SUMMON

Paralyze slime
(Owner Nathan Smit)
Skill paralyze

I i can't move did it
do it to me

Next day

Well last day was tiring
being all the time
paralyzed and not
being able to move

Well at least i managed to raise it to next stage and it evolved into a rare nevic slime

A man in a grey long-sleeved shirt, red shorts, a dark baseball cap, and red sneakers is sitting on a wooden park bench. He is looking towards the left. A speech bubble is positioned above him, containing text. In the background, a person in black athletic wear is running on a paved path. There is a trash can and a green hedge nearby.

Man i really hoped
for some sexy lady
to be summoned
well i'm still lvl 1

Creep

Oh well she's sexy well i wish i could have her

A person is sitting on a wooden bench outdoors. They are wearing red shorts, red and black sneakers with white laces, and a ring on their finger. On the ground in front of them is a glowing blue slime. A text box is overlaid on the image.

Nevic slime (stage 2)rare
Skill Paralyze
Skill Nerve control

Whaaa

What the hell i'm so screwed now

WHITE SHARK

THE GREAT WHITE SHARK

Um aaa are you alright

Nervic control complete
target is now under
control of your summon
(Nevic slime)

God there was no one
to me and her enter

Haa now i'm safe

Mana critical level
of Nevic slime

Shutting down all function to preserve mana if mana level reach 0 slime will be ejected and host will wake up

Eeeeeee

Skill Nerve control will require less mana to operate when target becomes weaker physically and mentally

Suggested solution target will become weaker physically and mentally during sex and achieving orgasm

Summoners bodily fluids specifically sperm contain small amount of mana that will help regenerate mana of summoned minion

Fuck what to do how can i make it regenerate without taking it out of her fuck

Ok but how can i do that

Fuck yes so come with me and let's have some quality time

So i have to do all fuck and she won't move on her own

Caution any movement of target will resort in using mana to control targets nerves

Well still i get to
enjoy her body

A man with short dark hair, wearing a black tank top and red shorts, is carrying a nude woman with long, dark, curly hair in his arms. He is holding her from behind, supporting her legs and torso. The woman is leaning forward, looking down. The background shows a modern kitchen with white cabinets and a light-colored wall. A speech bubble is positioned above the man's head.

Even if i have to carry
her and move her
body like a doll

I really hit a jack pot of all people that this slime could jump to happen to be a her

And she's all mine
let's if this will work

Target of skill nervic control began to grow weaker resulting in smaller amount of mana needed to maintain control mana usage began to be smaller than amount passively regenerate

Now let me just put you
into better position

Such a perfect ass is..

Just begging to be
pounded

Summon Nervic Slime has learned skill Parasite

Summon Nervic Slime is attempting to skill Parasite

The hell is this and why are you moving

Skill Parasite has been successful

Summon Nervic Slime has taken full control and ownership of the hosts body

Hehehehe

Master I have succeeded into becoming sexy lady just as you wished now let me use this body to satisfy all your needs

Fuck this is the best

I'm so happy that it is you that i summoned

She is looking down and to her left. In the background, there are white kitchen cabinets, a dark wood door, and a white countertop. A speech bubble is positioned to her left, containing text.
