«Hello Marc, do you remember me?~» Elodie, my ex, asked all smiling, her huge breasts perfectly enhanced by a huge cleavage.

Elodie and I have been together for a couple of years in the past, but we decided to part ways after a nasty dispute.

It was a relief for me, as she began to be jealous and possessive, leaving me out of most of my friends.

However, on her side, she didn't take it as well as I did, sending me messages over messages to apologise and try to get back to me.

After a while, she stopped, and I thought I was finally at peace, and decided to start a new life somewhere else in France, following my new girlfriend whom I had met at work.

Things went well for a few years, and I was happy. Until that day, when Elodie rang at my door.

I had no idea how she found me, but here she was, sexily dressed, smirking at me.

I knew her too well, and she clearly was seducing me.

She let herself in, and I let her do, frozen in disbelief, and she closed the door behind her. She jumped on me

at the second I was about to say something, kissing me passionately, her breasts pressed on my chest, her hands quickly finding the bulge in my pants.

I let her do it, secretly enjoying her kisses, and pushed her at the end.

«What was that? How did you find me? I have a girlfriend now, Elodie, and I'm happy with her. Our relationship was over for years, it is time you turn the page» I said, making her laugh.

«And? I know you would not say no to fuck me again and again. I know you, you have craved my curves as much as I wanted your huge dick~» She smirked, taking her clothes off despite my complaints, ending up soon fully naked.

Her body hasn't changed a bit; it was still like I remembered it, way too tempting to play with.

«I know what you are thinking... let's go to your bedroom~» She teased, knowing well I couldn't resist her, as she slid her hand under my pants and caressed my member.

She lay on the bed and I did the same, feeling her huge breasts in my hands, like in the good old days, my dick throbbing in anticipation, like in the good old days.

«I hate you, I love my girlfriend, you slut» I added, sliding my dick into her perfectly moist pussy.

«That's why you went so quickly inside of me instead of trying to push me out of your place? You know you would never find a better sex partner than me~» She smirked, placing my hands on her boobs.

«Come on, Marc, don't be shy, you know that I know how you loved those~» she added, wrapping her legs around me, as we both began to fuck passionately.

I nailed her, she rode me, I felt her gigantic breasts on my face, in my mouth.

She moaned, her sweet voice turning me on even more, her scent adding to the excitement.

After an hour, as I fucked her from behind, her huge breasts in my hands, I came in pleasure, emptying my cum inside of her like before.

«Hehe, your body is honest... and so will I be, I didn't take any contraceptive, because i really want to stay with you one way or another~» Elodie told me, looking down at her vagina dripping with my cum.

She let her fingers between her legs, playing with a cum droplet before putting it inside of her mouth.

«Deep down, I know you will enjoy this as much as I will. I am the best girlfriend you will ever have~»

«What? You slu... Actually, maybe I can accept this» IU

added, an idea in mind as I headed away from her.

«Oh really? I never thought it would wo-» She was about to reply, before I hit her with the costume gun, making her deflate.

«Letting you go back will only cause me trouble. But as you wanted, you will be with me forever, just not the way you wanted, hehehe» I smirked, picking up her deflated skinsuit, and throwing it into the bathroom to wash my cum away from her.

«Now, this done, no more way for you to get pregnant, even if I wear you for a long time»

I then went to where her stuff was, and opened her bag, to find that she came here by train. I took her clothes, bag and shoes, and put them in my safe next to my flashlight.

«He-he, now you will belong here, next to my flashlight» I smirked, before heading back to Elodie's skinsuit, drying in the shower.

I picked it, and opened her mouth, starting to push my leg inside of her, aligning hers over mine, feeling them reshape soon after. Then came her hips, and I felt a tingling sensation between her legs as my penis disappeared between her vagina, as I gained her butt too.

I put her head over mine, and a second later, I was fully her form, head to toes. Even her voice was mine.

I took a long look in the mirror, enjoying once more the magic of the skinsuits.

I was her. I had her whole body for my own pleasure. I could use her the way I wanted.

I groped her breasts, I began to finger my stolen body, and immediately needed to sit in the bathtub.

It was too pleasurable, too good, and I couldn't stay still. I moaned in her voice, I pinched her nipples so hard it was painful, as I slid a third finger inside of her vagina.

Then I came, squirting her love juice in the bathtub.

«Oh my Elodie. Your body is made to sin, built for sex. It is as amazing using it as you, than it is fucking you~» I purred in her voice.

«Knowing this, I will never need my flashlight any more... I can just inflate a sex doll inside of you, to turn you into the best sex doll known to mankind~»

As I was enjoying a late pleasure, running her hands gently on her body, her phone rang.

I took her phone, and looked at the name. It was her best friend Tiffany calling her.

«Who do we have here... this dumbass. Well, let's see what

she wants ~» I said, answering the call as Elodie.

«Hey Tiph! How are you?~»

«Well, Elodie, I wanted to call you to know how it was going with your ex. Have you found it? Has this idiot fallen into your body like I told you he would?~» Tiffany said through the phone, having no idea she was only talking to Elodie's body, inhabited by the ex.

This made me smirk, as I realised the irony, and how this poor woman could never find out she wasn't talking to her dear friend. Well, she was, but not really.

«Well, no, he isn't there. I lost so much money, time and almost everything. And that's because of you. You pushed me to do this. I don't want to see you ever again, I never loved you or anything~» I said as Elodie, faking to cry a bit, trying not to moan as I was running my hands on her body again.

«Wh...what? But I was your best friend for years and-» She began to reply, obviously crying on the other side.

«Shut up, I don't want to hear from you any more. I will use my very last money to go to India, I have always wanted to live there. Don't ever try to call me or find me, good buy~» I finished, ending up the call with a smirk on my stolen face, before I broke her cell phone and the SIM card, making sure nobody could trace me any more.

«Hahaha, with this bitch out, you are fully mine to keep forever! Oh, Elodie, you wanted to play with me... now I am going to play with you forever! And if ever get bored, I can give you to any crackhead that would be happy to become you, I think, hehehe~» I laughed devilishly at her, picking the scattered part of the phone from the floor and throwing it in the bin.

«Now... so many things to do, so little time before my girlfriend comes back. What to do?~»

I wandered around my flat, mostly grabbing Elodie's breasts and fingering her.

I tried to play some video game, feeling my new fat ass on my chair, but I needed to redo every one of my setup, as Elodie was shorter than me.

Then seeing my girlfriend's underwear drying, I got an idea.

«Hehe, I know it won't fit, but let's see how it looks. After all, as a play toy, I will have to dress her up if I want to go out~» I smirked, picking some of my girlfriend's underwear. I began to put them on, enjoying the soft fabric running on my skin.

«Look at this butt... the panties running up on it with her pervert expression on her face... I feel her pussy becoming wet, I am soiling my girlfriend's clothes, huhu~»

Then I tried to put the bra on, but as Elodie was way bustier, I had a hard time doing so, and her boobs fell out.

«Haha, of course it wouldn't fit, my boobs are way bigger than my girlfriend's one! Hmm, I wonder, though, what she

would say if she saw me like this... if I explained to her that this is also me... Probably not a good idea~»

Too exhausted to keep fingering, I just put my own clothes above Elodie's body, and tried to play some games with the controller, realising I had nothing to change for that matter.

Then, as the day went on, I realised it was time to take the skinsuit off, as my girlfriend was soon coming back home. I took all of my clothes off, ending up again naked as Elodie, before stretching her mouth wide open, and sliding her skinsuit away from me.

Then I put back my underwear, and realised there was Elodie's juice at the bottom of it, a leftover of my pleasure. I put the underwear on nonetheless, feeling wet under my balls.

«Hehe, this is mine after all, no different from sweating » I smirked, getting hard as I realised it.

I then picked up Elodie's skinsuit, and folded it like a used cloth before stuffing it inside my safe and closing it.

I then went back to playing on the computer. I greeted my girlfriend a short while later, yet I was eager to spend tomorrow working from home alone. On top of it, I couldn't wait for the weekend, knowing she was going away, leaving me a full two days and night alone, with so many possibilities ahead.

The very next day, once my girlfriend went out, I jumped on my safe and opened it, picking Elodie's skinsuit from inside, and wore it, reshaping entirely as her.

I lost no time picking her clothes from yesterday, wearing them over, enjoying the feeling the bra finally fit her boobs.

«This is exactly how you looked yesterday when you knocked at my door. Except, you had no idea what would happen, hihhi~» I said in her voice, teasing myself in the mirror. «Hehe, your body is honest... and so will I be, I didn't take any contraceptive, because i really want to stay with you one way or another... hahahaha, and that's what you will do~»

Having some time before needing to work, I decided to head out as Elodie to the closest sex shop. Once arrived, I entered, and immediately felt stared at by some creepy perverts lurking inside, looking at a porn video displayed on the TV.

«What are you looking at? Those? Here, if it makes you happy~» I said to the nearest creep, groping my boobs together, making them jiggle in my hands, a pervert smirk on Elodie's face as I watch the creep start to drool. «Ok enough, I hope you enjoyed it~»

Satisfied with the teasing and realising how good it was, I then proceeded to buy what I was here for: a vibrator and a dildo. I asked for the biggest one, and the seller looked at me with a lustful stare.

«Yes, I will plunge this huge dildo in my pussy, moan loudly...huuuuum...Actually, I have an idea~» I teased the seller, looking back at the first creep, who was still staring at me.

«Hey, what condom size do you use?~»

The man seemed confused.

«Come on, yes, I am craving a dick right now, and you seem to be ready for action. So I am asking you for your condom size so that we can fuck right on the spot~» I teased, feeling wet just by thinking that I would do my first time as a woman with a random stranger, in Elodie's body. I waited for the dude to tell me, and I turned back to the cashier, asking to add a condom on top of everything. «Yes you were right, I am a sex craving whore. You are the closest sex shop to me, so I may come here more often, because I might need more toys... and maybe you will be one?~»

I smirked at the cashier, whom I obviously turned on, and left with what I bought.

«Where is your car?~» I asked the pervert on my way out, confirming to him my will to do it.

He looked at the cashier, confused about what to do, and the cashier subtly told him to go for it, that such an opportunity wouldn't happen twice.

THE S-EX DOLL

Page 6/8 - by *ARIBETH*

We headed to his car, and he opened the door for me. I bent over, showing Elodie's butt on purpose to him, while I put his seat down, so I could sit on it.

I went inside fo his car, and waited for him.

«SO? Are you not coming?~» I teased, sliding Elodie's pants a bit, showing her shaved pussy, dripping from anticipation.

«Look at this slut's pussy... It is already too wet because it wants you~»

I looked at him as he came inside his car and took his pants off. His dick was hard rock, and it was huge.

«huuum, I can't wait~» I purred, as he removed my shorts, leaving me just with my fully soaked panties. Then, without a warning, he put his head on my pussy, and began to lick me, giving me the shivers.

«Ooooooh yeah! You are skilled!~»

He licked me for some minutes, making me moan in Elodie's voice.

This turned me on even more, to hear again the sounds I was used to make her cry, whenever I did her.

But I was the one doing them, because I was her.

As a reflex, I arched my back, letting the pervert lick me even deeper. I was in bliss.

As he kept licking me, I heard an alarm on my phone, and

I knew what it was.

I was about to be late for work.

«Please fuck me now, I have to go to work soon~» I begged him, pulling his head away from my private part. I watched him put on the condom and slide his member inside Elodie's vagina. Whole.

At this moment, I thought I was going to pass out.

I felt his dick rubbing my inside whole, from the beginning to the end, a never-ending melody of pleasure that was growing the more he pushed himself inside of me.

As a reflex, my hands went to my breasts, and I groped them firmly, adding to the pleasure.

I moaned loudly. Never have I heard Elodie moan like this. But here I am, doing it for her.

Then, the pervert began to move his hips, and the pleasure grew, but somehow I managed to see clearly through it.

«Fuck fuck fuck, a woman's pleasure is so damn great! Your dick is the perfect size!~» I moaned to the guy, who was focused fucking me.

«Hey, look at this whore's boobs, you can touch them, you know, don't leave me doing it whole myself~»

THE S-EX DOLL

Page 7/8 - by **ARIBETH**

«You speak in third person, as if you weren't this woman... this is so hot, I can't take it» The pervert groaned, holding tight my breasts, as I felt him fill the condom with his cum.

I wrapped my legs around him, and pulled him in for a kiss. He gave it back, moving his hips a bit to release the last droplets of cum, before sliding him out of me.

«It was amazing. You are amazing. You were my first time» the man admitted, making me smile gently.

«Oh really? You didn't tell me! Well, congratulations, buddy, for this, I hope it felt as good as you imagined~» I replied, hugging him tight, pressing my boobs on his face, so that he began to suck like a baby.

«huuum, that was too amazing for me. I had so much pleasure. Also, be careful, don't stare too much at women, it will reduce your chances of nailing one. I caught you easily looking at my tits that you are now sucking, so be careful if you want to nail others, ok?~»

«Yes... Thank you for everything. I still don't know why you did all this, told me that, but I am very glad» The man added, passing me my underwear and clothes. I put my shorts on, but left my soaked panties on his car seat.

«Will we see each other one day? What is your name?»

«My name is Elodie. And maybe, who knows. By the way, keep my panties as a souvenir, I don't want it~» I winked, kissing him before I headed out, back to my car, leaving him sniffing my soiled underwear.

Realising I might be running late, I headed back to my place. «That was so fucking amazing, and just in an hour! I can't wait to spend a whole weekend as Elodie, go to the club, dance, let a guy drive me to his place and fuck the whole Sunday ~»

I entered my flat, exhausted, took all of Elodie's clothes away, ending up fully naked, but put on one of my girlfriend's panties not to feel too cold.

«Ah, better! I am at home, after all, so why couldn't I stay naked? Even if in theory, I am not really~» I smirked, heading to my laptop and opening it, starting to work.

The day at work went on as usual, except for the two huge boobs hanging down under my sight, which I couldn't help but caress and play with from time to time, reducing by half the work I managed to do this day.

When the lunch break came, I ate, still as Elodie, and decided to try one of the toys I bought earlier. I took the vibrator out, and inserted it into my pussy, moaning a bit.

«I worked so hard this morning, time for a little treat ~» I sat back on the chair and activated it, immediately giving me as much pleasure as earlier with the pervert.

I just stayed there, on the chair, grabbing my huge breasts, while the vibrator made me shiver with pleasure.

THE S-EX DOLL

Page 8/8 - by *ARIBETH*

«This... is... so ... good~» I moaned, just lying on my chair, legs spread open like a whore, thoroughly enjoying this new toy.

I let the vibrator inside, and resumed my work in the afternoon, activating it from time to time. Needless to say, I accomplished very little that afternoon.

But it was damn worth it.

In the middle of it, I even had a meeting, with hopefully no camera needed. I kept Elodie's body with the vibrator running, but had to put my head out of the suit to get my voice back.

People were wondering why I felt exhausted, but I just said it was because of the very hot summer, and cut the mic just in time to moan once more, as I climaxed as Elodie again.

An hour before my day was over, and my girlfriend was about to come back from work, I was exhausted, lying on my couch, my pussy dripping with my love juice, and the vibrator was out of battery.

I exhausted, a looooong moan of pleasure, one last time as i climaxed after fingering.

«What a mess... I spent the whole day getting fucked, masturbating... Oh my gosh~» I moaned again as Elodie,

one long breath, before I turned to look at the clock on the wall, sighted for a long time.

«It is almost time to clean up all of this mess...~»

I stood up, not easily, my legs feeling numb, but I managed to tear open Elodie's mouth and slide out of the skinsuit, immediately feeling my legs back to normal.

Realising I hadn't sweated even a bit inside the suit, I just quickly washed Elodie in the sink, as the skinsuit was smelling like a girl who had done a lot of sport.

Once cleaned and dried, I put the vibrator, Elodie's skinsuit, and everything I bought today, in the safe, before dressing up and continuing my day until my girlfriend would be back from work.

Needless to say, I felt hard and wanted to wank myself, just thinking about the pleasure as Elodie, but I managed to resist it, and greeted my girlfriend with open hands.

She noticed nothing, except me being a lot happier and also horny, making him fuck her so strongly that night, she almost skipped her alarm the next morning.

Once more, I couldn't wait for tomorrow to do it all over again, and then the weekend, which was only a day after, I was eager to play with my new and wonderful sex toy.
