VOLUME FOUR

gracy's

Where the hell could Tim be? He said he'd meet me here at 4!

He better not be ghosting me. But why would he? I'm hotter than any girl he could get with otherwise.

And he knows it, too. I saw the way he was looking at me during cheer practice.

I gave up two other dates tonight to have a shot with the star of the wrestling team, but he's an hour late.

Giggle!

I can't believe how much fun I've been having since I started being Christen.

I can get with any guy I want, now that I'm this confident bombshell.

Plus, I kinda enjoy making all the other girls on the cheer squad jealous of my figure.

I just wish that I could give up being Chris altogether.

But I have no idea how I'm supposed to tell mom about this, or my clothing power.

Plus, I'm still in the school's computer system as Chris Young. If I want to graduate, I have to attend classes as Chris.

Life has been so much better since I embraced my feminine side.

Part of me wants to go all the way, but I know that's impossible right now.

Well, if I can't be Christen all the time, that just means I should enjoy my time as a woman.

Now, where the hell is my date?

Hey...

Hello there, gorgeous.

Well, aren't you friendly.

Not only that, but he's a hunk, too.

I haven't seen you around before. I'd remember a pretty face like yours.

Not to mention that mark of yours.

Um... mark?

You know what I mean.

Not really.

Do you mind if I sit down?

Uhhh, I guess not.

Whoever she is, something definitely seems off about her. Maybe she's just playing hard to get? I like a challenge.

He seems a little nutty, but his muscles are so beefy. I don't mind flirting until my date shows up.

So, do you live around here? I go to Southshore high school.

Yeah, I'm a Seattle girl. I go to Northshore. I'm on the cheer squad there.

That probably explains why I've never seen you before.

Do you know me?

Not yet, but I see who you are.

Ooookay, this is getting weird, now. Like, you're handsome and I like the bad boy look, you're going for...

But what's "see who I am" supposed to mean?

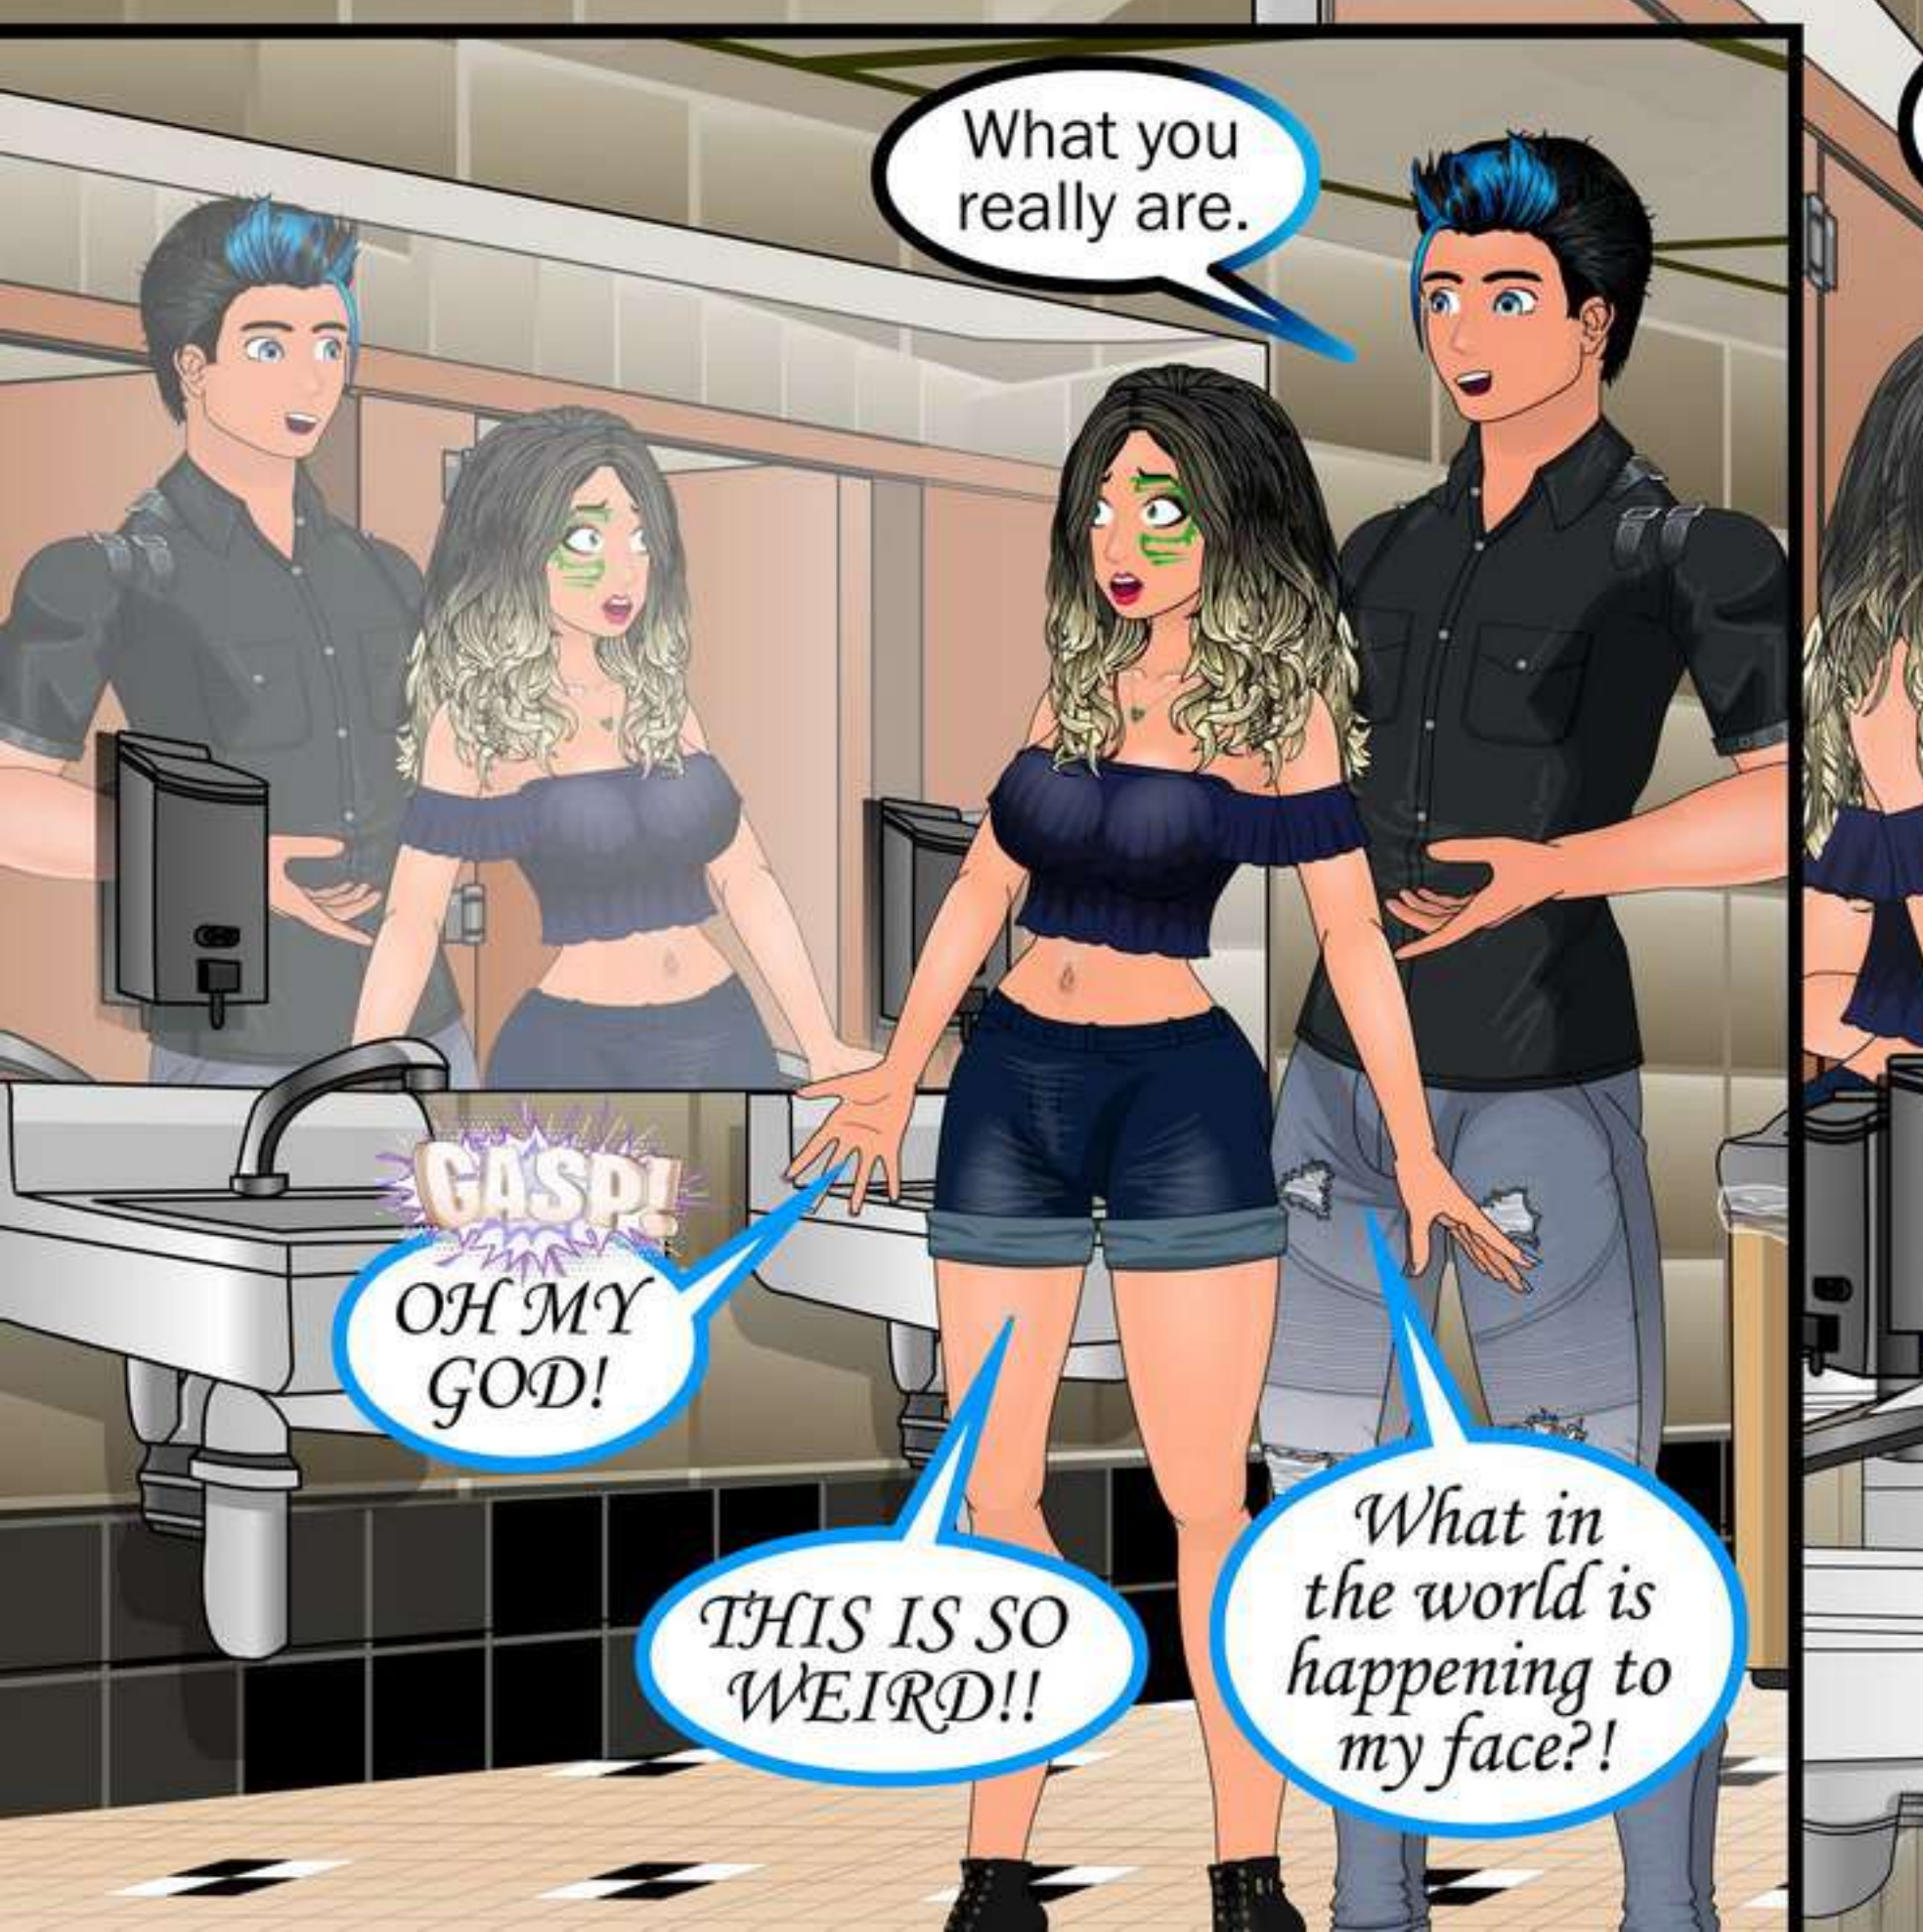

Wait, really? Can't you "see" me, too?

Alright, I'll make this as clear as possible. I have no idea who you are or what the hell you're talking about.

Interesting. Then let's back up a bit.

The name's Isaiah.

I have so many questions! How do I learn to be a wizard?

Do I have to learn spells and potions at some old castle or something?

You're taking this better than I expected.

But that's just how sorcery works in the movies.

How did a babe like you never learn that you were a sorcerer?

Most of us find out that we have magic powers by the time we're pre-teens.

Well anyway, what do you wanna know?

Everything! What's this thing on my face?

It's a mana mark. Every sorcerer has one, but it's different for all of us. Think of it as your sorcerer signature.

See? This is mine, but it's sapphire.

And these marks make it possible to use magic? What kind of magic?

All sorts of sorcery. Spells, charms, alterations.

Alterations? You mean like... magic that can transform your body?

Absolutely. It's one of the best parts about magic. You can be anyone you wanna be.

Oh my god! Could my clothing power actually be a spell?!

That would actually explain a lot about myself. Maybe I could even use magic to alter myself even more?

I'll bet Isaiah knows how to do that, too.

Maybe if I give him a little incentive, he'll tell me more about this clothing spell and how to best use it?

So, Isaiah, was it? I'll bet you're really good with this magic stuff.

Damn right. Top of my class in sorcery studies.

Wow, knowledgeable AND studly. Plus, I really like your confidence, too.

Oh really? Heh, I like your enthusiasm, Christen. Among some other things about you.

Good, he's definitely into me, now. I can't say that I blame him. Let's see if he takes the bait.

I'd really like to see you put your magic skills to use.

In fact, I'll bet you could teach me all about magic.

I-I don't know. I'm not much of a teacher.

I could direct you to some of my professors.

I'll bet none of them are as tall and handsome as you.

Wow, I'm blown away at how well you're taking all this.

You just found out that you're a sorcerer, and you're flirting with me so that I'll teach you more.

Guilty as charged. But I have to know... Is it working?

You're certainly making a tempting offer. I like that you wanna learn.

But why should I spend my free time teaching you about magic?

I could make it worth your while. I could even teach you a few things.

Heh, alright. Amuse me. What could you teach me?

I might know about a spell. One that gave me these breasts that you can't stop staring at.

I thought you said you didn't know about magic. If you mean you use sili-gel, that's not magic. It's made by non-bloods.

My girls are all natural... sorta. But what are non-bloods?

I'll tell you later. Tell me more about this spell of yours.

A few months ago, I found out that I have this weird power.

As strange as it sounds... when I put on women's clothing, my body transforms so that I look like the owner of those clothes.

What? There's an enchantment that transforms that way?

Aha! I told you that I could teach you something you didn't know!

Woah, woah, woah. Back up a minute.

Do you have to wear the clothing of just one person?

I can mix-and-match. I could wear someone's skirt and get her legs, then wear another girl's bra and get her breasts.

So you could theoretically make your perfect woman.

That's what I am right now. Pretty awesome, right?

Absolutely. An enchantment like that could come in handy.

Are there any negative side effects?

None as far as I know. I've stayed in the same clothes for hours and never had any problems.

Christen just keeps getting more interesting by the minute.

No wonder she's drop dead gorgeous. She practically sculpted herself to be this way. Impressive.

But I wonder what she'd look like without using this spell of hers.

I was hoping you could tell me more about my enchantment. Was I born with it?

Definitely not. Someone had to put it on you.

If you'd like, I could remove it for you.

No, no! I don't want it gone. I love having this power!

I'm my best self, thanks to this enchantment! Men want me, and women are jealous of me.

But I wanna know if I could use magic to go further.

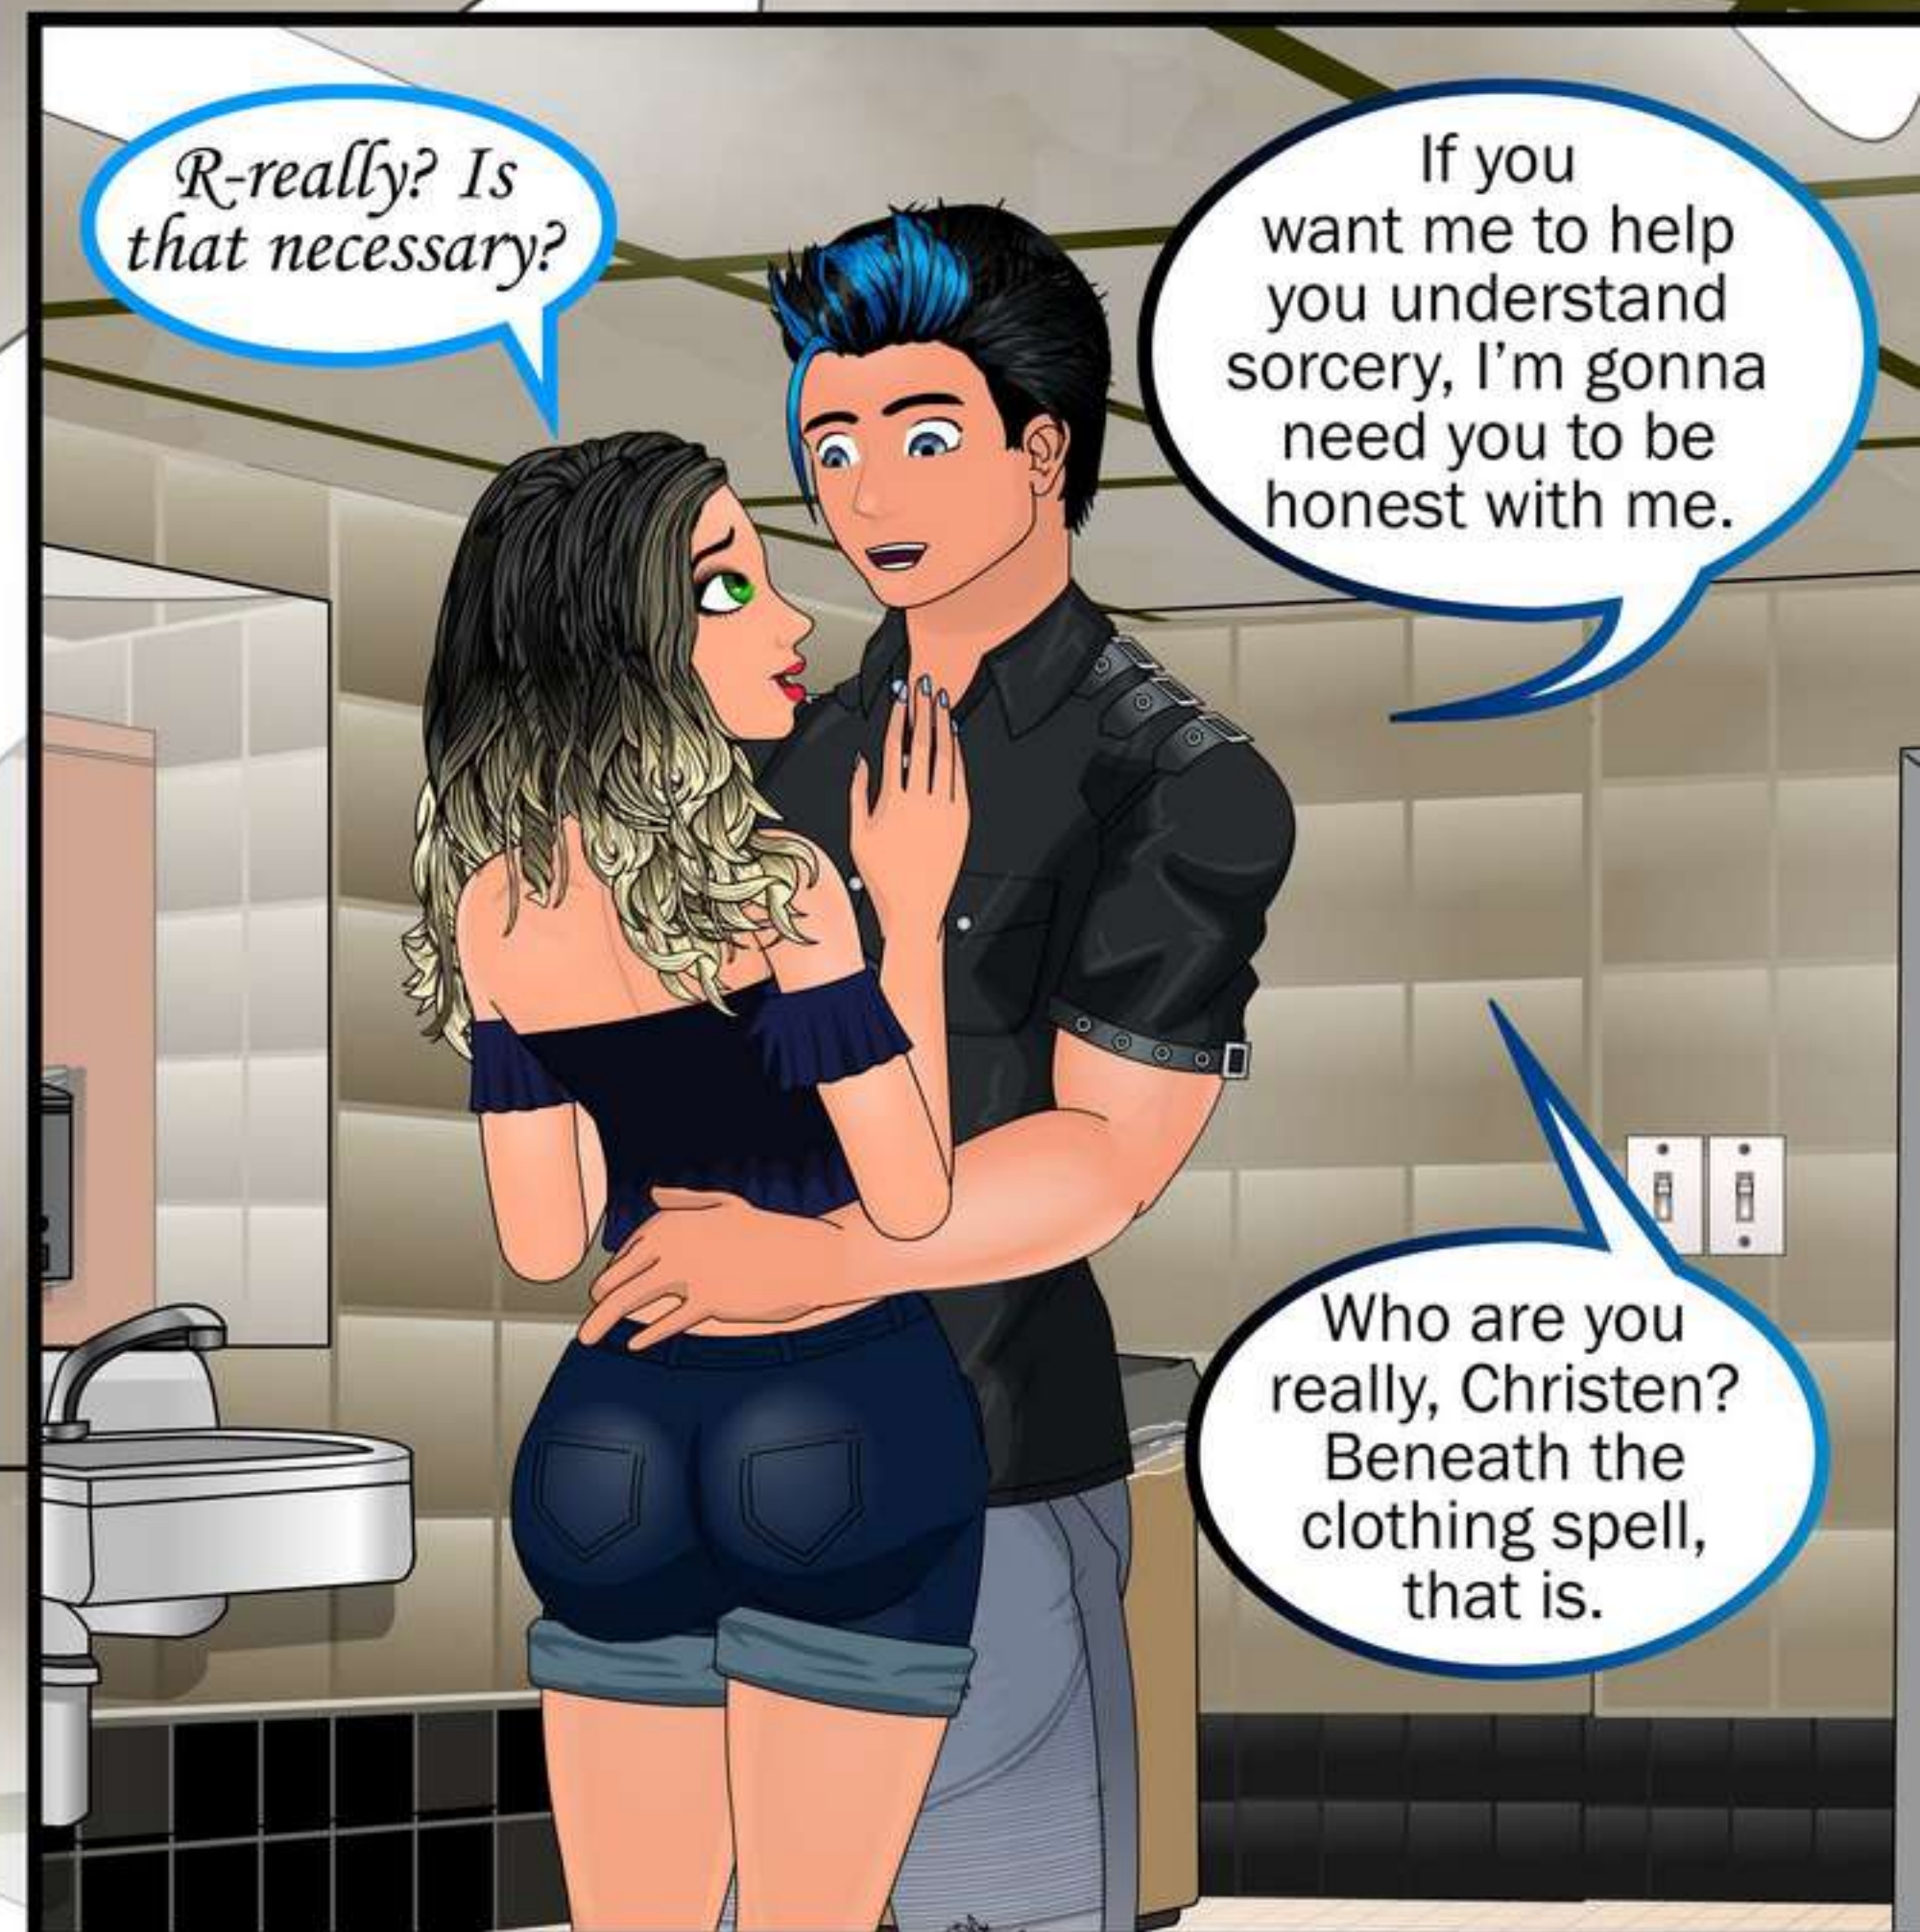

Further? What do you mean?

I was hoping you could tell me about that, magic man.

Alright, you've piqued my interest. I wanna know more about you and this spell.

Tell me about what you're like without the enchantment.

R-really? Is that necessary?

If you want me to help you understand sorcery, I'm gonna need you to be honest with me.

Who are you really, Christen? Beneath the clothing spell, that is.

Well... I do wanna learn about this magic stuff.

The truth is that... Christen is who I WANT to be.

But I'm actually a guy. My real name is Chris Young.

Wait, seriously?!

You've stopped being a man so that you could be this ultra sexy woman all the time?

That wasn't my original intention, but... kinda, yeah.

Oh my god! She's just like me!

Why did you want to stop being Chris and become Christen?

I guess... life as Chris didn't feel rewarding anymore.

As a man, my girlfriend broke up with me. But as a woman, I could get any man I wanted.

I tried to resist any temptations I felt when I transformed for so long.

But once I stopped resisting, I realized how amazing it felt to be held by a strong, confident man.

Now, I kinda crave that feeling all the time.

Wow, I never expected to find anyone like Jennifer and I, much less someone as sexy as Christen.

I don't know if I should tell her about me being a woman.

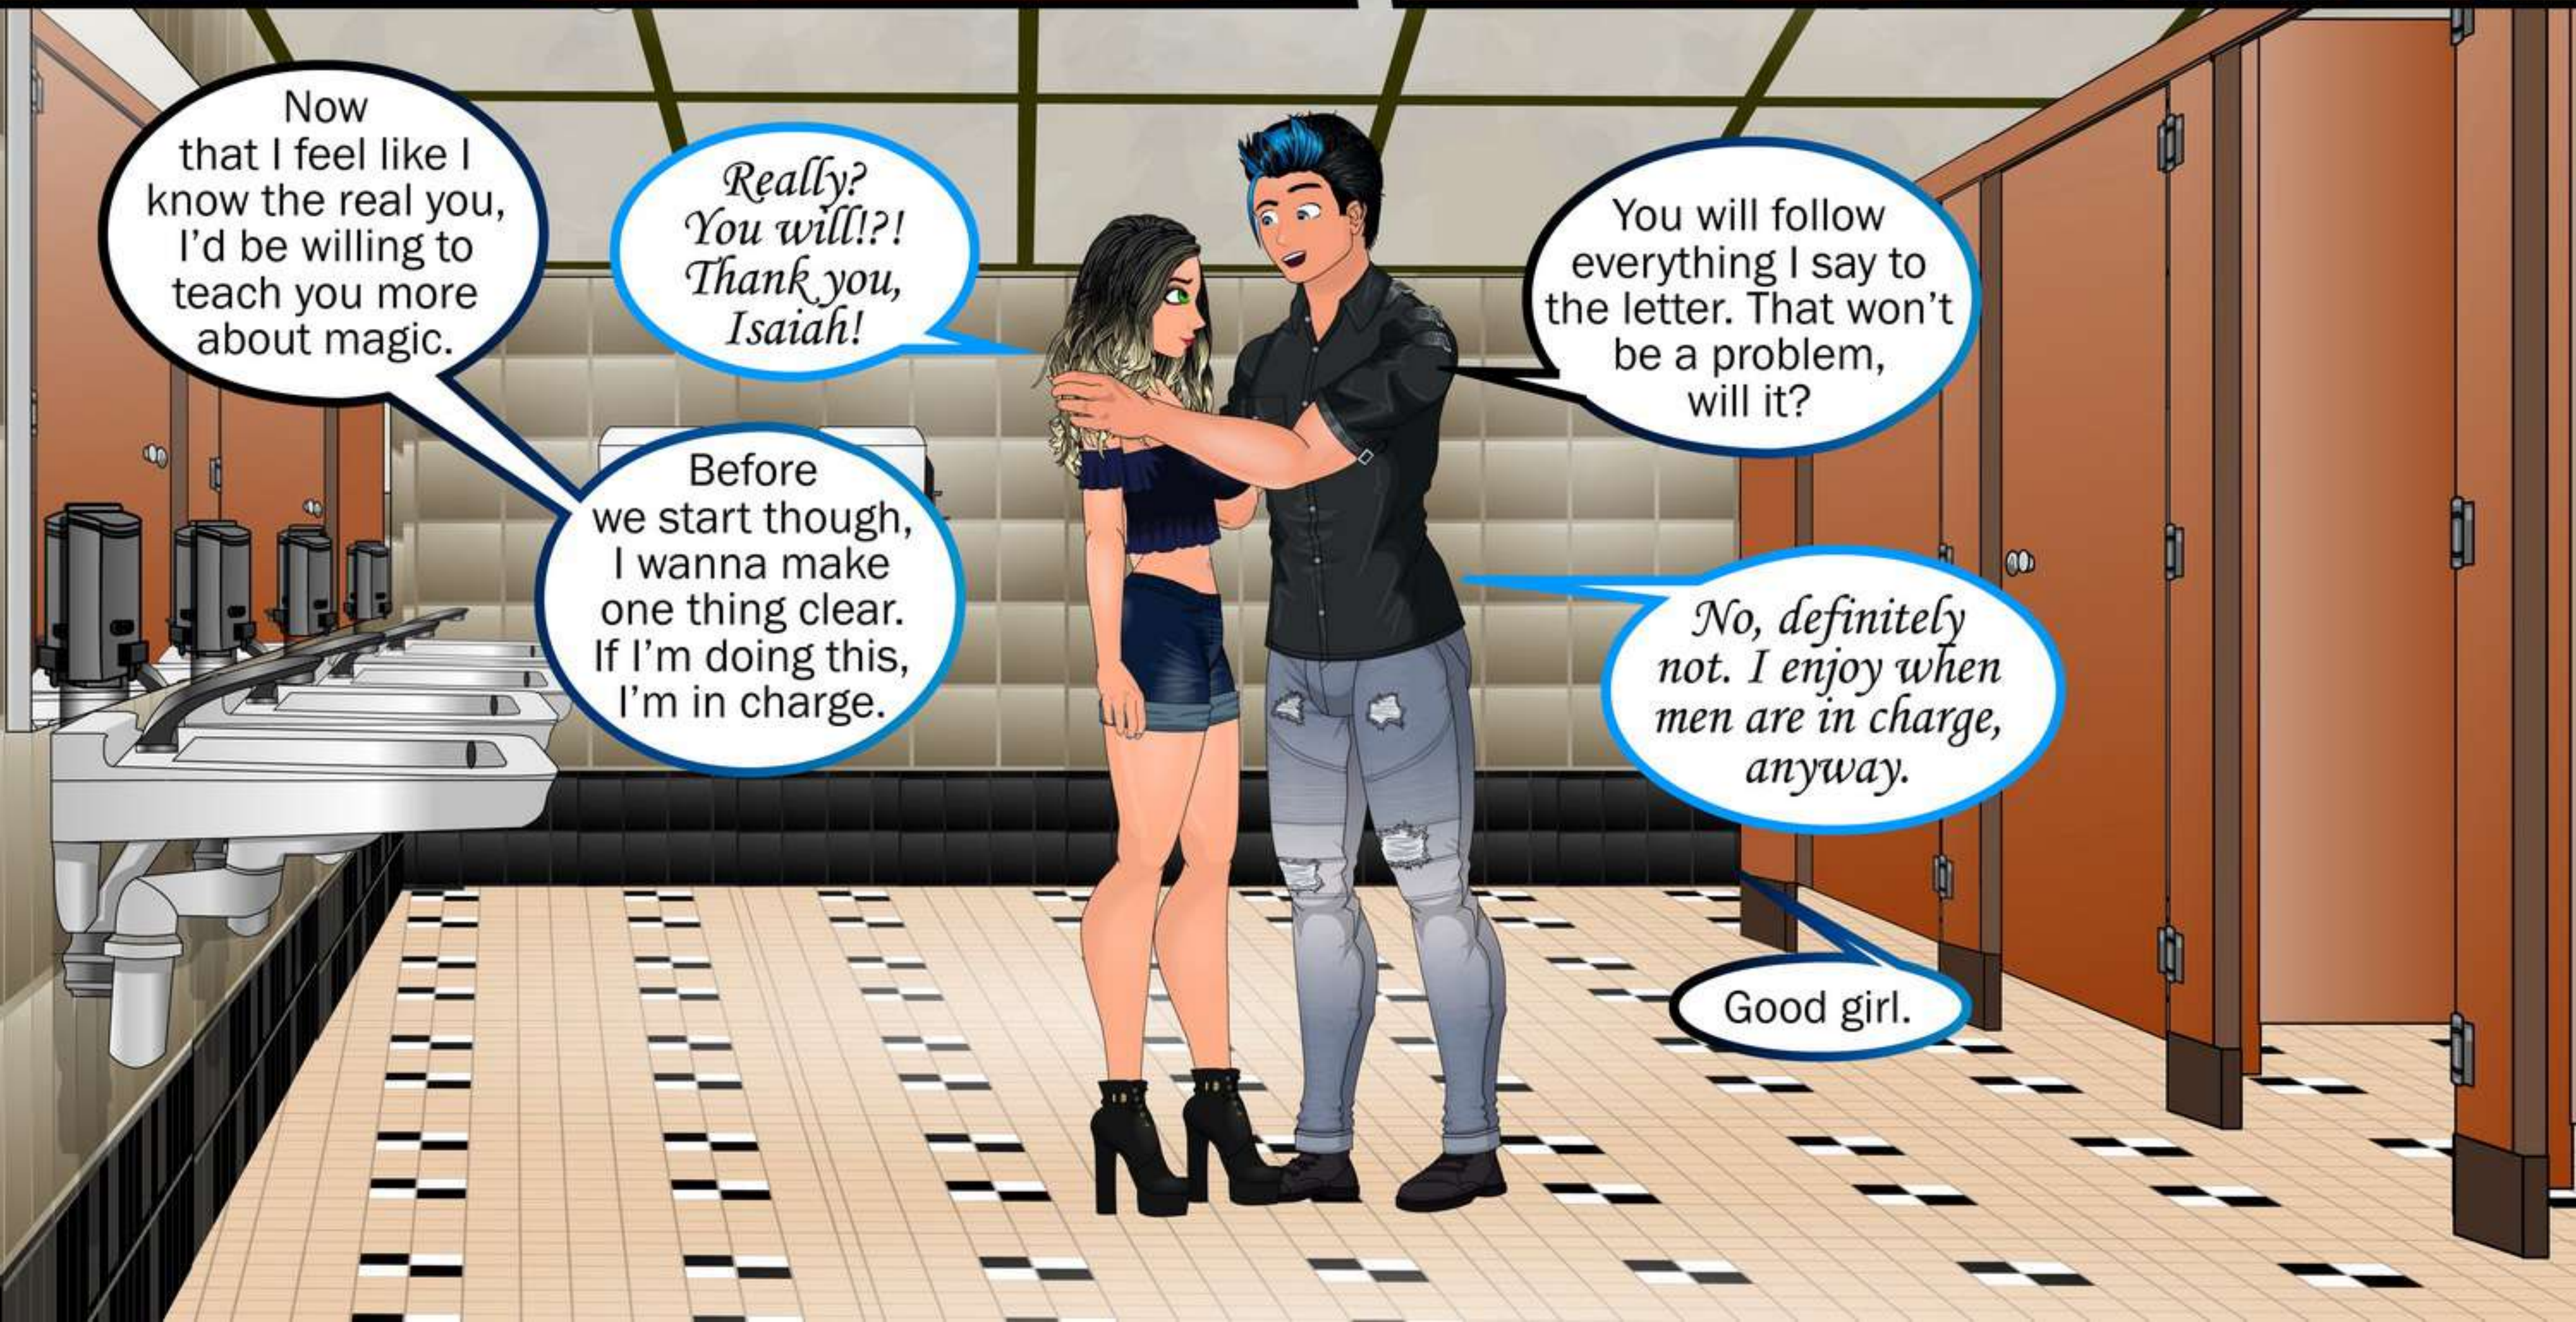

Although, that gives me an idea I'm sure both of us will enjoy.

It's a lot to process, but I think I understand you a lot more, Christen.

I appreciate you being honest with me.

I know it wasn't easy to tell me the truth about your changing identity.

Now that I feel like I know the real you, I'd be willing to teach you more about magic.

Really? You will!?! Thank you, Isaiah!

Before we start though, I wanna make one thing clear. If I'm doing this, I'm in charge.

You will follow everything I say to the letter. That won't be a problem, will it?

No, definitely not. I enjoy when men are in charge, anyway.

Good girl.

To begin your magical journey, we need some place more mystical than this bathroom.

Great, I brought my car. Where are we going?

Back to my place. But we won't need your car.

Hold on, gorgeous.

Woah! What did you just do?!

A simple teleportation spell.

And you did that with just your mind? That's so freaking cool!

Who needs cars when you can teleport?

Heh, I like that enthusiasm of yours.

But wait... you said that this is your room?

Is there a problem with that? From the way you were checking me out, I thought you'd be eager to get here.

We won't be disturbed here. My parents are out, and I've got most of my spellbooks here.

Based on how he can't take his eyes off my breasts, I'll bet he's using this as an excuse to get into bed with me. I kinda like that idea.

So, how do you wanna start my magic lessons? Do I get a wand first?

First things first, I want to see this clothing spell of yours in action.

But I told you, it only works on female clothes, not male ones.

That's alright, I've got plenty of female clothes for you to wear.

Now, strip down for me and put this outfit on.

What?!

You want me to put on the whole outfit? B-but how did you even get those clothes?

I'll explain that after you put this on. Besides, didn't you agree to follow my orders to the letter?

If you want me to help you, I need to understand the enchantment mechanics.

Anything you say, big guy.

I just hope this shows how far I'm willing to go.

Trust me, you're definitely making an impression so far.

I hope you're taking mental notes about my "enchantment mechanics".

I'm just amazed that there's a man underneath those big breasts.

The only man I see around here is standing at full attention right in front of me.

Oh, I get it now! He's just using this as an excuse to see me naked.

I'd be doing the same thing if I were him.

Well, if he wants to get a look at the goods, I might as well put on a show.

Giggle!

Wow, and I thought I had a great ass! But Christen's is something else.

Look at the way it jiggles just from the slightest touch.

Damn! Work it, girl!

Oh, would you look at that.

Looks like you've got your wand ready to go. I didn't realize they were so big.

Wow, this girl loves to tease as much as I do, doesn't she?

Damn, how is it that all the most attractive women I keep meeting start out as men?

With her breasts and curves, she even gives Jennifer a run for her money.

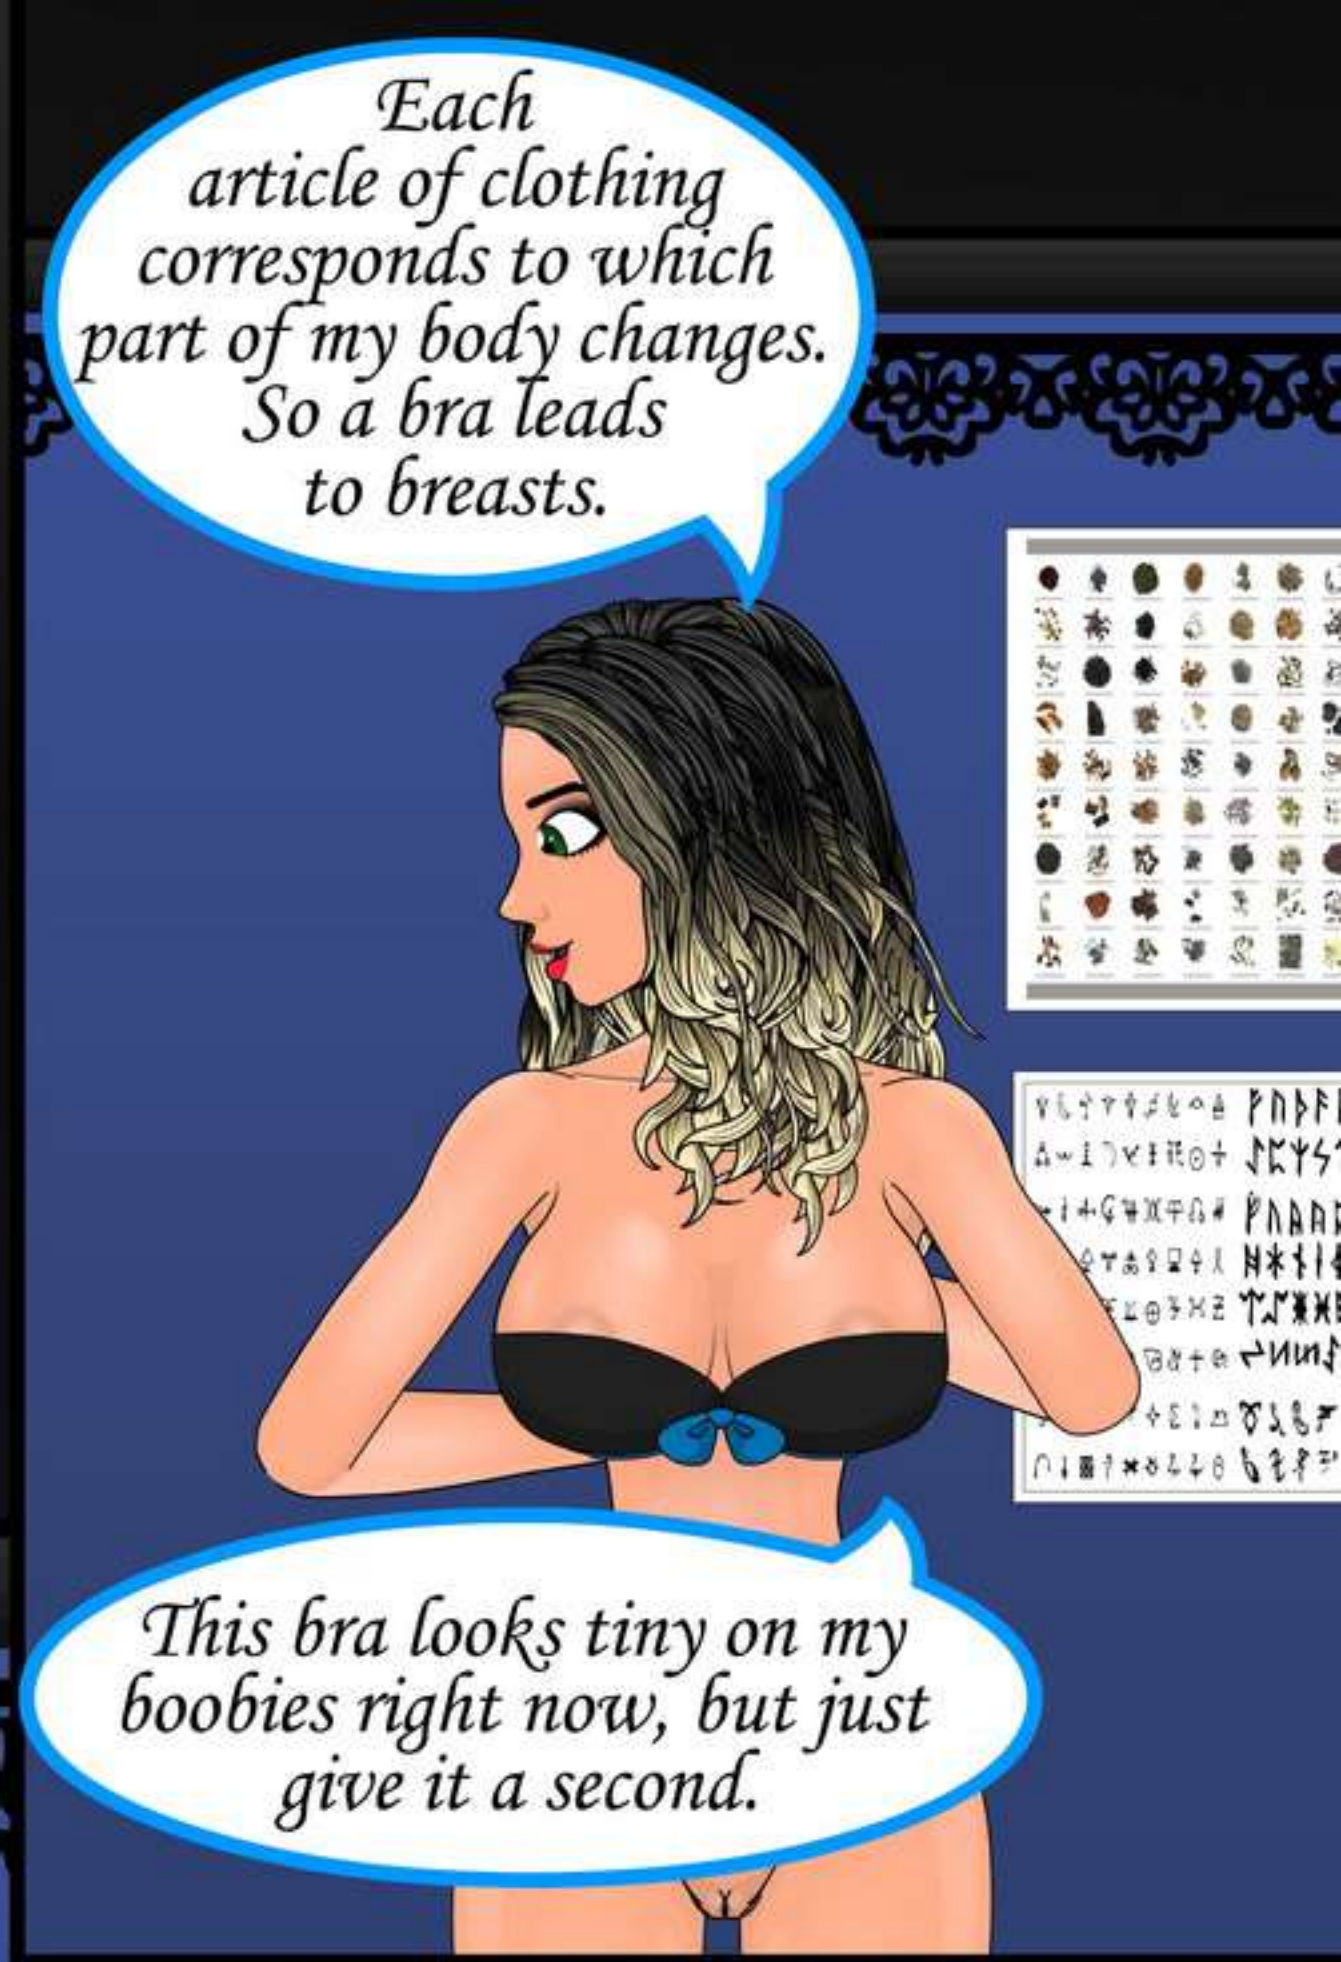

What's the matter, handsome? Too stunned to say anything?

Oh, please. I'm not the only one gawking here. I'm just not afraid to admit it.

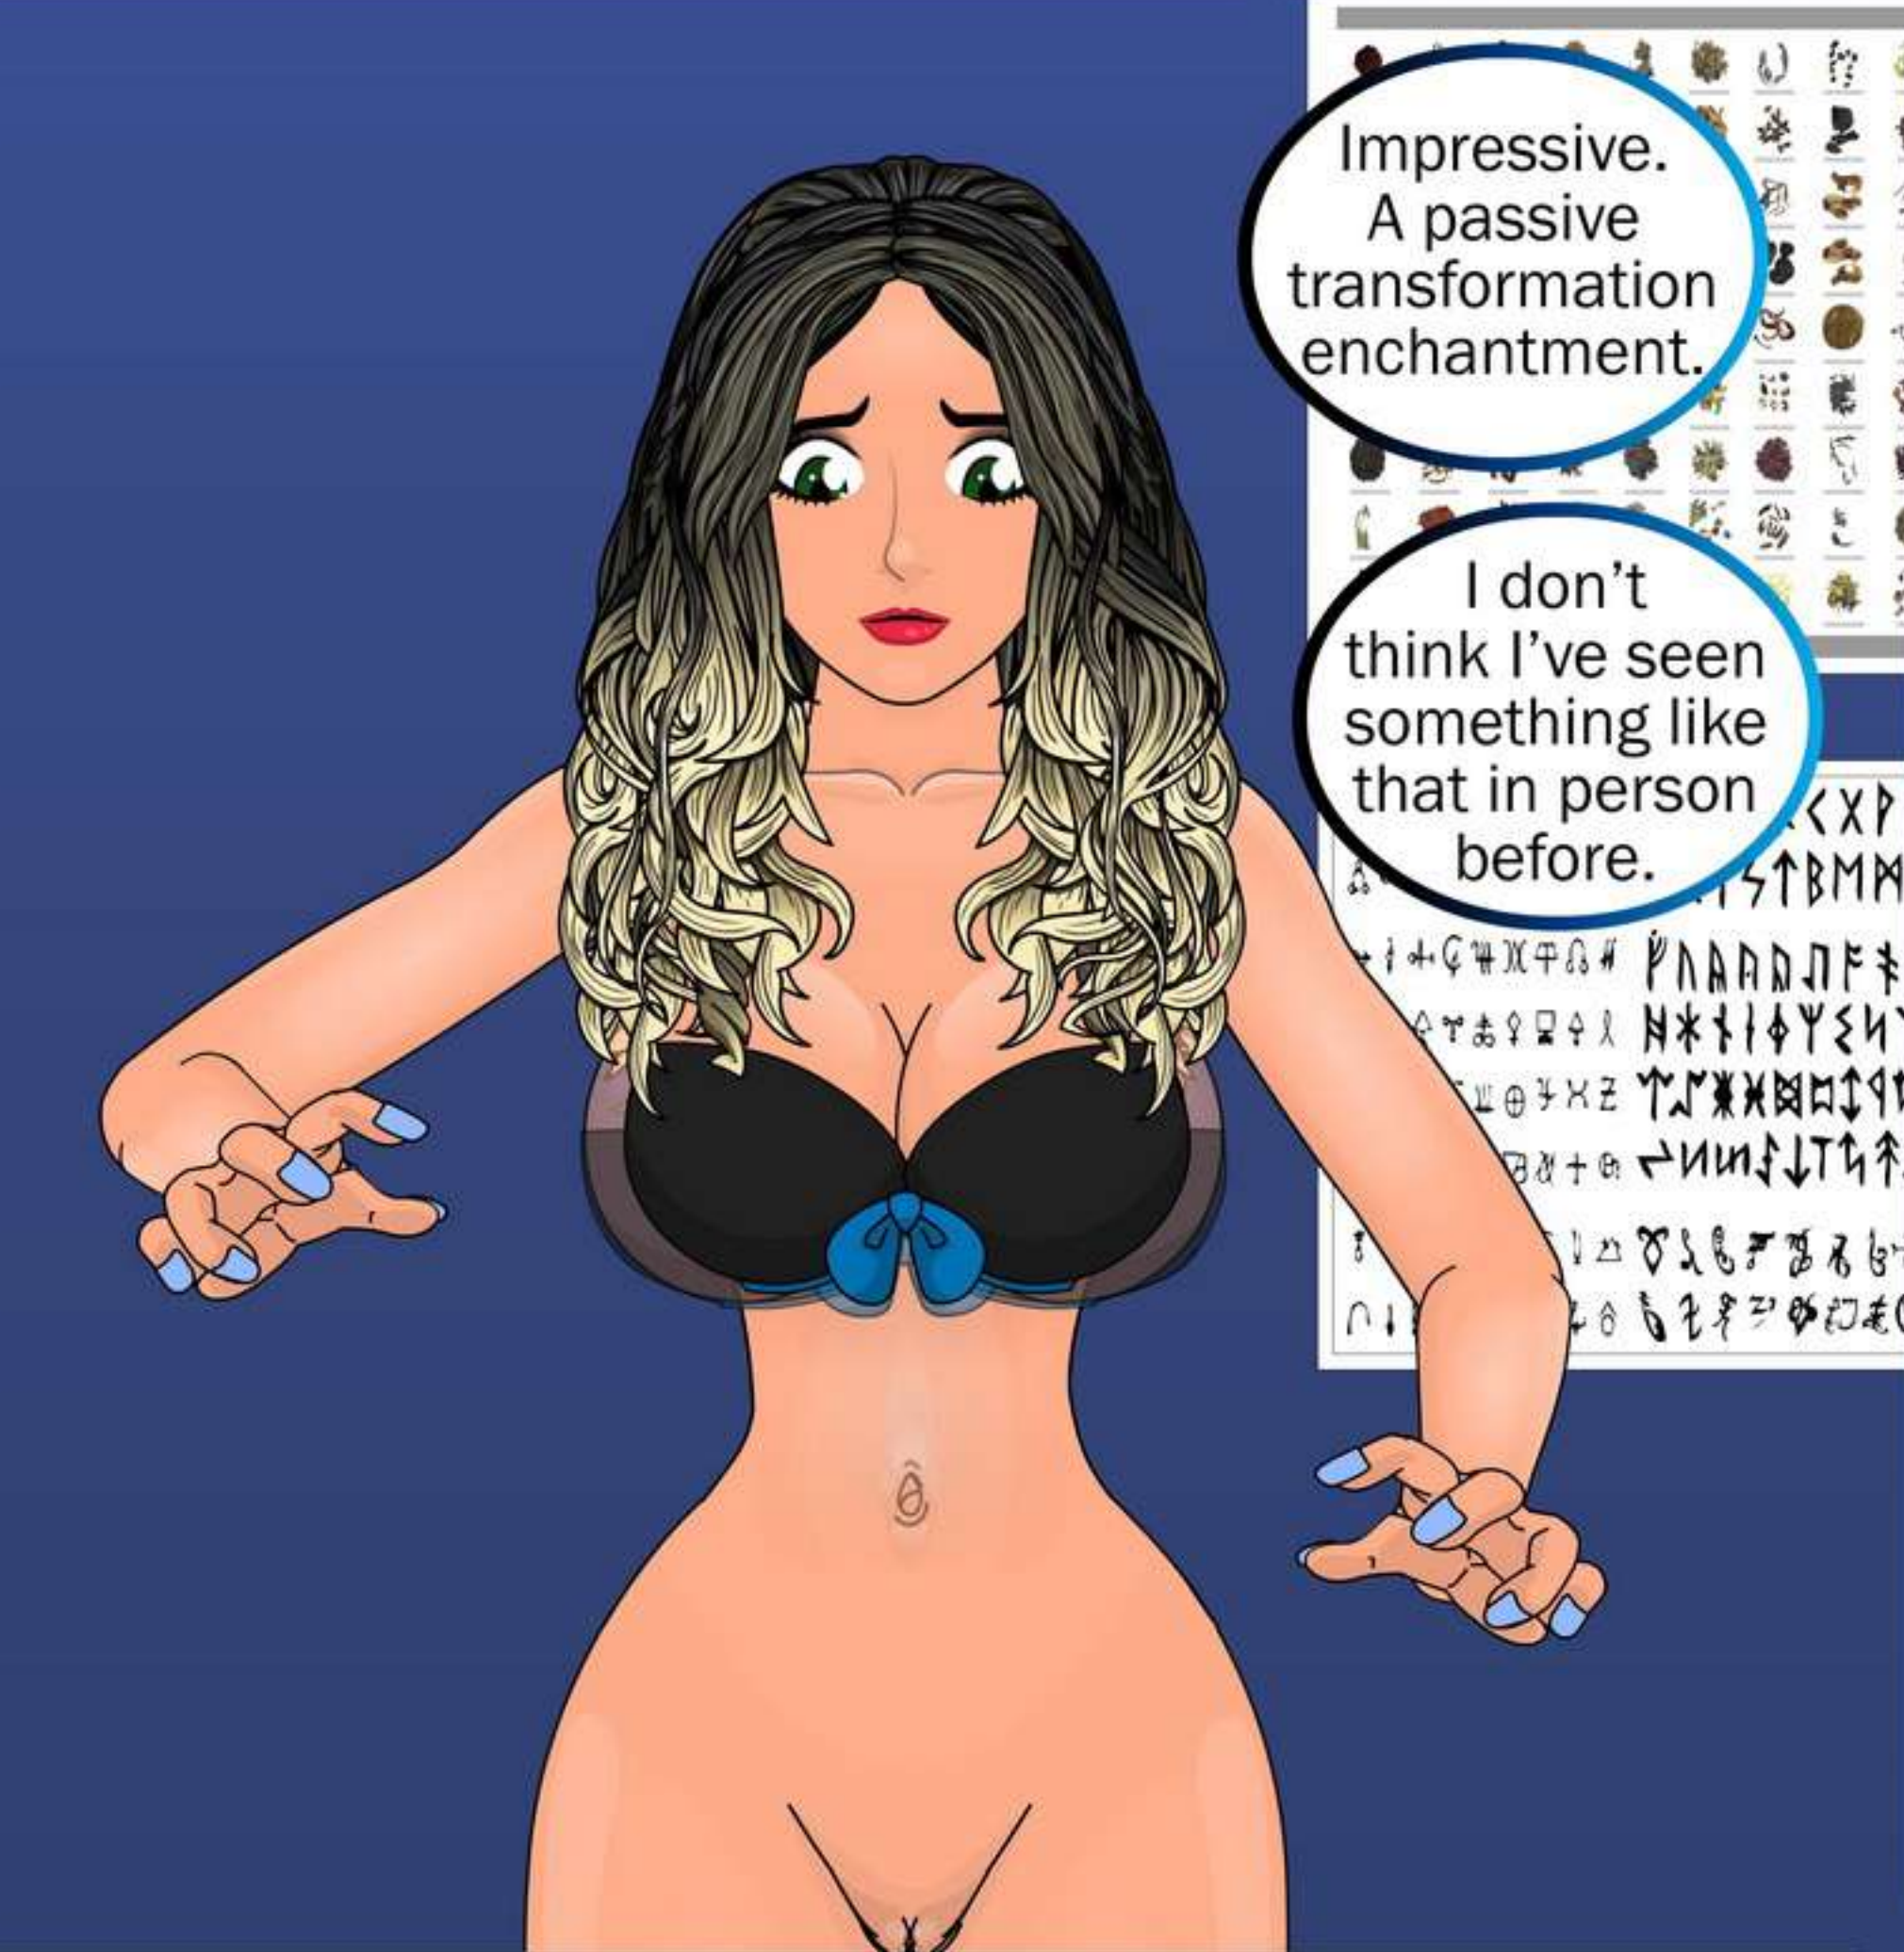

Now, put these on. I think you'll look great in them.

Absolutely. I look great in everything.

Each article of clothing corresponds to which part of my body changes. So a bra leads to breasts.

This bra looks tiny on my boobies right now, but just give it a second.

Impressive. A passive transformation enchantment.

I don't think I've seen something like that in person before.

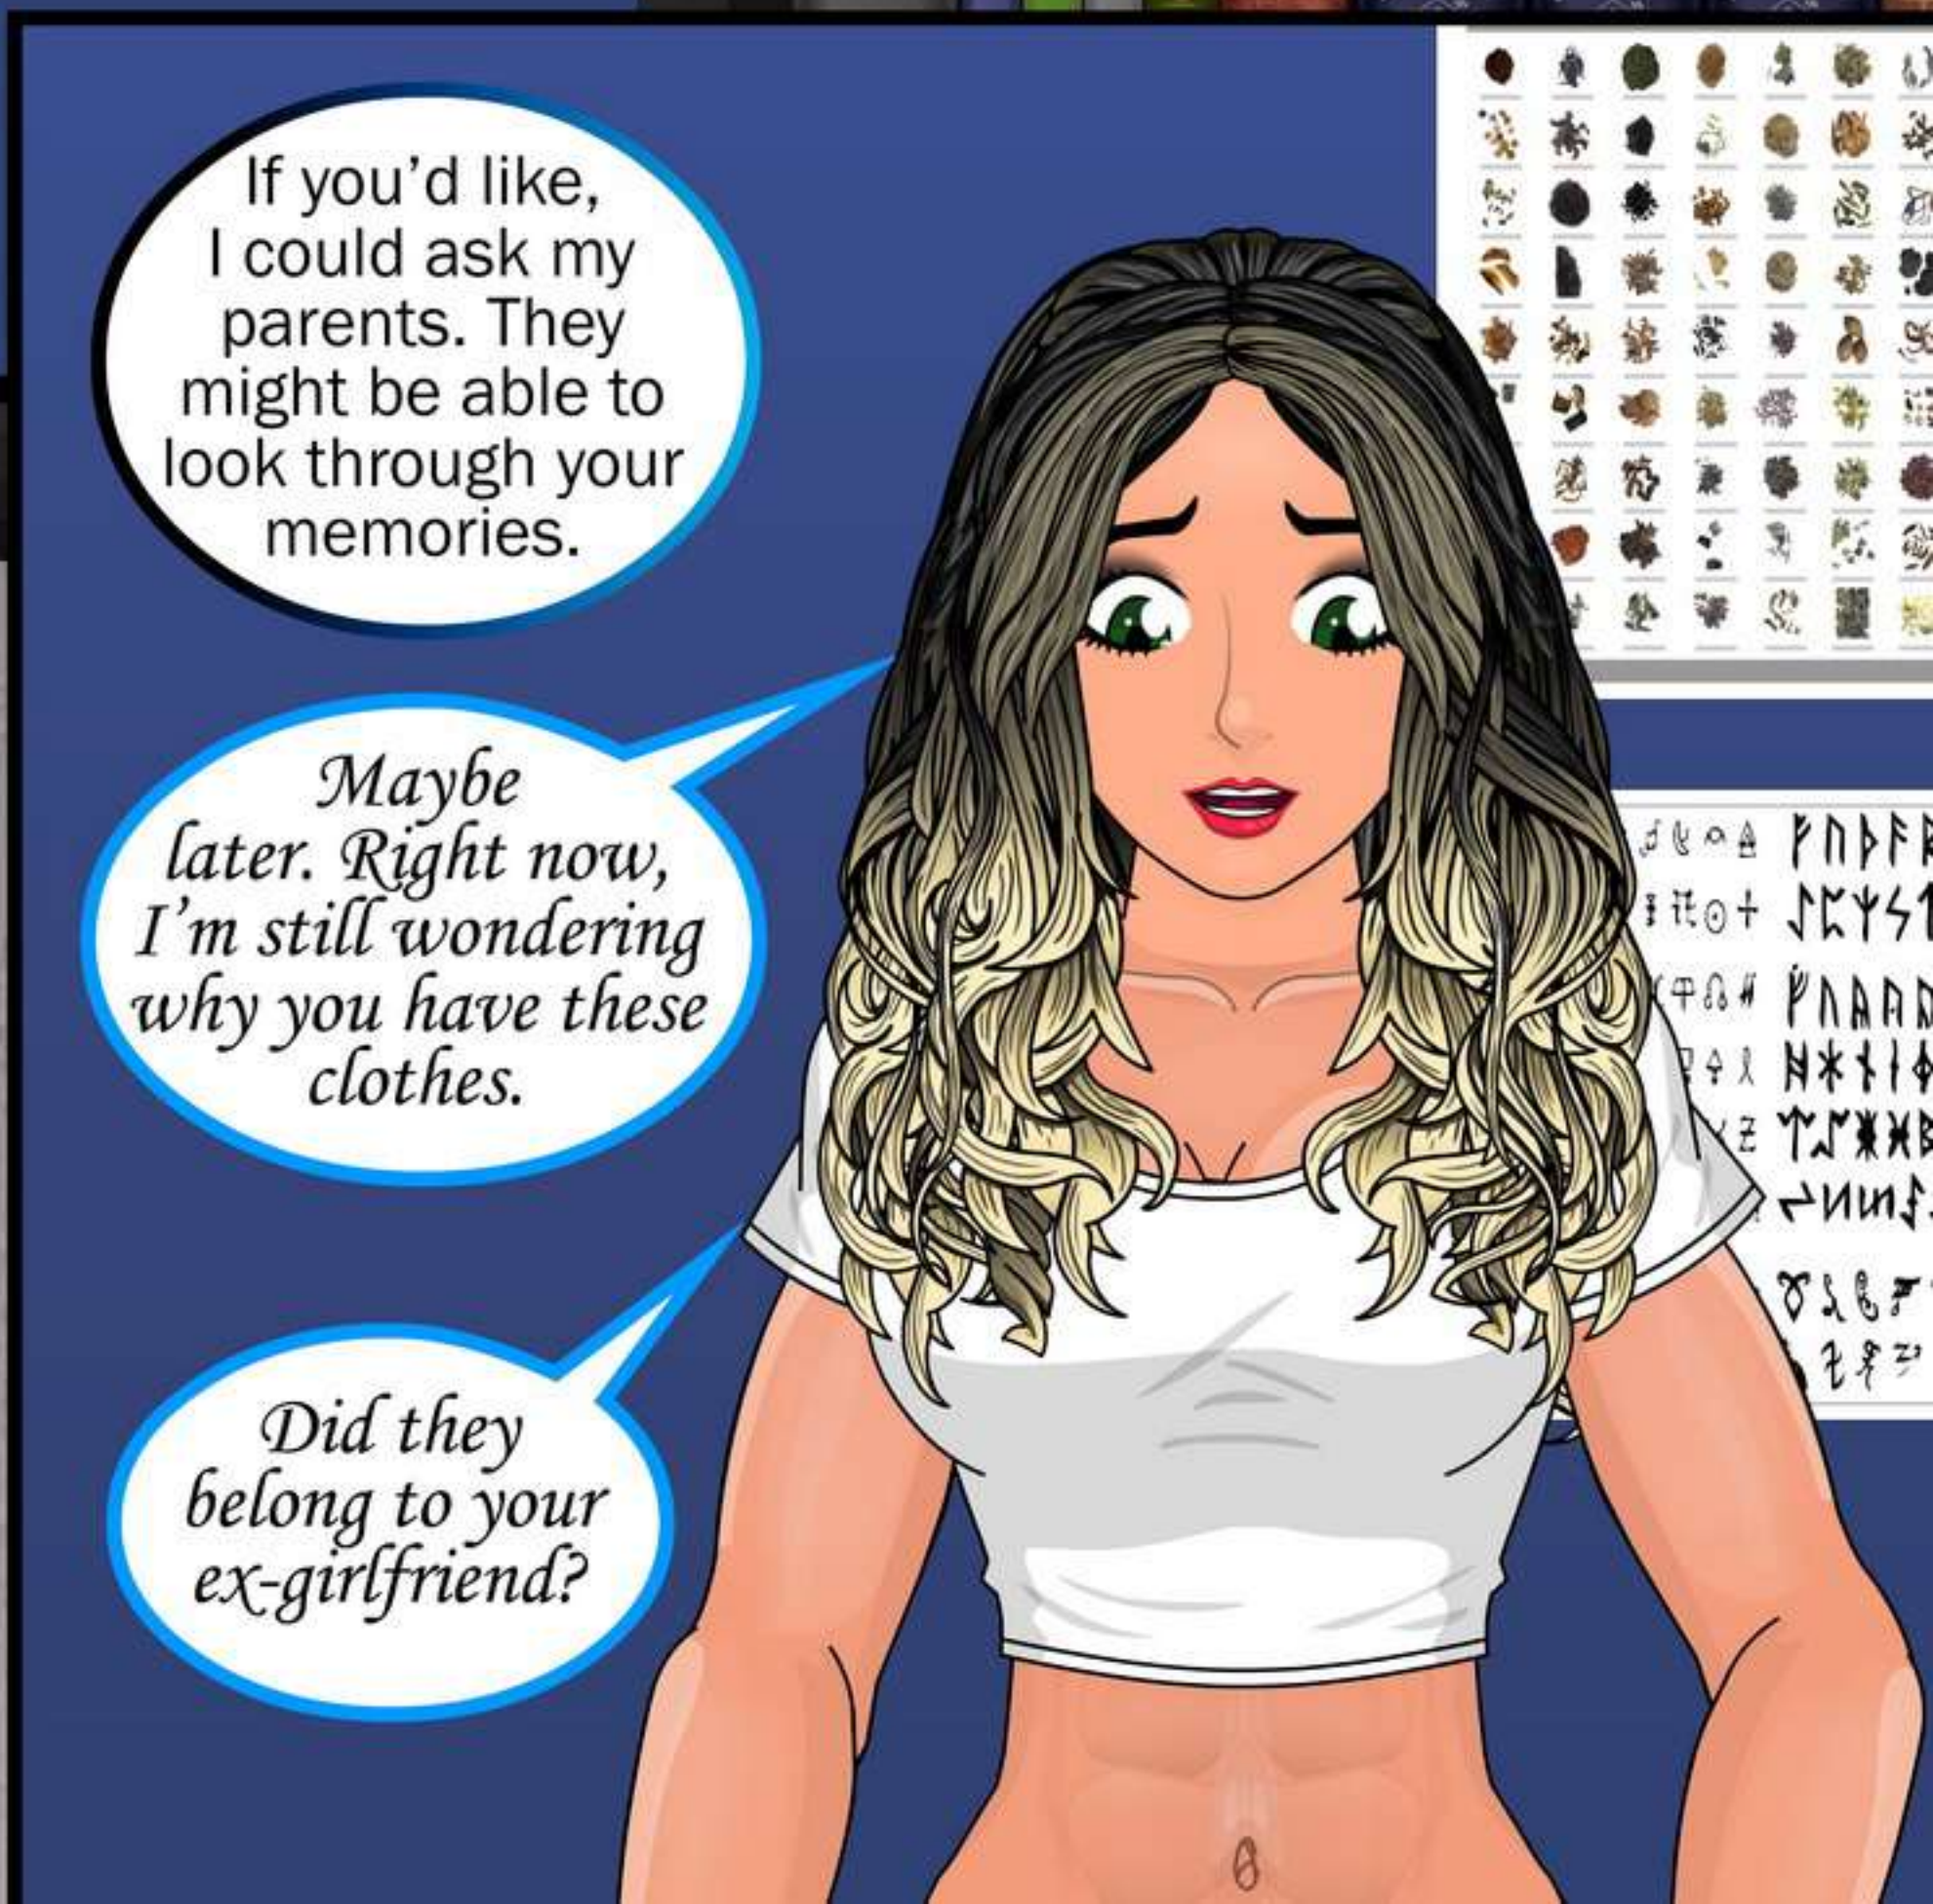

You still haven't told me who could have given me this enchantment.

It would have had to have been a sorcerer in close contact with you.

Can't you use magic to look into the past and find out who did it?

Not really. That kind of magic is beyond my knowledge.

If you'd like, I could ask my parents. They might be able to look through your memories.

Maybe later. Right now, I'm still wondering why you have these clothes.

Did they belong to your ex-girlfriend?

Not exactly. I don't want to spoil the surprise just yet.

Then this had better be good. It feels like a sin to deprive the world of more Christen like this.

Trust me. Once you're done, you'll still look sexy as hell.

Although I will say, of all the women who have stripped for me, you're in a sexy league of your own.

Oh? Now I wonder how many women have done that.

I'm in the same situation at my school, only with the male athletes.

Though you have an advantage. You could just use a spell on the women.

Yeah, right. I don't need a spell to get any woman I want.

Not when I have natural charm and charisma.

I guess we both have that in common, don't we?

By the way, this is a cute outfit.

Do you have a thing for goth girls?

I've always been partial to that style, yeah.

Let me guess, you're turning me into one of your ex-girlfriends?

Wait, black hair with a blue streak?

Why do I have the same kind of hair that you do?

Because you look beautiful like that.

You even sound like I did.

WHAT?!

What do you mean I sound like "you" did? What's going on?!

Not bad at all. Your Christen form certainly has charm, but I'll never get over how stunning I look.

Are you even listening to me?! Stop looking at my ass for five seconds and explain yourself!

Alright, don't get your panties in a twist.

Maybe this will fill in the missing pieces for you?

Take a look at your reflection.

Oh my god! It's not just my hair! I have your eyes and skin tone, too.

And wow! I'm surprised how sexy I look like this.

D-did you turn me into a female version of yourself?

Not quite. But you're getting warmer.

Wait... you had these clothes in your dresser, and you keep talking about this body like it's yours.

You're not really a man! You're a woman who's transformed into a man!

Surprise! I knew you'd figure it out eventually.

No way! It all makes sense now, even your feminine room.

And this is what you look like without some spell to make you into a man?

Pretty nice, huh? Christen, I'd like you to meet Isabelle.

So you've been hiding this from me? Even though I told you everything about my changing identity?

What the hell happened to us being completely honest with each other?

I always forget how cute I look when I'm angry.

Did you really have to string me along like that?

No, but I wasn't sure if you'd believe me if I said I use magic to transform myself into a man.

Outside of my two closest friends, I haven't told anyone about being Isaiah.

So then why are you telling me all this? You just met me.

Because I really want you to trust me. You're right, we should both be honest with each other.

That, and I feel like you and I have a lot in common.

We've both used our powers to transform into the "perfect" version of our opposite sex.

We can score with literally anyone we want. And we both like it so much that we don't wanna stop.

What made you wanna try out being Isaiah instead of Isabelle?

At first, I turned into a man to tease my ex. But when he started playing along, I gave this form a chance.

I feel powerful when I'm Isaiah. Not to mention confident and in charge. That was hard to come by when I was-

KNOCK!
KNOCK!

Isabelle? Are you in there, sweetie?

Shit! That's my mom.

I thought you said your parents weren't home. What are we gonna do?

Wait, I've got it. You're gonna pretend to be me.

Are you crazy? I can't act like you around your mother. And how do I explain you?

I'll think of something. Just act natural and smile.

But I don't know the first thing about being you.

KNOCK!

KNOCK!
Izzy!
Is everything alright in there?

There's no time. Invite her in now, or she's gonna be furious with us both.

Uh... c-come on in, Mom! How are you doing today?

Are you okay, Izzy? I heard you yelling a moment ago, and wanted to make sure you were okay.

Oh y-yeah, I'm totally fine. Never been better.

That's good. But I...

Oh! You have company. Hello there, young man. Nice to meet you.

Heh, likewise, Mrs. Arrington. Izzy has told me so much about you.

How strange. Isabelle hasn't mentioned you before. What's your name?

I was actually going to tell you about him later. I- I wanted it to be a big surprise.

This is my boyfriend! H- his name is... Isaiah!

What the hell is she doing?! This is only going to make things weirder!

Really? That's wonderful news!

You had been spending a lot more time outside, so I'm glad to know you were meeting new people.

And it is odd that this Isaiah guy has hair and eyes just like Isabelle's.

I know I should be happy that Izzy found a boy she likes, but it feels like they're hiding something.

Something seems off about Izzy's behavior. She's acting so strangely.

Then again, Sebastian and I were just as awkward around our parents at their age.

Don't you two look cute together. How did you meet Isabelle, Isaiah?

At the mall. I uh... sensed her aura and was blown away by her beauty.

Aww, you're such a romantic, sweetie.

This ought to help sell the illusion to her mom.

Oh god! I feel like I'm gonna die from embarrassment.

Your father and I were the same way when we were your age.

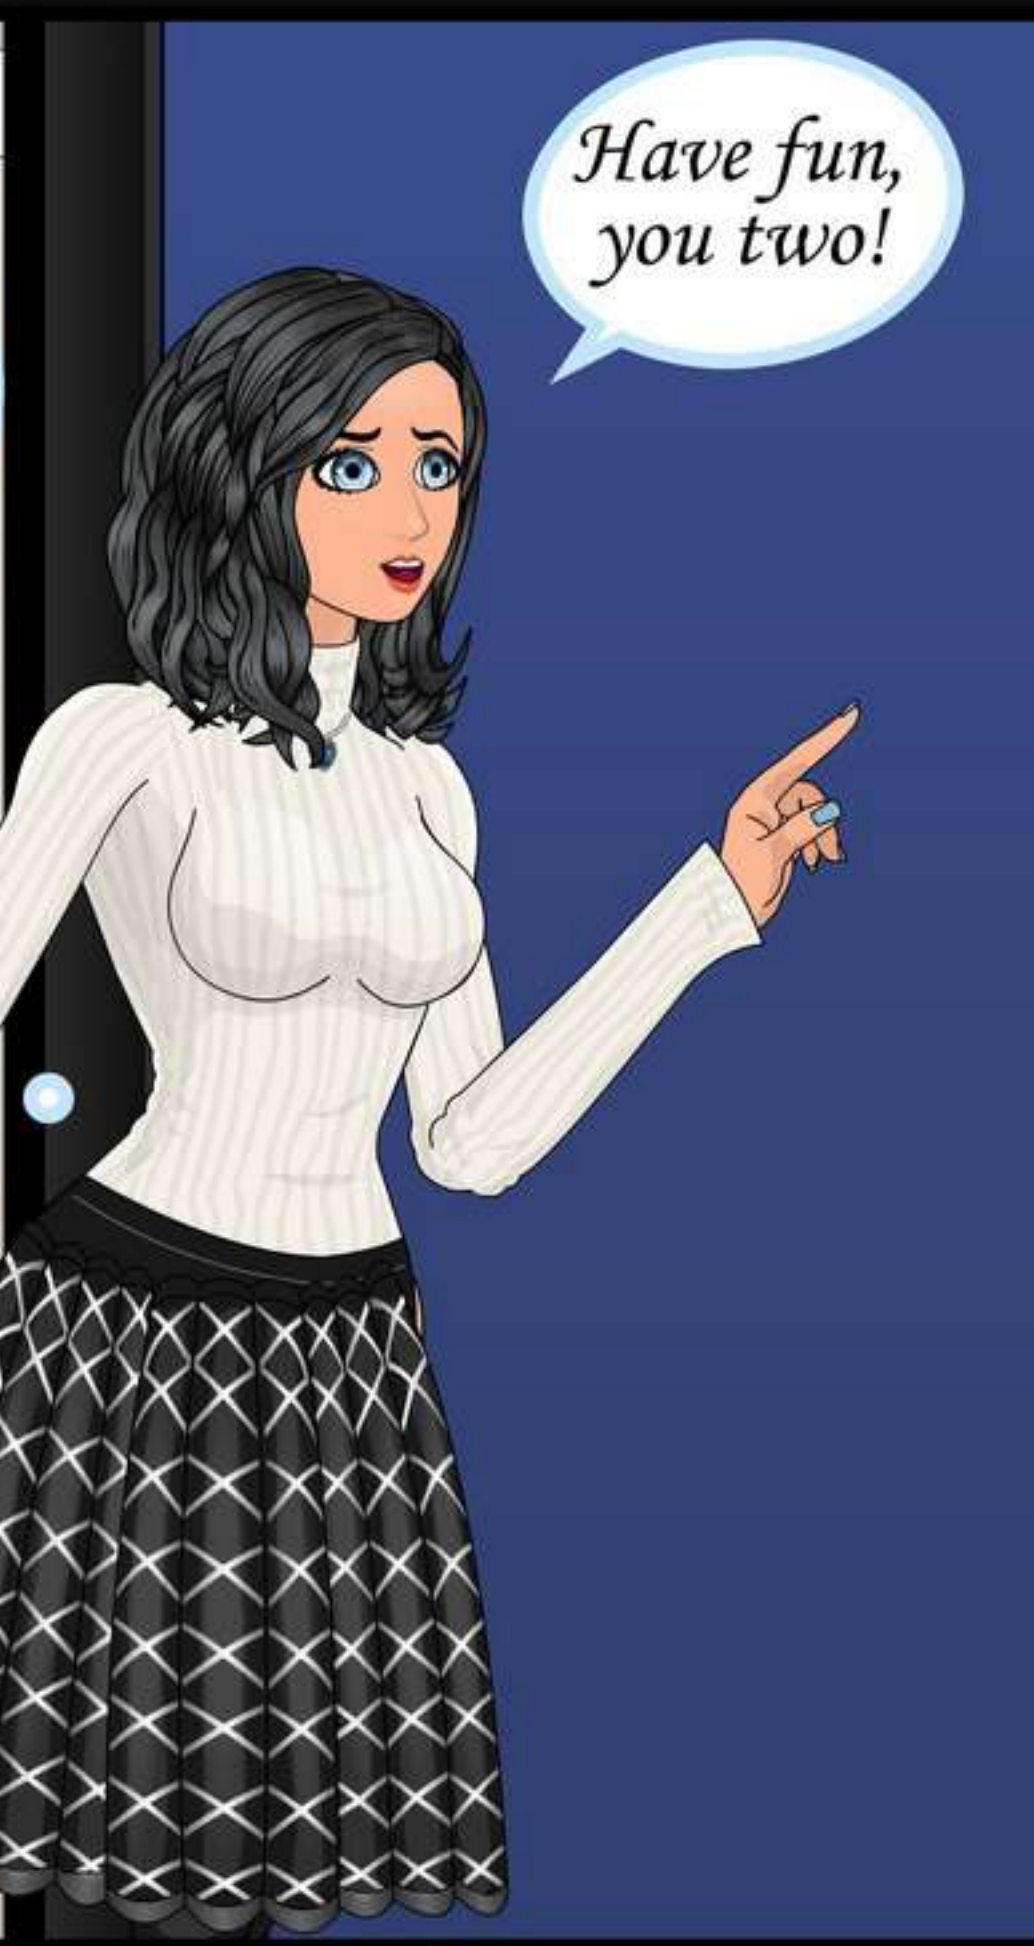

How about I make you two some mana cookies?

You don't have to do that, Mom. Isaiah and I were just about to head out.

Well, if you change your mind, let me know. And Isaiah, you should come over for dinner soon.

Something is definitely up. But if they don't wanna tell me, I shouldn't pry until they're ready.

Have fun, you two!

Oh god! That was way too close!

What was all that? Calling me your boyfriend in front of my mom?!

I panicked. I had to do something to make her think we're a couple. Your mom might have grown suspicious.

She's already suspicious! Why did you kiss me in front of my mom?

What? I thought that you wanted to kiss me all afternoon.

I was just doing both of us a favor by finally doing what we've both wanted to do. Or were you expecting more?

After what just happened, I don't know what to expect when I'm with you.

But... I'd say you enjoyed teasing me in front of my mom.

I definitely did. Call it payback for making me wear your clothes, Isabelle.

Alright, I guess that's fair. Now we're even.

You did a nice job pretending to be me, by the way.

Thanks. I've had a lot of practice pretending to be other women.

But I'd like to know why you acted surprised by my clothing spell, even though you've transformed into a man...

For one, I had never seen a passive transformation enchantment like yours before.

And two, because I didn't expect to find someone who used magic like I do.

And most importantly, because of your enthusiasm and seductive behavior, I felt we could have a lot of fun together.

Oh really? What kind of "fun" did you have in mind?

We're having it right now. I can tell you enjoy wearing my cute clothes.

But there's so much more we can do.

For example, my idea of the "perfect woman" is a little different from yours.

Your Christen form is smoking hot, but I'd love to see a perfect Isabelle.

I mean, your body right now is damn close to perfect. But it could use a few modifications.

If you do this for me, I might pay you back later.

You wanna turn me into a big tiddy goth girlfriend?

Hell yeah! Let's do this!

There's that Christen energy I like to see.

As much as I like that outfit, go ahead and take it off.

How exactly would you like to do this? Are you gonna use magic on me?

My magic would be instantaneous. It's more fun to watch you transform.

I'll teleport us some clothes from girls at my school that I admire.

Then I'll duplicate the clothes, and you'll put on the duplicates.

Let's start off with this bra. I was never too happy with my B-cup breasts.

I always thought about going bigger, but my mom talked me out of it.

This bra is huge! Who's is it?

That belongs to Jennifer, a very close... friend of mine.

You and her would get along really well, actually.

But I've always admired her luscious DD-cup breasts.

Nice to know they look good on me, too.

Speaking of friends, this top belongs to my best friend, Claire.

I've always been jealous of her thin waist.

Given your hunky male form, I wonder what Claire would think of you now.

Oh, she's seen me like this. And she was thoroughly impressed.

I also might have made some modifications to her top to fit my tastes.

Looking pretty "big tiddy" and pretty "goth" so far. How about panties?

Actually, I gotta admit that your Christen form has the best ass I've seen.

I wouldn't mind seeing your ass on my body.

I appreciate the compliment. I love this booty of mine, too!

I've been working out more in my female form, just to make sure my ass looks good in my cheerleading uniform.

Mmm, now those long legs look great in those tight pants.

I still say it should be a skirt, instead of pants.

If you can pull off tight black pants, always wear those over a skirt.

Especially when you've got nice heels to compliment those pants.

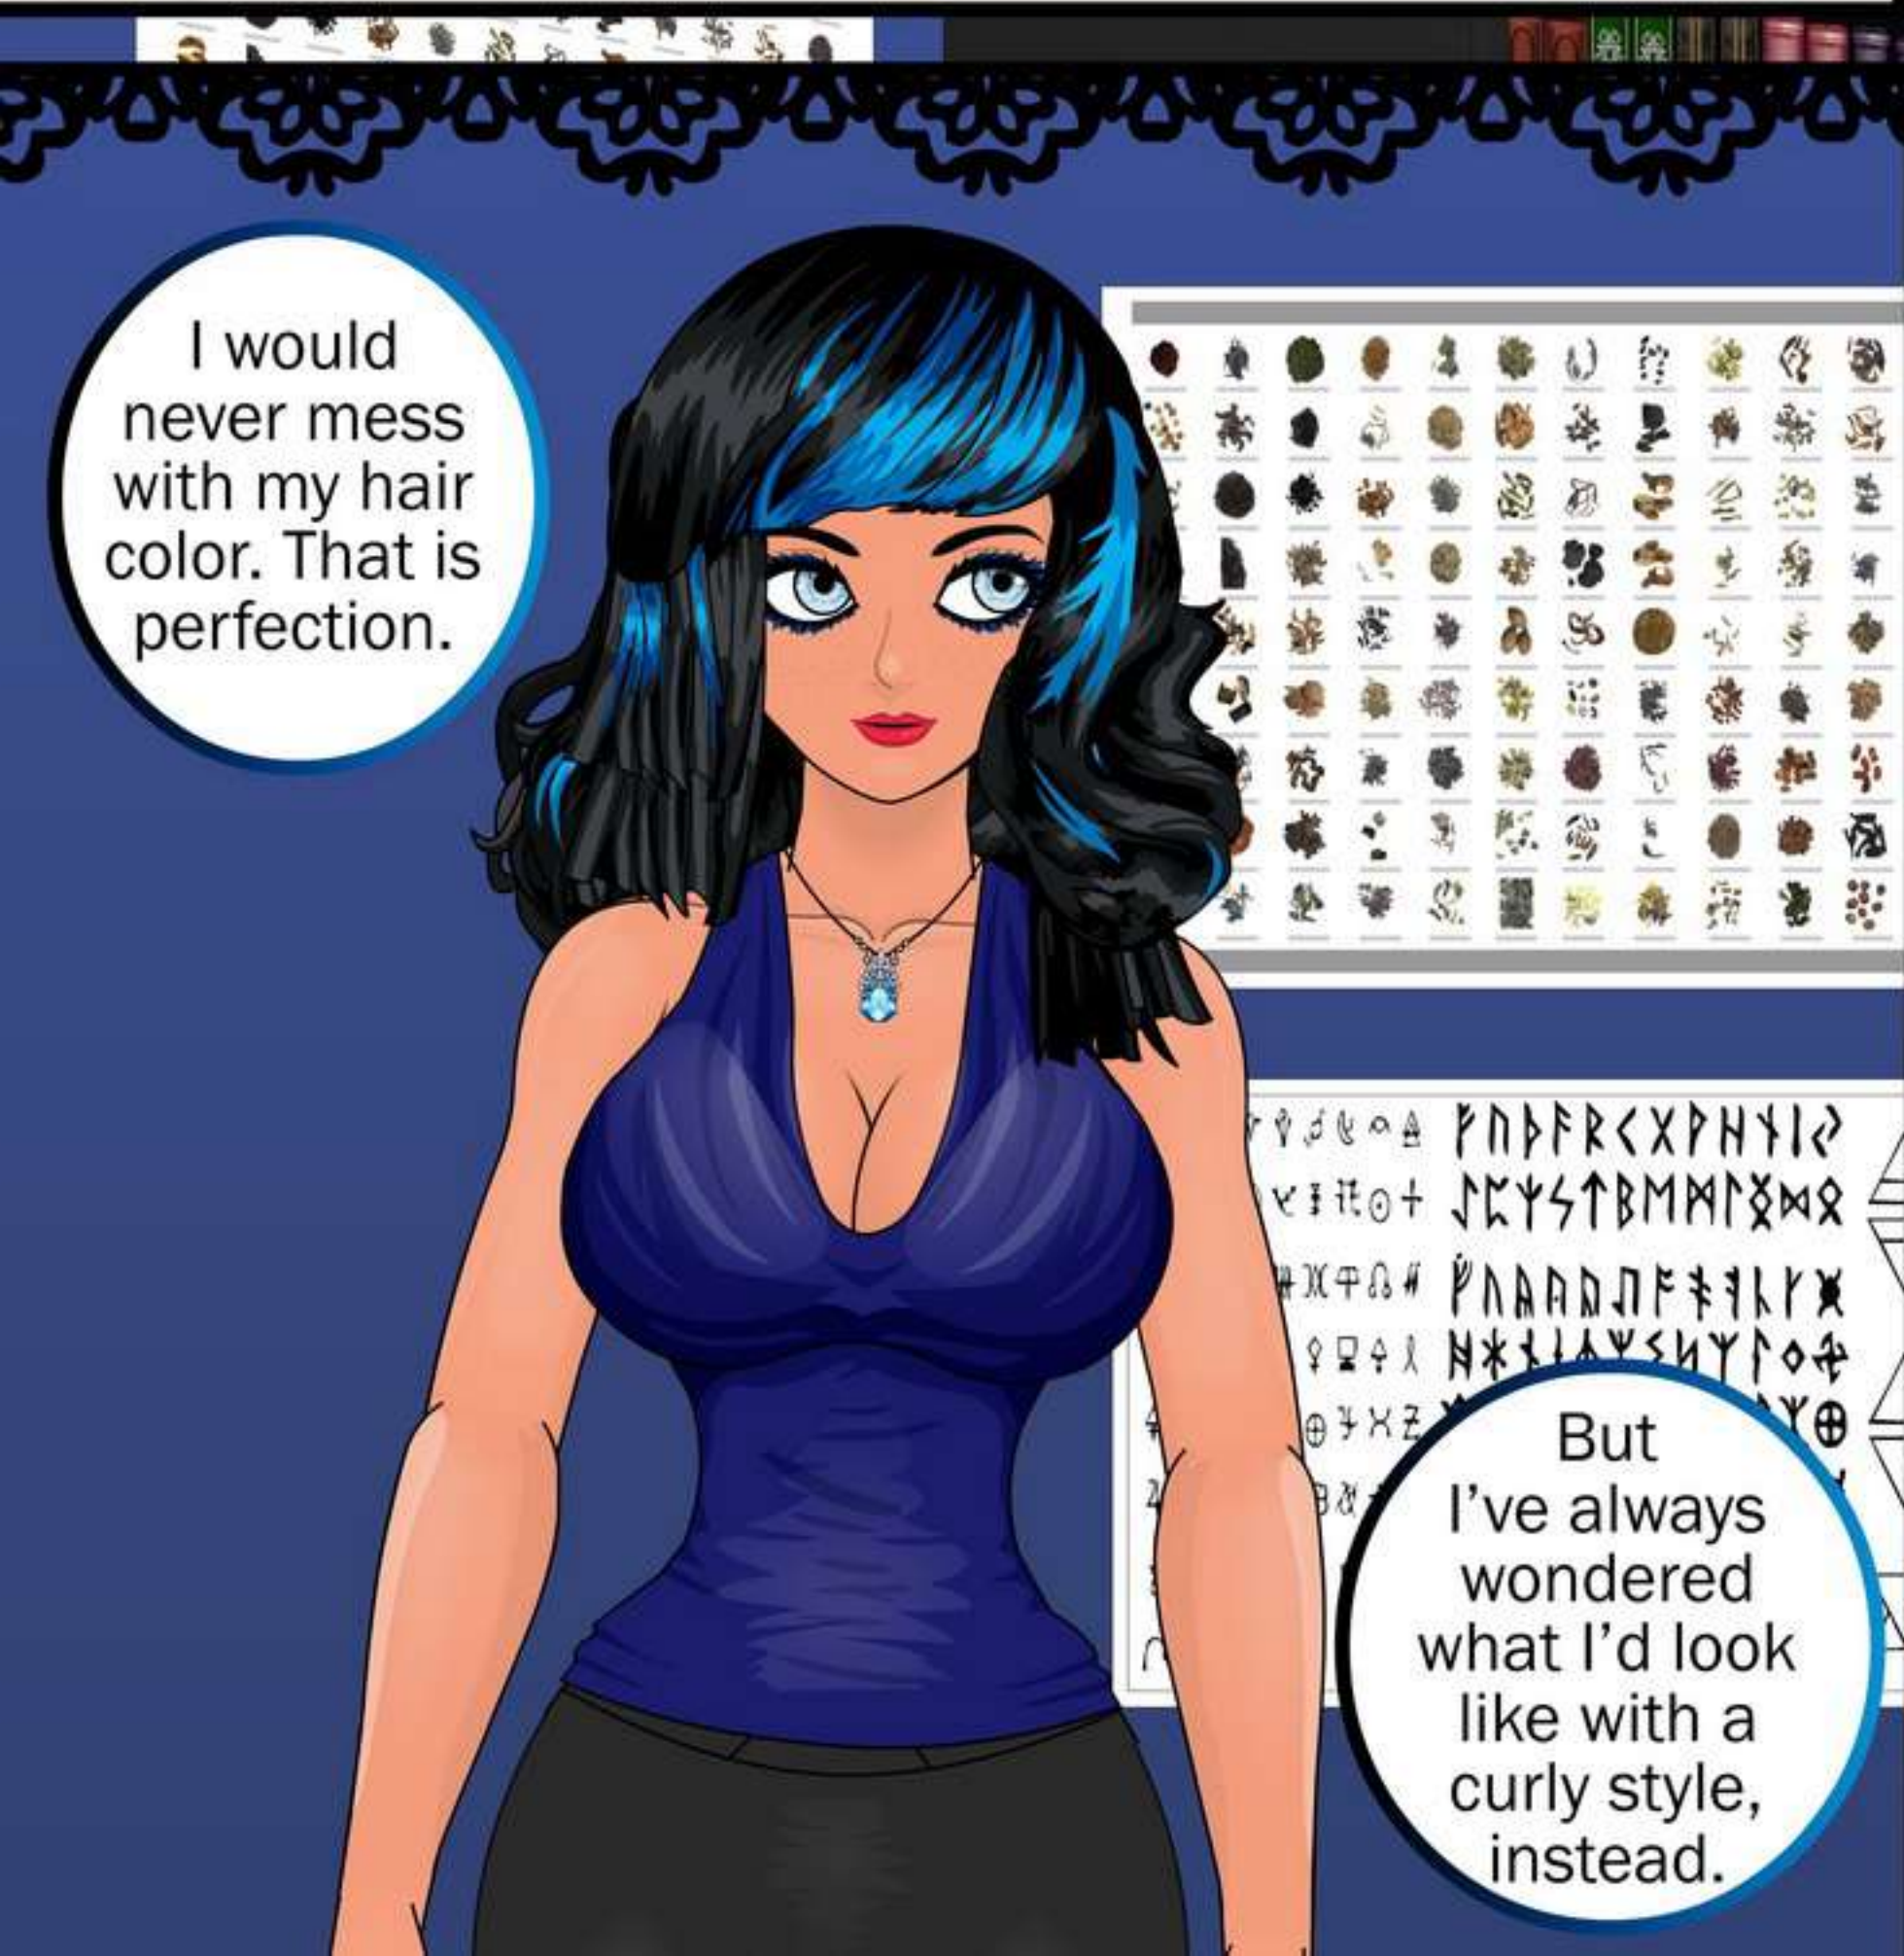

Alright, you've got a point.

I do like the way this looks.

And now the final touch. Wear my necklace and these earrings at the same time.

That should change my hair style without messing with the colors.

I would never mess with my hair color. That is perfection.

But I've always wondered what I'd look like with a curly style, instead.

Mmm, I kinda like the way this longer hair brushes against my neck.

Oh my god! I look amazing with that hair!

The hair isn't the only amazing thing about this body.

Wow, now I really do look like someone's big tiddy goth girlfriend.

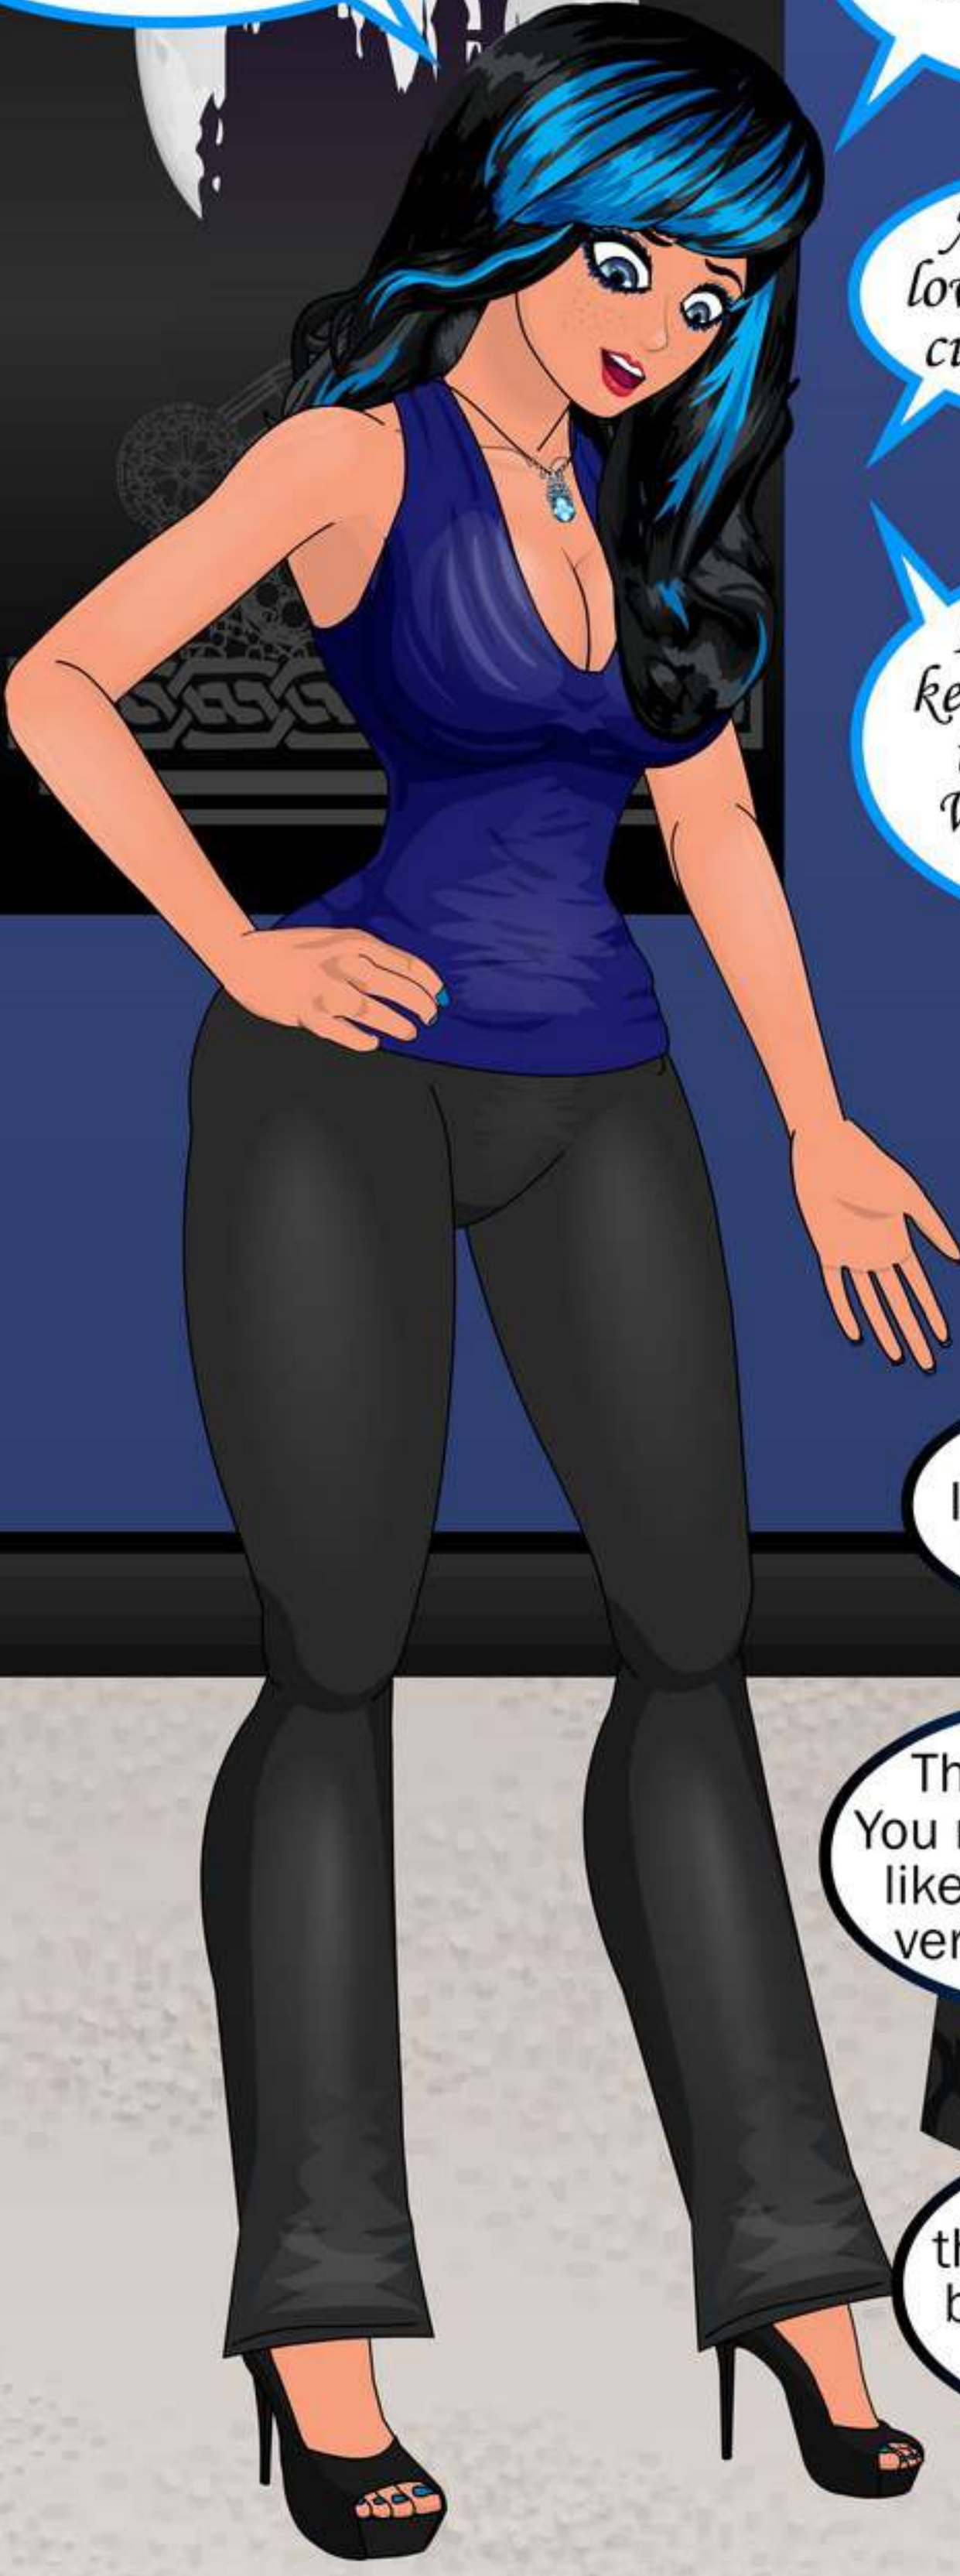

And I kinda love it, too! It's cute and sexy!

I might just keep this outfit to use later. What do you think?

Holy shit! I'm... actually blown away.

This is crazy! You really do look like the perfect version of me.

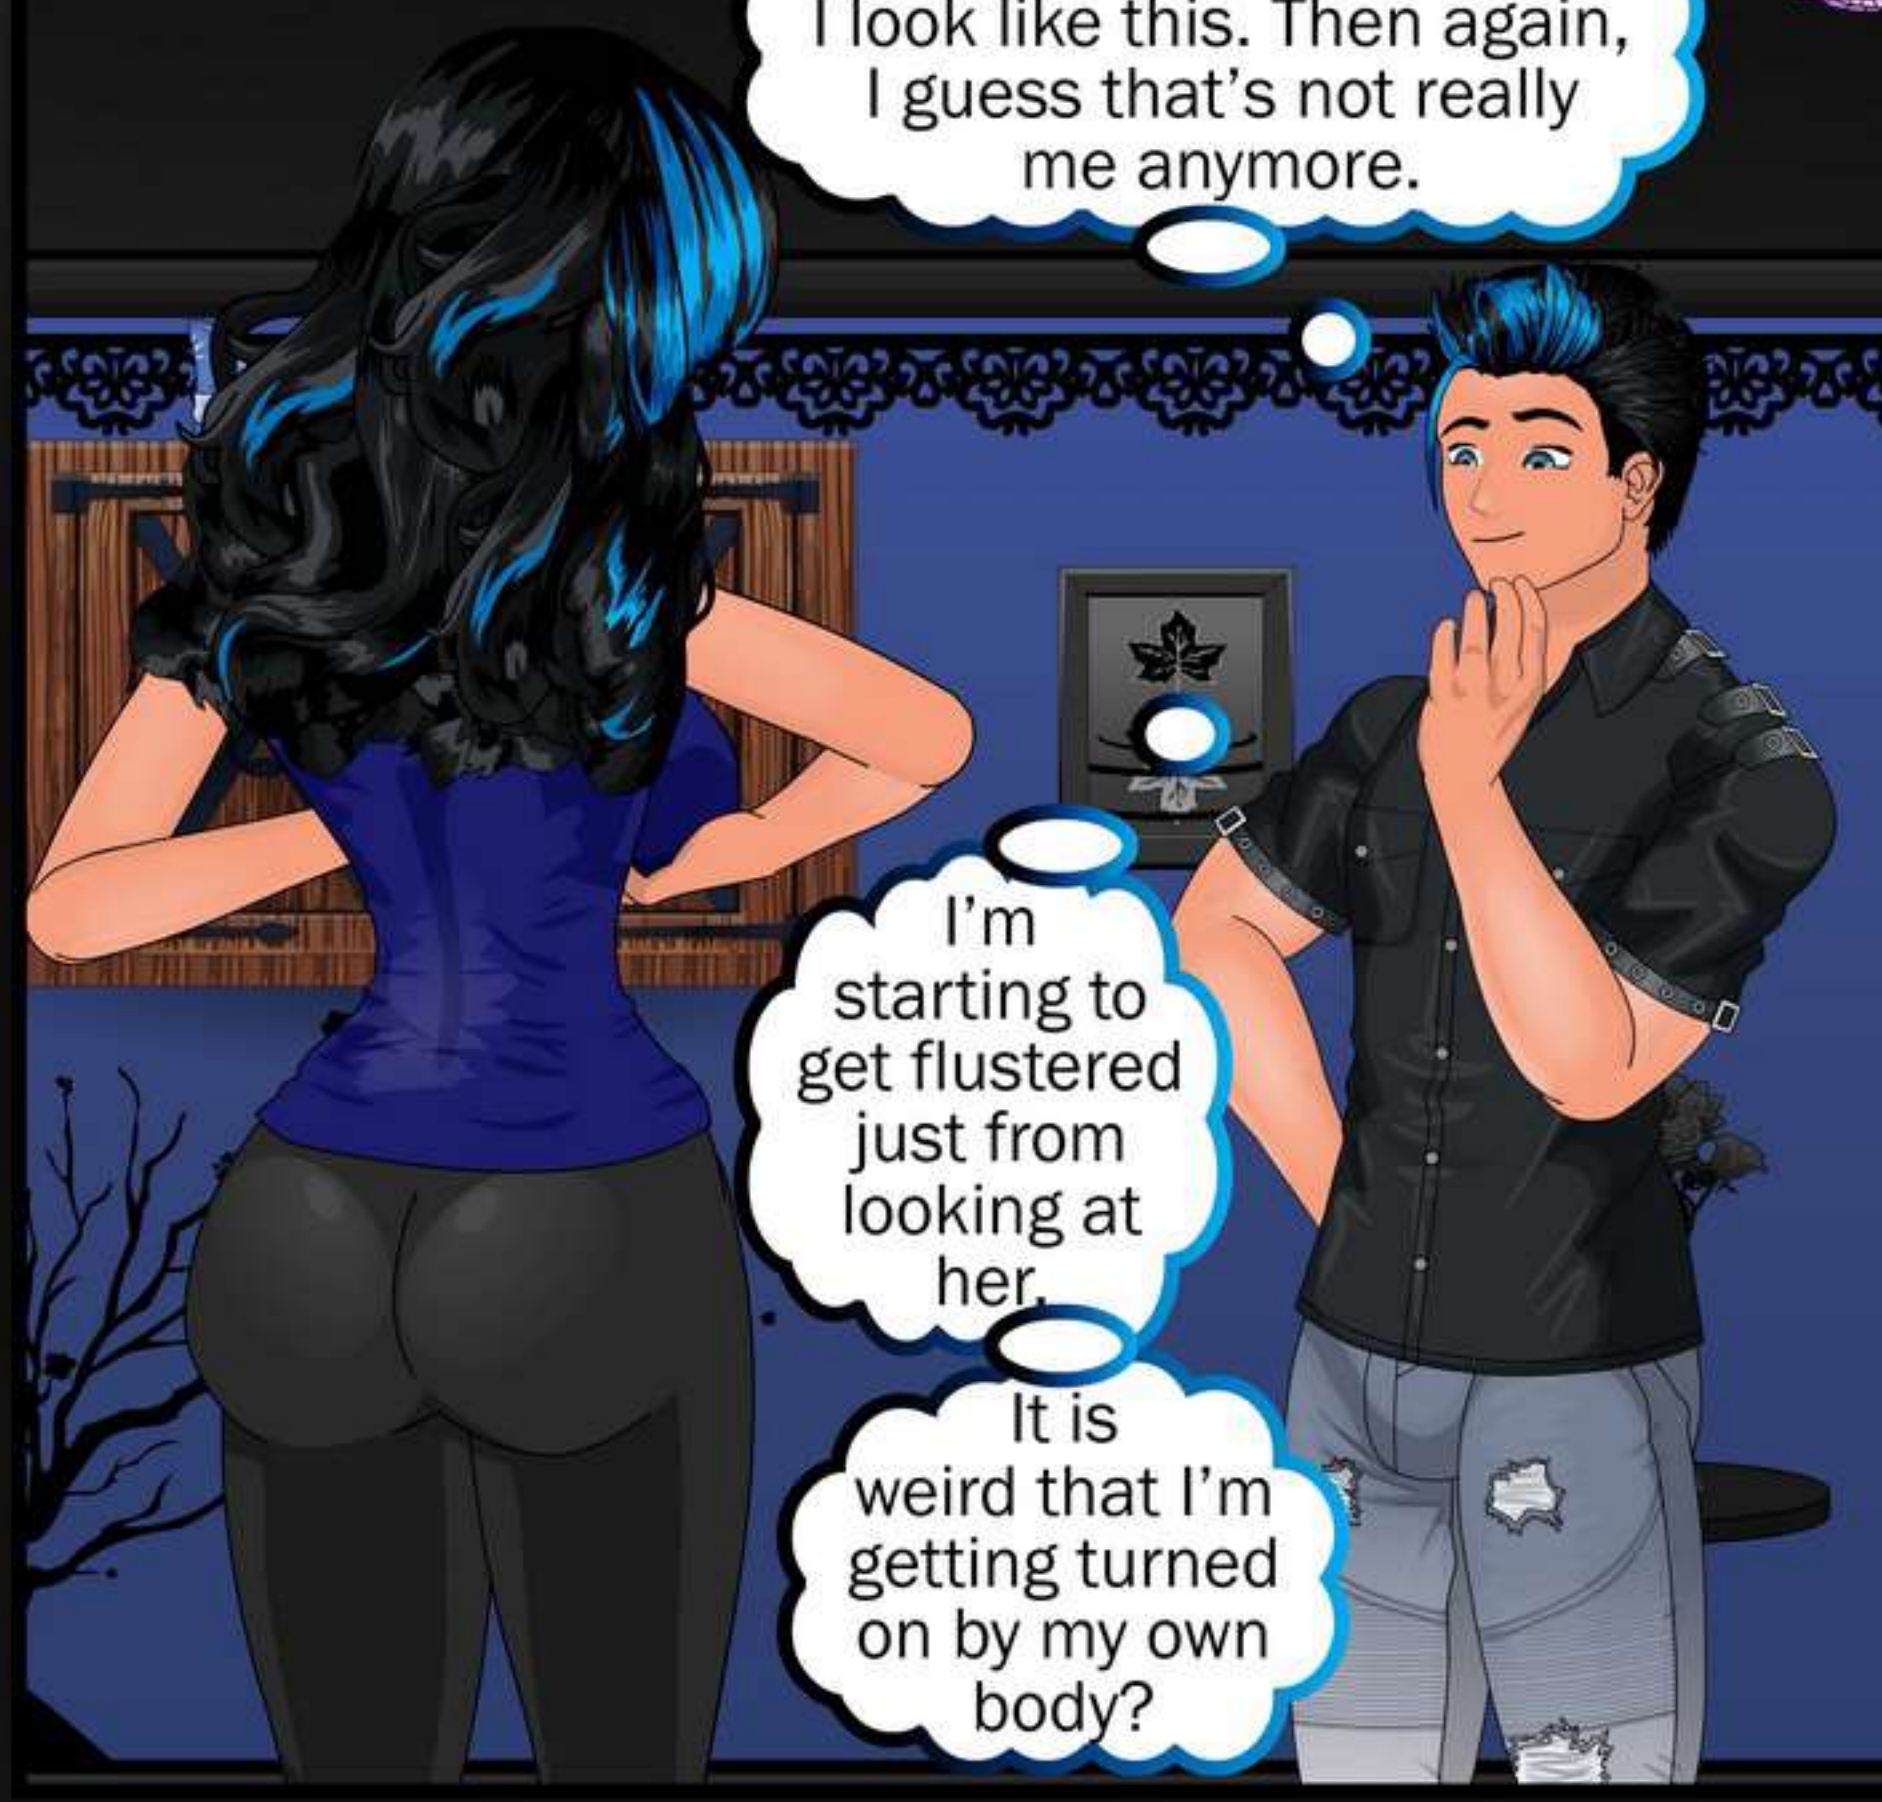

I loved the way I looked before, but this is... stunning.

I can't believe how good I look like this. Then again, I guess that's not really me anymore.

I'm starting to get flustered just from looking at her.

It is weird that I'm getting turned on by my own body?

Let's have a little more fun with this.

Now that your form is set, I want to see you in some different outfits.

How about an Isabelle fashion show?

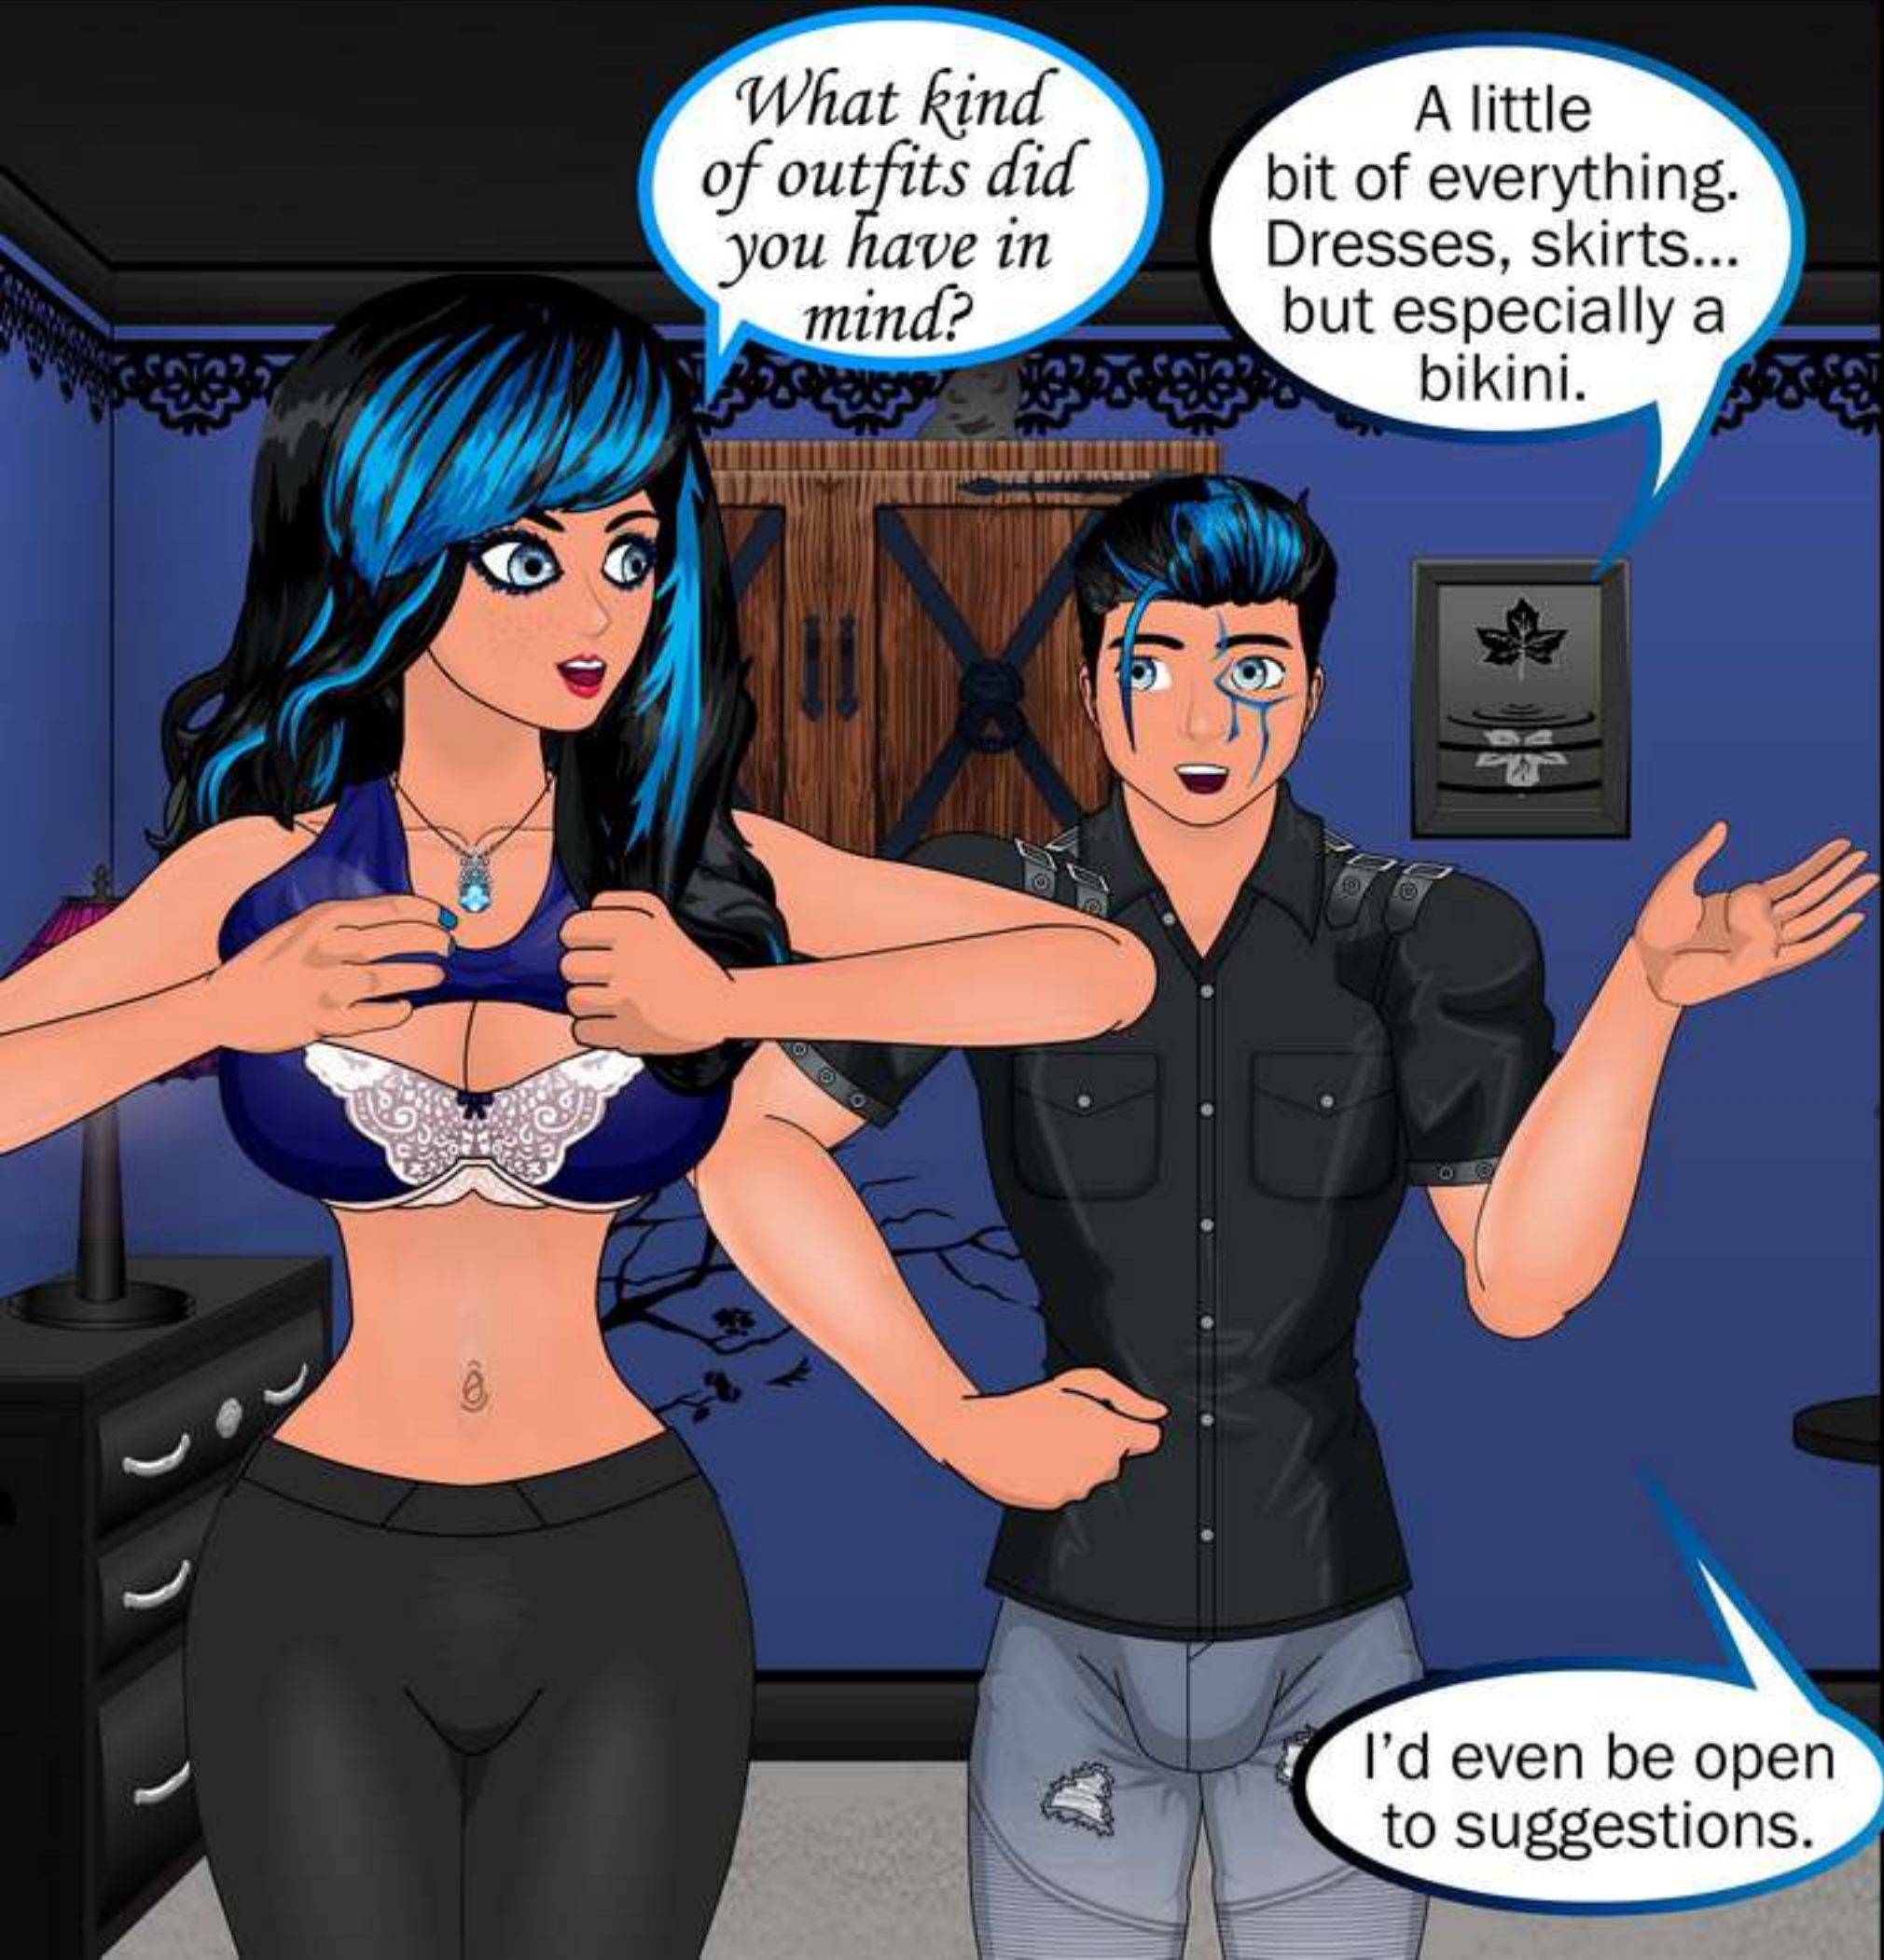

I love the idea of being your model.

What kind of outfits did you have in mind?

A little bit of everything. Dresses, skirts... but especially a bikini.

I'd even be open to suggestions.

A bikini sounds great, but I'd like to try on some lingerie even more.

I've modified a few of my clothes to fit your gorgeous curves.

You wanna be a goth girl? The clothes are the most important part.

This one feels nice. I like the mature vibe it gives off.

I could see myself going to a job interview in this.

And you'd definitely nail the interview with that number on.

Now this is definitely what comes to mind when I think of a cute goth girl.

How's it feel to wear a skirt?

I think I prefer skirts to pants. I like the way the frills feel on my legs.

Now that's a cute look. The jeans compliment your hair and eyes.

Giggle!
I never thought I'd get that type of compliment, but I could get used to hearing it.

Wow, you really fill out that bikini!

You'd be turning every guy's head if you wore that on the beach.

Damn right. I've got an idea for the next one.

How about a Halloween costume?

Oh my god, you were totally right! You look amazing in that!

I figured you'd have a thing for her.

Heh, if she wasn't my favorite video game character before, she is now.

I guess we can call you Mad Izzi.

Let's try something a little different now.

Something that you won't find in most people's closets.

I love that you can make any clothes we want appear out of thin air!

I'm so glad I met you now!

I... I'm speechless. That looks incredible on me!

Wow, this one leaves nothing to the imagination, does it?

I wanna hang on to this one. I'd love to wear it while clubbing.

Welcome home, my king. Shall I perform the dance of the seven veils for you?

Hehe, I think it'd be pretty kinky to be a part of a harem in this outfit.

Now this is what I wanted to try on the most.

I love the way this silk feels against my bare skin!

Wow, I don't know which one I like best.

You've been a perfect little model, Christen.

But I wanna see more of you in that lingerie.

Go ahead and put on a little show for me, Christen. I wanna see this body in action.

Mmm, you've asked for it now, Isaiah. How about I...

Give you a little tease?

You like that?

Having your perfect woman rub her ass against your big, hard cock?

I'll bet you've been thinking about doing this to me all day, haven't you?

Fuck yes, you're so sexy!

I don't wanna hold back any longer. Fuck it!

I knew that Isaiah couldn't resist me forever. I like that he's not wasting any more time, now.

At this point, I don't care how weird this is.

Christen really has become the perfect woman. It'd be a shame to not get nasty with her.

Wait, what about your mom? What if she hears us?

Don't worry, I've put up a sound dampening spell around my room.

What a handy spell. Now I can finally jump your bones like I've wanted to do all day.

That's what I like about you, Christen.

Not only are you energetic and eager, but you know exactly what you want.

From the moment I met you, you've been deliberately provocative.

You love being a seductive woman, and I can't take it anymore.

I'm gonna fuck you so hard, Christen.

I'm glad you see me for who I really am. That's a huge turn-on for me.

And I also see the real you, Isaiah. You love to be in control.

Lucky for you, I love when a strong, confident man tells me how to please him.

Besides, you told me to follow your orders to the letter.

What would you like me to do next, Master?

Heh, "Master". I like hearing that.

Get on your knees for me, Christen.

I'll bet you *like* being on your knees, now.

It's definitely hard to beat the view of a hard, throbbing cock staring me in the face.

Why don't you say hello to your new friend?

He's certainly happy to see you.

The feeling is mutual, big boy.

Mmm, you really do like to tease. Even with your tongue.

If he likes that, he'll love this more.

That's it! Good girl!

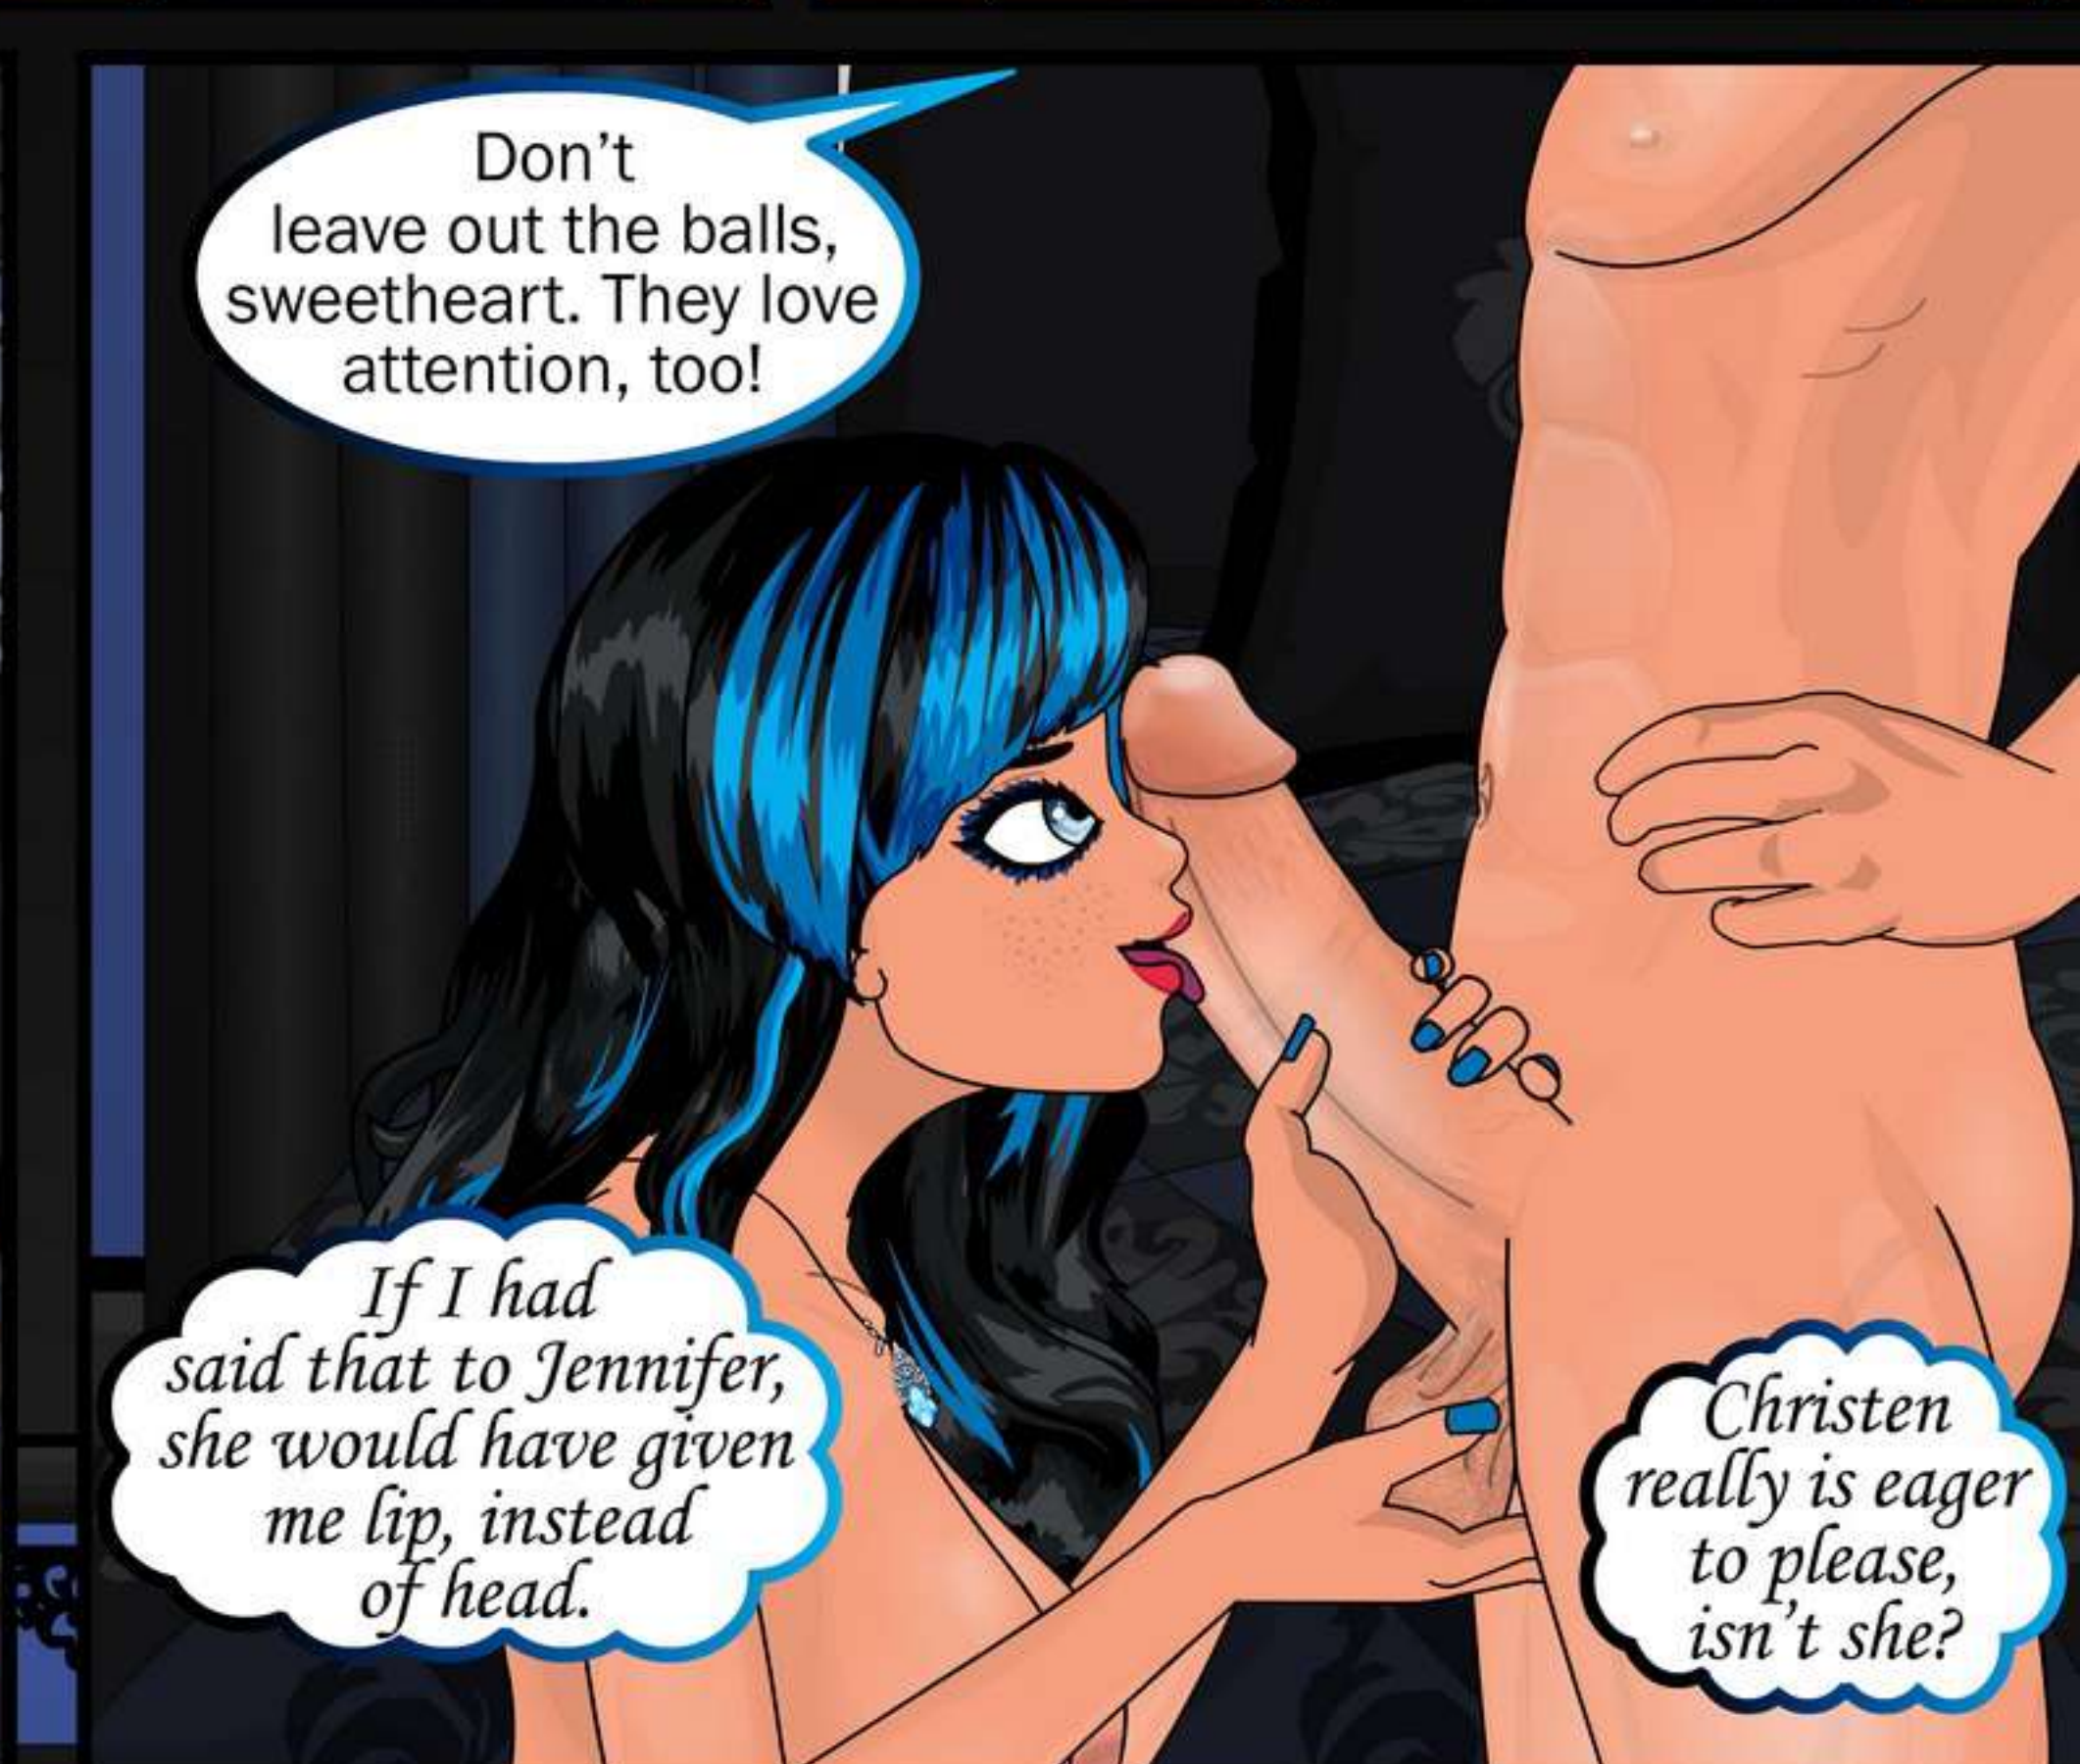

Take as much as you want, Chrissy.

Yeah, you like sucking me off, don't you? I can see it in your eyes.

I'll bet you've been thinking about doing this all day.

He's not wrong. Isaiah is definitely hotter than whoever I was waiting for at the mall.

Don't leave out the balls, sweetheart. They love attention, too!

If I had said that to Jennifer, she would have given me lip, instead of head.

Christen really is eager to please, isn't she?

Damn, you have no problem taking me, do you, Isabelle?

You enjoy being my little slut, Izzy?

As long as he's enjoying this, he can call me whatever he wants

Keep going, Izzy! I can't help myself!

Oh, Isabelle...

Holy fuck! He's making me deepthroat him!

This is so hot!

Mmm... fuck! You really will do anything to please a man!

You are a little slut, aren't you?

If you want me to be your little slut, then I'll happily be that, Master!

Oh! Oh! OH! I can feel it building up!

I'm about to cum!

Oh god, Izzy! I wanna feel your mouth around my cock as I cum!

Fuck! That's it, baby!

I- I'm cumming! YES!

MOAN!!!

Mmm, there's so much of it!

I still can't get over how rewarding it feels to have another man's cum in my mouth.

PANT! PANT!

That was more intense than I expected. You've really impressed me, Christen.

I'd like to return that favor I owe you for trying on my clothes.

And show you the same pleasure you showed me.

I thought you wanted me to pleasure you.

I can see how wet you are down there. It would be cruel to ignore your pleasure.

Plus, I wanna know how my own pussy tastes.

Oh fuck, Isaiah.

MOAN!

I love the way you eat me, baby!

Keep moaning for me, my little slut!

Mmm, your tongue feels incredible!

MOAN!!!

Keep going, Isaiah! Give me more!

Fuck, the sound of her moaning is turning me on all over again.

I bet she'll love this.

No way! How did you get erect so quickly?

A spell that reinvigorates your new friend.

You'll have to teach me that spell later.

But now, how about we both spend some time with our new friends?

MOAN!!!

Slurp!

Damn, this is so hot!

Keep fucking me with your tongue!

MOAN!!!

I'm getting so close now!

Make your perfect woman cum, Master!

Oh god! Yes! YES!

I'm cumming!!

Fuck, I love having my clit sucked so much!

MOAN!!!

That's it, Izzy! Grind against me as you cum!

How did it feel to eat out your perfect woman's pussy?

Sweet and savory, just like me.

Thanks for giving me an opportunity I never expected, Christen.

Of course! But you make it sound like we're done. Anything wrong?

Honestly, I kinda miss your Christen form.

As much fun as it is to have you be Isabelle, there's something about your body that I'm drawn to.

Yeah, I have that kind of effect on men.

It's like you said earlier, I don't want to deprive the world of Christen for too long.

Besides, you've been a great sport for playing along with my fantasy.

For that, I'll transform you back instead of keeping you as Izzy forever.

Aww, that's so sweet of you.

I told you, I'm savory AND sweet.

What would you like to do next, Master?

I promised you earlier that I owed favor for dressing you up as Isabelle. Time to cash in on that favor.

What would you like to do next, Christen?

I've been dying to feel that big cock of yours inside of me.

Put your big wand to use, and give me all your magic.

I'm so glad that's your favor. Your wish is my command.

Let me guess, sorcerers don't need condoms?

You're finally getting the hang of this. I've put up a protection spell for us.

Are you ready for me, Christen?

Always.

MOAN!!!
AHHH!!
FUCK!!

Mmm, you like the way my cock feels?

I'm not even halfway in, and you're already moaning like crazy!

Oh! Although, your pussy does feel nice and tight.

And your cock feels so big inside of me!

I can feel it stretching my pussy out!

I'll start out slow for you. How's that feel?

As much as I like slow and sensual, I love hard and passionate!

Don't go easy on me, Isaiah! Fuck me harder!

Oh yeah! She's really grinding on me now!

So my little slut loves it hard, does she?

I wanna hear you say it!

Oh! Yes! YES!! I love it!

I'm a slut and I love getting fucked hard!

moan...

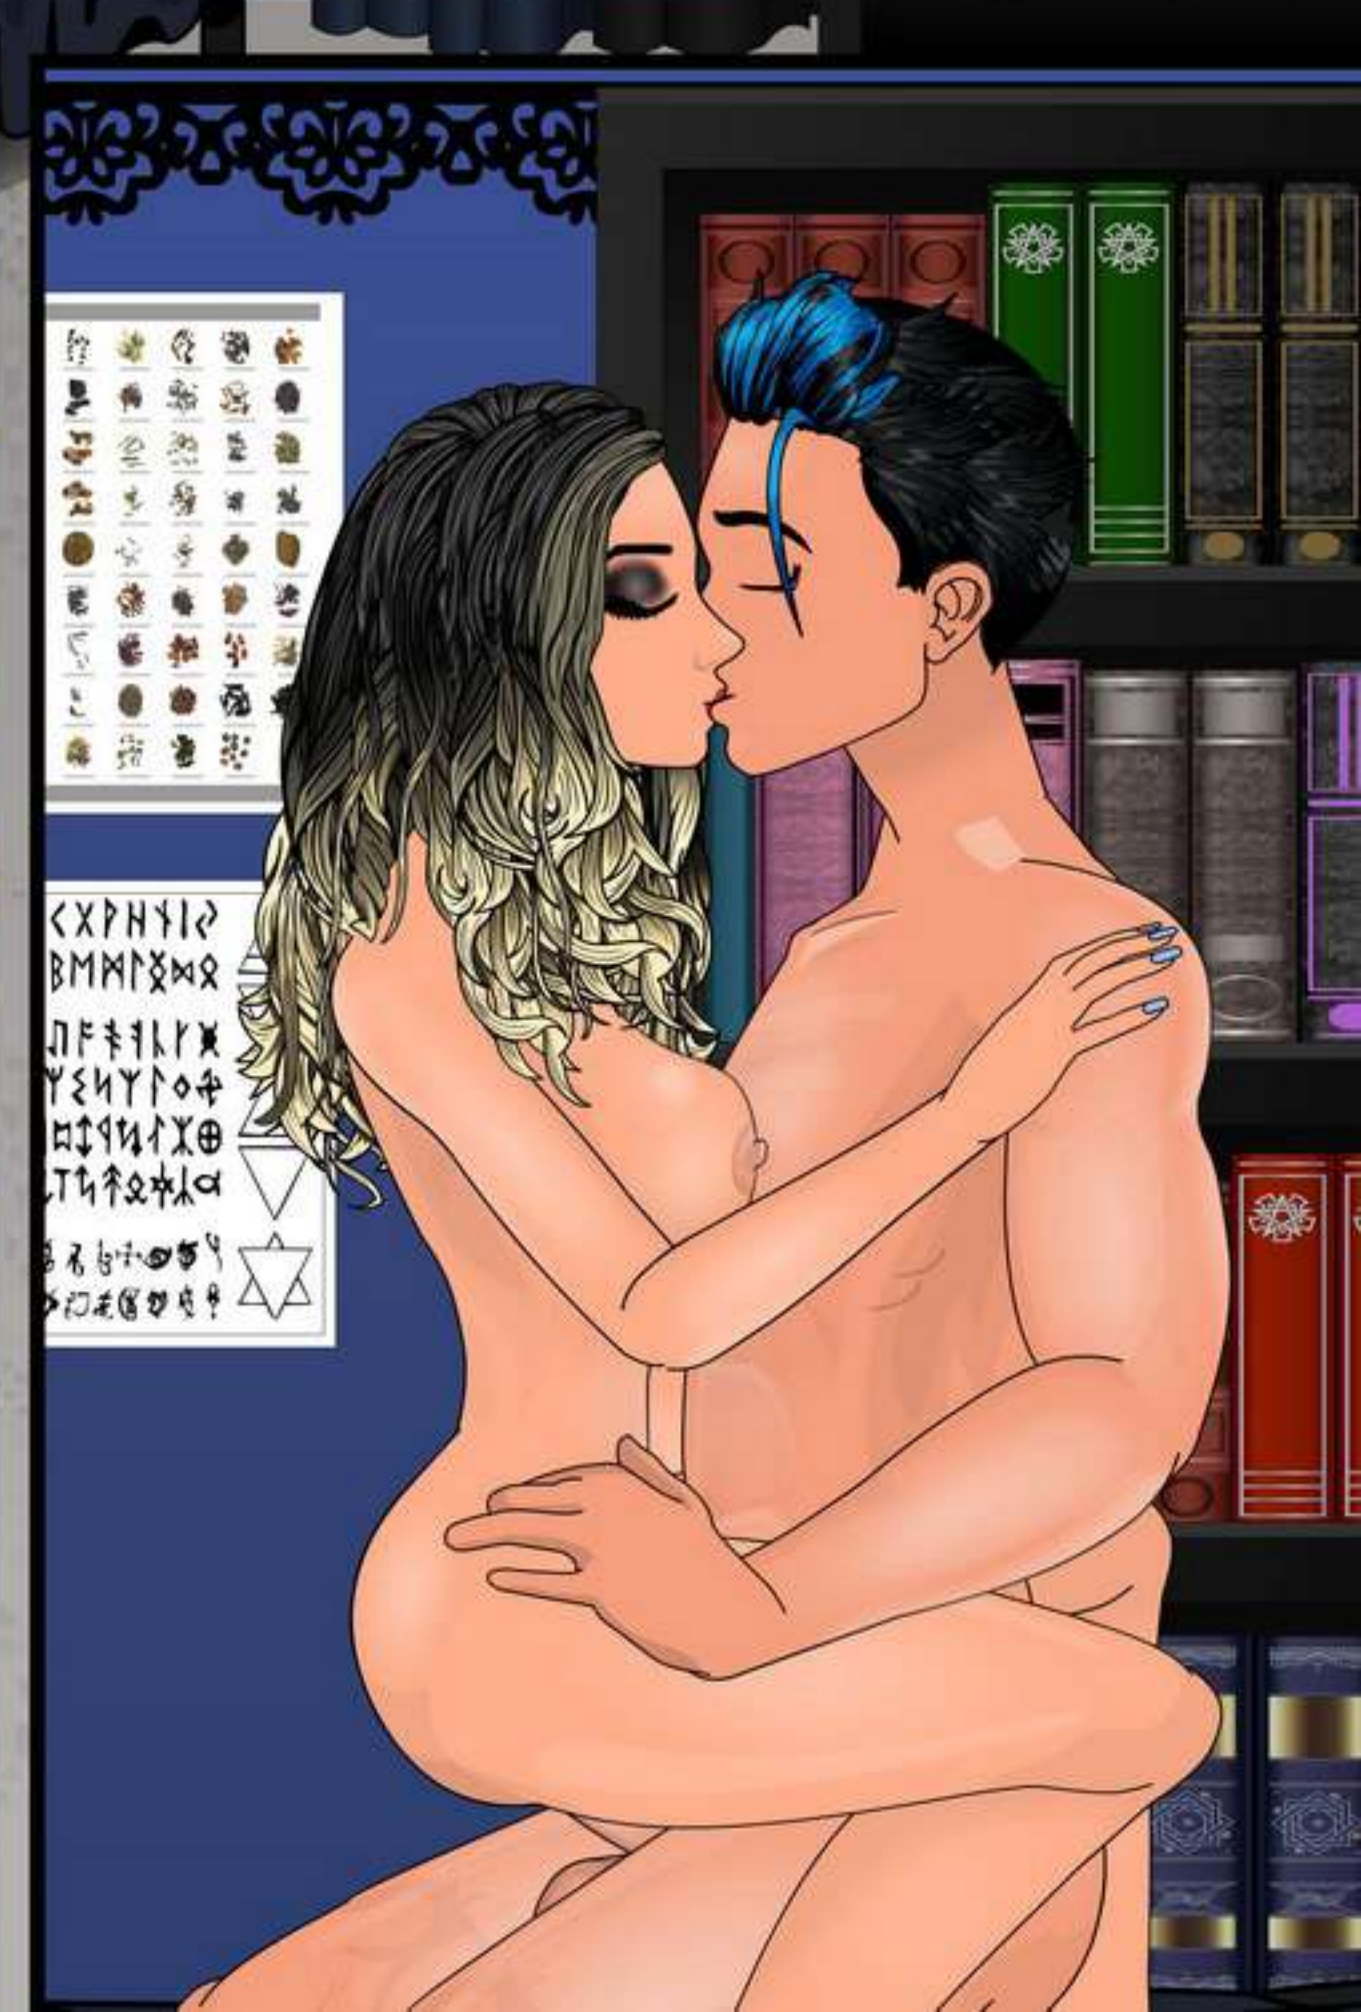

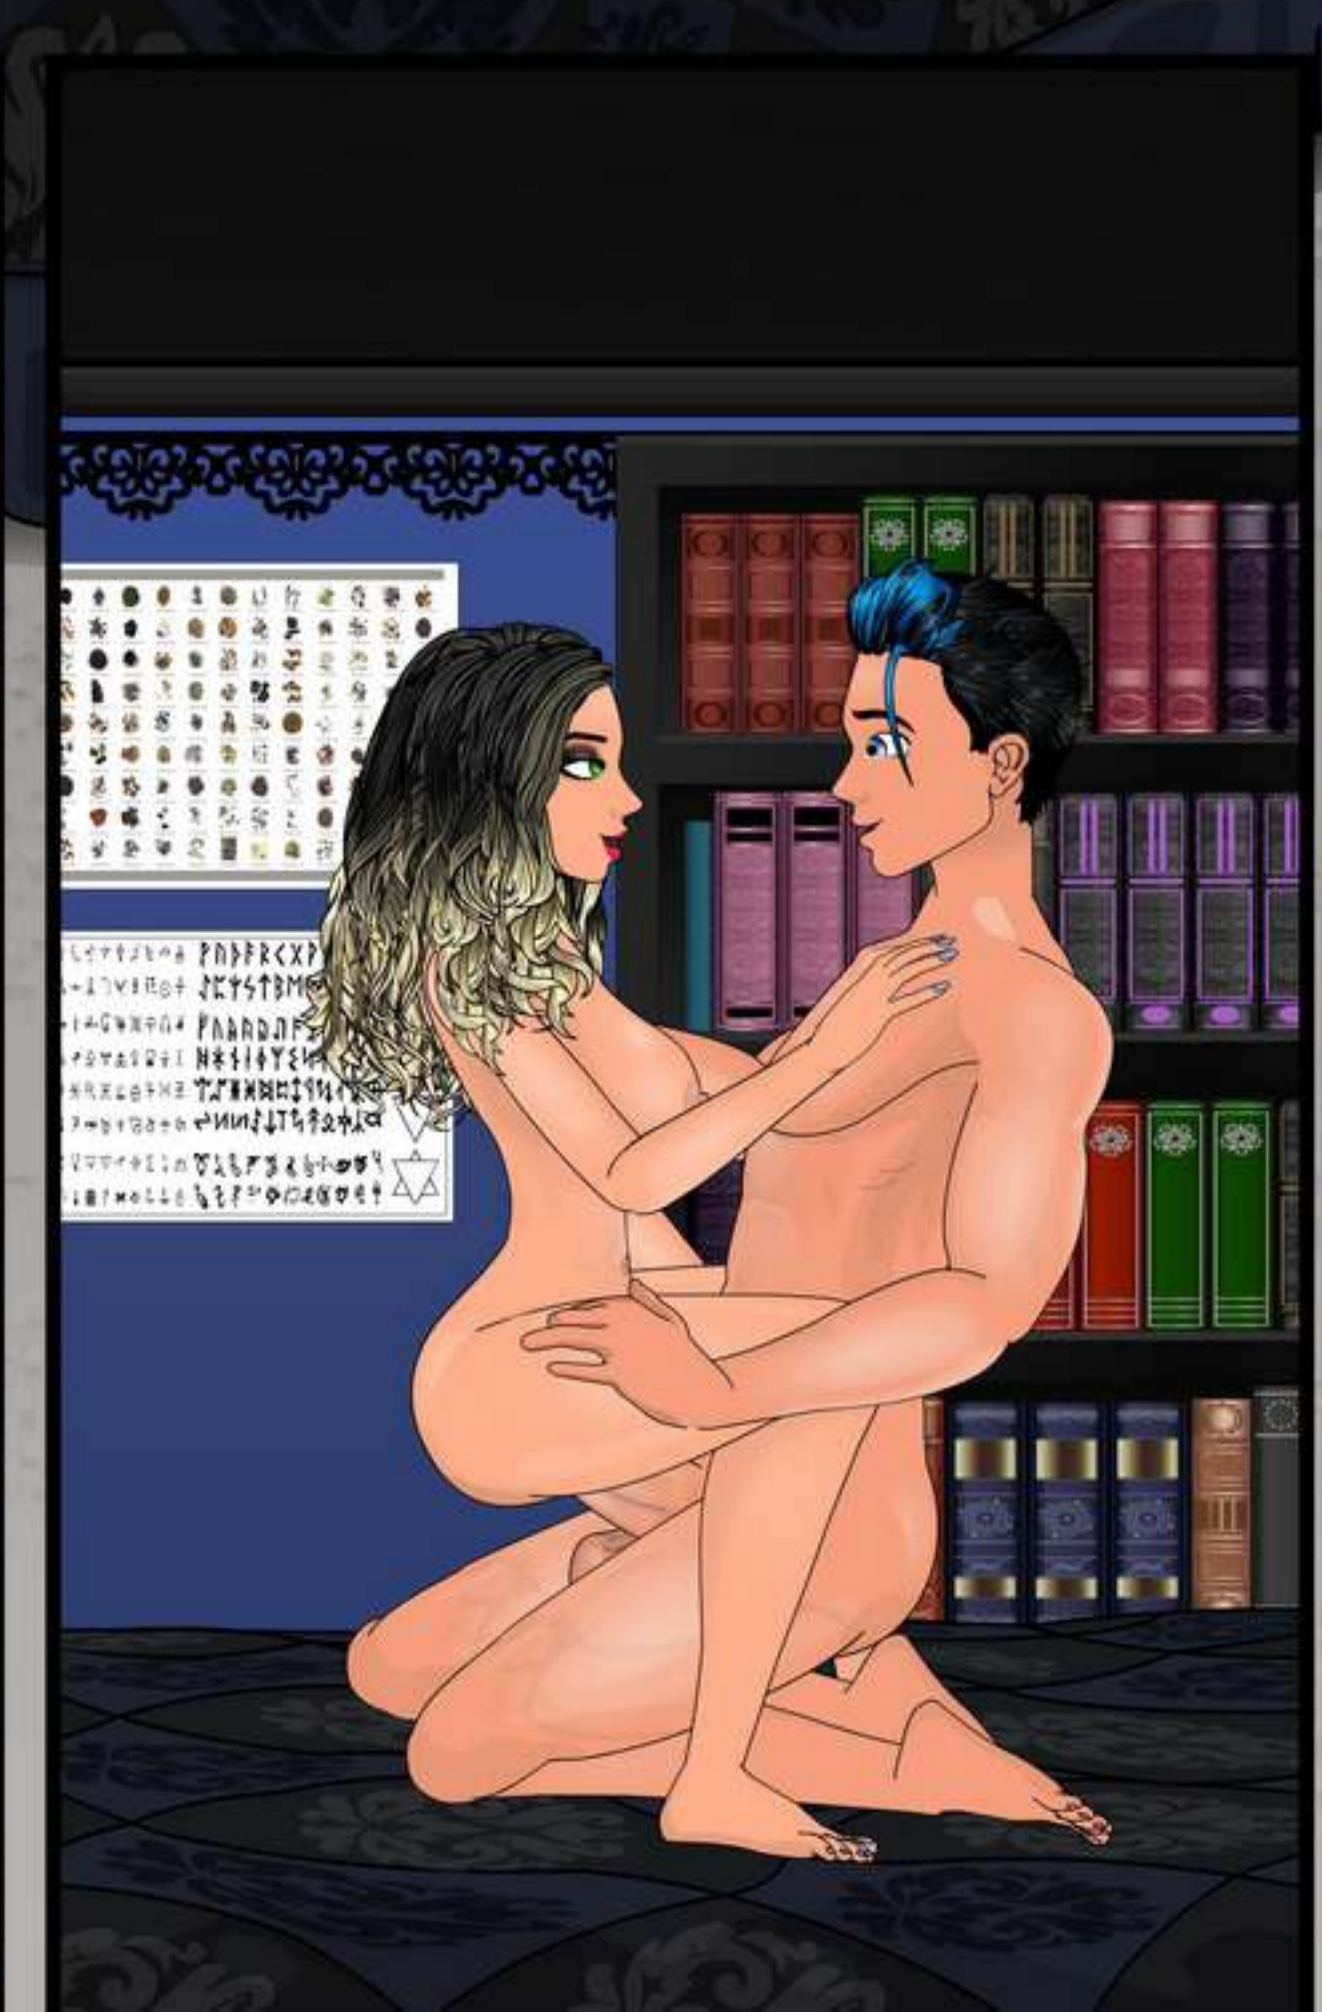

Ah! Oh yeah! Fuck my slutty pussy!

Fuuuck, I'm cumming again!

AAAAHHHhhh!!

Mmmm, I love having multiple orgasms!

I wonder how many times I can get you to orgasm before I do.

Damn baby, you're so good at this!

I could say the same about you! You're insatiable!

MOAN!!!

As long as you keep fucking my brains out, I'll be your insatiable slut!

I'm glad you've come to terms with that about yourself.

But since hearing that really turns me on...

Say it again, Christen! Like you mean it!

SLAP!

MOAN!!!

I'm a slut and I love it! I'm your slut, baby!

That's it, slut! Look out that window and show the world who you are!

MOAN!!!

Ah! AH!! I can't hold it any longer!

I'm gonna cum!

I'm cumming too!!

MOAN!!!

Oh fuck, yes! Yes! YES!!

MOAN!!!

Mmmmm, yeah!!

Wow, that was fucking intense. How many times did you orgasm, gorgeous?

I'm not sure. I think at least five or six times.

Impressive. I admire your stamina.

Same to you. I guess we both have plenty of training and experience for this.

No doubt. What would you like to do now?

I'm curious how you could use your magic spells during sex.

Heh, you've only known about magic for a couple hours, and you're already thinking about how to use it for sex.

You kinky girl.

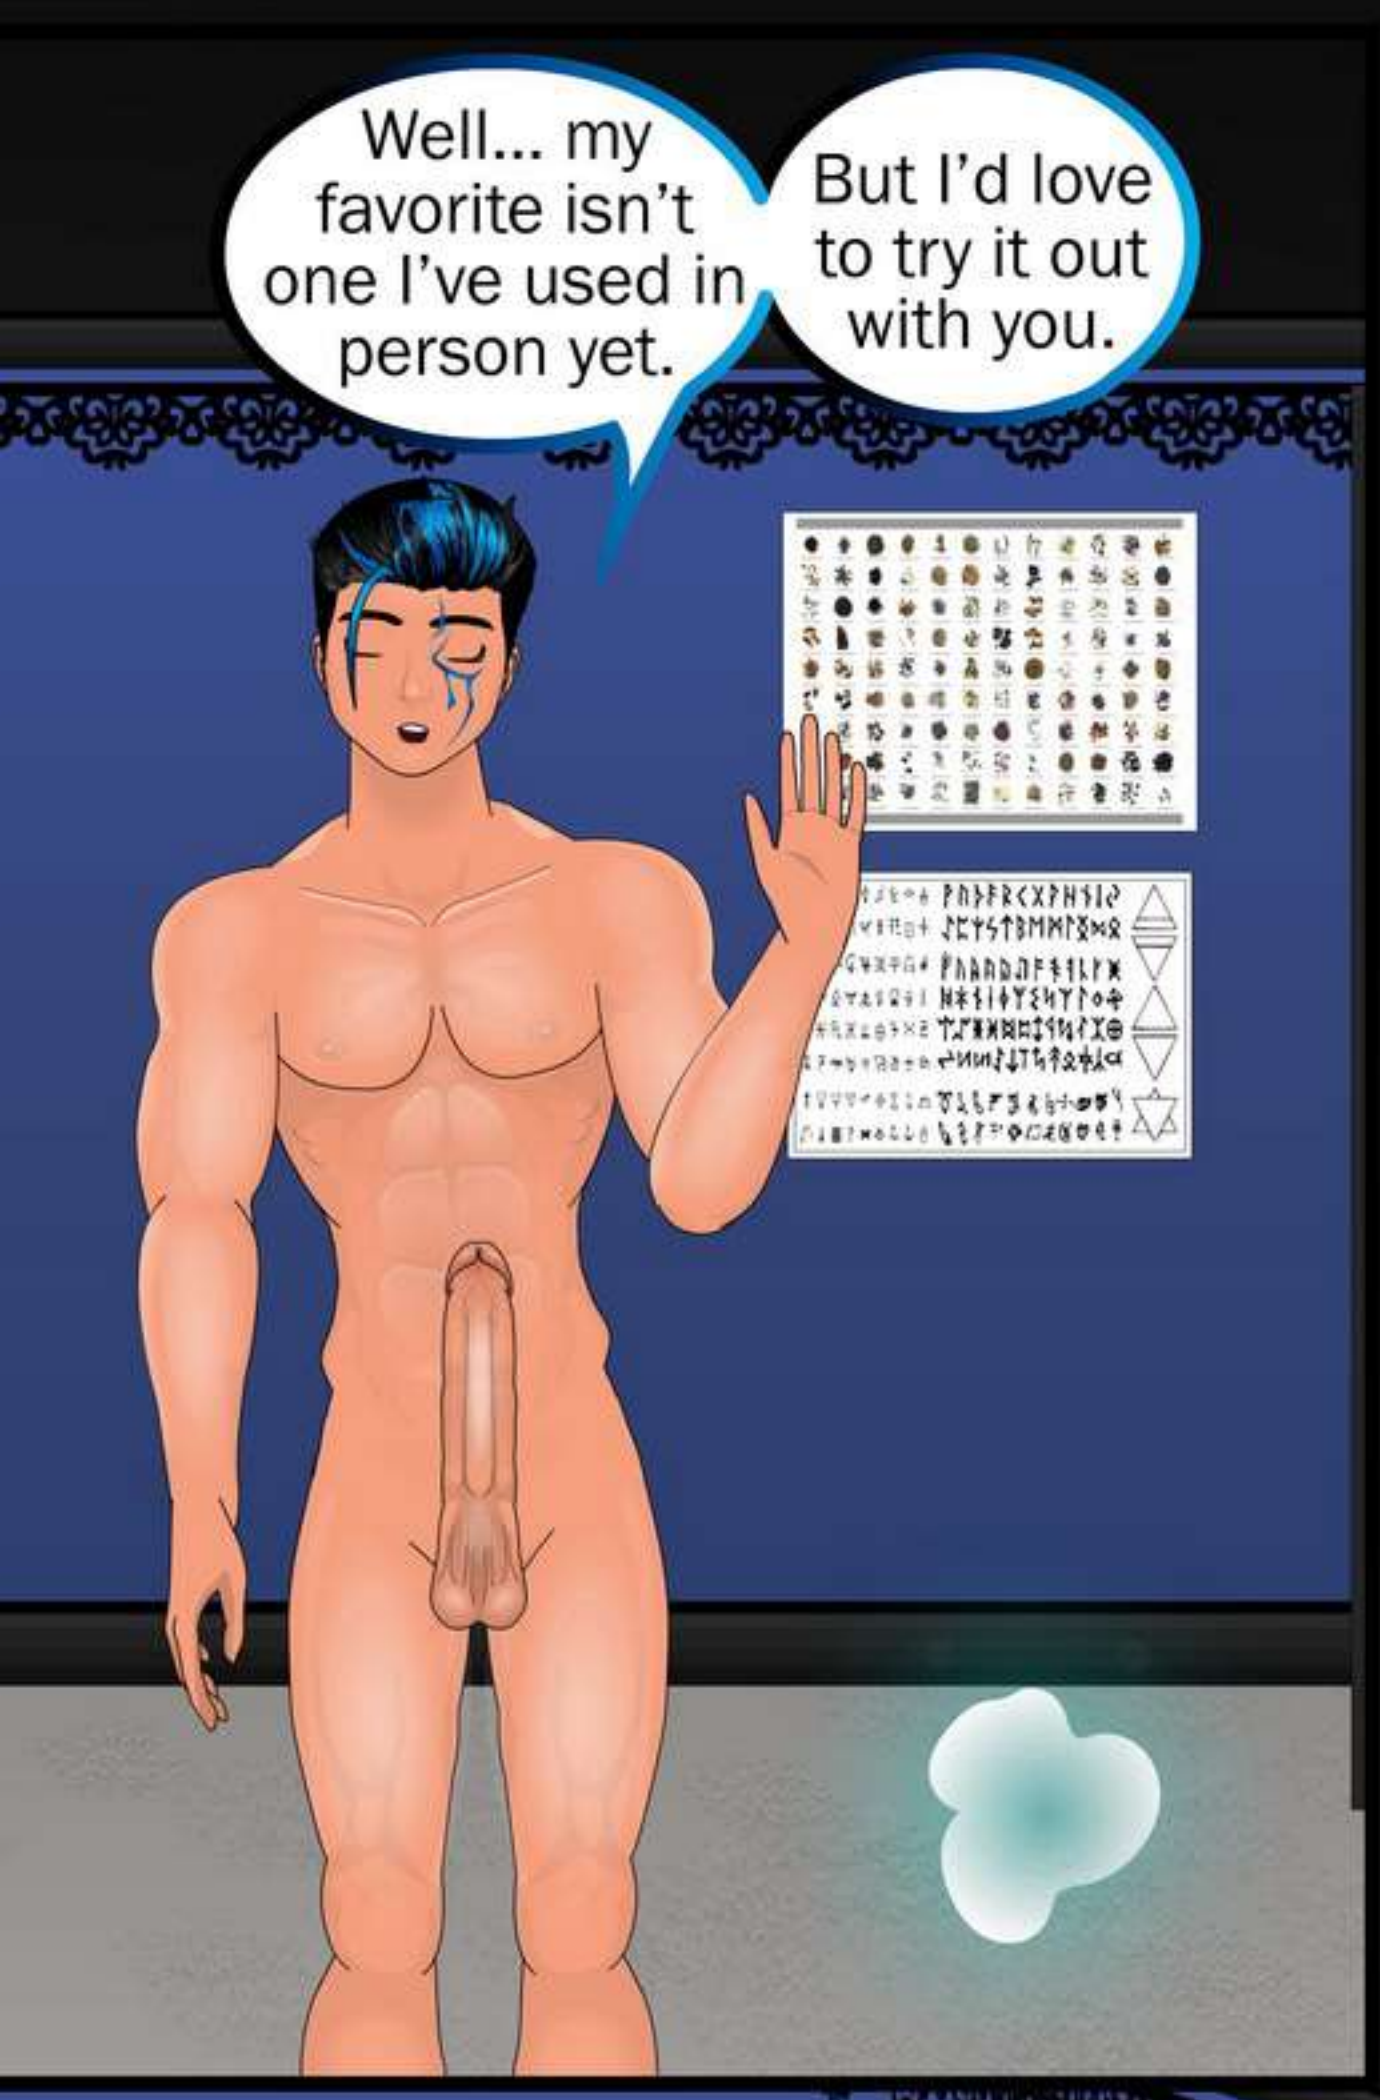

Don't tell me you've never thought about using magic during sex.

I've used it plenty of times. I even bought a spellbook for sex spells.

I could increase the sensitivity of your erogenous areas, multiply your libido by ten, even transform your nipples into vaginas.

What's your favorite sex spell?

Well... my favorite isn't one I've used in person yet.

But I'd love to try it out with you.

Did you learn it from that spellbook?

Not exactly. But the book mentioned how it could be used.

It's a construct spell.

I can make a creature of nearly any size or shape out of mana.

It can even have competent mental capabilities.

And the best part? It'll follow any orders I give it without question.

How exactly can we use that for sex?

Think of it as a third partner who could be anyone or anything you want it to be.

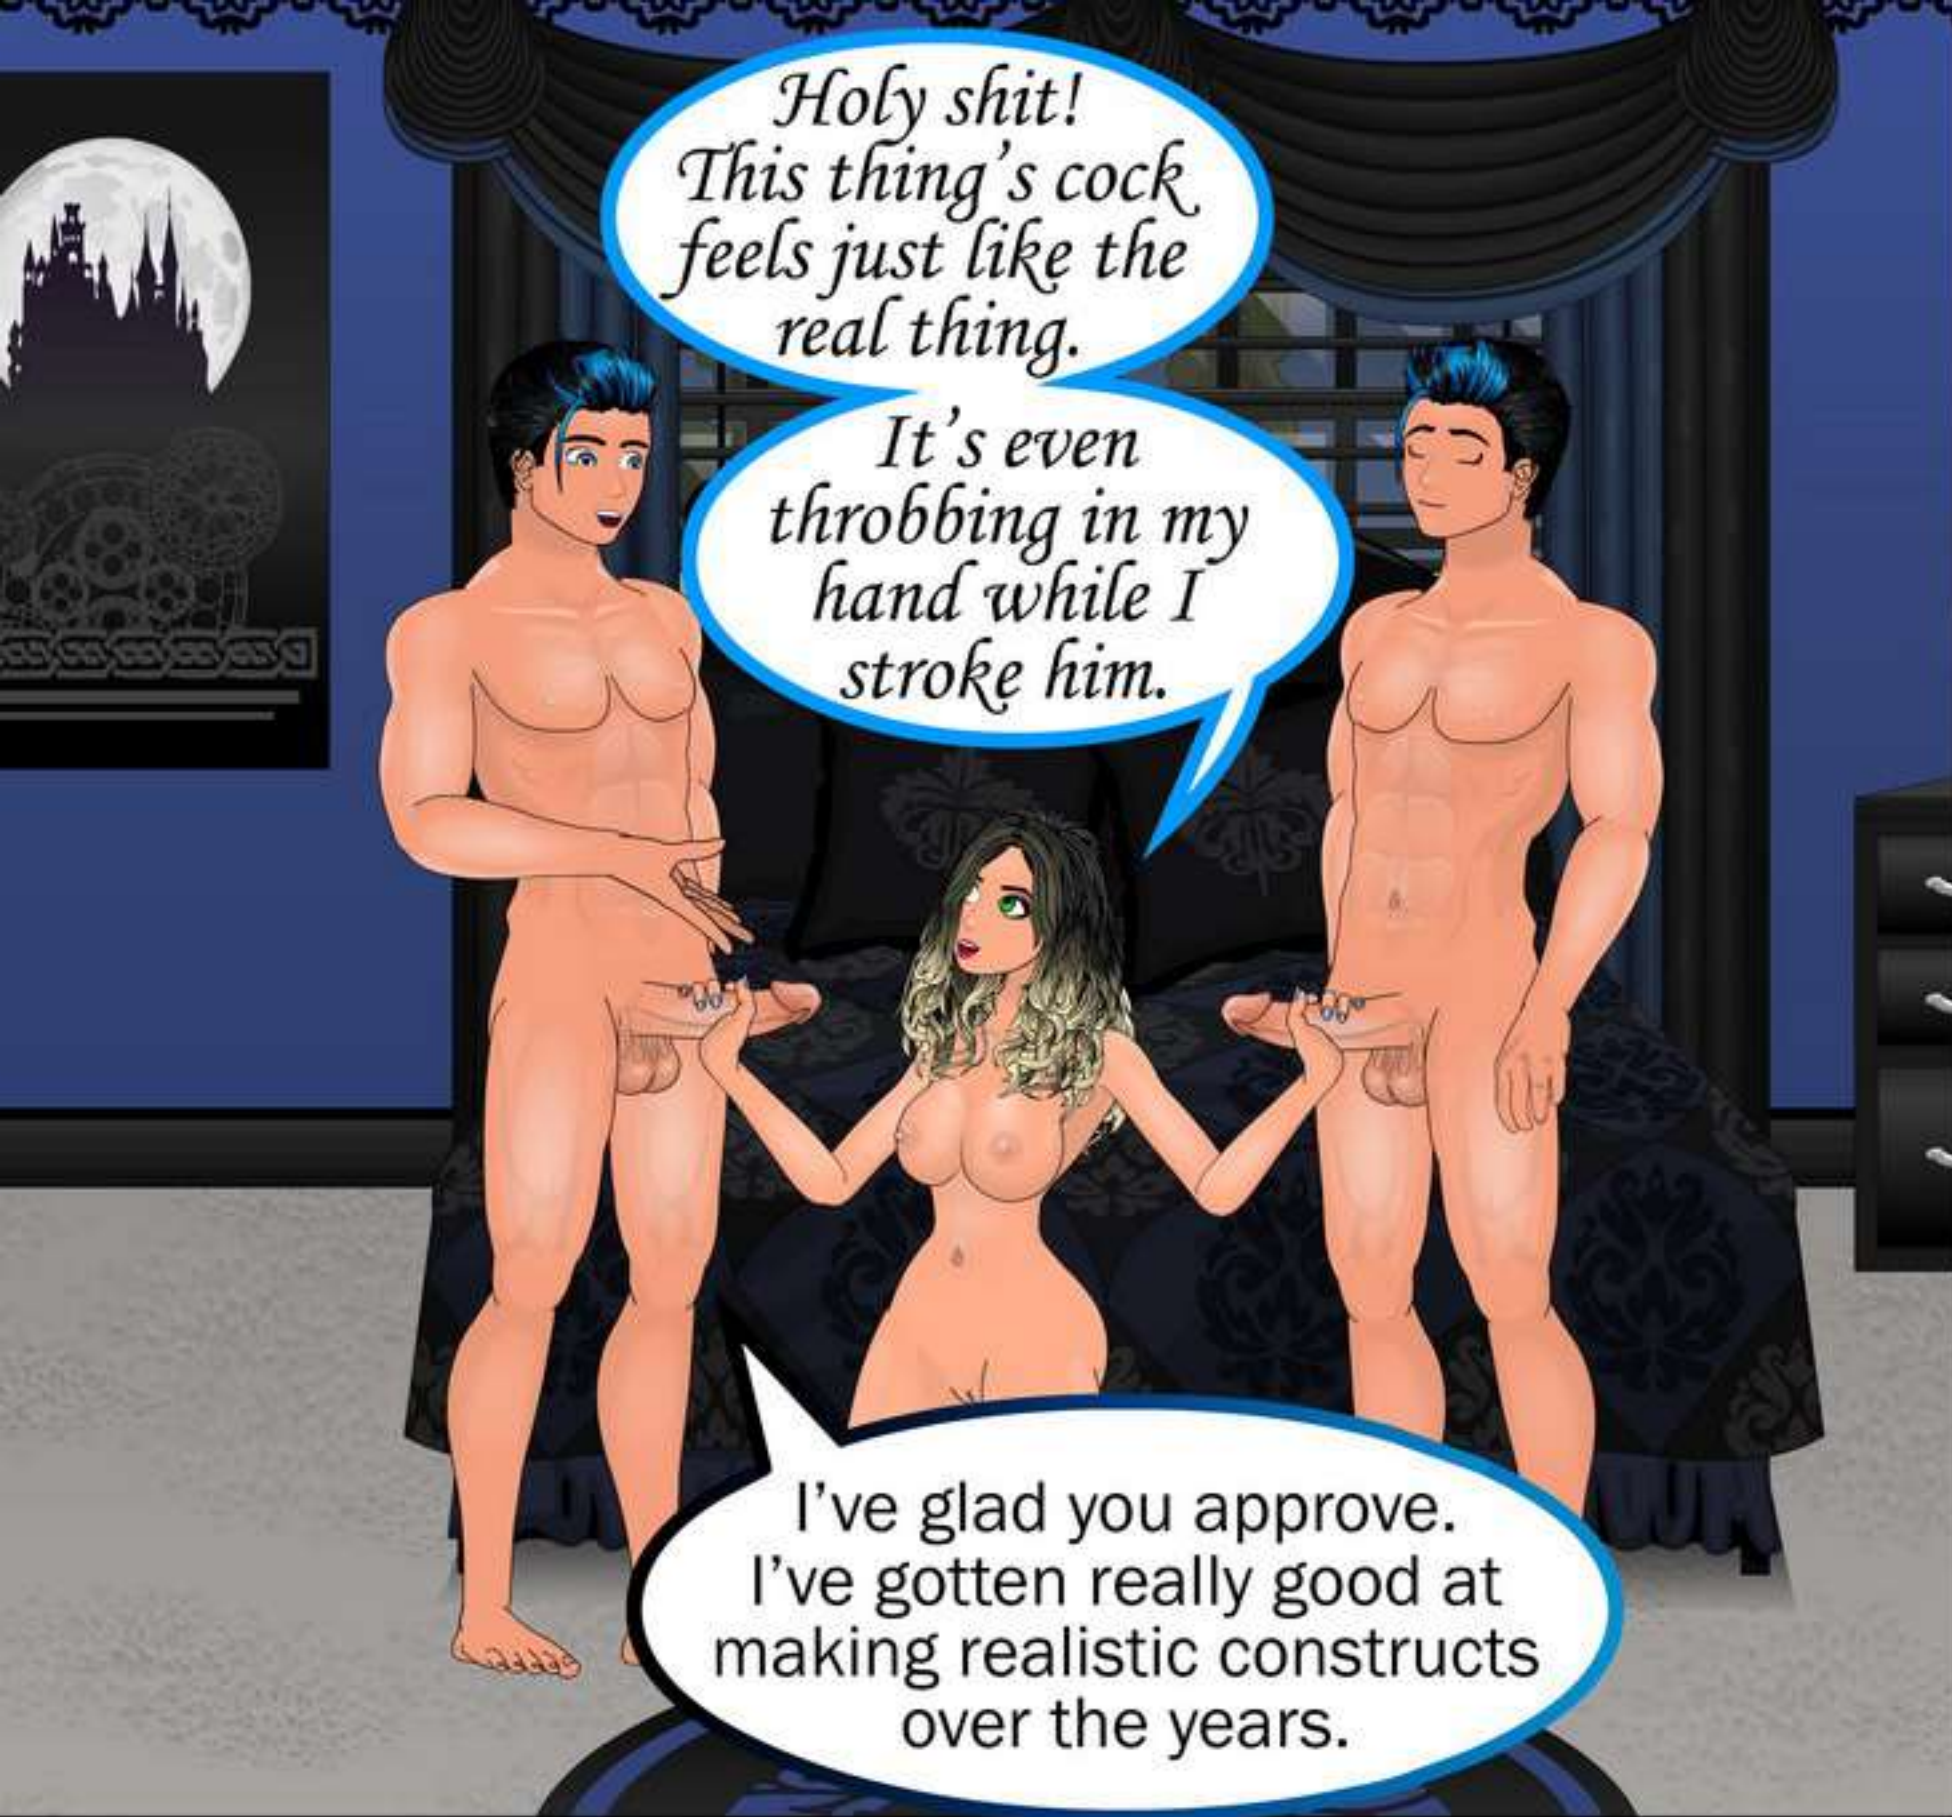

O.M.G!

I could make it look like this handsome devil. And make him just as skilled at sex as I am.

So how's about we take him for a spin?

I'll bet you wanna be part of a threesome.

Holy shit!
This thing's cock
feels just like the
real thing.

It's even
throbbing in my
hand while I
stroke him.

I've glad you approve.
I've gotten really good at
making realistic constructs
over the years.

I might
not know any
spells, but I already
love everything
about magic!

You know...
I've never been in a
threesome before.

But I can't
think of a better
one than with two
handsome studs
and their thick
cocks.

Fuck,
it's actually
really hot to
watch Christen
work her magic
on him.

That's it, slut!
Take him all the
way down!

I'm so
glad that I
met someone
as eager as
Christen!

Good girl.

We'll take really
good care of you,
Christen.

While
you're getting
fingered, I have
a question.

Do you miss
being a man at
all?

Oh! Not
really!

MOAN!!!

Then
I'd miss out
on this body-
quaking
pleasure.

Everything
feels new and
exciting as a
woman!

MOAN!!!

I honestly wish I
could be a woman
all the time!

Do you
miss being
a woman?

Sometimes.
I don't know. I'm
not sure if I want to
be Isaiah all the
time.

Ah! I thought you enjoyed being a man.

You're better at it than I was!

I do like being Isaiah a lot. It's why I'm not sure.

You make womanhood sound very appealing.

With all this magic, you could be both if you wanted.

Fuck!

True, I could give that a try.

Thanks for the perspective, Christen.

Now, open wide like a good girl!

MOAN!!!

MOAN!!!

That's it, slut. I'll bet you love being spit roasted by two studs!

Woah! I didn't realize he could talk, too!

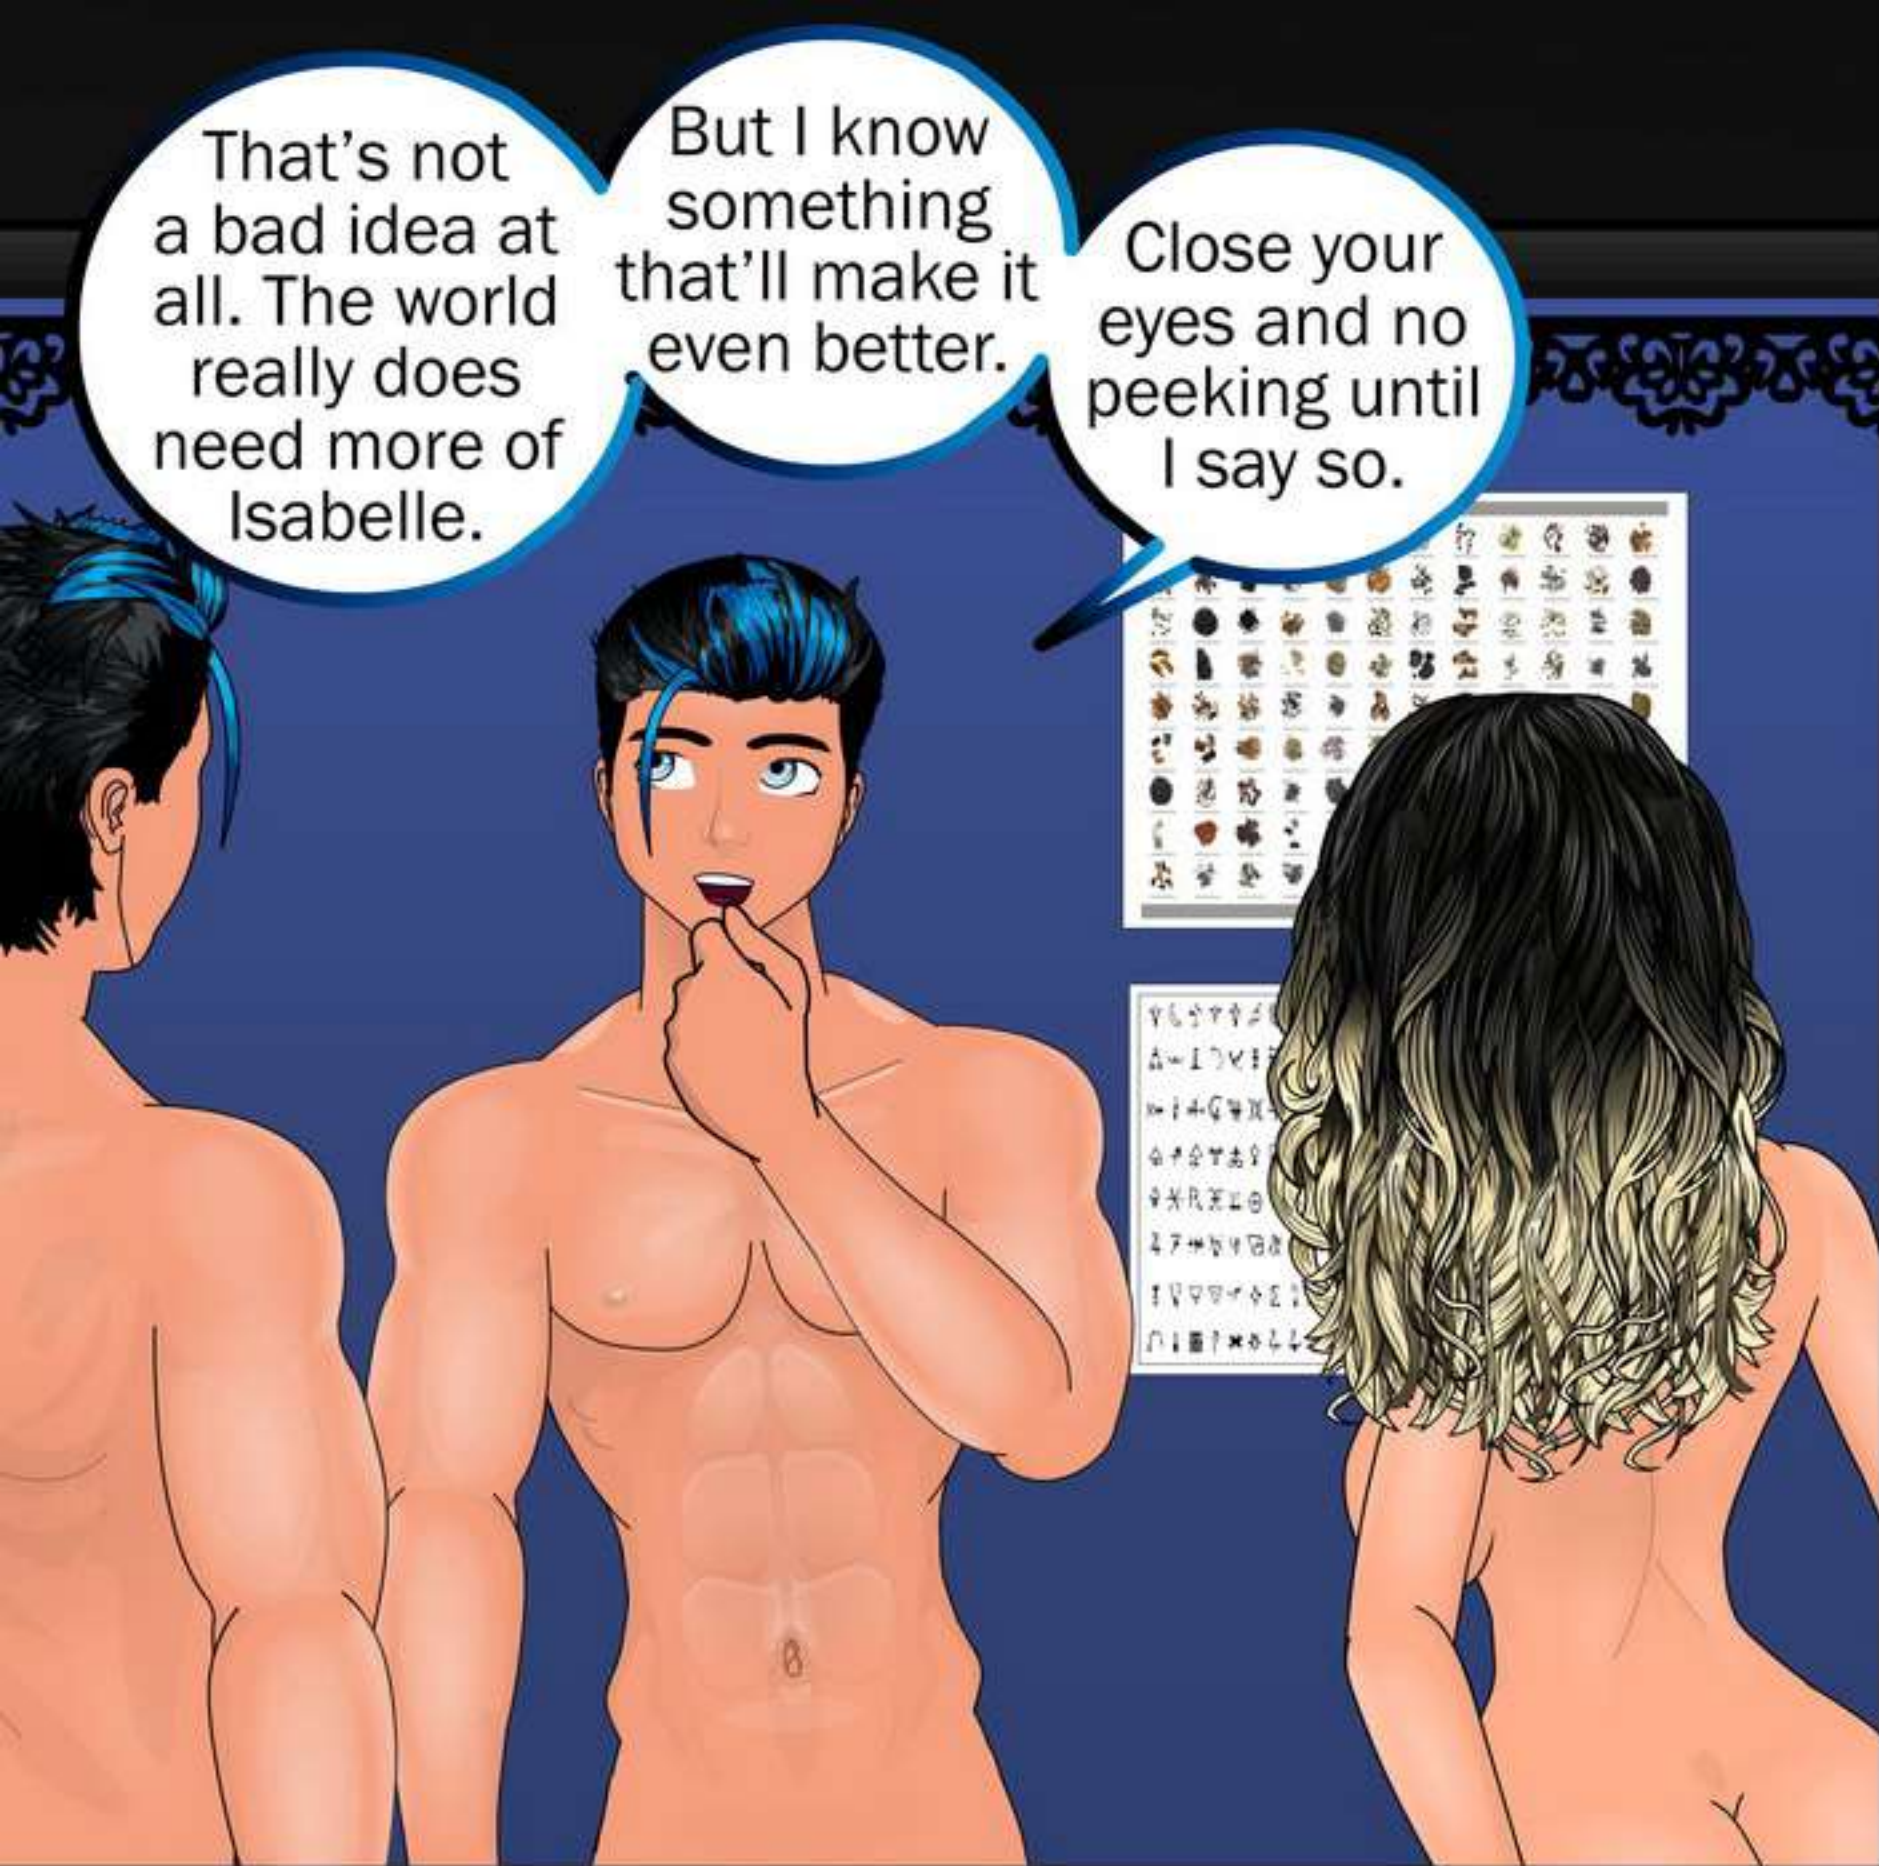

He can do nearly anything I want him to do. Or be anyone I want.

Is there anyone you'd like him to become?

I've got an idea. How about you turn him into your perfect woman?

I'd love to see Isabelle again, and I'm sure you'd love it, too.

That's not a bad idea at all. The world really does need more of Isabelle.

But I know something that'll make it even better.

Close your eyes and no peeking until I say so.

Oh jeez!

You really love surprising me, don't you?

First you turn me into Isabelle, and now this.

But I'll do anything you say, Master. Just don't keep me waiting too long.

Don't worry. This'll only take a moment.

Christen will be expecting the construct to transform into Isabelle...

But she's been having so much fun as a woman today, that I want some of that action, too.

Plus, I definitely wanna see what it's like being my perfect woman.

Alright, you can open your eyes now

Wow! Isabelle looks even more amazing from this perspective.

I'm amazed you can transform your construct into her so quickly!

Thanks, but how do you know that I'm the construct?

Wait... Huh?

Looks like we've stumped you.

Here's our idea. You get to guess which of us is the construct and which isn't.

And if you guess right, you'll get a nice reward.

Wow, you really do love being the one in power, don't you?

How am I supposed to tell you two apart?

Feel free to ask any questions you'd like.

Or do anything you'd like to either of us.

And when you say a "nice reward"?

What's that?

Anything you want. Name it, and it's all yours.

What happens if I get it wrong?

Hmm... how about you have to do everything we ask of you for an entire week?

And all while wearing a sexy French maid outfit?

Oh la la! I've always had a thing for women in French maid outfits!

Alright, you've got a deal.

I can definitely figure this out.

Although, Isaiah has been good at deceiving me so far.

I'm gonna have to use some sneaky methods to figure out which is which.

If you're the construct, can you feel pleasure like a normal person?

To a certain extent. If a construct orgasms, they'll run out of mana and fade away.

Is that so? I'd like to test both of your "limits", then.

KISS

She's certainly on the right track, Ohhh! Especially if she keeps playing with my nipples like that.

God, I forgot how good it felt to have my nipples teased!

I didn't realize that you were still attracted to women.

I've come to terms with being bisexual now, though I definitely lean more towards hunky men.

And don't think I forgot about you, big boy!

I saw the real Isaiah getting aroused when I blew his construct.

Feel free to play with yourself while I give him the best blowjob of his life.

Or join me, if you'd like to.

Oh, she is such a big tease! She knows exactly how to push my buttons.

But she's right. Watching her take him all the way down is so hot! Fuck it, I wanna get in on this action, too!

When I said "join me", this isn't what I had in mind! It's better!

Her pussy tastes so sweet! And it gushes every time I flick my tongue.

Fuck, Christen! Just like that!

I can tell she's enjoying this. Her legs are twitching from pleasure. She might orgasm before either of us do!

moan...

Why'd you stop? You were doing great!

I figured that I was, but Isabelle needs some attention before I make my decision.

After all, I've gotta be fair to both of you.

I admire your strategy. Do you think you know who's who?

Maybe, but telling you would spoil the fun.

In the meantime, I haven't eaten a girl's pussy out in ages. And yours looks delicious.

MOAN!

Oh! Your tongue feels so good, Christen!

Mmhmm...

Fuck, I forgot what it felt like to get eaten out. I don't know if I wanna give this up!

You look so fucking hot eating her out, Christen.

And your pussy is soaking wet, too. It looks so inviting!

Then please, fuck me! Fuck me hard, baby!

Oh fuck! Keep playing with my pussy, Christen!

moan...

This is wild! She's getting fucked and hasn't stopped pleasing me!

I don't know if I could do the same, if I were in her place. I admire her conviction. I would have just had me and Isaiah fuck until one of us orgasmed.

But she wants to be right in the middle of this, pleasing us both. I'm starting to like her.

Yeah, you love getting fucked like a slut, don't you? Tell me you love it!

SLAP!!

moan...

I love it!

Y-you could definitely be the real Isaiah, after that move!

But I'll bet you've never scissored before, have you?

N-no. I've wanted to, but I've never tried it.

Me neither. Do you want to fuck me, Isabelle?

Yes... more than anything!

This feels so good!

MOAN!!!

Yeah, you love getting fucked, don't you?

I do! I can't help myself! Oh god, keep going!

MOAN!

That's what I love to hear! You're just as much of a slut as I am!

Oh! OH!!

AHHH!!!

I'm cumming!!

MOAN!!!!

I got so lost in the joy of being Isaiah that I forgot about all this pleasure I feel as Isabelle.

Do I really have to choose one gender over the other?

moan...

Fuck me harder, Christen!

As much as I love watching this, I want both of you on top of me.

I love that idea! I wanna see Izzy riding that big cock of yours!

Mmm, this feels so nice.

Keep going, Izzy! I wanna see you ride him!

Giddy up, cowgirl!

MOAN!

Fuck! It really turns me on when she motivates me like that.

I didn't think my cock was this thick! It's so different from this angle!

I... I kinda missed this feeling!

I can see why you love this position, Christen!

SQUEAL

moan...

MOAN!

I've been trying to resist the urge to orgasm, to stick it to Christen. But this feels incredible!

God, she's really going to town on herself... Himself?

I don't think I can hold out much longer!

She really does have an amazing body. She might be as hot as me!

MOAN!!!

Oh! Mmm, I love getting my pussy fucked!

I- I can't hold it! Fuck me!!

I'm gonna... gonna...

CUM!!!

A-ha! You said that a construct would fade away after it orgasms!

I've got my answer! You're definitely the real one!

Giggle!

Congratulations, Christen! You guessed right. I applaud your... unique strategy, girl!

Thanks. I knew you'd give in to the pleasure, like me, sooner or later.

I'll bet you held out for as long as you could.

You weren't wrong. Now, how about we finish off this construct together?

Now you're speaking my language!

I call the head first!

Anything you say, Chrissy.

Mmm, I can taste Izzy's juices on his dick! It's so sweet, kinda like strawberries!

I was hoping I'd get to see Christen in that maid outfit. But I'll settle for this.

Mmm, you two girls are just too much!

How can you expect a construct to last long around you both?

Oh fuck! This is it! I'm cumming!!

That's it, big boy! Cum for us!

Mmm, even his cum tastes salty and savory!

Heh, what a way to go out!

You have got to teach me how to make my own construct!

Oh? Is that your one request of me?

It would be awesome to learn more about magic, but I thought you were gonna teach me about it anyway.

I'm still thinking about that. It would be a lot of work for me.

Did you think I was the real Izzy all along?

I had a hunch. You did say that you weren't sure about being a man all the time.

Have you made up your mind now?

No, but I'm alright with being unsure right now.

Both genders have their positives. I adore the power I have when I'm Isaiah, but there's so much to love about this body, too.

For now, I'm fine with being Isabelle and Isaiah.

I love that idea!

But what are you going to tell your family and friends? And your school?

Oh, I'll just perform a mass memory spell when I wanna change. It's no big deal.

A mass memory spell? What's that?

It's a spell that alters the way certain people recall anything I want them to.

If I want everyone at school to remember me as Isaiah, I can make that happen.

Oh. My. God. You've got to teach me that spell, too!

It's a pretty complex spell. It took me years to master.

Then I know what I want my reward to be.

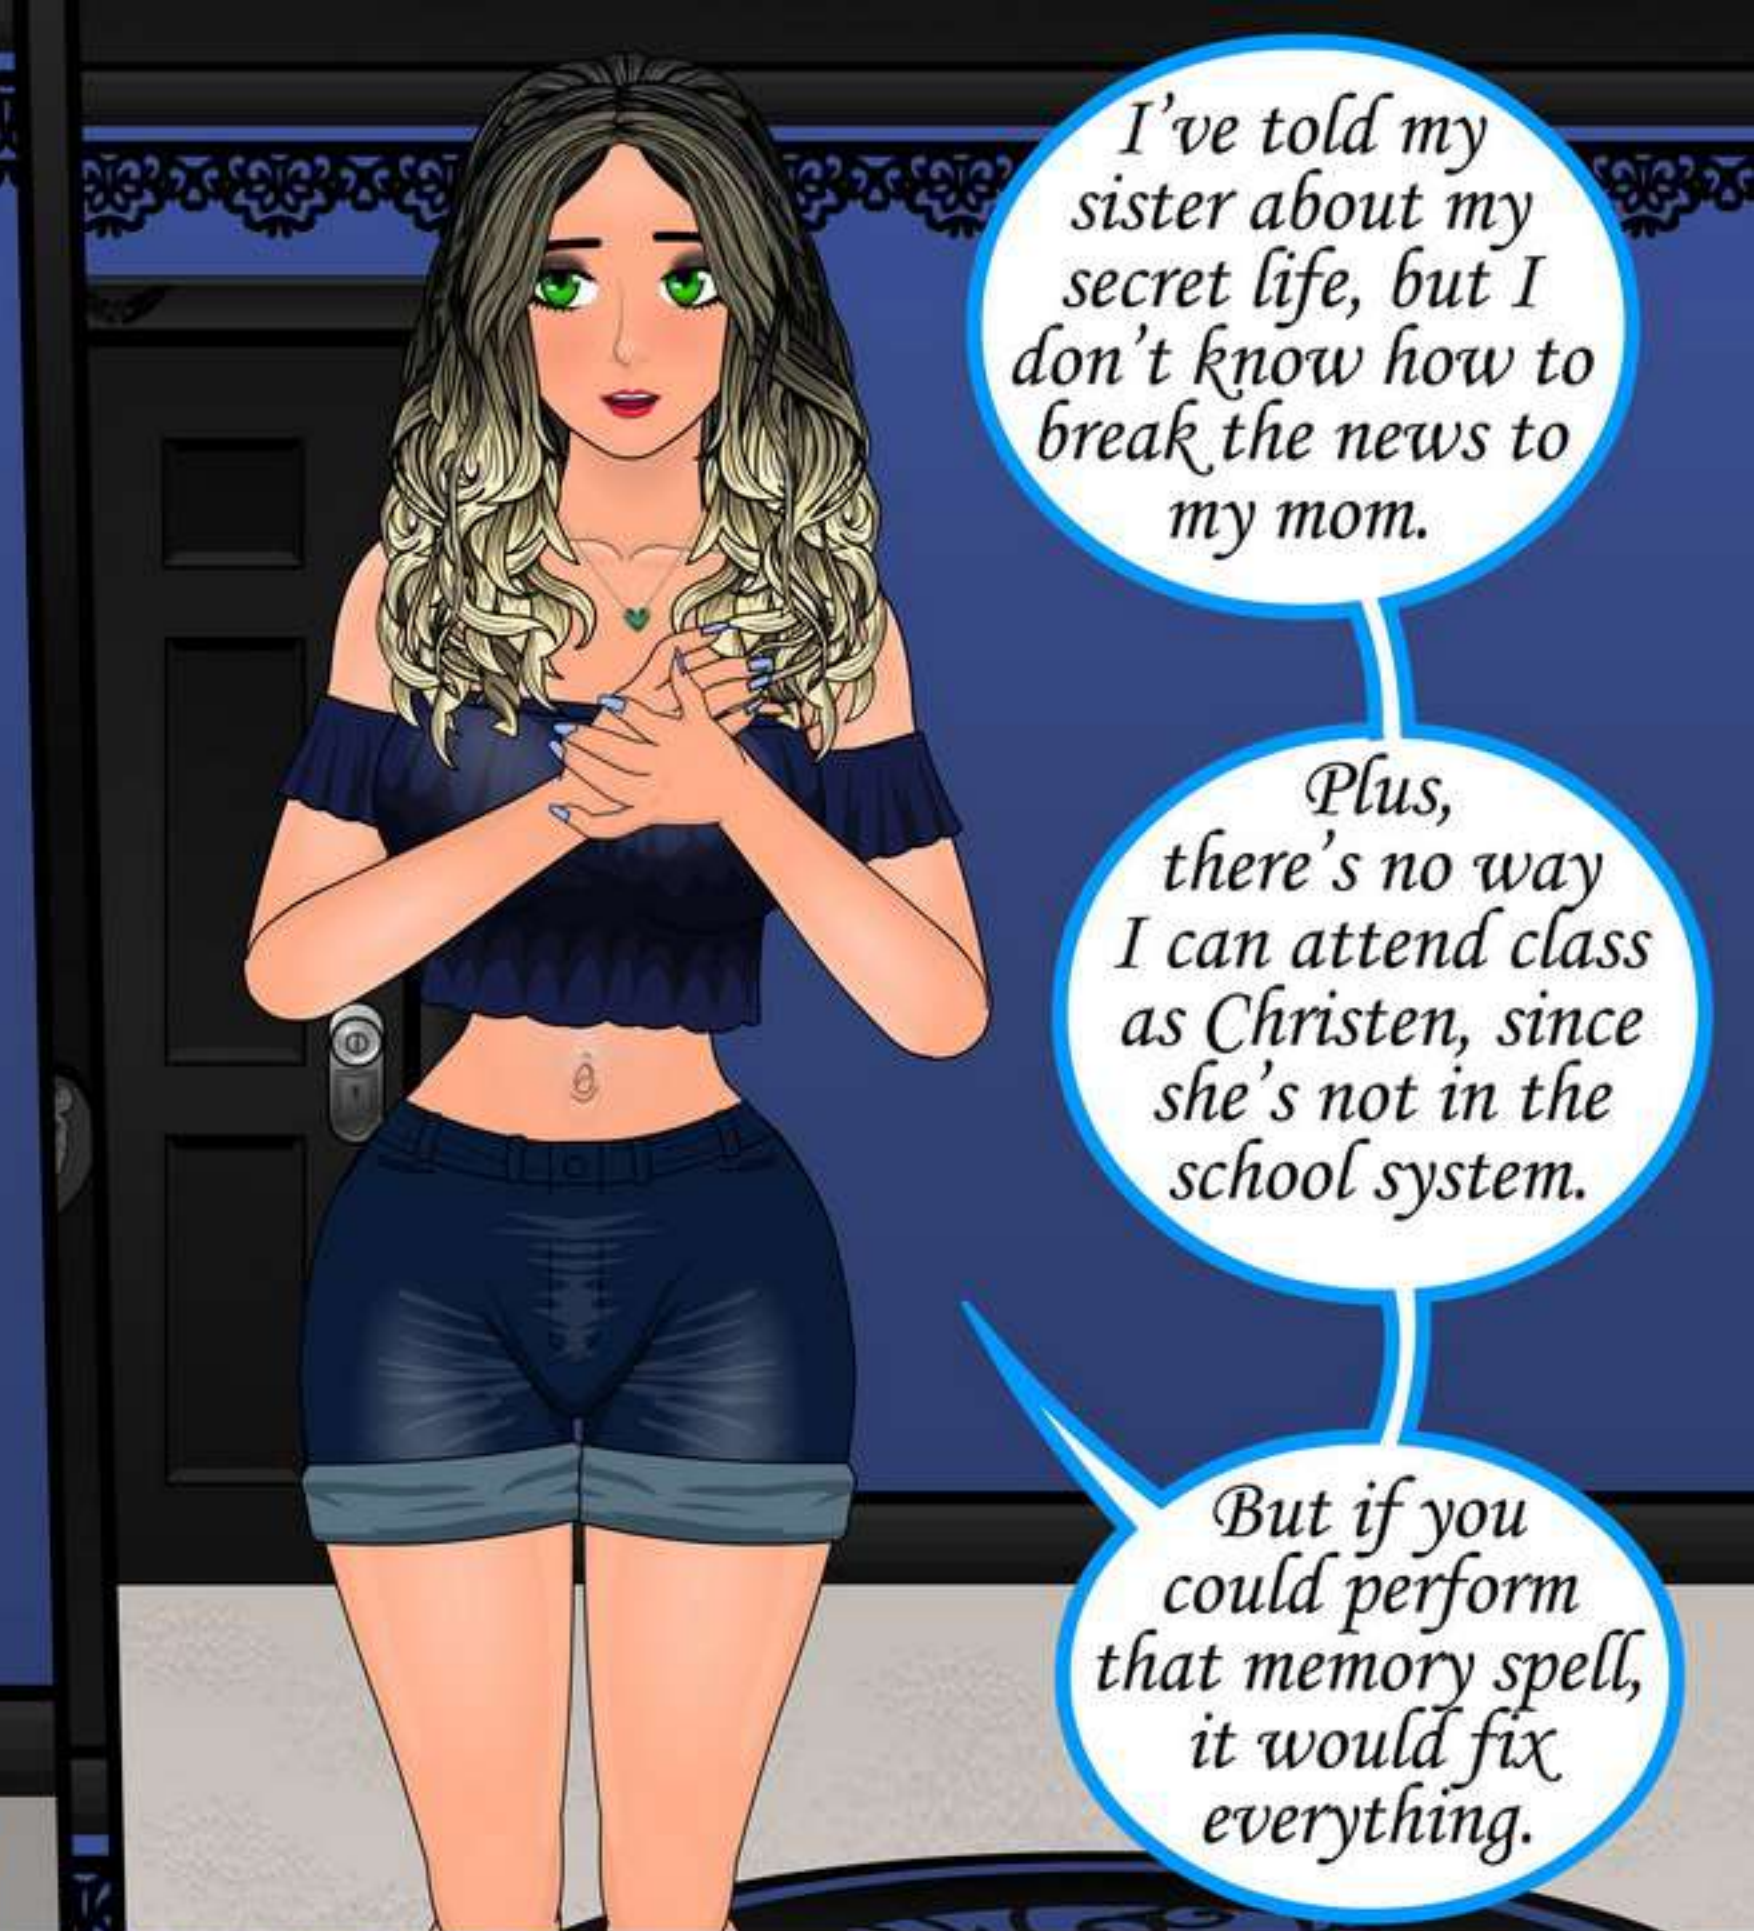

Cast that spell for me! Make everyone remember me as Christen.

Really? Are you sure that's what you want?

I've never been more sure of anything in my life.

I love being Christen every chance I can get, but I can't be a woman all the time.

I've told my sister about my secret life, but I don't know how to break the news to my mom.

Plus, there's no way I can attend class as Christen, since she's not in the school system.

But if you could perform that memory spell, it would fix everything.

Please, Isabelle! If you do this, I'll be eternally grateful.

Well... I wouldn't perform that kind of spell for everyone.

But you've really impressed me today, in many different ways. And I did promise you any favor.

I'll do it just for you.

Oh, thank you, thank you! You're the best, Isabelle!

Yeah, I know. And please, just call me Izzy from now on.

So, is there anyone who's memories you'd like to remain unaltered?

Actually, can you keep my sister Jessica's memories the same?

I really like where I'm at with her, and I don't wanna change that. Other than her, go wild!

Alright. You might wanna cover your ears. This part gets loud.

WHAM!!!

W-was that it? Everything feels the same, though.

To you, maybe. But to everyone except your sister and I, you are now, and always have been, Christen Young.

I... I don't believe it. This is exactly what I wanted!

Thank you so much for everything, Izzy.

I always repay my debts to friends. Besides, it's been a blast giving you a crash course in magic.

But you still haven't taught me any spells.

True, but I've thought of something that'll give us both something.

Here's my deal: I'll teach you all about magic, but in exchange, you will do any sexual favors that I ask of you.

If I want you right after school in a French maid outfit, you'll be here.

Do we have a deal?

Do I at least get my own maid uniform?

Hehe, I like that response. Let me get that going for you.

Woah! I hope that I never get over how amazing this feels!

So does your enthusiasm mean that you've agreed to my terms?

Absolutely. I'll do anything if it means you'll teach me magic!

Especially if it means I can conjure up sexy outfits like this at will!

Then it looks like we both got what we wanted today.

I look forward to training you.

And I look forward to spending more time with you, master.

You know... Even though today has been so magical, I don't know too much about you, Izzy.

Like, do you have a girlfriend?

Not at the moment, but I haven't really found someone who can keep up with me. Until today.

If you're free this evening, maybe we could, I don't know... go for some sushi?

Are you asking me out on a date?

Is it too soon for that? We did just meet a few hours ago.

Not at all. I love sushi. Did you have a favorite place in mind?

There's this great place that serves the best sushi in Tokyo. You'll love it.

Tokyo? Oh right, duh. Magic teleportation. I always wanted to visit Japan.

Great. But before we go, I do have one last question about your family.

Magic is genetic, meaning that your sister is a sorcerer, too. Maybe even your mom. Can I meet them someday?

Sure! Jess will love hearing that she can also use magic.

Here's a picture of them. Oh wow, even my photos have me as Christen, now!

That's my mom, Scarlett, and my sister, Jessica.

Oh wow! You all look so... cute together.

Damn, I didn't realize that every woman in Christen's family is smoking hot.

Now I definitely wanna meet Scarlett and Jessica.

Wait until they get a load of me.

To be continued...
