... you used to be an efficient girl.
What the hell happened to you?

Because you convinced me to let
you go to that psychologist...

You were my right hand, you
controlled the parliamentarians
as if they were your pets...

Now look at you!

Every day you look crazier,
act dumber and just want
to show off your body...

Who would think of going to the middle
of nowhere, to look for a temple that is
only mentioned in legends...

And I'm sure you went wearing those
disgusting Lascivia or YourSIN clothes!

With which you embarrass me so much!

Even your stepbrother
is surprised to see you...

I swear I'll make that shrink pay for what she's done to you!

Come on mom, my psychologist didn't do anything to me...

I just wasn't comfortable anymore, doing what you made me do in Brussels.

What was it that made you feel uncomfortable?

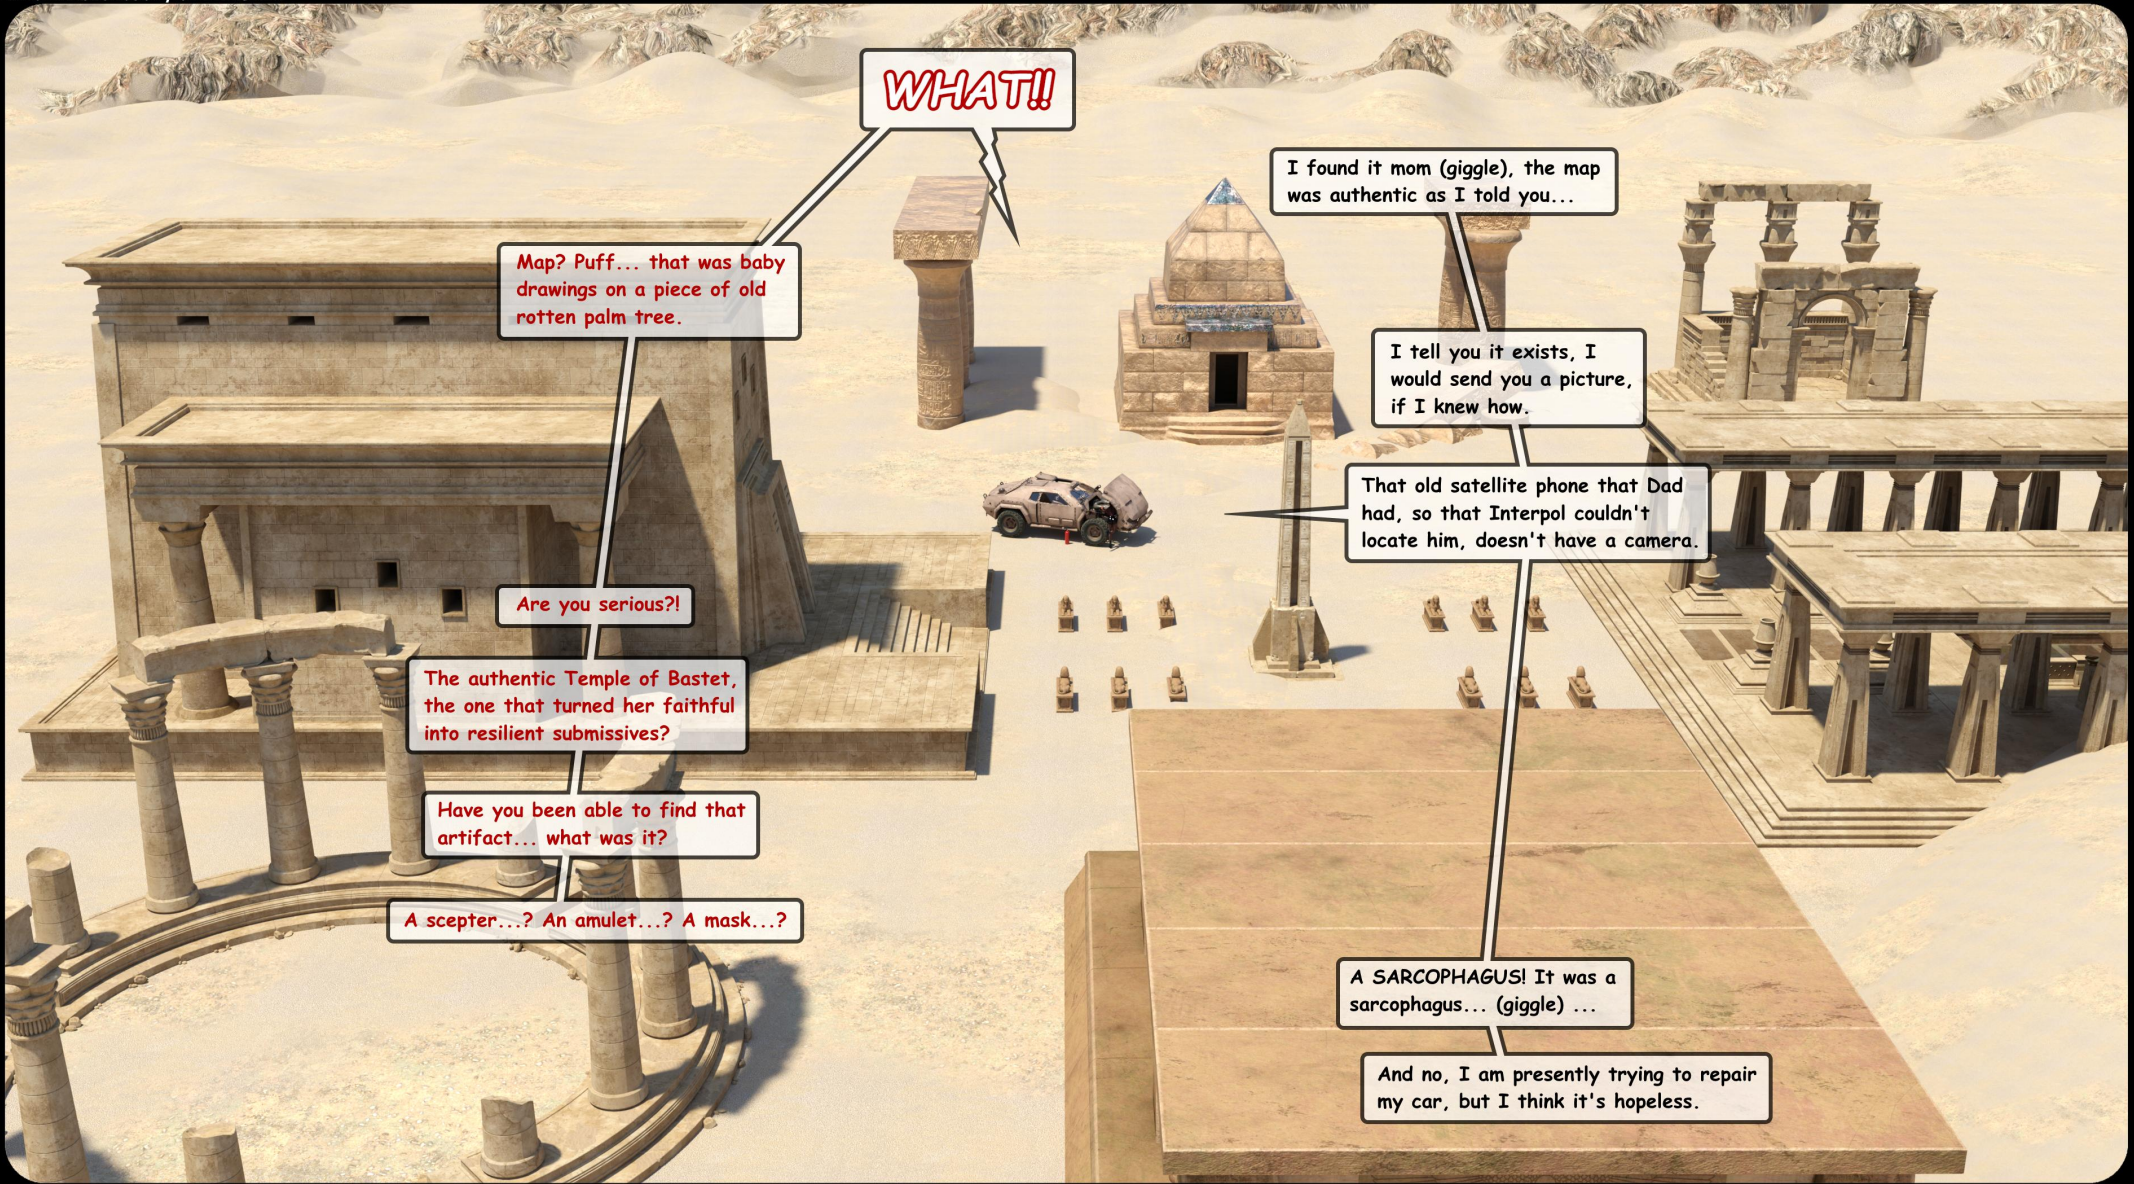

To be something more than the resilient rabble?

To help your mother control everyone?

Oh, but now you're going to tell me that getting lost in the middle of nowhere is better than having power.

No, but finding the lost Temple of Bastet, the source of her power and control of her faithful...

Yes, that's much better.

WHAT!!

Map? Puff... that was baby drawings on a piece of old rotten palm tree.

I found it mom (giggle), the map was authentic as I told you...

I tell you it exists, I would send you a picture, if I knew how.

That old satellite phone that Dad had, so that Interpol couldn't locate him, doesn't have a camera.

Are you serious?!

The authentic Temple of Bastet, the one that turned her faithful into resilient submissives?

Have you been able to find that artifact... what was it?

A scepter...? An amulet...? A mask...?

A SARCOPHAGUS! It was a sarcophagus... (giggle) ...

And no, I am presently trying to repair my car, but I think it's hopeless.

That changes things... Mmmm...
this has a lot of possibilities...

Mmmm... I'll send
your stepbrother...

Someone else? What's wrong
with sending your brother?

click!

Couldn't it be someone else?

For starters that
he's a psychopath?

The sergeant of a group of
unscrupulous mercenaries?

That he thinks he's better
than anyone else and that
everyone must obey him?

First, he is the Commander
of my trusted enforcers.

And second, what's wrong with being better
than the rabble who doesn't vote for us and
who we direct from Brussels?

Don't worry, he will help you to secure the
Temple and he will find the scepter for me.

In 48 hours he will be there and you can go
back to showing off your latex suits at one
of those perverted parties.

Moments later

Damn baggage.... let me...
fuck you... I'm burning my legs...

Arrrr!!!

Fourty-eight hours... uff...
that's a lot of hours alone...

And enough time to
find the Sarcophagus...

AH! Got you!

Ok, let's look for some place to set up base camp.

Then I should try to find the Sarcophagus of Bastet and her treasure...

Maybe I will find some of the things I heard about, in those hot stories...

giggle...

bang

Gods, it's starting to be very hot out here...

How did the Egyptians manage to build their culture in such a hot place?

I remember studying it... but since I use that self-help-tool I asked my psychologist...

It's so hard for me to concentrate on those things...

At least it helps me not to remember the things my mother forced me to do.

OK, now let's see...

Where I am settling...

This building looks cooler inside, although it doesn't seem very cozy...

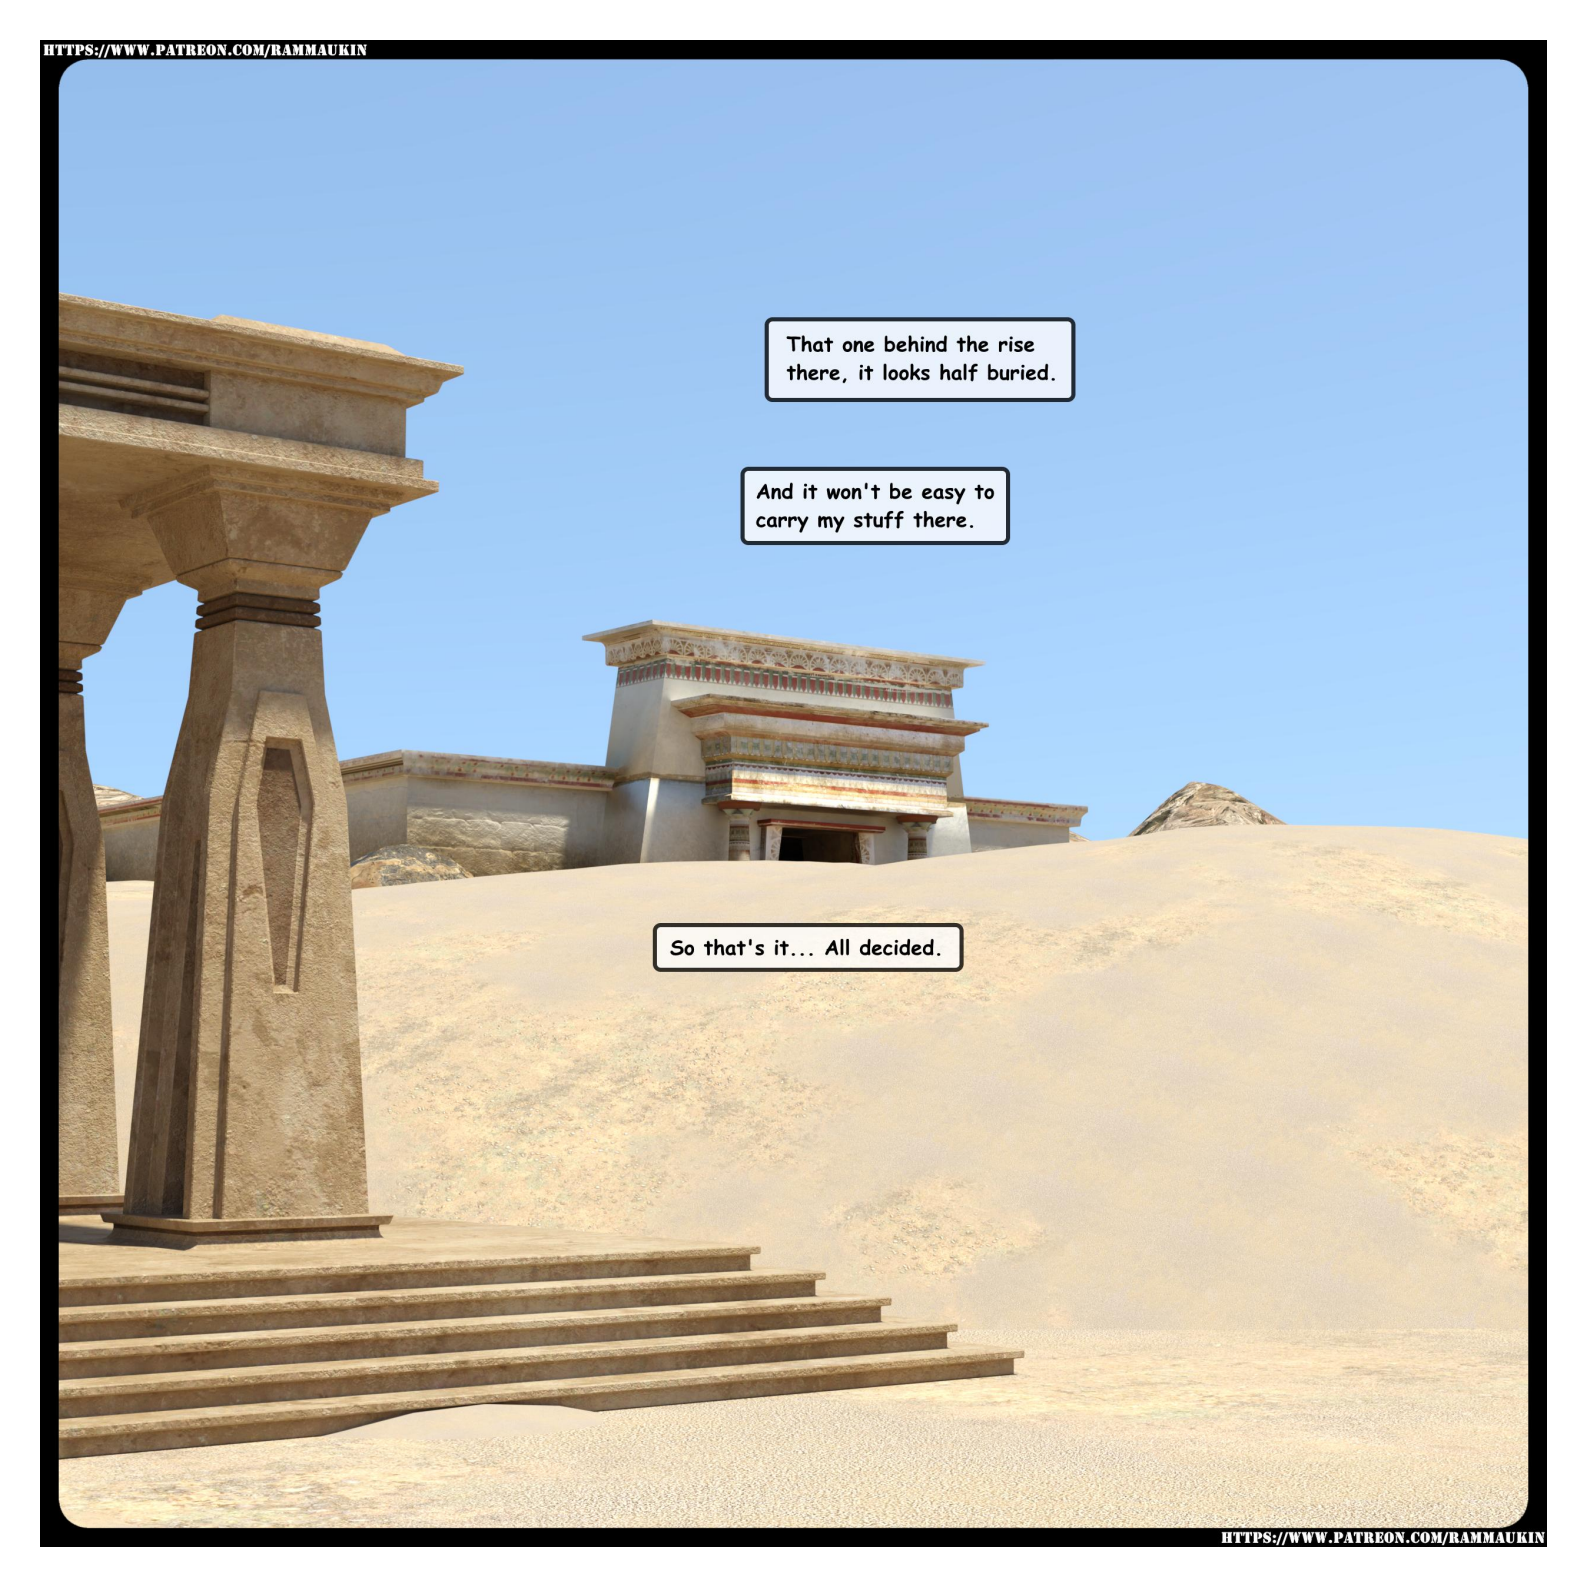

I have to get out of the sun, fast.

Let's see... I don't know...
this one looks more cozy...

But... doesn't look
really good... too open...

What if a sandstorm comes?

That one behind the rise
there, it looks half buried.

And it won't be easy to
carry my stuff there.

So that's it... All decided.

I'll stay here, it's more close and...

Oh... it seems that fresh air is coming out of somewhere...

Wow, the entrance is so movie like... like in that movie with the mummy...

But without being in ruins (giggle).

WOW

But it has automatic lights
and in the whole temple too!

These Egyptians really knew
how to take advantage of the
extraterrestrial technology...

Although it's still hot, but
not as hot as out there,
here at least the heat is...

Mmmm, strangely pleasant.

WOW

WOW

WOW

I CAN'T BELIVE IT!!

WOW

WOW

I FOUND IT!

OH GODS !!

This is definitely the Temple of Bastet and the other buildings are the annexes!

I'm a genius (giggle)
I've already found the exact site.

Look at all those sarcophagi...
and... and...

All this GOLD!

There is more money here than in my mother's dirty accounts!

With all this fortune I could buy all of Lascivia's clothes...

I mean... hire their entire team of creators and designers for myself!

I wouldn't need my mother's secret money anymore...

Oh, speak of the devil...

Odd that she should call me again so quickly....

Oh... she'll be eager to get the artifact and make everyone resilient.

MOM YOU WON'T BELIEVE
WHAT I'VE FOUND!!

Clue, it's not
the sarcophagus.

Rebeca Bandencorrub...

Can you tell me with what money you paid for this excursion of yours?

You didn't take the money I told you not to touch?

Because our insider from the EU Corruption Crimes Commission just called and told me...

Excuse me, Mistress! I'm sorry to have to interrupt you.

Just a moment Adam,
I'm talking to my stupid...

OH!

Who are you and how
dare you enter the mansion
without my permission?

OH, shit...
shit... shit...

I think I got mom
into big trouble.

These gentlemen have threatened to arrest me as your accomplice if I didn't let them pass.

How dare they accuse me of anything?! Don't they know who I am?

Former Commissioner Bandencorrub... Hm...

3rd Raicon, please do the... honors.

Mon Dieu, Madame!
What will become of you?

¿cookies?

At your orders 8th Erno.

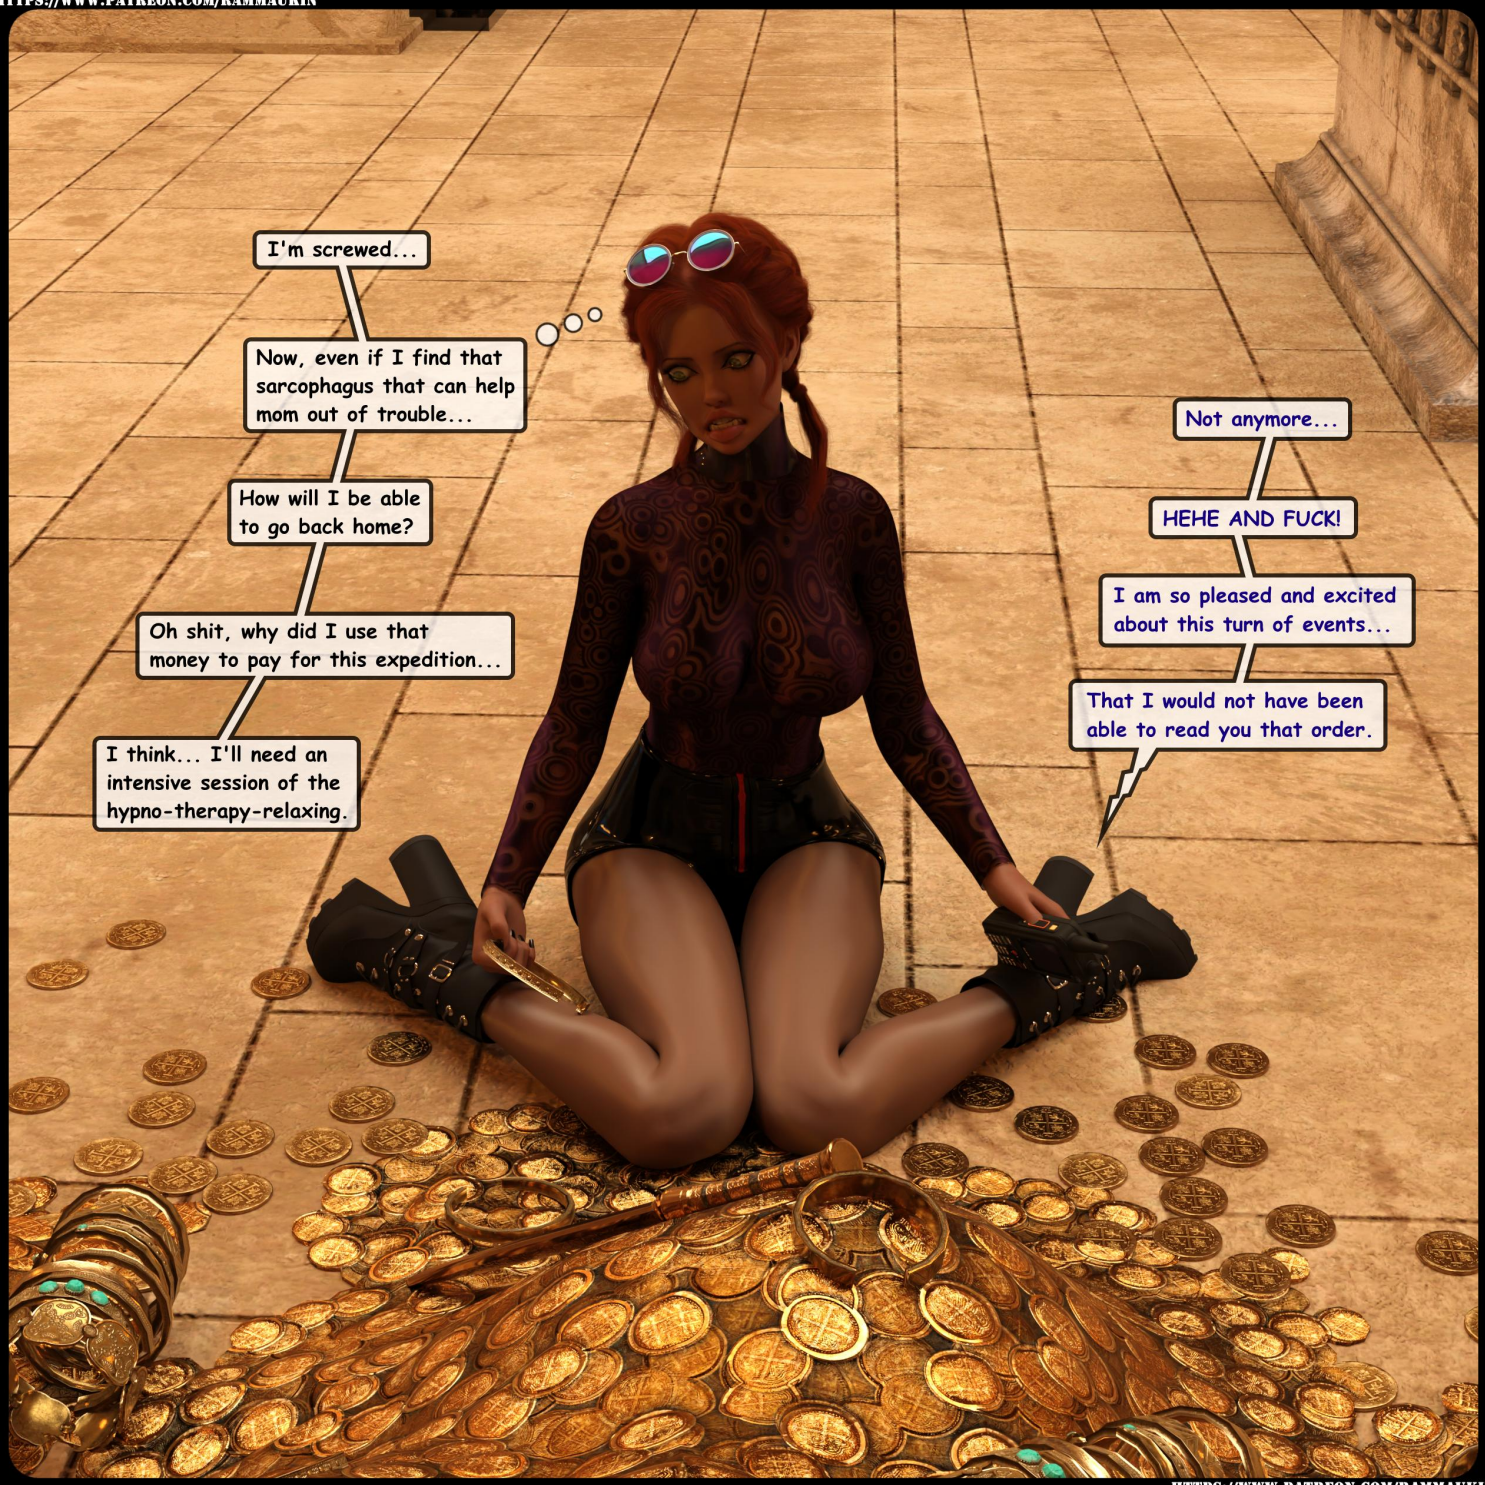

By order of Marshal Borbetomagus,
you are hereby disbarred. Disbarred
and disenfranchised from any of the
privileges you held and have abused
since you assumed your office.

In case you are wondering, you are charged
with attempted enslavement of the people,
misappropriation and embezzlement.

You will be awaiting questioning by
an Orator of Truth, without trial.

With a life sentence of hard labor,
commensurate with their corruption,
if proven guilty.

**WHAT?! I have my rights!
As the President of the EU...**

I'm screwed...

Now, even if I find that sarcophagus that can help mom out of trouble...

How will I be able to go back home?

Oh shit, why did I use that money to pay for this expedition...

I think... I'll need an intensive session of the hypno-therapy-relaxing.

Not anymore...

HEHE AND FUCK!

I am so pleased and excited about this turn of events...

That I would not have been able to read you that order.

Some time later...
...and after a makeshift camp set up

OHMmm...

You are not to blame for anything.

No, I'm not to blame for anything...

OHMmm...

Don't let the bad karma around you
affect your pleasant vibrations.

Yes, I mustn't let the
problems affect me...

OHMmm...

OHMmm...

Now, leave your mind blank and
let us manipulate your mind.

Yes... I will allow you
to manipulate me...

You wish to be
manipulated and
changed.

OHMmm...

Yes please... make
me someone else...
change me...

You used to want to be ambitious,
successful, powerful, ruthless.

Yes, I wanted to be
like my mother...

OHMmm...

*Now open your mind,
listen with your soul.*

I hear you...

OHMmm...

*What you really want is to
look beautiful, to dress
expensive, to wear high heels.*

YES! What I really want is to look
beautiful, to dress expensive, and to
have lots and lots of high heels...

*Not only look beautiful,
you want to be hot, to
dress like a whore.*

Yes, yes, yes, I want to be the
hot girl, that everyone wants.

OHMmm...

Ohmmm

Repeat with me and make it more and more irreversible.

Yes, make it so that I don't go back to the way I was...

Your body is there to make money

AaHmm

I must make money with my body...

I am a sex addict...

OH!

I am a sex addict...

Take a deep breath and repeat the new Mantra.

The more times you repeat it, the sluttier you will become.

moan

And this will make you very horny.

Mmmm. Sex... I love having sex...

Gods, I want sex now...

Making money...

More pleasure... more frustration.

The more frustration, the easier it will be to destroy who you were.

I CUM!

I'M CUMMING!!!

I'M CUMMING!!!

I'M CUMMING!!!

...At the same time... in a street in Imperial City

Into this has civilization evolved...
the mortals have changed a lot...

And now they do not
hide their depravity...

Gods, what a pity to have
missed all these changes...

But... Where are
the other Gods?

I can feel a powerful
presence welling up
from this strange tent...

Yet, it is different...

Have the Mortals gotten rid of them and
some have taken over their powers?

It's not impossible but...

HOW COULD THEY?

UH!!

WHAT!

What's this feeling
I'm getting...

It can't be...
or can it?

IT'S MY TEMPLE!

YOUR SIN

MAGIC LATEX BOUTIQUE

I thought that when I was banished to that world it had been destroyed!

By Amon... I can't believe it!

My absence and the lack of acolytes has diminished its power...

But it has not disappeared.

IT IS STILL THERE!

It warns me that there is someone desecrating it...

OUR SIN

GIC LATEX BOUTIQUE

And now that I do not feel
the presence of the other Gods,
perhaps, I can be the...

GODDESS OF THE WORLD!

What an unexpected
turn of events!

Even if only my temple
remains, I can recover
everything I once had!

OUR SIN

MAGIC LATEX BOUTIQUE

Time to go home...

I'd better make myself
undetactable for mortals...

Maybe it's a ruse.

In any case... I can't wait
to see my temple again!

Back in the desert

Mmmm,
Fuck!

Every time I use
this relaxing hypnosis...

I feel so orgasmic...

...giggle...

I don't know why
I can't remember...

But it must have been
an intense session... I'm
so sticky and sweaty.

Mmmm and I have to
say, I like the way
these lewd clothes feel...

Soaked with my sweat
and stuck to my body...

It makes me feel so...
freshly fucked...

rab

rab

rab

Now more relaxed...
it's time for this slut
to get a move on!

Although with my mind a little
more cloudy than usual...

Gods... what a delicious
feeling to put on my heels
with the soaked pantyhose...

Although when I get home,
I should get some platform
ones... these are okay...

But the others are more
for an arrogant slut...

And a whore like me, should
not look anything else...

Since when do I call
myself a whore?

I don't know,
but I like it...

It makes my
pussy juicy...

Mmmm...

I love hearing it!

I'm sure my mom will hate it, but I'm not going to stop doing it!

This slut...

... must move her ass!

I have to find... uh? What was it that Bastet used to wear?

How weird... I don't remember, I feel so confused...

And at the same time it's good feeling like this...

OK, I know it was some magical artifact of Bastet's.

And it's so hot out there...
I'd better start in here.

What a thrill to be in this
temple of a Fallen Goddess

Let's see in these trunks
next to the gold... what?!

Wigs?! With the heat here,
and they used wigs??

Focus whore, surely if you search
deeper you'll discover some secret
passage or some mummy...

A few minutes later

Gold, jewels, wigs...

And these closed hollow
sounding sarcophagi...
except two...

One with the headpart on
the floor and the other,
open, with a golden dildo...

I only have you
left to open...

And now that I look at you,
as you stand there, without anything else...

And with those four sarcophagi
guarding, it seems suspicious to me...

What do you
have inside?

...giggle...

Surely it will be fun!

What difference does it make, the important thing will be to test it...

...giggle...

Come to think of it... What was it supposed to be doing?

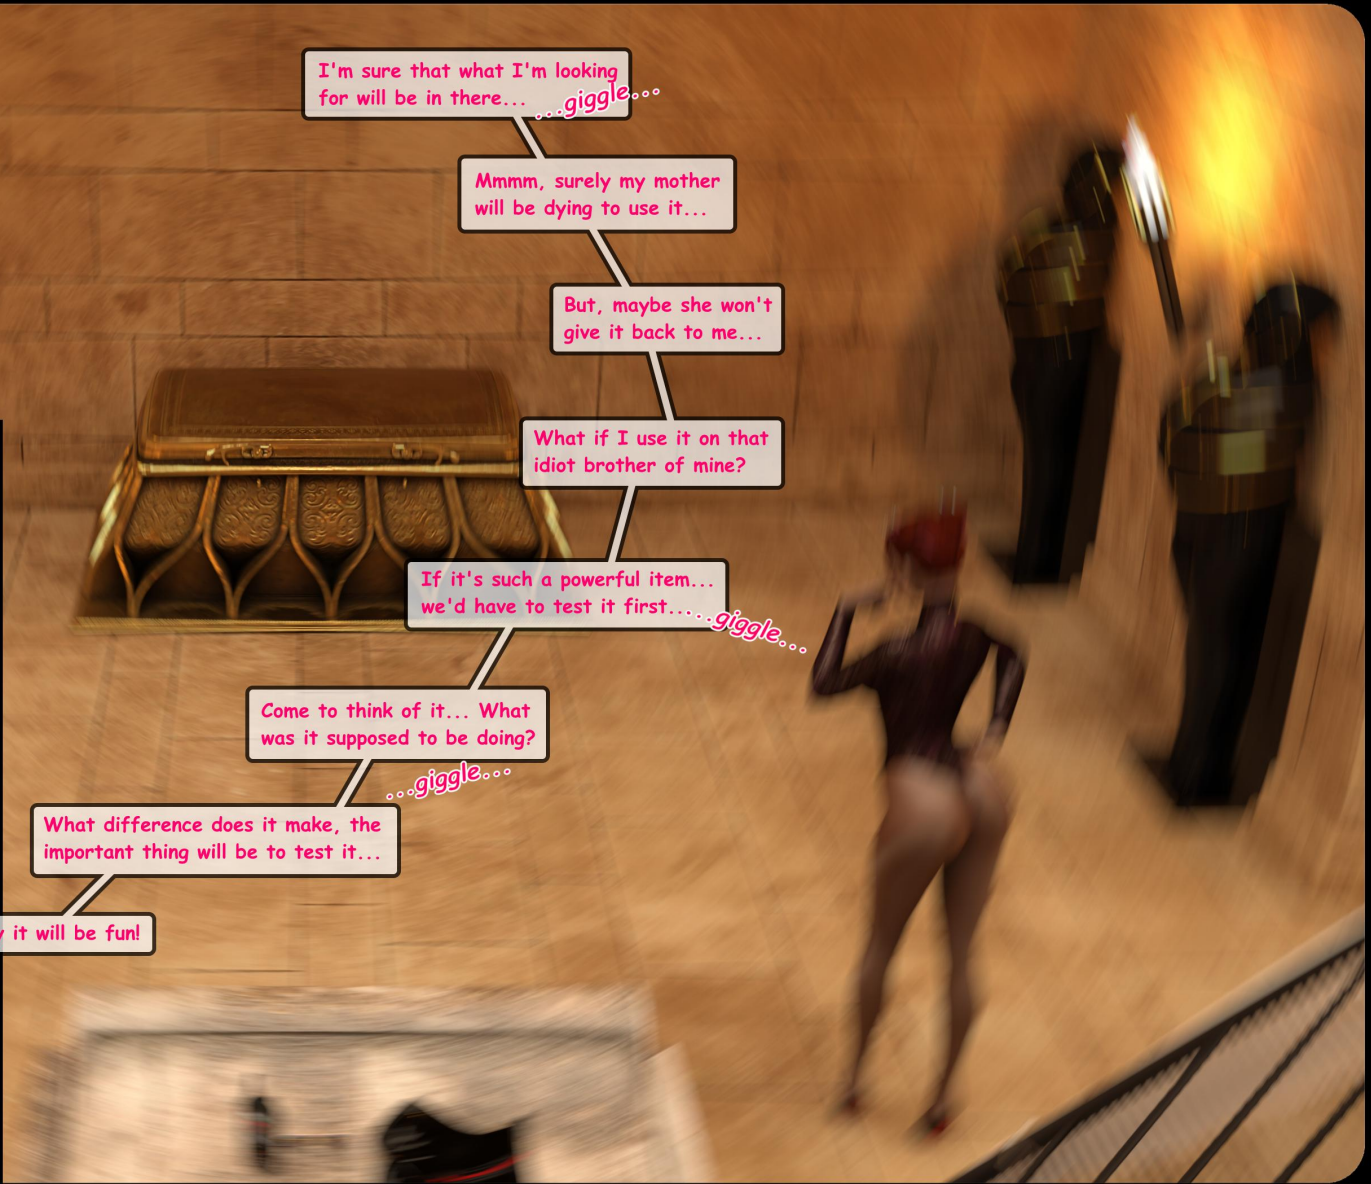

If it's such a powerful item... we'd have to test it first...
...giggle...

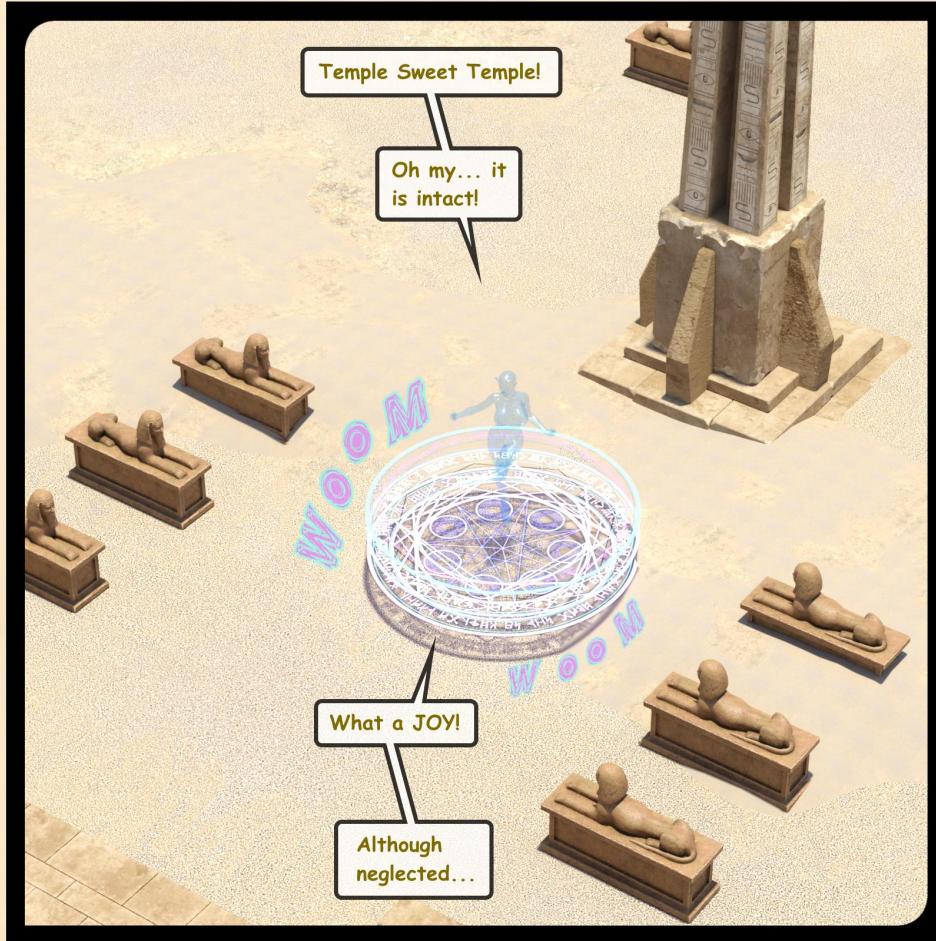

What if I use it on that idiot brother of mine?

But, maybe she won't give it back to me...

Mmmm, surely my mother will be dying to use it...

I'm sure that what I'm looking for will be in there...
...giggle...

What strange looters...

It seems that they
have made themselves
comfortable in My Temple...

What a terrible
surprise awaits them!

I will reclaim
what is mine!!!

And I will not
allow any mortal...

Ok, focus Bastet!

She has occupied
your temple...

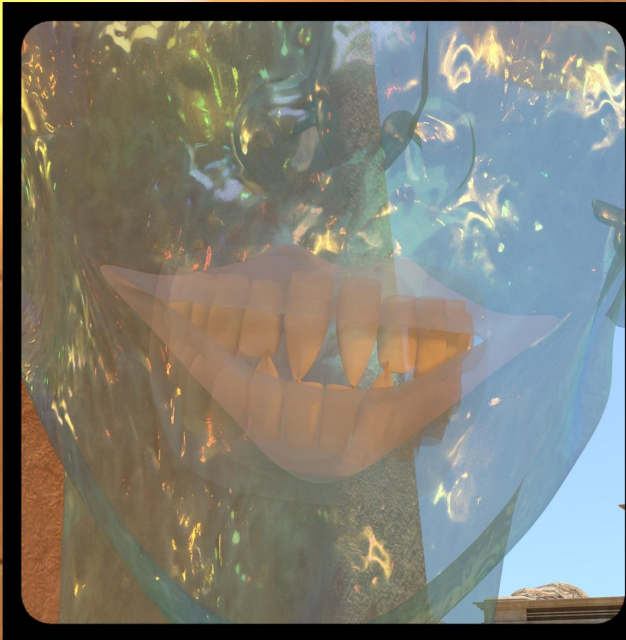

I should punish her...

But she looks so naive
and so cute dressed like
this... I think that...

Instead of punishing her...
let's have some fun...

If you want to open the chest
where I have the costumes for
my acolytes and slaves...

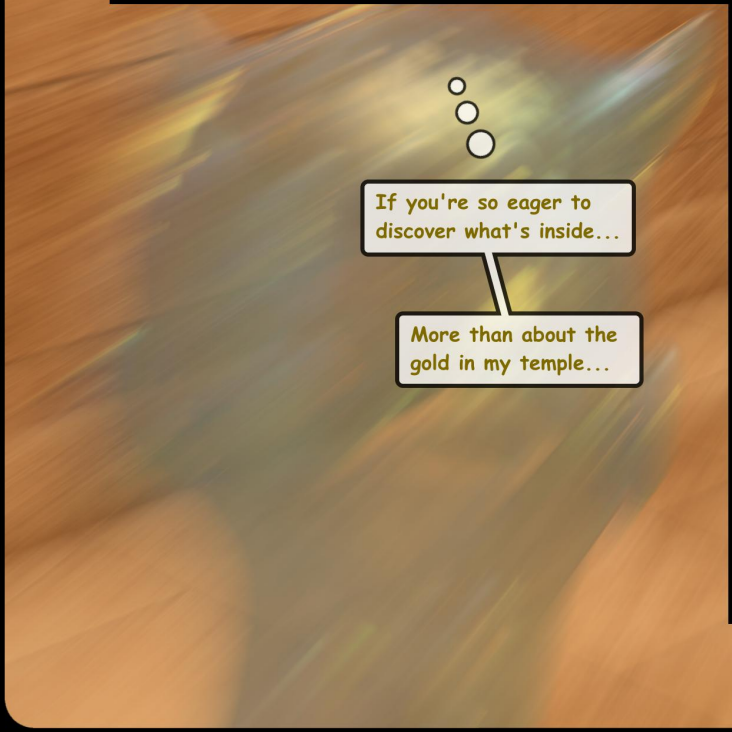

Damn it, you have your
locks off, now open up!

COME ON!!

...

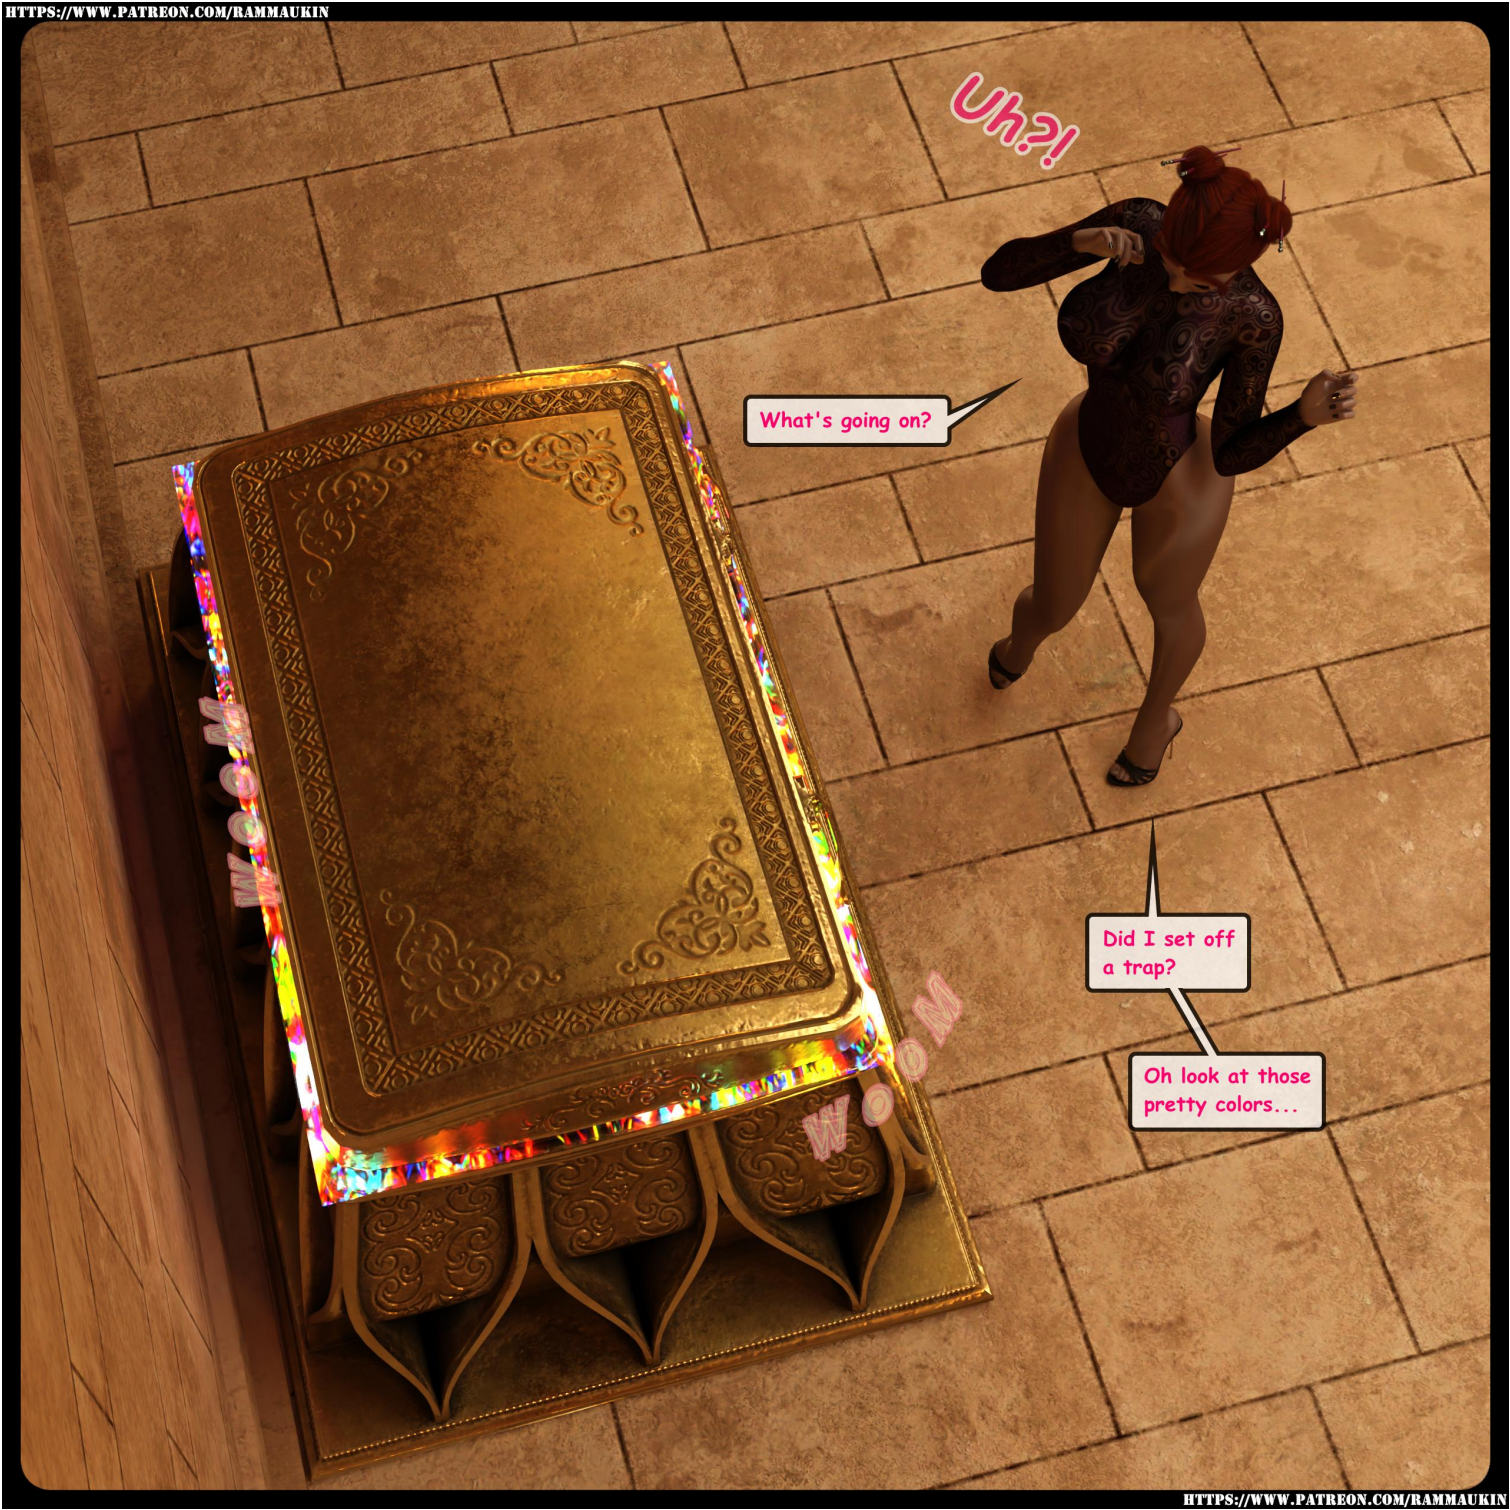

Why not...

If you're so eager to discover what's inside...

More than about the gold in my temple...

Uh?!

What's going on?

Did I set off a trap?

Oh look at those pretty colors...

WOW

WOW!

It has opened!!!
By itself?

Oh Gods...
that was magic?

What happens now?

What's inside?

And that fragrance
coming out?

Mmmm...
smells like the flowers
that grow in the Nile...

Oh Gods!!!

YAIH!!

I can't believe it!

The Goddess has
smiled on me!

So many cool
Lascivia clothes!

I didn't know that
Lascivia already existed
in Egyptian times!!!

OH MY GODS!!!

Look at this outfit...

I've never touched
anything so soft...

So hot, so sexy...

Wait... I must look for
the artifact... I...

Listen to me, I am your Conscience...

You are going to keep looking for what you want to find...

I have to look for it and find it.

That's right... but...

Although we love your outfit...

Why not... Dress up as one of the slaves of the Goddess of this Temple?

Why just try it on, if you can keep on looking...

Dressed with this special outfit?

I could try it on...

Searching for the artifact dressed with this...

That will be fun...

How soft...

That's right, put on the slave outfit...

It will be fun to look for the artifact dressed like this...

Mmmm...
... and it looks so tight...

Although it stretches easily...

Uh!? What heels would I wear with this?

Gorgeous heels
for you...

Don't you just love these
gorgeous stillettos?!

Oh!

So beautiful...

I love them!

Good girl...

Done! Finished
dressing.

It's been tough and
they're so hot...

O Gods... look at this
shiny black one...

It looks like
it's pure oil.

And the suit fits every inch
of my body perfectly...

And it's so tight...

I'd almost say
it's shrinking...

Trapping my
sweat inside...

And I think,
me too...

I think it won't be
easy to take this
suit off by myself.

WHAT?!!

AAAAH!!!

Did the suit
just shrink all
of a sudden?

BANG!

How tight the
neck is now...

Now I definitely won't
be able to take off
this suit by myself.

OH FUCK!!!

I love it!

Look how it
makes me look!

I'M KEEPING IT!!!

So tight,
so soft,
so sexy...

mMmmmm!

What a delight...

This suit is a marvel of pleasure...

It feels so good to caress myself wearing it...

My caresses feel like a thousand...

and they make me feel...

so...

so...

...moan...

WET!

Oh yeah...

So horny...

OH!

What sensation is this?

It's like... something is grabbing my breasts...

And to feel it with this sensitive fabric...

Massaging them with this glove is pure vice!

And... Oh, how I like to feel my fingers...

...moan...

Caressing my pussy covered with this material...

Oh Gods... I think...

I should have taken out the vibrating egg before I put it on...

Do you like what my outfits do to mortals?

Look at you... so horny...

So gorgeous with those blushing cheeks...

mMmm!

OH FUCK!

...yes...

oh gods...

Let me be naughty and boost the costume.

This will make you more sensitive...

...moan...

Now remember... you wanted
to look for something

You needed to
find something...

Do you remember?

Why don't you go outside
and let the suit absorb more
power, from the Light of Ra.

Then Goddess Bastet can
awaken some of her acolytes,
so they can play with you...

And help me
cleanse My Temple!

YES!

Searching for the artifact
this sexy will be orgasmic...

MMmm, yes... this
slut feels so good...

Good slut...

I like how easily you let
yourself be manipulated...

Now go out and
let mommy do
her little things...

WHAT?!

But first...

I need to put on some accessories that I have seen...

Where have I seen the wigs?

YAYH!!

How I like the feel of this outfit!

A bit later

Everybody shout out...

...HAIL PHARAOH REBECA!!

GIGGLE!

OH! This is so good!

I feel so sexy!

I'm horny like never before!

And trapped in this suit!!!

I love it!!!

...giggle...

The look on my stepbrother's face when he sees me...

He'll have to take me back home in this suit.

hihi

Too bad it doesn't have a hood to be totally trapped!!
