Technical Instructions

Hello, Hexxet here,

This is an interactive PDF. Meaning you should be pressing the buttons like that “Next” Button in the bottom right corner. While at the start scrolling down and following the buttons will be the same, the PDF will start to be nonlinear as the story progresses and follows your decisions.

So, please use the buttons, scrolling down will lead to confusion ;)

A rectangular button with rounded corners, a black border, and a green gradient background. The word "Next" is written in black text in the center.

Next

Morning. I have
a meeting with
Mrs. Benson...

Ah, yes. You
are that IT
guy, right?

Go right in.
Mrs. Benson is
waiting for
you.

Next

A woman with blonde hair, wearing a blue suit and a white shirt, stands in an office. She has her hands on her hips. In the background, there are computer monitors and a bulletin board with papers. Five speech bubbles are overlaid on the image, containing text. A green 'Next' button is in the bottom right corner.

This is Catharine Benson, my Boss and CEO of the whole company where I work.

Ah, there you are. Please, come in.

You've reported that you were short-staffed down in IT, correct?

Yes, Ma'am.

With Jack on vacation and Erik leaving the company, I'm currently alone down in IT.

Next

A woman with blonde hair, wearing a dark blue business suit over a white shirt, stands in an office. She is holding a black bag in her right hand and has her left hand on her hip. In the background, there is a desk with a computer monitor, keyboard, and mouse, and a bulletin board with papers. To her left is a dark wooden filing cabinet. Three speech bubbles are overlaid on the image, and a green 'Next' button is in the bottom right corner.

Well, I admit
that I did not
give this problem
the attention it
deserved so far.

But I've
finally hired
somebody to
help you out.

That's
great news,
Ma'am!

Next

A woman with long, wavy brown hair is sitting at a desk in an office. She is wearing a white, low-cut top and a small necklace. She is looking directly at the camera with a neutral expression. The background shows an office environment with desks, computers, and a window.

This is my
daughter,
Clarissa.

She had a year
of computer
something in
school.

And she knows
her way around
Word and
PowerPoint.

Yawn
Hi.

Next

Err... ma'am...
with all due
respect... But
that's not really
the skillset that...

Let me stop you
right there. It's
high time for
Clarissa to get to
know the
company.

And IT is as
good a place as
any to start.

Next

A woman with blonde hair, wearing a blue suit and a white shirt, stands in an office with her hands on her hips. She is surrounded by speech bubbles containing dialogue. In the background, there is a desk with a computer monitor and a bulletin board with papers.

So, just let her
do something.

I'm sure she
can help out
somewhere.

She's a
smart girl.

Great!
Have fun
Sweety.

I... Yes
ma'am... I'll
show her
the works...

Next

A short time later. In the basement where the IT department is located. I try to speak to my new assistant...

Next

So... err...
Clarissa. Let's
see what I have
for you...

Do you know
anything about
Java or C#?

Those are the two
main programming
languages used in
here.

Or do you know
anything about
hardware?

Ring

Ring

Next

giggle

Listen, buddy.
I don't give a
fuck about any
of this.

I don't intend to
lift one finger
around here.

And if you can't
deal with that I'm
gonna tell my mom
that you guys are
just lazing around
down here all day.
Comprendé?

You'd better
stop lazing
around and
answer that
phone.

I... err...
that...

Ring
Ring

Next

The audacity!

But what can I do? Her mother does not appreciate the IT department in the slightest, even though it's us keeping this company secure and running in the cyber age! So, I don't need to second guess whom she'd believe... and I do what I usually do... I pick up the goddamn phone...

Simmons here. My Computer is not working.

Yes!

Stop bullshitting me and get your ass up here, ASAP!

Hello, IT. How can I help you?

Is it turned on?

Are you sure it's plugged in?

sigh
Yes, ma'am. I'll be with you in a moment.

Is this a joke?
Did Jack install
this? Or is this
one of Erik’s
“fun projects”.

Those stats...
could match...
And that pic is
definitely Miss
Simmons...

What is this?
Where does
this program
come from?

Whatever that was, I needed to get to Miss Simmons. She's very impatient and high up the food chain... meaning she's good friends with Catharine...

Leave it be

Let's go!

Frustrated I take the elevator to the upper floors. It takes a while, and I meet various co-workers who more or less ignore me until I finally arrive in Miss Simmon's Office.

Just heading out

Next

Finally!
There you are. I
can't work like

Oh, my.
Sorry for making

I want to

Oh, wow!
Miss Simmons,

I was in heaven! Ever since my cock got hard, I was into feet. Especially feet in high heels. Worshipping Miss Simmons' feet was a dream come true!

Alright.

That's enough.
I've got to get

I hope you
had your fun
down there.

Oh, yes, Miss
Simmons! You

wonderful

Next

As I walk back to the IT Office I think of Miss Simmons and her delicious feet. I'm glad I could fix her computer and be a good boy. I just love it when she rewards me like this!

Next

As I enter the IT area my boss is already waiting for me.

Holy fuck!

This is too good to be true!

giggle

Had some fun with her in the process as well?

Well good for you.

Now, I have a few new rules around here.

First of all, you are not allowed to use your computer any longer.

Oh, ma'am. I was able to fix the problem with Miss Simmons.

Err... Yes, ma'am.

Next

But, ma'am. How
am I supposed to

Don't be such a

Just not this

Now there will be
some more changes
around... but you can
give me a backrub
while I think about
those.

Yes, ma'am.
My pleasure!

When I first talked to Clarissa, she seemed rather stupid to me... Actually, her ideas always sound dumb at first. But somehow, they always work out in the end. It did not take long for her to take over the company with her mother retiring and our corporation expanded in profit like no other!

She hired lots of hunky guys and has them work closely with her, but there are still a lot of hot businesswomen around who sometimes let me enjoy their feet. This job is great!

Okay... I need to go upstairs and have a look at Miss Simmons' computer.

Wanna come with? Get to know the business?

LOL.
I'm good.
Bye bye.

Let's go!

I lock my computer – better safe than sorry. Who knows what this brat might do when left alone!

Then I get on my way to Miss Simmon's office. It takes a while to get there, and I meet several co-workers who more or less ignore me until I finally arrive there...

Finally!

There you are!

It did not take long, and I soon got a promotion. Obviously thanks to my new secret girlfriend telling her mother about the awesome work I do. *chuckle*

Now I can't deny that having an adoring girlfriend at my workplace is kinda awesome... but with the MCP I could do so much more...

Clarissa was head over heels in love with me. She was still a bit bossy, but she had kinda trouble speaking up to the man she adored – me!

It did not take long and I soon got a promotion, obviously thanks to my new secret girlfriend telling her mother about the awesome work I do.

Now I can't deny that having an adoring girlfriend at my workplace is kinda awesome... but with the MCP I could do so much more... And I'm not just talking about enhancing Clarissa's Boobs...

Clarissa had become the most submissive person you could imagine. In combination with the biggest tits I have ever seen, that made for a great package! She wouldn't object to anything if you just insisted.

Of course, as things stand, she'd obey anybody... but I still got the MCP... and if that program can turn that bitchy brat into my busty submissive subordinate... then basically the sky's the limit! Now what to do next?

Suddenly I'm almost knocked off my stool when something giant but soft and squishy rams into me from behind and I hear a female voice moan into my ear.

Come on! You

It felt like we fucked for hours! I've never seen a girl this horny... not even in porn. And believe me, I've seen my share. It felt as if she came with every thrust of my cock... and with that setting in MCP... she probably did. I came several times myself and I have to admit... I was relieved when she fainted from her last orgasm finally letting me get back to the PC and tune her down to a bit more manageable level...

As I'm sitting in front of my PC, a naked Clarissa laying on the table next to me. Her giant tits jiggling with every breath she takes. I try to think about what to do with her and the MCP next... If the program is capable of this... then only the sky's the limit!

Talk to Clarissa

I was getting respect wherever I walked. People who looked down on me? Women who laughed at me? They all paid me respect now. And I have to admit, it felt good! It felt good being THE BOSS! And it felt good abusing this power!

But while being a big company's boss gives you a lot of power it's nothing compared to what more the MCP could give me. The MCP was true power... and I still had it on my PC... I just need to think about what I really want to do with it...

LOL!

I don't know if the old
Catharine cooked at
home... But knowing
her at work this just
looks so out of place!

Awesome!
Time to visit
my new wife
at home!

Hm...
Let's tune up
that arousal and
we should be
good to go!

A woman with blonde hair, wearing a tan jumpsuit, stands in a modern kitchen. She is smiling and looking at the camera. The kitchen has white cabinets, a stainless steel range hood, and a gas stove. A speech bubble on the left says "Hi, Honey! I'm home." A speech bubble on the right says "Welcome back, love!" and "How was work?". A green button with the word "Next" is in the bottom right corner.

Hi, Honey!
I'm home.

Welcome
back, love!

How was
work?

It was great.
But I was
thinking of
you a lot.

Let's start
with dessert.

Oh, you are

I was leading a major company... which normally would be quite stressful, but thanks to the MCP most problems were dealt with without a hitch.

And at home, my lovely bombshell of a wife and my hot step-daughter awaited my return to make me feel good. Every fucking day! I was living the life!

Hello, Hexxet here,

This is my second interactive PAI Book. It's a lot different from OF:BF since I really tried to get that master Control program to life... which was a bit hard as it offeres so many options to change reality around you. Therefore, this PAI-Book turned into a lot of Endings with rather short paths (compared to OF:BF).

If this story is liked I might continue from one of the endings onwards 😊.

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops. Some free PAIs can be found on my homepage.
