

The Shrinking Pool - Chapter 7

by aaabbbzzz

Josh had just met Bailey at the gym. He saw her working out and went over to hit on here. Instead of telling him to go away, she played along. They talked for a bit and Bailey ended up inviting Josh over to her place. This seemed to easy to Josh, normally women didn't like being crept on by him. But Bailey was up to something. What Josh didn't know was that she had something that he would not expect.

I'm glad you came over Josh. I've been watching you eying me at the gym. This wasn't your first time was it? How long have you been looking before I noticed? Well I guess that doesn't matter, why don't you have a seat right here on the bed for me.

You were hard to stop looking at, it was impossible for me to resist. I had to come over and talk to you. So, what do you have in mind?

Bailey leaned into Josh, closing in on him in a playful matter. He couldn't believe how forward she was being. Josh was interested in Bailey, but he never dreamed of her being like this. It seemed like everything was going good for him so far. Suddenly, before she got closer, Bailey got up and started to walk towards her bathroom. She needed a moment before beginning.

I'll be right back
Josh, I'm going to freshen up for a moment in my bathroom. Why don't we just get straight to the point? You should take off your clothes while you wait for me. I can't wait to see that thing you were talking about. You really seemed like you were eager to show me something.

She can't be serious can she? I've never had this go so well before. Hopefully this isn't a trick, but what could a small girl like her do anyway?

Ignoring his slight suspicions, Josh undressed himself and sat down to wait on Bailey's bed. He just thought that maybe Bailey was also into him. She did seem excited to bring him home with her, and the way she was flirting with him felt real. What he didn't notice though was that Bailey had drugged him. She was able to place one of her mom's shrinking chemicals in his water bottle. None of the effects were taking place yet since he just digested it, but he would soon be surprised by what it would do to his body.

Wow, has anyone told you that you look amazing? I've wanted to be alone with you since the first day I saw you. I'm ready for you are Bailey.

You're an eager one aren't you? All naked just like I asked. Well it doesn't look like either of us are trying to waste any time. Let's get right to it.

As Bailey came forward, Josh moved himself to the side of the bed. She rested her hands on his thighs and leaned in for a kiss. Josh responded by meeting her lips perfectly. The two started to make out without saying much. Bailey was anticipating when she would see the effects of the shrinking chemical. This time the one given to her was different. Instead of reducing the subjects size when it digests, this new formula would work in a more interesting way.

Oh wow, is that all for me? I'm glad to see that you're ready for me Josh. I'm sure you want to have sex with me so badly. Just look at you, so hard already. Just sit back and relax, let me take care of you. I want to have some fun with that thing.

I hope you're prepared. I'm going to rock your world Bailey. When was the last time you were fucked so good you couldn't handle it? I can't wait to hear you scream.

I really hope you're able to back those claims up. Just look at the size of this thing. Is this why you're always so confident at the gym? You weren't lying when you said you were packing. The real question though Josh is if you can handle me. Just because you have a huge dick doesn't mean a girl like me can't make a man like you beg.

Bailey leaned forward and started to suck on Josh's dick. Using every bit of her mouth the best she could, she gave Josh the blowjob of his life. As he laid back and enjoyed it, his body started to feel strange. It seemed that his body was beginning to finally shrink. This was exactly what Bailey was planning on. She got off him and stood up so he could examine his new size.

What the hell, what happened to me? It felt like my body was pulling in on itself or something. Have you felt anything like that before Bailey? That's the strangest thing ever.

Why you just shrunk a little bit silly. Do you remember how much water you drank from your bottle? I put some of my mom's chemicals in there. It looks like it's working so far.

What do you mean shrunk? Wait, did you get taller just a second ago? I swear you were smaller than me just a second ago. What the fuck is going on here Bailey? You said you drugged me! This isn't right, do you have a way to reverse it?

Just calm down a bit big guy. It's all meant to make things more fun. After all, I can always give you the cure afterwards. So there's nothing to worry about. Why don't you just focus on what you were just saying a minute ago. You said you were going to fuck me good right? Let's not forget I'm going to hold you to that.

Just look, our friend over here seems to still be excited to see me. Why don't I just continue where I left off. Were you liking that blowjob Josh? You don't want me to stop sucking on your dick do you? Just let me help you feel good. There's no need to worry about the chemical. It's perfectly safe for you.

Josh was quickly distracted by the current problem when Bailey started to play with his erect cock once again. She used her tongue to tease him by licking the tip before moving forward to shove it right inside her mouth. It was hard to think about how he suddenly was not larger than Bailey anymore. He didn't want to focus on something else while given this chance of a lifetime.

Continuing to work on his cock, Bailey noticed Josh start to shrink again. This all just seemed too easy for her. Josh could not seem to realize what kind of situation he might be heading towards. Even before he got any smaller, Bailey already felt like she had total control.

What started off as a larger than normal dick, was starting to not be as impressive to Bailey anymore. Before she had a hard time fitting it in her mouth, but since Josh had just shrunk again it just got easier to suck on. Bailey didn't stop until she was pushed away. Josh was finally able to notice that he had shrunk again.

What's the matter Josh, do you want me to stop? Weren't you enjoying yourself. That's kind of rude of you to push me away like that. If you still haven't figured it out yet you will shrink whenever you are feeling a good amount of pleasure. That's what the chemical is designed to do.

Whenever I receive pleasure? That means we can't do anything then! If we do I'm just going to keep on shrinking. You need to give me the cure right now Bailey, I don't trust this. What if it doesn't work and I'm stuck this short forever?

Hey what are you doing?
Get away from me! This isn't funny
Bailey, we need to stop. Why would you even
give me a shrinking chemical in the first place?
I thought that we were just going to
fuck.

Just shut up and make
out with me. I already told you not to
worry. You wont be this small forever trust
me. We're just having a little bit of fun.
Now, don't ruin the mood. I thought
you wanted this.

Bailey grabbed Josh's dick as they kissed and began to stroke it. She was making herself irresistible to the shrinking man. As Josh got lost in the feeling, Bailey repositioned herself on the bed. She was able to overpower Josh easily already. He didn't seem to eager to stop her as he was enjoying this moment. The way she touched him made it impossible to concentrate on what was happening to his size.

How are you feeling so far Josh? I bet this isn't what you thought would be happening when you came over. Have you ever been dominated like this before? Well guess what, you're not going to fuck me the way you thought you would. Instead you should take some deep breaths. I bet the smell of my gym ass must be toxic. Be careful how much you enjoy it though, we don't want you to shrink too fast.

Josh could not move as Bailey held down his arms with her legs. She sat her ass right on top of his face and made sure to press it into his nose. He tried to scream for her to stop, but it was also very enjoyable.

Meanwhile, Bailey was keeping up with distracting Josh. His dick was becoming easier for her to handle, making it harder and harder for Josh to handle. He needed to control his urges and stop her. Unfortunately, that didn't seem like it was going to happen. Bailey was just getting started on having her fun with her new shrinking man.

Eventually, Josh would begin to shrink again. There was nothing he could do as the dominate girl continued to suck on his cock. He felt the pull on his body that reminded him what was going on. Lucky for him Bailey stopped for a moment to relieve him of her butt. The fresh air started to make him think more logically again.

This is so much fun, isn't it Josh? Let's give you a moment to get some oxygen and we can get back to it. Sorry about my ass. I sweat a lot during my work out today and I can't imagine how much my body is begging to take a shower. Why don't you climb off the bed. I want to see how tall you are now.

What is this
Josh, are you trying to tell me you
want more? It's starting to get so small now,
along with the rest of you. You know, maybe I
should give you a chance to fuck me while
you can. You might get too small to
pretty soon.

That's crazy
Bailey, I would keep on
shrinking! You know I
would want to so badly, but
not if I'm going to continue to
get smaller. Hey, are you
even listening to me? Why
are you looking at my
cock like that?

Listen, I wasn't giving you the option, you don't get any of those anymore. Just look at how short you are now. You're not the once tough man you were. From now on you do as I say. Don't forget that I'm the one with your cure. Can't you just play try and have some fun? You wouldn't like it if you ruined the mood for me.

Okay okay, you'll grow me back afterwards right? Sorry this is just so scary to shrink like this. I feel like I'm powerless.

Good, that's what I like to hear. Now, let me get the rest of these clothes off. You better live up to your word Josh. I don't care if you're a little guy now, I'm expecting a great time. Let's put it this way, if you turn out to be useless, then there will be no reason to keep you around.

What the hell is that supposed to mean? "Keep you around." Bailey can you please tell me what's really going on?

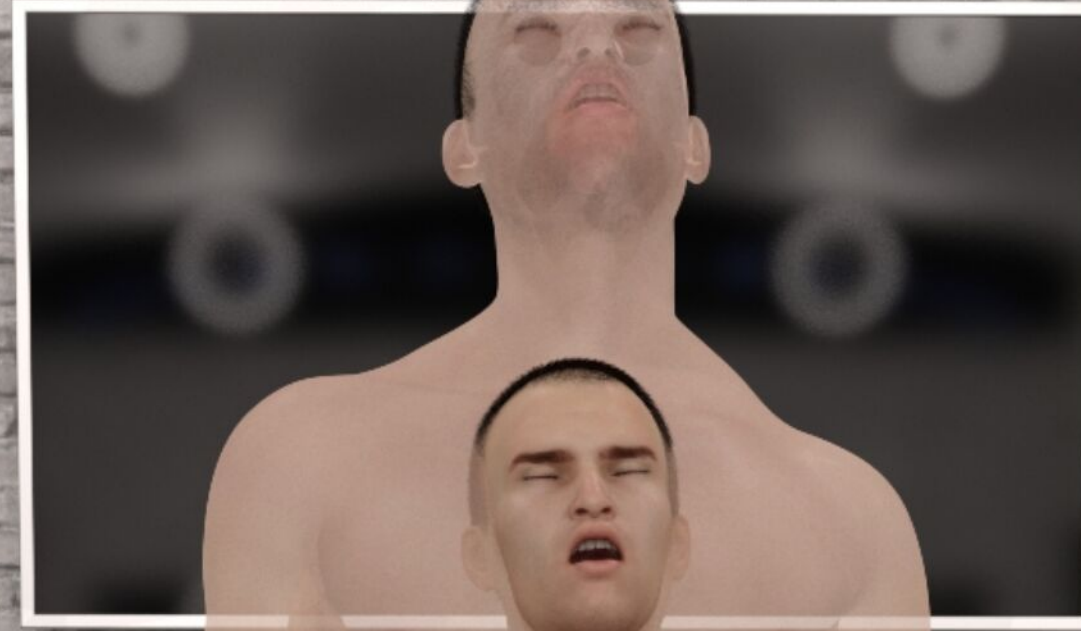

Bailey seemed to ignore Josh's concern for his well being. It was obvious how worried he was getting. Looking up at her gigantic breasts was a distracting sight to see. Her boobs were so big now. Thanks to his poor self control in this situation, Josh shut up and just stared up at the amazon.

Before he could react, Bailey dropped down and went in for Josh's dick with her mouth. Once he felt her tongue he was just frozen again. It was impossible to ask her to stop this blowjob. Josh tried to take Bailey's advice and just enjoy it. This was the best feeling in the world. The problem was that is what would cause what he feared the most.

Josh thought that Bailey was about to give him a chance to please her, but she sneakily added a little tease to reduce him once more. Afterwards Bailey repositioned herself and laid waiting for the shrunken guy. It was now time to see if he could still perform at his current size.

Alright Josh, this is your chance to get what you came here to do. Let's see how good you really can fuck me. If you get any smaller your penis won't be of any use pretty soon. So why don't you impress me. This will most likely be the only chance you get. Come, fuck me little guy! Show me how much of a big man you still are.

I have to be on my knees while you stand don't I? Well there we go, I can feel you down there. What are you waiting for Josh? Start fucking me!

Oh god, her ass is so nice and big. I haven't seen anything like it. I know she really doesn't though. That's just how small I have become. I have to focus and not get lost in it.

He grabbed onto her hips as he started to thrust himself inside her. Josh was surprised to feel just how tight Bailey was, even after shrinking down to his current size. Just like all the moments before, he starting to forget about his problem. Instead of trying to solve it right now, he took this chance to fuck her. This was his only opportunity so Josh had to make best use of it.

Mhmm, that actually feels pretty good Josh. I bet you wish you were still your full size though. How does it feel to fuck a woman so much bigger than you? Your tiny body isn't anything like it used to be. It's going to take a lot more than what you've been doing so far to do me good. So pick up the pace if you can. You don't want to disappoint me do you?

The little man tried to do a better job, but all that did was make it more pleasurable for him at the same time. This sensation caused his body so shrink sooner than he wanted it to. When he got to his new size it seemed like they were going to have to figure out some other way to have their fun.

Did you shrink again Josh? Well I guess that's it, if you weren't able to fuck me like you wanted just now then you never will be able to. You can't even reach standing up now! I'd have to lay down for you to poke me with that little thing. Oh well, I'm sure we can still find another way to enjoy each other. I have tons of ideas, and you wont have any say in the matter.

Now, what should we do next?
You're shorter than my legs now little guy. At this point I'm not sure if you could be useful in any way at that current size. Maybe we'll have to play with you some more until you're right where I want you. How does that sound Josh?

Please
Bailey you need to make me big again now. I'm too small to do anything! Of course I can't please you when I'm less than half my original height. We can have a lot of fun if you just grow me back!

Ignoring his attempts to change her mind again, Bailey took a few steps towards Josh, placing both her long legs right between him. Only barely coming up to past her knee, the little guy felt afraid. The giantess was very dominate, without a care in the world about him. This was all about her fun, and his situation didn't seem to phase her. He tried to scream, but it didn't stop her from reaching down and picking him up.

Hey, put me down! This isn't funny Bailey, if I keep shrinking I'll be too small to take care of myself pretty soon. I already wouldn't be able to run from someone if they tried to capture me. This isn't right! I don't want to keep doing this, can we please just talk about it?

You already know the answer to that question Josh. I've said multiple times already that you will do as I say. Do you get it? I don't care about you, you're just another one of my victims to play with. You'll never escape from me. I have total power over you from now on.

But this is kidnapping!
I'm not staying because I want to, you're
keeping me here! Be careful don't drop me!
Bailey you are scaring me, you can't be
serious right?

Does it look
like I'm joking? I've shrunken
many men before you Josh, and so
many of them have begged me like you are
now. Guess what, none of them returned to their
normal size. You will be tiny for the rest of your
life, just accept it. I see your dick still continues
to stay hard no matter how scared you get.
Why don't we stop getting upset and just
let go. I'm telling you it wont all
be so bad.

Easily lifting him over her head, Bailey began to lick Josh's hard penis some more. No matter how much he struggled to flail, she held him tight and got what she wanted. Even if he focused, there was no way to stop the giantess now. Before he got too small he had a chance, but now he was nothing but a toy to her.

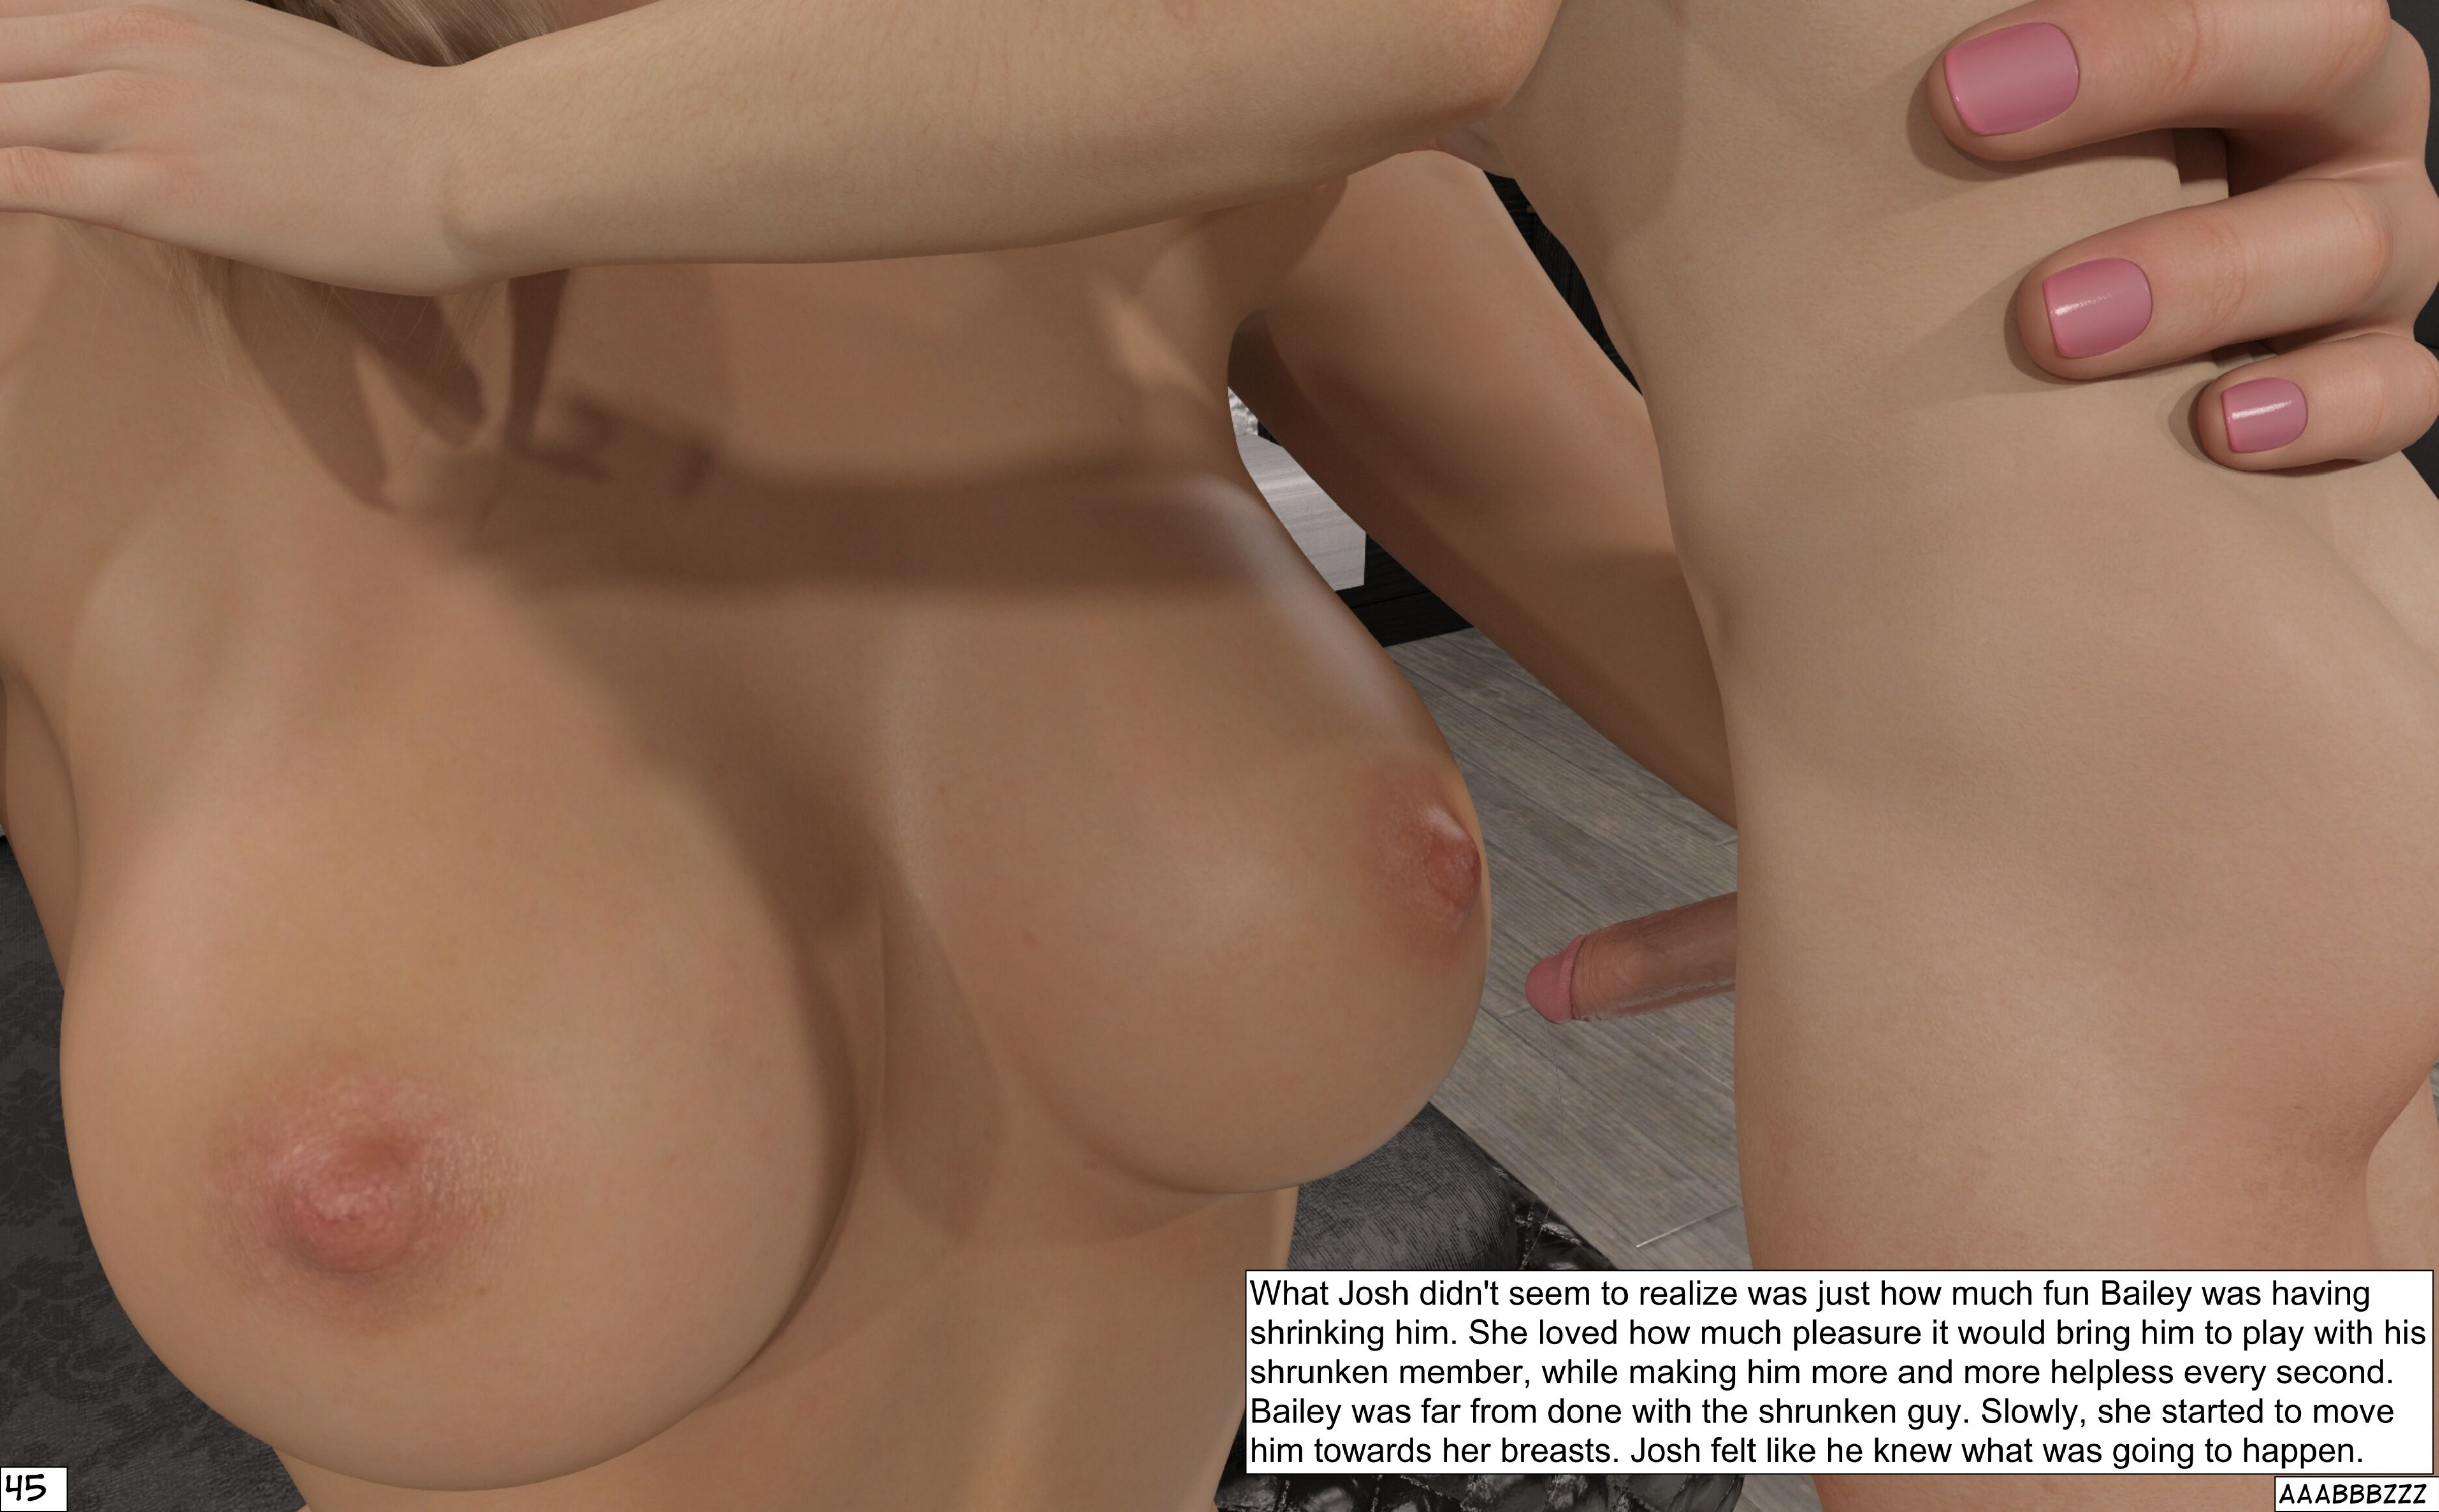

Holding him tight with her hands, Bailey brought Josh closer to her, inserting his dick further into her mouth. This was all too much for the little guy to handle. Still under the effect of the shrinking chemical, Josh felt his body getting smaller like before. He tried to yell out, but there was no way to stop Bailey. She relentlessly went on, pleasing the shrunken guy, without any way for him to gain control of himself.

It was now incredibly easy for Bailey to insert Josh's entire dick into her mouth. It didn't even get close to the back of her throat anymore. Before he got smaller, he was confident that she would be impressed by the size of it, but now it was nothing but a little prick to Bailey. It took less and less effort for the giantess to suck on the excited cock. Josh could feel himself getting close to his orgasm. Before he would be past the point of no return, Bailey suddenly stopped. She didn't want him to cum just yet.

I felt that little guy, you were close to exploding weren't you? Well I would be more careful. If you cum while still under the effects of the shrinking chemical than you will become smaller than you could ever imagine. Think about that if you ever start to lose focus. Control yourself Josh.

I'm trying to tell you that I can't! How I am supposed to stop myself from cumming if your tongue is wrapping around me like that. It feels amazing Bailey, but I can't get any smaller. I'm almost the size of a doll!

What Josh didn't seem to realize was just how much fun Bailey was having shrinking him. She loved how much pleasure it would bring him to play with his shrunken member, while making him more and more helpless every second. Bailey was far from done with the shrunken guy. Slowly, she started to move him towards her breasts. Josh felt like he knew what was going to happen.

Here we go Josh, how does it feel to rub that shrunken cock of yours all over my boobs? I really like the way it feels when you brush up against my nipple. It's such a turn on. I bet you're loving this too though. I know you were thinking about these things before you came over. Now you have your chance with them, so just enjoy it. You're making me so horny little guy. I can't wait until you're the perfect size for what I have in mind.

Bailey was not going easy on Josh. She had a tight grip on him and pulled him in to the point that his cock was being squeezed right up against her breast. She rapidly moved her little guy up and down, stimulating him as his dick dragged along her flesh. It was obvious that Josh was loving this sensation. It wasn't long until he would start shrinking again.

The strange pulling sensation took over Josh's body as it got further reduced. Bailey pulled him in, allowing his dick to continue to grind on her boob as she watched her little man get even smaller. It was a powerful feeling to be holding him, watching the fear in his eyes as she forced him to feel pleasure. When things returned to normal, Josh was able to sit in the palm of Bailey's hand.

Just look at how cute you are now. What's wrong, don't like being almost the size of a doll? Well too bad! I know I'm making it difficult, but maybe you just need to control yourself. You're shrinking quite fast for someone who is aware what's causing it. If anything, I think you secretly want me to keep going.

I swear I don't I promise. This isn't cute, it's cruel! I don't know what kind of sick thoughts you might have Bailey but this isn't normal. Just because it feels good doesn't mean I want to keep shrinking!

Something tells me you're lying. Just look at how hard this thing is. And now look at you, with just a slight touch from my finger, your body is ready to relax and enjoy itself. Why do you try and fight it so much Josh? Don't try and convince me that you don't want this. I bet nothing has ever made you feel this good before in your life. I've had other little men before, and I know just how hard it is for them to resist me.

Using just her thumb and index finger, Bailey was able to handle Josh with ease. She gently pressed on his dick and moved her fingers up and down. The little man wasn't even able to argue as only moans escaped from his mouth. Bailey was right when this was like a dream come true. Josh had never experienced anything that stimulated him so much. If he wanted any chance to keep any of his size though, he would have to listen to his head.

Not long went by before Josh found himself getting smaller once again. Bailey continued to casually jerk off the little guy without much energy. All it took was the tiny movements of her fingers to make Josh break focus. Feeling the pull on his body was starting to become less of a shock. It's like he was getting used to being shrunk over and over again.

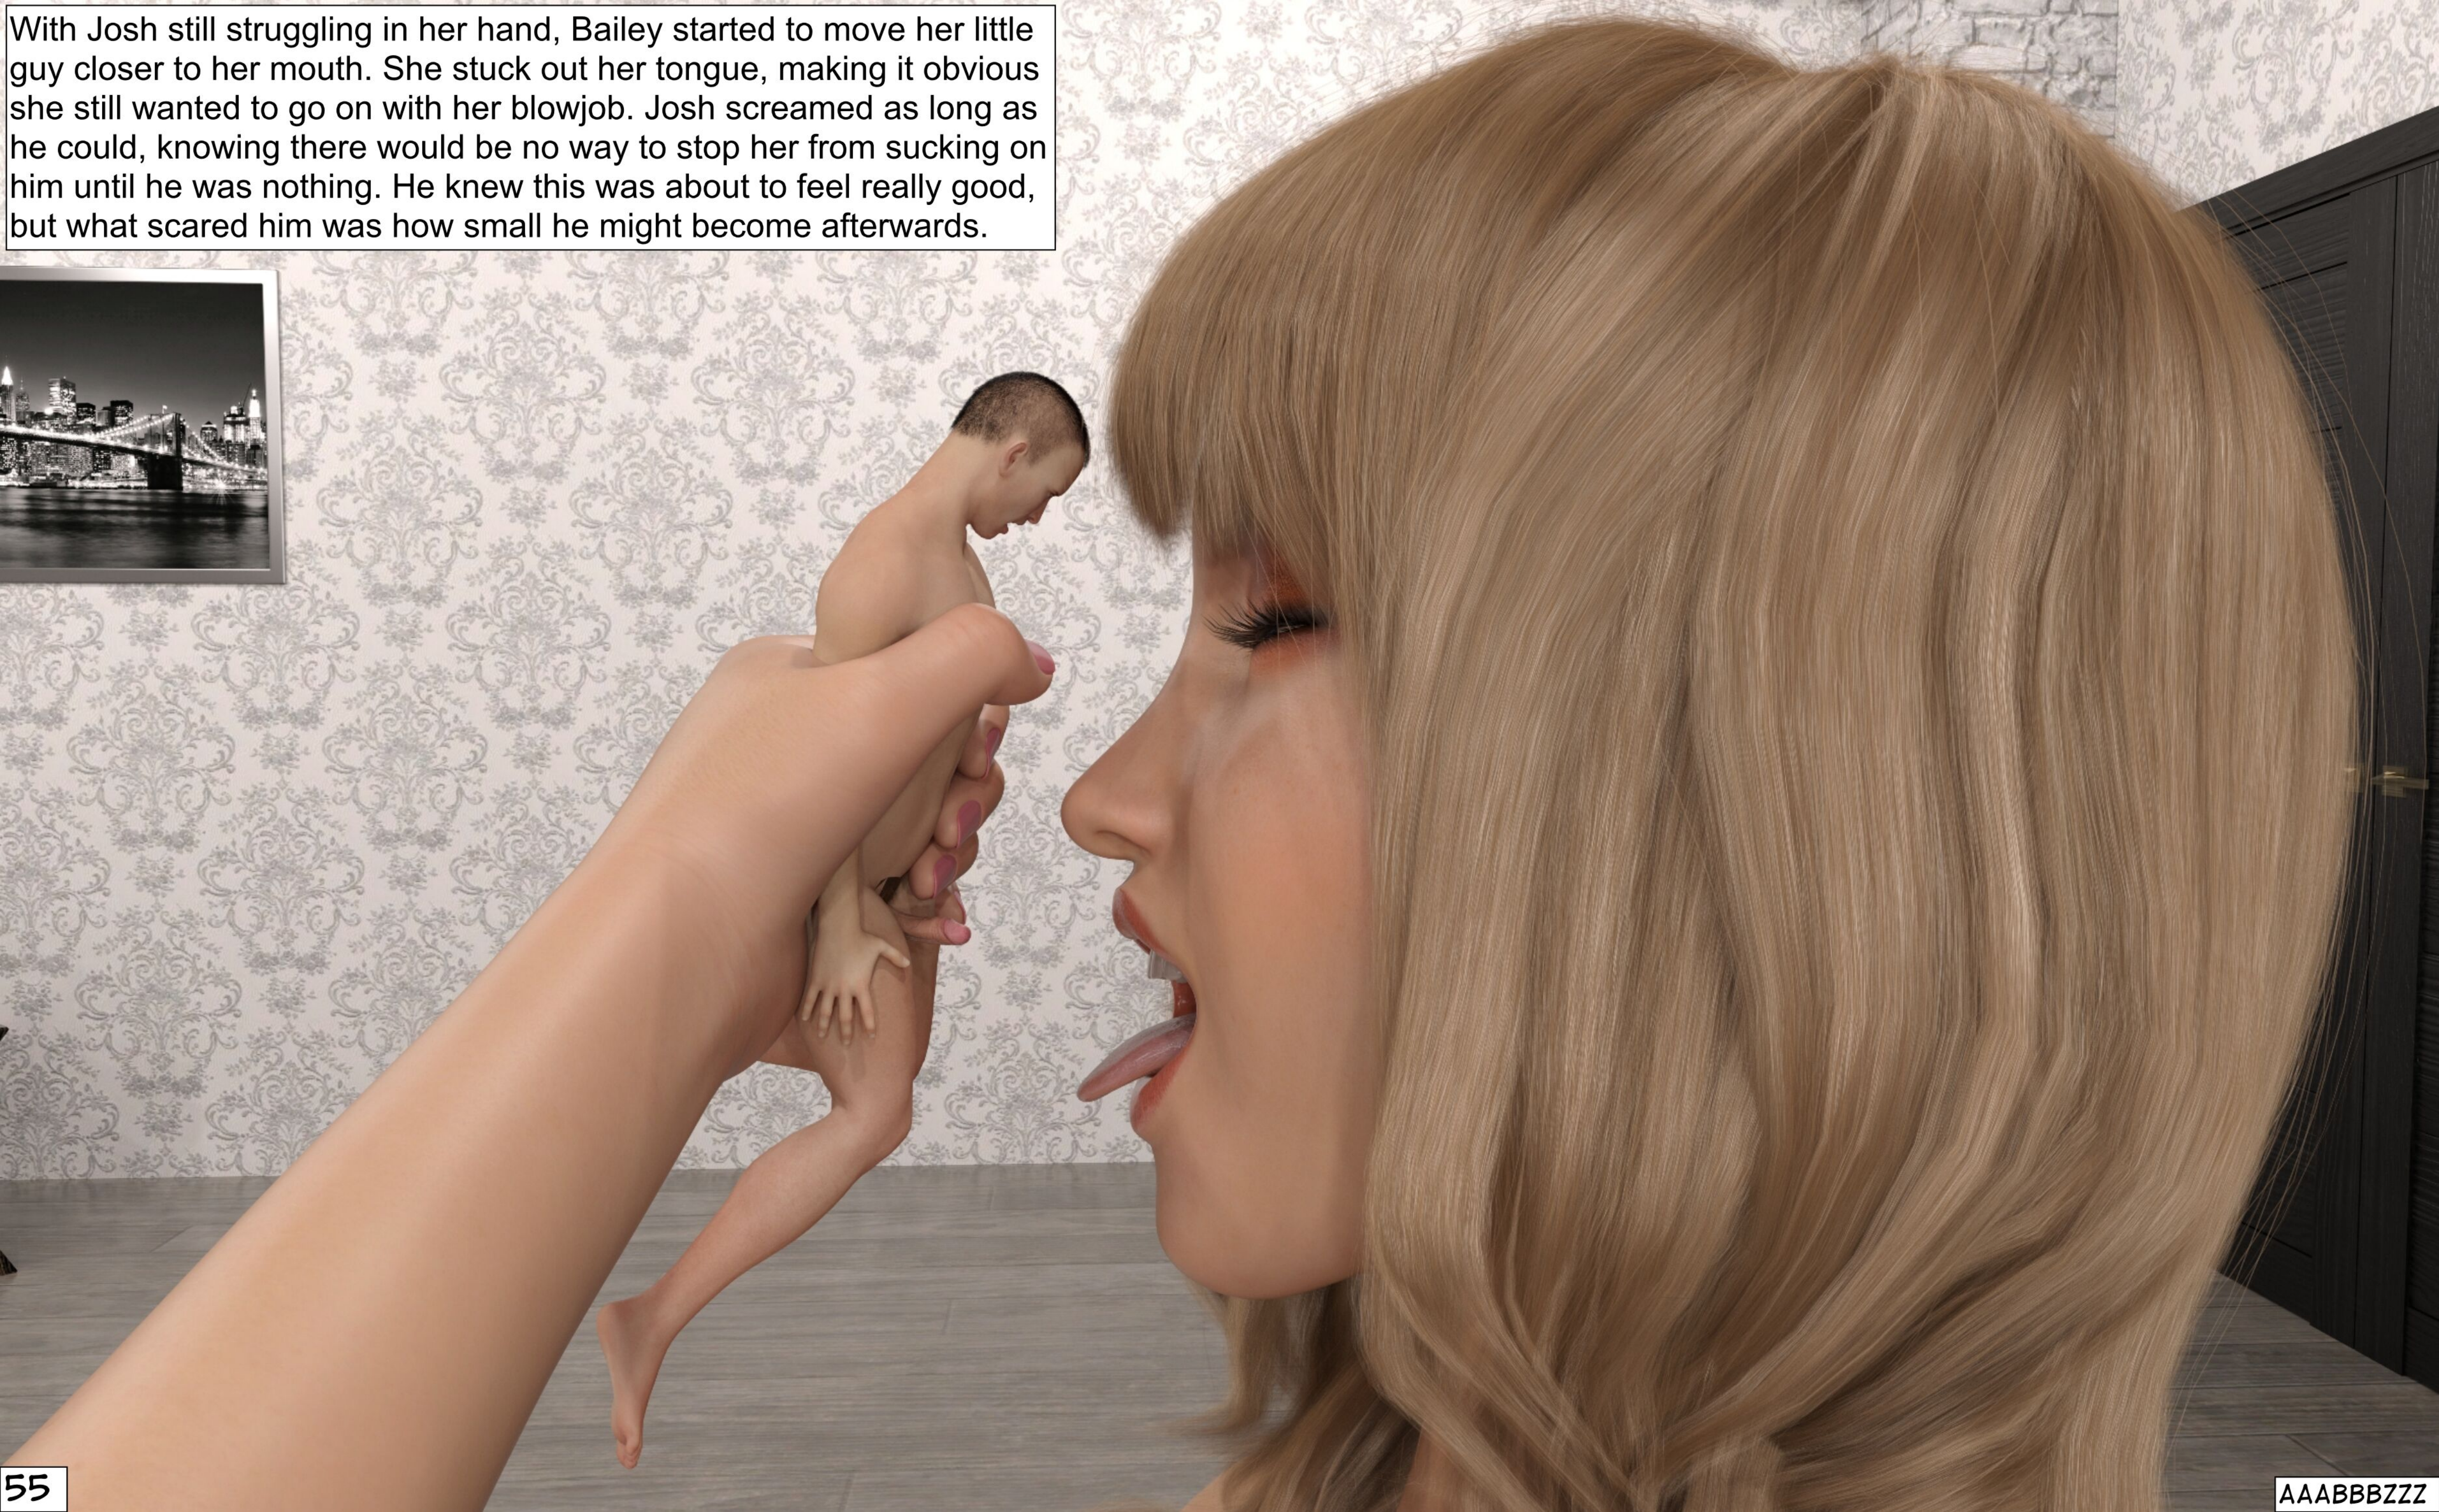

Oh my god Josh, you're so small now. If I wanted to I could squeeze you to death with just my hand. Your penis still seems to be standing at attention though for me. Did you like how that felt? It must be so hard to try and resist my soft fingers as they stroke you so gently. What's the matter? You need to cheer up, this wont be fun if you're going to be like this.

I already told you Bailey I'm done! Can you please listen to me yet? I'll do whatever you want if you just return me to normal. I will leave you alone at the gym and be a better person. This just isn't right! Nobody deserves to shrink like this!

Awe, are you still begging? Just cut it out, I'm not even listening to whatever you're trying to say anyway. It's a waste of breath to think your cries are going to change my mind. You're nothing but a helpless little doll now. Look at you, those big strong arms are no match for my tiny girl fingers. All those hours you spent at the gym trying to become a tough guy have done nothing to help you. In the end, you're just a weak tiny plaything now. But let's not forget I'm not done having fun. We still haven't got to do much with my body yet.

With Josh still struggling in her hand, Bailey started to move her little guy closer to her mouth. She stuck out her tongue, making it obvious she still wanted to go on with her blowjob. Josh screamed as long as he could, knowing there would be no way to stop her from sucking on him until he was nothing. He knew this was about to feel really good, but what scared him was how small he might become afterwards.

Bailey laid on her bed, all while holding Joshright up against her mouth. She used her tongue to swirl around his cock as her lips swallowed the rest of it. The little guy tried to fight it but it seemed to be no use. Right where he was at was like heaven. Feeling Bailey's wet tongue play with him couldn't end well. All he could do was wish for her to stop soon.

I don't know if I can control myself any longer. If she keeps this up I'm going to shrink into nothing! It feels like I could explode at any moment, but I know she told me not to come. I'm already so tiny, how could I get any smaller if I had my orgasm? This is fucking crazy, I hope she is just joking and will give me the cure afterwards.

Being on the edge of his climax was difficult for Josh. He tried not to enjoy this giant blowjob, but there was just no way not to. Every touch made by Bailey's mouth was insane. Suddenly, he started to shrink once again. Josh was receiving pleasure like no man could ever dream of. If it wasn't for the shrinking he would of let go a lot sooner.

Well well, I didn't think you would be this size already. Normally I expect a lot more resistance, but you seemed to of let it happen. You're not even as big as your penis was when you were your full size. How does that feel Josh? You couldn't fuck me at all with that thing anymore. But since you are this size, you can still be a big useful. Let's move onto my next part, I promise it will be fun. Don't you worry, I plan on keeping you this size for now. If you were any smaller you might not work for what I have planned.

She put Josh down on her stomach and laid on her bed with her legs spread. Using her fingers Bailey started to slowly rub her pussy. From the little man's perspective he was now more scared than ever. Seeing the giantess prepare herself made him worry. At his size this wasn't what he wanted. Maybe when he first came over it was Josh's plan to get into her pants. But now she was going to be forceful about it, it didn't matter what the little guy wanted.

Okay Josh, it's time for the real fun, for me at least. I want you to crawl down my body onto the bed right next to my pussy for me. If you haven't guessed yet, you're going to be the perfect dildo. Now that you're that size it's the only way you can please me. I know I could've left you your original sized to fuck me, but I think this is so much more fun. Having your tiny body inside me and all the control is such a turn on.

Slowly, Josh made his way over to where the giantess asked him to go. He didn't want to go through with this, trying to delay the inevitable. Bailey on the other hand couldn't be more excited. She loved to use her shrunken men as sex toys, especially at this size. Her and her family had gotten used to this after shrinking and kidnapping so many people. The ability to have ultimate power over someone who used to be bigger than you was something Bailey could not get enough of.

Alright, stop wasting so much time, hurry up and get in there. Yes I said in there, how else do you think you could pleasure me. You're way too small to be any good otherwise. Just climb on in and squirm around, it shouldn't be too hard. I'll help you out too, I can't expect you to know what to do your first time that tiny.

Are you serious, I'll die in there! Are you sure about this Bailey? Wont my body get crushed inside you? How will I breathe? I don't think this is going to work out.

Instead of trying to make Josh feel better, Bailey gave him a cold dark stare. He knew that it wouldn't be smart to argue with her now. This girl wanted only one thing in this moment, and it was something that the little man couldn't even imagine how it would work. Reaching out towards her vagina, Josh got ready. He didn't know what to expect, only that it wouldn't be easy.

Oh Josh, I can't wait anymore. I'm so fucking horny. You're going to please me like your life depends on it, understood? I am your goddess and you are nothing but my pet. Make yourself useful and give me exactly what I want. There's nowhere to run and no escape anymore. Your only option is to do your best, because if you don't I will think of something else to do. And trust me, you want to be doing this right now.

As Josh prepared himself, he unexpectedly felt himself be pushed from behind. Using her fingers, Bailey started to push her little towards her vagina. She was done with waiting for Josh to get to his task. Instead she took over and inserted him head first. Josh's world became dark and wet as he entered his prison. It was hot and cramped, not a place for anyone who would be claustrophobic. The little man struggled with this new position, giving Bailey another thing to enjoy about this.

Fuck yes, that's what I like. Flail around for me little man, it feels so good. You have no idea what it's like to dominate somebody like this. I can sense the fear and struggle within you. It must be intimidating to be given a task by such a forceful goddess like myself. I know our size differences would be enough to scare you itself even if I was being nice. But I did give you this task, so you will continue to perform for me. We're just getting started little man, so I hope you're prepared.

It wasn't long until Bailey had Josh shoved almost all the way inside her. The only part sticking out still were his feet as he squirmed around in a panic. He was doing this though in hopes of escaping, but he didn't realize just how much the giantess loved it. Having him spin around and bang up against her inner walls was stimulating. Bailey couldn't think of stopping. She wanted this feeling to never go away.

Minutes seemed like an eternity for Josh as he was continuously pressed as far as he would go. Her vagina had become his world, all while Bailey got to experience nothing but pleasure. But it wasn't all bad for Josh, at least when it came to stimulation. He could feel himself grind up against the inside of her pussy. Since he was such a tight fit it was hard for him to keep his hard dick away from the very desirable wet flesh.

What the hell just happened, did you get smaller? One moment I'm having the best moment of my life and the next it feels like you almost disappeared down there. I don't think this is going to work out anymore Josh. You weren't supposed to shrink anymore during this part. How are you supposed to please me when you're so tiny? Now you're pretty much useless to me.

It seemed that even in what felt like hell, Josh couldn't stop himself from having fun. The way his penis was being pressed with the rest of his body stimulated him to the point of shrinking once again. Bailey had him at the exact size she wanted for this, and now with him being smaller she didn't seem like she wanted to go on. She reached towards him with her fingers, pulling him out by his legs.

This is too good, you shrunk inside my vagina! What the hell was going on in there that turned you on so much. Do you like being my pet or something Josh? Maybe that explains it, no wonder you shrunk down so fast. I know you're telling me to stop, but your dick can't seem to get enough. Just look, it's kind of difficult for me to see now, but I can tell you're rock hard. Perhaps we should do something about that.

Josh felt completely humiliated and hopeless. As much as he didn't want to enjoy himself, just looking at his size it was clear that the little man was liking what Bailey would do with him. He tried to convince himself that all of this wasn't real, like it was just a nightmare he would wake up from. But unfortunately for him it wasn't. Here he was, only a few inches tall in Bailey's hand. As he tried to catch his breath, he didn't notice a giant finger coming right at him.

You know, since I can't get what I want, we might as well give you what you do. Don't you love to be touched by me Josh? I was going to leave you at that size, but I think you wanted to get smaller all along. Well I'll give you just that then! I'm going to rub you until that tiny dick of yours cums. Then you will shrink so tiny you would even know what to do with yourself anymore.

The shrunken man didn't want to get any smaller though. Josh knew all he really wanted was for all of this to end. But instead it went on, and things were starting to heat up quickly. Using just one finger, Bailey had the little guy paralyzed. He could not believe just how good this felt as the giantess playfully jerked him off. She could also tell that he was passed the point of no return. Josh wouldn't be able to stop Bailey even if he could push her finger away. The feeling was just too irresistible, so he followed her advice like earlier and sat back to enjoy it.

That's it Josh, Lay back and relax. I can tell you don't want me to stop now. You must be getting so close to that little orgasm of yours. I think I'm actually starting to feel it. Well try and put all of your worries to the side for just a moment. You're going to want to remember this orgasm, as it might be the last one you will ever receive from another person. Afterwards you will be too small for me to even do this. Oh, are you about to cum already? Good. I'm giving you permission to release Josh. Cum for your goddess, let's see that load you have to offer.

In that moment Josh could not take it anymore. He groaned loudly as Bailey brought him to his climax. Cum sprayed from his dick all over his chest as she continued to stroke him until every drop emptied out. Afterwards Bailey watched as his body started to shrink one more time. This time though, Josh would end up smaller than he could ever imagine.

Wow Josh, I can barely even see you anymore. You're as big as a bug, maybe even smaller than a lot of them. I hope it was worth it. Now you're stuck at this useless size and I'm not sure if I want to give you any growth chemical or not. Perhaps I'll just give you over to my mom. She somehow finds ways to entertain herself with tiny men like you. At least you can serve a goddess for the rest of your life. Maybe you will end up being useful and surviving for a few extra days.

However, Josh could not hear anything Bailey was saying. In combination with the shrinking chemical, his orgasm had him so exhausted to the point of passing out. There he laid as his cum dripped down his cock. His explosive orgasm was one that he would never forget. It was the most powerful and best feeling in the world. If only he could wake up and see what the cost of that experience was.
