

Oh dear, how come there's so much left.
Did you not like my strawberry cake?

'Xiaoxu' really likes it, I thought all you young people would like sweets.

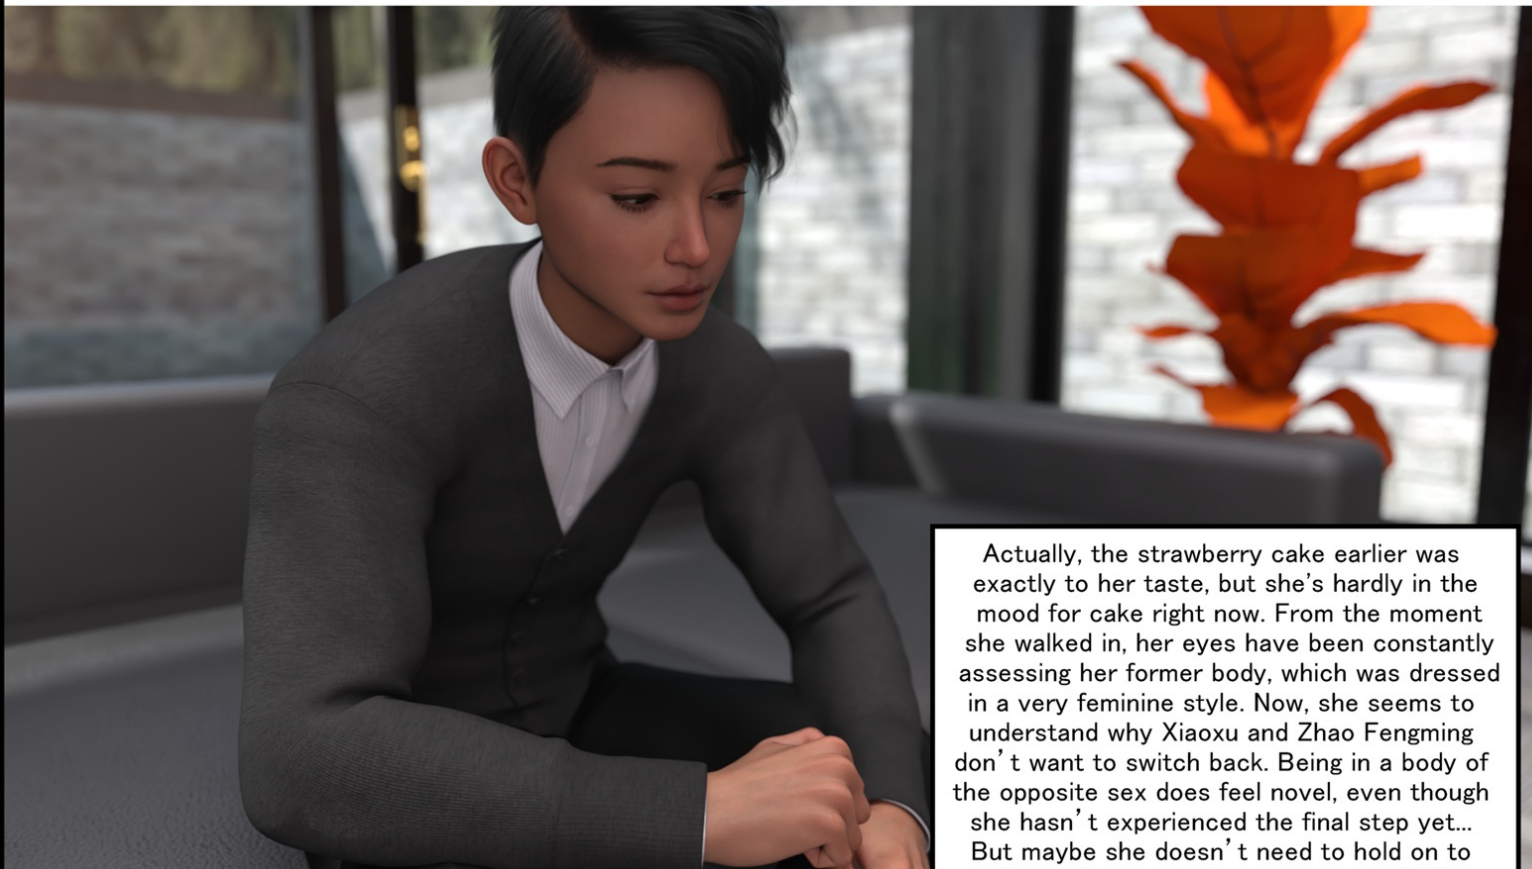

If you're not going to eat anymore,
then I will go and put it away.

Um... Thank you...

Then wait a moment,
I will do the dishes first.

Seeing Qin Qiang's walking posture become so feminine after being in her own body, Wang Yawei becomes even more worried that the two might not be able to extricate themselves. But isn't she the same...

Actually, the strawberry cake earlier was exactly to her taste, but she's hardly in the mood for cake right now. From the moment she walked in, her eyes have been constantly assessing her former body, which was dressed in a very feminine style. Now, she seems to understand why Xiaoxu and Zhao Fengming don't want to switch back. Being in a body of the opposite sex does feel novel, even though she hasn't experienced the final step yet... But maybe she doesn't need to hold on to anything if everyone is so engrossed in their current roles.

I've washed the dishes, let's leave the rest of the cake for Xiaoxu when he gets back.

What did you come here to discuss with me today? Have you decided?

Uh... well...

But let me guess, you're going to tell me you want to switch back again, aren't you?

The moment Qin Qiang sits down, the air fills with the scent of a mature woman. The sensation of his breasts pressing against his arms stimulates every part of his now young body.

She swallows, her mind flashing back to the afternoon's escapades with Xia Xiaoxu in the bathroom. Having already gone that far with Xiaoxu, there really isn't much left to fuss about with her former body...

No, Mrs. Wang, I came to ask if you could start giving me extra lessons every day...

Like the kind of 'extra lessons'
Ms. Zhao gives to Xia Xiaoxu.

Ah, Qin Qiang (Mrs. Wang),
are you serious?

Surprised by Wang Yawei's reaction, Qin Qiang blurts out her real name without thinking. After all, despite his hints during their stay at the hot spring hotel, Wang Yawei had tactfully declined him several times. Plus, given Wang Yawei's preoccupied expression just now, he had thought she might actually be considering switching back.

Of course, that's wonderful.
I always appreciate students
who are eager to learn~

Although Qin isn't sure what changed Wang Yawei's mind, he suspects it might be due to his own efforts to dress as attractively as possible lately, mimicking Wang Yawei at her best.

Let's start with our
first session today then.

Wow, starting today?
That's really quick.

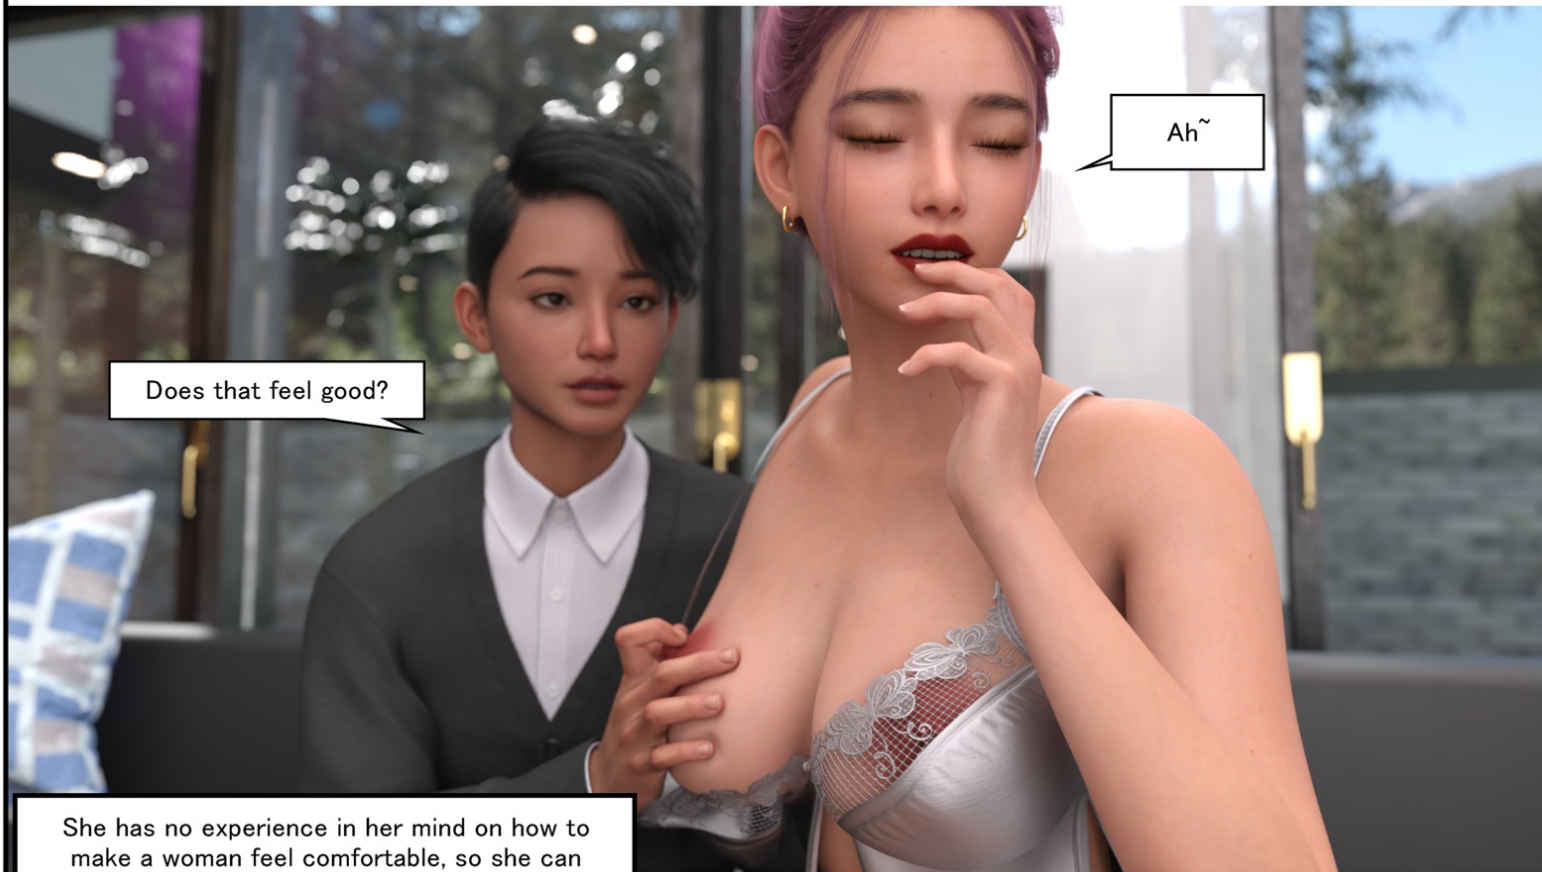

This is the first time Wang Yawei, having become a man, sees a woman's breasts. She never imagined she'd see her own breasts from this perspective.

Even though she had fondled these breasts countless times before, she can't recall the sensation now, no matter how hard she tries. But even if she did remember, it surely would feel different doing it with her current body.

*The black frame is the narration

Does that feel good?

Ah~

She has no experience in her mind on how to make a woman feel comfortable, so she can only imitate the movements from AVs, based on Qin Qiang's memories.

Don't just use your hands, silly,
use your tongue to massage my nipples.

Qin Qiang is well aware that the current Wang Yawei is just a novice, and as the mature woman in the scenario and her teacher, it's her duty to properly guide her first time.

Yes, that's right, use a bit more force with your tongue.

Ah~ the nipples, that feels so good~

It should have felt strange for Wang Yawei to suckle her own nipples, yet she finds herself feeling content, much like how secure she felt as a child with her mother's nipple in her mouth. She then realizes that it must be because her original body's age is close to that of Qin Qiang's mother, causing Qin Qiang's emotional memories to stir, turning what should have been an odd sensation into a pleasant one.

And... lick down there for me too.

A woman in a black suit is kneeling on a grey patterned carpet, looking down at the back of a woman in a white dress. Her hands are resting on the woman's shoulders. The woman in white is seen from the back, with her hair in a bun and wearing a gold hoop earring. In the background, there is a white coffee table with a blue water bottle and a brown book.

Hmm? What's wrong? Does it taste odd?

No... it just feels so unfamiliar.

Of course, it's your first time seeing a woman's genitals in real life, after all.

You'll get used to it after a few more licks.

Driven by hormones, the pussy before her eyes seems to truly become sweet, and then she licks with abandon.

The sensation of being a woman is...
really overwhelming, hurry... put it inside.

Why are you wearing women's panties?
Have you already lost control over your
fetish and started stealing girls' underwear?

No! This is... Ms. Zhao (Xiaoxu) asked
me to wear them.

You really follow Ms. Zhao's instructions, huh?
Now, make sure you listen to mine just as well,
okay?

Okay..

Ah~, right there, push harder.

Haha, my cock is completely in there. Feels so good...

Mrs. Wang, may I call you Auntie?

As the stimulation continues, Wang Yawei gradually immerses herself in the role, feeling as though the body beneath her is no longer her own past self but rather her teacher, and also the mother of her close friend.

Of course, you and Xiaoxu have been classmates since elementary school, and I've watched you grow up. I've always considered you almost like a son. When we're not at school, you certainly don't need to call me teacher.

Ah, ah, Auntie, !! I'm going to cum.

Hmm, a woman's body feels so good too...

Qin Qiang, how about another round with Auntie?

Ah, ah, it feels so good.

Day twenty, Friday

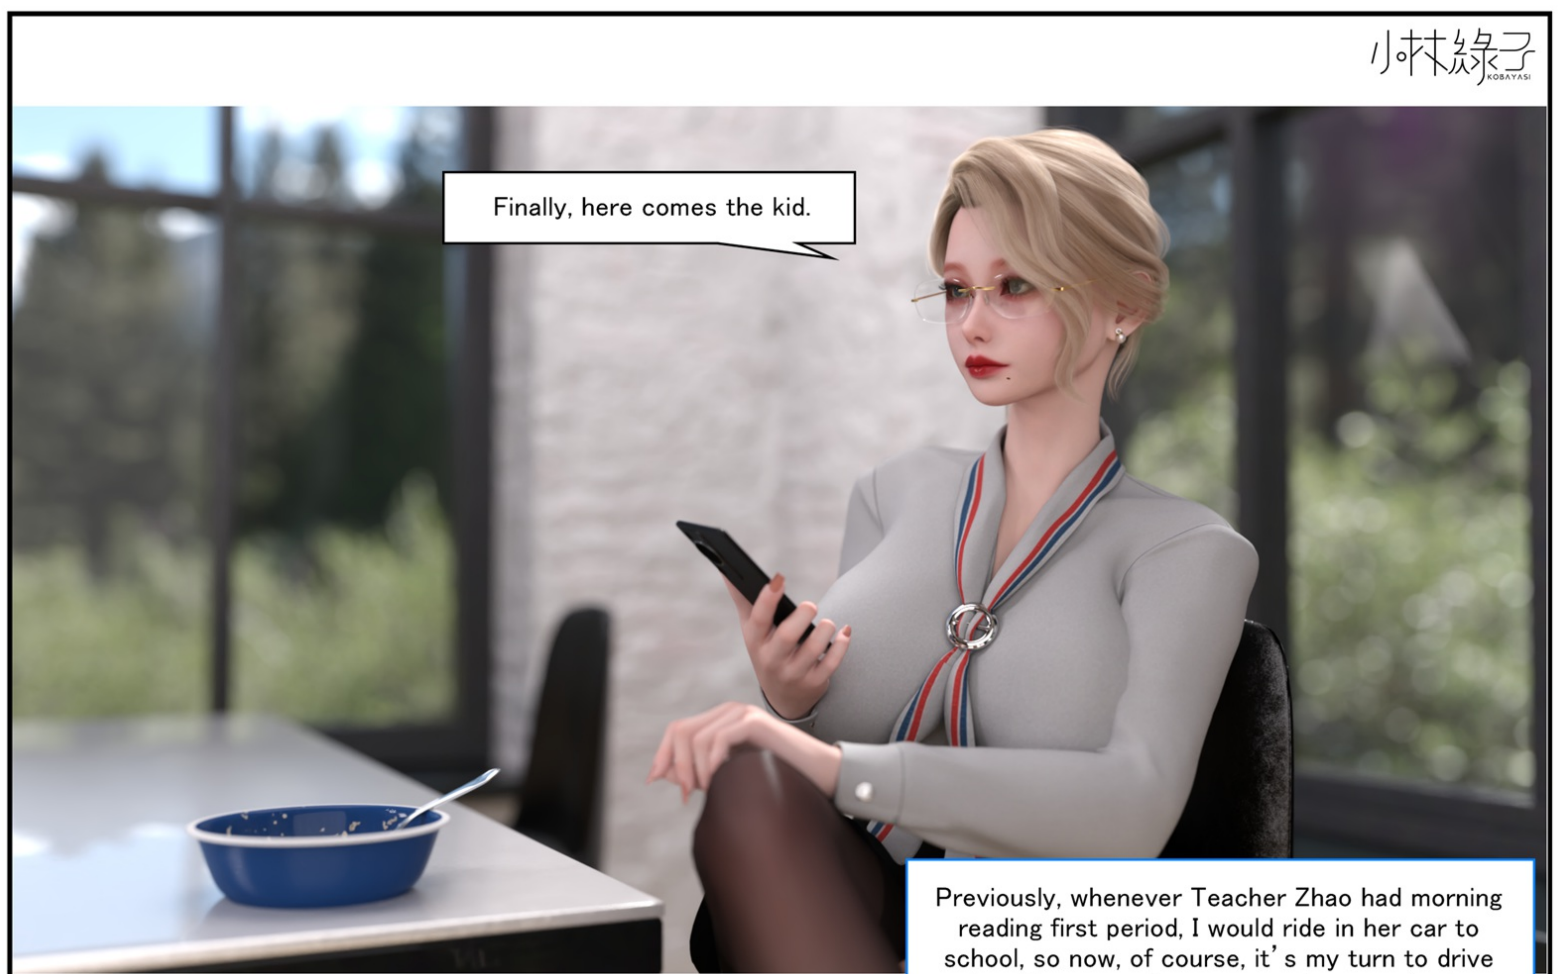

Living as Teacher Zhao has become routine for me; I've grown accustomed to the orderly sequence of bathing, makeup, and dressing each morning. Moreover, with the sunshine so splendid today, it uplifts my spirits.

After getting ready, I made myself a simple breakfast—cereal with milk. The old me would never eat this, but now, with Teacher Zhao's taste buds, even this simple dish tastes delicious. Instead of scrolling through funny videos on my phone, I now browse the latest news headlines.

I know how I appear to others now; I've admired Teacher Zhao many times before from someone else's perspective, a quiet, elegant, mature woman. I just never imagined that one day I would live completely as her.

Finally, here comes the kid.

Previously, whenever Teacher Zhao had morning reading first period, I would ride in her car to school, so now, of course, it's my turn to drive her. However, she seems to have perfectly inherited my dawdling personality too.

Ms. Zhao, are you ready? Let's head out.

I've been waiting for you forever.
Have you had breakfast yet?

Of course not.

You just got out of bed ten minutes ago, right?

Hehe, you know, I always tend to linger in bed.

Was your mom okay yesterday?

By the way, I wanted to ask how you managed it, how Qin Qiang suddenly came around. She was still telling me during PE yesterday that she wasn't quite comfortable doing it with her own body. How come right after class...

I didn't do much, just teased
her desires a bit.

Didn't you do the same? I saw you having a
pretty good time with Li Xue yesterday.

Wasn't it you who got her all worked up?
I was shocked, really, when she suddenly
came at me like that in the office.

Well, I'm not going to argue about it. Women don't reason with you like that. I need to punish you, you sneaky cheater.

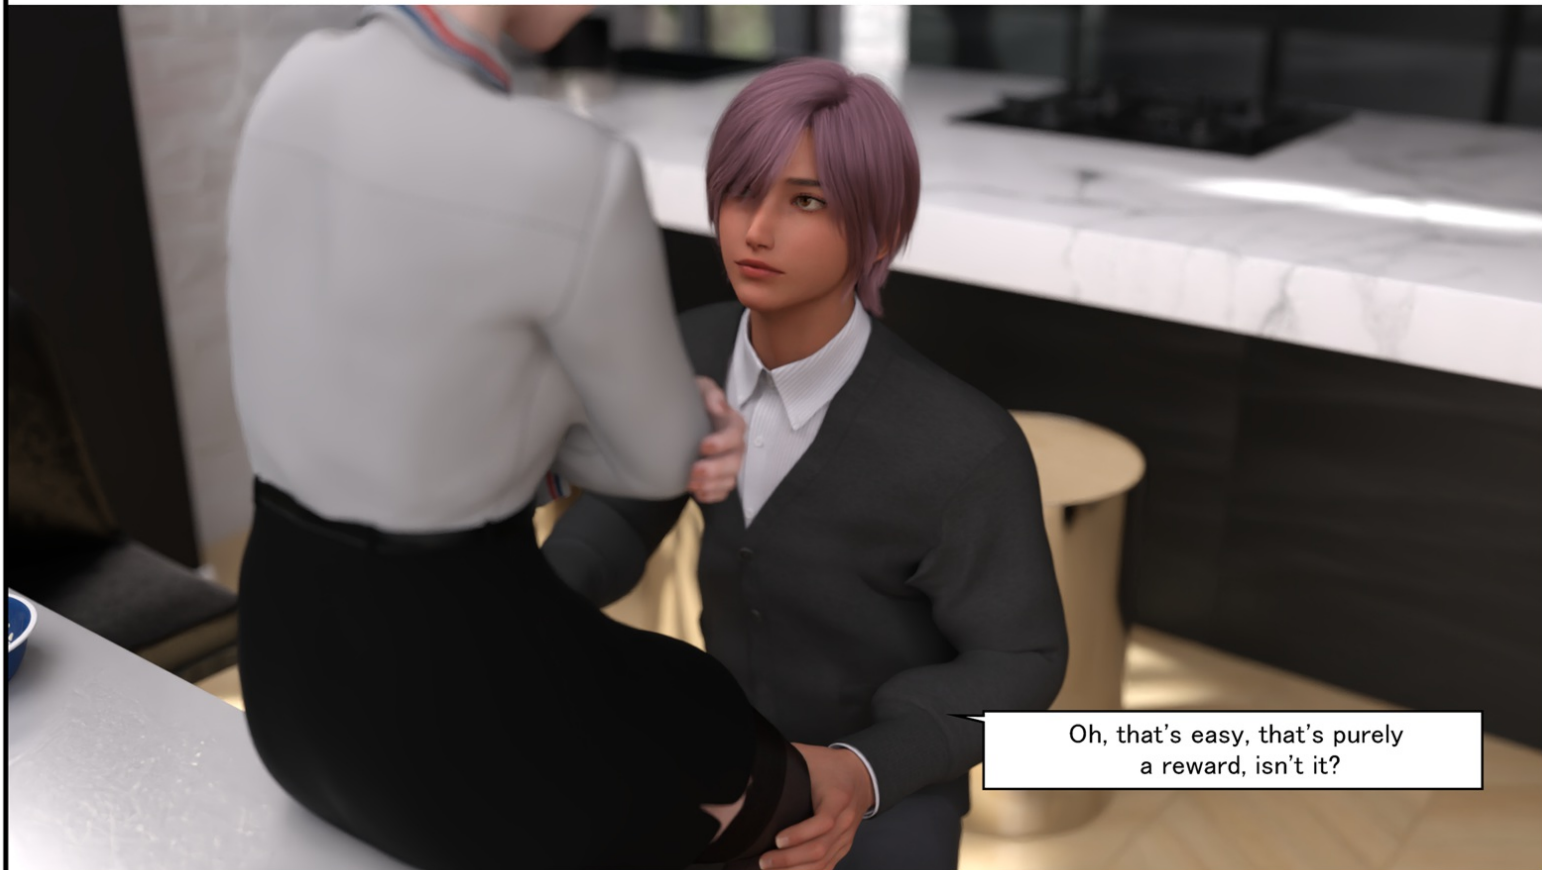

Ah? Why do I have to be punished?
What kind of punishment?

Hmmm~

Your punishment will be to lick me well.

Oh, that's easy, that's purely
a reward, isn't it?

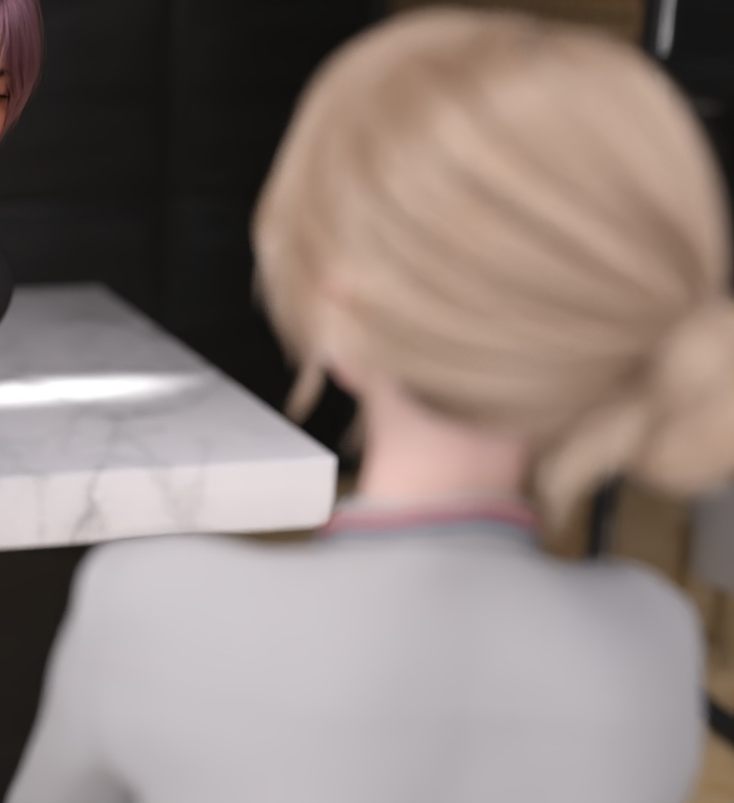

Who said it was going to be that straightforward?

Hmph.

Ah, then how?

Ah, ah, ah, that hurts!

What did you do now?

Just letting you lick me would be letting you off too easily, so I switched our sex organs.

Though I switched back to my own dick, and I just gave you Li Xue's pussy.

What?!

Although I switched bodies back with her yesterday and restored everything, I kept the pussy and didn't give it back to her. What woman wouldn't want her sex organs to stay young?

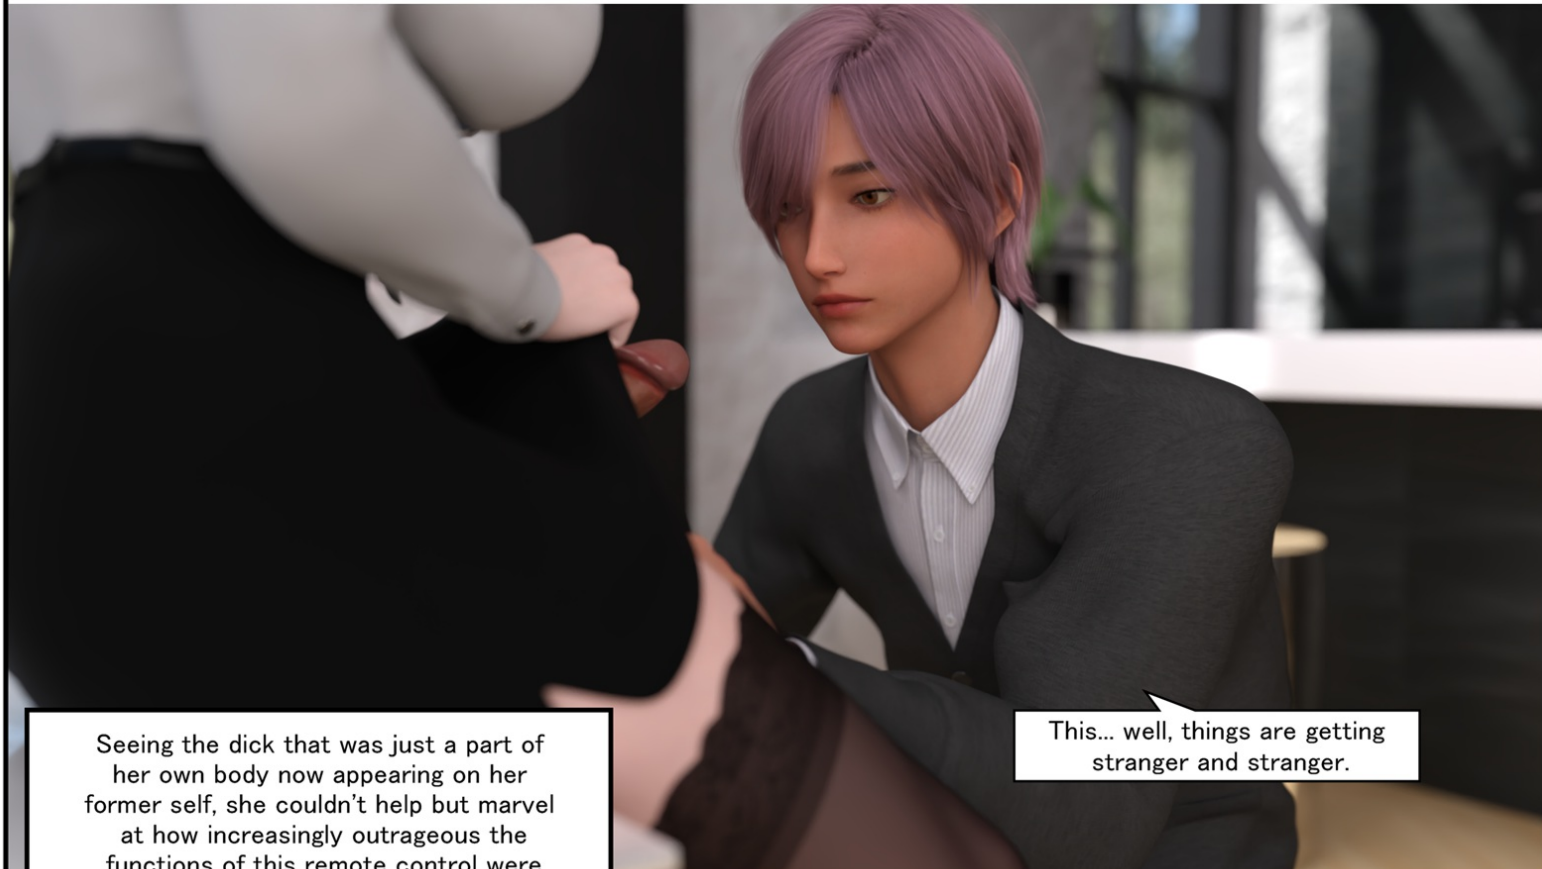

Today, you'll go to school with Li Xue's pussy.

But before going to school...

Let me first experience the
long-missed pleasure of ejaculation.

Seeing the dick that was just a part of her own body now appearing on her former self, she couldn't help but marvel at how increasingly outrageous the functions of this remote control were becoming. Was she giving herself oral, or was it someone else?

This... well, things are getting stranger and stranger.

Yet without overthinking, she opened her mouth,
as one of her fetishes now includes futanari.
And the futanari before her still had the penis
of her former self.

However, it was only when her lips touched the tip that she realized things were even more complicated than she had thought.

Mmm~ Do you feel what it's like to have your dick licked?

Exactly, I've also implemented sensation synchronization. Now, any feeling the dick has on my body, you can fully experience it too.

Plus, you can also experience what it's like to have Li Xue's youthful pussy~

Hmm, go a bit harder, it's my first time feeling what it's like for a guy to get a blowjob.

I can't hold it... I'm cumming.

How does it feel to taste 'your own' semen? Go ahead and swallow it.

Damn, this pair of panties can't contain the dick at all. Won't the students notice that there's a big dick under there?

Should I change into another pair of panties?

Uh... well, it doesn't seem obvious.

Still, it feels a little bulging...

It is a bit, but no one's going to think about it that way.

True, let's go. We're almost late for school.

It's all your fault for pulling this stunt so early in the morning!

You brat, you're blaming your teacher now?

In the classroom

Class, today we'll continue with the lesson we didn't finish last time. Take out your Chinese textbooks and turn to Lesson 25.

Li Xue, who never loses focus in class, couldn't pay any attention to what the teacher was saying. Ever since she got home yesterday, she's been feeling strange. Although she has liked Xia Xiaoxu for a long time, she never expected that she wouldn't be able to hold back, confessing her feelings and even doing something so embarrassing at school.

On top of that, while taking a bath last night, she discovered that her genitals felt unfamiliar. Although she couldn't quite describe how her body should feel, she had a vague sense that it wasn't supposed to be like this.

This strange feeling is not only reflected in appearance. After seeing Xia Xiaoxu at school today, she immediately felt her lower body become wet and itchy. Her mind kept recalling the feeling of Xia Xiaoxu's penis inserted into her body yesterday. Even now in class, she couldn't help but reach her hand down to check whether her underwear had been wetted by the seeping vaginal fluid.

She looked helplessly at Xia Xiaoxu, as if hoping to find some physical comfort from the exchange of their gazes.

However, what she didn't know was that Xia Xiaoxu was also experiencing the overwhelming pleasure of nearing ejaculation at that very moment.

In the bathroom

Ah, this feels so good.

This dick feels amazing.

Ah, ah, ah, I came.

Being a woman for so long, I almost forgot how good it feels for a guy to ejaculate. Doing it once in a while feels amazing.

Who would have thought that the school's sexiest English teacher is masturbating in the bathroom?

But such a pleasurable experience
is too good not to share.

I pressed the organ-swap button again, but this time it wasn't to swap with Teacher Zhao—it was with Li Xue. This idea struck me on a whim: to switch my pussy, which was on Li Xue's body, back to myself, and give her Ms Zhao's dick. Then, I'd figure out a way to seduce her later, letting Ms. Zhao experience the thrill of having sex with me while teaching a class.

As a strange current coursed through her body,
Li Xue suddenly noticed that her lower body
didn't feel as empty and itchy as before.

She was about to breathe a sigh of relief when she felt a new swelling sensation in her lower abdomen. It was almost like the feeling of starting her period, with a noticeable heaviness in her lower body.

Immediately after, it seemed as though all the blood in her body rushed to her clitoris.
She could distinctly feel it engorging and growing larger.

An indescribable mix of pain and pleasure twisted her expression.

Ah...

AAAah.....

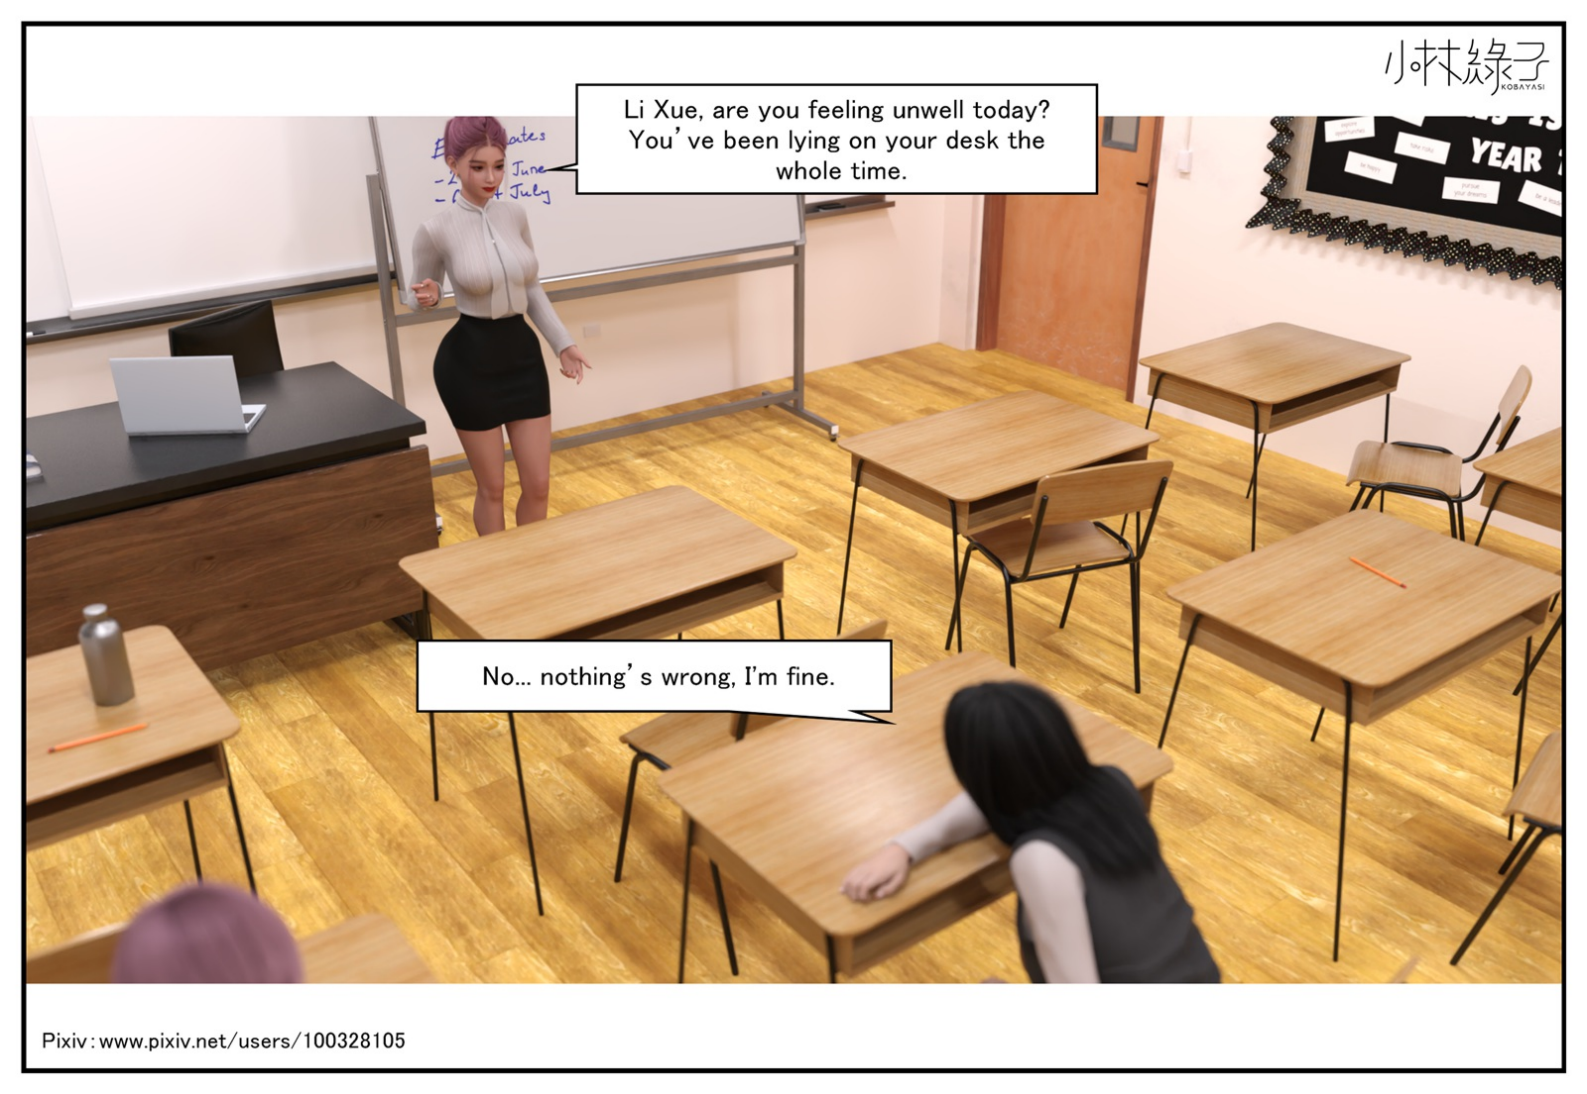

It feels familiar again...

It's wet inside, as expected. It seems that a middle-aged woman's organs really distract you from focusing in class. So, how will you handle having a guy's dick?

A 3D-rendered classroom scene. A female teacher with pink hair, wearing a white long-sleeved top and a black skirt, stands at the front of the room. She is looking towards a student. The student, with long black hair, is sitting at a desk in the foreground, leaning her head on the desk. The classroom has several wooden desks and chairs. In the background, there is a whiteboard with some writing, a desk with a laptop, and a bulletin board with a 'YEAR' sign.

Li Xue, are you feeling unwell today?
You've been lying on your desk the whole time.

No... nothing's wrong, I'm fine.

That's good. Sit up properly.

Li Xue had just realized that all the strange sensations in her body had disappeared. However, as she sat up, she noticed an entirely new experience in her lower body. Her underwear felt unusually tight, snugly wrapping around her crotch, even to the point of being a bit uncomfortable.

She quietly lifted her skirt for a glance and discovered that, at some point, her lower body had transformed into... a boy's... dick.

AAHHHHH !

What's the matter, Li Xue?

Mrs. Wang, I'm sorry,
my... stomach hurts...

Then go to the bathroom quickly,
really, making a big deal out of nothing?

Why do I feel something from my dick
when Li Xue moves? Could it be...

In the bathroom mirror, Li Xue
could hardly believe her eyes.

This morning I was definitely peeing sitting down, but now, in the mirror, there it is, standing erect, a male genitalia.

How... how could this happen?

For her, everything that has happened in the last two days has been too strange, although the feeling from her pussy was also odd, but in any case, it's better than her current state of being neither fully male nor female.

Li... Li Xue... you?

Li Xue, are you a boy?

No... it's not like that,
Ms. Zhao!

QwQ, Ms. Zhao, I really don't know how it turned out like this.

So, did you suddenly become like this?

Yes, just before class everything was fine, but during class suddenly down there felt very swollen, and then...

And it's so big, my underwear can't even hold it, QWQ, but I'm clearly a girl.

Don't panic, don't panic, of course, I believe you, how could our school's top student possibly be a transsexual.

Ms. Zhao, I can't possibly stay
like this forever right?

No, no, there will definitely be
a way to change back.

Although I am the instigator myself, seeing
Li Xue crying like this in front of me, a genuine
protective instinct like a real teacher emerged within me.

However, as I held her in my arms, her breasts were also pressed tightly against me. I could feel that her lower body was more erect than before. She seemed to also feel a new kind of pleasure in her body, her lower body kept twisting slightly.

You know, Li Xue, usually for boys after ejaculation, it won't be so big anymore. In your case, it might even change back after you ejaculate. Even if it doesn't change back, it should at least soften first.

Although it was hard to see her cry, I still planned to let her experience the pleasure of being a boy, then switch it back as planned.

I'm sorry, Ms. Zhao. But, I don't know...
how to ejaculate...

It's okay, I will help you.

Ms. Zhao... Should I just insert it like this?

Yes. Go ahead and put it in.

She tried hard to recall Xia Xiaoxu's movements from yesterday, slowly placing her hand on Mr. Zhao's buttocks in front of her.

Thank... Thank you, Ms. Zhao.

Although she still feels somewhat resistant, it seems there's no better option than to try. Moreover, though she doesn't want to admit it, the irresistible magical pull of the penis as it approaches her vagina makes her want to insert it.

Ah~

With her eyes shut and a forceful thrust of her waist, she pushed the penis inside, instantly sending a wave of novel pleasure straight to her brain.

Once the penis was inserted, no guidance was needed. To enhance the pleasure from the friction between the penis and the vaginal walls, she instinctively began to gyrate her waist, gradually increasing the speed.

Each time the penis moved in and out of the vagina, the sensations it triggered nearly blanked her mind.

Ah~ Li Xue, you're so thick~ I'm filled so full.

Watching in the mirror as Mr. Zhao is rendered speechless by her own actions, she feels a mysterious sense of satisfaction surge within her.

Ah, indeed, the pleasure is more comfortable for a woman.

Ms. Zhao, I feel... so good! I... might ejaculate.

Ah ah ah~

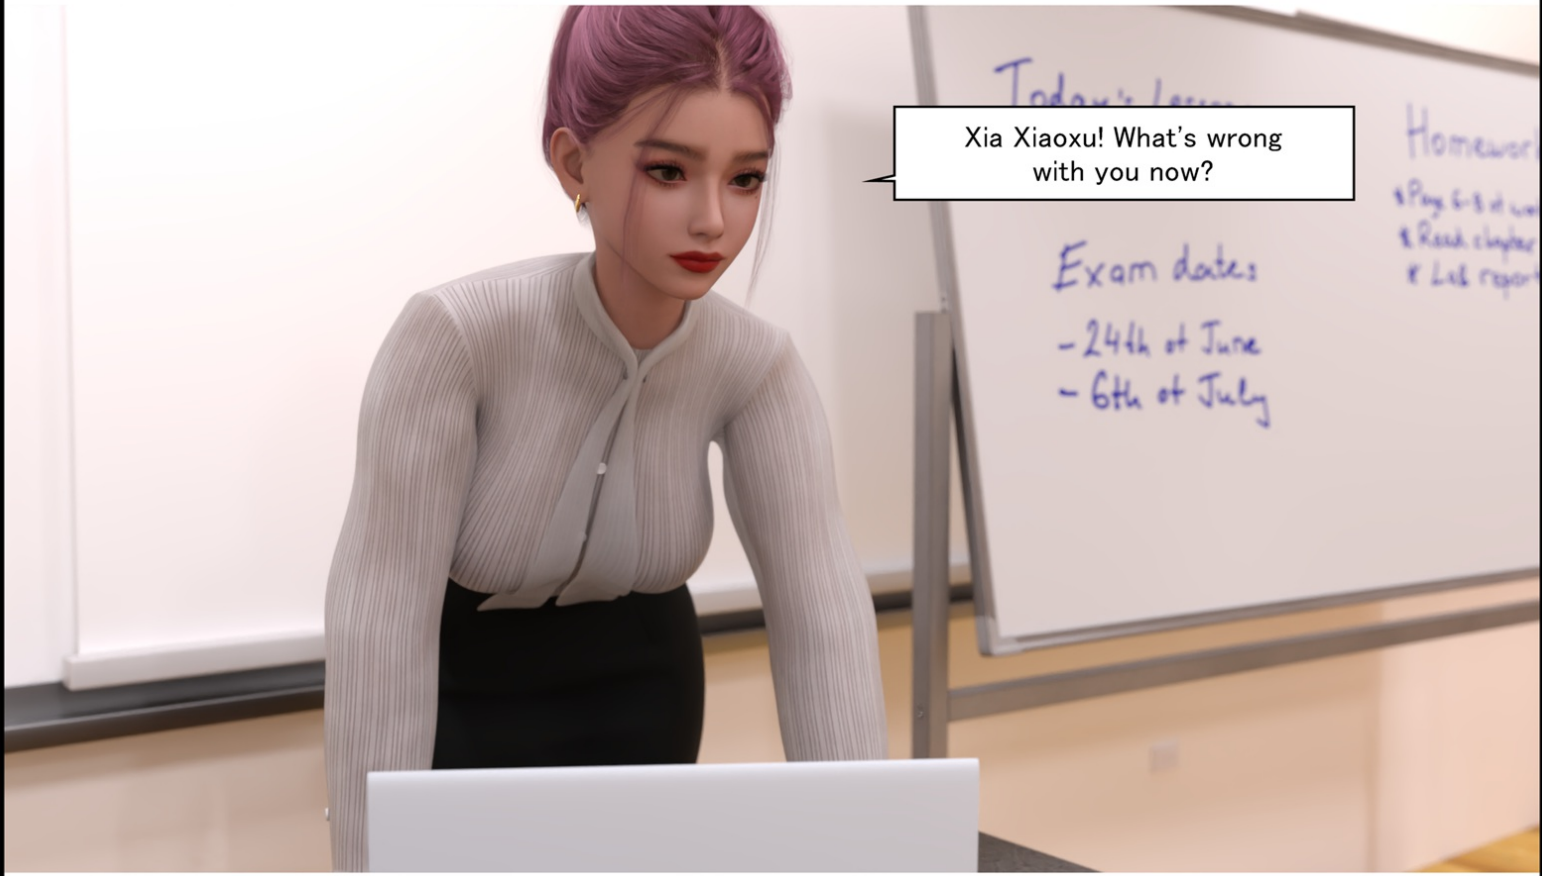

Ah~

Oh no.

Xia Xiaoxu! What's wrong
with you now?

Ms. Zhao, don't say it's reverting back...

Why is my penis still so hard?

It's not like a boy's penis goes soft immediately after sex... It might go back to normal soon.

Wow, it really went soft.

Ah, that strange feeling is coming back again.

That strange sensation she felt during class is swirling through her body again, and she's sure her genitals can revert back now. But in an instant, she also feels a slight sense of loss that she might never experience that pleasure again.

Ah!

Wow, it really reverted back!

Although she didn't understand the principle behind it, Li Xue was genuinely happy to see her flat lower body. She had finally returned to being a normal girl and would no longer have to be mistaken for a shemale.

Ms. Zhao! It really reverted back.

Immersed in the happiness of her male genitalia transforming back into female genitalia, Li Xue didn't notice that my skirt was now slightly bulging again due to switching back to having a penis.

That's good. I wasn't wrong, was I?
As expected, it reverted back after
ejaculation.

Watching Li Xue now with Ms. Zhao's
originally thick lower body, I secretly
chuckled to myself.

Alright, head home now. Class has been over for a while. Don't tell anyone about this. When I talk with your mom tonight, I'll keep it a secret for you too.

Okay, got it. Thank you, Ms. Zhao.

Cough cough

Mom?

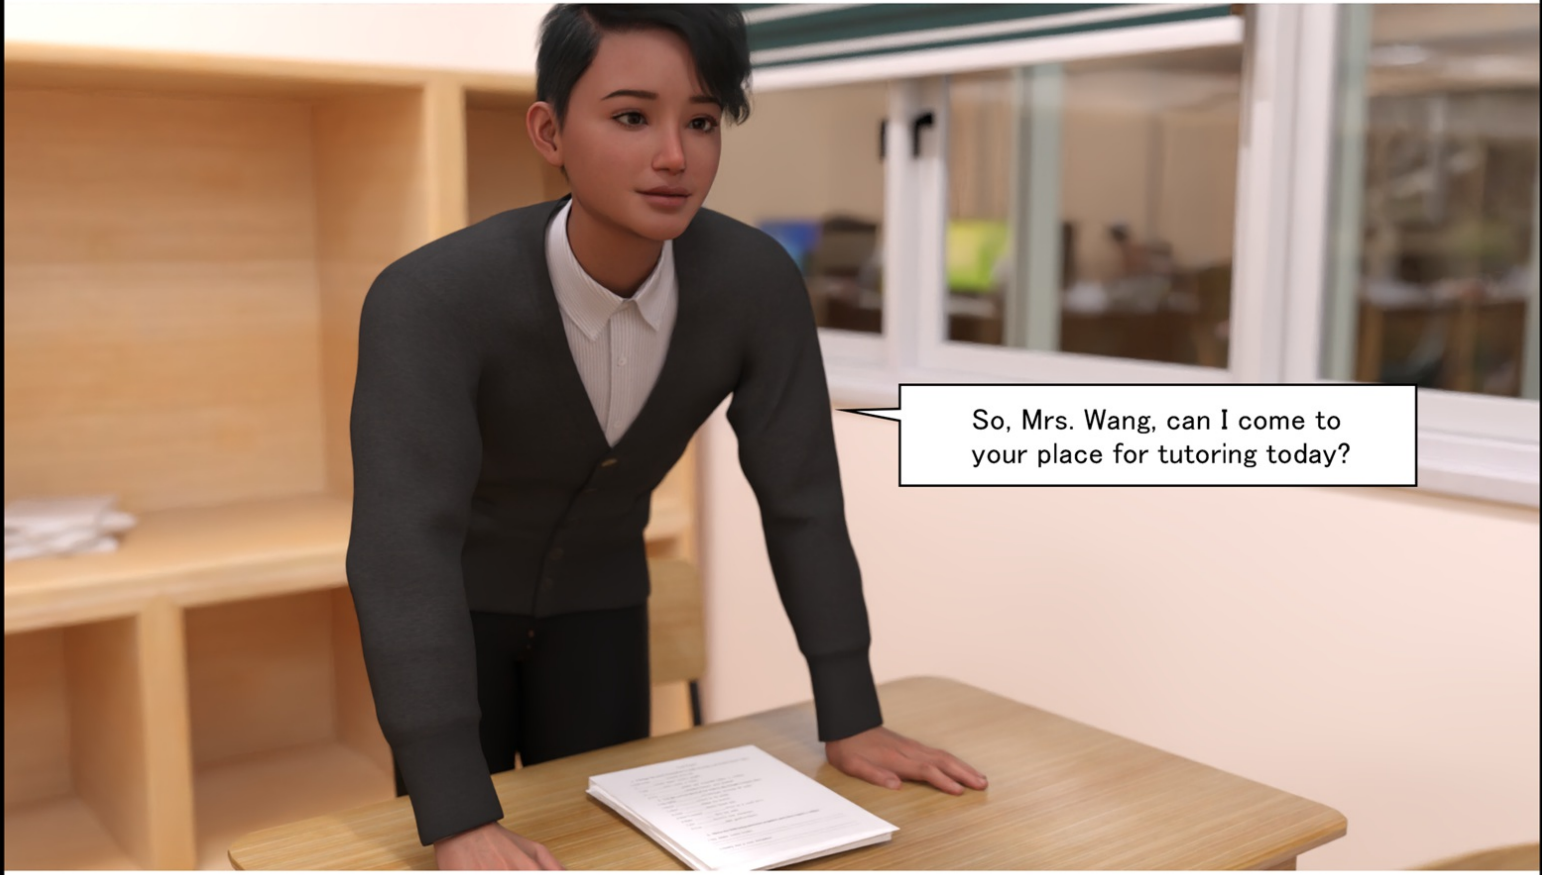

How many times have I told you,
at school, call me "teacher."

You little troublemaker, your performance in class today was terrible. Remember, I'm not just your mom, I'm also your teacher now. If you keep misbehaving like this, I'm going to get angry, okay?

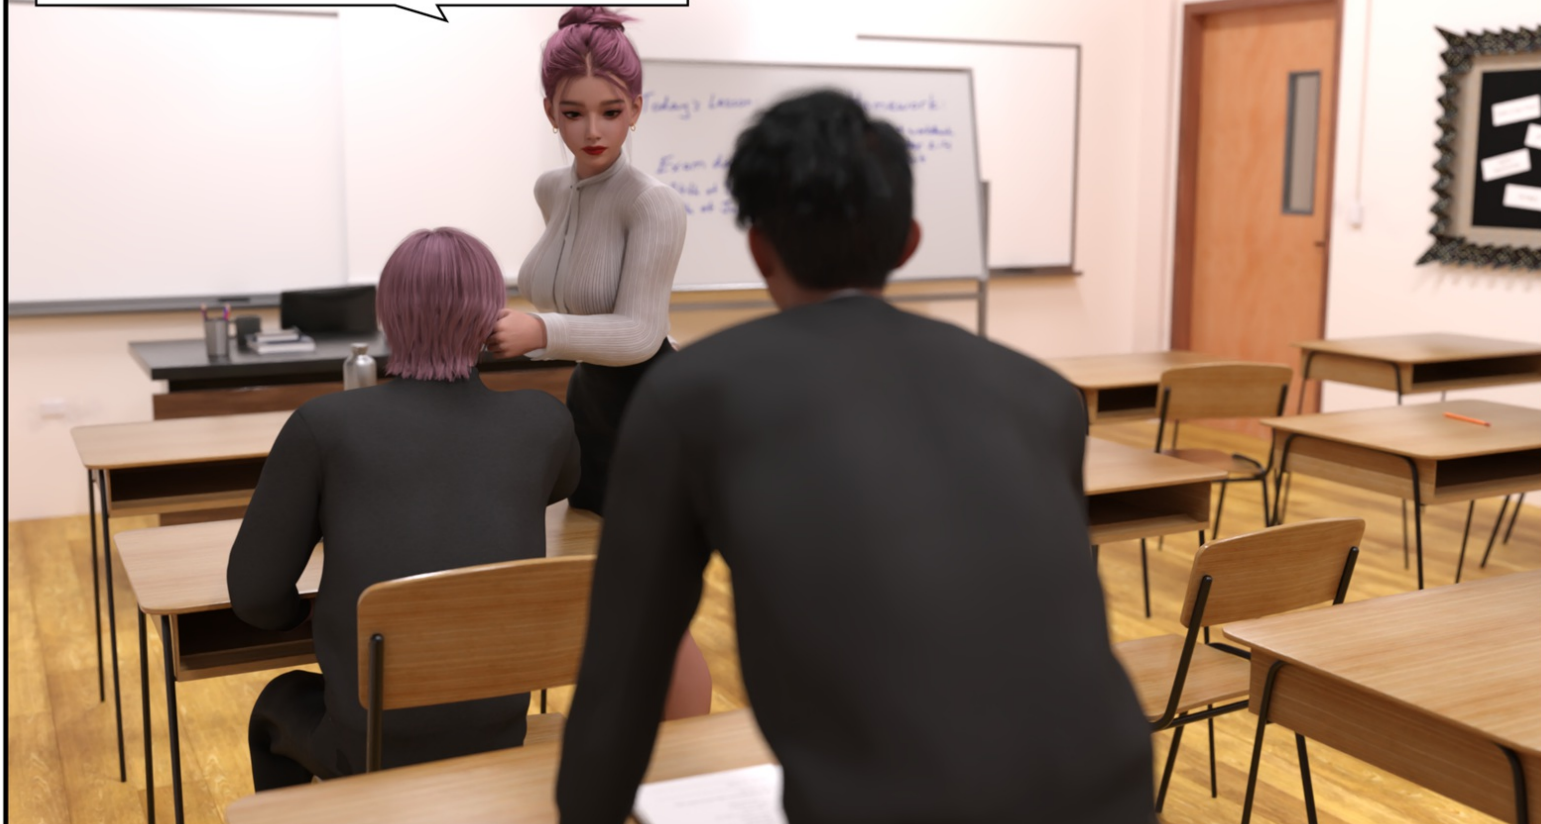

Eh, eh, eh, I'm sorry, Mrs. Wang.

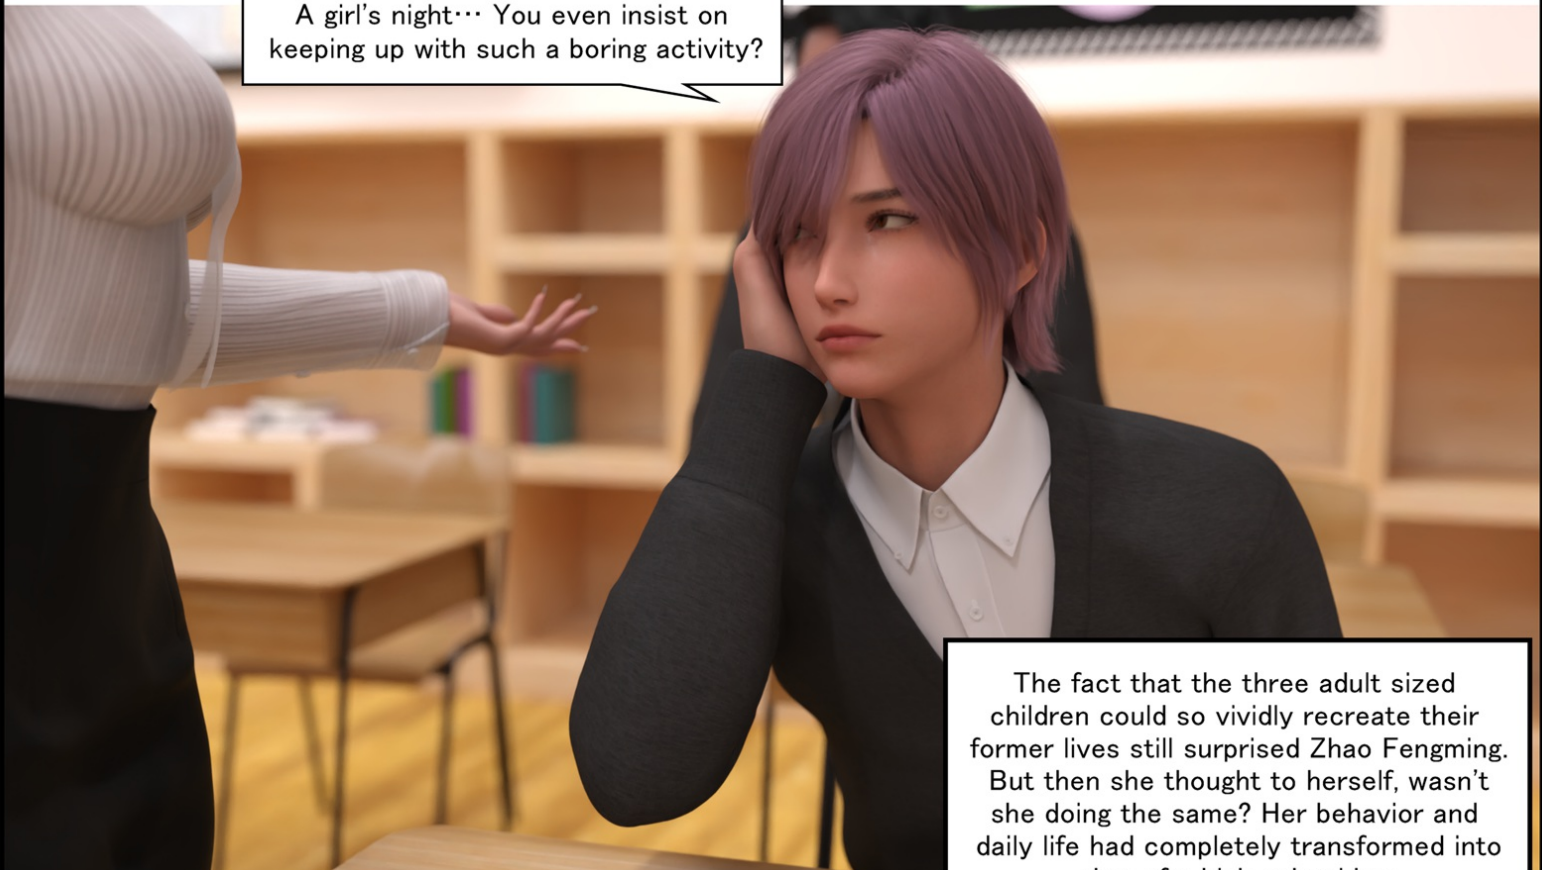

So, Mrs. Wang, can I come to your place for tutoring today?

You brat, didn't you just have tutoring yesterday? Can't you even hold out for a day?

But not tonight. Tonight, I have a girl's night with Ms. Zhao and Auntie Li.

A girl's night... You even insist on keeping up with such a boring activity?

The fact that the three adult sized children could so vividly recreate their former lives still surprised Zhao Fengming. But then she thought to herself, wasn't she doing the same? Her behavior and daily life had completely transformed into that of a high school boy.

Of course! It's a great chance for us women to gossip, chat, and exchange tips on how to educate you all properly.

Alright then, I'm heading out now~

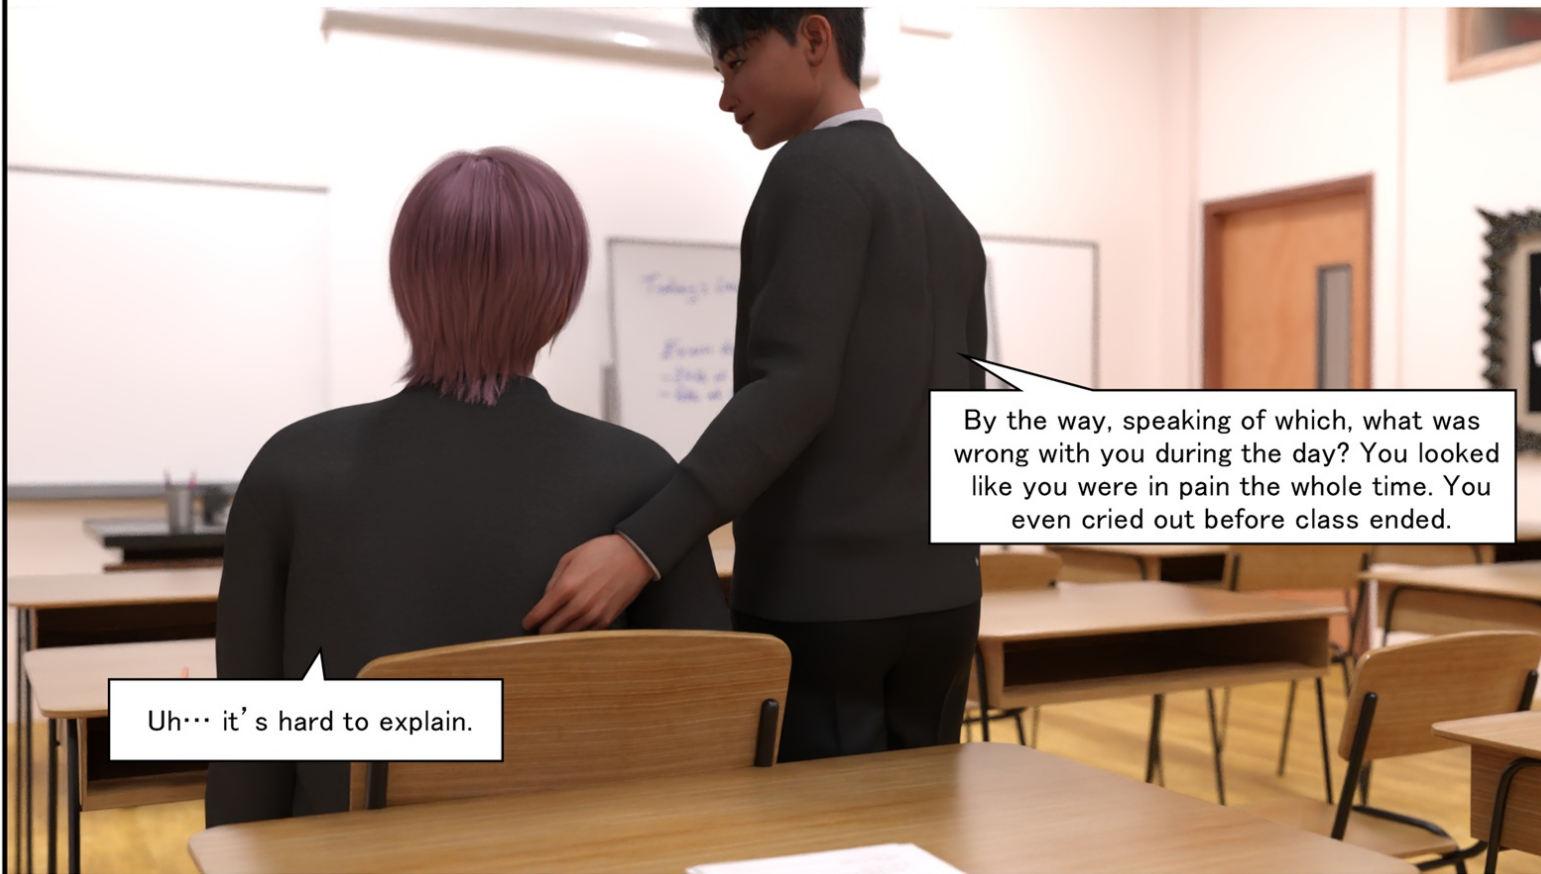

You two boys figure out dinner yourselves tonight.

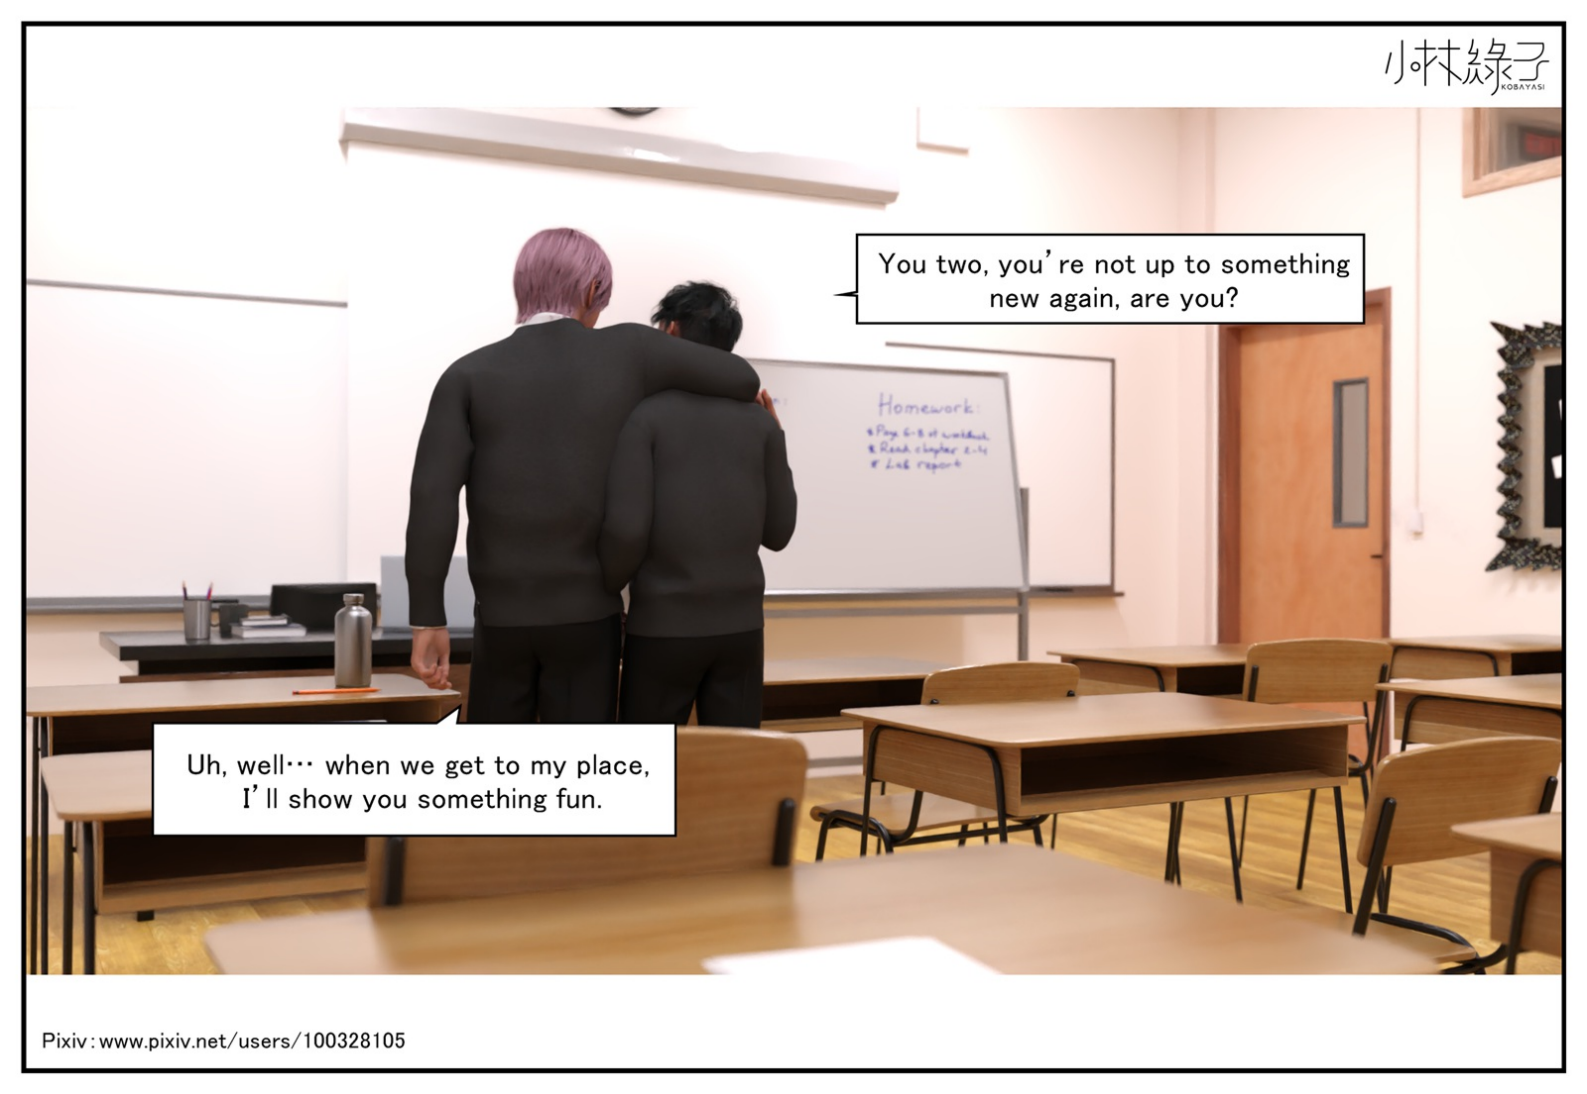

What should we do, Xiaoxu?

What else? They've gone out, so the two of us brothers can just go back and play games. It's Friday, after all.

By the way, speaking of which, what was wrong with you during the day? You looked like you were in pain the whole time. You even cried out before class ended.

Uh... it's hard to explain.

You two, you're not up to something new again, are you?

Uh, well... when we get to my place, I'll show you something fun.

After class, Qin Qiang and I went to the bar first, waiting for Xiaomeng to arrive. When Xiaomeng returned the remote to me, I told her the truth about its origin and shared everything that had happened. Of course, I also learned about the swap between her and her mother, and I shared that with everyone. Since everyone was enjoying themselves now, I lifted the restriction that forced people to call others by their original body names when using the remote. The exception was my mom, as her occasional lapses into her original role could still happen.

It seems like she's quite enjoying being in a boy's body, isn't she? Besides, didn't you already do it with her? Does she still want to switch back?

Before Xiao Ai arrived, Qin Qiang and I were talking about them, just like how Mr. Zhao and my mom used to discuss their sons and students.

Although she hasn't said it outright, I feel like she's just experiencing the novelty. Once the excitement wears off, she might want to switch back.

If she really brings it up, we'll have to respect her decision. After all, staying like this permanently is no small matter.

Yeah, but I hope that day doesn't come too soon.

Have you already fallen in love with being a woman? Maybe you'll be the one to ask to switch back first.

No way, I'm loving my life right now. I'm a teacher, I don't have to do homework, and on top of that, being a woman feels amazing.

Heh, don't you think having to attend classes every day is kind of annoying?

By the way, how are things between you and "Xia Xiaoxu" when you're home alone?

Xiaoxu? She gets along with me very well at home, just like she's truly my son. Oh, Fengming, what are you joking about? Xiaoxu is my son, so why would there be any problems?

That's good~

Of course, I knew Qin Qiang was joking with me. With their previous memories, he and Ms. Zhao can naturally and perfectly recreate the daily life between my mom and me. Honestly, even without the help of the remote, the two of them could probably pull it off. However, hearing him say that made me realize something—I've now become someone entirely outside of their mother-son relationship.

"Li Yun," over here.

Sorry I' m late, darling.

Wow, Li Yun, it's only been a few days,
but how have you managed to dress
so maturely?

Hehe, well, now that I'm an adult,
I have to look the part, don't I?

You really look just like a mom now.

Do I? Thank you, darling~

Why were you so late?
Everything okay?

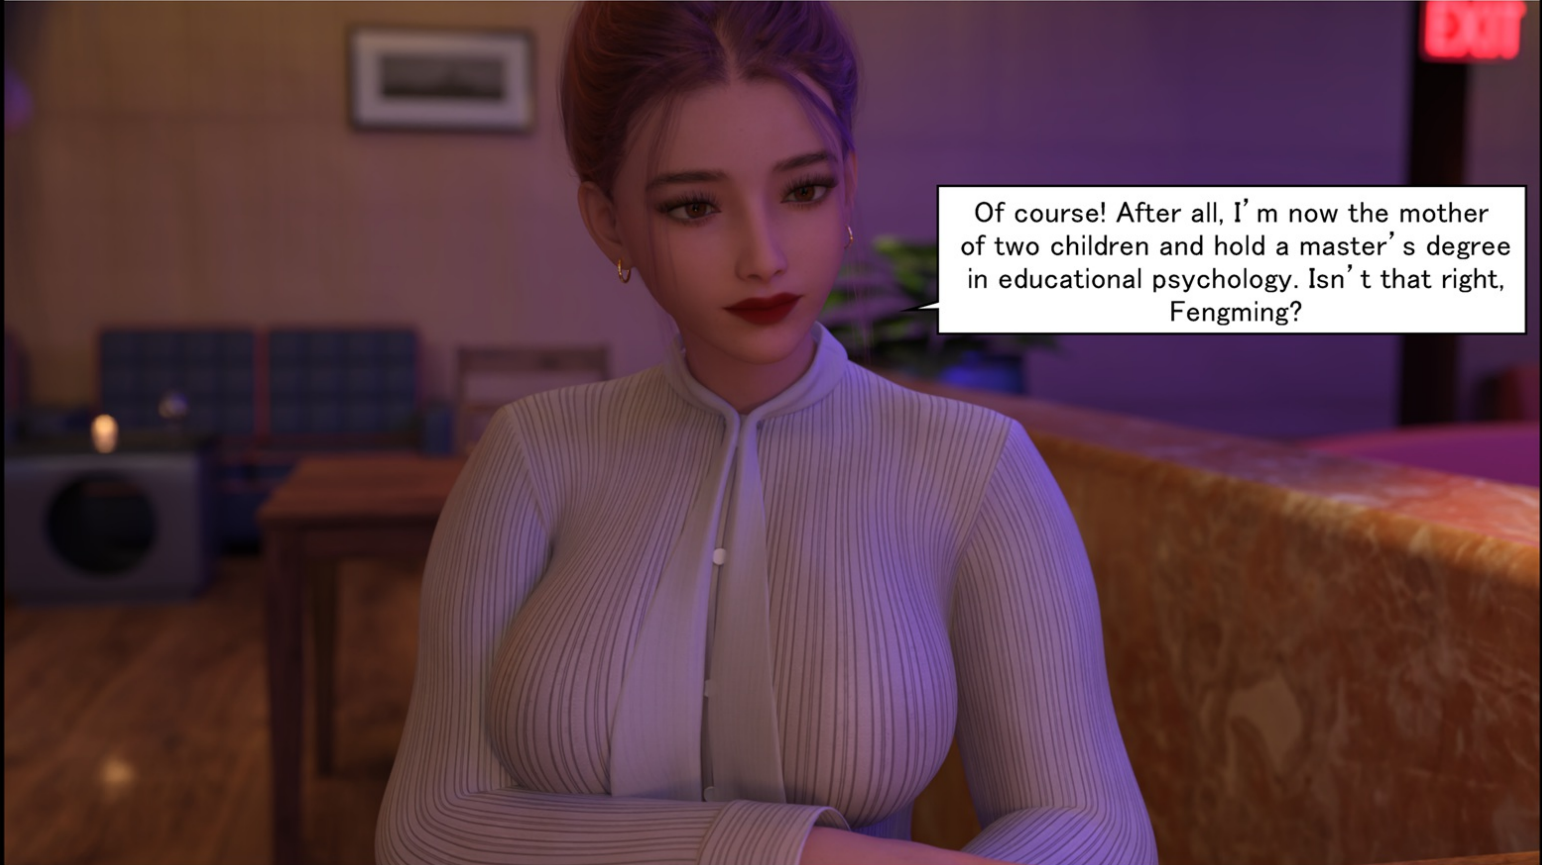

Looks like she still hasn't accepted the reality of being a little girl.

Ugh, don't even get me started. I was taking "Xiao Ai" to her ballet class, and she absolutely refused to go. It took forever to persuade her. She kept complaining the whole way, asking how long it would take to switch back.

That actually makes sense.
How do you know so much
about this?

For a little girl, you need to help her develop
a psychological dependence on you. Give her
more encouragement and recognition, make
her enjoy her current life, and the problem
will be solved.

Of course! After all, I'm now the mother of two children and hold a master's degree in educational psychology. Isn't that right, Fengming?

Yes, yes, my dear Yawei.

Drinking with two such beautiful women, I couldn't help but feel my male desires gradually intensify, with the penis in my underwear remaining fully erect the entire time. Especially Xiao Ai, seeing her grow from a little girl to such a mature and sexy girl, I couldn't help but want to see her current body. So I began to gradually guide the topic to adult topics.

So, now that you're an adult, have you done anything that adults usually do recently?

I've only taken out some of my old toys at night and... you know, masturbated by myself, hehe.

There's no need to feel embarrassed. We're all middle-aged women here—I totally understand the kind of loneliness that's hard to bear at night.

Don't you want to experience
what real sex feels like?

Of course, I do! That's why I was
planning to see if I could have a
fling at the bar tonight.

But, honestly, I'm a bit nervous
about approaching a stranger.

Is that so? Then what about
doing it with me?

Huh? Fengming, what
do you mean?

Actually, mine is a big
cock right now.

Fengming, what did you do with the remote this time?

This morning, as punishment for "Xia Xiaoxu," I swapped organs with him. So now, I have his penis.

It can... it can even do that? No wonder
he was so distracted in class today.
So that's why...

What do you think of my proposal?

Of course, that's perfect! I wouldn't even have to worry about dealing with some random strange man.

Wait a second, what about me?

My proposal already includes you by default. How could I ever forget my dear Yawei?

No time to waste—let's find a hotel.

Hey, what are you doing up there?
It's been so long, and you're still
not coming down.

I'm coming! Just changing my clothes.

Seriously? Does it really take this long to change clothes? You've been up there for half an hour—I have no idea what you're even doing.

Forget it, whatever. I'll just go find
some lewd to watch now.

Hey.

Huh?

How is it? Does it look good?
I'm cosplaying your favorite, Tifa.

When I was planning to buy a cosplay outfit for "Ms. Zhao," I had a sudden idea and got one for myself too.

What about your chest...?

Oh, this? I'm wearing prosthetic breasts.

Now you know why it took me so long. Bathing, makeup—it all took a while.

You should've told me earlier! If I'd known, I definitely wouldn't have rushed you.

So, what do you think of me now?

Wouldn't... wouldn't this be too gay?

Just touch me down there
and see for yourself.

Mmm~

You... how could this be?

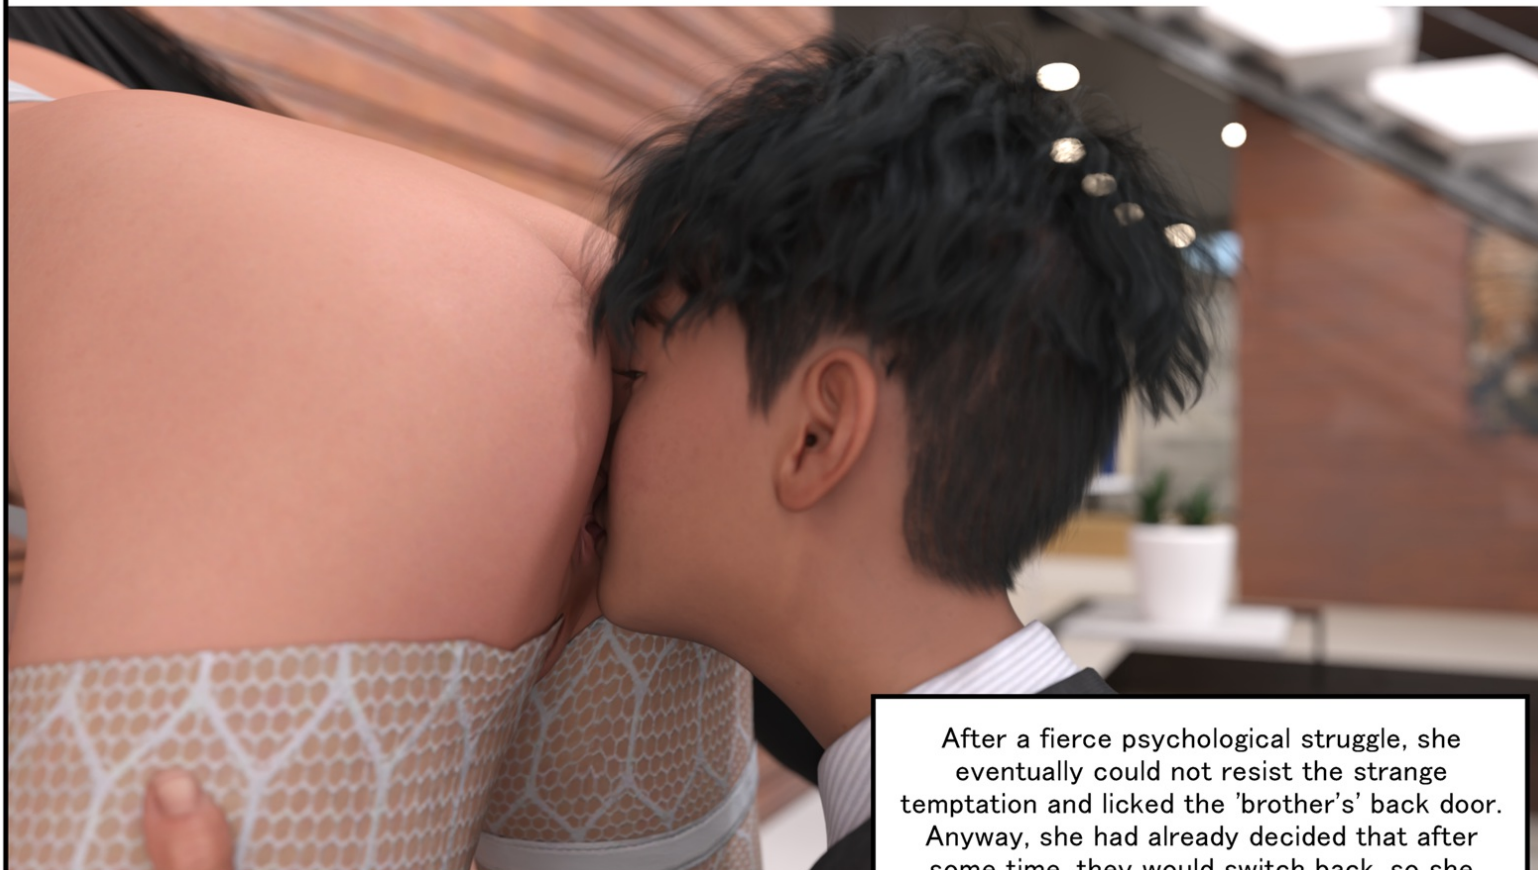

So, you guys used the remote again today.
No wonder you were gasping all throughout class.

Li Xue's vagina is actually on your body. That's incredible.

Stop staring so intently!
It's super embarrassing.

Wang Yawei never expected that her current body would actually feel something when looking at a boy. But even though she knew the person in front of her wasn't truly Xia Xiaoxu, in every practical sense, they were no different from the real Xia Xiaoxu now. If she were to really do this with them, it felt like the relationship among the four of them would become even more entangled.

After a fierce psychological struggle, she eventually could not resist the strange temptation and licked the 'brother's' back door. Anyway, she had already decided that after some time, they would switch back, so she might as well indulge during this period.

Zhao Fengming did not expect that Wang Yawei would lick his own back door. He never thought that when both were women they had tried lesbian activities together, and now they would do such a thing with male bodies.

Hey, where are you licking?
That's not... Isn't it supposed
to be the pussy?

Compared to Li Xue's pussy, your anus is more tempting. Brother, you smell so good, can I put it in?

You're already pressing against it, why ask!

Be gentle, it's my...
first time using that hole.

Ah, 'brother,' your rectum is so warm.
It wraps around my dick so tightly.

Something feels off...

When her back door was fully stuffed,
suddenly her body experienced a
pleasure that did not seem to belong to her.

Ah, the dick... has it
entered the pussy?

Ah~ Fengming~

Fengming, Xiaoxu's dick is so thick,
much bigger than Qin Qiang's.

Yeah, it feels so good.

I never would have imagined that my first time as a man would happen like this, and that it would go into 'Yawei's' pussy.

Don't forget about me, sister.

Sister, you look so sexy like this.

Sister, does my body look fat now?

How could that be?
It's called being voluptuous.

Then I'm going in now.

Ah~

Ah~

I finally used my own dick for my first time as a man, having experienced manhood, I have no regrets left.

Ah~

The pleasure of ejaculation combined with the back door being filled with scalding semen, Zhao Fengming felt the most thrilling orgasm of his life.

Ahh...Ahh..

Wang Yawei also never expected that one day she would ejaculate 'her own' semen into Xia Xiaoxu's body.

How does it feel, comfortable back there?

It's quite exhilarating, definitely
turned into a cream puff...

Ah, it's not over yet, the dick, I can feel a dick is in my pussy again. I can't stand anymore, my legs are already weak.

What are those three doing?
Why don't you sit down and rest for a bit?

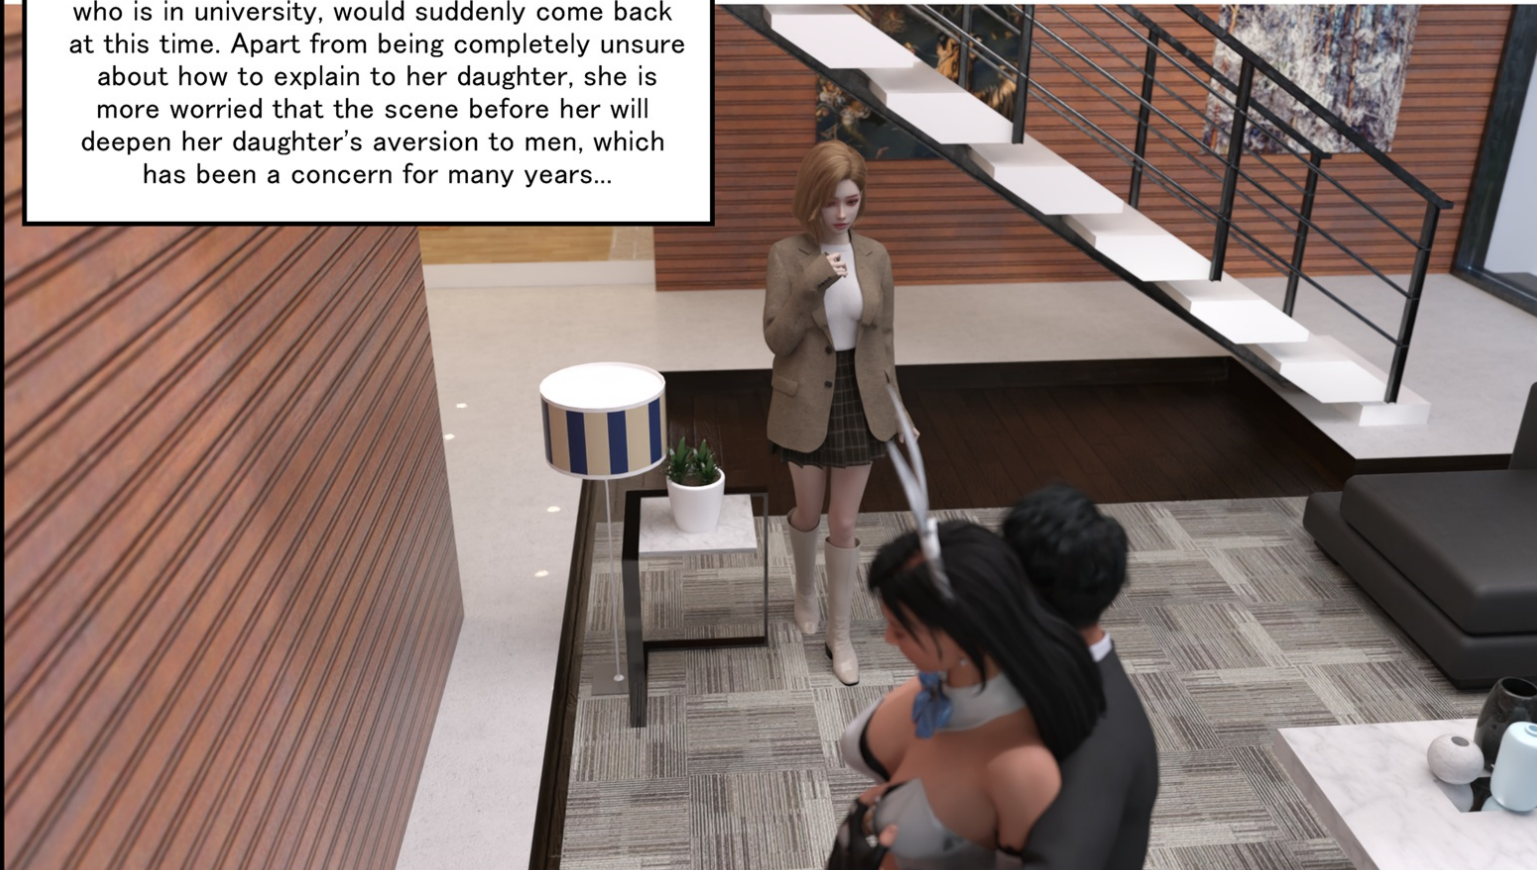

Oh my god, you two?!

Big sister (Xia Yao)?, why did you suddenly come back?

It's a three-day holiday,
why would I stay at school?

Wang Yawei never expected that her daughter, who is in university, would suddenly come back at this time. Apart from being completely unsure about how to explain to her daughter, she is more worried that the scene before her will deepen her daughter's aversion to men, which has been a concern for many years...

.To Be Continued.
