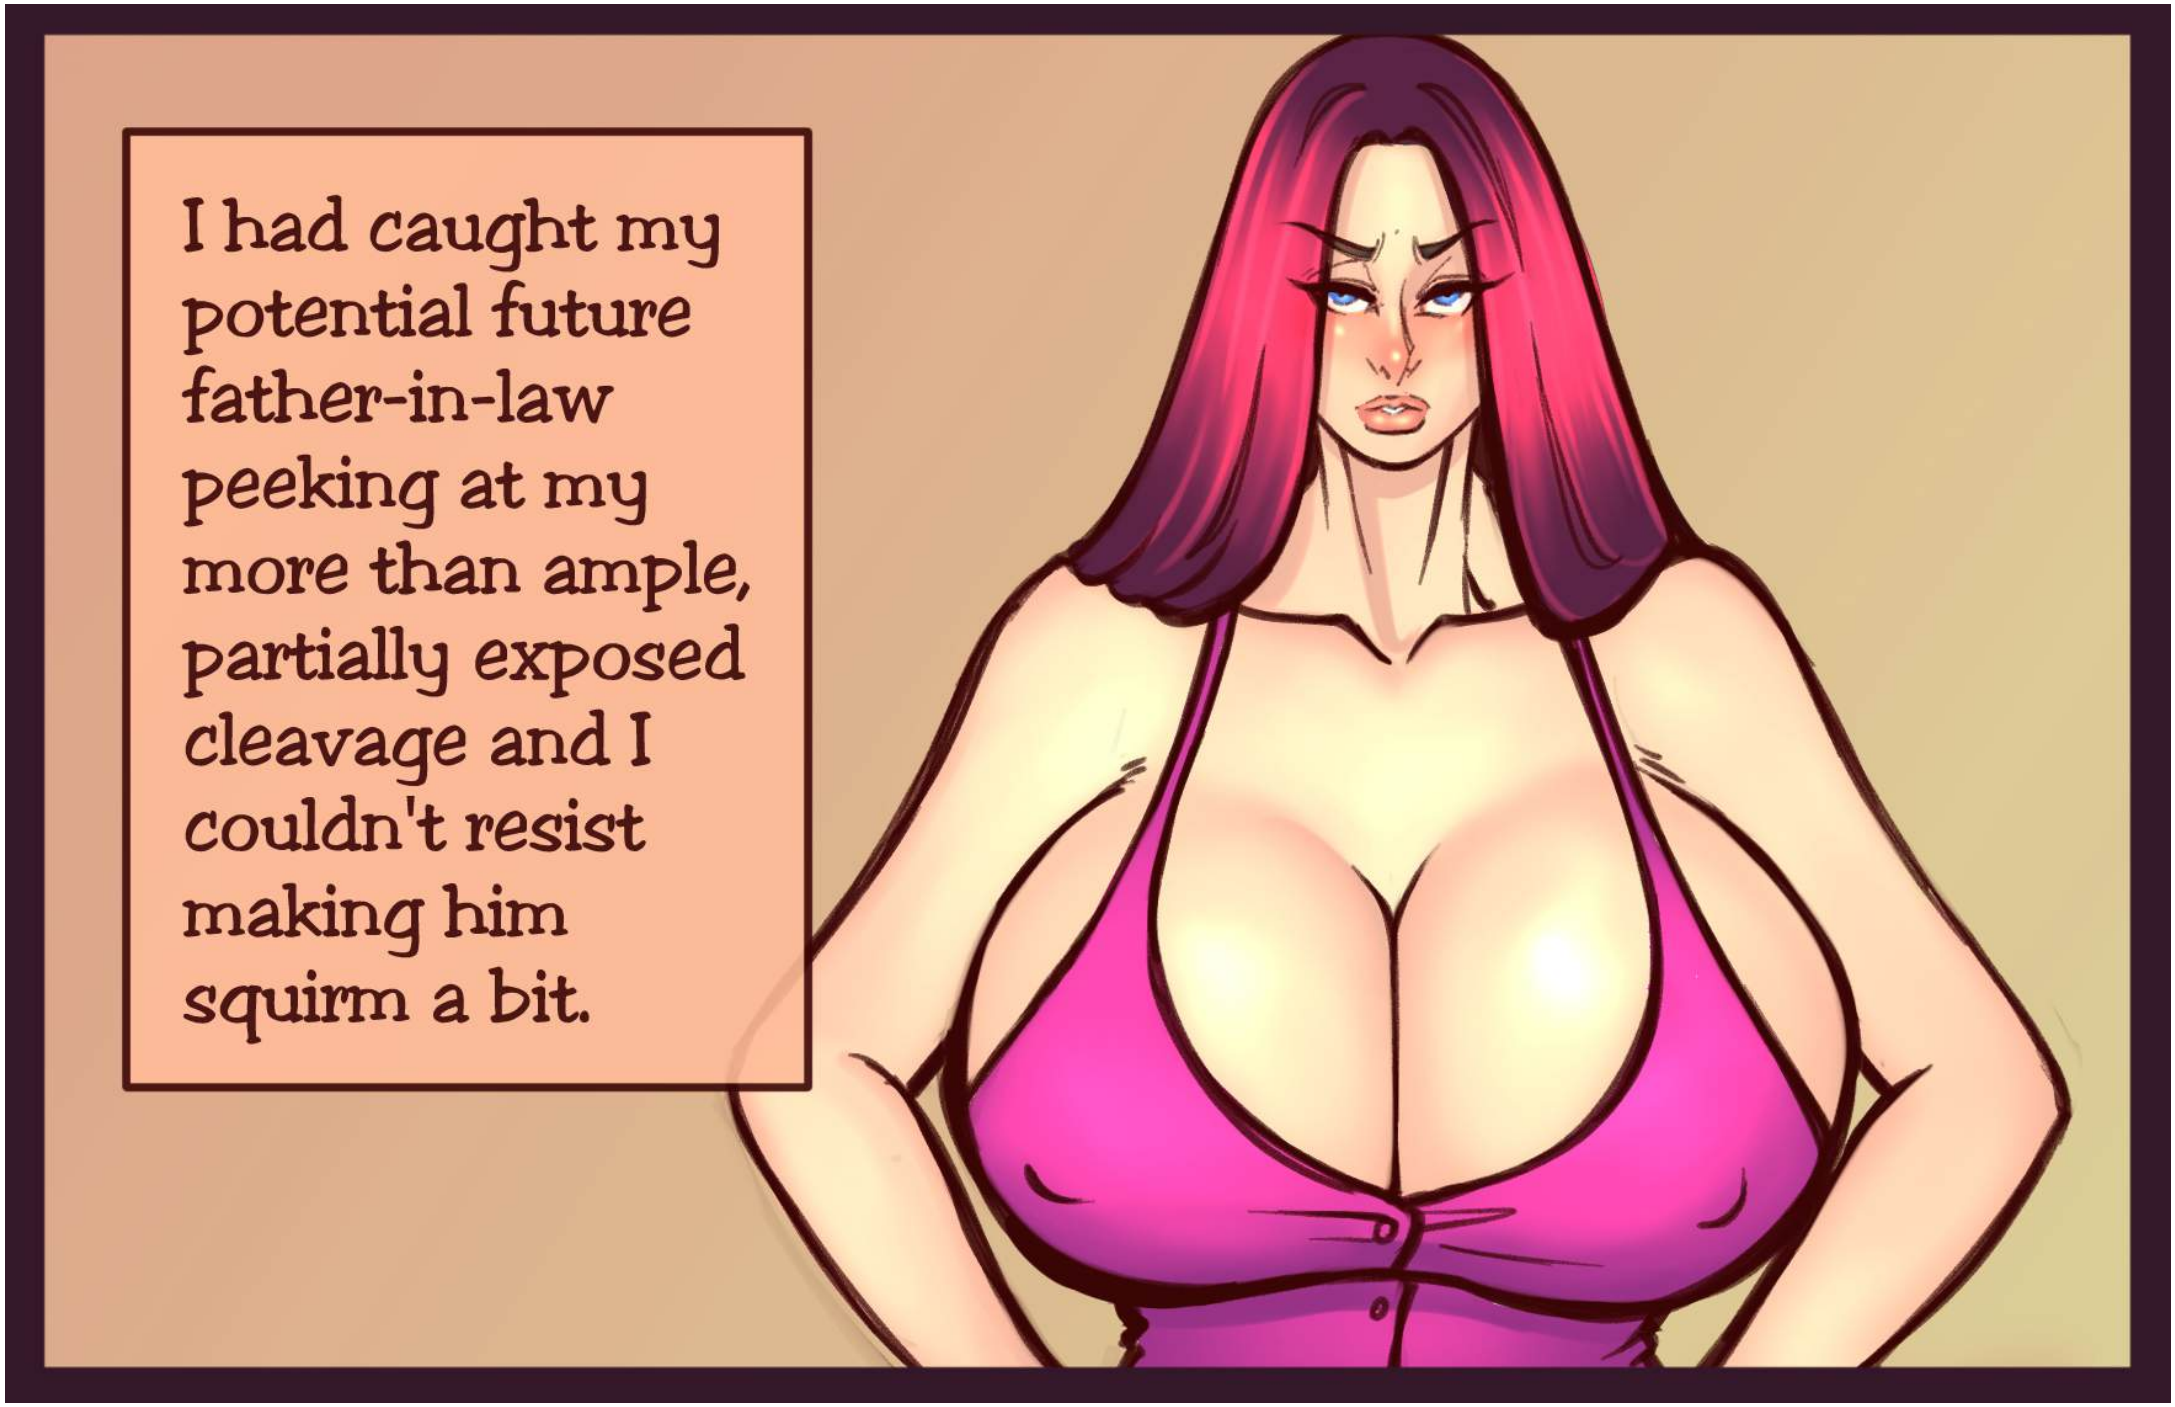
Based on an Original story by Anonymous
Illustrations by NGT VisualStudio

This is a work of fiction.
All characters aren't real.
All characters are 18 years or older.
Enjoy it!

CHAPTER 01

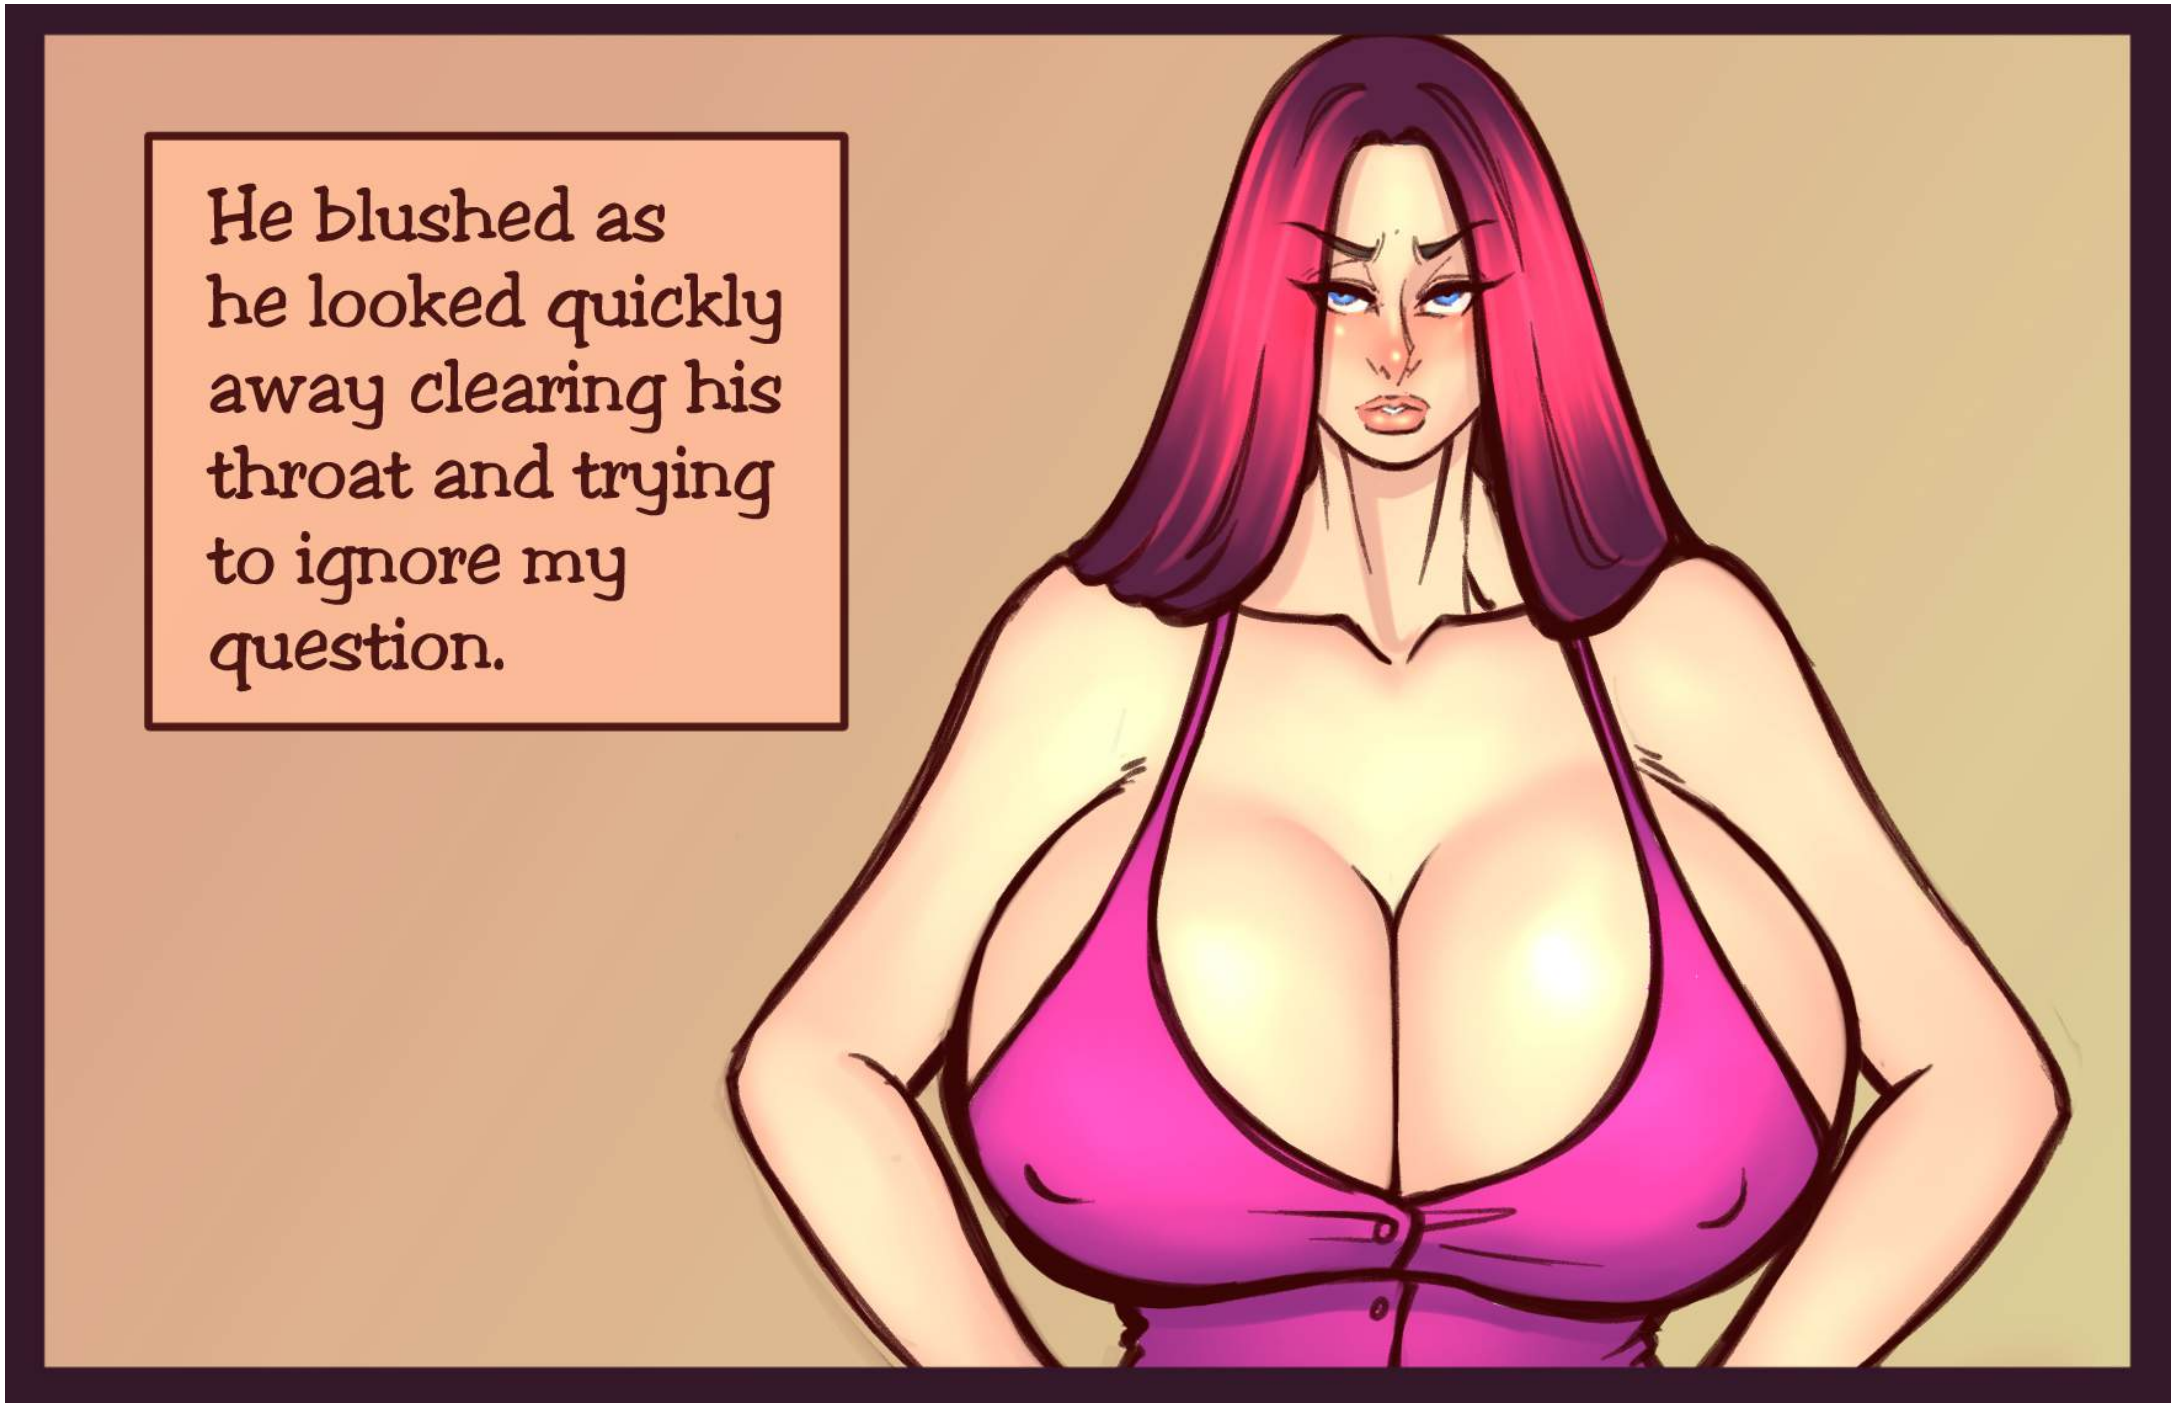
WOULD YOU LIKE ME TO TAKE MY TITS OUT SO YOU CAN SEE THEM EASIER?!



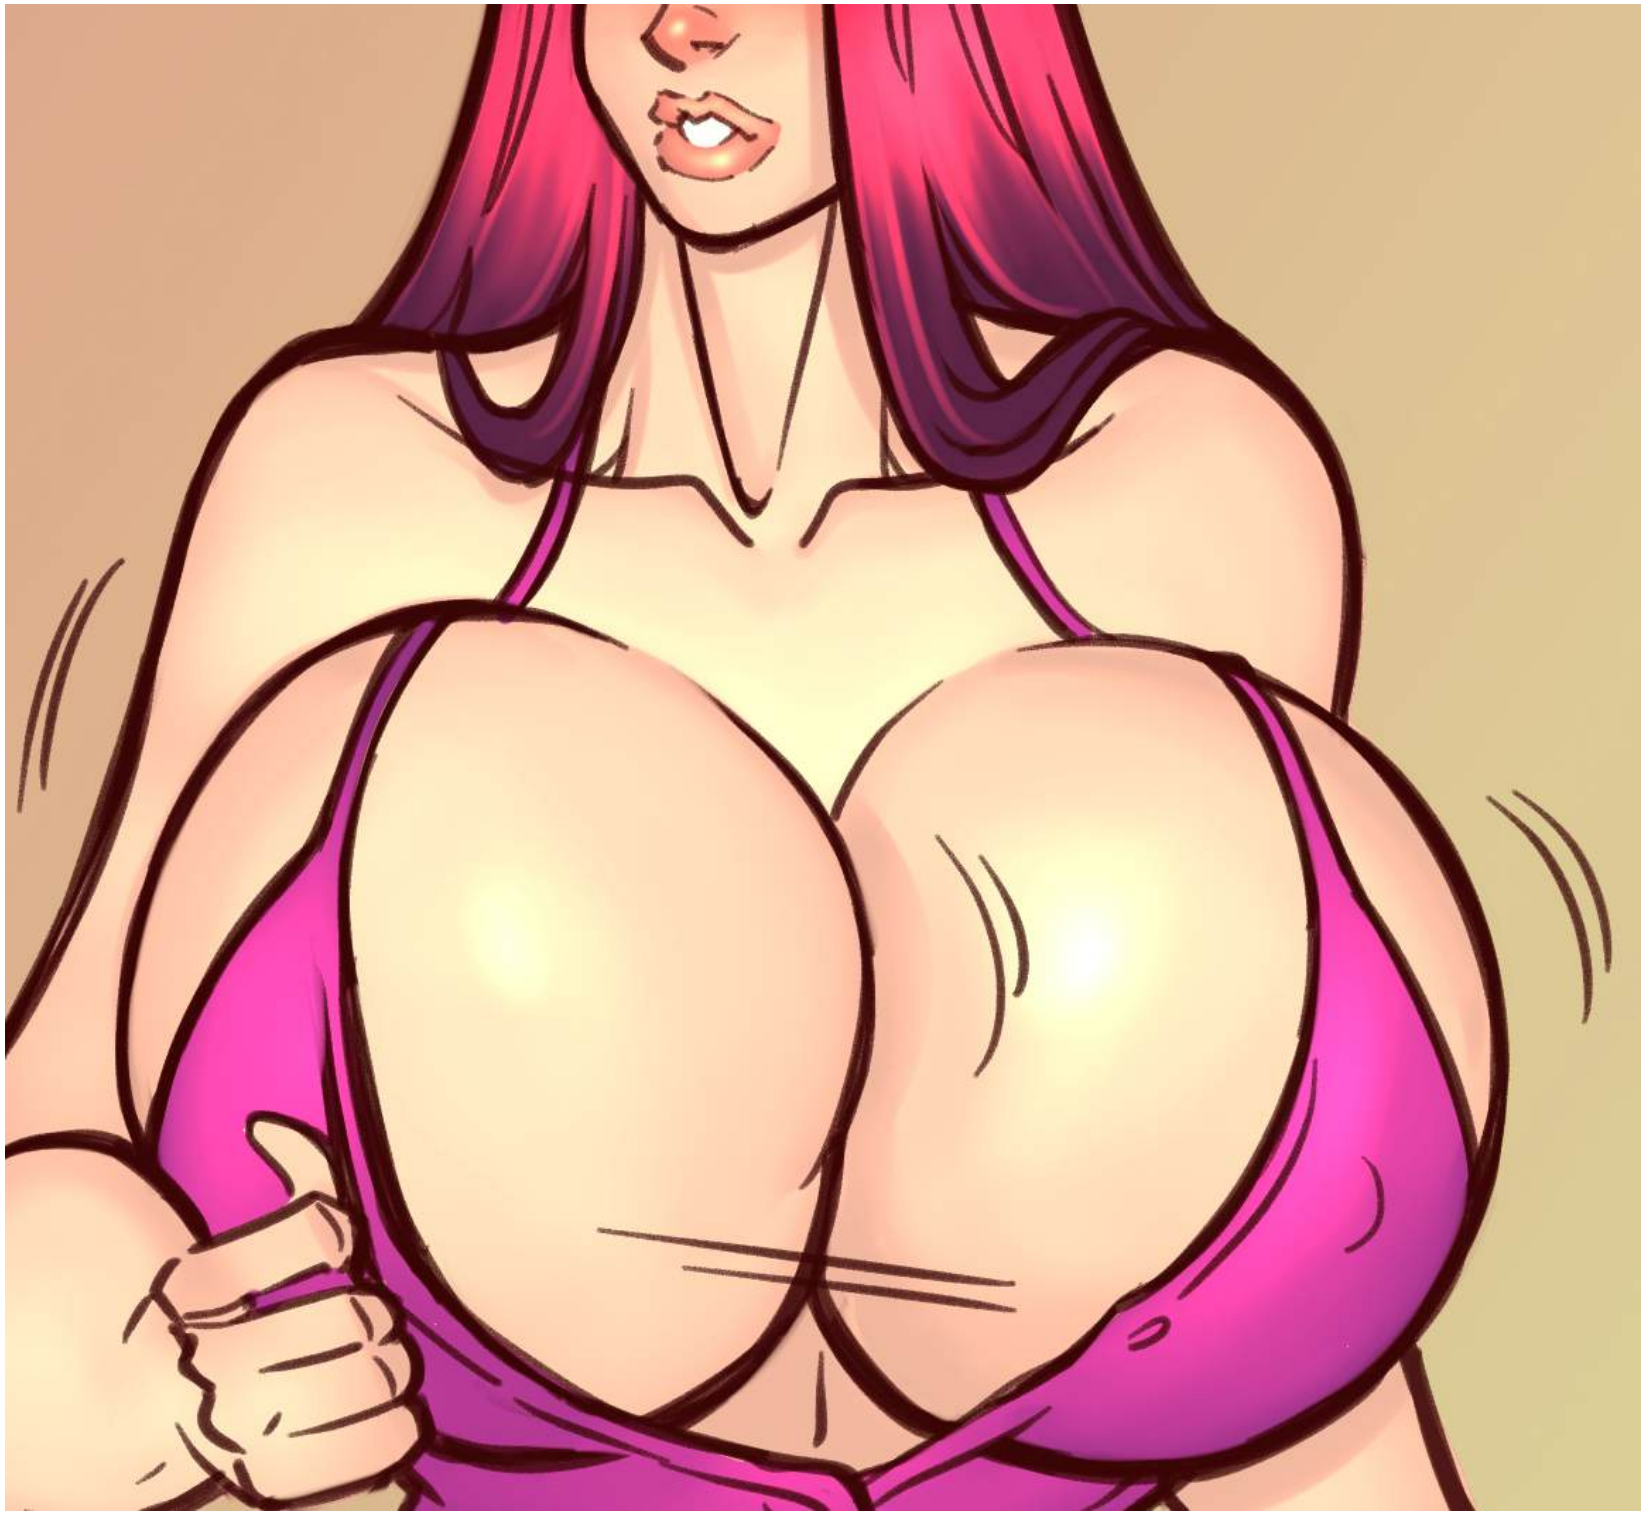
I had caught my potential future father-in-law peeking at my more than ample, partially exposed cleavage and I couldn't resist making him squirm a bit.

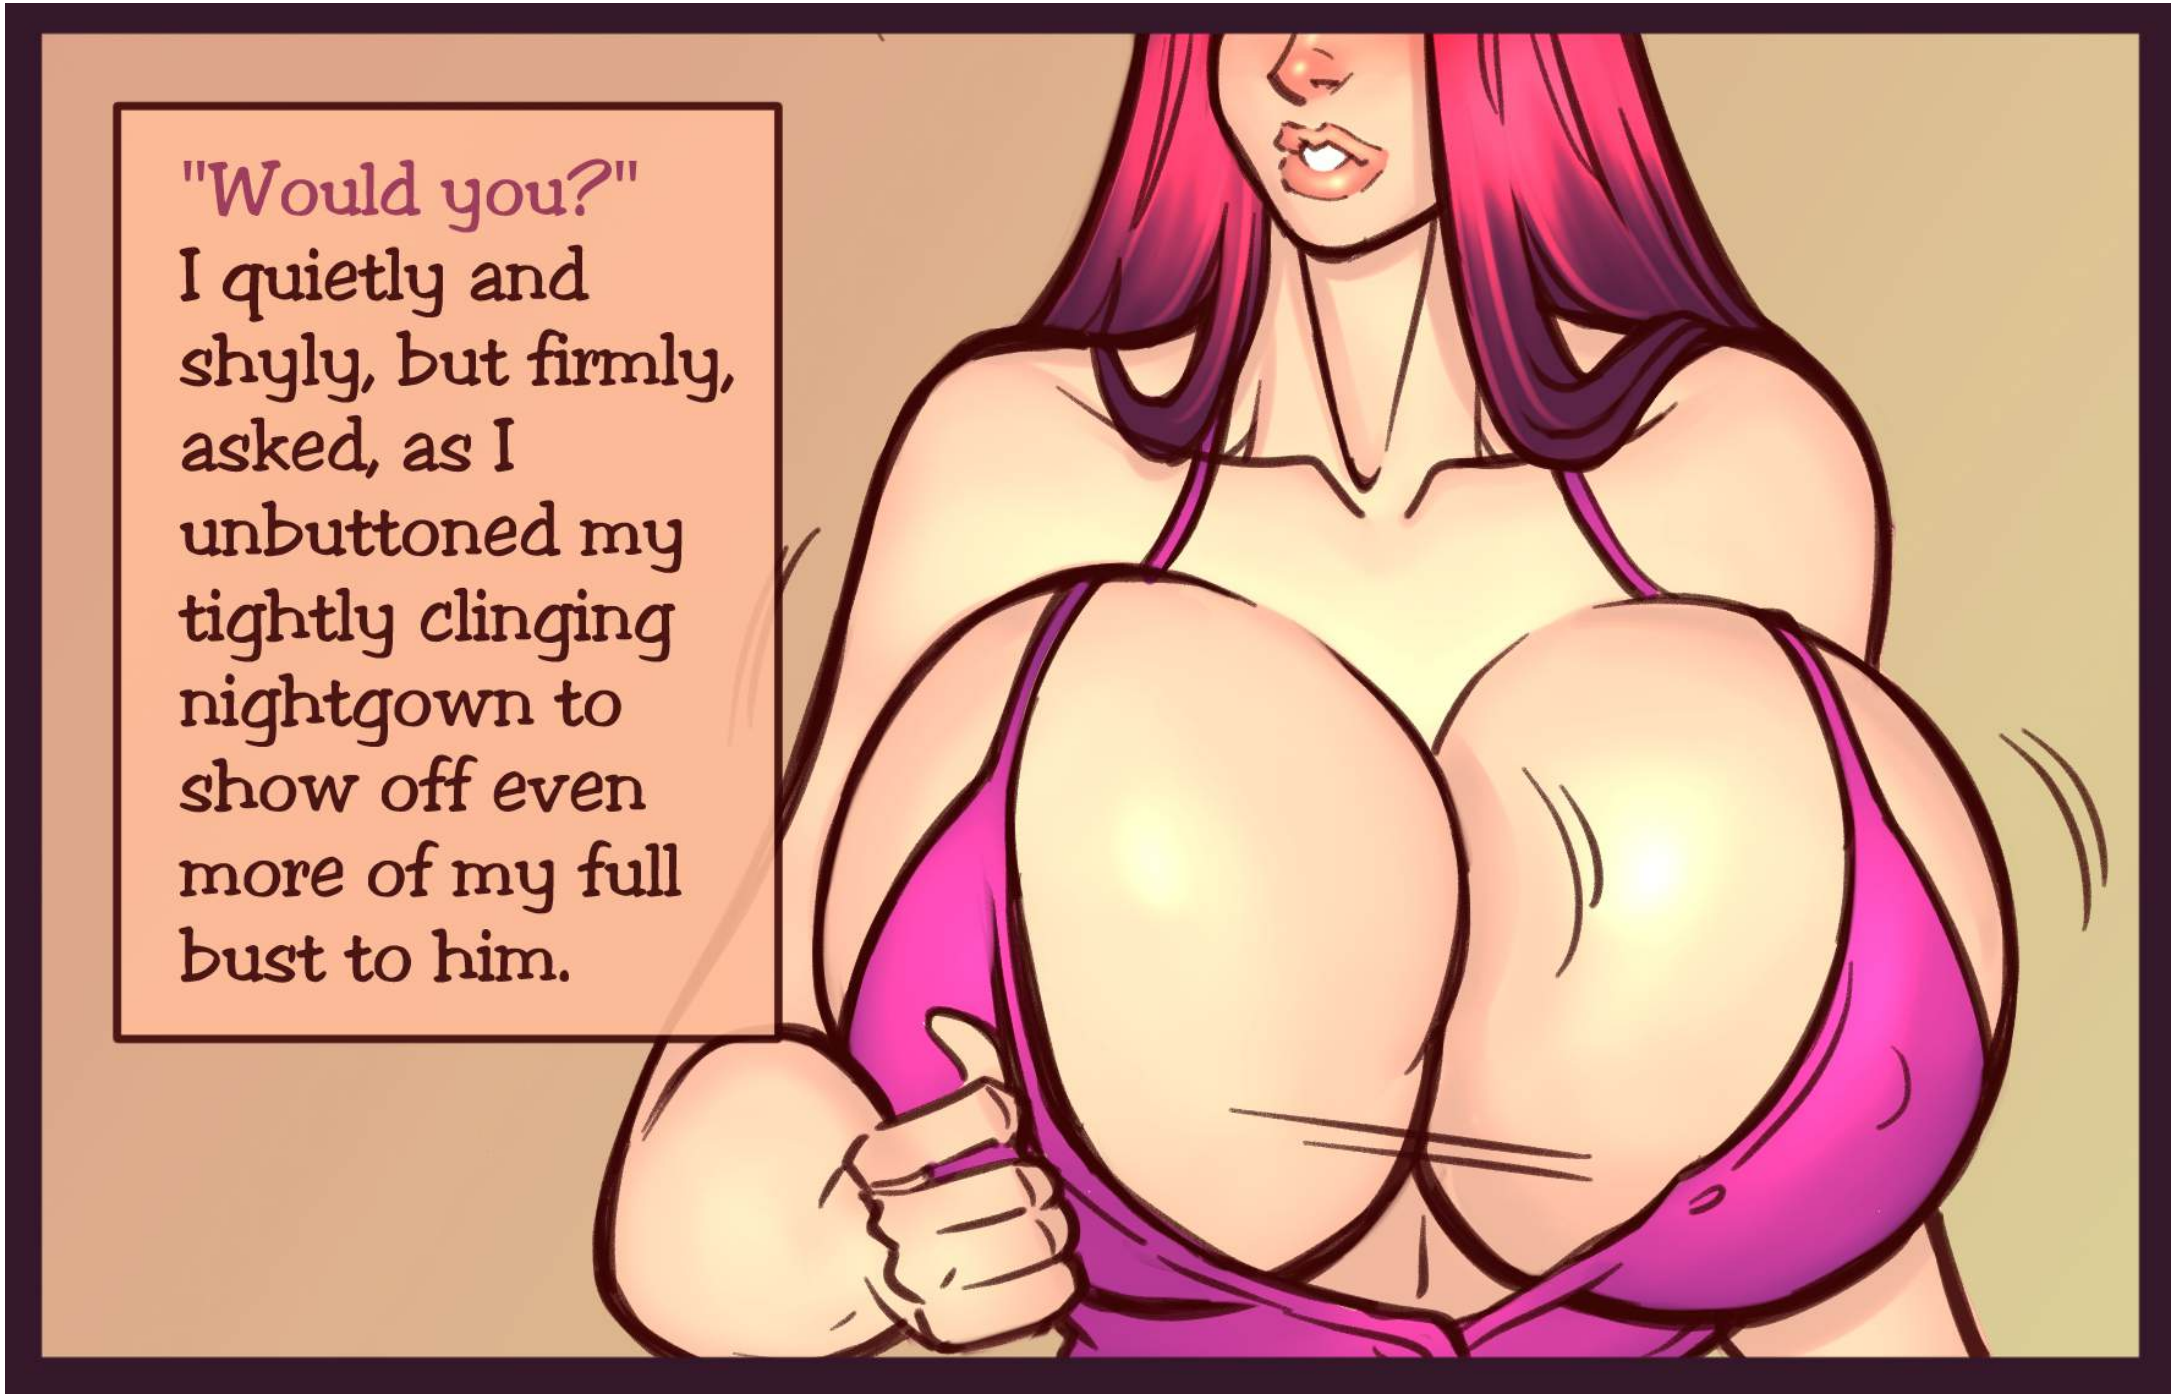
I had thought he had been checking me over all weekend and now I knew for sure.

And it certainly seemed like he appreciated what I had.



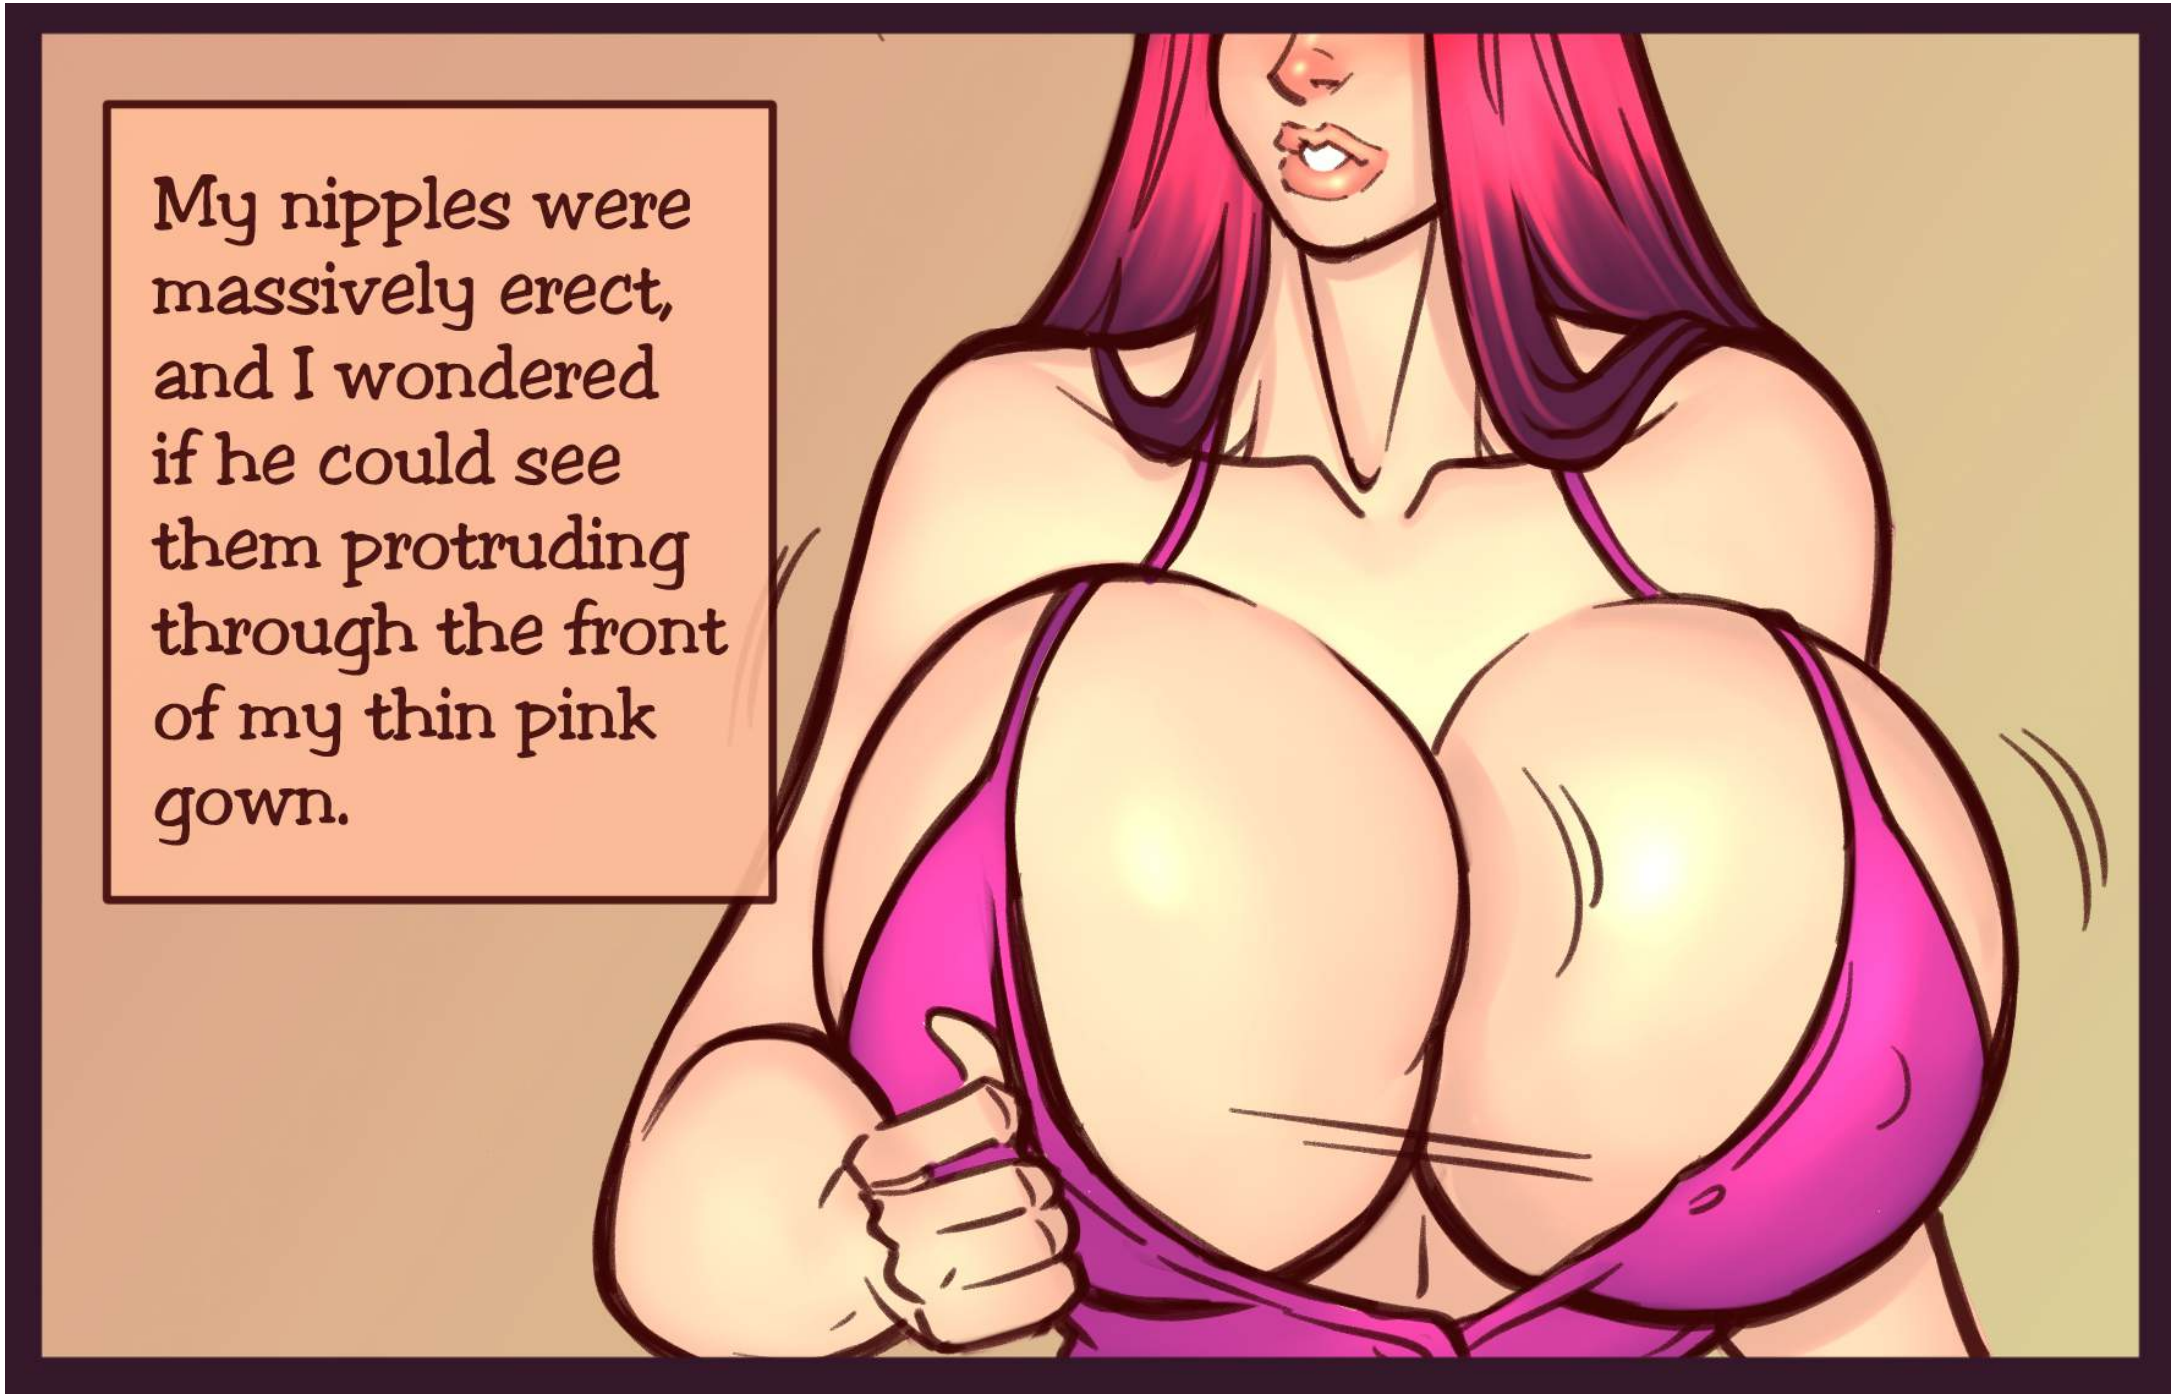
He blushed as he looked quickly away clearing his throat and trying to ignore my question.





"Would you?"
I quietly and shyly, but firmly, asked, as I unbuttoned my tightly clinging nightgown to show off even more of my full bust to him.

"And what would you take out for me?" I continued.

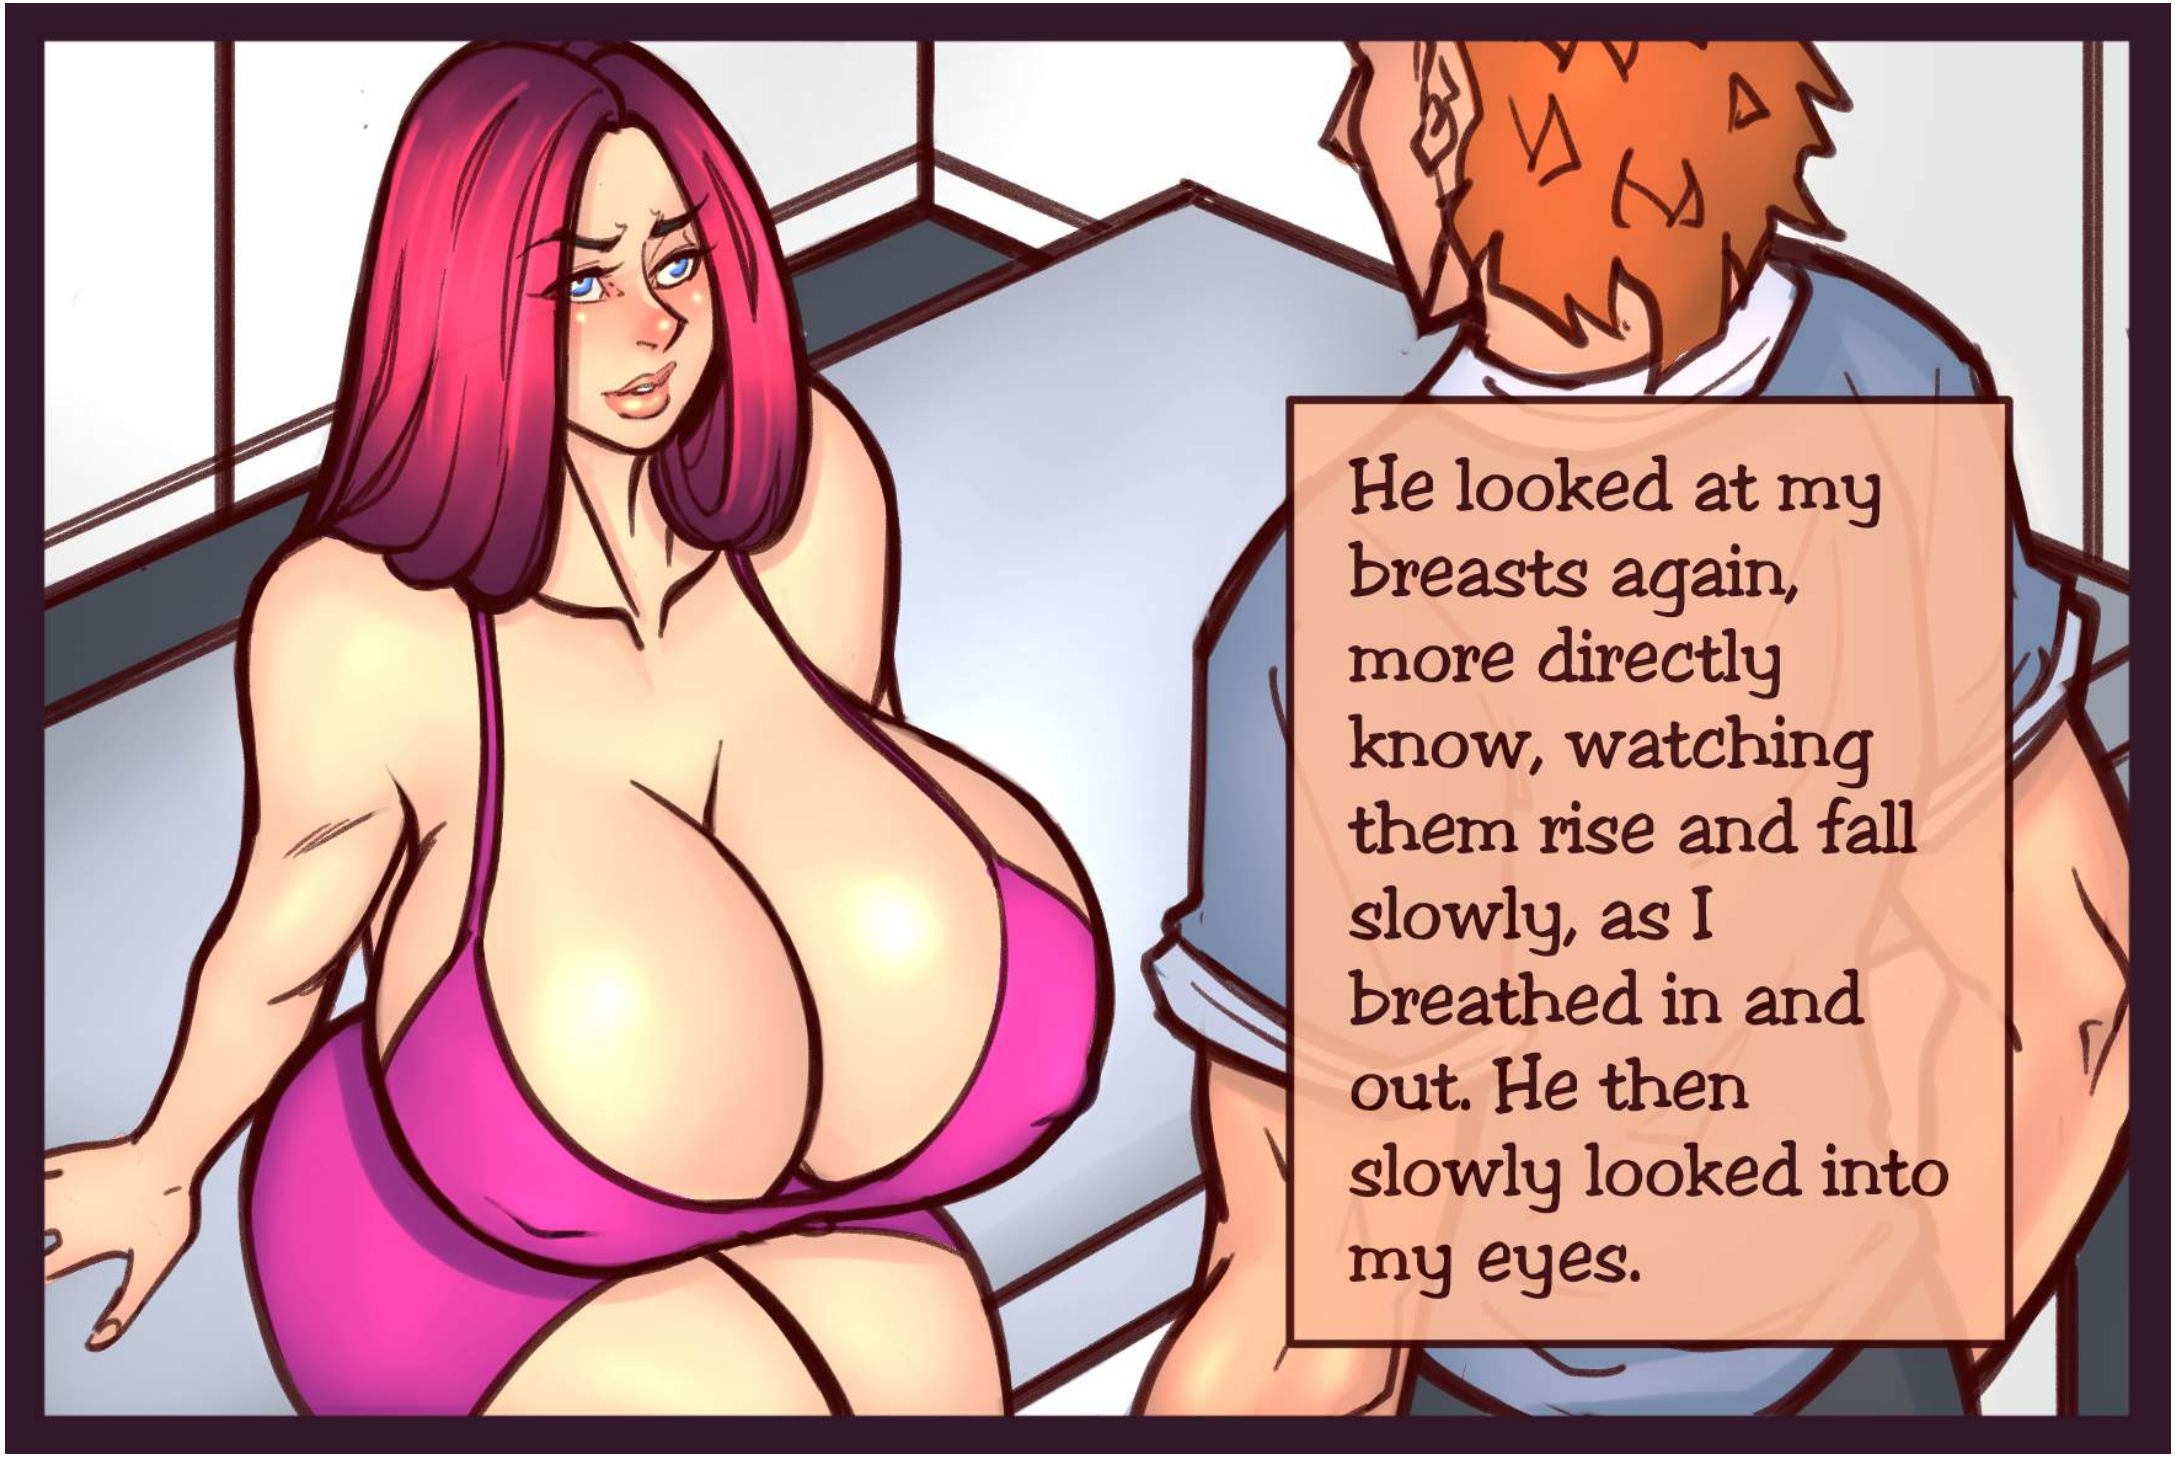


My nipples were massively erect, and I wondered if he could see them protruding through the front of my thin pink gown.

I realized I was becoming aroused, as I started to understand the effect I was having on my father-in-law to be.

He definitely appreciated what I had to offer.

I sat down at the kitchen table next to where he stood so he could see even further into my cleavage.



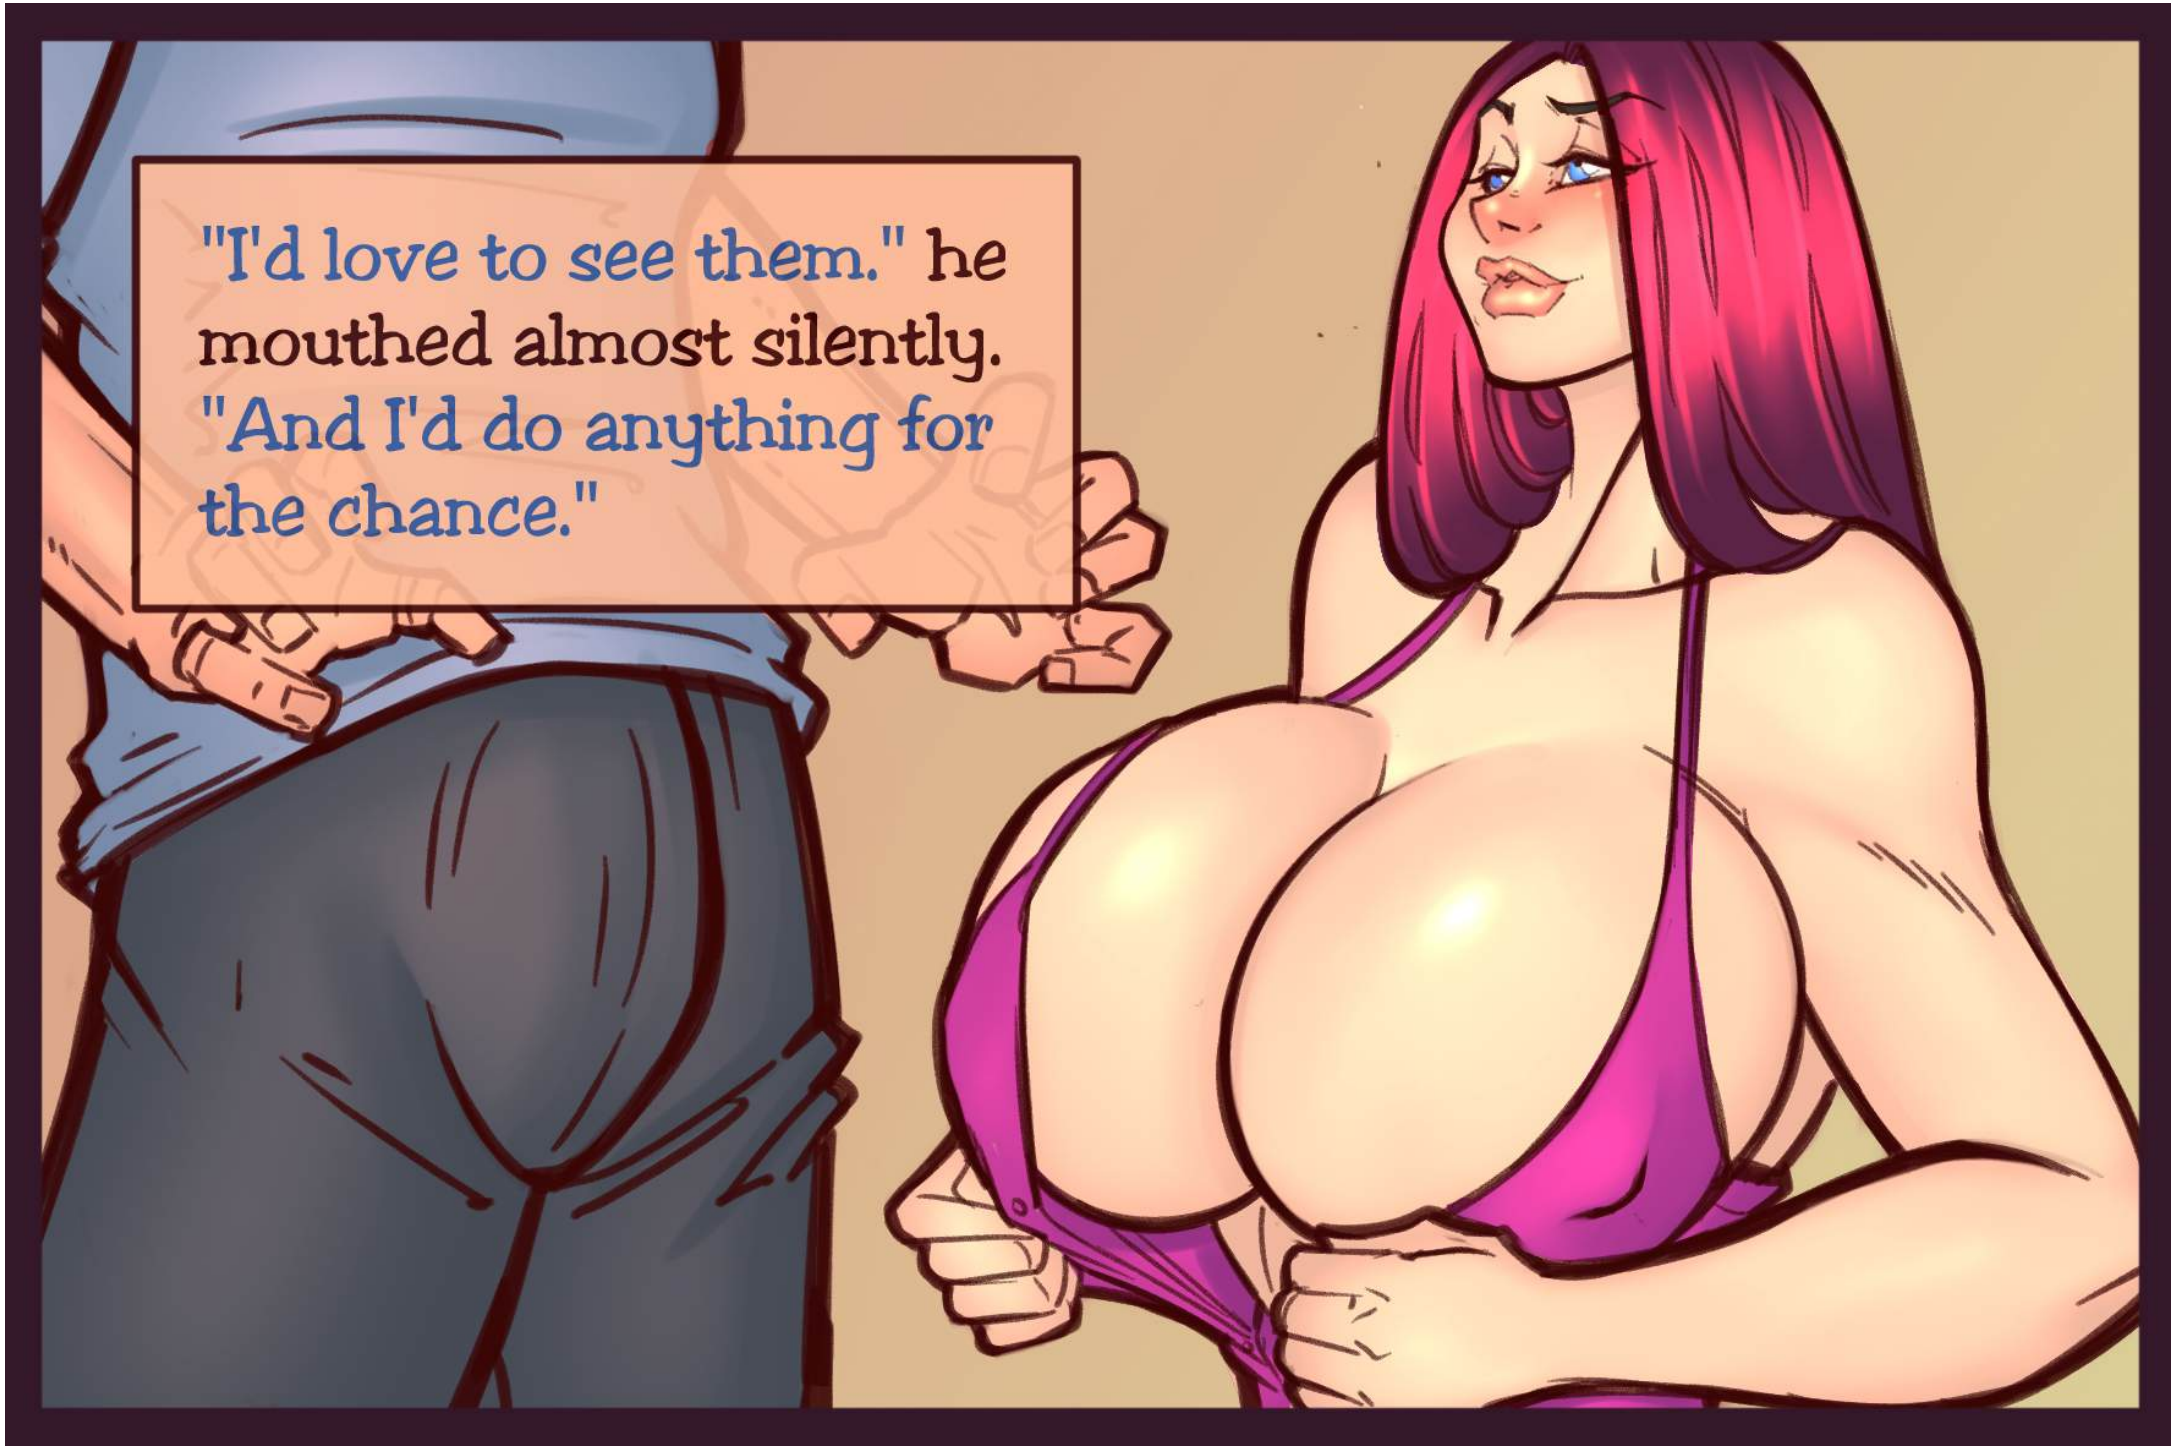
He looked at my breasts again, more directly know, watching them rise and fall slowly, as I breathed in and out. He then slowly looked into my eyes.

I could feel his eyes follow my gaze as it traveled down his bare torso and came to rest looking at the large bulge in the front of the baggy nylon running shorts he wore.

I looked up into his eyes with my face directly in front of the growing bulge in the front of his shorts and slowly unbuttoned my gown one hole further down.

Much, much more - but not all - of my bust was exposed to his gaze and his bulge was swelling even further.

"Huh, Would you like that? If I took them out, I mean? And, what would you take out for me?" I said quietly looking up at him with just a slight, teasing smile.



"I'd love to see them." he mouthed almost silently. "And I'd do anything for the chance."

"Go ahead then,
take it out..."
