DEPT COLONY SECUR

I am an Amazon!

Amazon Bitch!

Look at me,
not at
the boss!

You are a strong
opponent but
I am an Amazon!

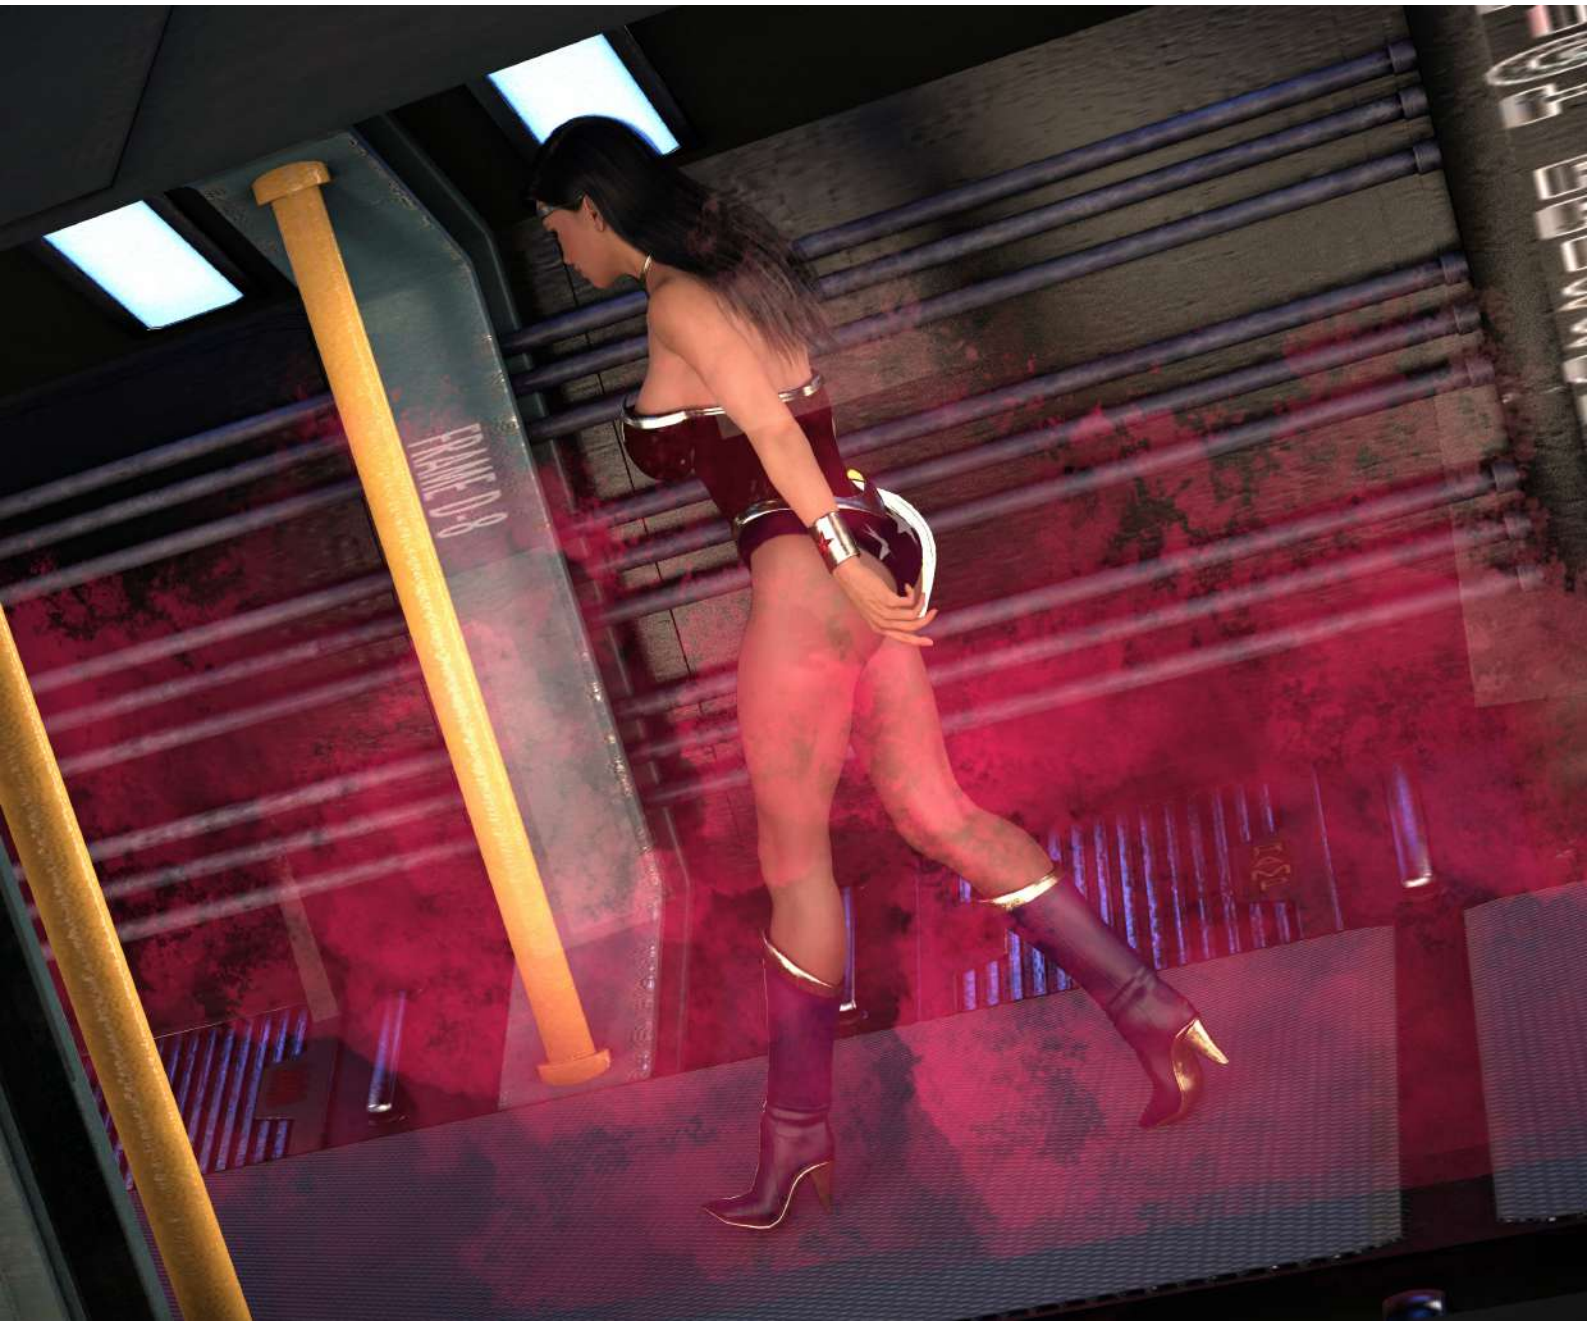

AAAH...GRRR...
Amazons bitch!
You haven't
defeated me yet.

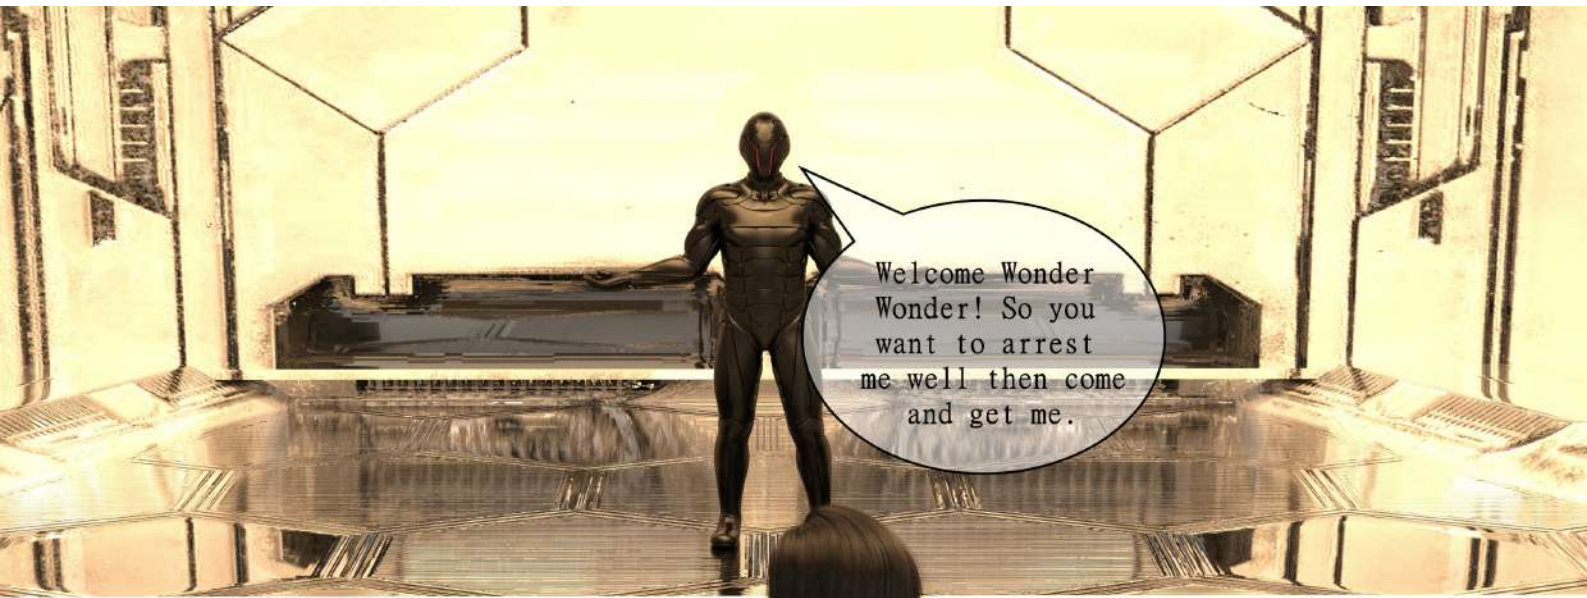

You were a
good fighter
for a mortal!

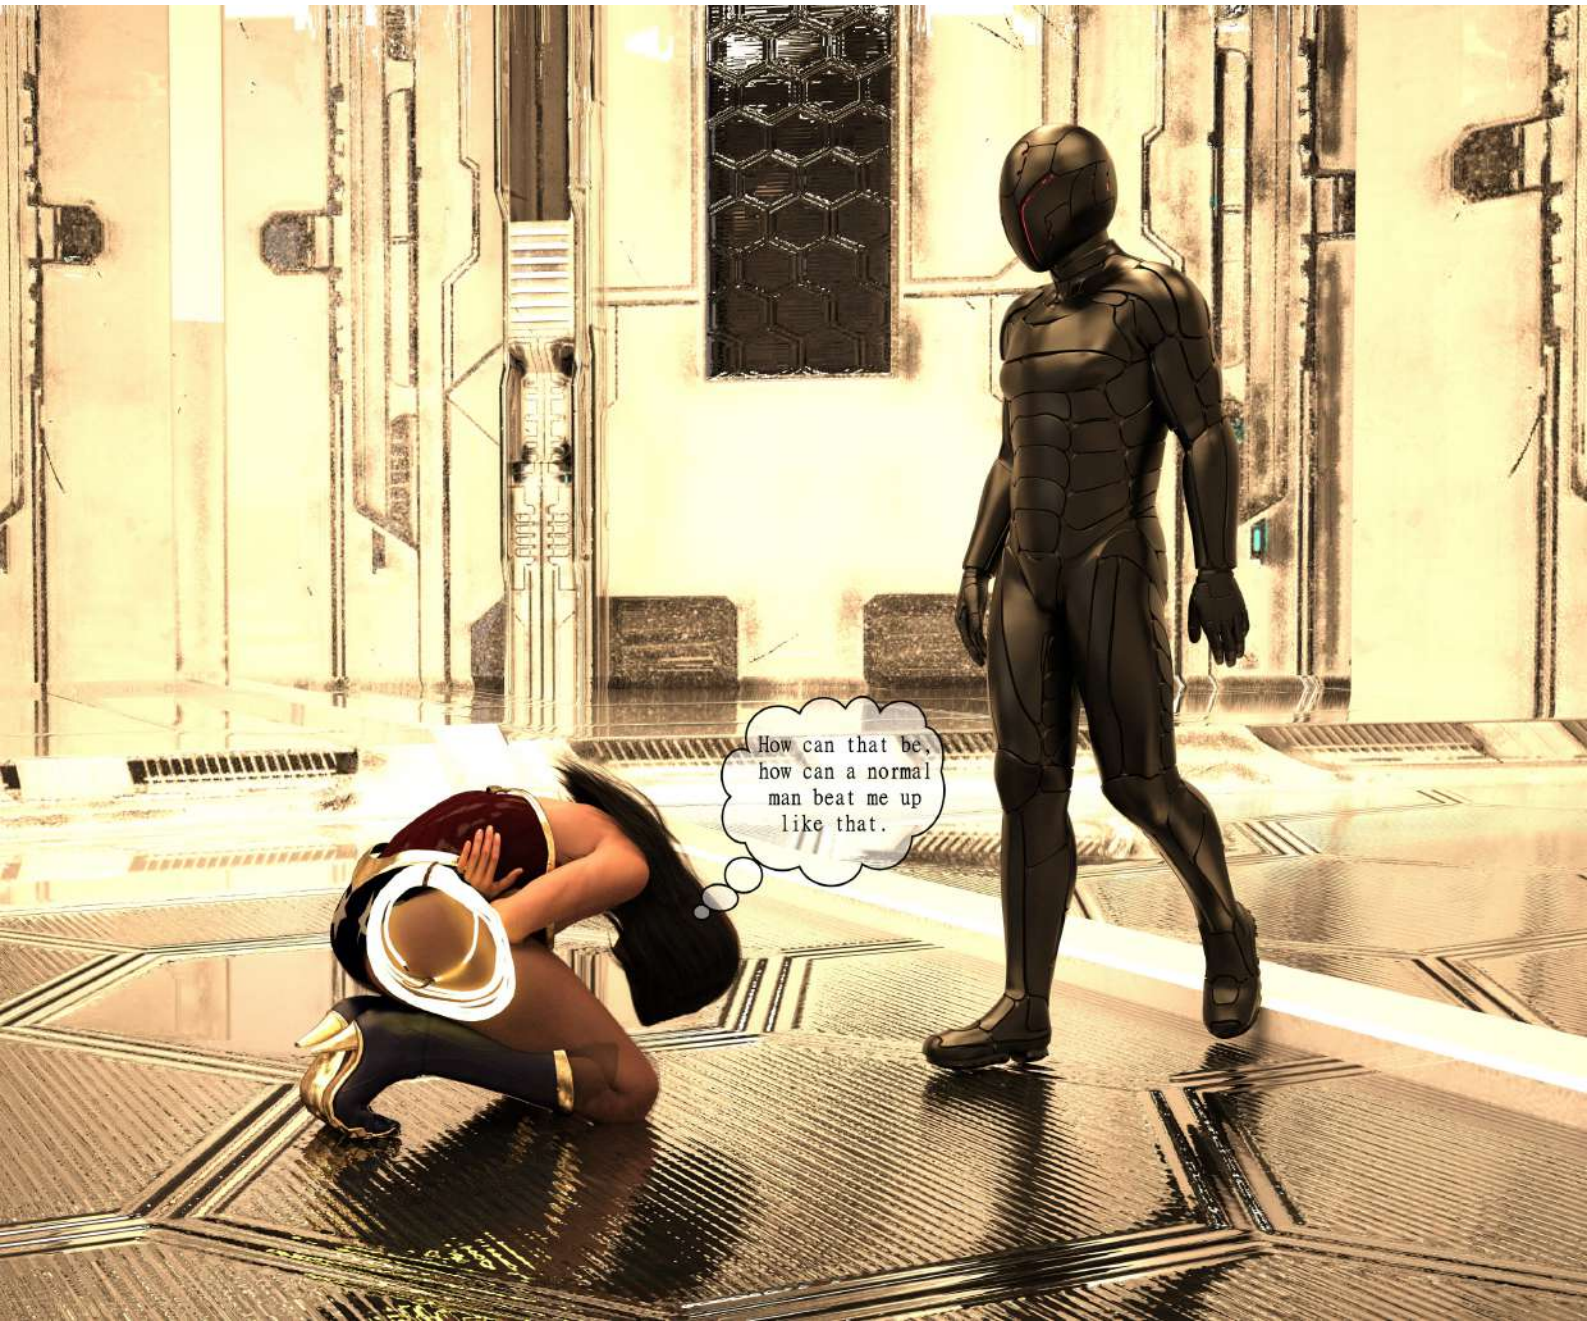

Nice there aren't many people who can block my kick.

Is that all you can do.

UFFF!!

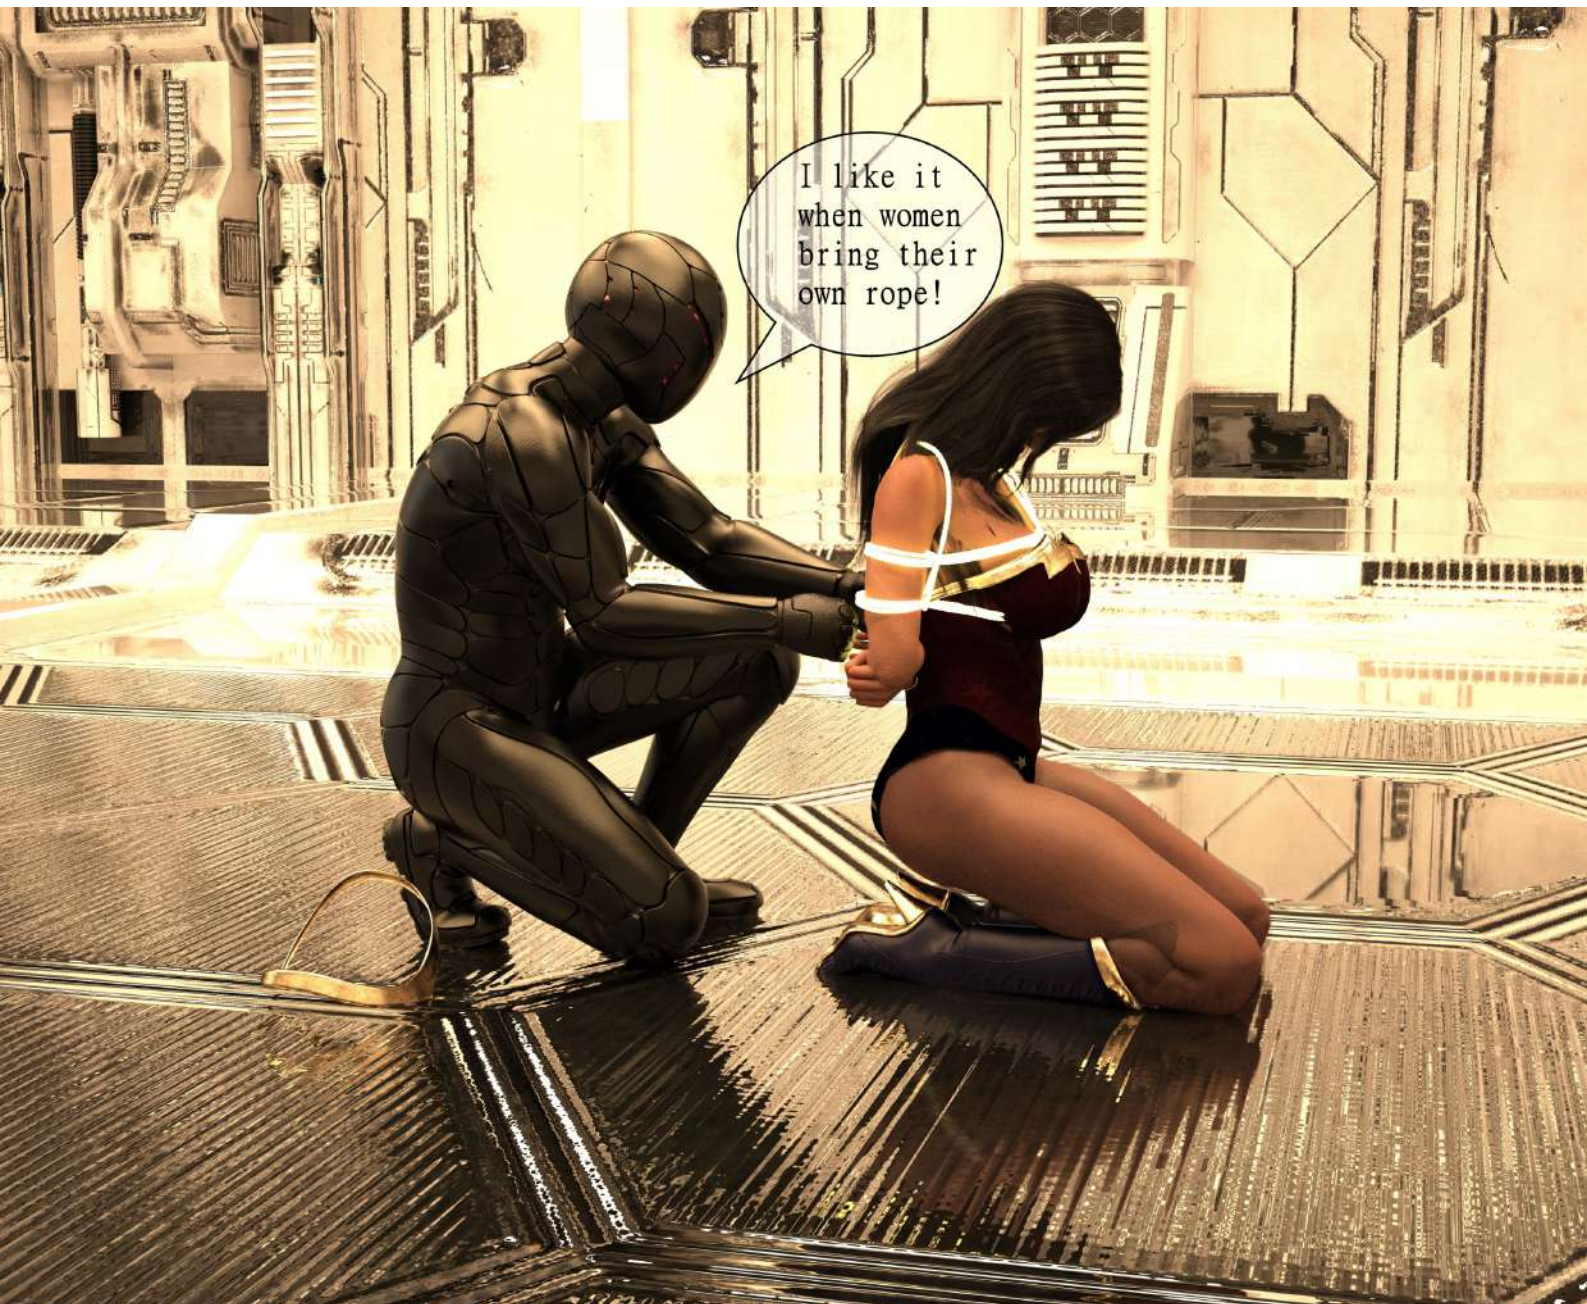

I'll show you
how to do that.

Let me finish
this little
game!

AAAHH!

I like it
when women
bring their
own rope!

No never! I am an Amazon and not a slave I will never serve you.

No, that is not true!

AAAH ... my hair!

Now my little amazon your days as a heroine are over, you will serve me as a slave and with your help I will enslave the whole people of the amazons

You are nothing but a horny slut who spreads her legs for everyone to penetrate you.

My little amazon you gave me a good fight but now it's time for a little nap before your new life as a slave (sex toy) of the boss begins.

MMMMM...MM..
MMMMM

Henchman # 5

Now our little amazon who gave me a good fight now sleeps like a little baby (grinning) Now she just has to get out of her clothes and we can see how god made her.

We'll take it and bring it to its new room undress it while our little angel is still sleeping

Yes boss!

I take off the anti-hero combat suit and then come to you.

And take off her clothes and fasten them in the Forced Tower

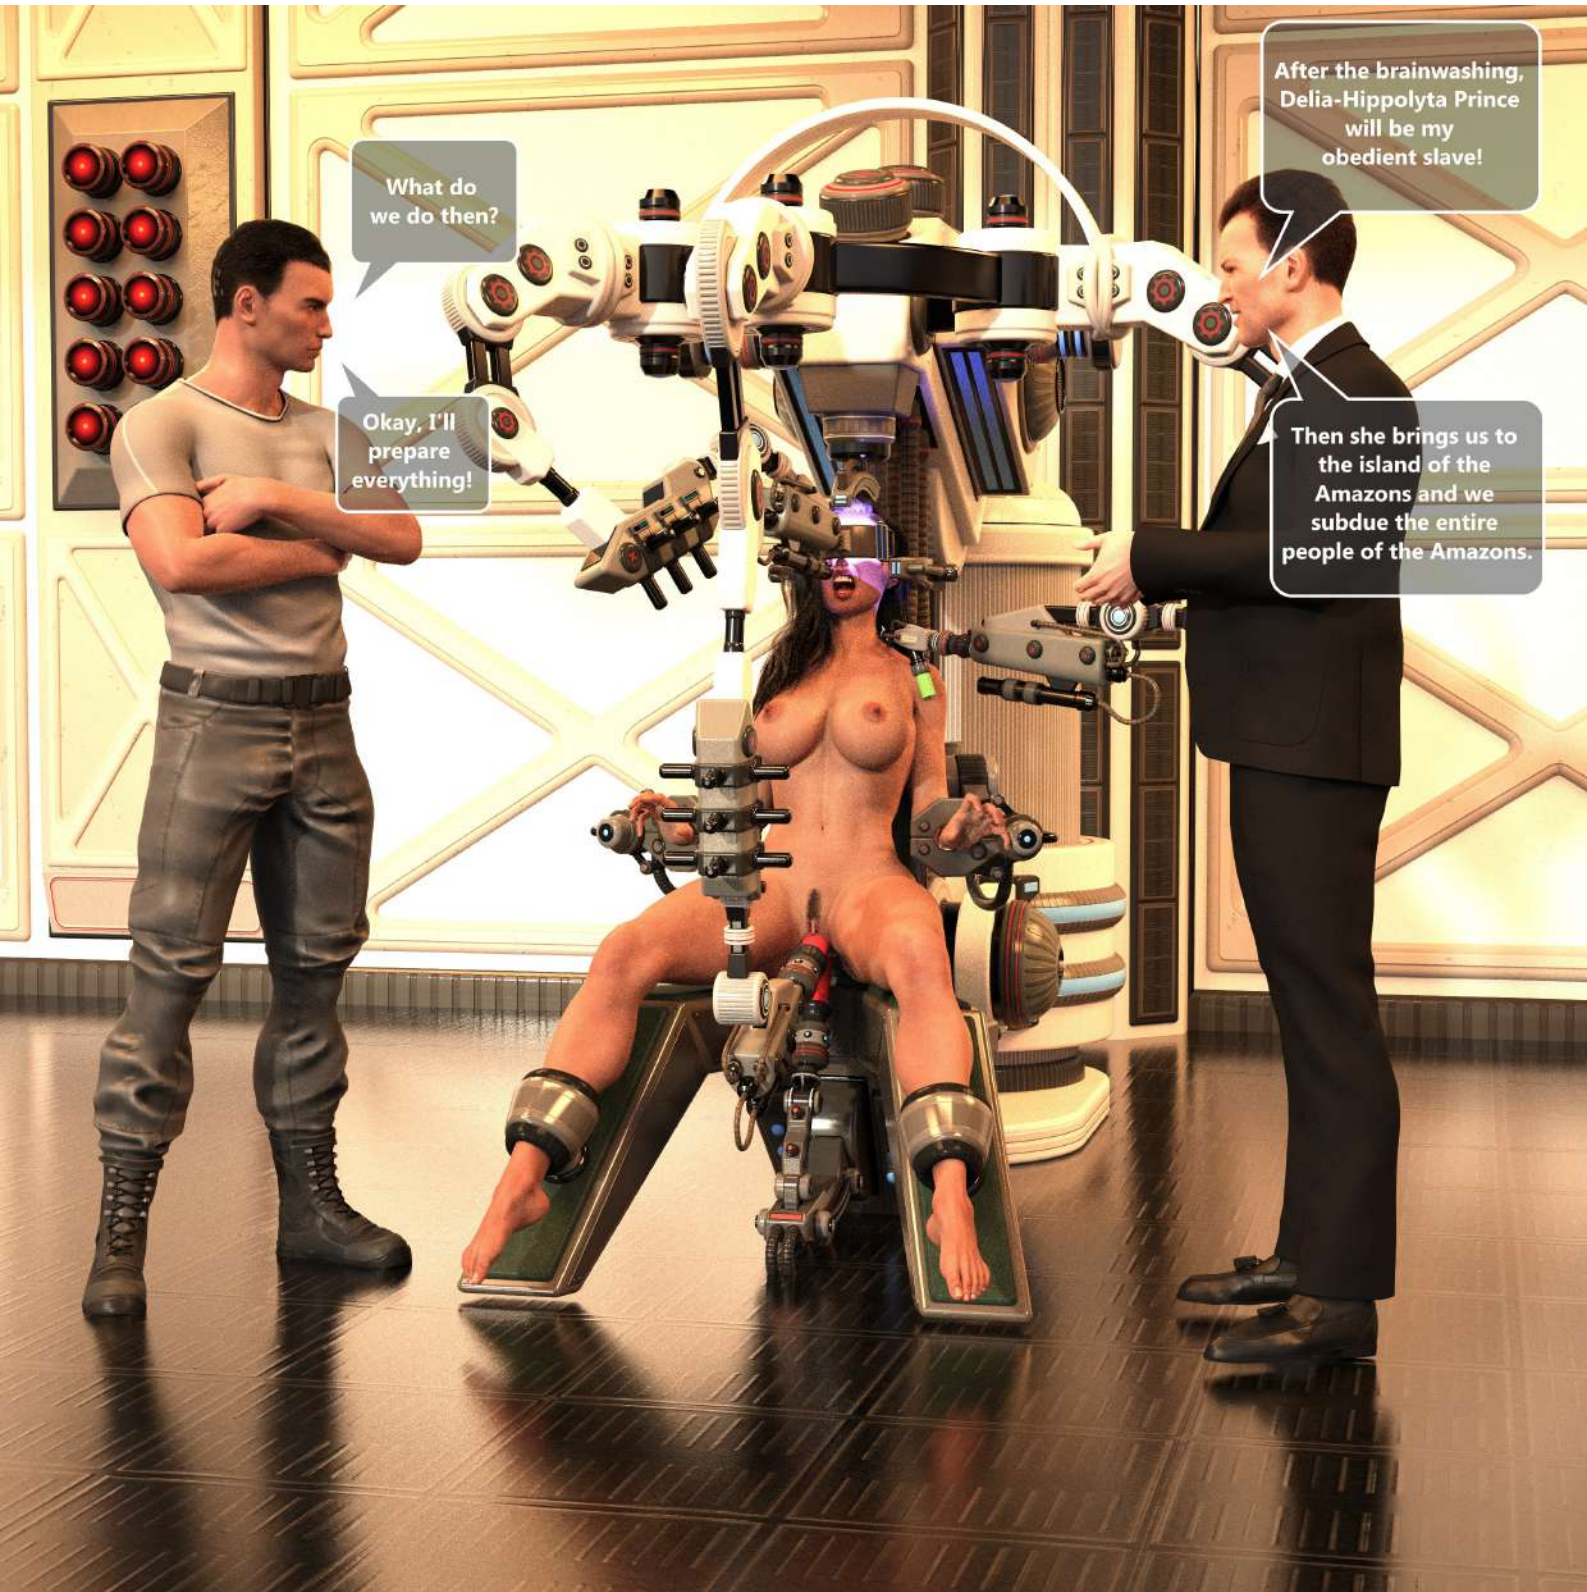

One day later: Delia Training has started. When Delia woke up she could not move and neither see nor speak. Her vagina was manipulated with a magic wand that brought her to orgasm and an anal plug was in her ass. The orgasm was interrupted by electric shocks over and over again.

The great Wonder Woman is now an ordinary slave!

Yes you say it! I heard on the island where Wonder Woman comes from there are only women!

What do we do then?

Okay, I'll prepare everything!

After the brainwashing, Delia-Hippolyta Prince will be my obedient slave!

Then she brings us to the island of the Amazons and we subdue the entire people of the Amazons.

I am your obedient slave, Master!

Thanks Master! I will be ready and await your commands!

Hey girl! Who are you?

Good girl Now rest and then make yourself freshly shave your pussy that only one line remains! Then I have a job for you!

This is my girl!

Yes i know master!
You were good to me and this
fake queen who should be my
mother must know where
her place is!

Slave! This woman is Diana Prince
Queen of the Amazons and ruler of
Themyscira and she is your mother
but she abandoned you because she
knew that when you were old enough
she would take the throne from her.
As you know I found you and raised
you, I made you strong, now it's time
that you get your rightful inheritance
and that you bring the Amazons their
predetermined fate as sex slaves where
they have been waiting for a long time
#but Queen Diana has all of theirs
Manipulated subjects and told them
they were warriors.

Master I have permission to talk?

Master what kind of clothes are these?

Where did you get it from, master?

I understand, Master!

But master you told me that my mother has repudiated me?

Yes master, I understand and I will be an obedient slave and finish my mission successfully!

Yes slave you can speak!

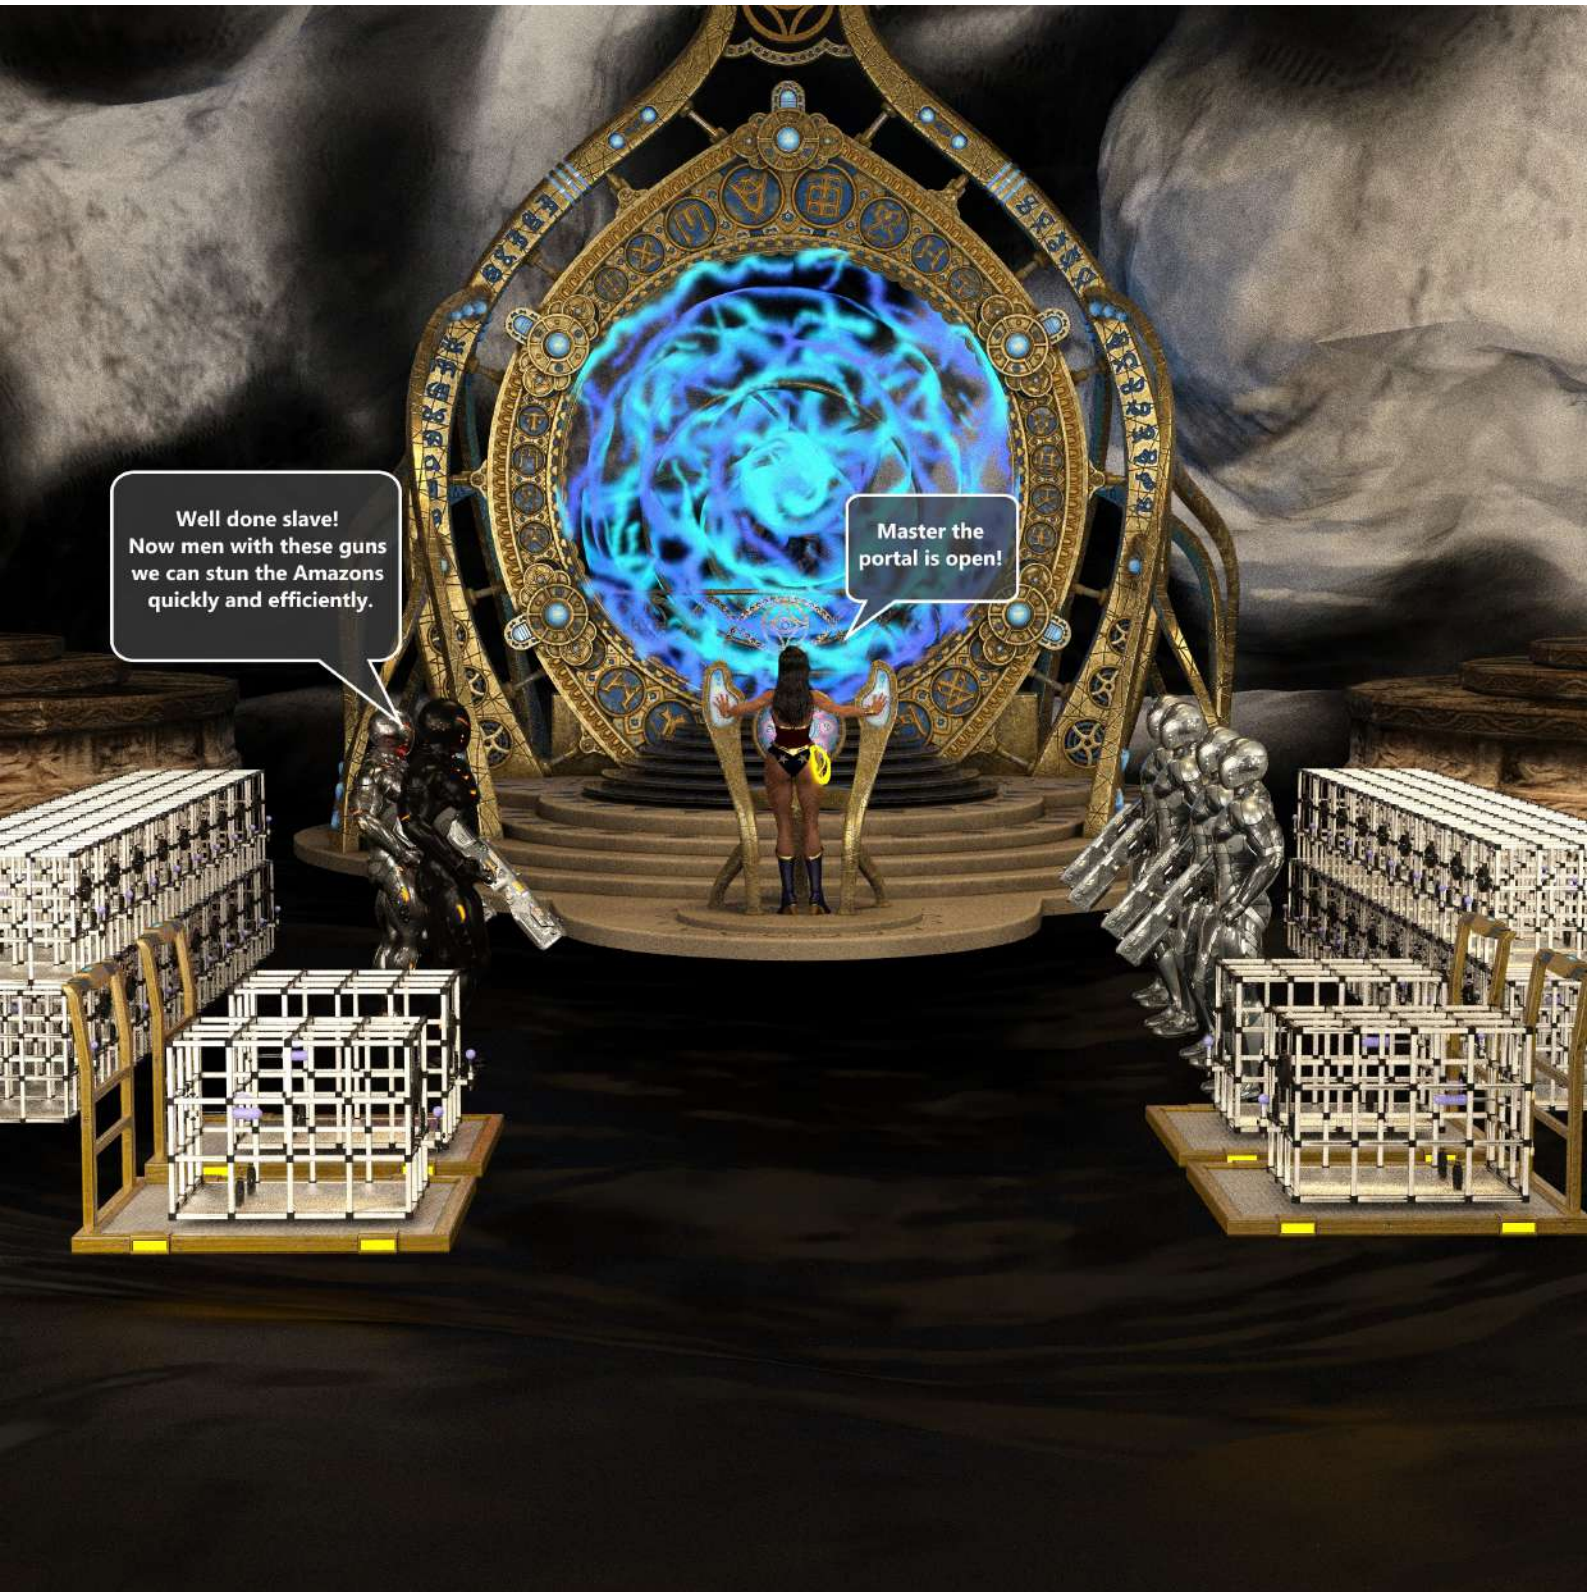

This is the Amazon Champion's outfit!

I killed the last champion of the amazon!

Now slave to your order you will be the magical portal to Themyscira for us, only one with the blood of the Amazons can open the portal. If there are guards on the other side of the portal incapacitate them but do not kill them.

Yes, that's right, but she won't have said it to anyone and pretend that her beloved daughter comes to visit her. You say you have to talk to her in private about a very important matter. She will send her guards away if they are gone you hug your mother and inject her with an anesthetic and take off her clothes and tie her with your rope.

Yes you will be my slave!

Well done slave!
Now men with these guns
we can stun the Amazons
quickly and efficiently.

Master the
portal is open!

Yes! I have to discuss something important with my mother! Where does my mother stay at times?

No! It is very important and it goes faster if I tell her myself!

Princess, you are back?

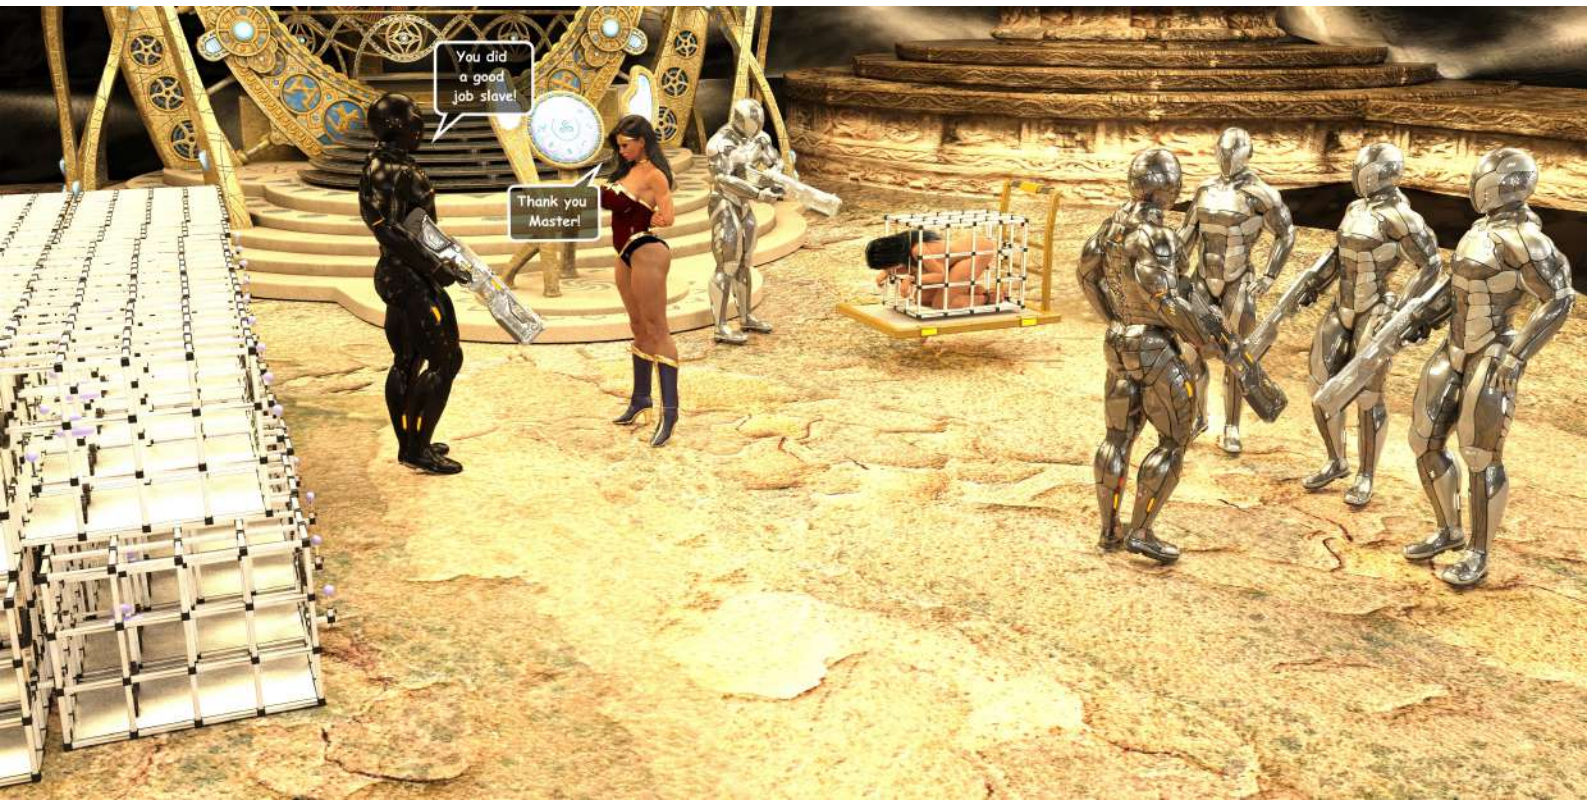

At this time your mother is in the throne room! Should I let her know that she's here.

Because you will
be busy yourself.
Bitch!

Master you can now
come through the portal
the portal guard is
switched off!

It's nice to be home again!
It is dark time on Themyscira,
men will come to enslave all
of our sister.
I'm afraid for our
sisters, mother!

Welcome home my
daughter!
Why are you here?

Yes, I know
that mother!

Don't worry, daughter, I
don't have the powers that
I had as Wonder Woman
anymore, but now you have,
but I'm still strong
and so is our sister!

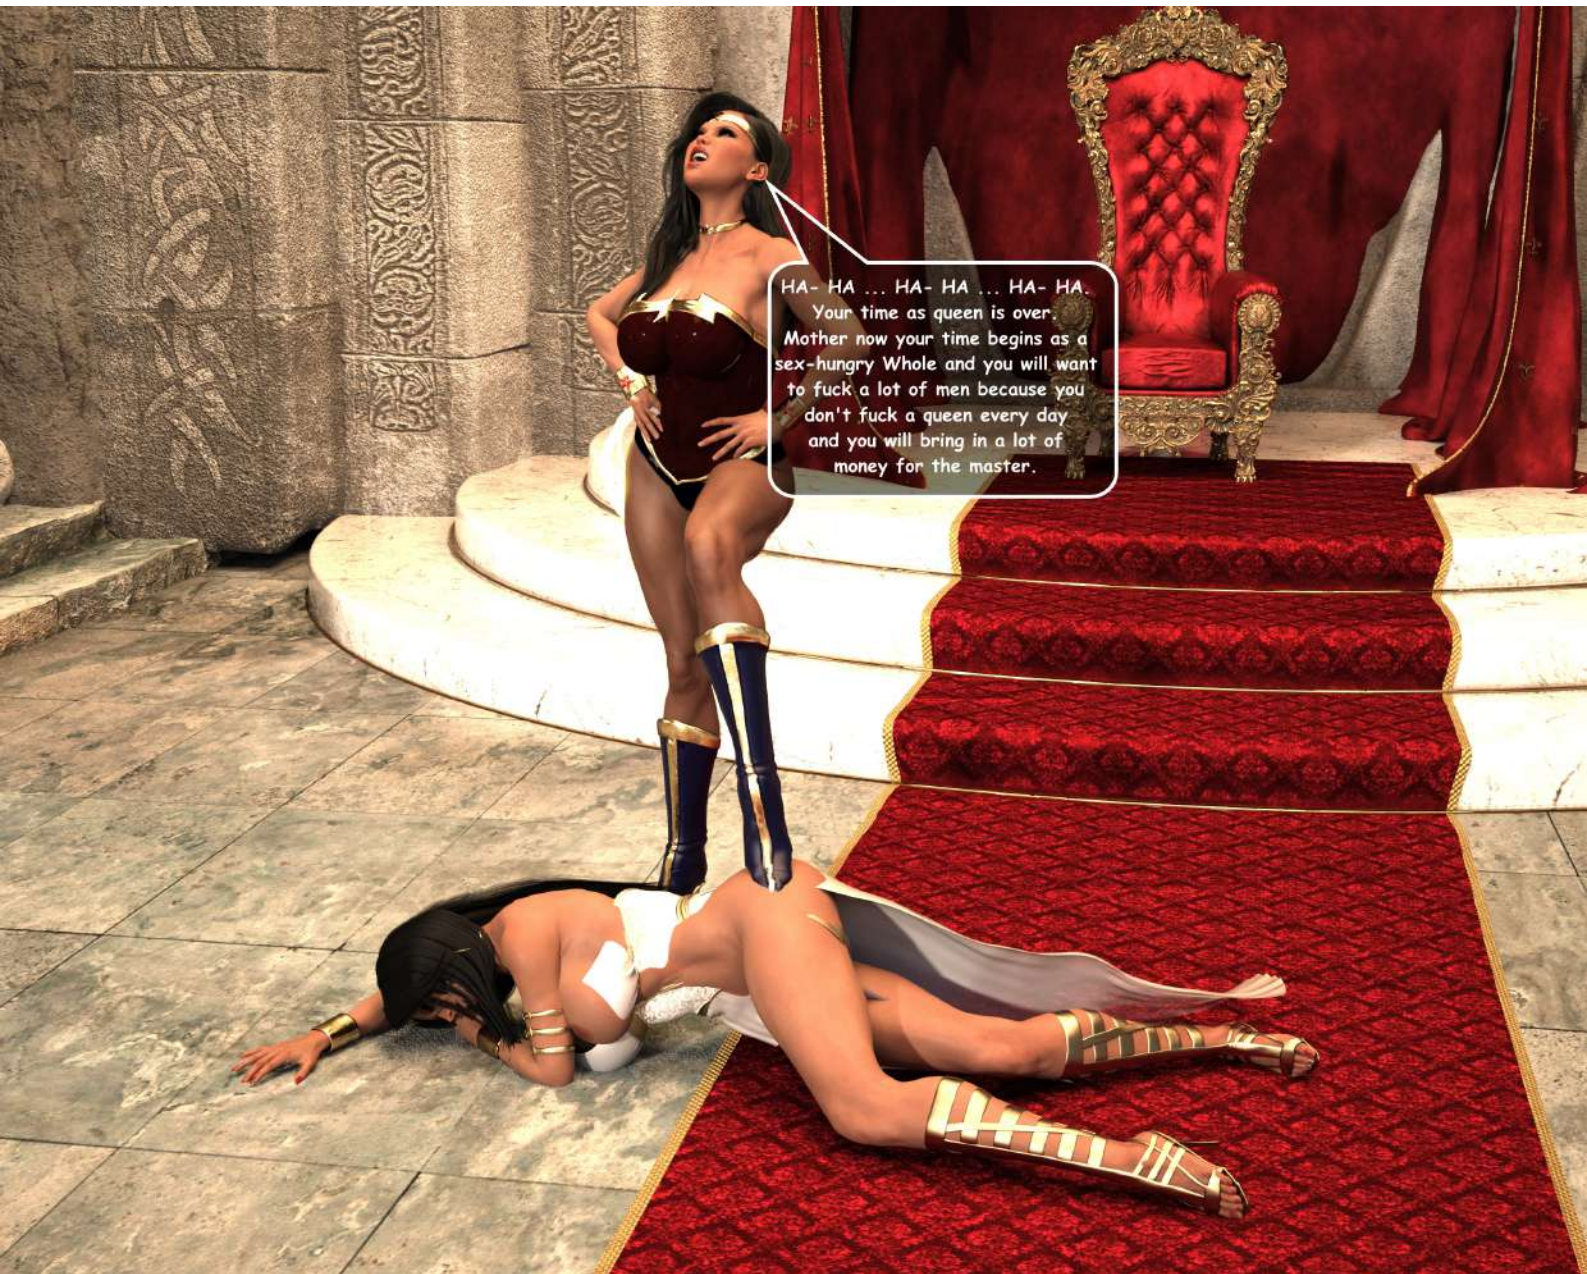

AAAH...

I told you it was dark time for Themyscira. The age of the sex slaves begins today in Themyscira and you all other Amazons will be submissive sex slaves.

Daughter what have you done!

HA- HA ... HA- HA ... HA- HA.
Your time as queen is over.
Mother now your time begins as a
sex-hungry Whole and you will want
to fuck a lot of men because you
don't fuck a queen every day
and you will bring in a lot of
money for the master.

A woman with long black hair is restrained in a complex metal bondage device. She is positioned on a red patterned rug in a room with stone walls and floors. She has a collar, a gag in her mouth, and cuffs on her wrists and ankles. A thought bubble above her head contains the text: "Oh god what happened! I remember again. Delia drugged me."

Oh god what
happened!
I remember again.
Delia drugged me.

Oh god, yes, yes
MMMMHHH! Master your
cock feels so good
in my pussy!
