US Presidential election.

Chelsea, a young woman from New York, was very active for the next presidential election. She really wish that Diane H. Blimpton will be the next president of the United States.

Blimpton is not very popular, but the nominee from the other party, the Businessman Ronald Frump, isn't very popular too. The election is still running but will be finished soon.

It must be Diane! It would be a shame for America if Frump win this election!

Blimpton: 232 votes
Frump: 306 votes
270 votes are needed!

Mr. Frump wins.
He will be the next President of the United States...

WHAT
?!?

Ohh...no!
That can't be!

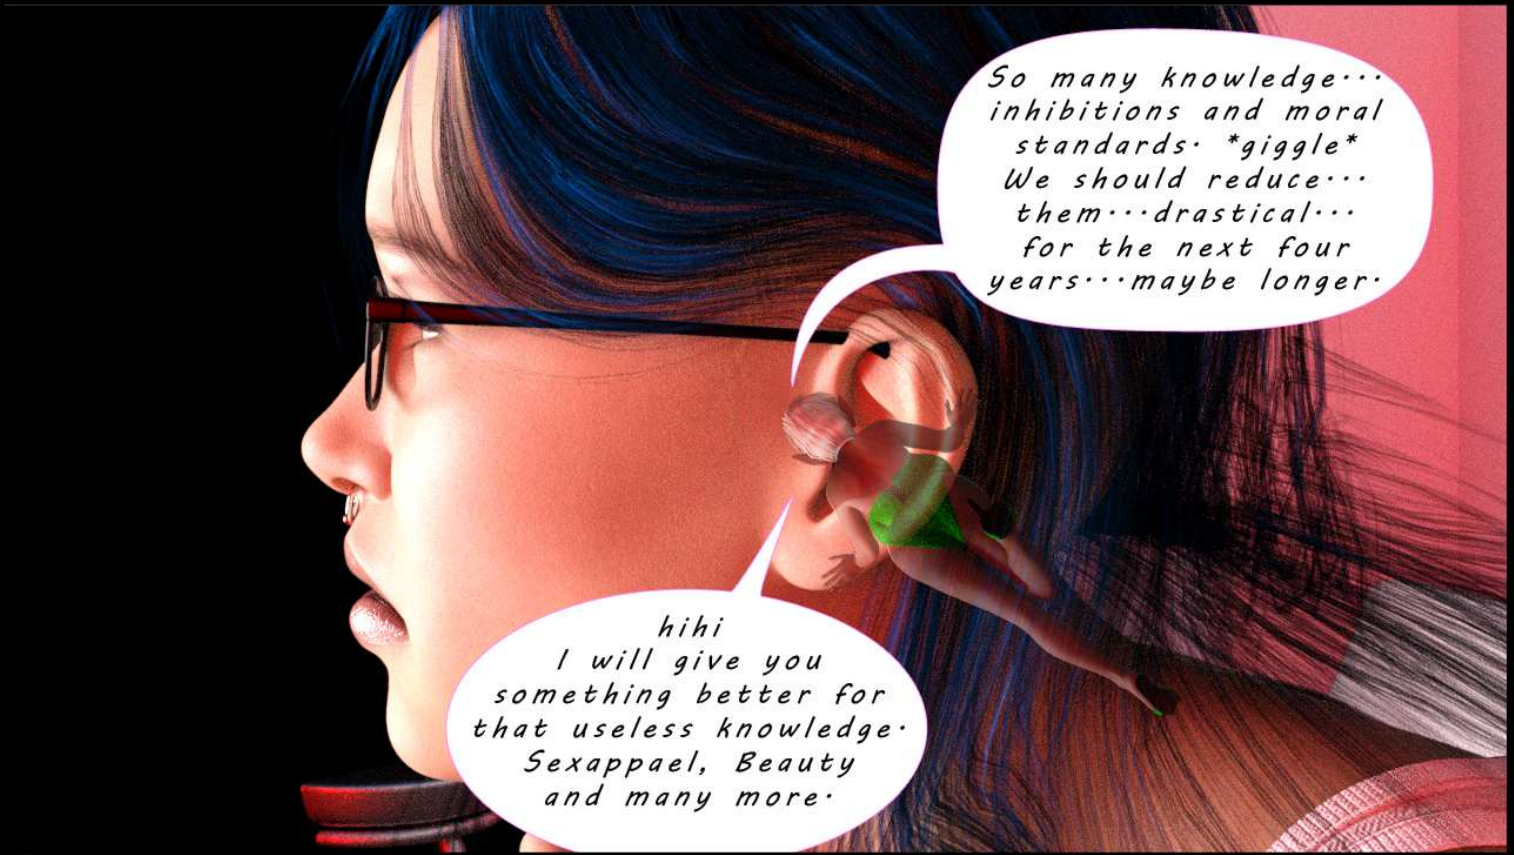

What should I do?
How can I live with this moron as President?

What a nightmare!
Noo...

There must be a way out of this mess! Maybe I should leave the country?
