COMICS **GROWGETTER**

Dear Fans, Lurker, everyone else

Our comics are made by hands, from artists who work with us for years. They count on us to feed their families and have a dependable source of income. This project has been able to improve the lives of our staff and all of us are very grateful for your support.

At the same time, we completely understand that not everyone has the means to chip in and help make this dream a reality. In that, we are one of the few that gives away so much of our art, with the majority of it being available for free, as well as everything eventually being made for free.

Since this is not a large organization, pirating this stuff really does hurt the people that try their best to make the best content we can and lowers the amount of content that can be generated.

If there is something we can do better, please let us know.

Thank you

GrowGetter and Staff

How's it going Kith?

Well Quaz,
it's going ok but it'd be
going better if you let me
focus...

I could just
kick the door...

No, I think
you've done enough
door kicking
today.

Golda's right, kicking in the last door is what set off this Undead trap.

From now on leave any locked or even unlocked doors to a professional thief like me...

But your way is so slow and we've been searching this dungeon for hours.

THWACK

FROOSH

CRACKK

I understand your feelings Porgo, but patience is one of the four virtues of Yon.

Yeah but I ain't a paladin of Yon like you, I'm just a simple fighter.

The god Yon accepts all that follow his...

CLACK

Save it for later... Door's open, let's get inside quickly.

Let's go everyone, Golda guard the rear.

WHAAAACK

SLAAASH

GLOW

Yeah hurry up, these skeletons are stronger than they look.

What did I just say about patience.

THUDD THUDD

Anytime now Quaz.

THUDD

KEBAR ZOOT!

That should keep them out. Everyone rest a moment then search the room carefully.

Remind me again what exactly are we looking for?

We are searching for the four gemstones from the Crown of Abuul.

Come on Porgo... do you have the memory of a Boarcat?

Abuul... Abuul...
wait! As in Abuul the
God-Maker! Creator
of the gods!?!

Yes. We need the
gemstones from the Crown
if we are going to have any
chance against Zureel the
Vampire Queen.

Well since
she has the Crown of Abuul
she's more like a vampire
demi-goddess.

Right. Luckily she
doesn't have a soul and can't
access the full power of the Crown
or the world would probably be
bowing down to some sort of vampire
goddess right now.

Were you not
listening at all when I
explained the purpose of
this adventure?

Basically there are
four gemstones that were
removed from the Crown to make it
less powerful in case it fell
into the wrong hands or
something...

Yes. Each gemstone
can supposedly grant a
bearer the power of a
demi-god.

So what's with
these gemstones?

Great, I've always wanted
to be a demi-goddess.

I can never
tell when you're
joking...

Ok just to be clear...
When we have the gemstones
we need to be careful with
them. No matter what, we
can't let Zureel get one.

Yes. Even without a soul
if she combines even one gemstone with
the Crown... well she'd probably become more
than a match for even a god.

Yeah I know,
don't kick any
doors.

Really for our
safety you should probably
just stand still and let
the rest of us search.

Alright the world is
counting on us to save it
so let's get back to the
search. Porgo don't...

Kith! That's not nice.
But since honesty is one of the
four virtues of Yon I must say
I agree with the sentiment.

Moments later...

Hey, everybody come over here for a moment. I found a secret panel. It was VERY well hidden. I searched this part of the wall twice before and didn't see it.

KA-THUK

Doesn't look trapped. I'm gonna pull it and see what happens.

I trust you Kith.

Can I vote no?

CLACK

GRUUUG..

Do it Kith. We haven't found anything else so far.

KROOOGGG...

Those must be the gemstones!

Careful. This seems too easy.

KROOOGGG...

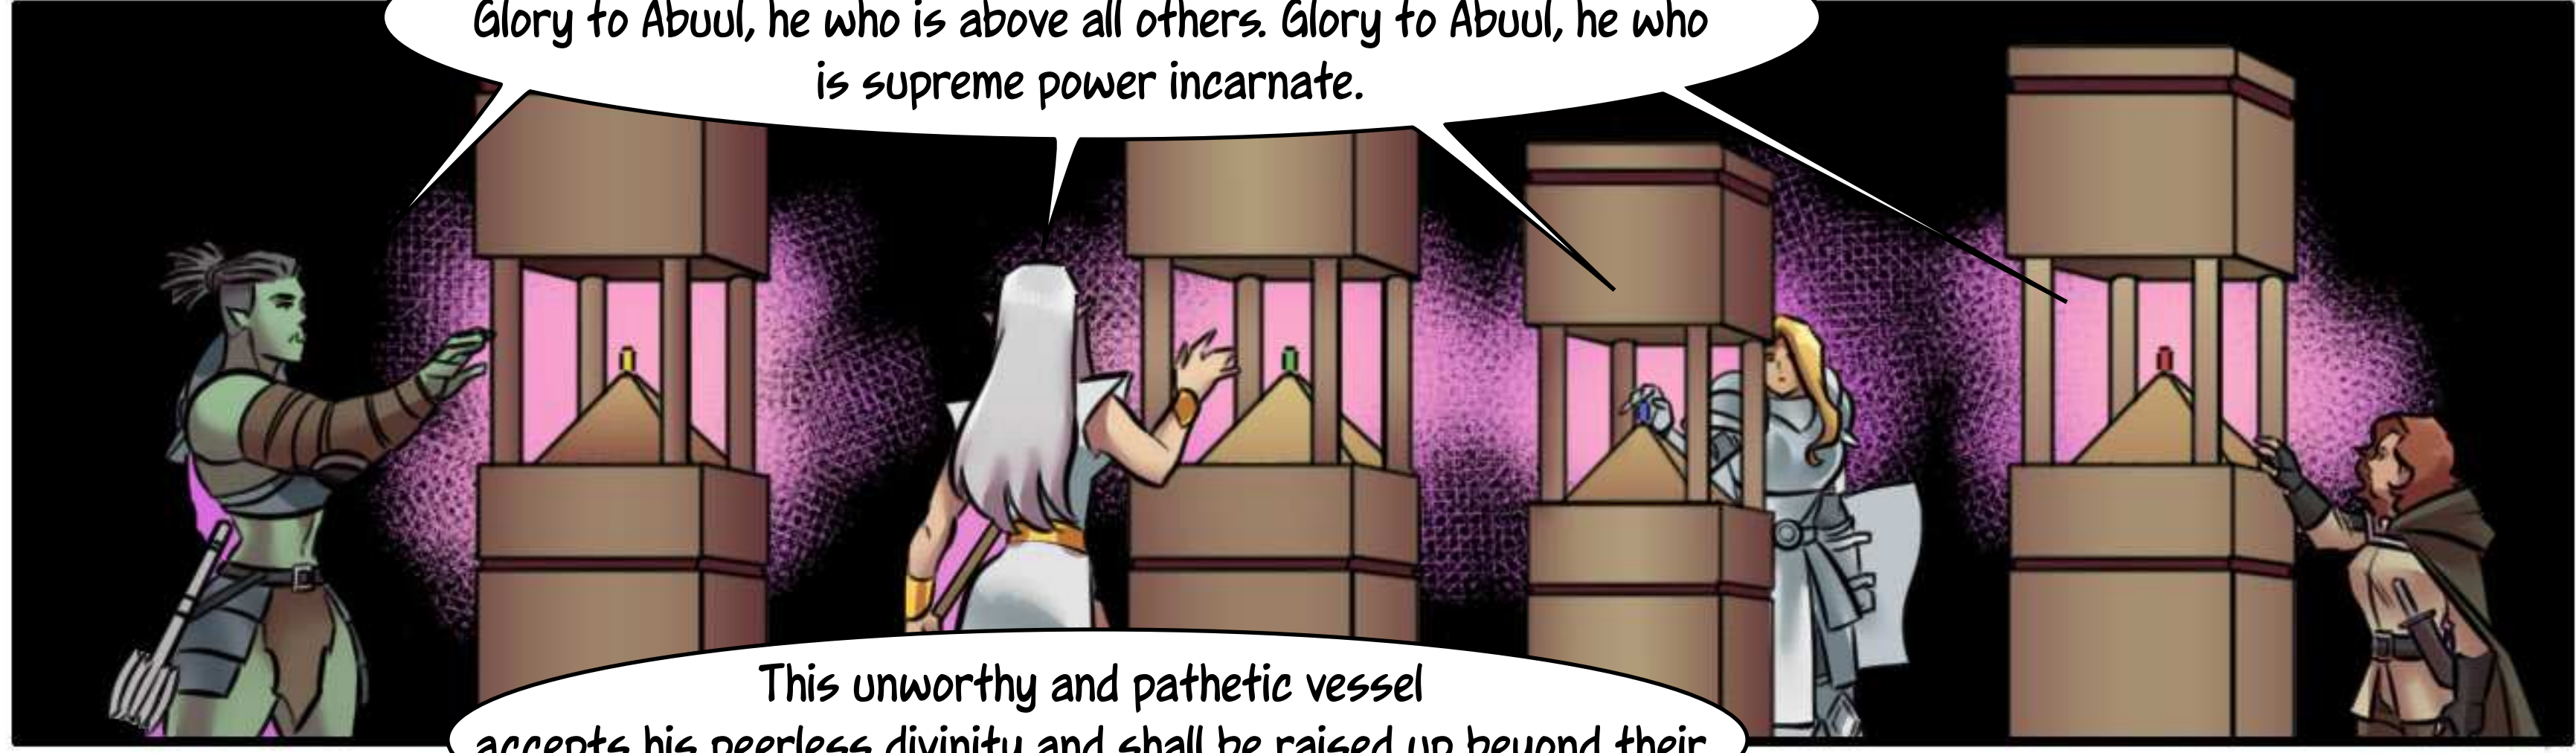

KROOOGGG...

KROOOGGG...

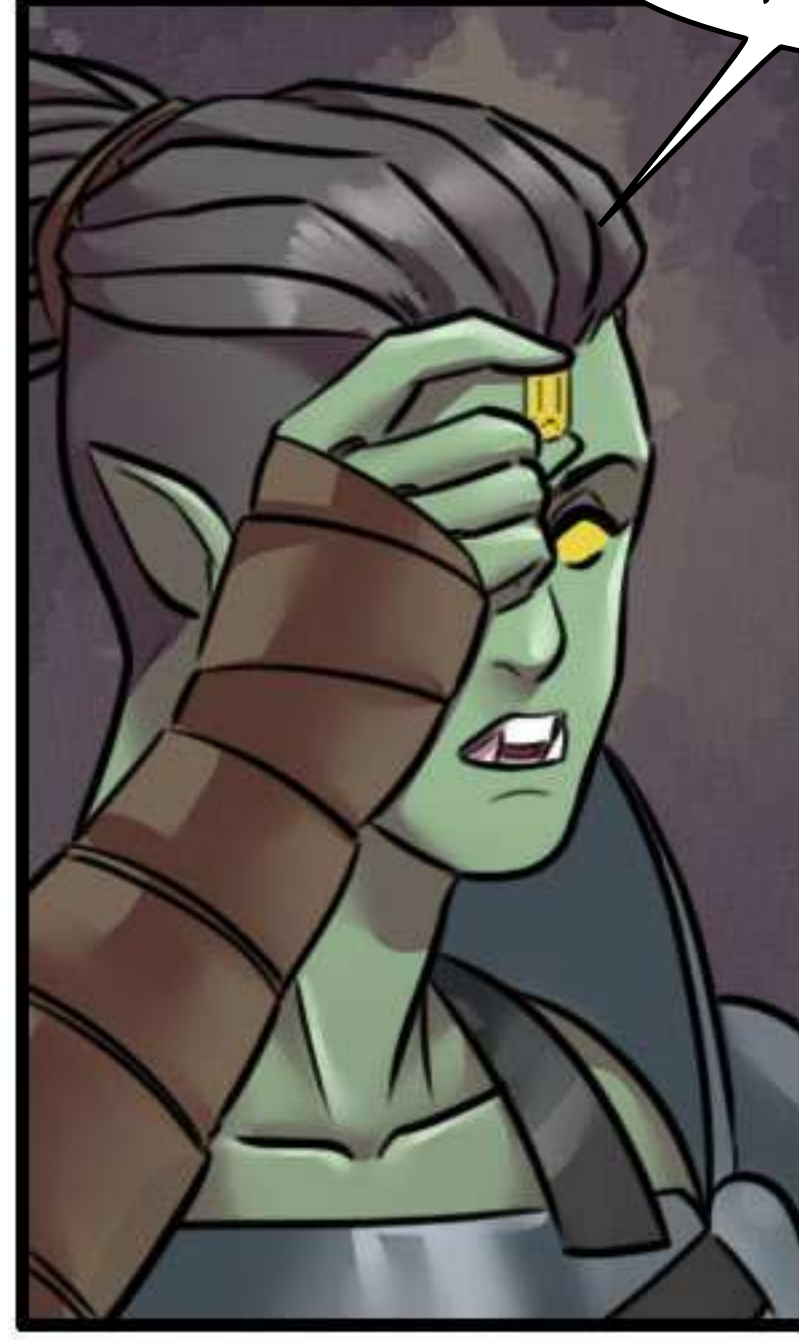

Everyone approach an altar but be careful and don't touch anything until Kith checks...

Glory to Abuul, he who is the greatest of beings. Glory to Abuul, he who is above all others. Glory to Abuul, he who is supreme power incarnate.

This unworthy and pathetic vessel accepts his peerless divinity and shall be raised up beyond their own kind.

Uh... what was I just saying?

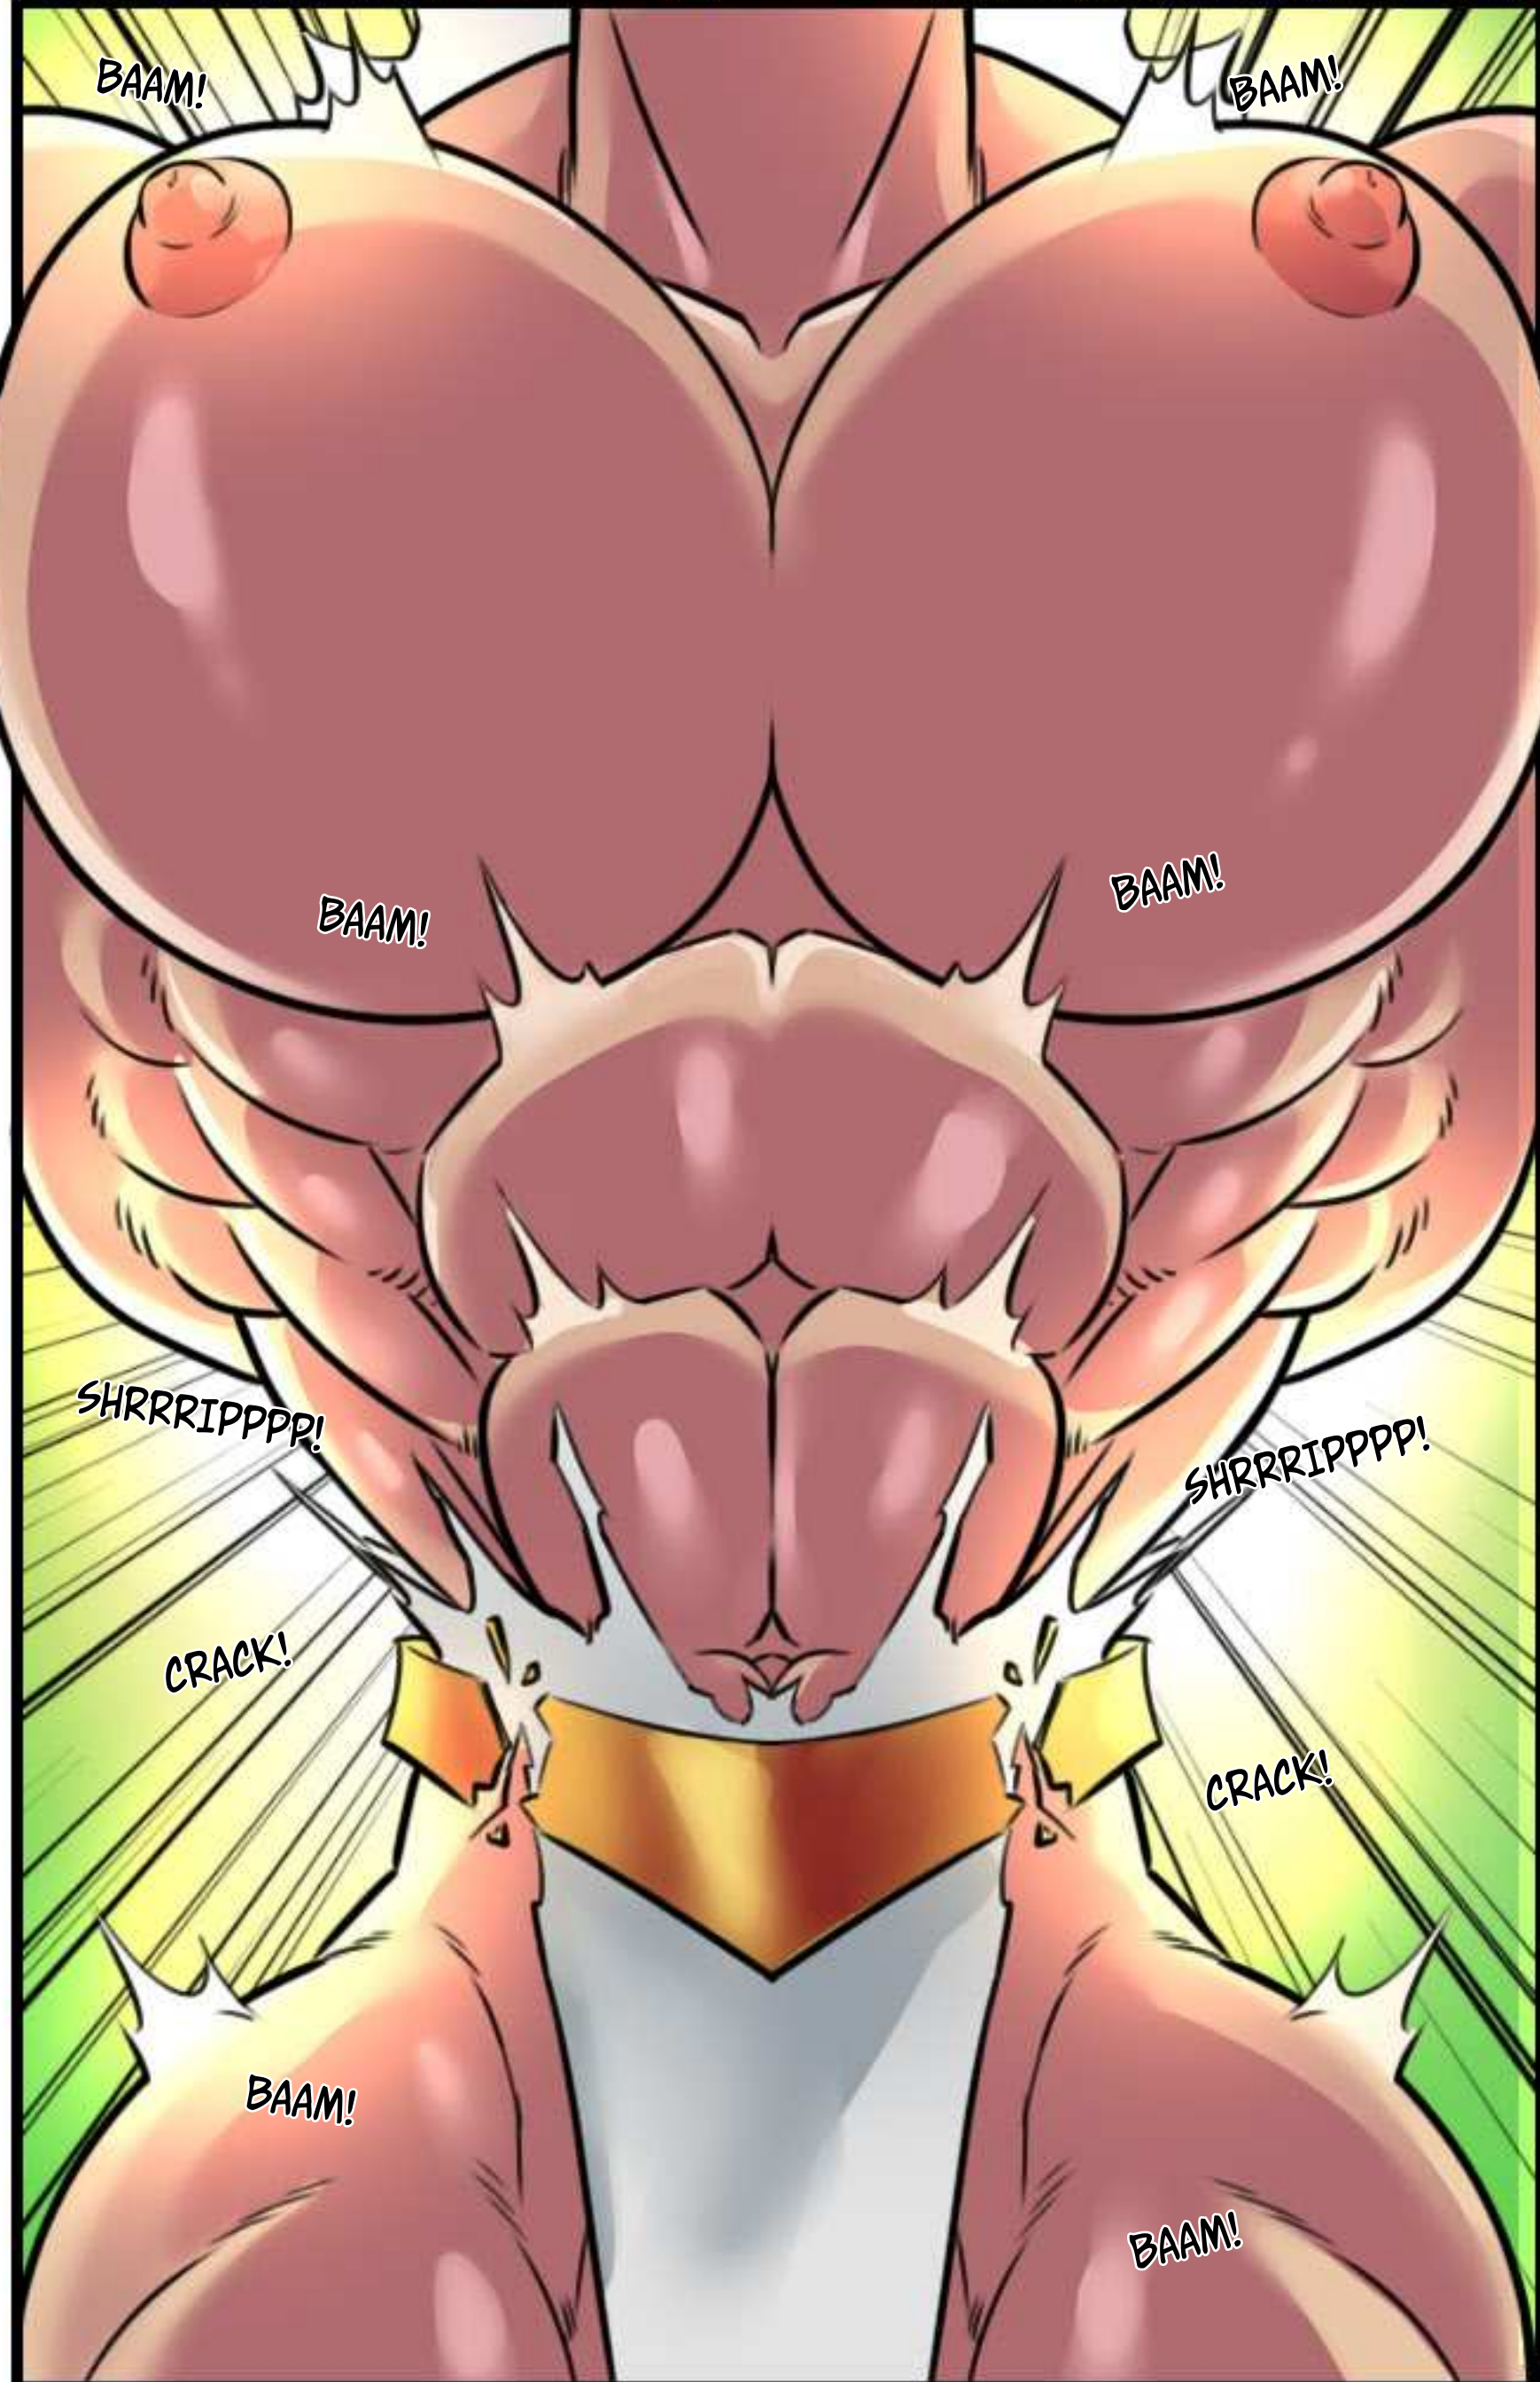

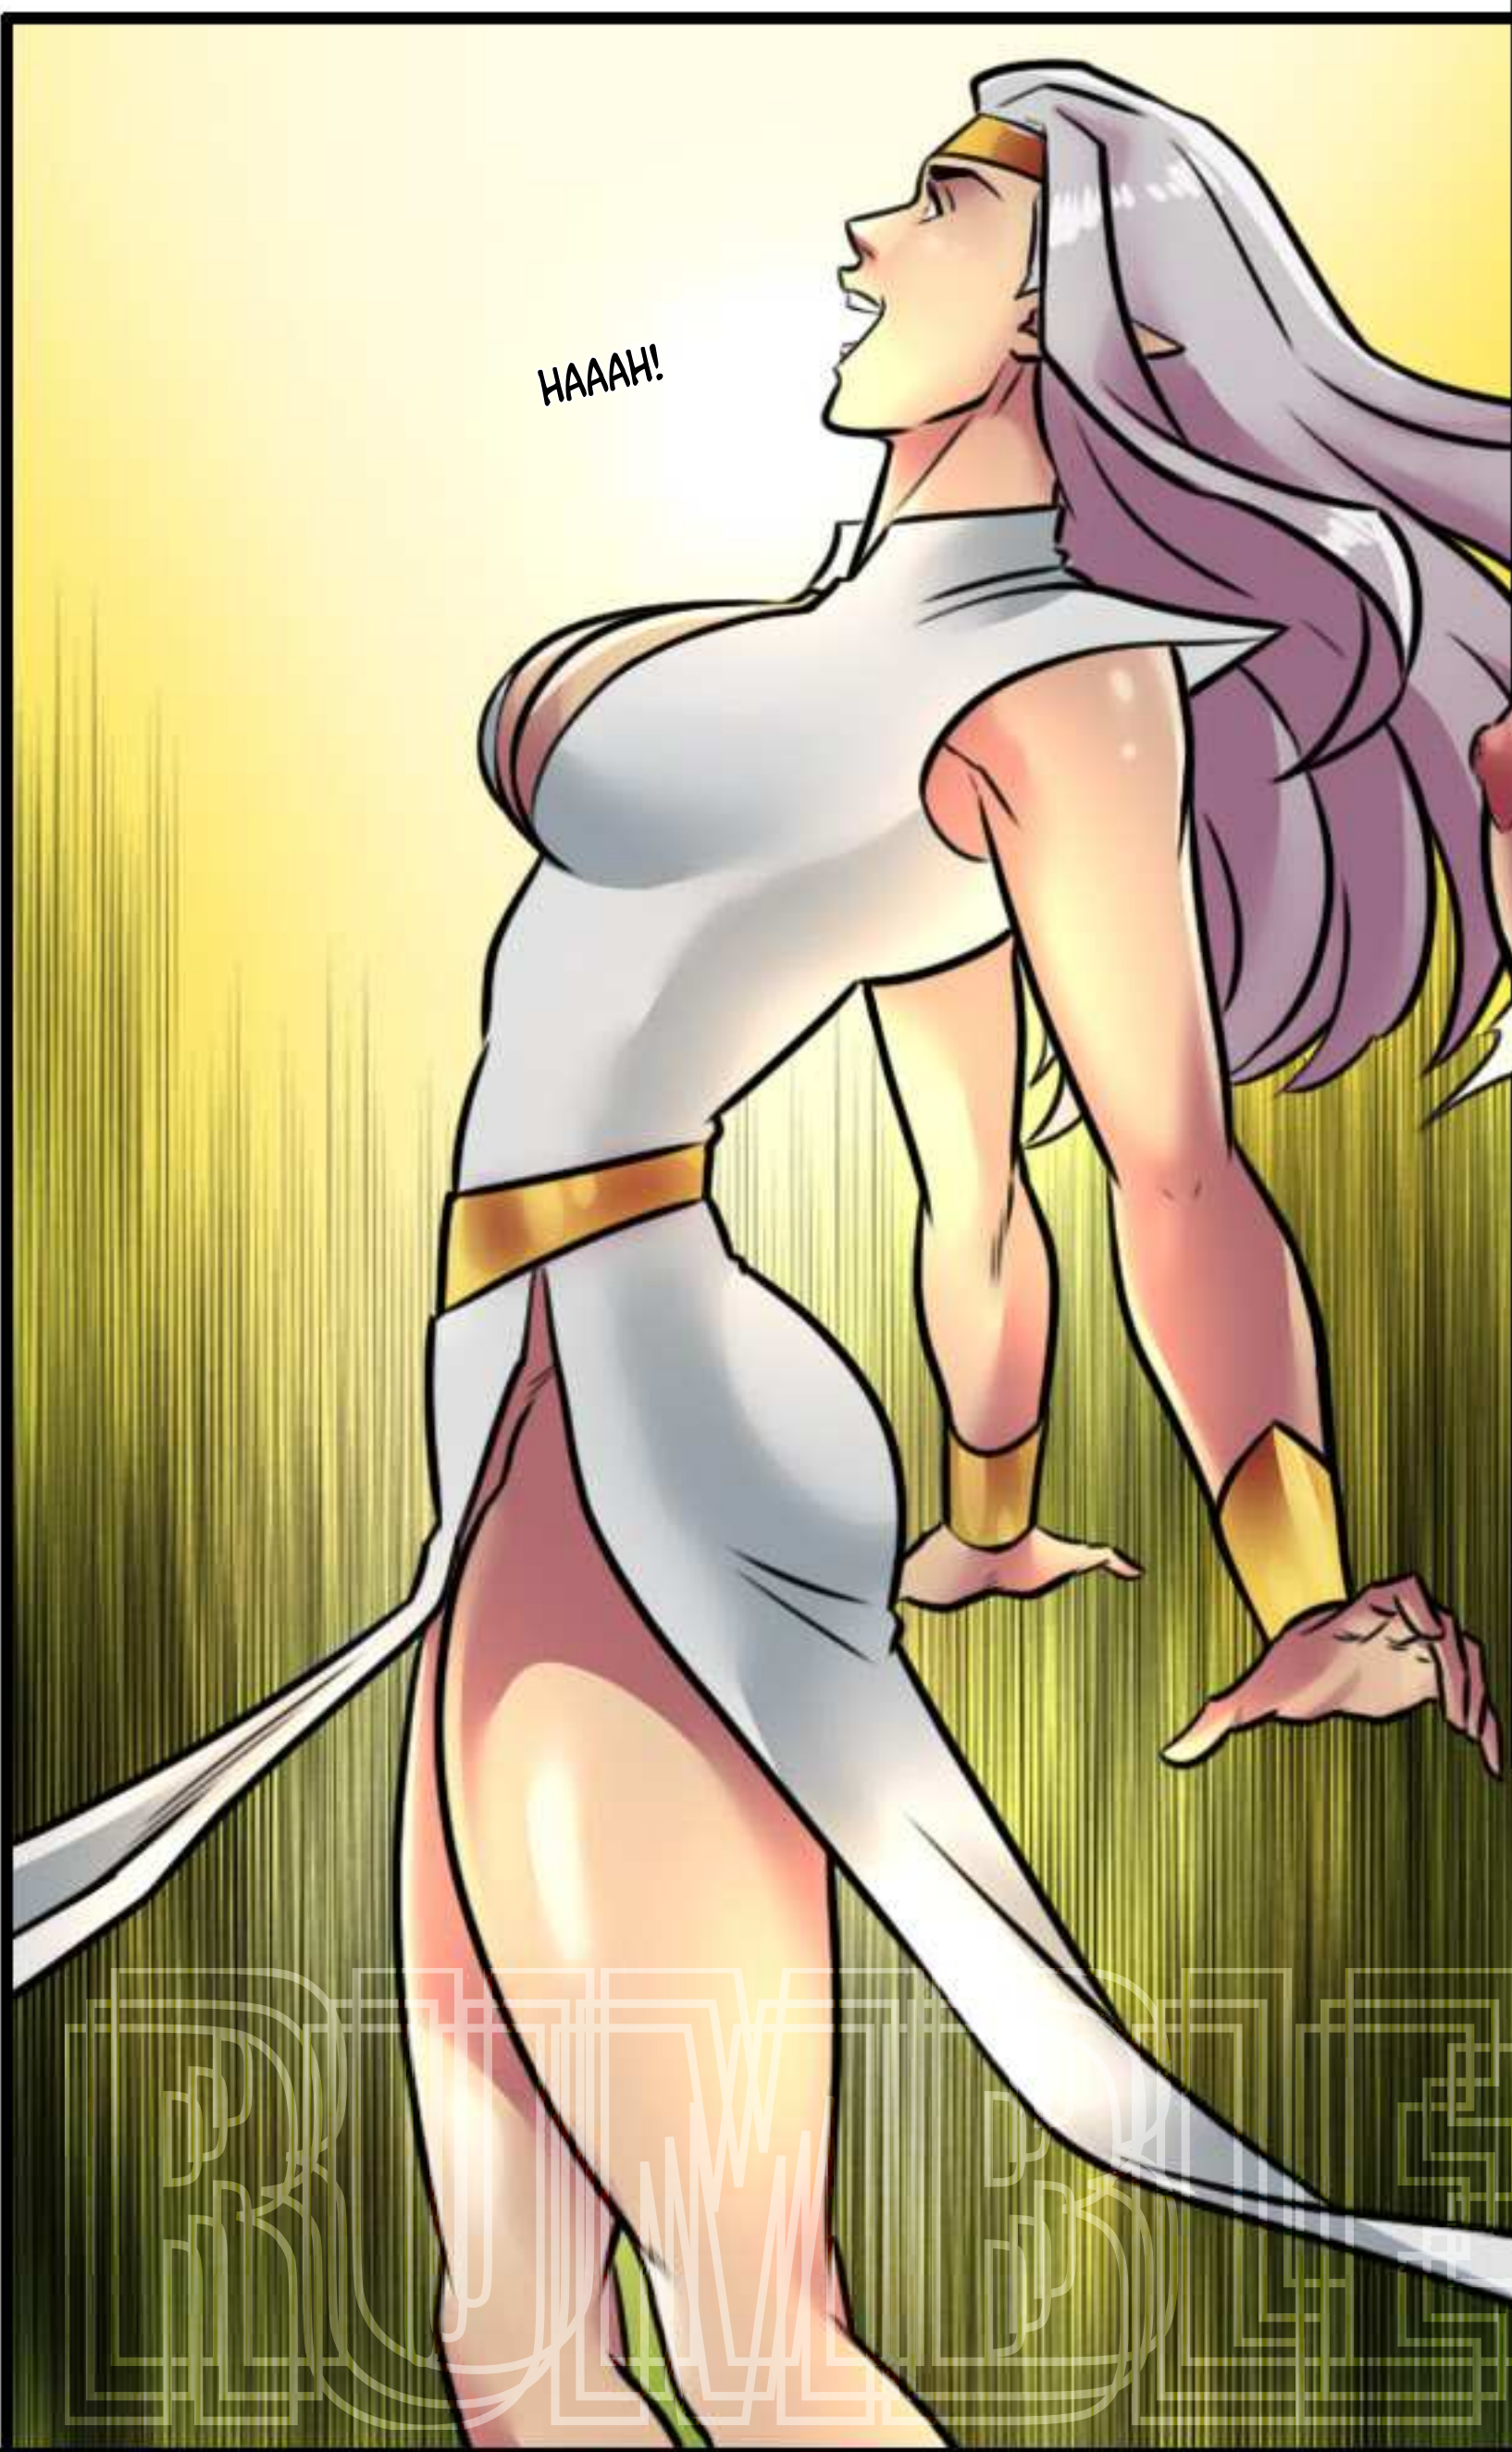

So uh... that happened right? I didn't imagine it?

I'm glowing! We all are!

Oh! I feel... strange...

So much power!
I can feel the elemental
forces of the universe inside
of me! It feels limitless!

HAHA! The power of my
spells has increased to unheard
of levels and I don't even need
to use a staff!

I'm so strong!
Look at how even steel
crumbles in my grip! I feel so
light too. Like I could walk
on clouds!

OH MY...
I really could walk on
clouds! I can fly!

Look at me!
My muscles are huge
and I'm so tall!

Big deal.
You're only about 5
feet tall now...

Come down here
and say that you
overgrown...

FFWOOOP!

WHOA!
What's happening?
I'm being pulled by
something!

HEY! I can move
things just by thinking
about it!

GRIP

Why you little...
Let go of me or I'll
break your...

What the...?
Where did... ?

Wow!
I can teleport too!
What can you do
Golda?

THOOOOOINN!

I'm not sure... I can't explain why, but I feel like nothing could harm me.

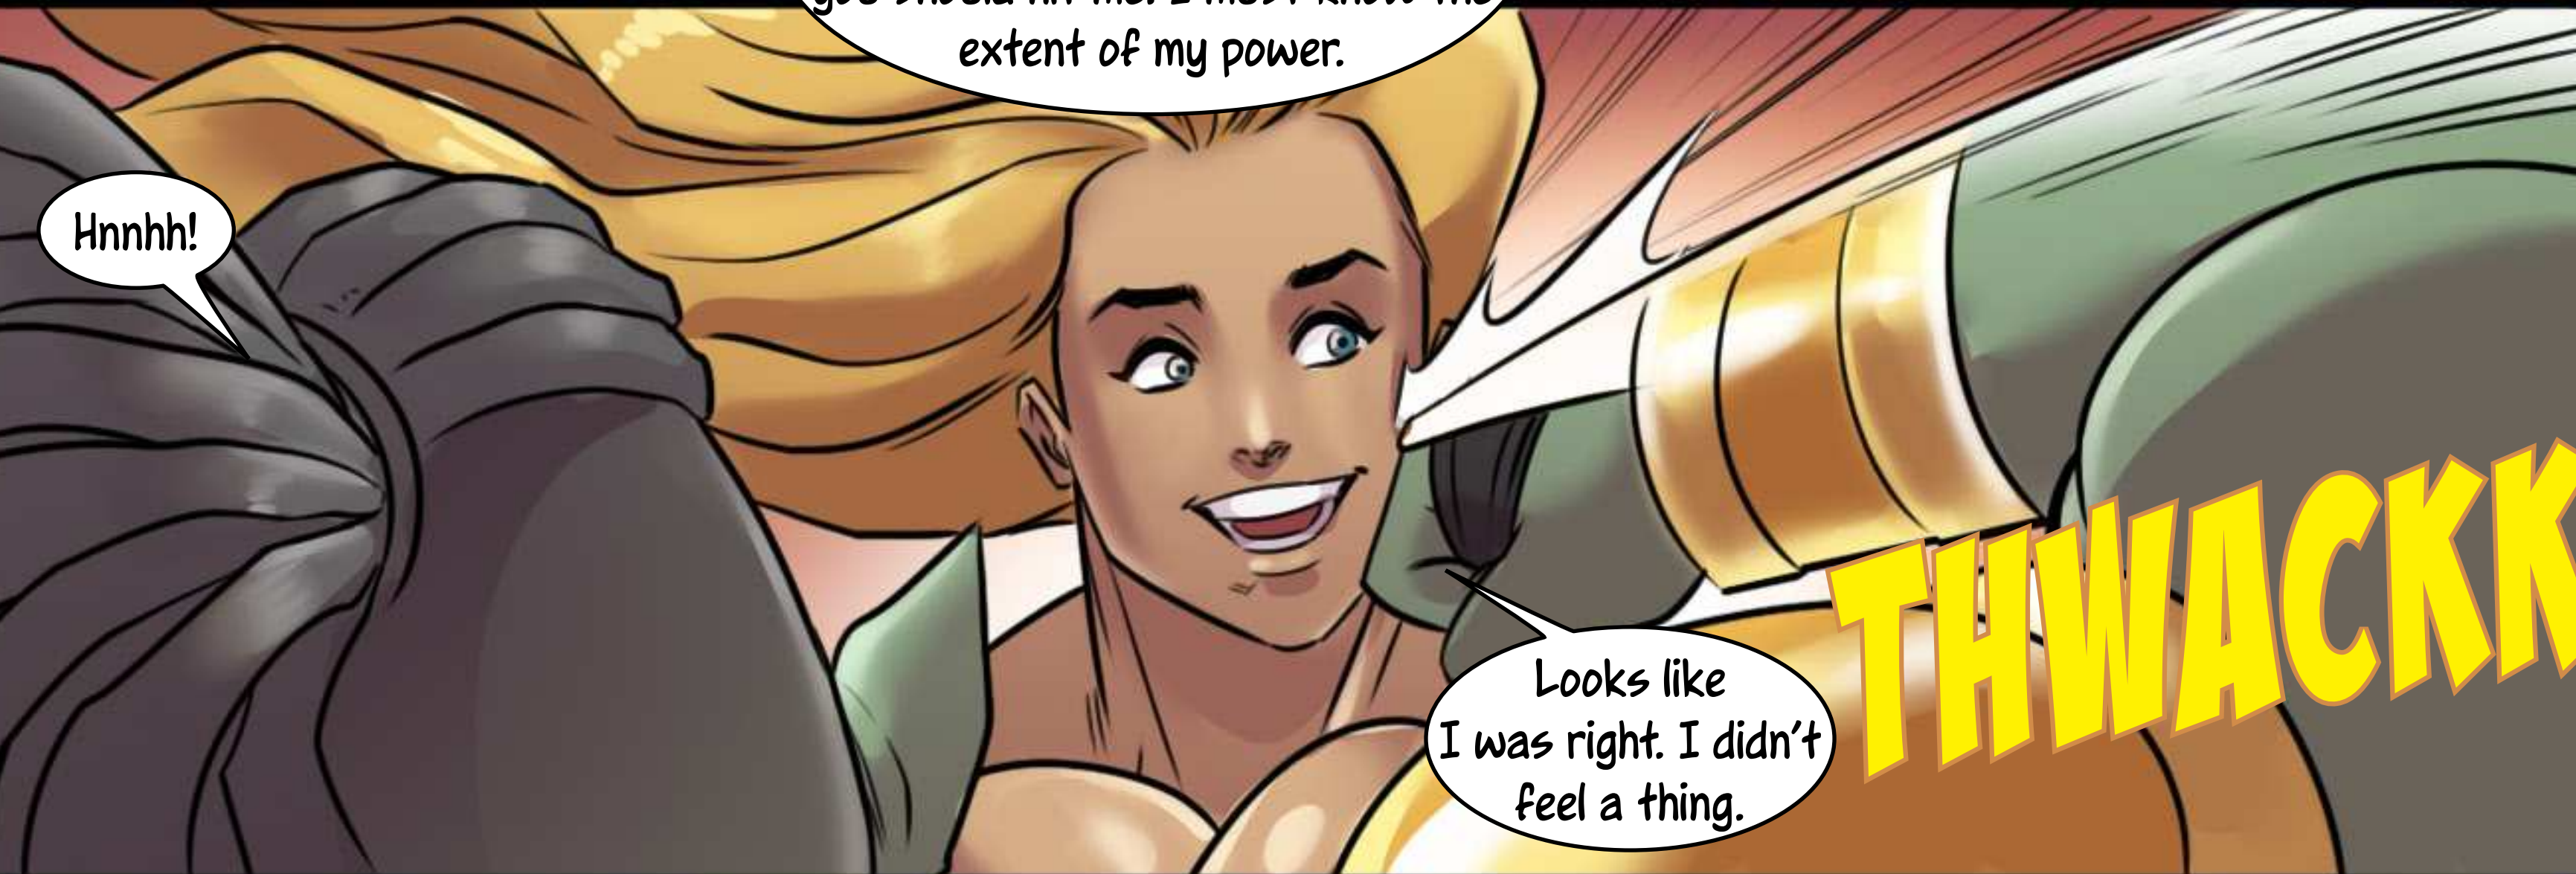

Let's test that out then!

Huh? You can teleport too?!?

ZWIIIPPP

No I moved out of the way on instinct! I seem to have super speed. Sorry, I do think you should hit me. I must know the extent of my power.

Hnnhh!

Looks like I was right. I didn't feel a thing.

THWACKK

But just to be sure... try one more time but don't hold back at all. Quaz if you'd be so kind as to try an attack spell on me as well.

If you die can I have your stuff?

Again... is she joking?

Well if you're sure then why not? I feel like I can barely contain my magic anyway.

CRACKLE
CRACKLE

This fire would melt stone!

OW! She's solid!
I put enough force into that one to knock down a mountain!

FROOSH

Is that all you've got?!

THOOM

I was right!
I am invincible!
Nothing can harm me in any way!

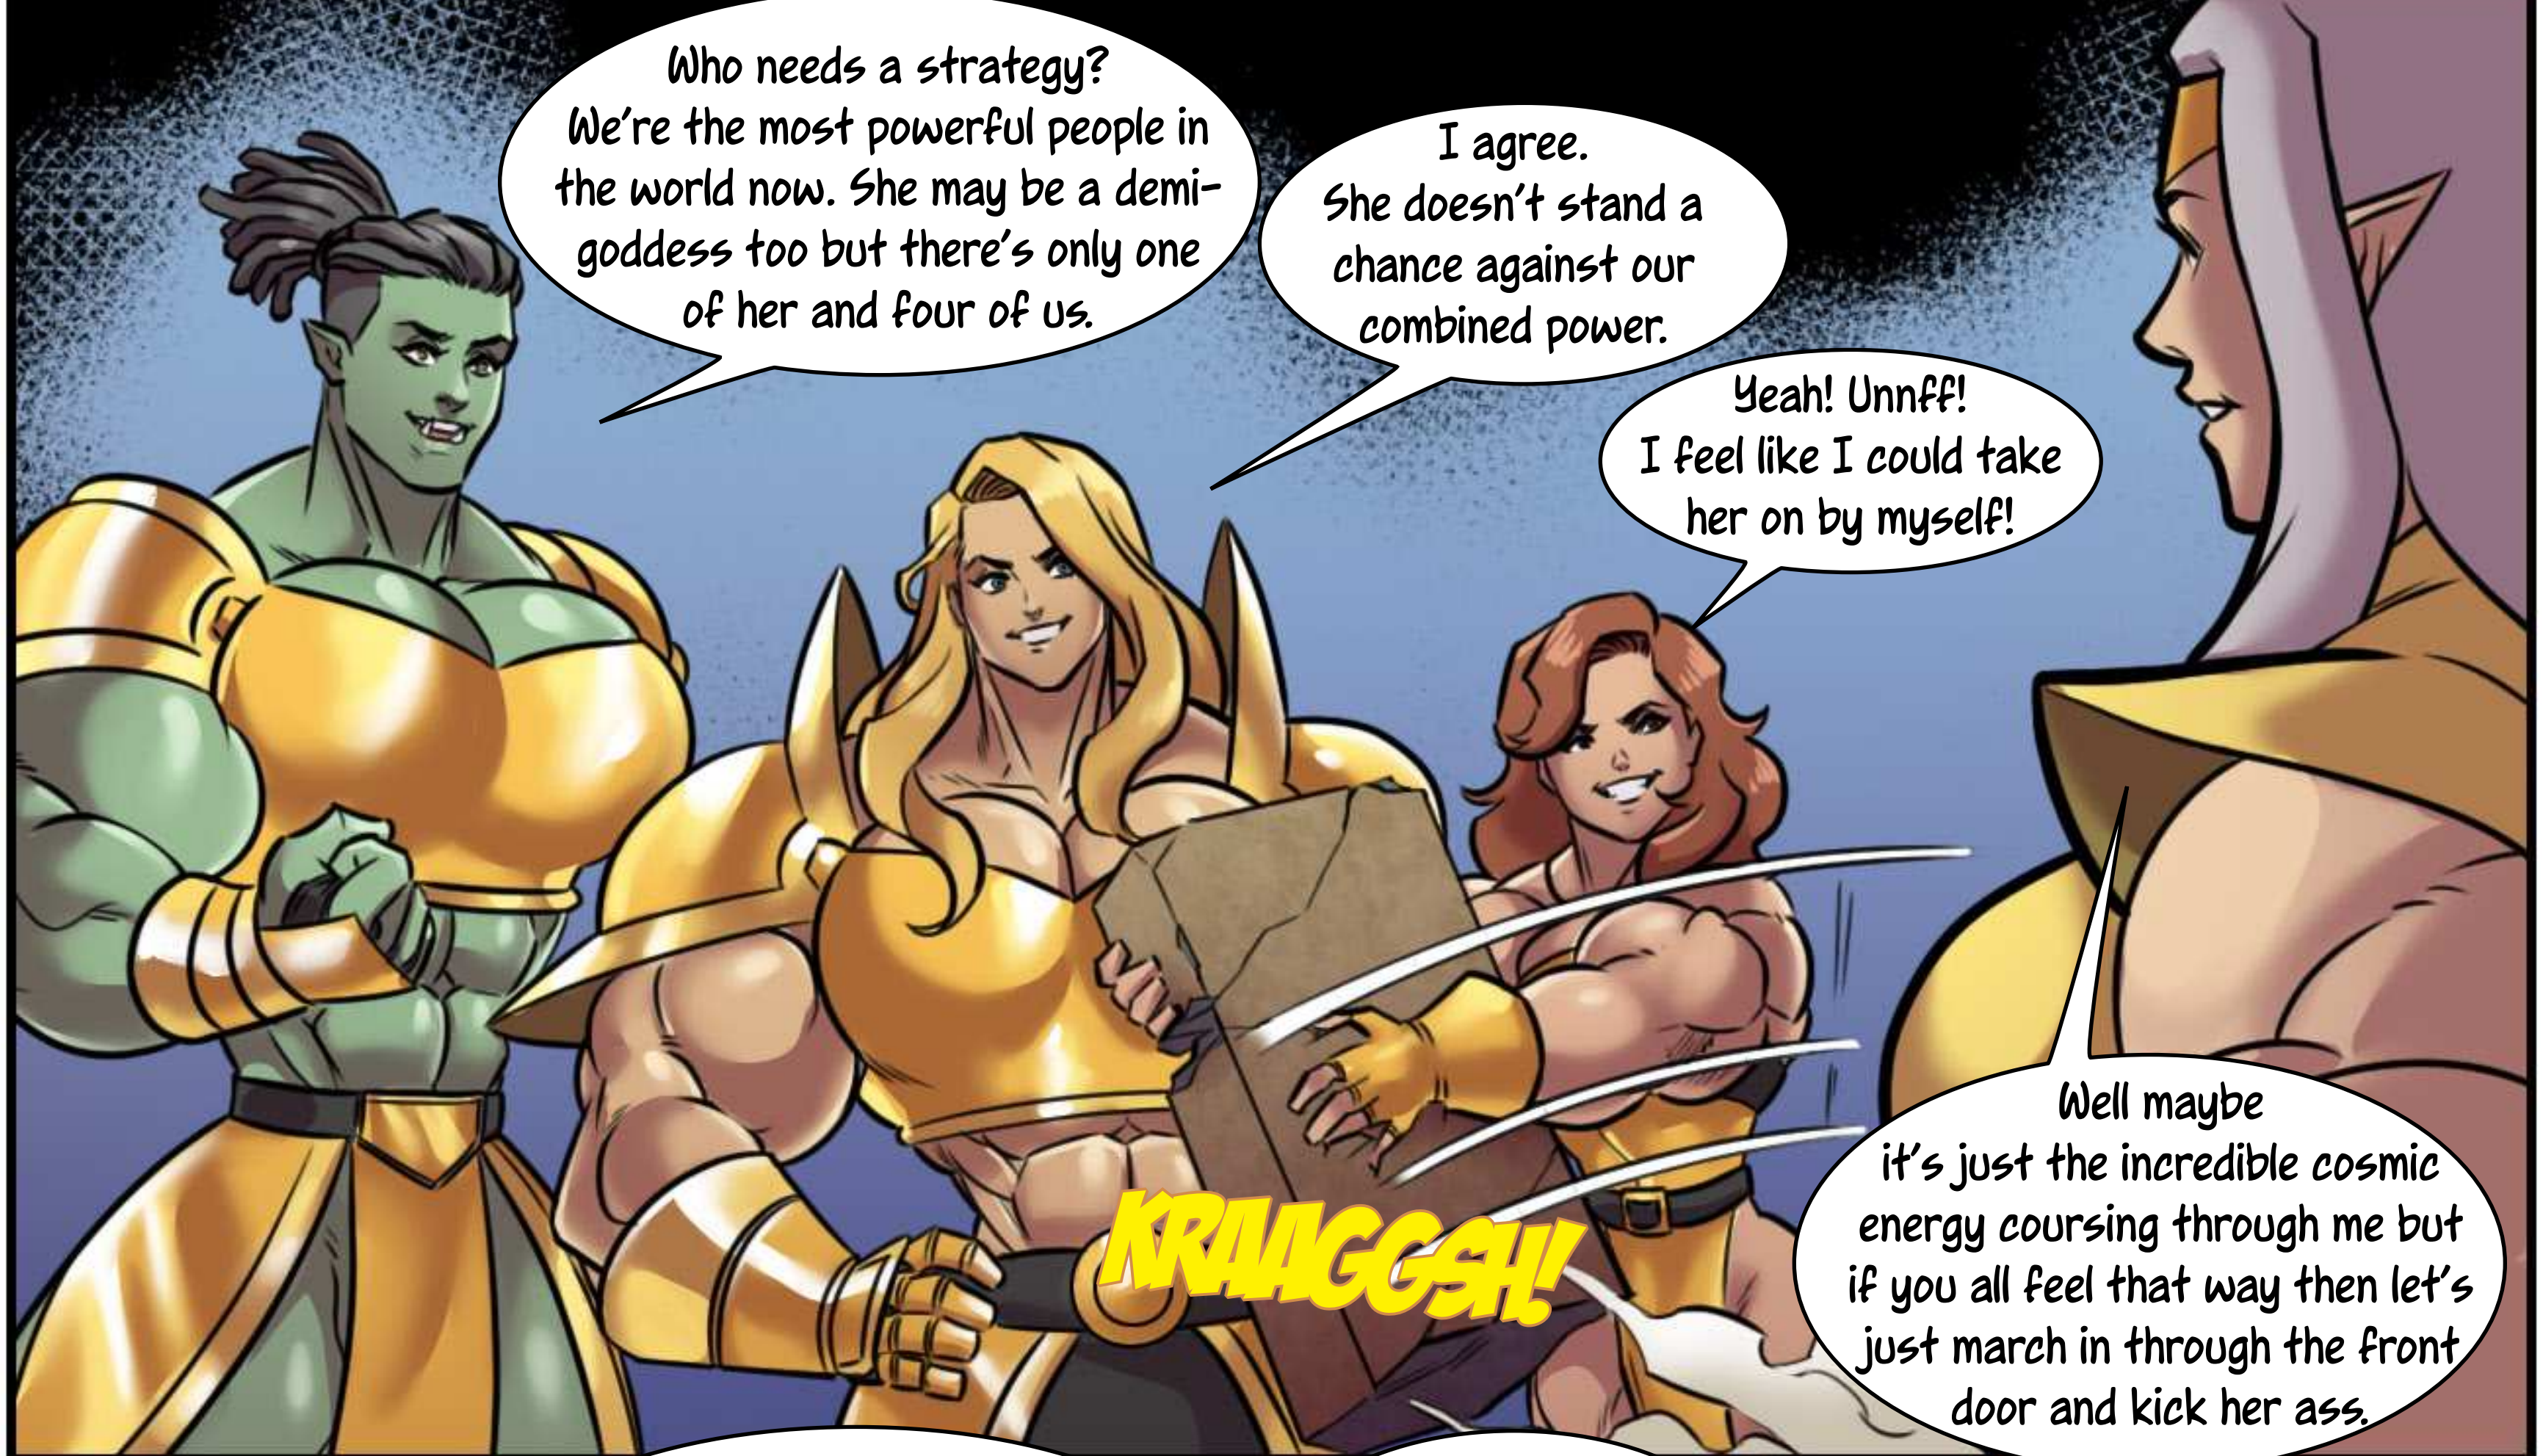

Uh... isn't modesty one of your four virtues?

Yes and I was being modest... I only stated fact.

Right. Now that the excitement of becoming demi-gods... er demi-goddesses... has died down a bit, let's come up with a strategy for taking on Zureel.

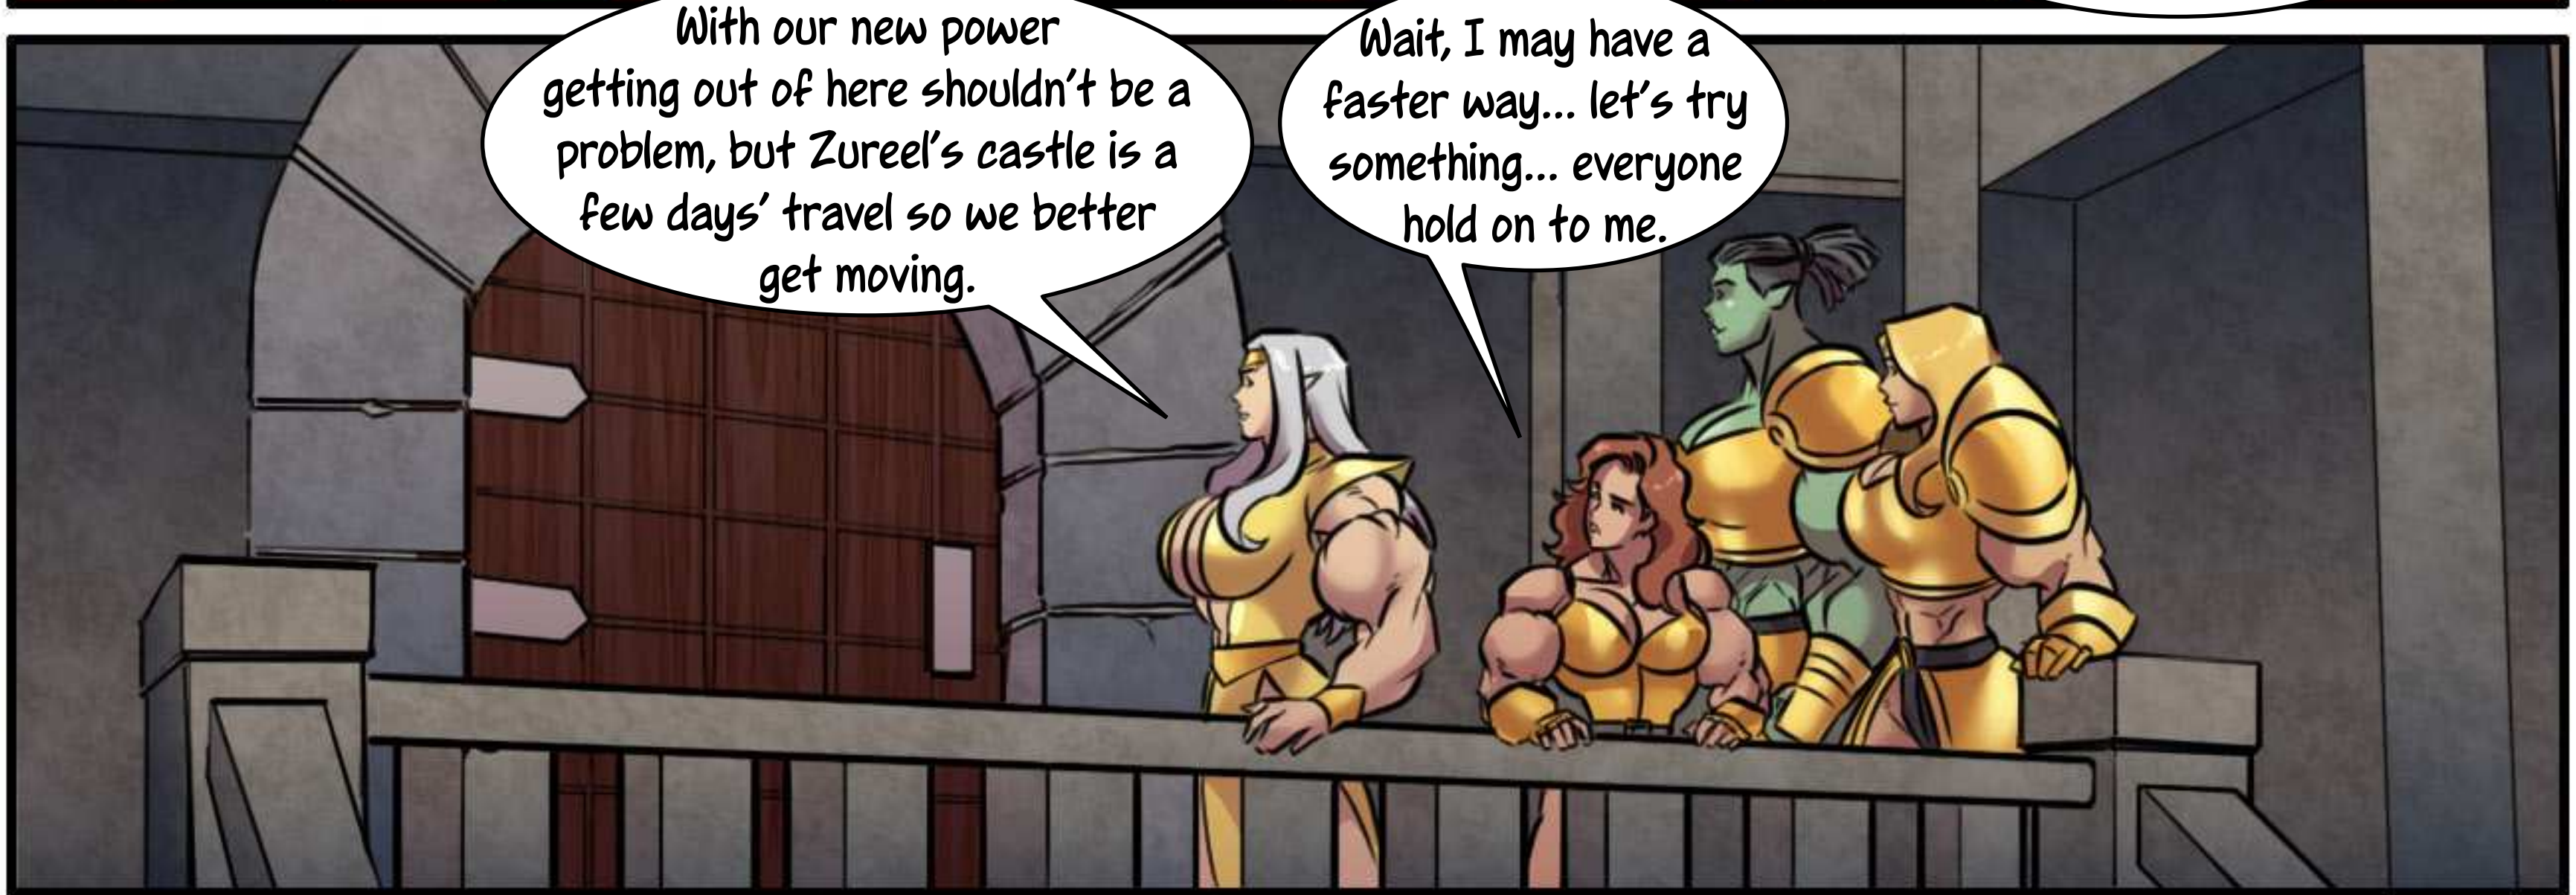

Who needs a strategy?
We're the most powerful people in
the world now. She may be a demi-
goddess too but there's only one
of her and four of us.

I agree.
She doesn't stand a
chance against our
combined power.

Yeah! Unfff!
I feel like I could take
her on by myself!

Well maybe
it's just the incredible cosmic
energy coursing through me but
if you all feel that way then let's
just march in through the front
door and kick her ass.

With our new power
getting out of here shouldn't be a
problem, but Zureel's castle is a
few days' travel so we better
get moving.

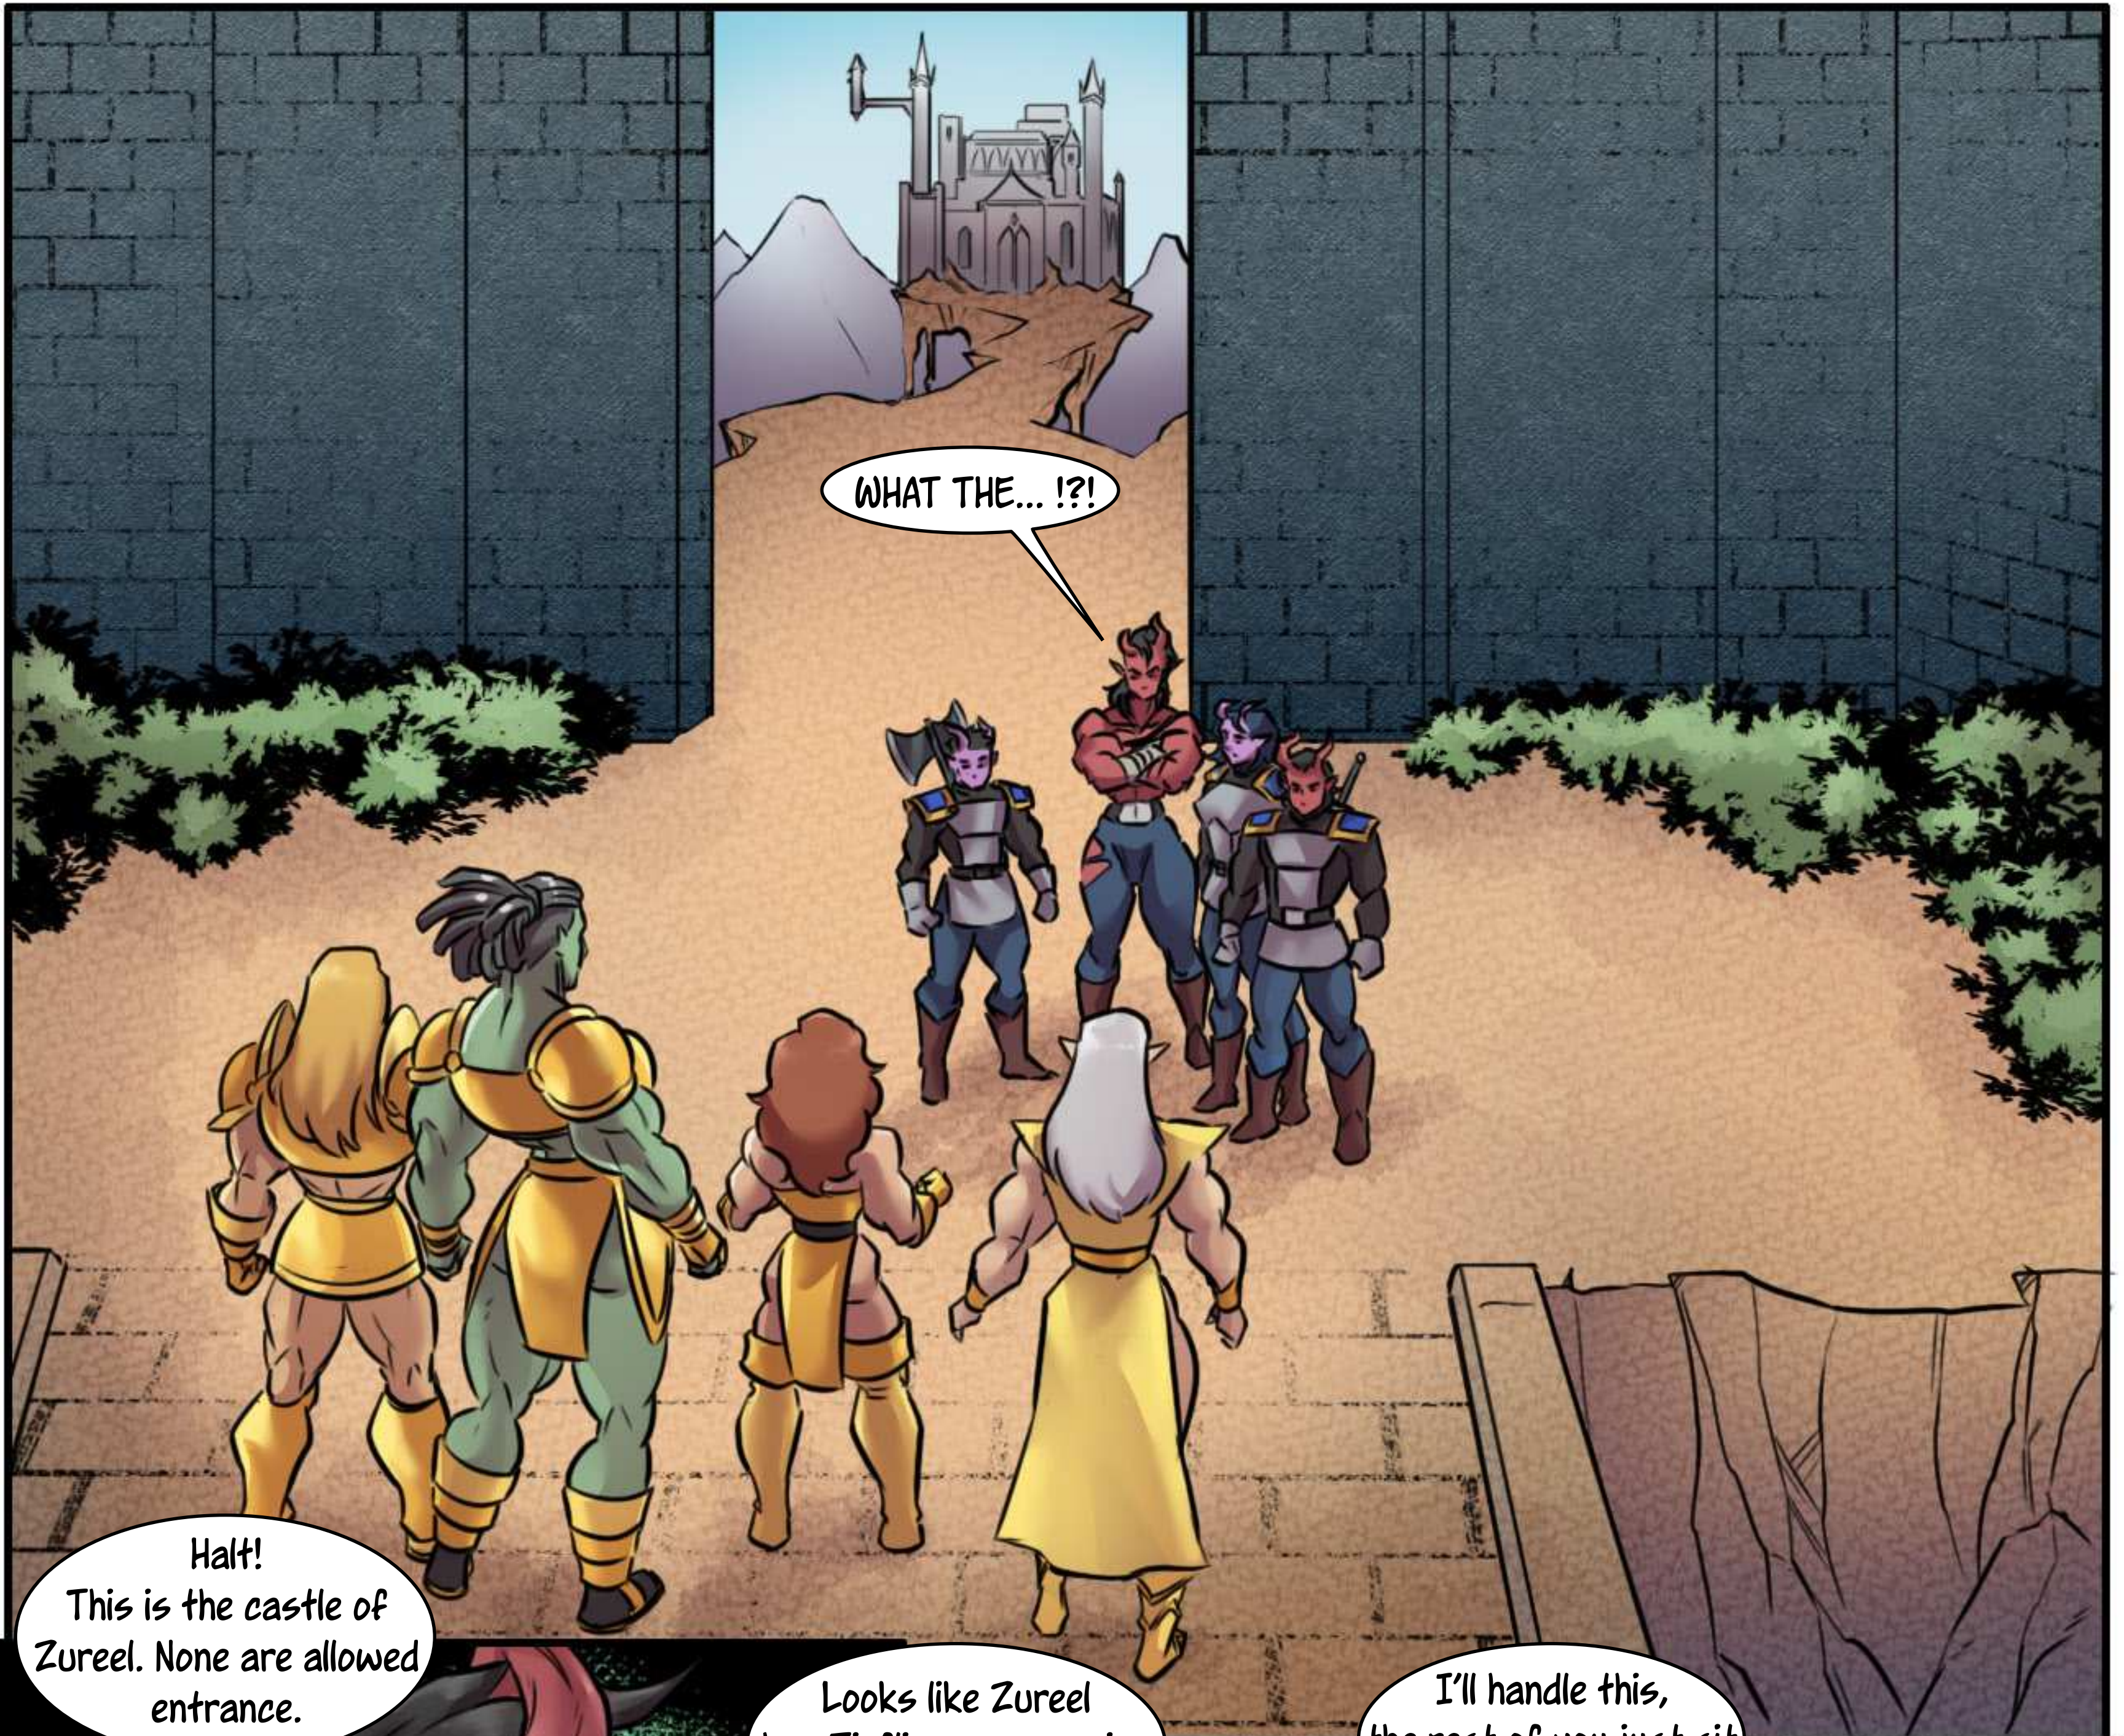

Wait, I may have a
faster way... let's try
something... everyone
hold on to me.

Here goes...

ZWOOOMM

WHAT THE... !?!

Halt!
This is the castle of
Zureel. None are allowed
entrance.

Looks like Zureel
has Tiefling mercenaries
working for her.

I'll handle this,
the rest of you just sit
back and relax.

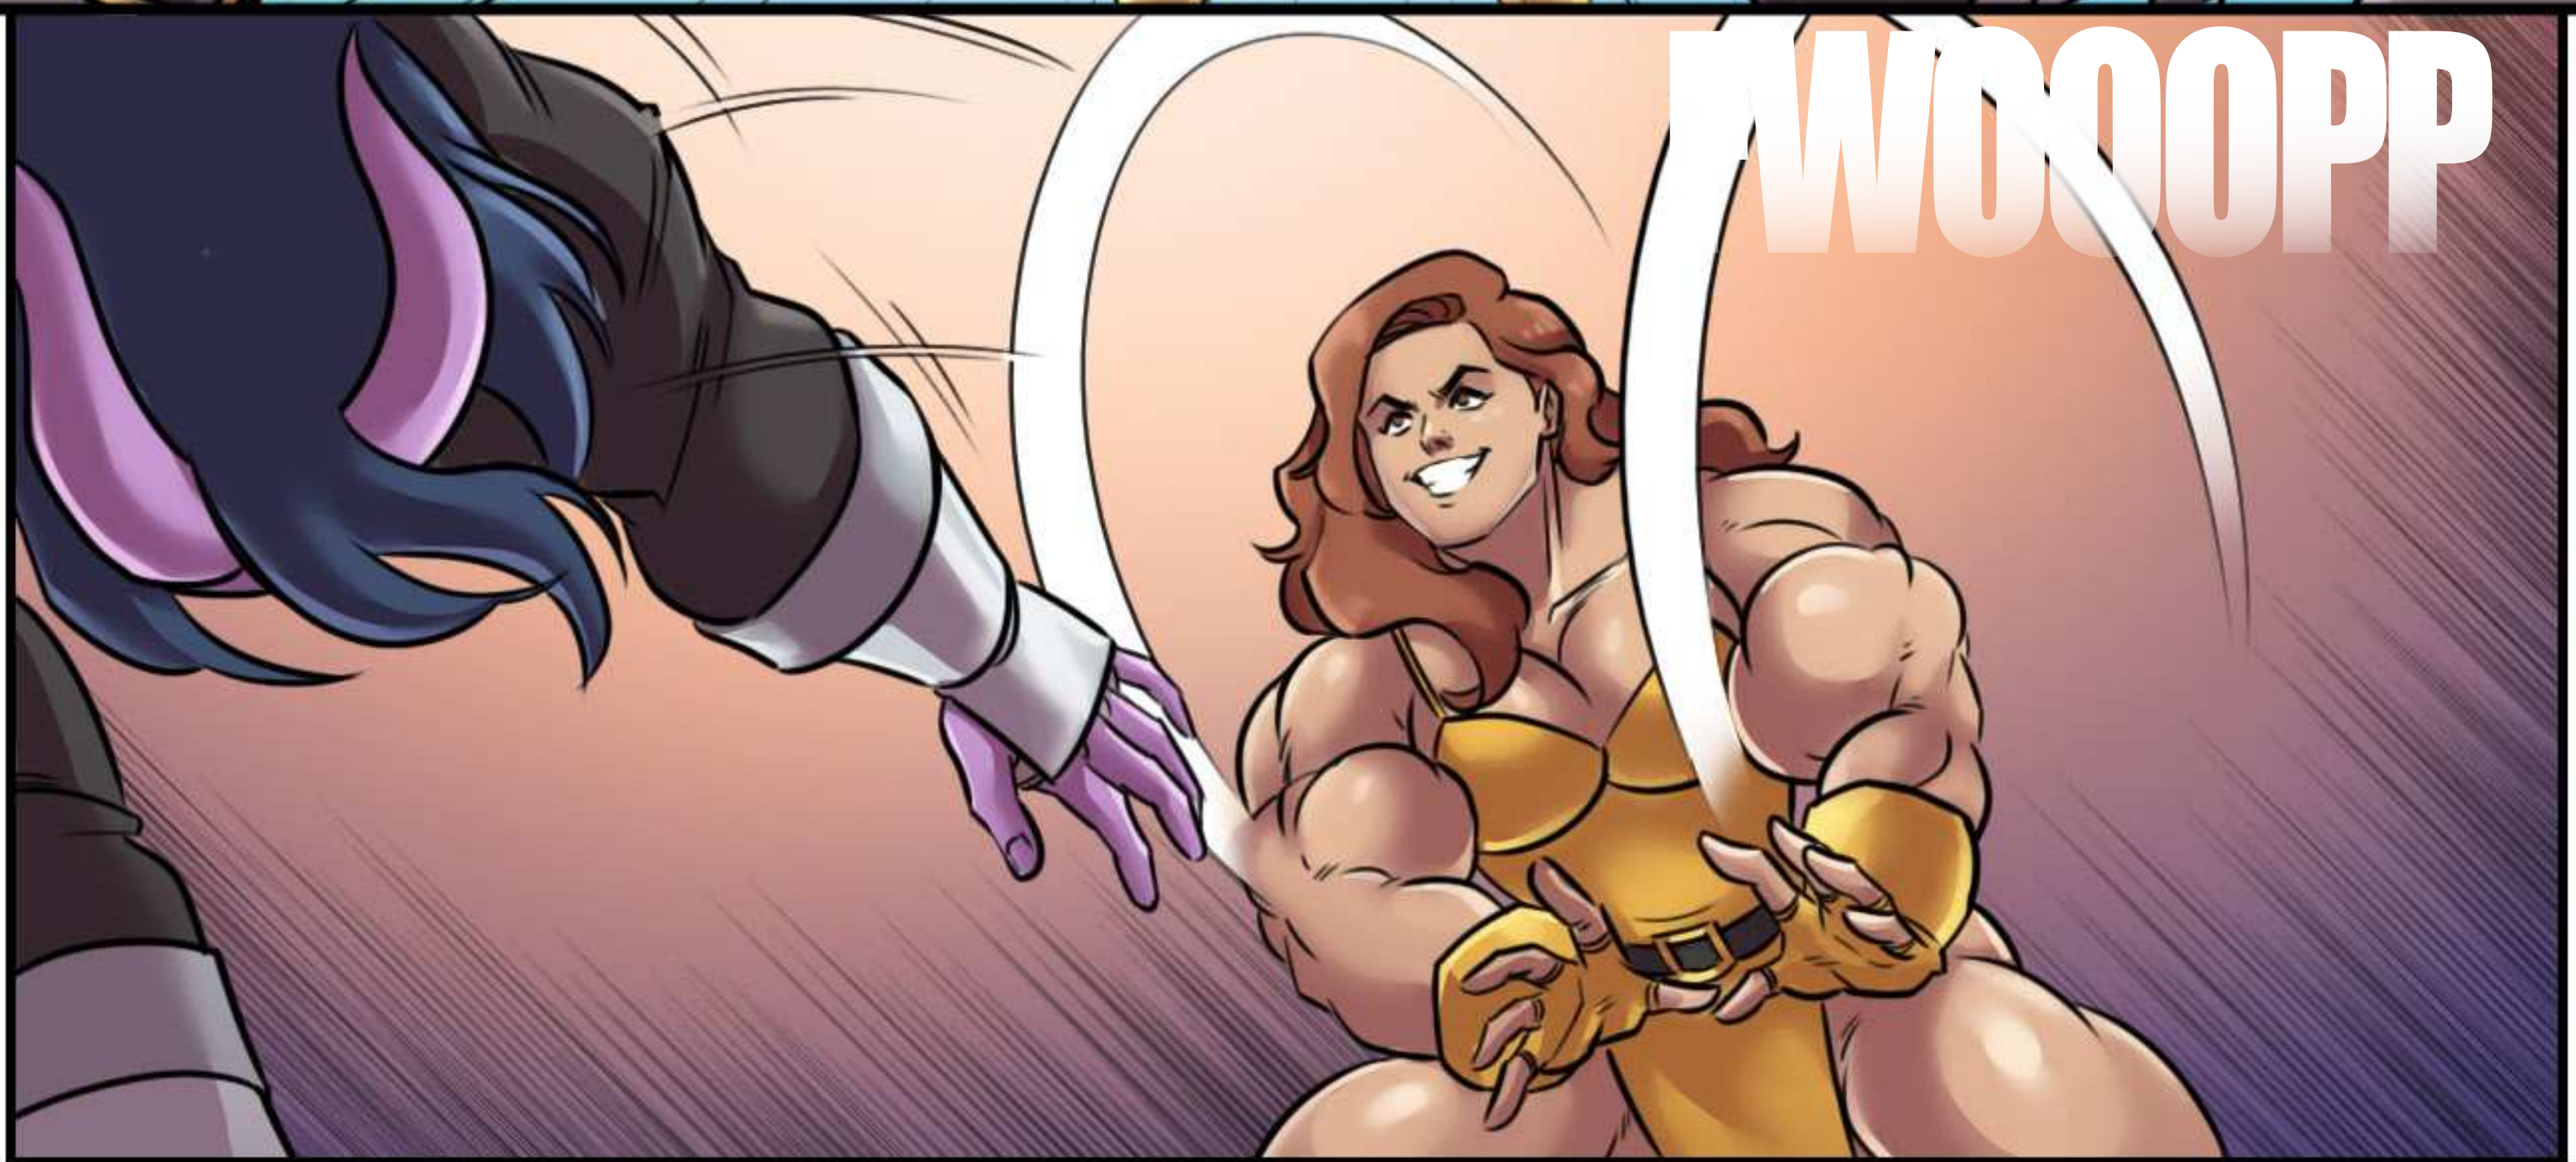

Back off
shorty before
I...

Ugghhhh!!!!
