Let's see what these babies can do...
www.erofus.com

Squish her, mommy, squish her!
That's it, I'm getting out of here while I still can!
www.erofus.com

It must be strange, to be such an insignificant little creature...

I could choke you to death right now on my tits... But I have another idea I want to try first!
mmph!

I wonder what will give first, the glass, or you?

This isn't fair! You have to stop, mom! You're going to kill her!
Shut up, Nikki! Mom, this isn't fair... I wanted to be the one to smash her with my tits!

Oh, dear Becca, I'm so sorry... I didn't mean to steal your toy... Let's smash her together, between our tits!
Yay mommy! You're the best!
Why didn't I run when I had the chance...
The end... For now! But stay tuned, for Spoiled Brat: Family Feud will continue! Same Bat-time, same Bat-Patreon!
