

The Bimbo Machine

Part 2

It's been so many years...after I used this amazing machine on Lynn and myself. Lynn is still the happy Stripper she should be...and I...I changed from a men's wet dream into a brilliant scientist...

...earned so much good reputation and won tons of prizes. Found one great Husband, gave birth to my daughter and watch her grow up...and I got older...and older.

Very well. Time to change that. I've had enough of the wrinkles, and dying my hair My love is dead, my daughter is standing on her own two feet... I haven't even seen her for years.

But, I need help. Hmm... I think that Dr. Scheidtlang may be the best choice.

He's got enough skills to overview the system working and the best thing is: He is gay.

He would never... change the program, like I did with Ashlynn years ago.

Yes, I think he IS the best choice!

So, Dr Scheidtlang, you know how the machine works. The Program is loaded and all you need to do is:

Overview the settings and that the everything stay okay. I trust you!

If something...unwanted...started to happen...or an error pops up, stop the system.

Alright, Professor. Get ready and hop into your baby.

The system is ready and stable, Professor.

The cellstructure matrix is up and the process will start in -60 seconds. Good luck.

Damn, she is still a hot piece, even with her 50 or more years. Look at that ass! But it is time..
Time to change these settings Good bye, Professor!

I need to find out why the system always creates malfunctions with synthetic clothes...

It's cold in here!

PROGRAM
"JENNIFER"
IS
STARTING
UP!

It is time to
change. It is a
pain in the ass,
to have an
old body like
this...

So much Energy...
I feel so...young!
soo...powerfull!
The system is
working!

Oh? My boobs should not be so big! Not after I shrunk them years ago! The pressure behind them ...they are still growing?

Oh no! There..must..
be something wrong!
They are, like, so big.
Too big...even bigger
than they ever were!

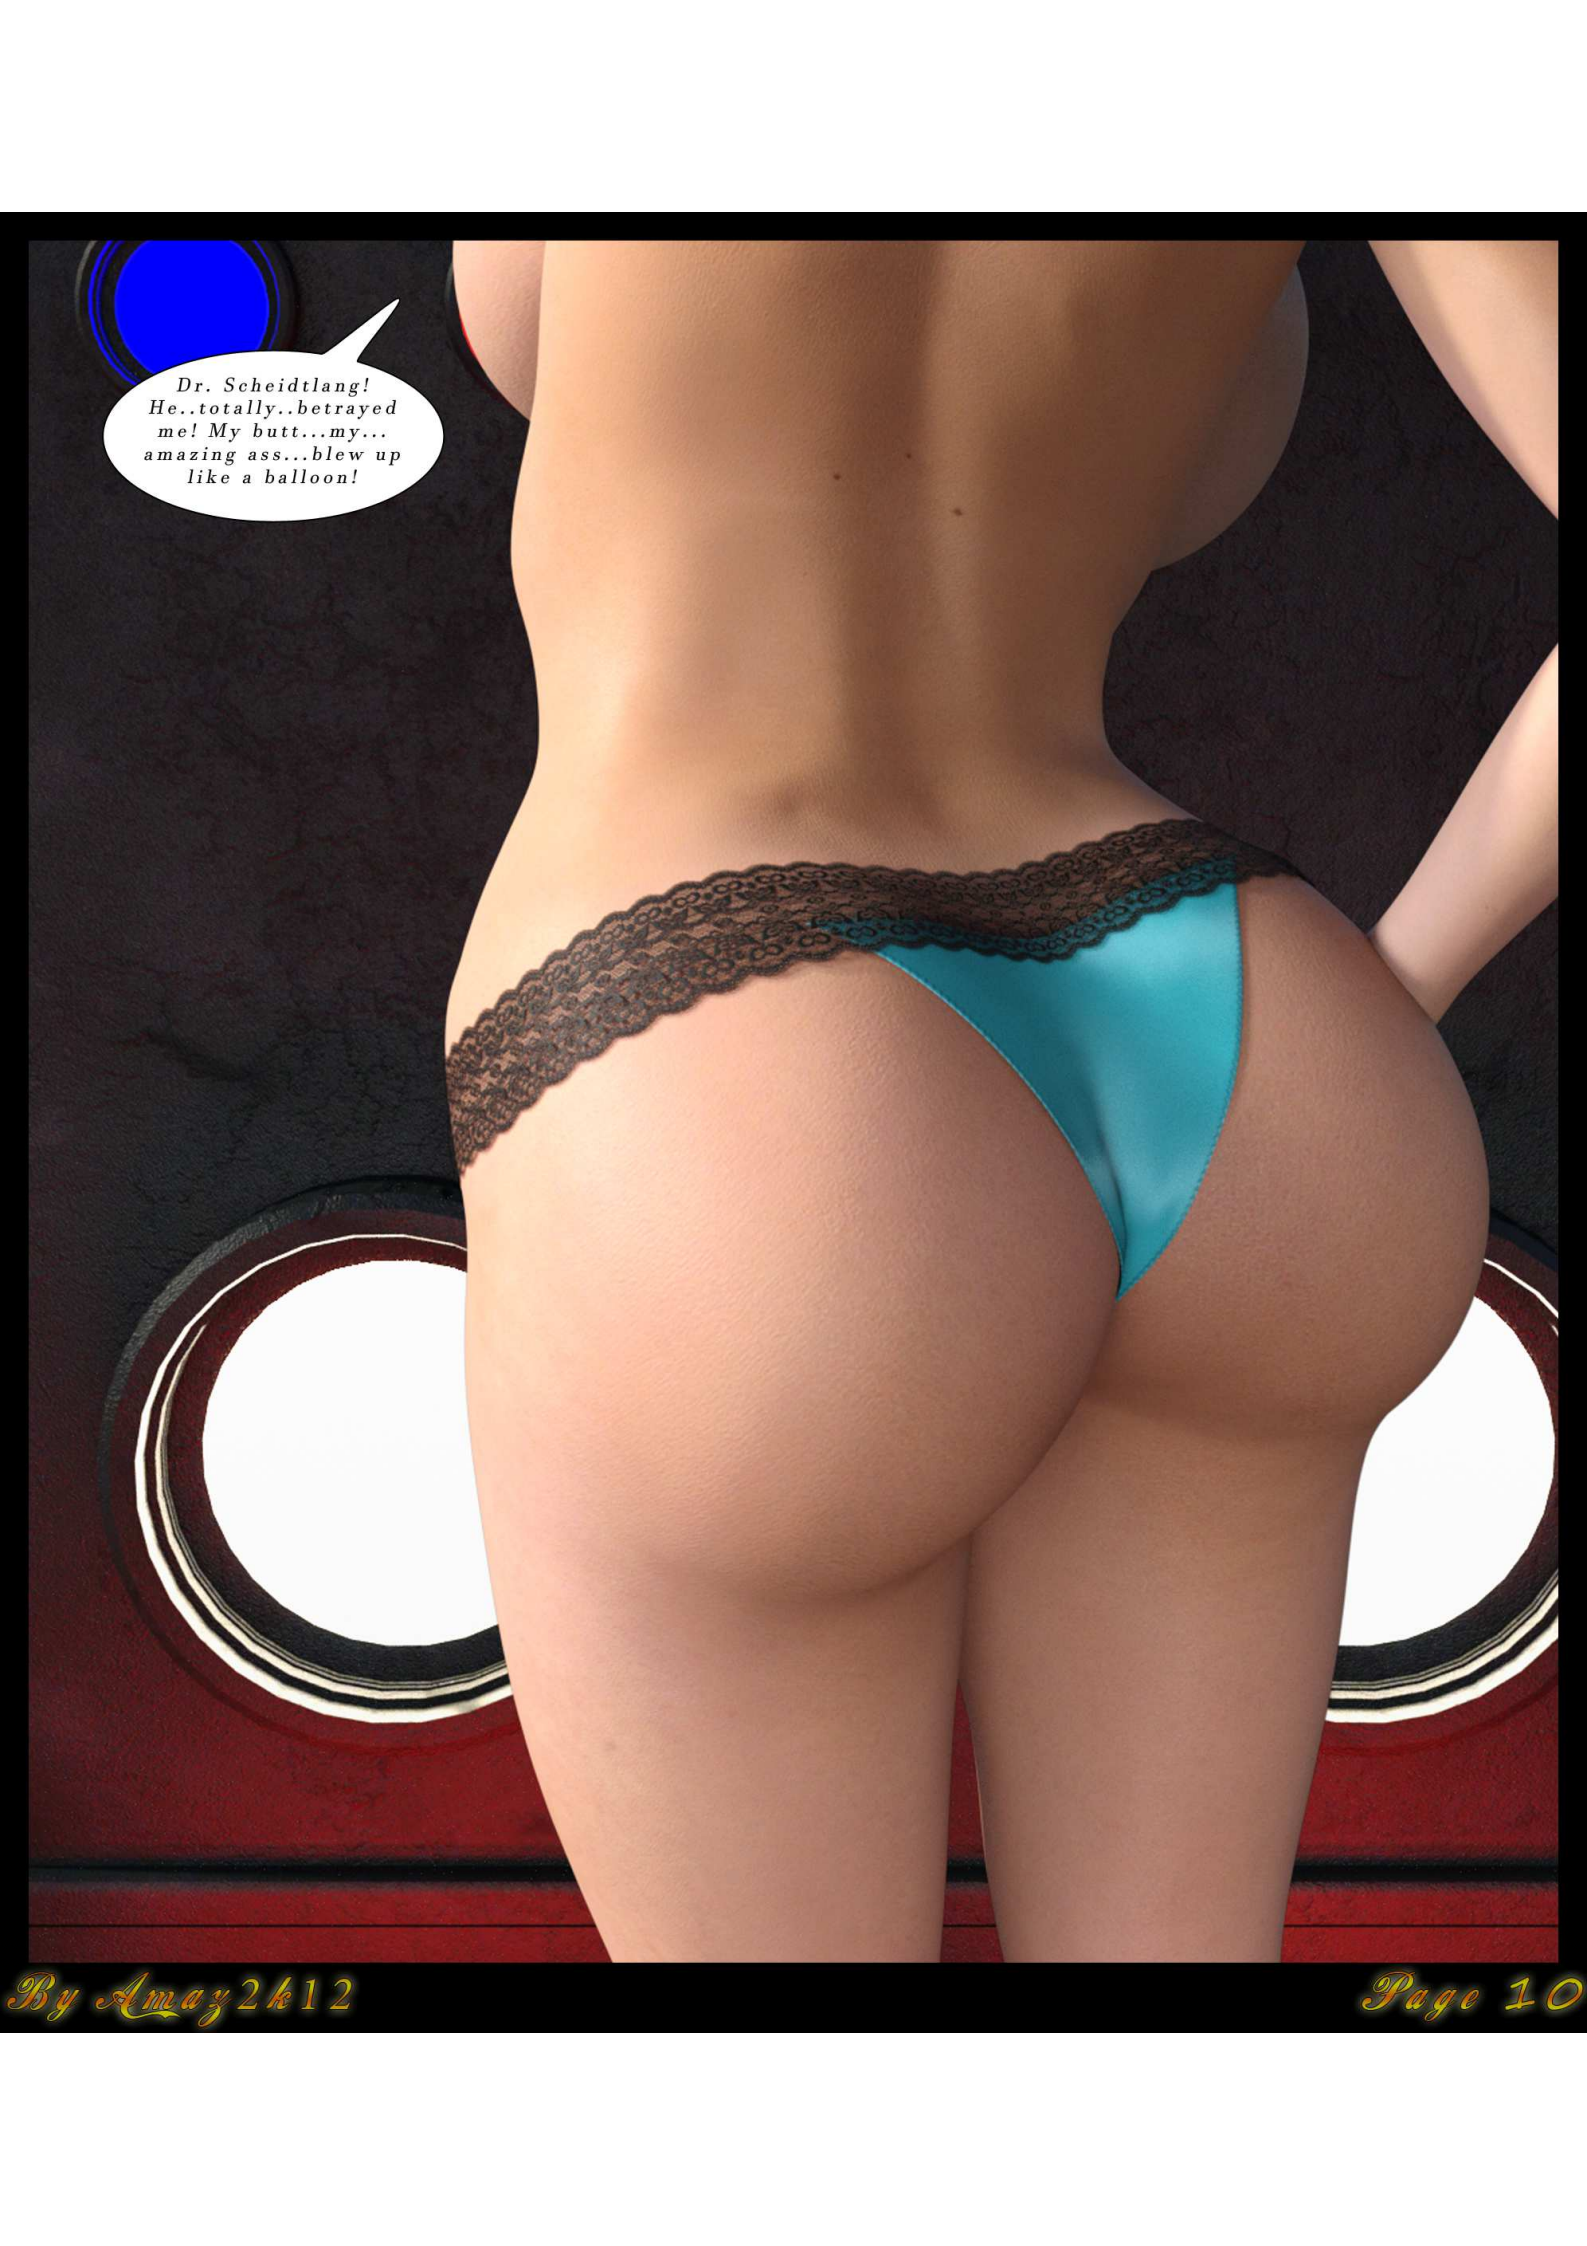

A woman is shown from the back, wearing a black lace waistband and red thong underwear. She is standing on a red carpet with circular lights in the background. Two speech bubbles are positioned above her back. The top speech bubble contains the text "Oh...my nice... boobs...look like...porn star tits!". The bottom speech bubble contains the text "No one will take me serious with tits like this.".

Oh...my nice...
boobs...look
like...porn
star tits!

No one will
take me serious
with tits like
this.

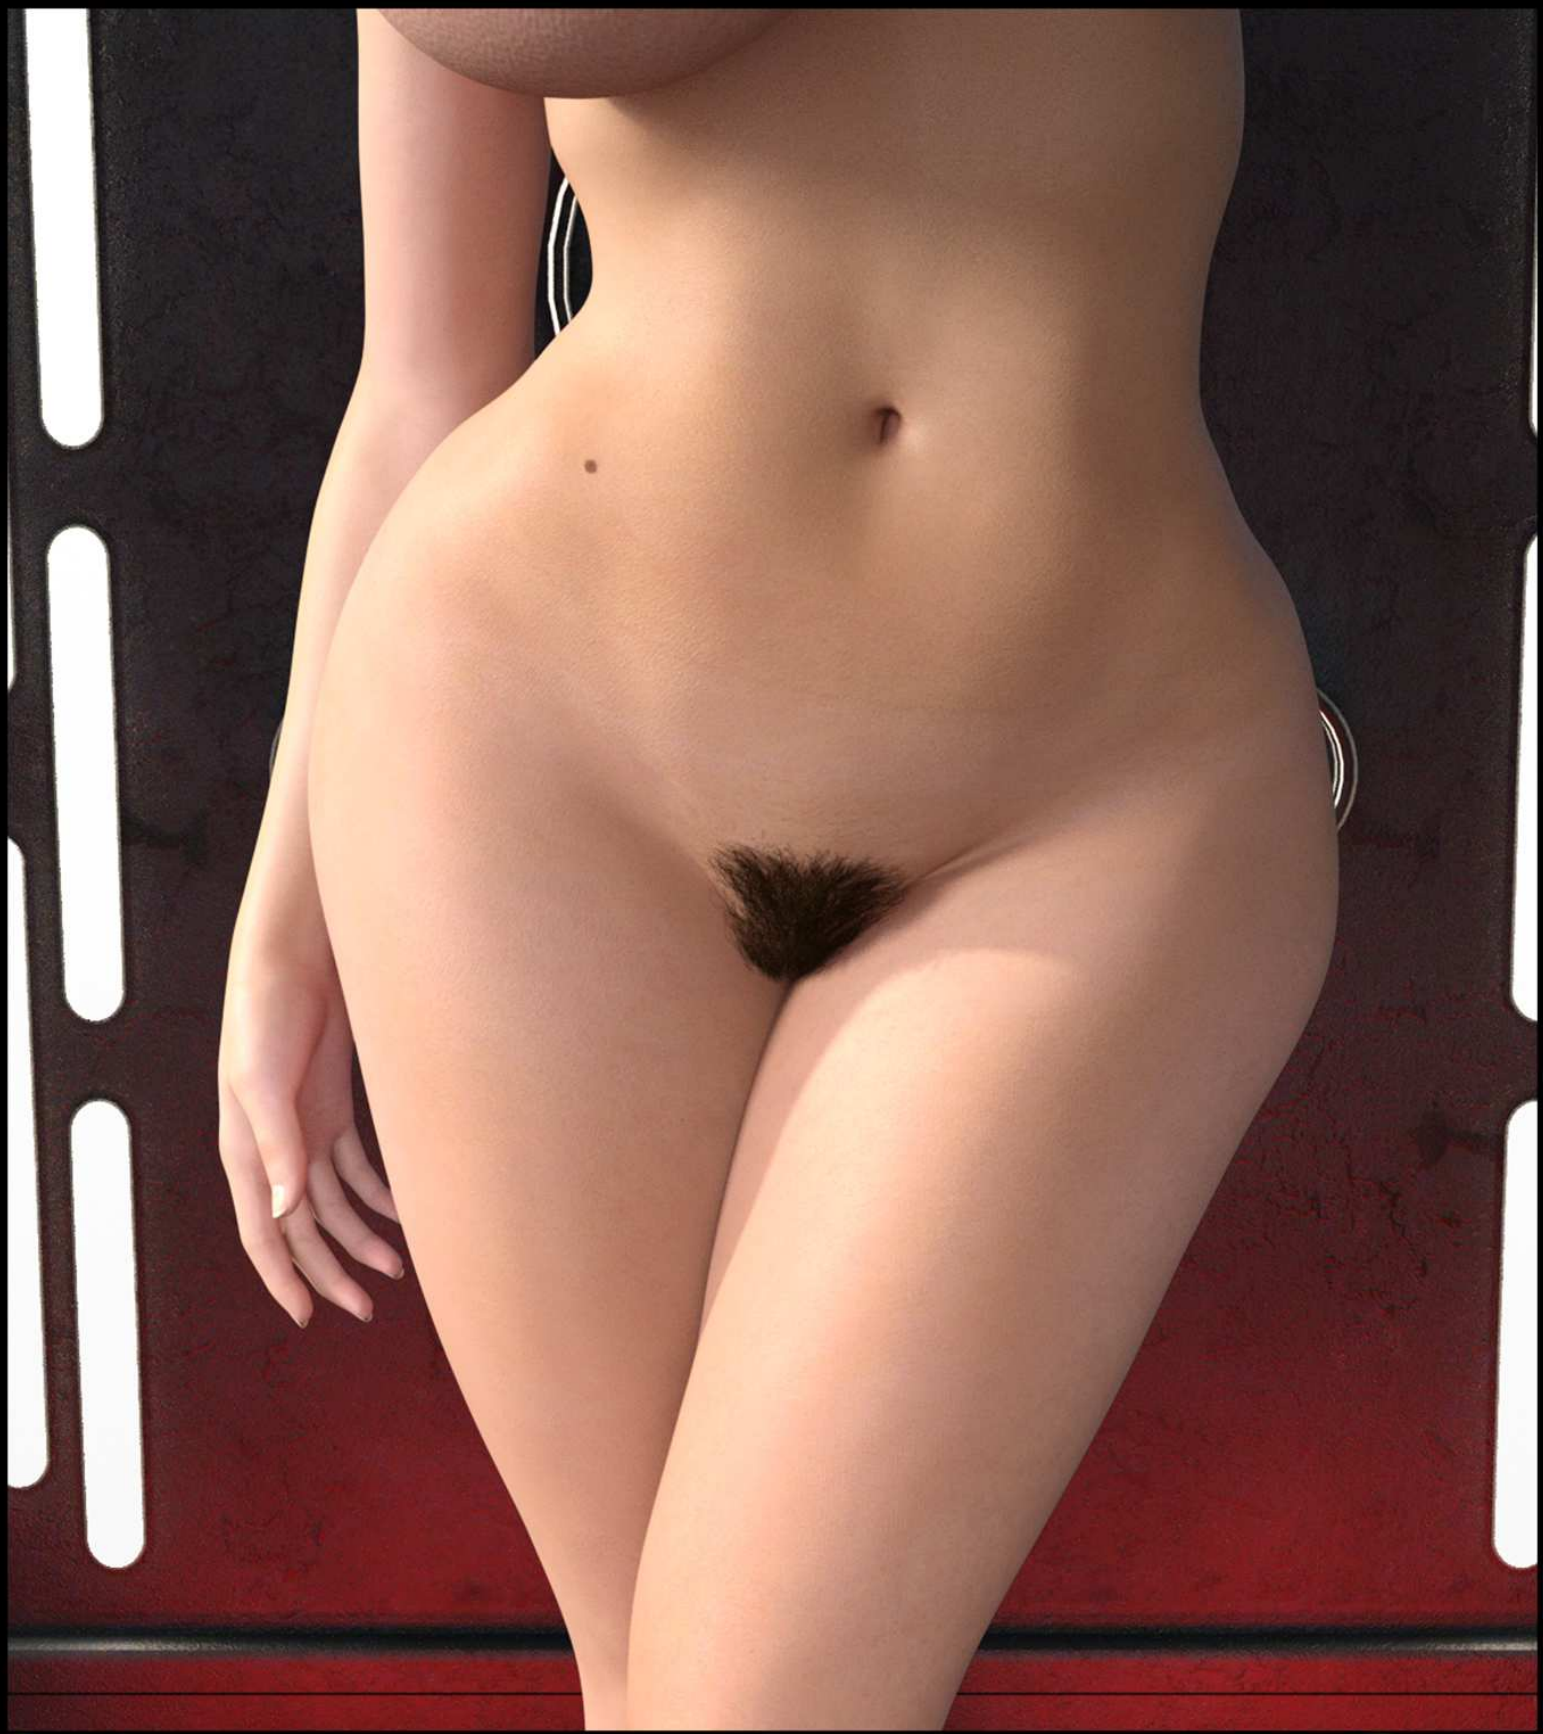

Is my...ass...
growing?

*Dr. Scheidtlang!
He..totally..betrayed
me! My butt...my...
amazing ass...blew up
like a balloon!*

I totally
look like a
pornographic
cartoon!
Like a freak!
OhhGod...no!
Is he...turning
me into a
Bimbo?

Ohh...my...pubic
hair...gone...
like, totally,
forever!

*I...feel...like
a walking men's
wet dream... (again)*

*But my mind seems
mostly intact...some
thing went wrong*

*I need to play
his game for
a while!*

*Think Jenni!
You can do this.
Wiggle your
boobs and
you can have
everything!*

Damnd...her mind is completely intact She just play a role.

I...i...didn't do anything!

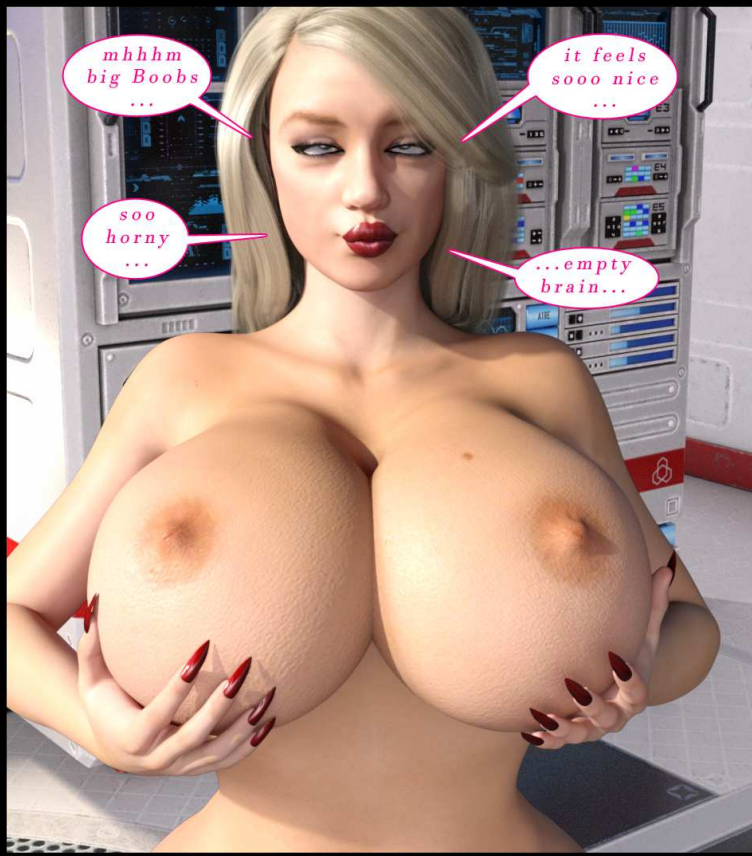

What have you,like, done Dr. Scheidtlang? I, like totally, trusted you! And you turned me into a Bimbo!

ENOUGH!
Leave my laboratory now! I totally, need to fix that mess you've created.

Look at my fat Legs!
My cartoonish wide hips!

That ghetto bubble butt...
and these big boobs!

I, like, totally need new things and stuff!

Like clothes...

...and MakeUp...

...and some handsome dicks!

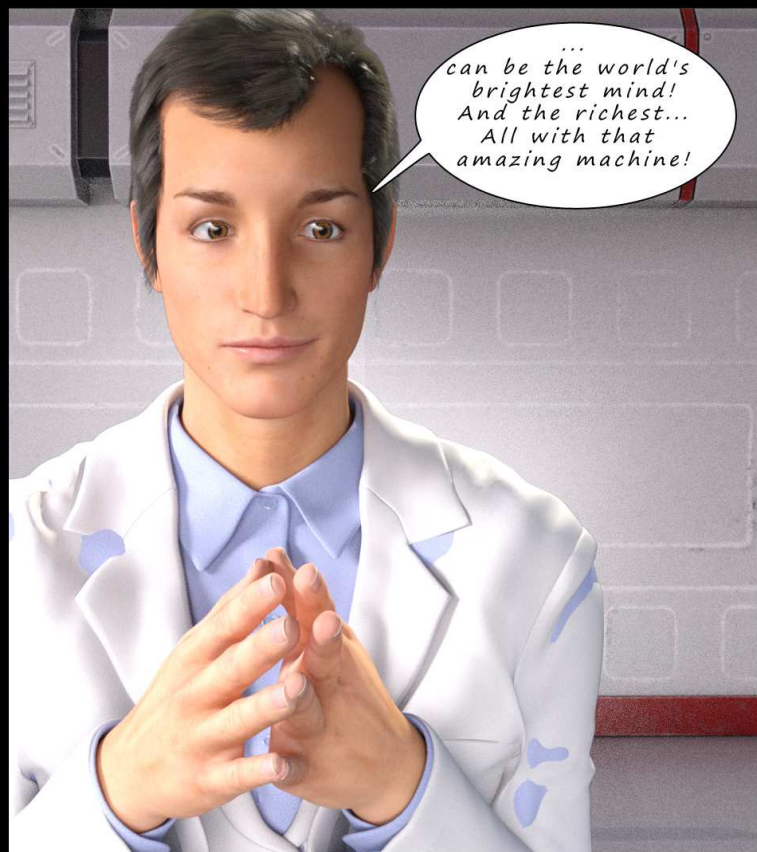

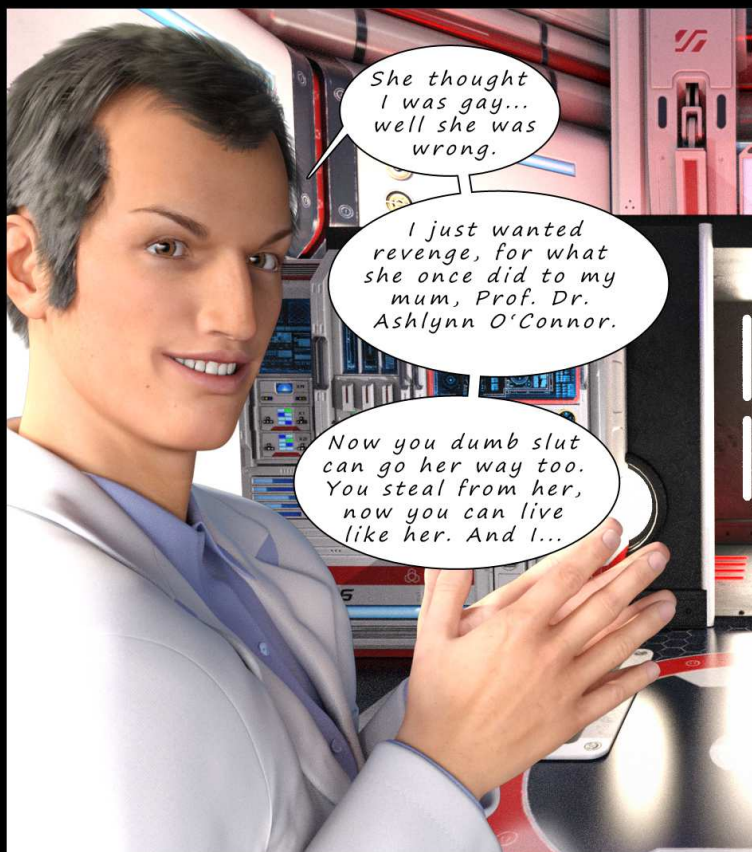

Yay! Shopping trip!

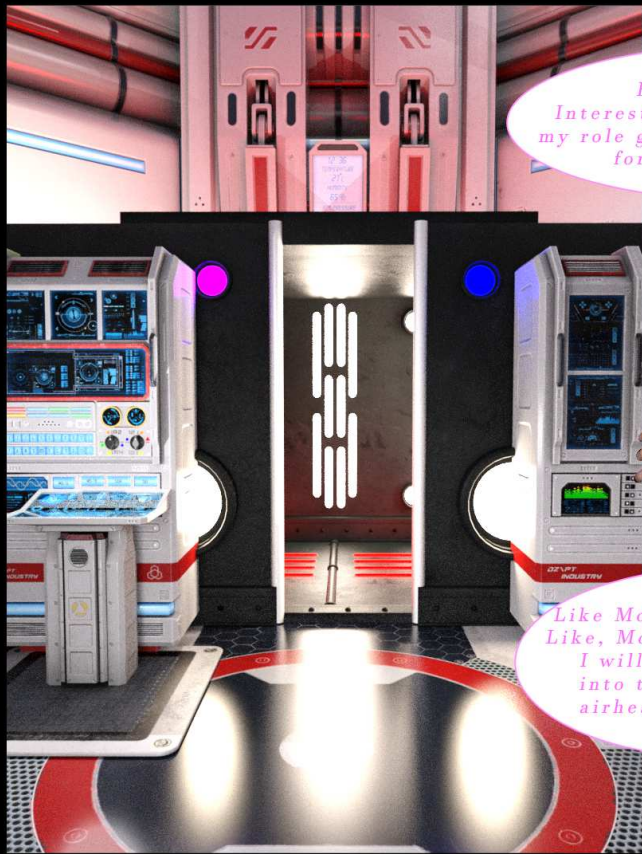

Finally! There must be something wrong in the system.

Dick's! Lot's of, big, yummy dicks!

She should've dumberd down in the capsule. And not after the process was finished.

Hm, Ashlynn's son?
Interesting! I think that I played
my role good enough, now it is time
for my own...revenge...

Like Mother, like son? No!
Like, Mother, like Daughter!
I will turn this bastard
into that totally stupid
airhead, he wanted me
to be.

He'll be craving for
dicks and she'll enjoy
them...big...strong...
veiny dicks.

Pounding in her
waiting and wet
pussy...kneeding
her massively
large boobs

...just smart enough
to be an attention whore.
Working only as a model
or as a stripper...

...yes! ohh...that
makes me, like,
super horny!

.giggle'
soon you'll find
out how great it feels
to be a women!

To have big
boobies and and a
wonderfully round
booty!

and you'll
learn that
girls like U and I
have to be
...

BIMBO'S!

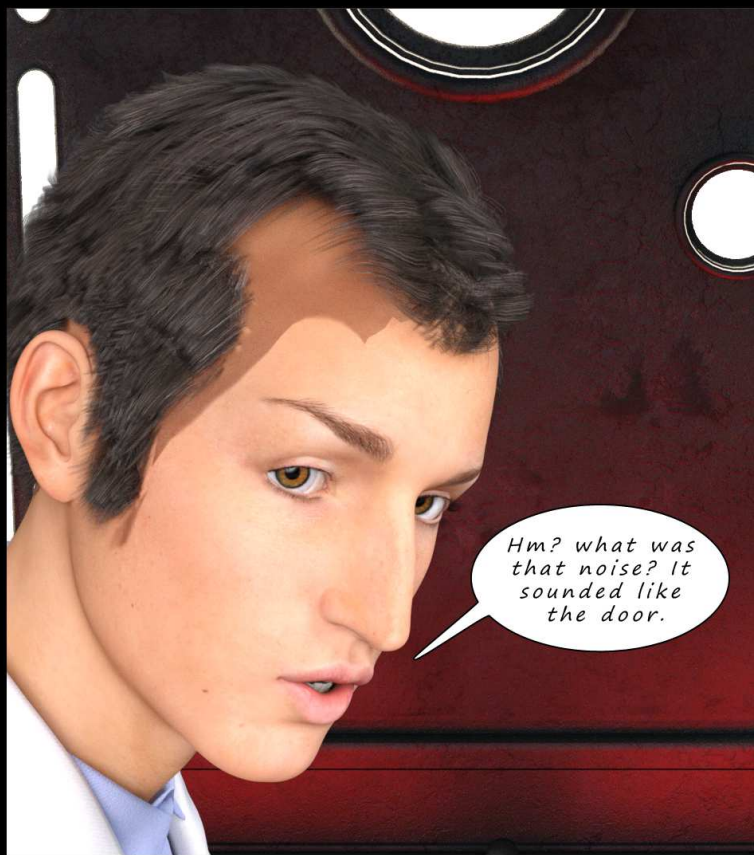

Oh...my head
is spinning like
hell...

It feels...like
there is something
draining...from
my head...

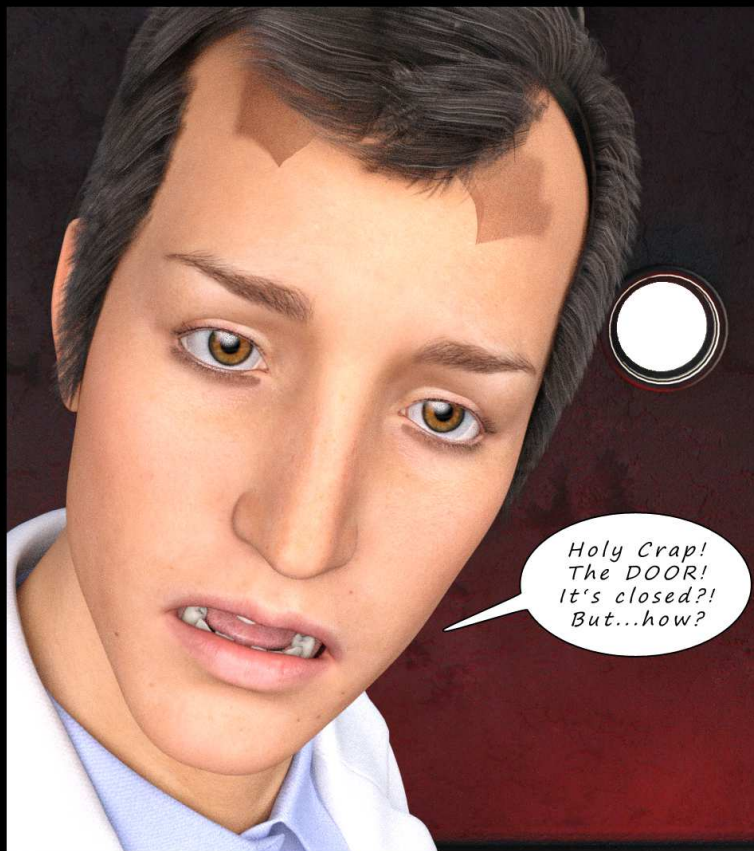

I'll not be
a Bimbo!

Ohh dang...
I'm a Bimbo!

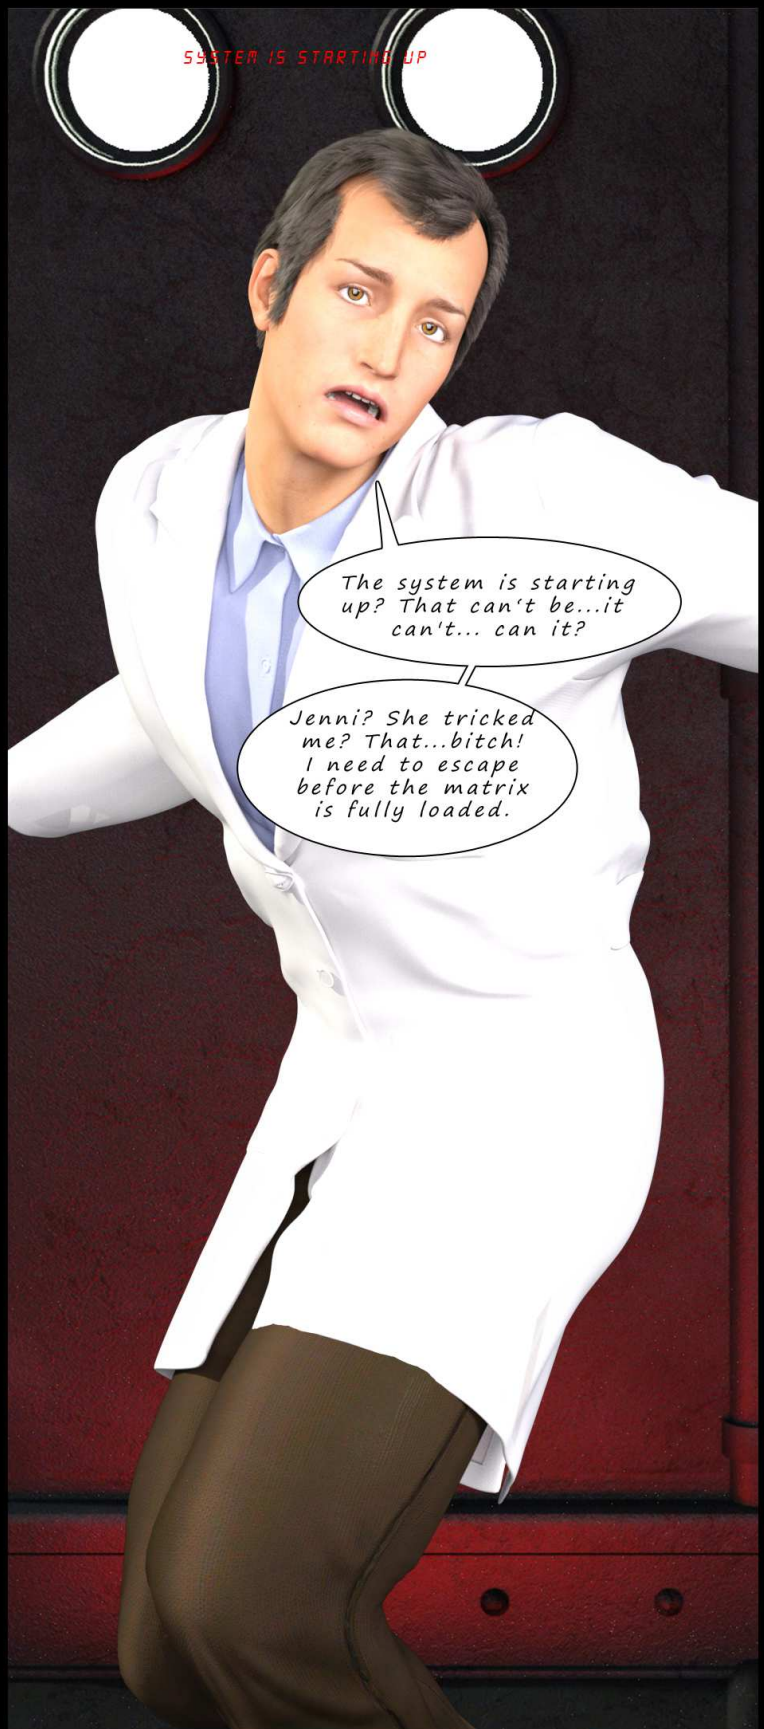

mhhh
that feels
sooo super
hot...

Hm? what was that noise? It sounded like the door.

Holy Crap! The DOOR! It's closed?! But...how?

SYSTEM IS STARTING UP

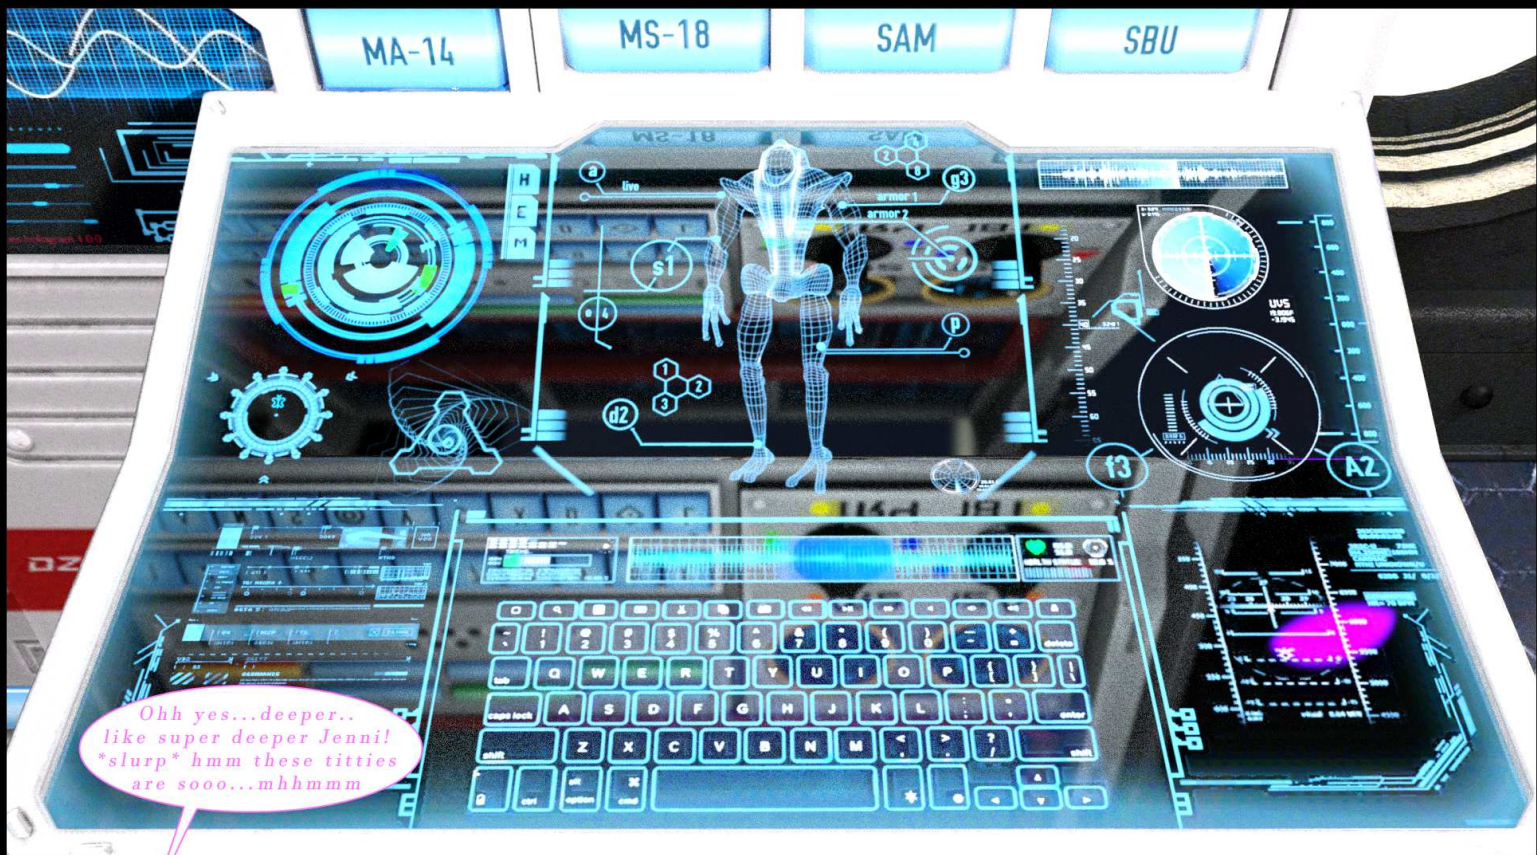

The system is starting up? That can't be...it can't... can it?

Jenni? She tricked me? That...bitch! I need to escape before the matrix is fully loaded.

There is no way
out of the chamber.
I'm locked in.
Please...no!

Wait...wait! What is that noise out there?

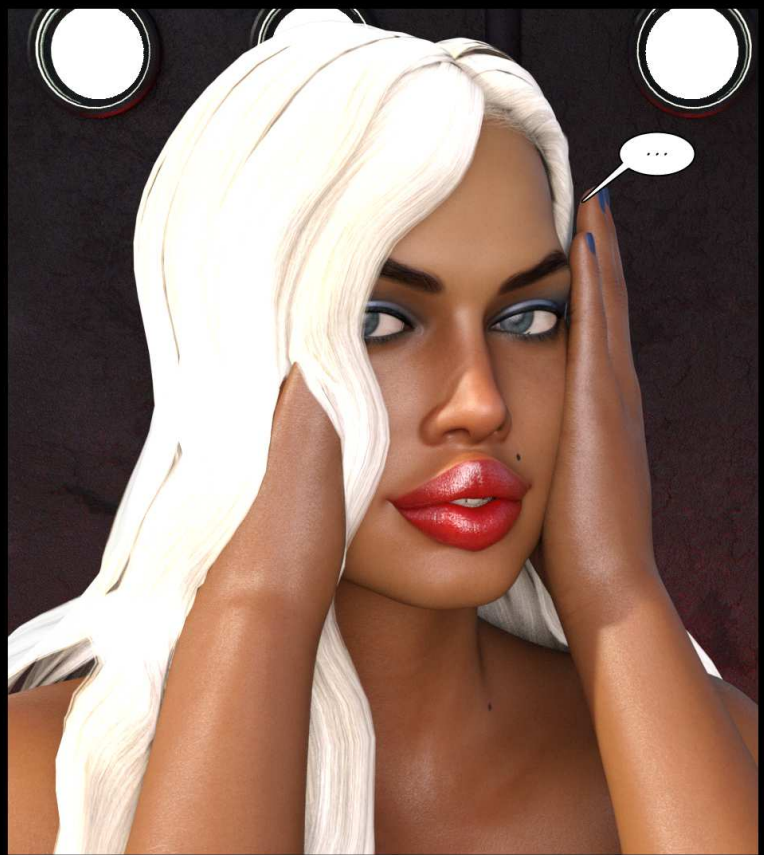

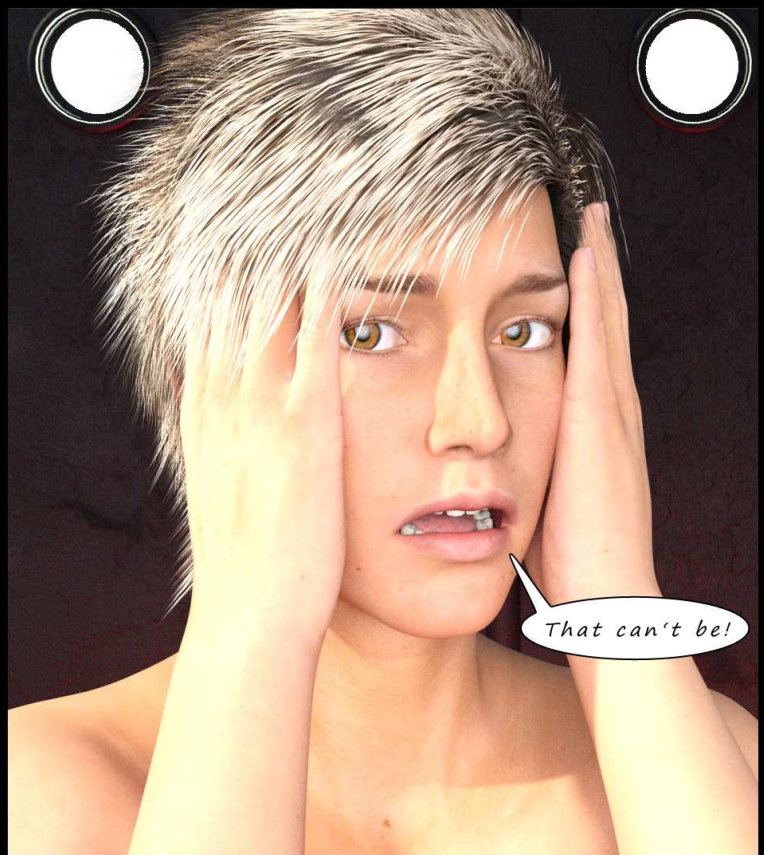

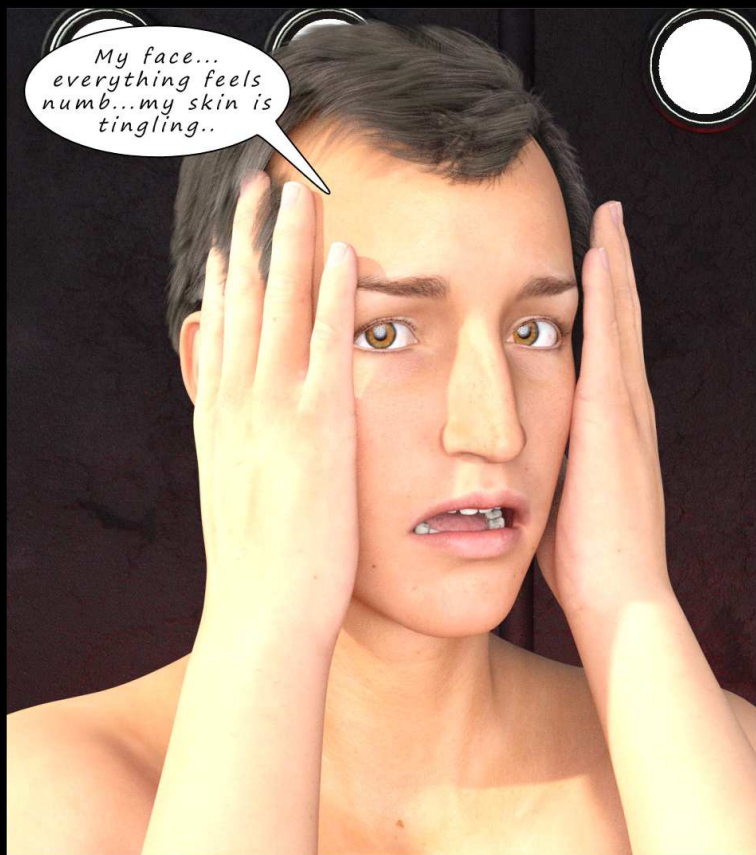

The Alert?

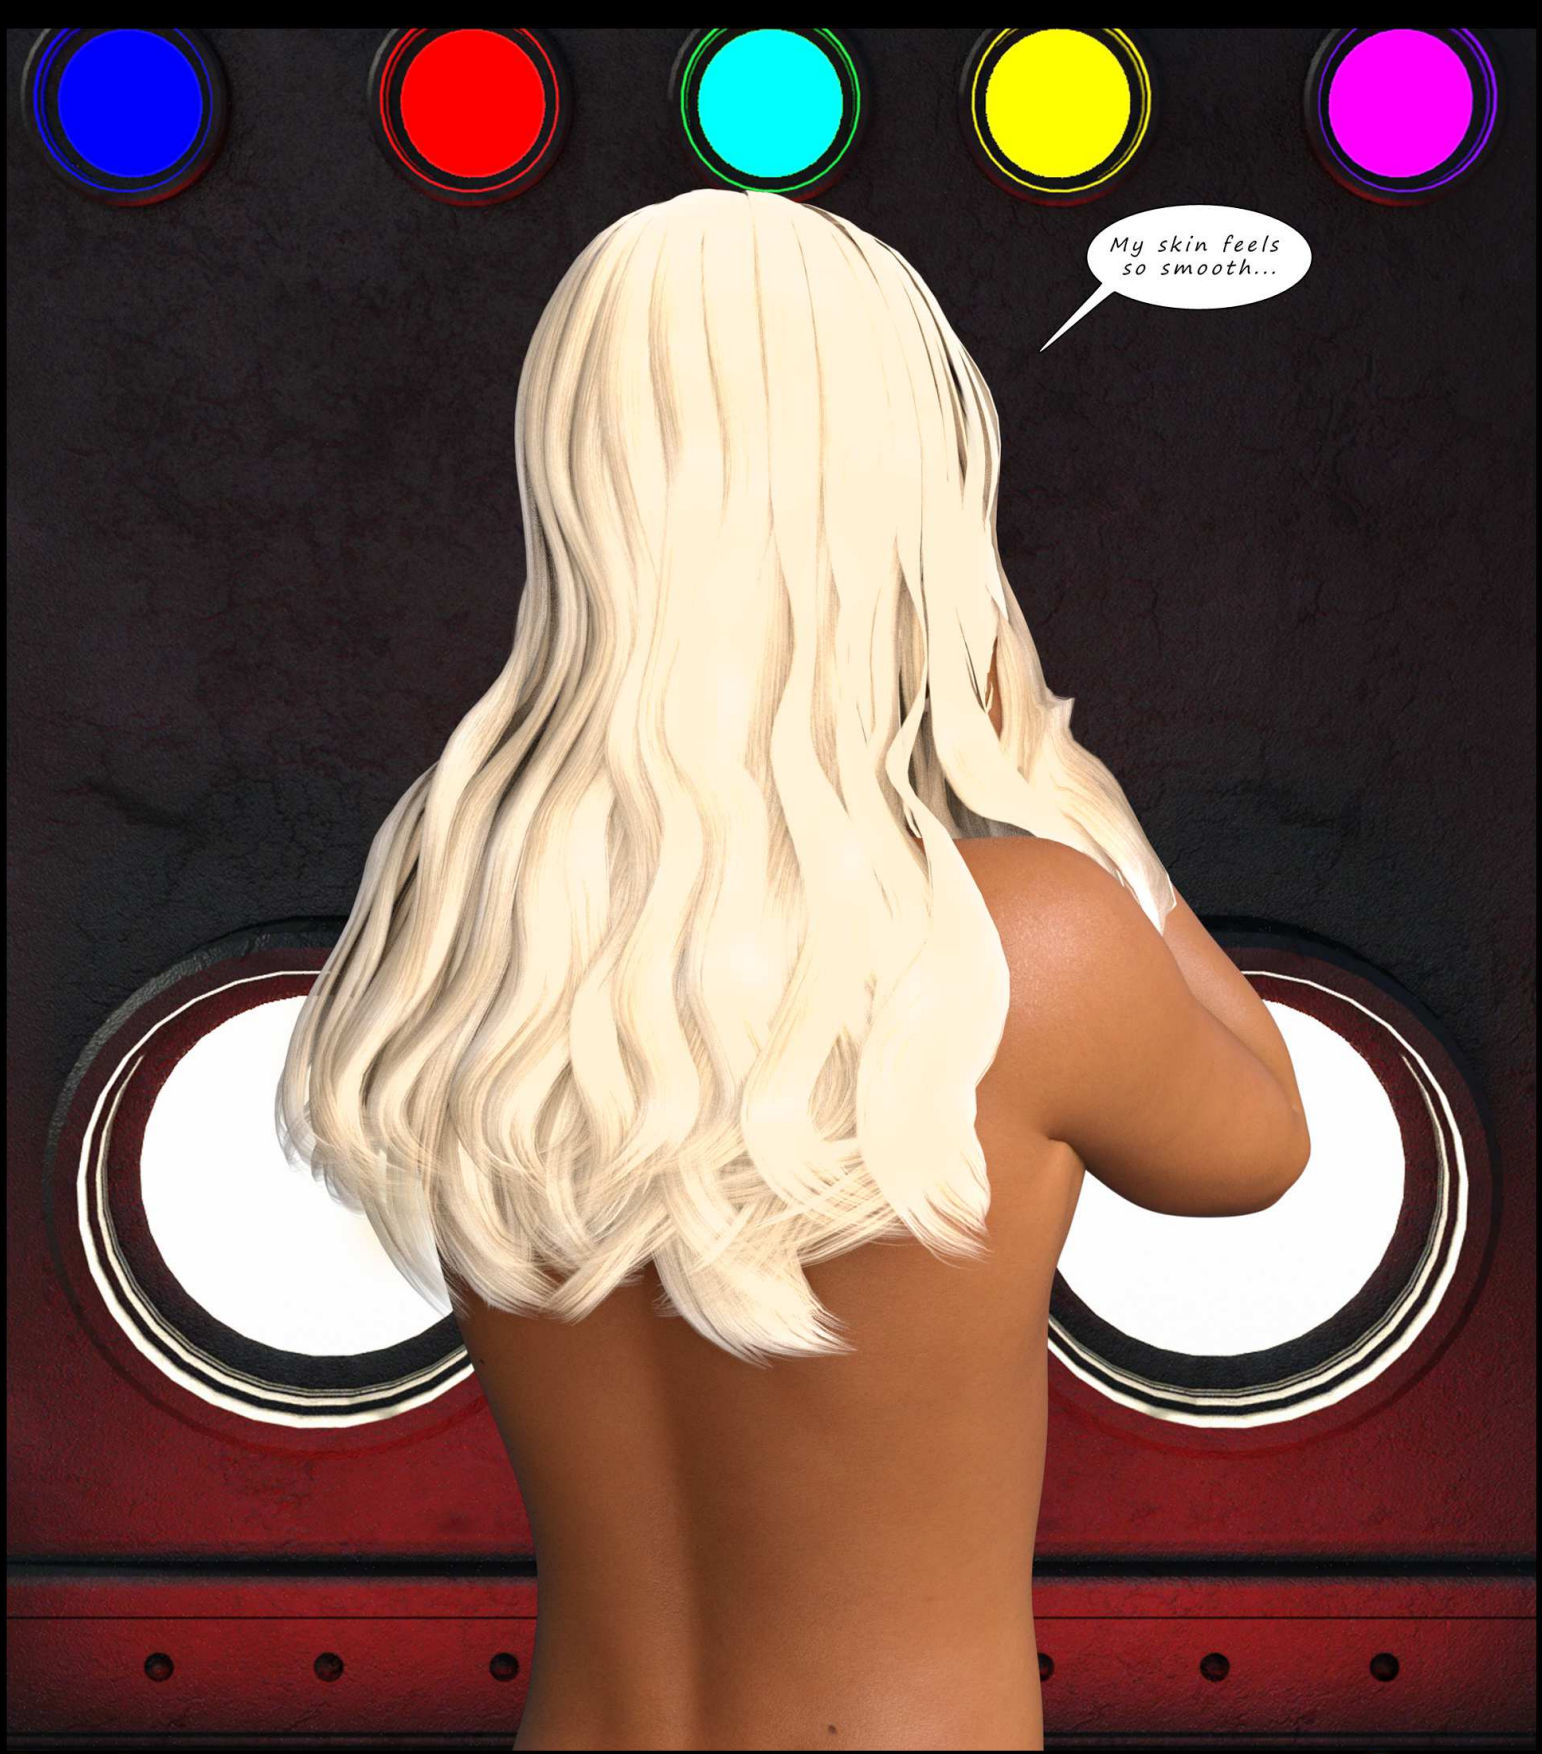

My clothes? They...

...they caused an internal system error!

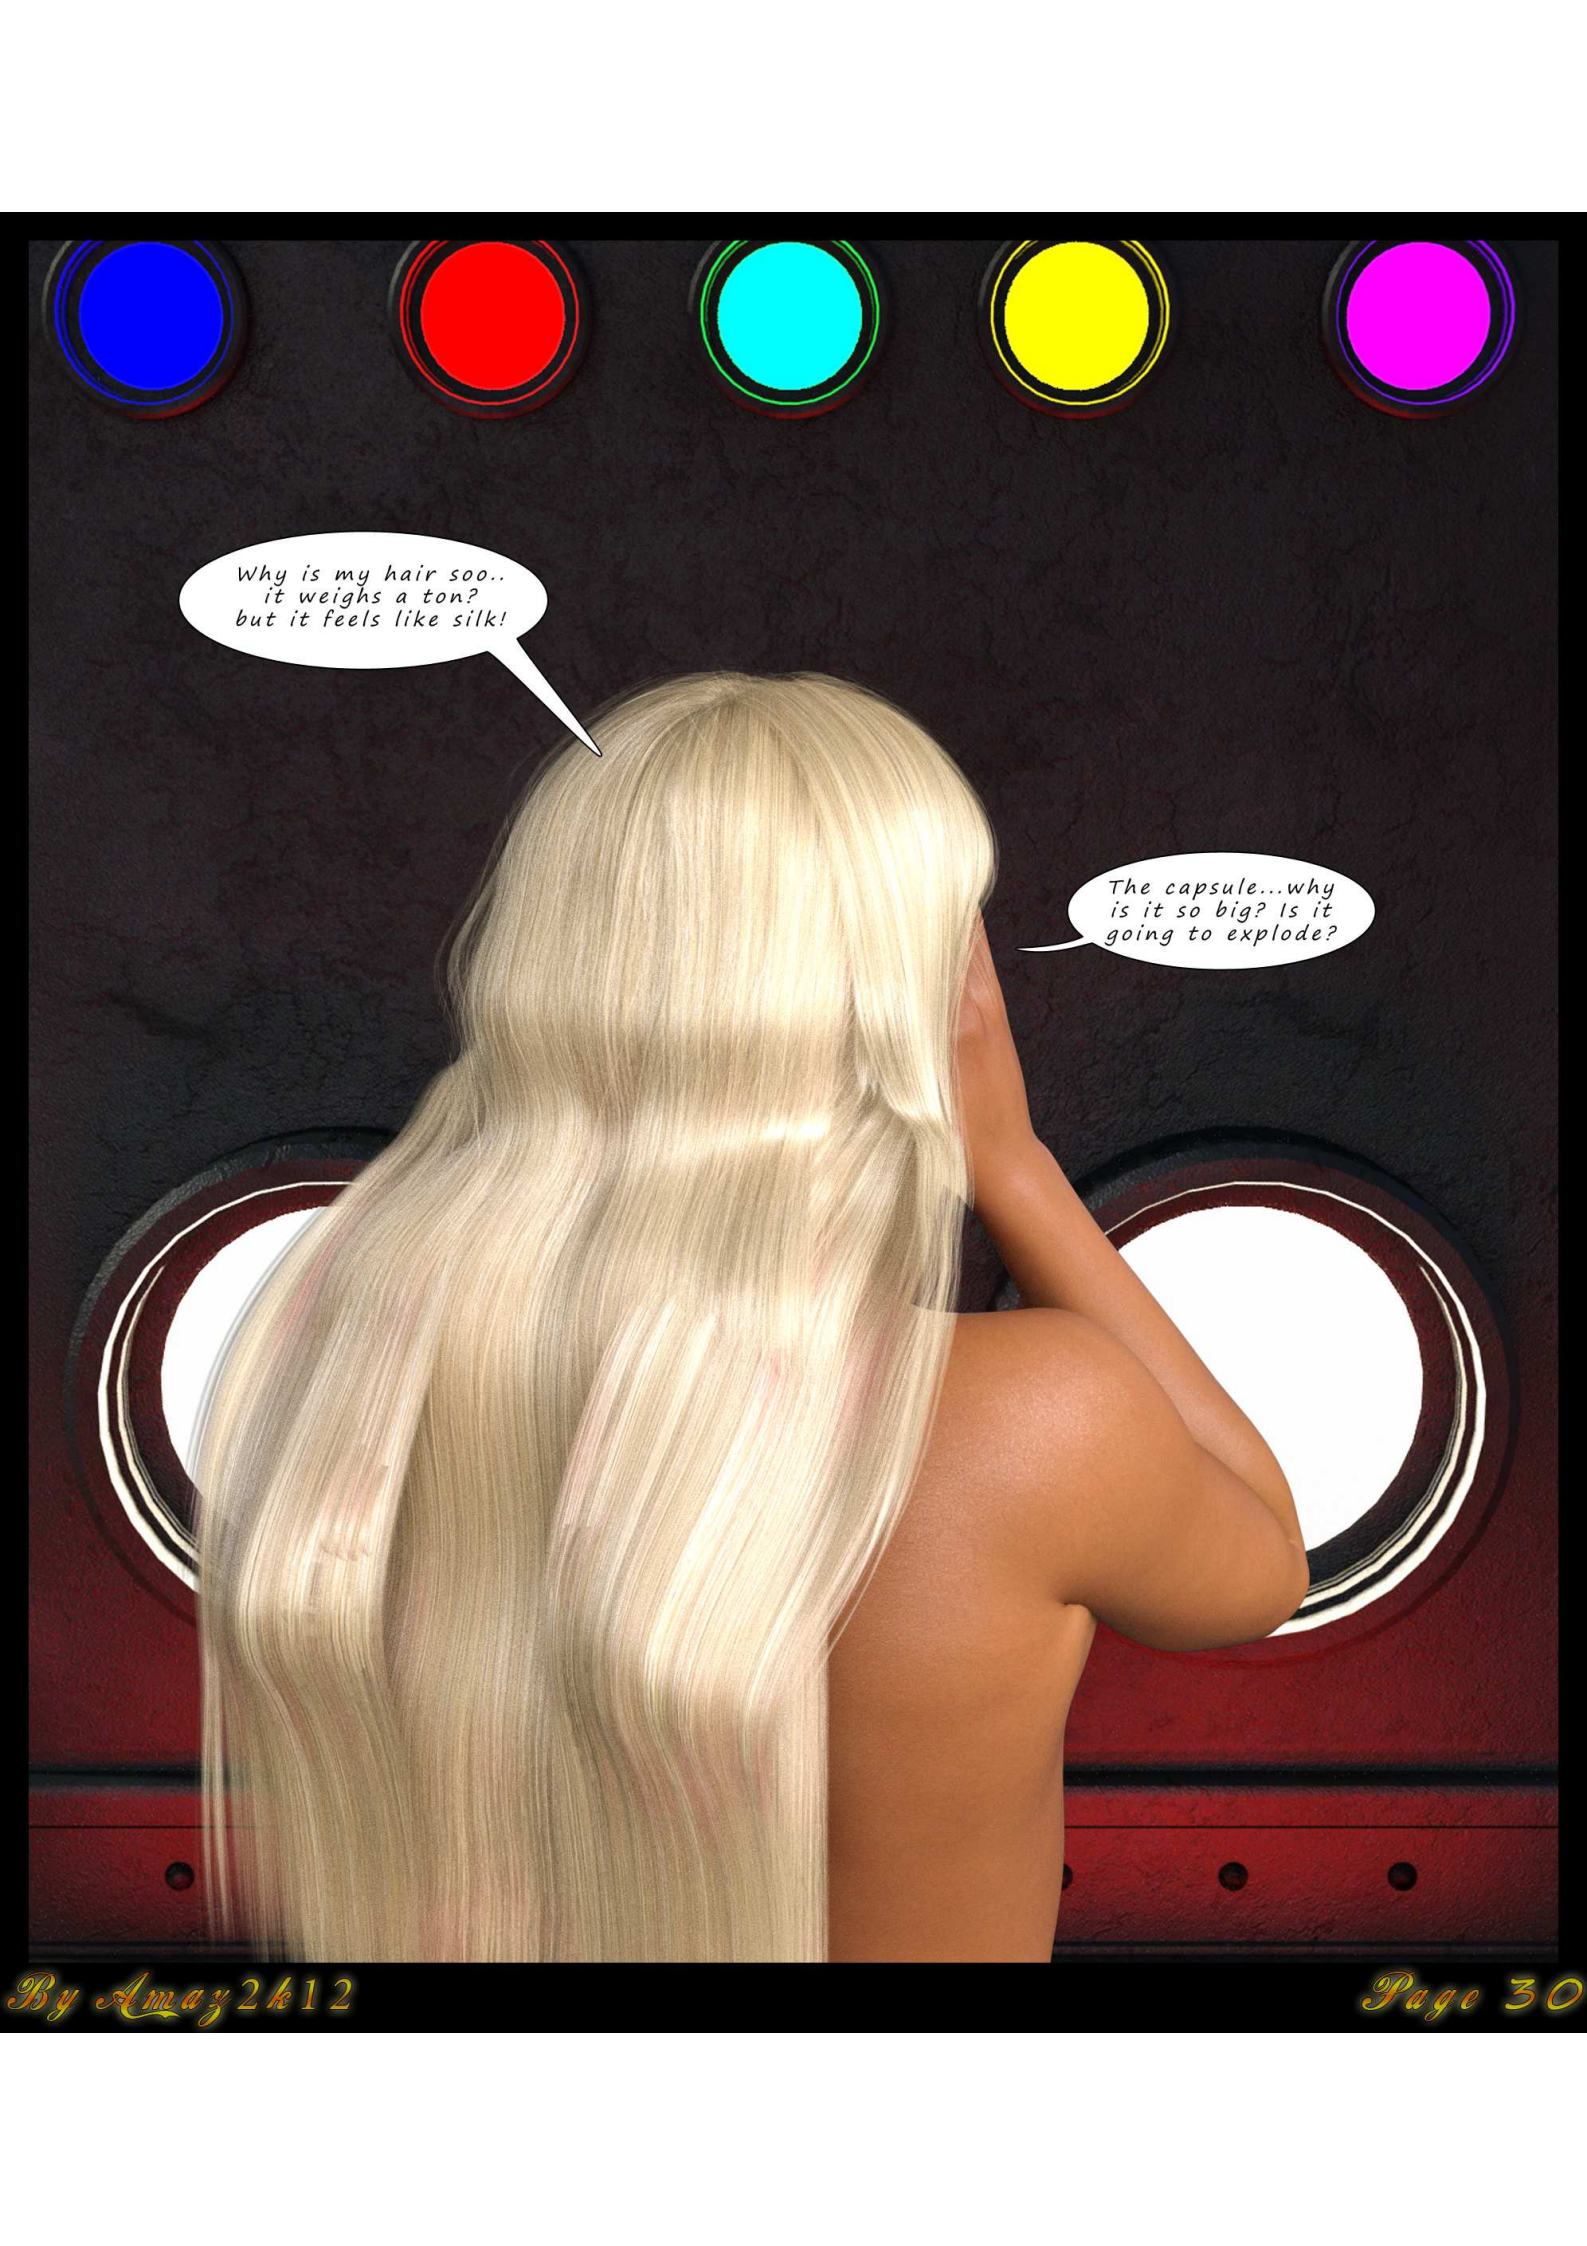

What the...my clothes? They're vanishing?

My skin feels
so smooth...

Why is my hair soo..
it weighs a ton?
but it feels like silk!

The capsule...why
is it so big? Is it
going to explode?

No...it was
not the capsule!

No...it was me!
My body...
SHRUNK!

A photograph of a woman's buttocks and legs from a rear perspective. She has long, straight blonde hair. The background is dark with two large, circular white lights. The image has a slightly blurred, motion-like quality.

Something is
building up..
This pressure...
behind...

Is that my voice...
Madre dios!

It sounds like a
a chica..

She is...changing me...en una chica!

*mmHHHmmm
