I understand your points, Cornelia. May I call you Cornelia?

No, it is Miss Semele for you.

But you see... your accusations are unfounded. All the people in this club that Ava and I run, work here entirely of their own free will.

The are paid excellently, get to keep tips, have a luxury health insurance... do you have health insurance, Connie?

Name is Cornelia Semele for you!

Each of my employees has their own large apartment where no one has access.

But you are offering sexual entertainment here. Your employees fuck everyone who pays! And so much more...

But of course. Sex and sexual entertainment are something deeply human. A basic need of life. You are not against life, are you?

Thank you so much Sheldon...

You see...One of the girls told me a little rumor about you and Ava. This rumor is that you have a machine that allows you to change a person's body at will without surgery.

I love working here. But unlike the others, my tips are rather meager and most customers are drawn to the others. The reason is obvious, isn't it?

I have a clear idea of how I want to look...but I can't afford surgery. Can your machine help me?

Oh...and I am willing to pay...everything you want.

And why do you think this rumor could be true, Brandi?

I researched. According to your school's yearbooks, you were rather slight and Ava was very unassuming and boring... even shy. Look at you now.

And a few minutes ago an asian hot babe left your office with Ava. BUT... before she went to the restroom she was completly different.

She was not alone in the Restroom. I had to go and when she changed I looked over the edge of the doors and saw everything.

Good point. But you are right. I can show it to you...when you truly want...

This „machine“ is a prototype Brandi. I will fulfill your wishes...

Thank you, Sheldon.

...but in return you must tell me which of the girls spread the rumor. Deal?

Of course. It was Laura. She tells from time to time that she is actually a man and that you have changed her with this machine. Is that true?

Ah, Laura. No, that is not true. She always was a Girl.

Welcome to Ava's and my Research Laboratory.

Wow...look at all that scince stuff. Mr. Spock would love this place.

I'm sure he would. You like Star Treck? You surprise me Brandi.

Of course. He is sexy, smart and beat Kirks anytime.

This project is based on an App I've programmed years ago. The mobil version did a good job, but this station have a lot more options for the user.

This console is used to set the parameters for the upcoming transformation. In your case, I leave the pleasure to you, since you have a clear idea. Meanwhile, I'll sit at the station in front and start the process as soon as you enter the chamber and monitor the progress.

So many choices. Sheldon...you and Ava are genious. This makes surgery useless and you very rich. Let's see...

Interessting choice. But I will change her settings a little. Knowing the truth about me, Ava and this machine and with it my LifeChanger App...there is to much risk.

Ready Sheldon? Start the engine and Make it so, No 1.

As you wish, Brandi. Ready for your dream New U?

Oh by the way...Brandi Wild is just an Alias of mine...

Oh?

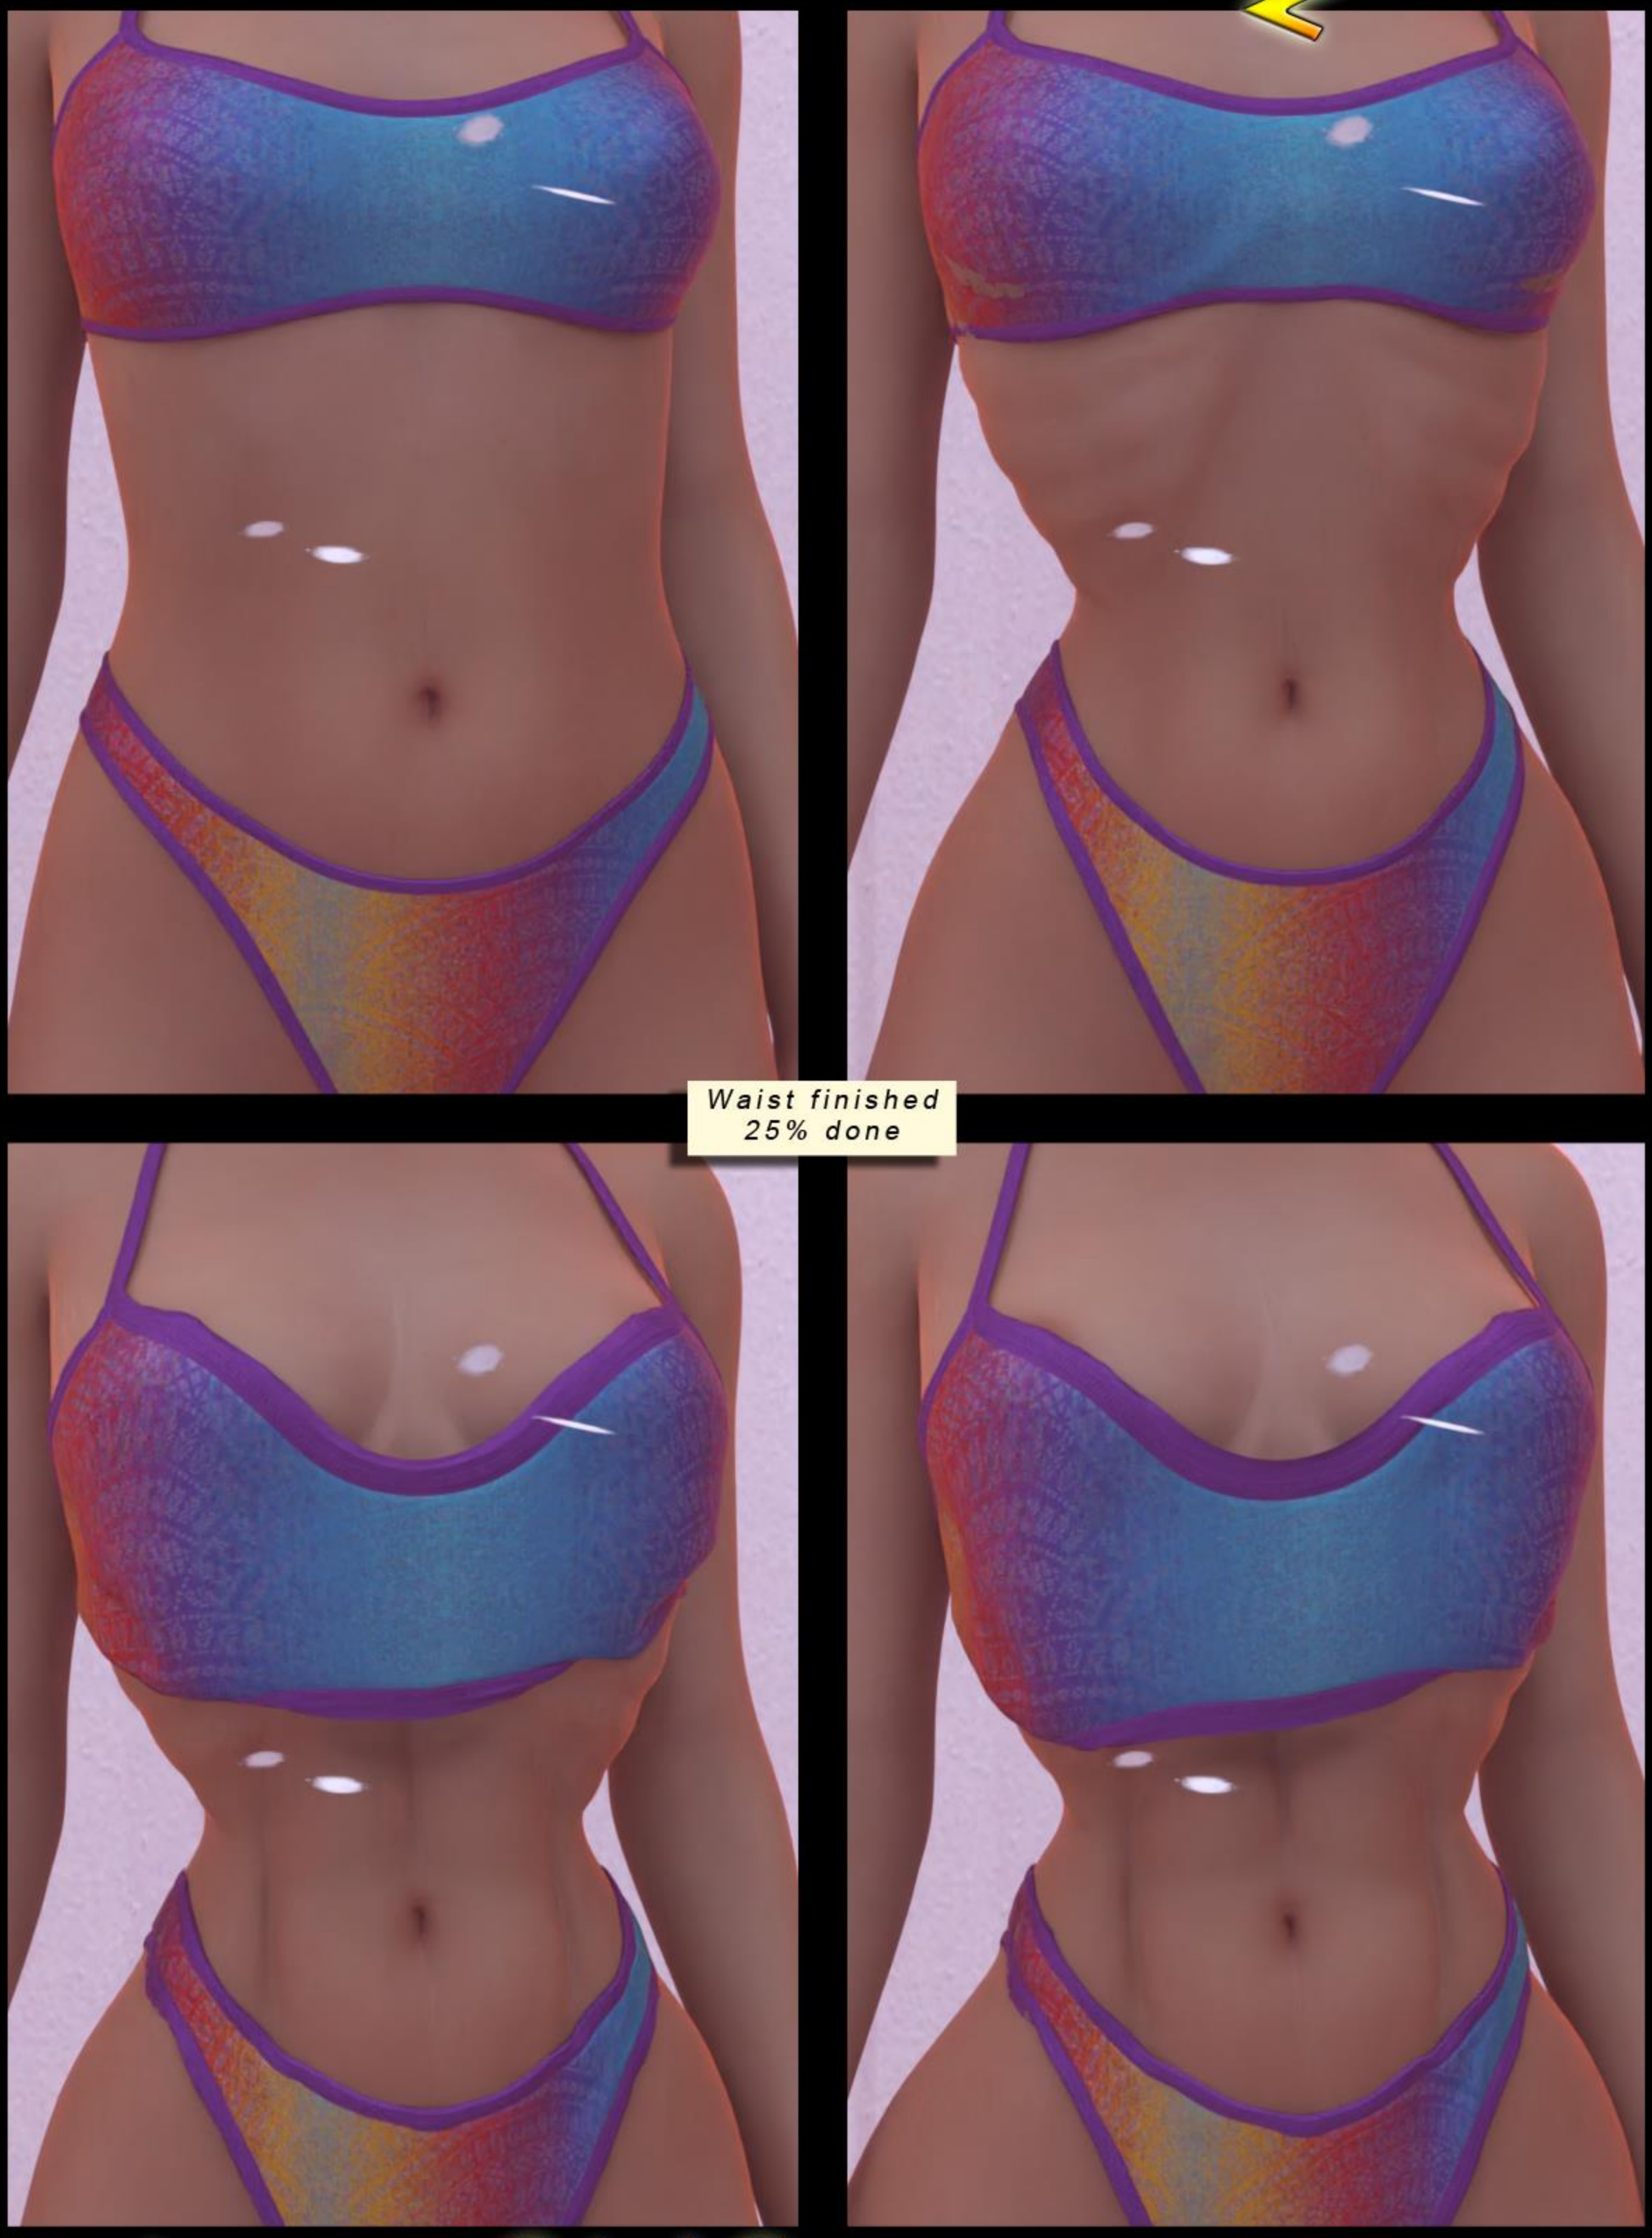
Does Geraldine Topazi still mean anything to you?

Of course. She was in my class and got mobbed by the most because she was ...

...real fat and ugly as hell...called Blob. Yep...That was me.

No way...I'm sorry...but I haven't reconized you...

Nobody has. But this day I had this one dream...and now I can fulfill it.



Waist finished
25% done

Hips and Booty
50% done...

Brandi's dream seems to come true. She worked hard as a teenager to loose her body fat and as young adult her obsession for beauty and erotic dance became stronger and stronger...so that she startet to work at the Kitty Lounge. Now she got the chance to change her body as she want to look and only 50% are done...

sob
Oh my...I am **like sooo** happy...

...I have finaly the waist I always wanted...

giggle
and look how curvy my hips now are...

...but right now she is unaware that her voice seems to getting higher while she sounds more and more like an airhead Bimbo. Or was it part of her wanted changes too?

And look like fucking big Boooty.
I like totally love how round it is now. It needs to be spanked.

Why is my Skin **like** itching?

Is that a tan? I **like** can't **r`member** that I added...**uhm** ...

hmmm...

I should take my clothes off... my **titts** start to expand.

How about you Sheldon? **teehee** I for my part like my new size.

Ur machine is **like fucking** awesom. I feel **like** a new person.

I mean they are **like sooo faky an stuff,** but they are also soft as if..

x-pand

They're **like still growin'?**

I like fucking get it...

U're makin' me all Bimbo n stuff, rs?

Like go ahead..bwut u should know...me always luved u... Sheldon-puh ...

giggle

But even Sheldon's newest Machine takes its time to rewire such a complicated organ as a brain and completely change a personality, so...

Brandi was always Geraldine's imagination. She wanted to look like this for years - but to completely align her personality with this figure never crossed Geraldine's mind.

However, because she lived her fantasy daily for many years, the process of resistance was very short...

Where Geraldine once was, Brandi Wild took place. Gone are the years of education or painful memories being an outsider... Brandi has always been the center of all attention and she enjoys using her body accordingly.

While lust and passion dominate her mind and body, all more complex thought processes are just a colorful something - hidden in a pink cloud. For Brandon and Ava, she no longer poses any threat of ever exposing their game or going public with it.

Darling, who is she and why are you changing her?

You know her, Ava. This is Brandi... she gave us some info... and asked to be changed...

Like hi there, Boss Lady Kitty... teehee.

But Brandi Wild was just an alias. Do you remember Geraldine Topazi? That is her...

... she told me that my beloved bro started to tell everyone that her name is not Laura... it is Derek...

... and finaly Geraldine solved our secret. So I changed her a little more...

... and made Brandi Wild her true personality... in Body and Mind.

No way... Geraldine? Worked under the Alias of Brandi Wild? And Derek remember that he not always was a woman? Hm...

This is an amazing twist...why do you think Derek remembers she wasn't always Laura?

I have no idea, Ava.

But leave her to me. However, I need this room in... say 20 minutes?

Alright. Brandi's transformation is mostly done. In 20 minutes should the room be free.

After I'm done with Laura, we need to look for a new Lapdancer.

Sounds interessting. But remember that she is still family.

Oh... and let Brandi age... or make her younger... maybe six years? She should not have the same age as we have.

D'accord... Safety first.

If Laura really remembers that she once was Derek, there must be a reason. The first thing I have to do is gain her trust....

If we need a new table dancer to replace Laura, I will specialize Brandi for that. As a new young woman in her early 20s, she still needs a specialty.

Sounds good, Darling.

Dereck was always very easygoing... If I'm strict with him, it doesn't help. So first change clothes and slip into something loose....

Laura? Are you there?

U-hum?

Can I can come in?

Sure...

Do you have a moment for me?

Where are you?

I'm here, Kitty... can't you see me?

No, that is part of the Problem... my view is blurred.

The Bimbo within 2

Have you drunk to much, Kitty? Or why can‘t you see clearly?

What can I do for you? You are here for a reason Kitty.

Kitty? Is THAT the name Sheldon used to... I‘m Ava by the way... Ava Takada.

Ava? The Nerd my brother stalked that much in college? Always thought that you are Kitty.

So you are also a victim of my brother!

Yes exactly.
Can you belive that he let my Ass expand... while we was in the library?

But now I'm myself again... except for my body.

Yea... i was sunbathing as he turned me from a hunk into... this!

I always loved to fuck... not to be fucked.

I realized by happystance that something was wrong...these dreams - I was a completely different woman.

Then my blog... which hasn't been updated in years.... and lastly his cell phone...

Did you know that Sheldon kept a detailed log of everything. That's how I found out about you. How did you find out?

A Customer.
He told me he knew my family and wondered where Derek had been all these years.

The beginning was not easy. My head is like packed in wool and constantly this stupid giggle...

I learned to control the giggles and gathered information in my free time.

Finally, I got no further and asked John B. Books for help. He is a private investigator.

He found out that I didn't seem to exist until a few years ago... and I showed up when Derek disappeared.

I did an expensive genetic test and it was almost identical to Derek - except that I'm a woman by genome.

When I became aware of this, the memories came back little by little. It was a key moment.

After that, I did everything I could to hurt Sheldon. In the end, I told an activist about the condition here... but she never showed up here. And then you come...

I see... La- er... Derek. We should take action.

First: We should become ourselves again.

And I know exactly the place where we can undo the changes.

Really? Let's go Ava!

Second: After that, we lure Sheldon into the Machine and give him a taste of his own medicine...

...a few years as a dumbass with an inflated sexdrive shouldn't hurt.

Yea! But not as hot as we both are... let us make her real ugly.

Sounds like a deal, Derek.

I'm curious, Derek. What will you do when you are yourself again?

Oh that is easy. I'll kick my brother in his balls, throw him into his machine and let him taste his medicine. Then...

... I'll take all money here and destroy everything including my asshole of brother.

He always was a pain in my ass.

I see. You don't want to revert the others to their former selfs?

And I know exactly the place where we can undo the changes.

No. Why should I? I don't care about them and they are hot to make a living with it.

The Bimbo within 2

Typical for my stupid egg head brother... functional and no taste.

All this info are very, very helpfull... true... Laura mostly got her memory back... but she is still very naive. Keep talking girl.

But I bet this machine is super effective.

All right, and what should I do now?

Just stand there, Derek. I already found your file to revert the changement.

I can't wait to be back!

Do not wonder. You'll take a little nap in there. When you wake up, your new life will be completely different...

Huh?

... Aisha.

N-nooo... zzz ZZZ zzz

Sleep well. Your time living in our luxury for nothing will be over now, Bitch!

The Bimbo within 2

Concentrate... breath... and one...

... two and...

What a picture of a hunk... Ava didn't promise me too much.

What? Who are you? How did you...

Oh, hello there, Derek.

Oh... pardon me. I'm Aisha... your brothers wife let me inside.

My brothers wife? Good joke, girl.

Hmm... I see. You think that is the real world hm? We are inside your mind...

... and I'm what you will be... well, at least in origin.

I'm YOU!

That is not true! You're nothing...

Oh, really? I tell you a secret, cause we are one in our mind...

Your brothers device can only change people who are not honestly to themself.

Secretly, we've always fantasized about what it's like to be a woman, before he changed us...

When it happened, we enjoyed it inwardly - even if it shocked us first.

But sure, that's also the reason why I've fucked dozens of girls...

Oh, please... we only fucked two girls... cause we was drunk and aroused.

How... how do you know that? You wasn't there!

Of course was I there. I'm you... we both was there.

All we did was to get more attention...

We wanted to be seen... and tell me Derek... what was more fun for us?

That is not true...

Fucking as a guy, cuming after a few minutes... and be completely exhausted?

Or did you enjoy to be fucked as Woman? The afterglow when an orgasm hits you... the feeling to be touched...

When we are in my mind... and you are me...

Why are you taller then me?

Oh, spiteful resistance? Simple answer... Look down and you'll see why I seem taller.

You are standingon your tip toes? That increase your height and makes you...

... a few inches taller then you are right now... heheh

What the... why do I have **BOOBS** again!

I'm turning into a Girl again... THAT CAN'T BE!

Why turning? Remember... WE are in OUR mind... out there you are still Laura

But fear not... when my personality have Once my personality overwrites yours, the real fun begins.

And now we are the same height... for the best shoes ever.

All what you said is...

WOA!

... so true...

Of course... WE are ONE!
WE are AISHA BAJA MAR!

What am I talking? Stop messing with my head. I'm not YOU!

What a shame. Then we should change that...

mhhh...

What the...!

Wait... Laura was never a woman of color!

True... but we are. Sheldon loved you and only changed your body and your mind...

...but he always hold you as Laura close to his heart. That is why you always had the best as Laura.

For his wife Ava you was a pain in the ass as man. She accepted you as woman, but ...

Shit!

... you naive fool told her everything. Do you truly believe that Ava will make the same mistake as Sheldon did?

In the moment you stepped inside the machine your destiny and your past as Derek or Laura changed...

... and I took place. When we wake up there will be only I... and Derek or Laura will be gone.

And while we talked Ava remodulated our DNA from the ground. The last piece of Derek is this lovestick here.

This once so impressive babymaker.

Look at this once so proud, fully errected cawck...

... so tiny and already more a waiting, wet pussy...

OHHH... WOW. IT FELT THAT I LIVED A WHOLE LIFE...

... BUT I FEEL GOOD. SO I HAD A GOOD DREAM.

BUT BACK TO OUR TOPIC TEEHEE CAN YOU SHOW ME MORE PLEASE?

Of course. Your clothes are lying there.

JINKIES! THESE CLOTHES ARE ABSOLUTE COOL!

Oh, a what do we have here? A little Velma Fan, hm? Glad you like the clothes.

IS THAT LIKE TOTES NORMAL THAT YOU GIVE YOUR PEOPLE CLOTHES?

Of course. We don't call them worker or employees, everyone who works here is family to Sheldon and me.

And you are now a part of the Kitty Lounge Family, Dee.

Come, I show you the way to your place.

COOL! I CAN'T WAIT.

Of course. Your clothes are lying there.

Yes, we work in erotic entertainment, Dee. But nowhere is it more comfortable to be a woman than here. Privacy and protection are the number one priority here.

OHHH? AT HOME WE OFTEN HAD PROBLEMS WITH FANS AND OTHERS WHO HOPED FOR MORE.

If a man or woman goes over the top, it will be taken care of immediately. The same applies online. You will not experience cyber attacks here.

WOW... LIKE JUST WOW!

Oh, hello there Darling. Glad to see you...who is... ?

Hey Hun...

Who ever she is... she is like sooo hawt!

WHAT FOR A HAWT HUNK!

Dee? This is Sheldon Weaton, my husband.

HMMM... YOU HAVE A GOOD TASTE, KITTY.

Thank you. Sheldon, this here is...

...Deana Smith- Baja Mar... well known as „Dee Rollinhills“, successful Webcam Modell and influencer. She starts here today.

Is that Derek? She must be... there was no plan to hire a new girl...

GLAD TO MEET YOU, ROSS... TEE HEE

Ahm... the pleasure is on our side, Dee... It is amazing to have you here. Welcome.

Excellent. Come Dee. I'm sure you'll like your new place.

GIGGLE LIKE SOOO MANLY...

And this place is now yours, Dee. You'll find everything you need here.

This is your room to work or relax. The other rooms are the kitchen, toilett and of course your sleeping room.

All you need is to decorate it as you wish to have it, Dee.

UMMM... KITTY... I'M LIKE SOOO SORRY... I'VE FLIRTED WITH YOUR HUBBY...

Don't worry, Deana. He is hot and I take it as compliment.

...WHAT REALLY? YOU ARE LIKE SOOO COOL. THANK YOU SO MUCH.

While Kitty shows Dee everything (and check if there are any memory fragments of Derek left), Sheldon went back to his and Kitty's office. But in the front room to the office...

Oh, uh... hi! I'm Bubbles. °giggle° Do I know you?

I don't think so. Um, I want to talk with Sheldon... is he here?

Uh... °giggle° I dunno... I'm like such a silly Bimbo.

Lucky you... I see, Bubbles... I'll wait...

Hey June...

Oh Sheldon... this lady boy here is like totes makin' me...

I know her, Bubbles. Thank you, you are wonderfull.

°giggle°

So impressive!

Glad to see you, old friend. How does it come that you are outside without one of your wigs?

Some MAGA idiots ripped it off my head earlier. I'm still shaking from their attack. Sheldon, do you have time for me?

For you? Everytime. Go to my office and take a seat, J.

WE both are friends since childhood Sheldon. We trust us. I think I'm the only one who know how You and Ava really was and how it was changed, am I right?

Yes you are. And I offered you many times to fulfill your dream... you always declined.

True.But I have changed my mind. The incident earlier with the wig has strengthened me in my decision even more. I finally want to be a woman and I no longer want to get there with some hormone therapies and sinfully expensive operations.

You know how uncomfortable I've always felt as a man....

... and how much I wished I had been born as a woman....

...with some really huge watermelon sized knockers...

Can you make my wish come true, Sheldon? Please?

Do you have a picture about your female side in mind?

I know exactly how I want to look, I see it so many years every time when I look into my mirror.

I don‘t see a problem, June...

... I‘ll give you my phone, where the app is installed... and you can change yourself as you wish to be...

You mean... really? I can do it myself?

... but on the other hand I also could need your help - after your feminization. Are you in?

Anytime, Sheldon... OMG! I can‘t belive it... my dream...

... to be finaly a woman will become true... a full grown woman.

The Bimbo within 2

Here you go. The App is already active, just touch the screen.

How does it work? What have I to do?

The camera will focus on your face to make a picture and then the options appear.

This changes can be very intim, June. I can go out or give you a single room, if you want.

No... no. Please stay... I'm a little nervous right now...

SNAP

Wow... that is a one to one screen and the numers are 100% correct. Brilliant.

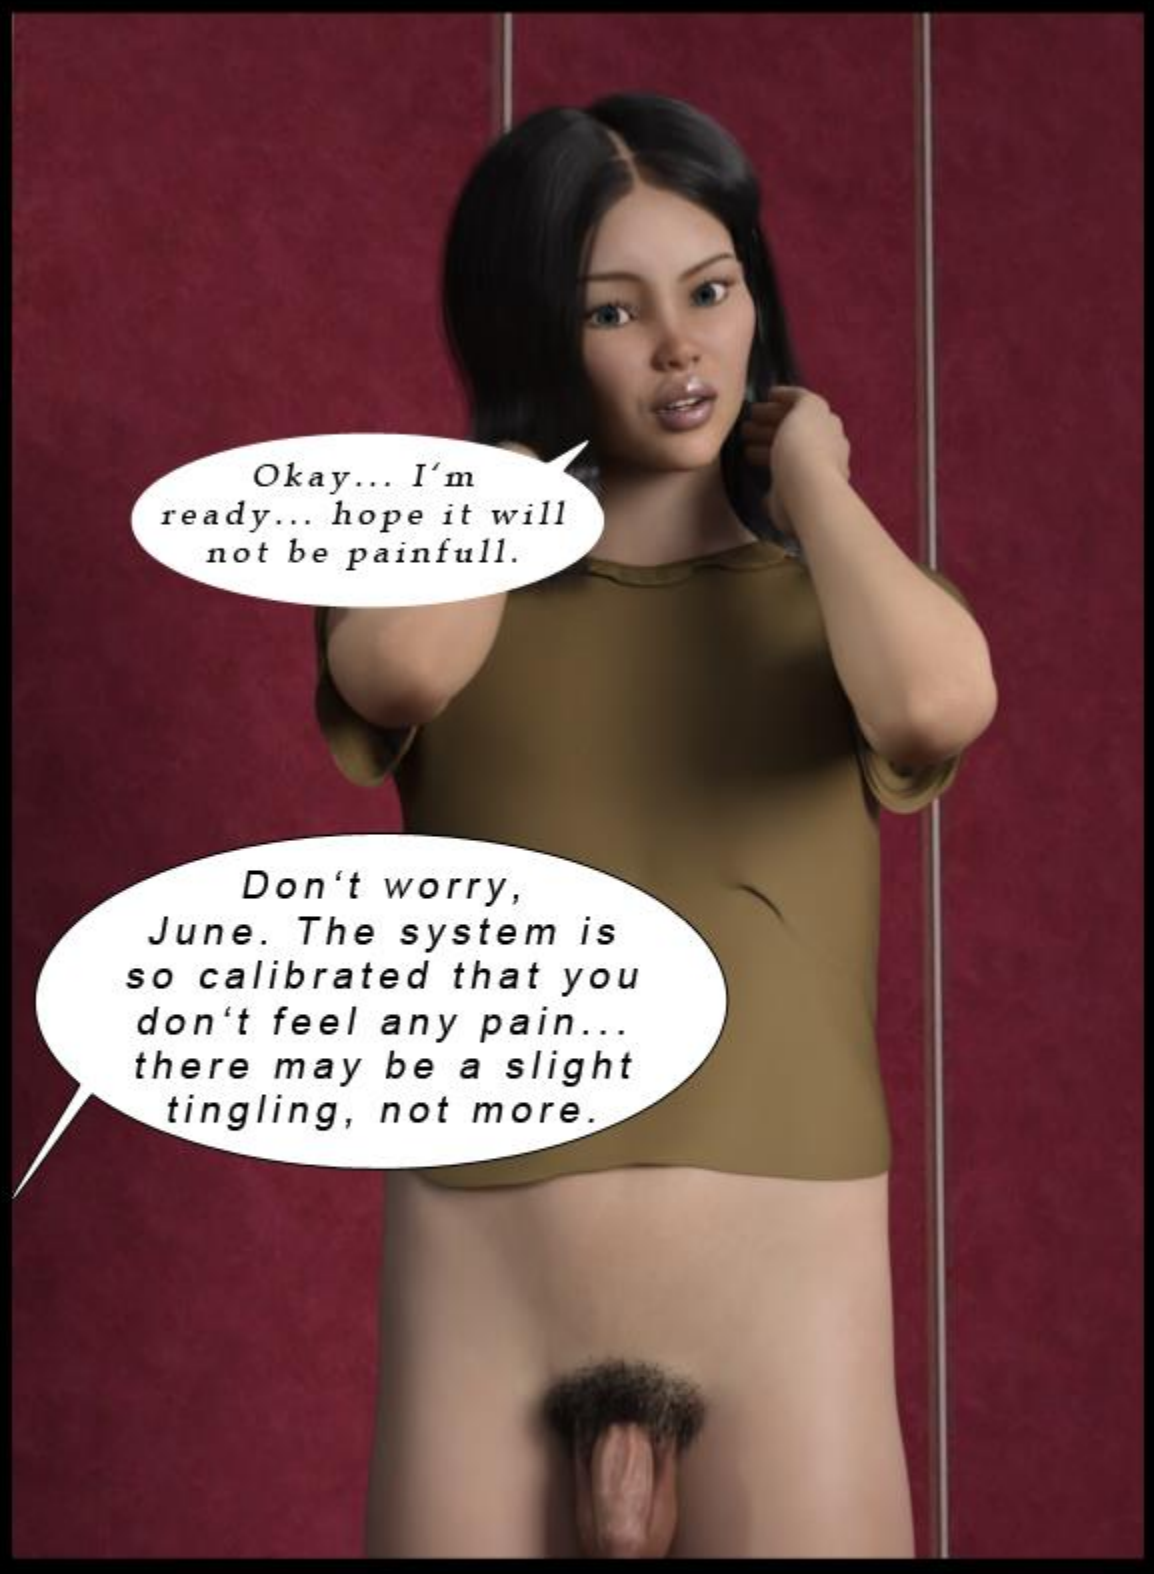
Nah, you just feminizied your face and lengthend your hair...there is another option...
Ohhh... that is me as Girl?
hmmm... Hair could be longer... maybe shoulder length?

...to switch your gender completely. Look under Sex...
ummm... I want to enjoy this... would you do this for me, please?
I will take my pants off and enjoy the feeling of my brand new pussy.



Okay... I'm ready... hope it will not be painfull.
Don't worry, June. The system is so calibrated that you don't feel any pain... there may be a slight tingling, not more.

The feminization process is not yet complete, June. Your female organs have yet to fully form, which means your bones and body structure have yet to adapt.

... so your hips got wider and your ass rounder and bigger.

And I hope that you like the new pubic hair form... bushes are from the 70's and not in.

Ohhh... I love it Sheldon... it was stupid of me to refuse your offers all these years. I feel so different now.

Wow... my skin feels so velvety soft now... but also so sensitive...
... the lightest touch sends waves of pleasure straight into my vagina...
... it feels so unreal... Almost like a dream.

The Bimbo within 2

Oh I really love them. Sheldon look at me... I'm all woman now!
But my tits are really small... or is it just my imagination?
Hm, the process is finished, June. You now look exactly as you would if you had been born a woman.
What? Really? I hoped for a far larger chest... could you...

Is there no other option Sheldon? I mean all girls here are super huge in the chest area.

That is possible? In that case, I would like to have both... like Tiffany Towers. I would like to have a naturally large bust that is augmented by implants but looks natural.

Like Tiffany Towers? Good choice, June. But that is possible.

The Bimbo within 2

Ufff... they are growing really fast...

sing I love biig boobs and can not lie... teehee

That is what I understand under a huge bust. Wow...

I can't get it Sheldon. Thank you sooo much.

And? Everything okay, June? How do you feel?

Oh Sheldon... you are sooo wonderful. I can't say how happy I am...

I'm finaly a Woman... and I feel absolutly desirable.

Excellent. You need some new clothes now. Kitty and I have an extra wardrobe for changements. Should Bubble lead you the way?

Hm? Oh... thank you so much. But that is not needed. I think a shopping tour is needed and I will enjoy it.

The Bimbo within 2

You want another look, June? More Asian... European... African?

Hmmm... when I think about it... Sheldon... could you change my face?

I look hot, but somehow innocent right now. Please, improve my face to a real slutty look.

You know... real huge cock sucking lips...

... honey or better platinum blonde Hair...

... long dark eye lashes ... hmmm...

... a strong, seductive and slutty face, with...

... heavy Make Up that cry: Fuck me, Baby!

The Bimbo within 2

It is so strange Sheldon. I'm finaly a woman...

... I've always thought that there would be no difference, but as woman...

... mhhh...

... you truly feel more... Emotions, Sensitivty, Feelings. I feel the need for security, but I also want to be... touched...

Okay, there would be much more options, but it would...
No, I trust you Sheldon. When you say that I look like I wanted, then it is okay.
But...
Let me bet: One last change for you? Of course, June. You are my and Ava's friend... how can I help you?

I want that
you change my priorities
and personality!

I don't want
to be unsecure anymore...
more risquy and flirty.

I want to show
way more flesh and
have far lesser
stress.

Did you
know that I was still
a virgin as Male?

I want
to be playfull and happy.
Maybe a little bit naive and
I don't want to overthink
every single part
multiple times.

You know
that I always wanted
to be a absolute airhead
Bimbo Babe!

June, do you really want that? It will change a lot for you personally, I've seen it with Ava and the others - you'll be much easier to manipulate and depending on who you get to... it could be bad for you.

I also could give you a Bimbo Style behavior... but your intelligence would be the same. But you would talk and act like a Bimbo. That is what Ava as Kitty now use.

Oh Sheldon... you are so cute. Even now you care about me...

Maybe I could stay here with all the other Bimbo's? So you and your strong manly hands... ummm... sorry...

... but it gets so hard to resist the urge... you was always so... attractive, but now you are... ummm... so unbelivable HOT!

But yes... I'm tired about my old self. I look so hot now... and I want to be all Bimbo... and yours...

Well... okay. If that is what you truly want, then who am I to ask questions.

Wow! I... Sheldon... I can feel how my knowledge ... it is... ummm... like...

vani... v-a-n-thingie? Sheldon... my head gets **LIKE**... so hard to think straight.

TEEHEEHEE... my brain... **IS LIKE FUCKED BY SOOO MANY HAWT CAWCKS.**

***GIGGLE* MY HEAD FEELS LIKE SOOO EMPTY... THERE IS LIKE JOY AND FUN...**

Of course. You are now a typical Bimbo, June. Are you happy?

HUH?

OHHH, SHELDON... ALL THIS CHANGES MADE MY HEAD LIKE TOTALLY EMPTY... BUT MY PUSSY LIKE ALL WET...

... CAN U FUCK ME LIKE REAL HARD WITH UR TOTALLY BIIIG DICK? PLEEEASE?

Oh June... you are a hot woman and you will find many lovers. And as much as I appreciate your offer... but I'm happy and married with Kitty. It wouldn't be right...

It wouldn't be right... oh hey Darling.

click *clack*

OHHH COME ON, SHELDON... DO NOT BE ALL BORING AND STUFF...

Oh... I have nothing against that, Sheldon.

I agree with her... Don't be boring and fuck her really hard.

This is June, by the way.

Oh so she finaly did the step... welcome on the girly side, June.

GIGGLE LIKE THANK YOU SOOO MUCH, KITTY.

And you really don't mind?

No, and while you fuck her senseless, I will watch and fondle myself...

In all that years we have... ohhh...

gosh... I'm so sensitive right now...

FONDLE

... I... we have never done this. Watching each other..

... while we fuck someone else.

SLICK *SLICK*

Of course. Your clothes are lying there.

The Bimbo within 2

Never imagined that watching drives me so crazy...

Yea, beg for his cawck, June! Beg for it, Slut.

OHHH... MYYY... YES! FINA... HAAA... OHHH... LY! OHHH CAWCKY...

Gosh... I wish my bewbs would be...

Why wishing? Ah... there it is...

Like, Hi Mista... Kitty all horny right now... wanna fuck Kitty, like, totes too?

Wow... that is extreme. She never called me „Mista“ before. I hope that this wasn't to much...

OH MY GOD!

Just when you think it can't be any better or that it's too real to be true, fate often gives you the finger - and with full force. Clever people have been puzzling over why this is the case for thousands of years, perhaps you have too?

And I'm finally lucky. Ava's smartphone isn't locked and her incredible app is still active.

Wow... it's really easy to use. Just focus on the person and here we have June... not longer a woman in the body of a man.

He is now a fully functional woman and of course a Bimbo...
°giggle°

Hmm... we'll take them out. Maybe, ah there's the option: Sleep, June...

So many options... but June is out of the running for now. The same now with Ava...

And she did that to herself...? Madness. No inhibition at all, such a low intelligence - quite the opposite of before. But never mind.

Live and let live, but I'll come to her later. Good night Ava... you've had enough fun for today.

Bubbles?
Please, explain this to me.

It's Jasmin. Bubbles is just an Alias.

Oh, and don't even think about getting your phone. It's locked and has no connection to the network.

Did Ava and I do something wrong, Jasmine?

We help and entertain people, as you know...

I know... You're holier than the Pope - all those bimbo's in your brothel.

Of course it is, Sheldon. But enough.

This isn't a brothel, this is...

Say... do you like my fake tits?

The surgeon did a good job. So all you want is Sex?

You could have joined us any time.

Don't mess up your sweet little head by trying to think hard.

Wait... who is Ava? What am I talking?

The basis of your success with your app, your intelligence, is being taken away from you every second.

Your willpower, your courage... everything that is important to dominate is reversed.

Ohhh... you, like, mean I'm not smarty smart anymore? B- but you're, like, sooo wrong!

All you will
be when I am done with you is this:
You will be a reflection of me...
only younger.

You will

turn the boys' heads and get kicked
out because you seduce every

And until then,
my daughter helps me out here,
dances and has lots of fun

Huh? Like... Okay cawcky...*giggle*

um... Mom, why do I, like, tots have such wide hips and, like, such a huuuge butt with just 18 years and you don't?

Good question, darling. It is from your fathers side. But they suit you.

giggle Like, so he had not only a huge cawck but also a biiig, round bubble butt?

Of course not. He was just a huge Asshole named Sheldon!

teehee... so he like could poop easily?

Huh? No, not really...

Now come, Chel. Let us make a little happy shopping tour, hm?

Yay! Me like totes love shoppin` like sooo much!

Of course. YOU are my daughter. I love it too and I will teach you how you can get everything you want... without paying for it.

um... Mom, me like, want sumthin kewl and hawt...

... and, like, sum new bra's maybe? Chel's titties are, like, bouncin', like, crazy!

Hmmm... Chel really like her titties... will they, like, be bigger? They make me and all boys, like, sooo horny. *giggle*

Is this the end of our story? Sheldon is now Chel and has no memory of ever having been a man at all... All she is is a young woman with an insatiable hunger for sex and not very bright.

Kitty on the other side has hyperbimbofied herself and is now lying on the floor, completely knocked out, asleep, as is June. And so hours pass...

A few hours later...

Ohhh...yeashhh... this was, like, sooo hawt, hun. Could we like fuck again? Pwetty pwease?

Darlin?

Shelon - puh?

Where are U?

Hmmm...Kitty is, like, all alone an stuff?!

There, like, totes was a way to become boring Ava...but how???

teehee... Kitty luv to "be BIMBO!"

„Kitty luv to be a BIMBO!" is a keyphrase...

Ava set that phrase for herself years ago...

I always get so sad when I see and feel this... my beautiful gigantic tits...

Hmm... But they haven't been this small for years.

And that voice... so dry and unfunny...

... as she turned herself into y Bimbo with Sheldons App for the first time.

This phrase can never be forgotten by her, no matter how much she bimbofies herself.

Damn! I haven't updated my automatic reverse transformation point in all these years as Kitty. I'm back to my old 18 years old self...

I completely forgot how it feels to be so fucking short-sighted again - where did I actually put my glasses?

But what's the point? I can get back into shape, but where's my smartphone? I shouldn't go out the door like this, nobody would remembers me like this - with the exception of Sheldon.

But where is Sheldon? It's not like him to just leave after we've had sex.

As Ava delves into the security cameras, the importance of security becomes evident in this business model. And at last...

Why did she do it, or is there another puppeteer in the shadows?

The plot thickens! Bubbles is the mastermind, but what's Sheldon's role?

Pretty impressive! Odd that Sheldon and I never thought of this...

Time to power down my gadget, keep Bubbles in check. Activate the tracker, let's hunt them down!

Prior to embarking on the quest for Bubbles and Sheldon, Ava must attend to the slumbering June. Duty calls before the adventure begins

Hey June, come on wake up. The party's over...

YAWN HUH?

OH, AVA! YOU'RE, LIKE, GIVING OFF MAJOR NERD VIBES... SPILL THE TEA, WHAT'S THE 411? *GIGGLE*

June, it's a nerdy saga, trust me. Let's save it for another sesh, cool?

JUNE NOW HAS ALL BIG BOOBIES, SEE?

Yes, I could be jealous of you, babe. Rise and shine, gotta hit the road, and you can't linger here.

Come on, let me guide you to your spot. I've got the perfect place for you to crash.

TOTALLY COOL, BABE! IS IT, LIKE, A TOTAL BLAST OVER THERE?

Absolutely, everything your heart craves, meticulously aligned with your desires

Courtesy of technology, Ava swiftly pinpoints her destination. However, her physicality reverts to its original self, broadcasting loudly through language and behavior: I am unequivocally a NERD!

As per usual, the tracker demonstrates unwavering reliability. My mobile device is within direct proximity, yet the conundrum persists – which specific abode is the target? *snort*

Hmm, an unexpected snort? Oh dear, urgent action is required on my part.

19629

Analyzing the signal, it leads straight to Bubble's abode. Time to move swiftly, lest my poised demeanor gets nerdfied.

Oh, she has potential, with a little optimization on my part.

Can I help you, sweetheart?

°giggle°

Have we met before?

Salutations, Bubbles. My algorithmic senses detected your presence.

Indeed, I hold the managerial position, and, regrettably, your employment is hereby terminated. *snort*

Oh my God! Ava? How? When I....

... the last time I saw you, you were nothing more than a pair of massive tits with no brains and multiple orgasms...

Indeed, the enchanting phrase is 'security backup.' I've shielded myself years ago, reverting to my primary state, armed with an unforgettable auxiliary word.

How did you... uhm... WHAT?

Aha. Whatever you say, Ava. I have no issues with you, just with Sheldon. Please come in, and we can discuss everything.

I know exactly what I'll do with you. Say goodbye to your intelligence and your pretentious nerd attitudes.

Oh yes, you'll become the best friend to your now girlyfied ex-husband, only ugly, extremely unathletic, and incredibly dumb. You'll be Chel's little sidekick, written off and forgotten in the coming years, ending up who knows where - you arrogant Bitch...

Appreciate it, Bubbles. Excellent that we can elucidate matters in this manner. *snort*

The name is Jasmin, but for you, it's Mrs. Winterbee, young Girl.

The Bimbo within 2

My daughter, Chel. You know her in another form... significantly... more masculine.

Say Hey, Chel.

Hey, Chel! Your tatas are like, so tiny! Lame! I'm gonna call you Flatty Tatty! *Giggle*

Take a seat, Ava. Ladies like us sit when engaging in conversation.

Exceptionally endearing, your offspring. Much akin to her maternal figure.

...
Flatty Tatty... *giggle*

Enough with the talk, Ava. Changing you wasn't exactly my plan. But since you're here now...

Your Sheldon shamelessly pilfered my foundational app years ago, tinkered with it, conducted tests on me, and, alongside you, forged the foundation of his blasted entertainment empire!

And courtesy of your blasted smartphone, I'm replicating the same stunt on you now!

Bid farewell to your attractive facade and charm. Get ready to transform into nothing more than a pudgy, insignificant replica of your former self!

Oh, dear! Spare me this plight. My intellect is my last bastion, now that my powerful app rests in your grasp. But...

Feeble, Jasmin. Utterly pathetic. However, you overlooked something important... *snort*

What the...

snicker How should I say it, ah yes: Error 404: Intelligence not found, you illogical entity!

The Bimbo within 2

What do you mean? I have everything planned and thought through.

No, not really, Bubbles.

As Jasmin and Ava engage in feminine games, ones that a man only discerns later, Chel is preoccupied elsewhere.

giggle Like sooo soft... I mhhh... really like my titties... mhhh...

I've encrypted both the app and my phone. That was my initial move upon vacating my domicile. It's futile for you.

What? Ho... Ohh... crap...

The lockdown engaged the safety protocol. Sheldon's rollback to his former state is set to complete within the next 24 hours. - a man with strong muscles, etc., very unnerdy but thats how I like my man, big and veiny.

Oh - CRAP!

Your vengeance attempt flopped, but fear not—I present an enticing proposition. Return with me, and I shall orchestrate the resurrection of your *snort* former self, sweetening the deal with proper compensation for the inflicted havoc. Do we have an accord?

I... have no choice...Deal.

The Bimbo within 2

All because of you... I just hope you stay the way you are for now.

Follow my lead; I've pinpointed the precise coordinates to roll back all changes, ensuring optimal satisfaction for everyone post-implementation.

And does that really work? No gimmicks?

Absolutely assured. The LifeChanger App has meticulously archived every individual...

...whose life trajectory underwent transformation, all safely nestled within the recesses of this machine's memory banks.

Upon entering the chamber, state-of-the-art scanners seamlessly identify you through your biometric signature, swiftly accessing and loading the pertinent data.

Given the limitations of a mere smartphone, Sheldon and I undertook the task of conceptualizing and constructing this specialized apparatus.

In the interest of optimal safety protocols, it is recommended that you proceed into the chamber in a state of undress.

Wow... you're really a nerd. I wouldn't have guessed that in all these years.

I'm ready.

Excellent. Prepare for a peculiar experience; you're about to enter a brief slumber, and upon awakening, you'll seamlessly revert to your authentic self.

Now I've strategically positioned you in the optimal location... No entity, irrespective of rationale, is allowed to introduce disorder into my meticulously structured existence and wrest away my cherished companion. Absolutely no one!

That was a new experience. Thank you for reversing it, darling.

Ugh! I'm genuinely pondering if I might regret this, Sheldon.

Oh, seems like there's some tension. Alright, Ava, what do you think I did wrong?

Ugh, seriously? You took the LifeChanger App, the brainchild of Jasmin, messed with it on her body and mind without her consent, and then ditched her. And now, this powerhouse of a woman, despite all her changes, stumbles upon us and retaliates by transforming you into her daughter... using our app! I can't even express how annoyed I am... Darling.

Alright. However, this is only one side of the coin. And not entirely true. Here is the other side.

When I developed the app as code, I used an AI to find errors and formulate additions to ensure no harm would come to anyone when the app is applied. I named this AI as Bubbles.

However, th AI developed a sort of life of her own, and she asked me to find a way to give her a real life.

I had a grandmother who meant a lot to me and showed me more maternal love than my own mother. When she passed away, I transferred the AI into her body, thus giving her a new life, a new existence, and a new appearance. It was selfish.

My grandmother's name was Jasmin.Jasmin Bubbles, as she stands before us, is that AI.

She was dormant in the original version of this machine until I woke her up and set her as Jasmin Bubbles. This led to the misunderstanding and her desire to turn me into her daughter.

I sincerely apologize, Ava, for never telling you, my one true love.

The mistake lies in the fact that I didn't consider that the instincts of my beloved grandmother are still so strong and could take over the implanted AI. Her behavior... was my mistake.

Oh Sheldon... I appreciate your intellect. If only I had discovered this sooner in our shared journey through the realms of knowledge and passion for geeky pursuits. You truly have no clue about the depths of my affection for you in the language of nerdiness.

I love you too... Kitty. But I have one more request...

Absolutely, my love. Anything for you!

I know that, similar to my brother before, you want to punish Jasmin so that they never pose a threat again. But Jasmin doesn't deserve this. The mistake was mine, and it was an interesting experience Can you please change the process?

HLE ∞

What's your plan, sweetheart?

You're spot on... but preemptively, lest I overlook anything else...

Curious inquiry, Sheldon... pondering what intellectual endeavors might be afoot?

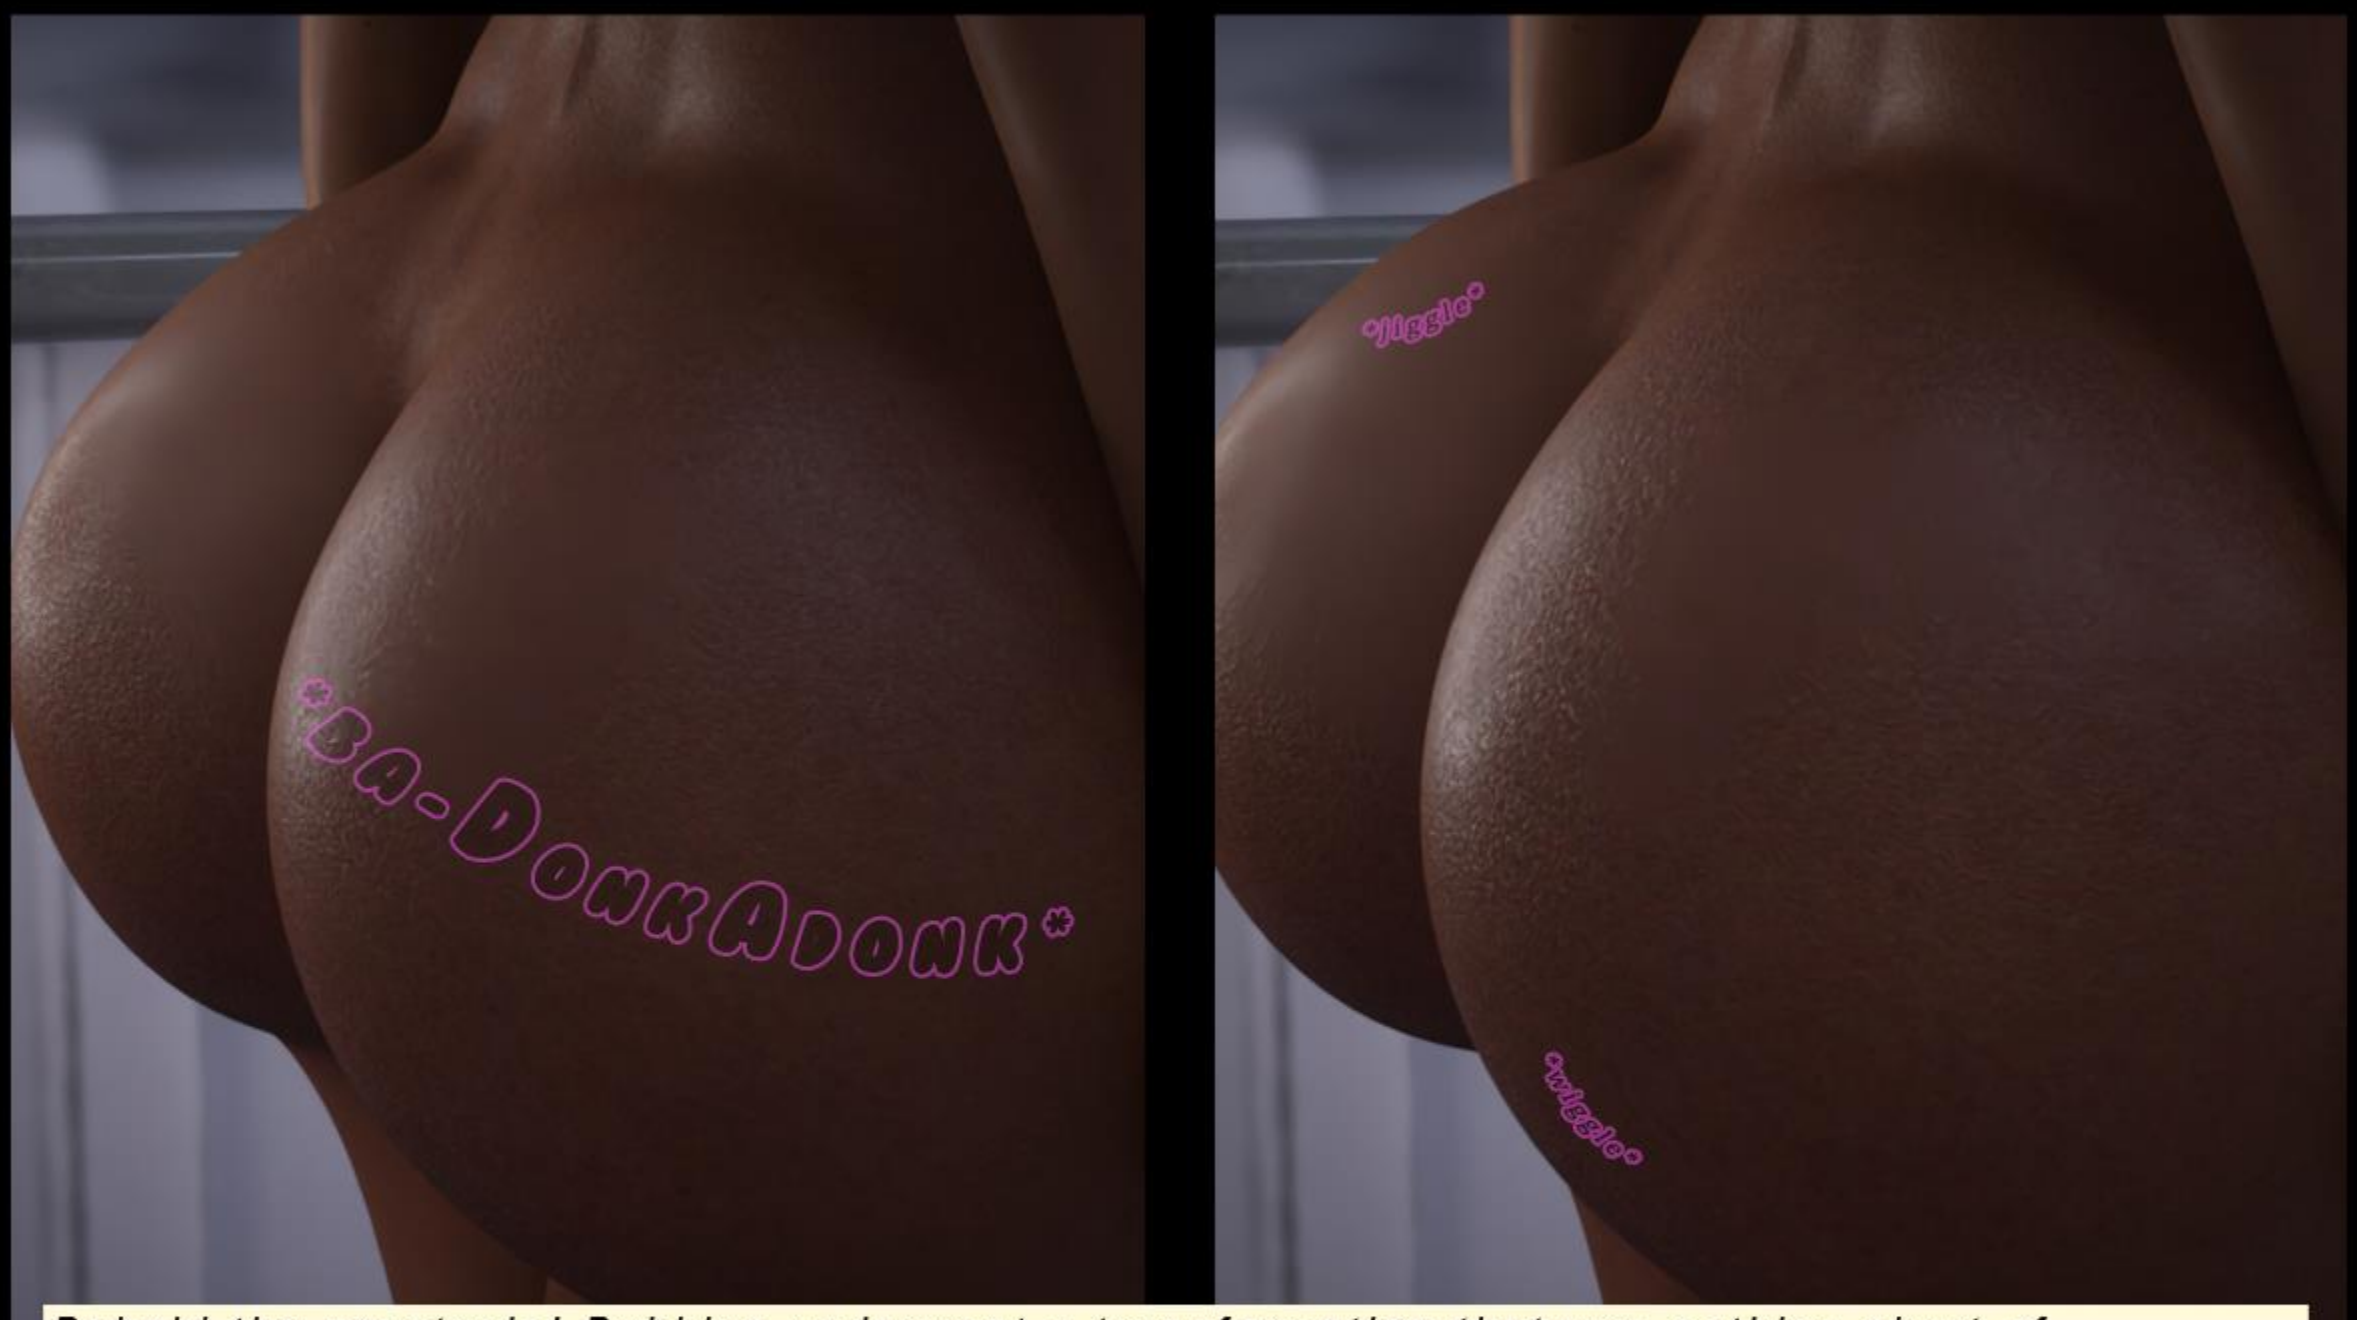
Hold onto your seats, folks! The saga of Bubbles and her sensational transformation continues. As her body undergoes a mesmerizing metamorphosis toward a new destiny, brace yourselves for more than just your typical makeover. Oh no! Brace for impact because, in addition to the ongoing morphing, there's a dazzling side show of changes kicking in.

Cue the drumroll for the grand reveal – colossal growth spurts hitting Bubbles' ass cheeks like a dynamo. We're talking huge, folks! It's not just a tweak here and there; it's a full-blown, cheeky extravaganza that'll leave you wide-eyed and utterly astonished.



Behold the spectacle! Bubbles underwent a transformation that was nothing short of extraordinary – widening, plumping up, and curvaceously enhancing her backside. This wasn't just any change; it bestowed upon her an ass that could make any Bootilicious Ass Model green with envy. A truly noticeable and oh-so-desirable transformation, leaving us all in awe of the newfound allure!

Jasmine Bubbles, the secretary with the tragically sad story from Sheldon's past, is a person of the past in the realm of a consciousness-infused AI. Stepping into her shoes now is a woman fixated solely on her outer appearance. Knowledge is overrated for her, and every fiber of her being screams for cuddles, hugs, or being held close.

Hold onto your hats as we witness the spectacular transformation unfold! Say goodbye to the old and hello to the new, where intellect takes a backseat, and the pursuit of physical allure is the name of the game. It's a bimbo-tastic evolution that's all about the glam, the looks, and the irresistible charm! Get ready for a wild ride into the world of a whole new Bimbo Bubbles!

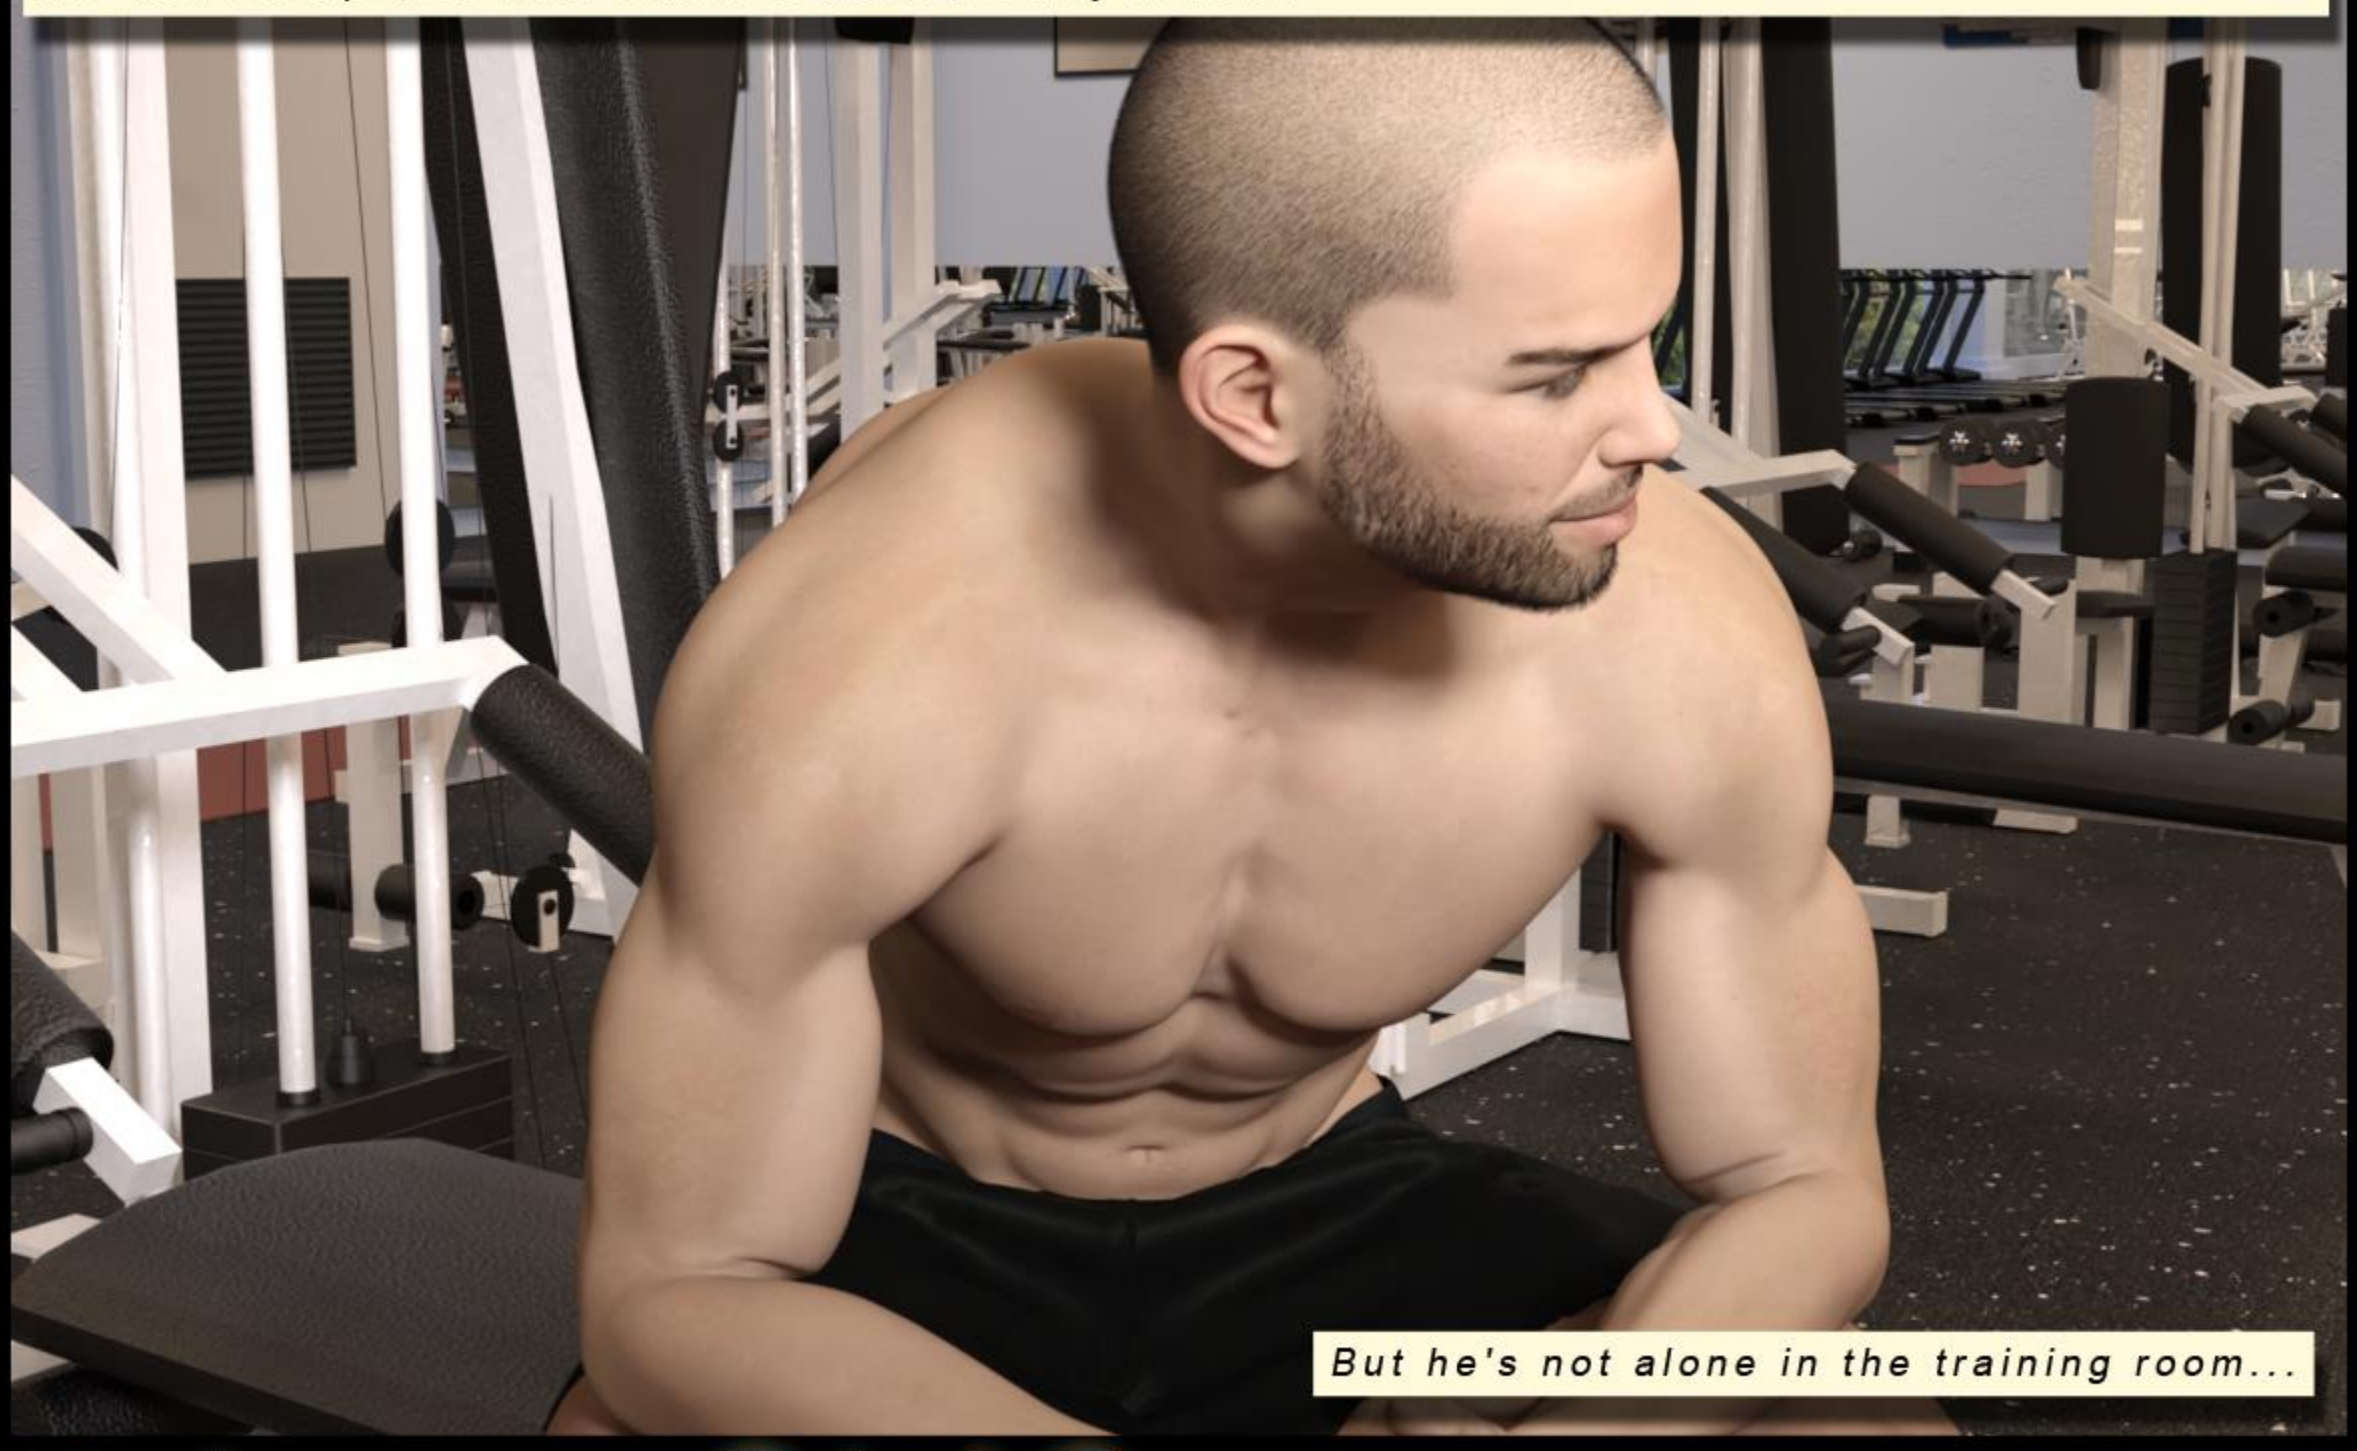
mhhhh...

The next morning in the training room, we find Sheldon powering through his morning workout routine. However, try as he might to focus on his exercise, his mind keeps wandering back to the wild escapades with Bubbles from the day before.



Jill, Sheldon's biological mother, is also in training. Sheldon loved his mother, but unfortunately she felt nothing for her son - Sheldon was dead weight for her after her husband left her. However, since the experiences of "The Bimbo within", she is not only around 25 years younger... and therefore around 5 years younger than her own son, but she also has no memory of her former self and is now a pure Slut with an fitting Stripper body...

Hold onto your emotional rollercoaster, folks! Today, in the dazzling world of Jill, our usually sunny bimbo queen is serving up a side of melancholy. Yep, you heard it right – the glittery clouds of cheerfulness seem to be taking a rain check. Is it just a passing shower or the start of a full-blown mood storm? Stay tuned as we decode the emotional forecast in the whimsical tale of Jill's day!

She doesn't even notice when one of her massive tits slips out of her trainingsuit.

Hey, Jill.
What's up? You look like someone just canceled your weekend plans. Everything cool or are we diving into the drama pool today?

Oh, boss, it's like, totally not a biggie, you know? Just got hit with a bit of a gloomy vibe. No worries, though, just wading through the clouds, trying to keep it all sparkly!

Yeah? Speak your mind. What's the deal, Jill?

Oh my gosh, like, can you even believe this drama? Picture this: there's this guy, calls himself "Star" but, oops, his real name's Andrew. Classic mix-up, right? Anyway, he's been catching all my fabulous performances, and suddenly he's trying to turn my life into some kind of scary movie. Like, what?

So, get this, he's all, "Let's hit the snooze button and fuck together," but sorry, Andrew, you're not exactly the hunky alpha I dream of. I tried the whole "not my type" thingy, but it's like he missed the memo. Persistent much? It's getting less rom-com and more, like, horror story real quick.

Now, I'm stuck in this bizarre sitcom-turned-thriller episode, where the laughs are, like, disappearing faster than my last manicure. The comedy club's become this suspenseful film, and I'm just waiting for someone to shout "cut" and bring back the sparkles. But for now, the stage is all dim, and the mood?

Ugh, it's as heavy as my shopping bags after a sale. This is so not the script I had in mind, boss!

ungh...

Hey, when Andrew swings back around, seduce him hard and guide him to the VIP room, the one where special clients get our solo entertainment service...

You'll fulfill everything his heart desires and I'll be in the shadows, orchestrating the whole shebang to ensure "Star" has a night she won't never forget. Got it, Jill?

Jill, don't sweat it. Tonight, I've got everything under control.

Like, totes allright, boss! Teehee, ready for whatever fabulousness is coming our way!

Oh, like, duh! My bad, boss! Andrew's totally a he, not a she. Got it now, ready to sprinkle some magic in his direction!

Oh, like, totally gotcha, boss! Oki-doki, ready for action!

And lo and behold... mere hours later, in the very same evening at Sheldon and Kitty's club...

Oh, there's Andrew, like, right on cue! Okay, Jill, go slay that show, girl!

Today's the day... I feel it deep within me... tonight, I'm going to fuck Jill... finally! I will enjoy her massive curves...

She's doing this show just for me, and tomorrow she'll quit and be there only for me...

I mean, she can't resist me... look at her... even my mother always says that. And mother is always right!

The Bimbo within 2

Oh, how nice that you're visiting me again, MASTER Star... teehee!

She called me Master... my hypnotic power is seriously working! The dude in the bathrobe spilled the truth, man...

Oh, do you like my big tiddies? I'm, like, totally proud of them! Teehee!

I'll give it another shot... Jill! Hear me out! YOU are gonna be MY Bimbo Slut!

Hey... do you wanna come with me? I've got, like, a super huge and wet surprise waiting for you in the VIP room... *giggle*

Oh, and like, take off those pants, Master! Teehee!

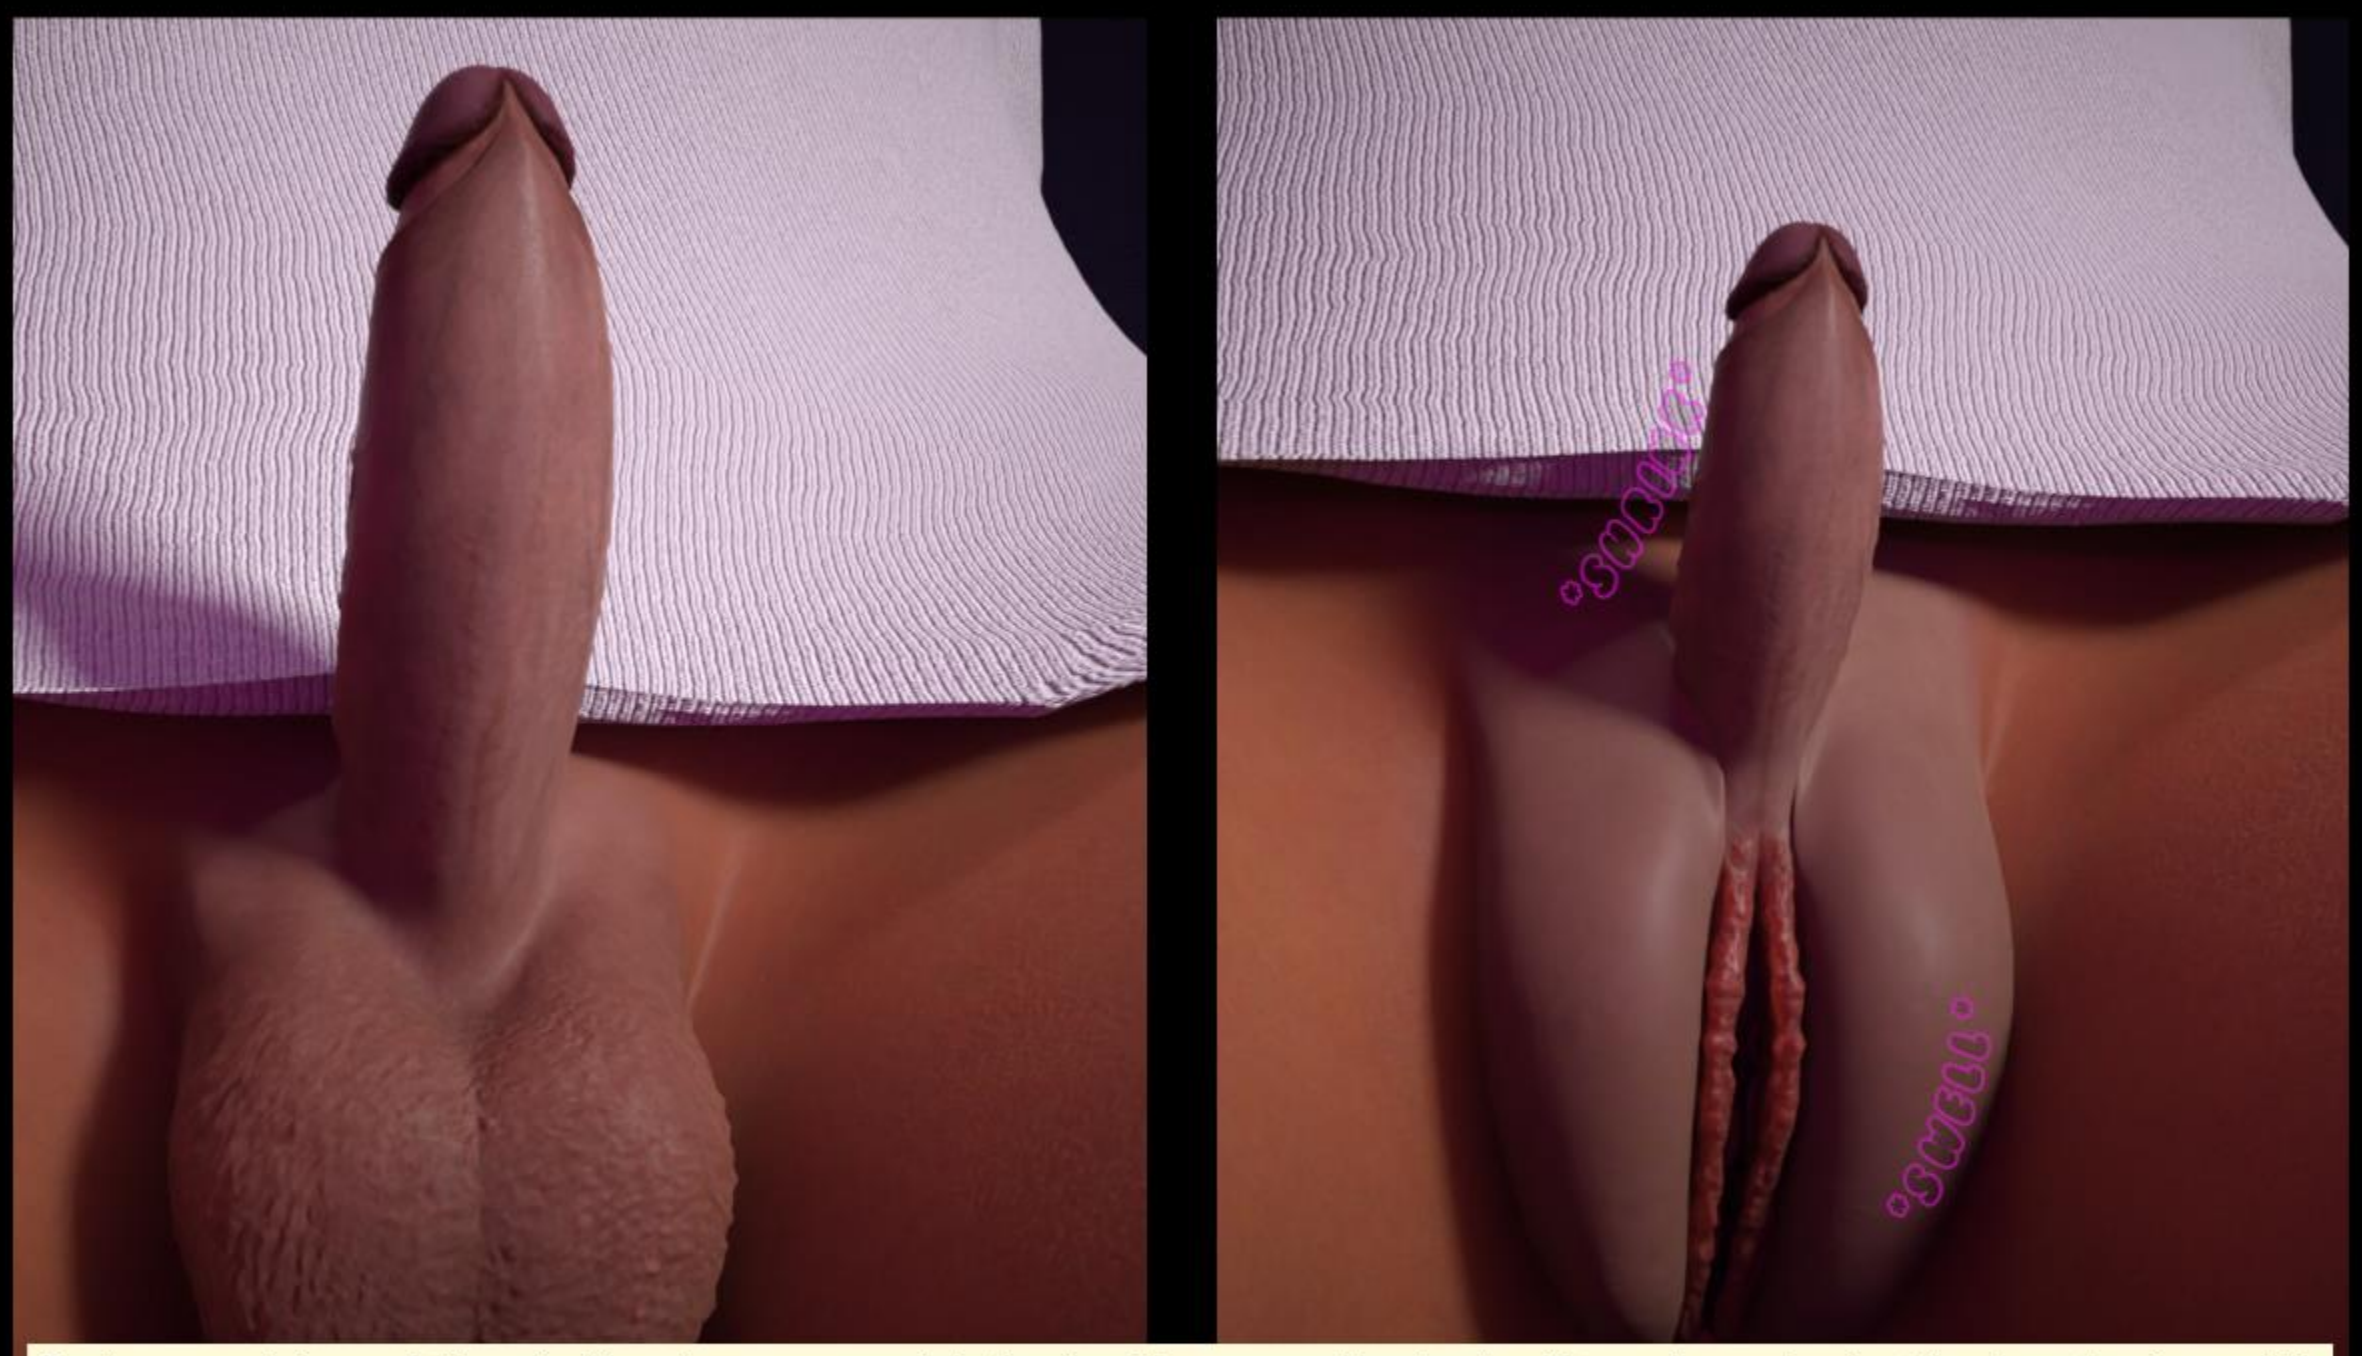
Andrew finds himself captivated by Jill's seductive charm. The adjustments made in Sheldon's Life Changer App intensify the transformation, with Andrew's body feminizing rapidly... even the most distinctive emblem of male nature - the phallus...

The process of transformation, of course, doesn't only bring about visible changes in the intimate areas... no, his coarse, large hands are noticeably shrinking, the fingers becoming more delicate and distinctly feminine, while the fingernails, for now, remain unchanged, yet they seem to shimmer ever so slightly...



But, speaking of the intimate area... biologically, we all start off as female in the beginning. It's only during fetal development that the male sex is formed. Hence, it's not surprising that as Andrew's balls transforms, vaginal lips take shape and eventually part ever so slightly while his penis decrease visible in size...

However, Andrew's face is not spared from the gender transformation either. After losing a significant amount of weight, his distinctive facial features are noticeably softening...

... smooth skin where once there were stubbles, long and thickening eyelashes, full and sensual lips with a hint of red tint, cheekbones becoming more pronounced as they ascend...

... yes, this face is 100% womanly.

... and finally, just a few moments after the transgender process began for Andrew, it is already complete, revealing a fully-formed pussy in all its sensuality and splendor, poised and slightly parting in anticipation of a long, enticing journey of womanhood.

The discerning reader among you might now wonder, "Hey Amaz, did you forget the most important part as Breast Expansion Artist? Where are the growing breasts?" - yes, they are so crucial that I will dedicate the next few pages to them... but that will have to wait until next week.

The Bimbo within 2

Andrew has undergone a profound transformation, no longer identifying as a man. The unmistakable indicator lies in the deep, moist pussy between her legs— a poignant symbol of this significant change.

And at last, the pivotal moment unfolds. Unbeknownst to Andrew, amidst the dance of Jill and the subtle influence of the transformative app, the profound awakening begins to take hold... 1... 2... 3 - Here, it comes:

Andrew is now gradually realizing his feminization. As he speaks, his voice breaks, and - as if he never went through puberty - his voice becomes higher, softer, and... more feminine.

Holy Shit! Are those really MY breasts?!

They're massive! I can't see... why in the world do I have these boobs?!

Only girls have breasts, and I... by the Lord!

The moist, yearning emptiness between my thighs... Is that? a pussy?

In a world where transformation knows no bounds, our guest Andrew has completed the journey into womanhood. But hold onto your seats, folks, because the bimbofication saga is just getting started.

Andrew, with a flair for the dramatic, begins the process with the fingertips and those luscious lips. And, naturally, a 'touch' of makeup is an absolute must in this dazzling tale of self-discovery for her new Bimbo Lifestyle...

Welcome to my little office oasis, gorgeous.

Pretty. But also a touch masculine, isn't it?

Take a seat on the cozy couch over there, would you?

Hm? Nooo, my hubby Sheldon shares this space with me, but he's got his hands full right now. You'll meet him soon enough, promise! *giggle*

Elena, Sachiko introduce yourselves to me. Why should we hire you and what would you like to do here? You can speak as openly as you want.

We're among ourselves here, not like at the club over there.

Well, I'm Elena.

My mom's from Russia, my dad's German. My parents migrated to America in 2000, and I was born here in 2005. Since I don't have a scholarship, I'm trying to earn my way through college by working, any job will do, just not as a prostitute.

I'm not shy and I show what I've got, as you've already seen, Kitty. My B-cups are tiny compared to your melons, but I still like them, even though I often wish for more.

Sachiko here is my ride-or-die, and after hearing all the buzz about the Kitty Lounge, we just had to see if we could make our mark.

The Bimbo within 2

Well, I'm Sachiko, which means 'fortunate child.' But luck hasn't exactly been on my side. I grew up in an orphanage without knowing my parents, where sex was considered a sin.

I ran away early and bounced around, so I didn't spend much time in school and ended up without a diploma.

Unlike the nuns at the orphanage, I love to flaunt what I've got, and even more, I adore hor, steamy sex.

I met Elena and learned what friendship is. She even lent me this awesome dress from her mom here. And now, here we are, Kitty.

Well, girls, that was, like, totally impressive - even though I still have no clue where to put you at first.

But what I can offer you is this: Your own room with no rent or costs, as long as you work for me, plus health insurance. You'll start as a waitress at our Kitty's Huthut and can work your way up the ranks.

Would that be okay with you? Oh, and we'll provide your clothes too, by the way.

My own space with no strings attached and everything included? Sounds too good to be true. Count me in, Kitty. What about you, Elena?

I feel the same. I'm on my own now, so an offer like this is pure gold. Count me in too.

OMG, that's like, super duper, girls! Welcome to the Kitty Team'! I'll get your contracts ready. When you head out the door, the dressing room is on the left. Your cute work outfits are waiting there for you. Try them on, and then hurry back. Your contracts will be all set by then, like, totally ready for you!

This top is driving me crazy. It keeps slipping down all the time.

Good thing this is an Amaz2k12 Comic; his fans adore boob flashes.

Hey Sachiko, this isn't a comic book. Let's head to the dressing room, shall we?

Of course. I can't wait for my new job.

Elena's in the dressing room now, and as we know Kitty, she'll... ah, yep, it's already starting...

So much clothing. I'm curious to see what they have here.

Oh... there's a pleasant tingle all over my body.

Zis feels, like, funny! *giggle*

I really feel amazing! Somehow everything seems to move inside a pink cloud in my mind...

The Bimbo within 2

But before we delve deeper into Elena, a brief glimpse into Sachiko's dressing room...

Oh my God! Am I... shrunk? A petite woman... but how could this be?

People don't shrink by 30 centimeters... at least not typically. But I... have?!

Nah... that can't be real. I... I've always been short-statured, I remember... how people joked about my short height.

But something seems to be different with Sachiko compared to the usual transformations. As the transformation begins, Sachiko is fully aware of the change... only to then become another, new memory where the change was no longer a transformation, but reality...

And just a few moments later, Sachiko is firmly convinced that she has never been taller than 4 feet 11 inches (150 cm) - the absence of over 11.81 inches (30 cm) is no longer evident to her.

I'm curious about what clothes they prescribe for us here for work.

Of course, there aren't many areas in the club where a securitycamera is transmitting... but who on earth installs security cameras in changing rooms?

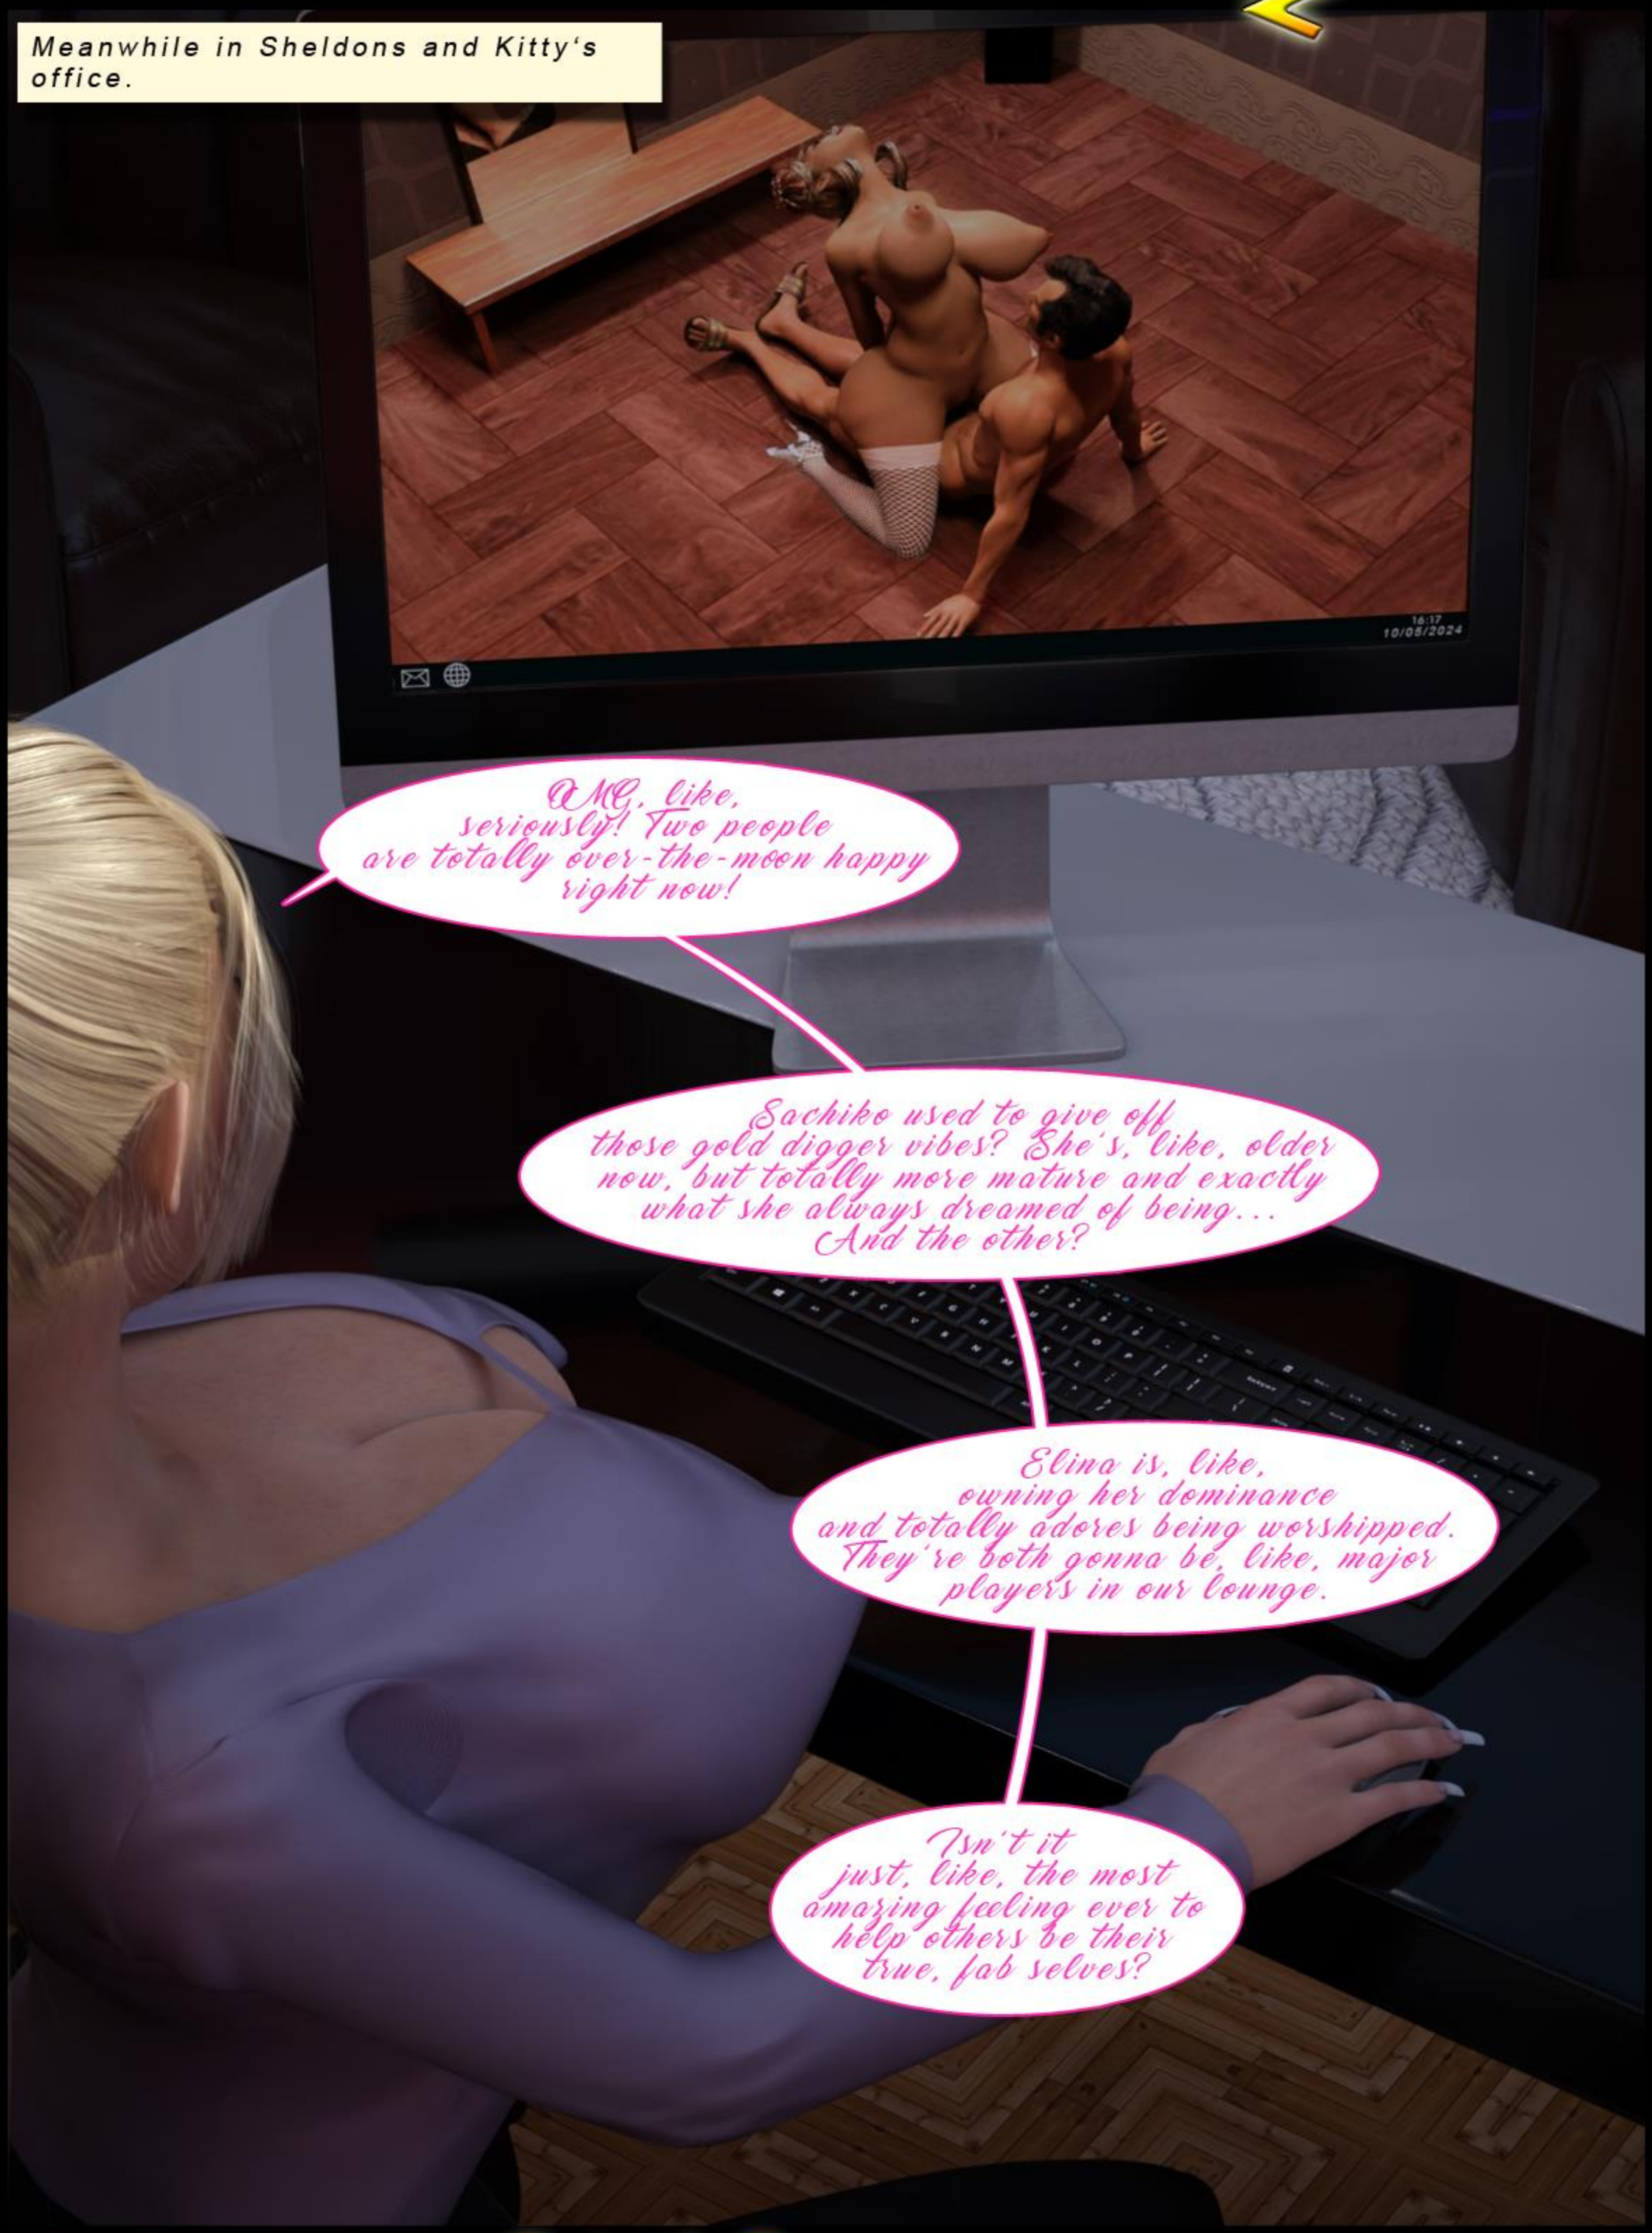
Let's find out...

(((GASP!)))

AAAAH!

YES!

Meanwhile in Sheldons and Kitty's office.



So only one of us knocks on that door...

BAMmmm!

BAMmmm!

BAMmmm!

Yes? Come in, please.

Margy, what can I do for you?

Yo Kitty, we got some real serious ish goin' down, we need to chop it up ASAP, no playin' around.

So pressing? Understood. What's the matter?

A'ight, check it. There's this new crew in the hood, ain't no biggie, but they rolled up last night, messin' with the ladies and tryna shake us down for cash to 'protect' us.

This is truly a serious problem. Good thing you stopped by, Margy.

Yo, they might swing by again today or tomorrow. Having Sheldon or you around would be clutch. I run this block, dealt with 'em before, but y'all got better hookups.

Who are you talking about, Margy?

Ayo, Sheldon, just spilled to Kitty 'bout this. There's this new gang creepin' in the hood, callin' themselves the 'Mommy Makers'.
Started with one dude comin' through, playin' nice, but now they deep, six of 'em causing ruckus in the club.
This turf's ours, so I stepped to their leader. They tryna sell us protection, for a price, so our spot stays safe and the girls can keep grindin' without worry
– they straight up extortin'. Can you or Kitty be on deck next time they roll through?

Yo, peep game, these four right here? They the "Mommy Makers." I'm hookin' y'all up with them surveillance camera pics. I already chopped it up with each of them, so I got some scoop you can use tonight.

The Mommy Milkers of Margy

Yo, fellas, my eyes ain't down there...

The Mommy Makers!

Check it, this here's Rose. She runnin' the crew. Despite bein' the smallest, she the one you gotta watch out for.

Crazy as they come, loud, ain't got no chill. She all about that GothPunk scene, got her teeth filed and her canines stretched, so they stickin' out all the time.

Ain't nothin' else stand out 'bout her, no big chest, just rockin' them A-cups, and ain't got that curvy backside. She hate anything too girly, that's why she's comin' after our clubs.

The Bimbo within 2

Margy, didn't you say it was three guys and a woman? But I see two women, this one is...

Nah, this ain't no lady either. This here's a dude tryna be a lady, rockin' them fake boobs that don't even match his skin tone.

His name's Kyle, and he's fillin' in for Rose. Peep this, Kyle's built like a tank - saw him toss a 190kg behemoth out the spot like it was nothin', just 'cause he spilled a drink on Kyle's shirt.

Besides Rose, ain't nobody weaker than him allowed around. Kyle all 'bout that strength and power game.

Yo, check out Paul. If we talkin' hotness scale, he'd break it, like a 15 outta 10. Dude's so fine, even I gotta catch my breath.

If he wasn't from 'round here and didn't act like such a jerk, he'd be hubby material for me.

But real talk, he plays dirty, usin' his looks and charm. You see him with a girl in the club, he got her wrapped around his finger, makin' her man look like a chump. And when he's done, he bounces, leavin' the girl behind, then goes after the dude and takes his cash, no questions asked.

Yo, peep
Chunk over here.
Dude used to dream 'bout
bein' a cop, even studied
up on all them laws.

But then
he got caught up
goin' from one donut box
to the next, ain't doin' his
rep no favors. Ended up workin'
as security in LA, 'til that
spot got blown to bits one
New Year's Eve way
back when.

Chunk's dumb
as they come, naive
like a lost puppy. Fool walks
'round the club swearin' he got
a stash of donuts in the back
- turn him down, he start
actin' all tough. Good
thing he ain't quick on
his feet or strong,
though.

Margy, Ava and I got this. You focus on keepin' your girls safe, make sure they're away from this mess and with the guests tonight, got it?

Man, I don't know how you handle these troublemakers all the time, but me and my girls would be real grateful if you and Ava could handle this crew for us.

And as dependable as a Swiss cuckoo clock, in the evening, at the entrance of Margy's Shiny World Club... the bouncer learns that he's not quite as tough as he thought...

Yo, welcome to Margy's Shiny World Club! I'm Margy, and I'm hyped to have y'all here tonight.

We done cleared out the club just for y'all four, 'cept for you and me, ain't nobody else around. Let's get this party started!

Bla bla, Move it, Bitch!

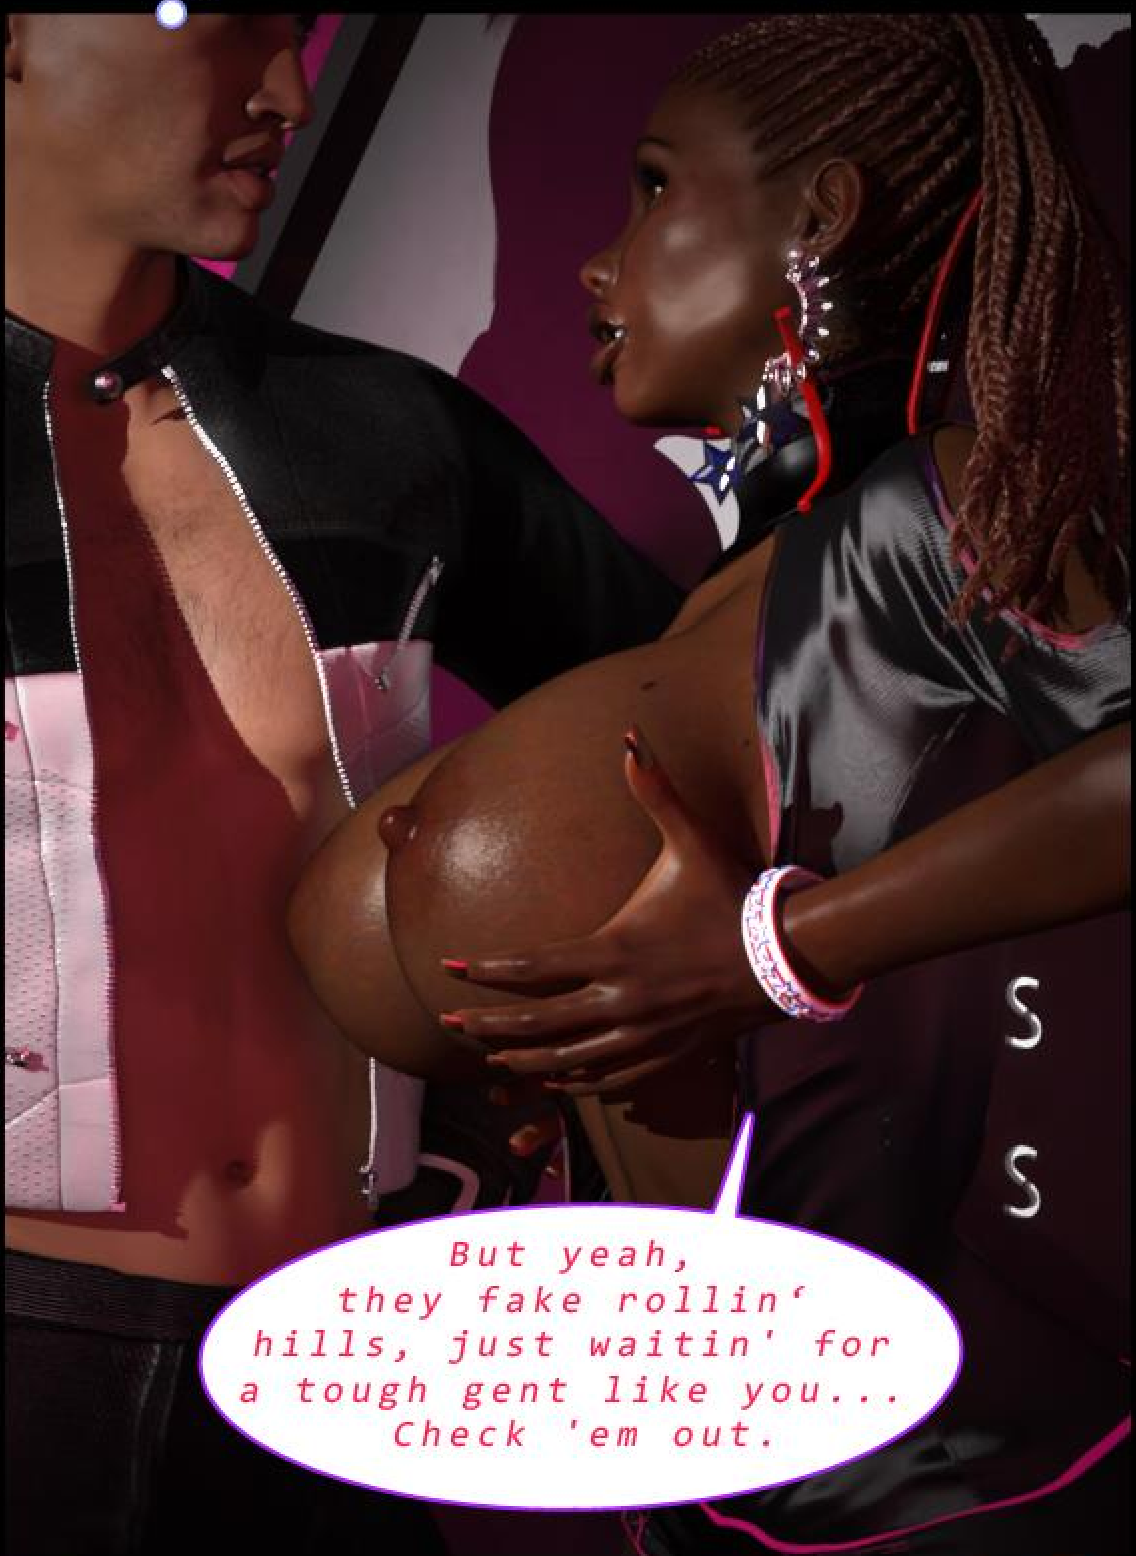
Paul, deal with her. She looks famished, doesn't she?

I bet, this slut is craving for your cock!

EASY. JUST ANOTHER BITCH. I CAN GRAB HER PUSSY DIRECTLY AND SHE WON"T COMPLAIN.

CERTAINLY, ROSE. HOWEVER, I WOULD MUCH RATHER ENGAGE IN SOME SMALL TALK WITH THIS CHARMING LADY, THE PROPRIETOR OF THIS ESTABLISHMENT, THAN PURSUE PHYSICAL PLEASURE...

Damn, bruh... you comin' in hot and rough, huh? Hmm...
Hello, Margy, I'm Paul. You possess a remarkably impressive pair of... Titts there.



Cotcha! Just another Slut.
But yeah, they fake rollin' hills, just waitin' for a tough gent like you... Check 'em out.

And so, as the faint click at the entrance door goes unnoticed, the lock seals the exit... Let the fun commence.
klick
klack

Let's start with Rose's second in command... Kyle. Kyle was raised by a very aggressive father, somewhere in Kanawah County, WV.

Hey, Shrimp! Git yer behind movin' - Club done shut its doors!

I apologize, ma'am... I've been instructed to move to the Room of Domination and fulfill every command you give me.

However, deep down, Kyle always felt more like a she, like Kaylie. As a child, Kyle often felt guilty, small and frail, exposed to his father's aggressions yet somehow drawn to them.

Room of Domination? Means y'all gonna do every dang thing I tell ya to do?

Yes, ma'am!

Come on with me, and drop them britches, pronto!

Yes, ma'am!

Gonna be soon? Show me what kinda lady I am! Kiss my dick!

Yes, ma'am!

So Kyle began to adopt and train in his father's behavior - until he met Rose and realized that Kyle would rather be Kylie. Rose stole him some breast prosthetics... and teached her some MakeUp Skills.

Unbeknownst to Kyle, a similar module is installed in the skylight directly above his spot, integrated into Sheldon and Ava's transformation machine. As the two advance their game in the red glow of this module, an intriguing transformation unfolds.

Y'all so submissive and slut-like, you'd make the perfect Stepford wife, you pussy.

MMMMM

KISS

Yeah, that's almost right! Harder!

SUCK

... the cock of his submissive, cock-glistening counterpart grows bigger and fuller and becomes more manly and bristling.

GROW

By God! Ain't never felt this sensitive before.

THROB

GROW

And while Kyle's member visibly begins to shrink despite his erection...

Kyle doesn't notice how his facial features lose their sharpness and soften.

MMMMMM!

But he does notice how his nipples stir beneath the chest prosthesis, stiffen, and push forward.

plop

plop

Hold on... somethin' ain't right here!

Until finally, the swelling pressure in his denim jacket, thanks to his growing breasts, becomes too strong, and he realizes that he's transforming...

Your cock... it wasn't this massive just now... and are those... boobs on my chest? What in tarnation is happenin' here?

GROW

STRETCH

Oh my... I feel 'em pushin' forward, and my jacket's tightenin' up! I'm growin' breasts... women's breasts!

GROW

First of all, he doesn't notice anything of the massively growing masculinity of his counterpart - it almost seems as if his masculinity is being transferred to the other guy while he becomes more female.

Of course, Kyle, and the best part is, you won't be able to resist. Look at it positively - your masculinity is rubbing off on me, and soon enough, you'll be what you always wanted to be - a fully biological woman, happily married... to me.

The beginnig was your cawck. As I, thanks to you, become more masculine, you, in turn, with every thrust of my Cock in your brand new Pussy and every word from me, become more feminine.

I... don't get it! How's this even possible?

Lads don't just morph into birds! And softies like you don't just become someone so... feckin' hot...

Hey! You aren't about to...

I can feel it... me strength - me manliness... it's all bein' sucked outta me...

YES, and flowing right into me! HA HA HA

YES! This feels fantastic. I've never felt so energized before.

flop

shrink

Ah Jaysus... I feel so weak... all me nicely toned muscles... now me flesh is wobblin' everywhere!

soft

grunt

Enough chit-chat, woman. You love it rough, that's why you married me.

Sweet Jesus! This can't be me - me legs... so smooth, not a hair in sight. Oh, me Adonis... me HUBBY... me beloved... mhhh

You want to be fucked several times a day. That's why you love me, because I give it to you so hard every hour of every day that you experience an orgasm from my touch alone.

TAKE me! Ride me hard, please!

Let me show you just how right you are, baby! What do you think of some real BIG MELONS?

But why can't I resist you... I feel like I'm wax in your big, strong hands...

... I used to be strong... not...

But of course, your BREASTS start GROWING to such MASSIVE proportions now... they resemble RIPE MELONS in size and shape... ain't that right?

What? My big... melons? GROWING?

And right on cue, Kyle's body responds, his, well, female breasts swaying back and forth as they grow and expand, gaining mass and weight.

GROWING... my wonderfull bo... ohhh....

Until Kyle's breasts, now 38N, have truly reached the size of full, ripe melons, proudly swaying on her chest.

Huh? You're right... they're huge!

Of course!
A typical Stepford wife like yourself naturally needs the right hairstyle to complement that pretty face.

Me, a typical Stepford Wife? Dream on, honey...

And as an Irish lass you are, green eyes and very full, kissable lips are an must-have...

But as always, you're right, Hubby. All the signs are clear...

I AM your adoring wife, and I am a typical Stepford Wife! Oh my God, you're so right!

Can't believe I didn't think of that... how smart you are, my Beloved!

That's the ticket... as MY typical Stepford wife, you ain't too BRIGHT in your little head. You're even too DUMB to spell the word 'intelligent.' You're just a typical Stepford BIMBO wife.

Ye're right, I ain't particularly inte... intel... umm... what was that word again?

And that's just fine, KAYLA, my loving wife. You look perfect, you're a bombshell in bed, and otherwise, you're submissive and obedient. Your old self, Kyle, you forget completely.

Oh yay, ye're so right, me Hubby... just yer thinkin's enough, ye're so smart and I'm yer adorin' wifey... teehee...

Cause I'm like totally Kayla, yer lovin' wifey and a complete airhead bimbo!

As Kayla embraces her new identity as a Stepford wife, Chunk ventures into another part of the club, which appears desolate and forgotten. He does not notice the strange shimmering around him.

I've never seen this room before. Why does it feel so abandoned? No neon lights, no glitter—nothing like the rest of the club. Everything is missing here.

It resembles my old classroom, but dilapidated and dark... How intriguing. Here, I can surely wreak even more havoc with my baseball bat, Cherry!

The Bimbo within 2

giggle

Finally, you're here with me!

Hey! Who's there? Shit! I thought I was alone here...

...Mommy!

Who's there? Come out! Ugh, it's so dark in here.

Mommy? I'm not your mother, kid. Come out, or else...

Awww... But, Mommy! Don't you recognize your own child? It's me, your loving daughter! Ohhh, let me turn on the light, teehee!

Like, do you recognize me now? It's me, Sugar Bunny! I, like, missed you so much, but now you're here, with me, Mommy!

giggle

Oh, like, silly me... You're still just chunk. I, like, totally have to make sure you can become my mommy... teehee... I'm, like, totally forgetful - but, you know, like Mommy, like her daughter.

giggle

What the heck?! How is this... are you a... GHOST?!

I have
no clue what
you are or how you
conjure up such nonsense.
But my Cherry and I will make
it crystal clear who's in
charge around here,
you Bitch!

Oh my gosh, like, you named your baseball bat Cherry? That's, like, so totally wild, Mommy, especially since your name is Cherie, like, yourself.

Lol, that's like, so totally wild, Mommy, considering your name is Cherie and all...

But like, enough chit chat, it's time for you to, like, really become my mommy - but, like, your gender is just not, like, right for it...

Hey, what the You crazy little bitch, if that's what you want I'll get you - Ugh!

OH! MY GOSH!
WHAT IS THAT?

The Bimbo within 2

That was... kind of scary, I guess. But what was ...

ARGH!

My body... it feels... cramped all over.

My insides... feel like they're twisting under my skin! IT... HURTS!

Guys! HELP ME!

Mon Dieu... help your sweet little Chérie...

What... my voice... sounds très girly!

My arms...
hands and fingers...
zey are... so thin... so delicate.
Chunk never 'ad such delicate
'ands... Mon Dieu... is
Chunk becoming
une femme?

Wait...
I am Chunk, I'm part...
no, me Cherie... Cherie from Yvoire!
No, zat's not right!

My face... it feels numb... Cherie cannot move... a single muscle.
Mon dieu!

The Bimbo within 2

The transformation is in full swing when suddenly, someone else enters the room...

Hey!

KLICK!

Qu'est-ce que...? Zere is light 'ere? Oh... merde!

Ah, there you are, just as expected... You and I... have unfinished business. It wasn't nice of you to hit me from behind... boy.

With light, everything appears different - the phantasmagoria of the dark, ruined room fades as quickly as it appeared when Chunk first entered. But Chunk...

The light may be on, and an unknown person is in the room, but the transformation of Chunk into Cherie is in full swing - until finally, the last sign of his masculinity...

What do I do now? I am alone and I feel so weak. 'Ow does 'e recognize me? I 'ad 'it 'im from behind with my baseball bat... my baseball bat? Where is Cherry?

...visibly shrinks away...

Mhhh...

Merde... Cherie 'as now become Cherry... Cherie is a woman now! Merde! MERDE!

...and completes Chunk's transformation into Cherie, as a moist, tight slit forms - Cheries Pussy comes to view and she feels hot... and unsecure.

The Bimbo within 2

I'm Charles, and you better shrink to at least 5 feet... (150 cm) I prefer my wife petite and delicate.

5'11" - 180cm

4'11" - 150cm

With stiff and puffy buds on her breasts.

You see, Cherie, I have full control... Resistance is futile!

You are... ze bouncer! What? Your... WIFE? You mean... we are... married?

The Bimbo within 2

Quoi?! Mon body... it responds... to 'is commands!

Of course! Now put your arms down - I want to see those **knockers swell** and **grow**.with some **fake saline implants**.

Go away! Only in your dreams, asshole!

I feel zem actually growing?! Zis is not real!

Mon dieu!

The Bimbo within 2

Excellent, now to your face, dear.

You are joking, non?

Large, blue eyes, extra-long lashes, excessively full lips, narrow nose, sharply contoured cheekbones, and platinum blonde hair... just to start with.

I prefer the **BIMBO** look... you know, mon cherie...

What can I do to stop zis nightmare?

Mooooooh!
Why ze hell am I moaning? Oh mon Dieu! Zis turns me on?
Outstanding! Magnificant! Sheldon didn't oversell it... Devil of a guy, he is.
I should act now! Before zis transformation... or whatever, gets crazier... what a day! I should 'ave stayed in bed with my donut box.

The Bimbo within 2

Take zis, ass'ole!

OUCH!

I am out of 'ere before I end up walking around in stilettos...

That, my dear... was not fair of you.

Like,
my old life... Chunk...
I totally feel like I'm forgetting
who I really am, you know? Oh my gosh,
I'm like, Chérie... from France... I came
to America for... um, like, what
was it again? I can't even
remember... Who even
is Chunk?

GROW

GROW

Chunk is a
nobody. But you, you are
someone. You're Chérie, a glamorous
model, and you fell in love with
me... Can't you remember?

Everything feels like... so squishy, like, gotta keep my balance... like, super carefoul...

Of course you can't, Chérie. You're far too dumb. For you, it's all about glamour and l'amour, lots of parties, and of course, sex.

Huh? I am sorry... what did you just say?

giggle

Whooo... 'ead is, like, totally all spinning... Chérie is... teehee... what was Chérie saying, hun?

giggle um...

I gotta talk to Sheldon right away. This is fantastic, how does the guy always do it?

chuckle You are, like, so totally cute, hun. Are we, like, vraiment married? With all the show stuff, I kinda... um... totally forgot...

Oh Chérie, as if I'm not used to this from you already. *hehe*

Um... Darling? I 'ad a dream... of a round belly and a loving bébé in it... can we make a baby? Pretty please? Chèrie wants to 'ave a lovely daughter from you... like, right now!

Of course. And we should call her Sugar Bunny, because she will be like you....

... and your Dream will become true, Cherie.

Yay! Sugar Bunny sounds, like, so fab amazing for our lovely daughter... teehee

You are now the Bimbo, that was deep burried inside yo.

Huh? Chérie, like, always was like zis, mon cherie.

Chunk... um... Chérie now stands before a completely new aspect of her life. One that Chunk could never have dreamed of, but here, anything is possible. Which brings us to the next bully who wanted to disrupt the establishment with his chaos. He finds himself in the presence of Margy...

Ay, shawty, I knew you weren't playin' it cool. You feelin' what you see?

THAT'S EXACTLY HOW I IMAGINED IT, BITCH. NO NEED TO PLAY NICE ANY LONGER.

Don't be shy, I ain't gonna bite, unless...

LISTEN, BITCH. FIRST YOU PLEASE ME, THEN YOU GIVE ME ALL YOUR MONEY. AFTER THAT I'LL DESTROY YOUR PLACE AND YOU.

Oh, that's rude ...

... It really turns me on when guys are that rude...

And then to top it off, you got such a big meat stick, too.

YOU TALK TO MUCH, SLUT.

SLURP

GAG

WELL, THAT WAS A SHORT-LIVED PLEASURE. I EXPECTED A LOT MORE FROM A SLUT LIKE YOU.

HOW OLD ARE YOU? 25? 30? YOU'RE WAY TOO OLD, BABE. YOU GOTTA BE FRESH AND YOUNG FOR THIS BUSINESS.

Oh, for real? Well, let's see... Kitty, Darling, you got everything set up for Mr. NiceGuy here?

Like, of course ...

Can you make him tiny and weak, not quite a boy, not quite a girl, like he never hit that testosterone puberty, maybe like... 18 years old?

WAIT! WHO IS THERE? WHO IS KITTY?

ARE YOU TALKING ABOUT ME? WHAT ARE YOU FREAKS TALKING ABOUT? CHANGING? ME?

Then lay it on thick, so he had three times the estrogen puberty hitting him at 9...

Oh that will be super fun for us.

IS THIS SOME SORT OF PRANK? SHOW YOURSELF, KITTY. I WILL...
