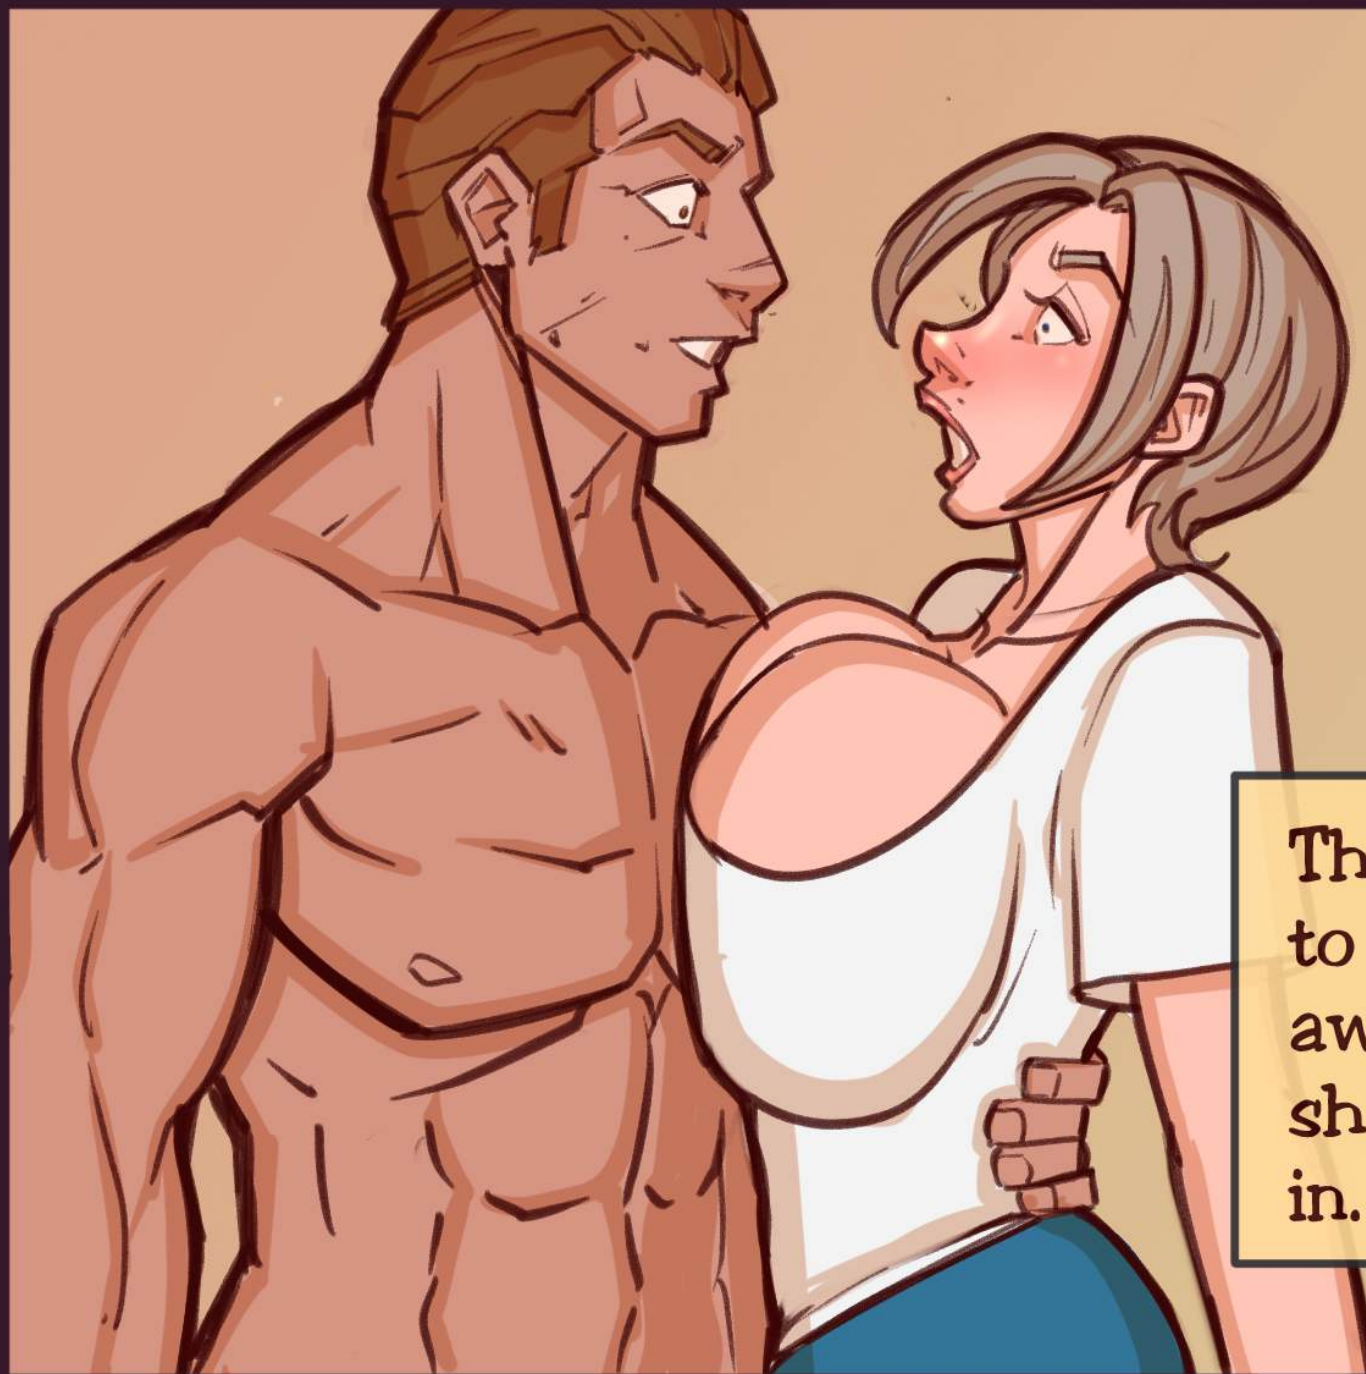

Once she regained her balance, I pulled away and said, "Wendy, are you ok? I didn't expect to see you here!"

Now, a bit of explanation. My wife's family doesn't knock on a family member's door. They just come in.

I wasn't raised that way, so I'm always a little surprised when it happens.

This just happened  
to be one of the  
awkward times that  
she had just barged  
in.

She had come in the front door and come back towards the kitchen just as I was heading to the stairs.

Wendy looked stunned, and I was worried that she been injured.

I wasn't thinking about being naked or embarrassed at that point, and my cock started to recede. I was truly worried that I had hit her in the head or something.

The awkwardness of my nudity was nothing to compare with her health, so without thinking I was trying to assess her and see if she needed more help.

She still looked a little groggy, so I led her to a chair in the kitchen and she sat down.

I went to get her some water from the fridge, and I came back and handed her the glass. She took a drink and seemed to be recovering.

I finally said,  
"I'm surprised  
to see you,  
Wendy. Are  
you ok? Did  
I hurt you?"

"I'm fine, John,  
I'm fine. Just a  
little stunned.  
So, can I ask  
why you don't  
have clothes  
on?"

Her stare went right to my cock, and she looked up and smiled at me.

I looked down  
and remembered  
that I should get  
dressed.

*And then...*
