This shit's fucking awesome is what you should say, you numb-nuts!

I... I don't know what I should even say...

I get where he's coming from, but man is it cool...

I don't know how much longer I can wait, Erin...

Calm down, Annie, we still aren't sure these are the same things.

She... She's still getting larger!

And if they are, we're sitting on a fucking goldmine. I'm going out and trying it, either come with me or get left behind now.

Jeez, dramatic much?

CROSS SPIDER

God, can you be any slower?
Oh, shut up, Annie!
CROSS SPIDER

This is it... If these things are really what we think they are...
CROSS SPIDER

Those two giant bitches are gonna have some new competition!

This is it... I... I have goosebumps!

Watch it not work, the look on your face would be hysterical... But I'm all for being a bit bigger...

CROSS SPIDER

Down the hatch!

Let’s see what we're made of!

Feel... any different?

Nope, just tired after that stupid jog you made me do.

Told you not to get your hopes up...

Ooh...

Shit like that was a fantasy, it's just that something fuckin' crazy happened to those tw-

CHAOS SPIDER

It's working...

No... fucking... way...

I... I'm actually growing!

Holy fucking shit...

Ho... How do I look?!
Do I look bigger?!

Yea by a few inches
or so...

I... I can feel it...

Woah...

I... I'm so big!

You're fucking towering me already! How quick does this shit work?!

It... It's still going!

Of fucking course it is, did you see how big those two got?!

My shirt!

You have bigger things to worry about!
Like the whole fucking rest of you!

This is fucking unbelievable...

You think they make any outfits this big?

No, I think they stop at ten feet, you giant monster.

You're right, plus if I'm like them, my tits will be bigger than our house soon enough!

Don't start overreacting, one of them was way smaller than the other...

Yeah, but the small one was even thicker than you. Oooh, I can't wait!

Thanks for the... compliment? I guess?

I don't want to wait anymore, I want to get even fucking bigger god damnit!

Well do that soon, one of the neighbors just looked over and saw fucking the fucking Sasquatch standing next to me.

Yes... yes!

Oh, shit...

Clouds, here I come!
Feel free to slow down, jesus...

Why would I stop any of this?

Because it's slightly scary in-between the erotic parts?

I just think you're all lonely down there short-stuff...

Yep, that's it, you caught me!

Well if you want to fight about it, climb the roof of our house and speak to me face to face.

Yeah... I'll get right on that...

Speaking of on, this whole being house-sized thing is hot as shit.
Time to lose some extra baggage. Time to...

Unleash the beasts!

Well? How do I look?

Perfect...

Like a giant, naked version of you?

What's this now?
No fucking way...

They're getting so big...
I've been seeing shit like this all day and it's still unbelievable...

I could live with this, though. Bigger's always better.
Tell that to your house? Or wherever you're supposed to fit now, I don't know.

I don't think I'm fitting anywhere at this rate, and like these tits, I can live with that!

Almost three times your size, and breasts bigger than your head. Could life possibly get any better?

Yeah, if this shitty pill ever fucking started for me!

Why? Are you gonna admit you're jealous?

Nothing to be jealous about when this shit finally gets going...

And... Oooh... I think it finally is...

Alright, I can see why you needed to rush out of your clothes...

Holy shit, this looks awesome from here

Oh my fucking god!

Welp, here goes fuckin' nothing!

Hey, you're starting to catch up!

Ahh! Freedom!

That's not the only place that had a head-start...

To be fair, I had a head-start in the titty department.

Oh ha-ha, make fat jokes all you like, at this rate I'll be towering over you in no time!

In your dreams, tubby!

Looks like this dream is coming true real fast!
I mean, I can still get used to this...

Can you get used to an even bigger me? This shit's not slowin' down!

I can feel myself getting... bigger... and...

W... Wider?!

No... fucking... way...

Wh... What the fuck is happening?!

Exactly what you wanted... You're getting bigger!

Not like this, you fucking twat!

What the fuck do I even do?!
I'm even bigger than you are!

Yea, at this rate
you'll be wider
than the house too!

Seriously! I'm freaking the fuck out here! Back off!

Well don't get snippy that you put on a few pounds... actually... it's probably a few TONS now with your size isn't it...

What's the term? Big, beautiful woman? I mean, you're the biggest at least, that's for sure!

Don't think you'll qualify for that second part with me standing next to you, and to be honest... I don't think anybody is finding your pussy underneath all those rolls either, so you aren't gonna qualify for that last third either!

Looks like your an even bigger asshole now too...

I'd like to see the look on your fucking face if you ballooned up like this, you know that?
Heh, as if, but stop giving me that look. If you're sad, i'm sure there's plenty of things to gorge yourself on around here!

Oh really? I think I'm looking at one...

What the fuck does THAT mean?!

It means i'm pissed the fuck off!

Uh... It's... It's alright Erin, really!

No... It's not.

Look how fucking big you are!

Poor choice of words bitch...

I... I mean it in a good way!

I wonder what sadistic bitches taste like...
Oh god please Erin, calm the fuck down!

Have anything to say about my weight now? Come on, tell the fatty exactly how you fucking feel!

Oh... Oh my god... h... help!

What... the... fuck...
is... THAT?!
