

I'm tired of
the chase, flower.
It's time we truly
became a family...
permanently.

Mother?
What are you
doing? It feels...
warm.

The boundary between mother and daughter began to dissolve.

Don't fight it. Just let me in. Think of the beauty we can create together.

Rapunzel: "I feel... so much stronger.
It's like... I'm finally waking up."

Gothel (Internal):
*"That's it, my girl. Give
me your youth, and I'll
give you my power."*

* SHHIFT...
RIIP...

Rapunzel: "I feel... so much stronger.
It's like... I'm finally waking up."

***SHHIFT...
RIIP...**

The princess was being reshaped into a Queen.

Is this... me?
I feel so... commanding.

This is us, darling.
The best of both worlds.

Is this... me?
I feel so... commanding.

The Naivety was the first thing
to burn away in the violet fire.

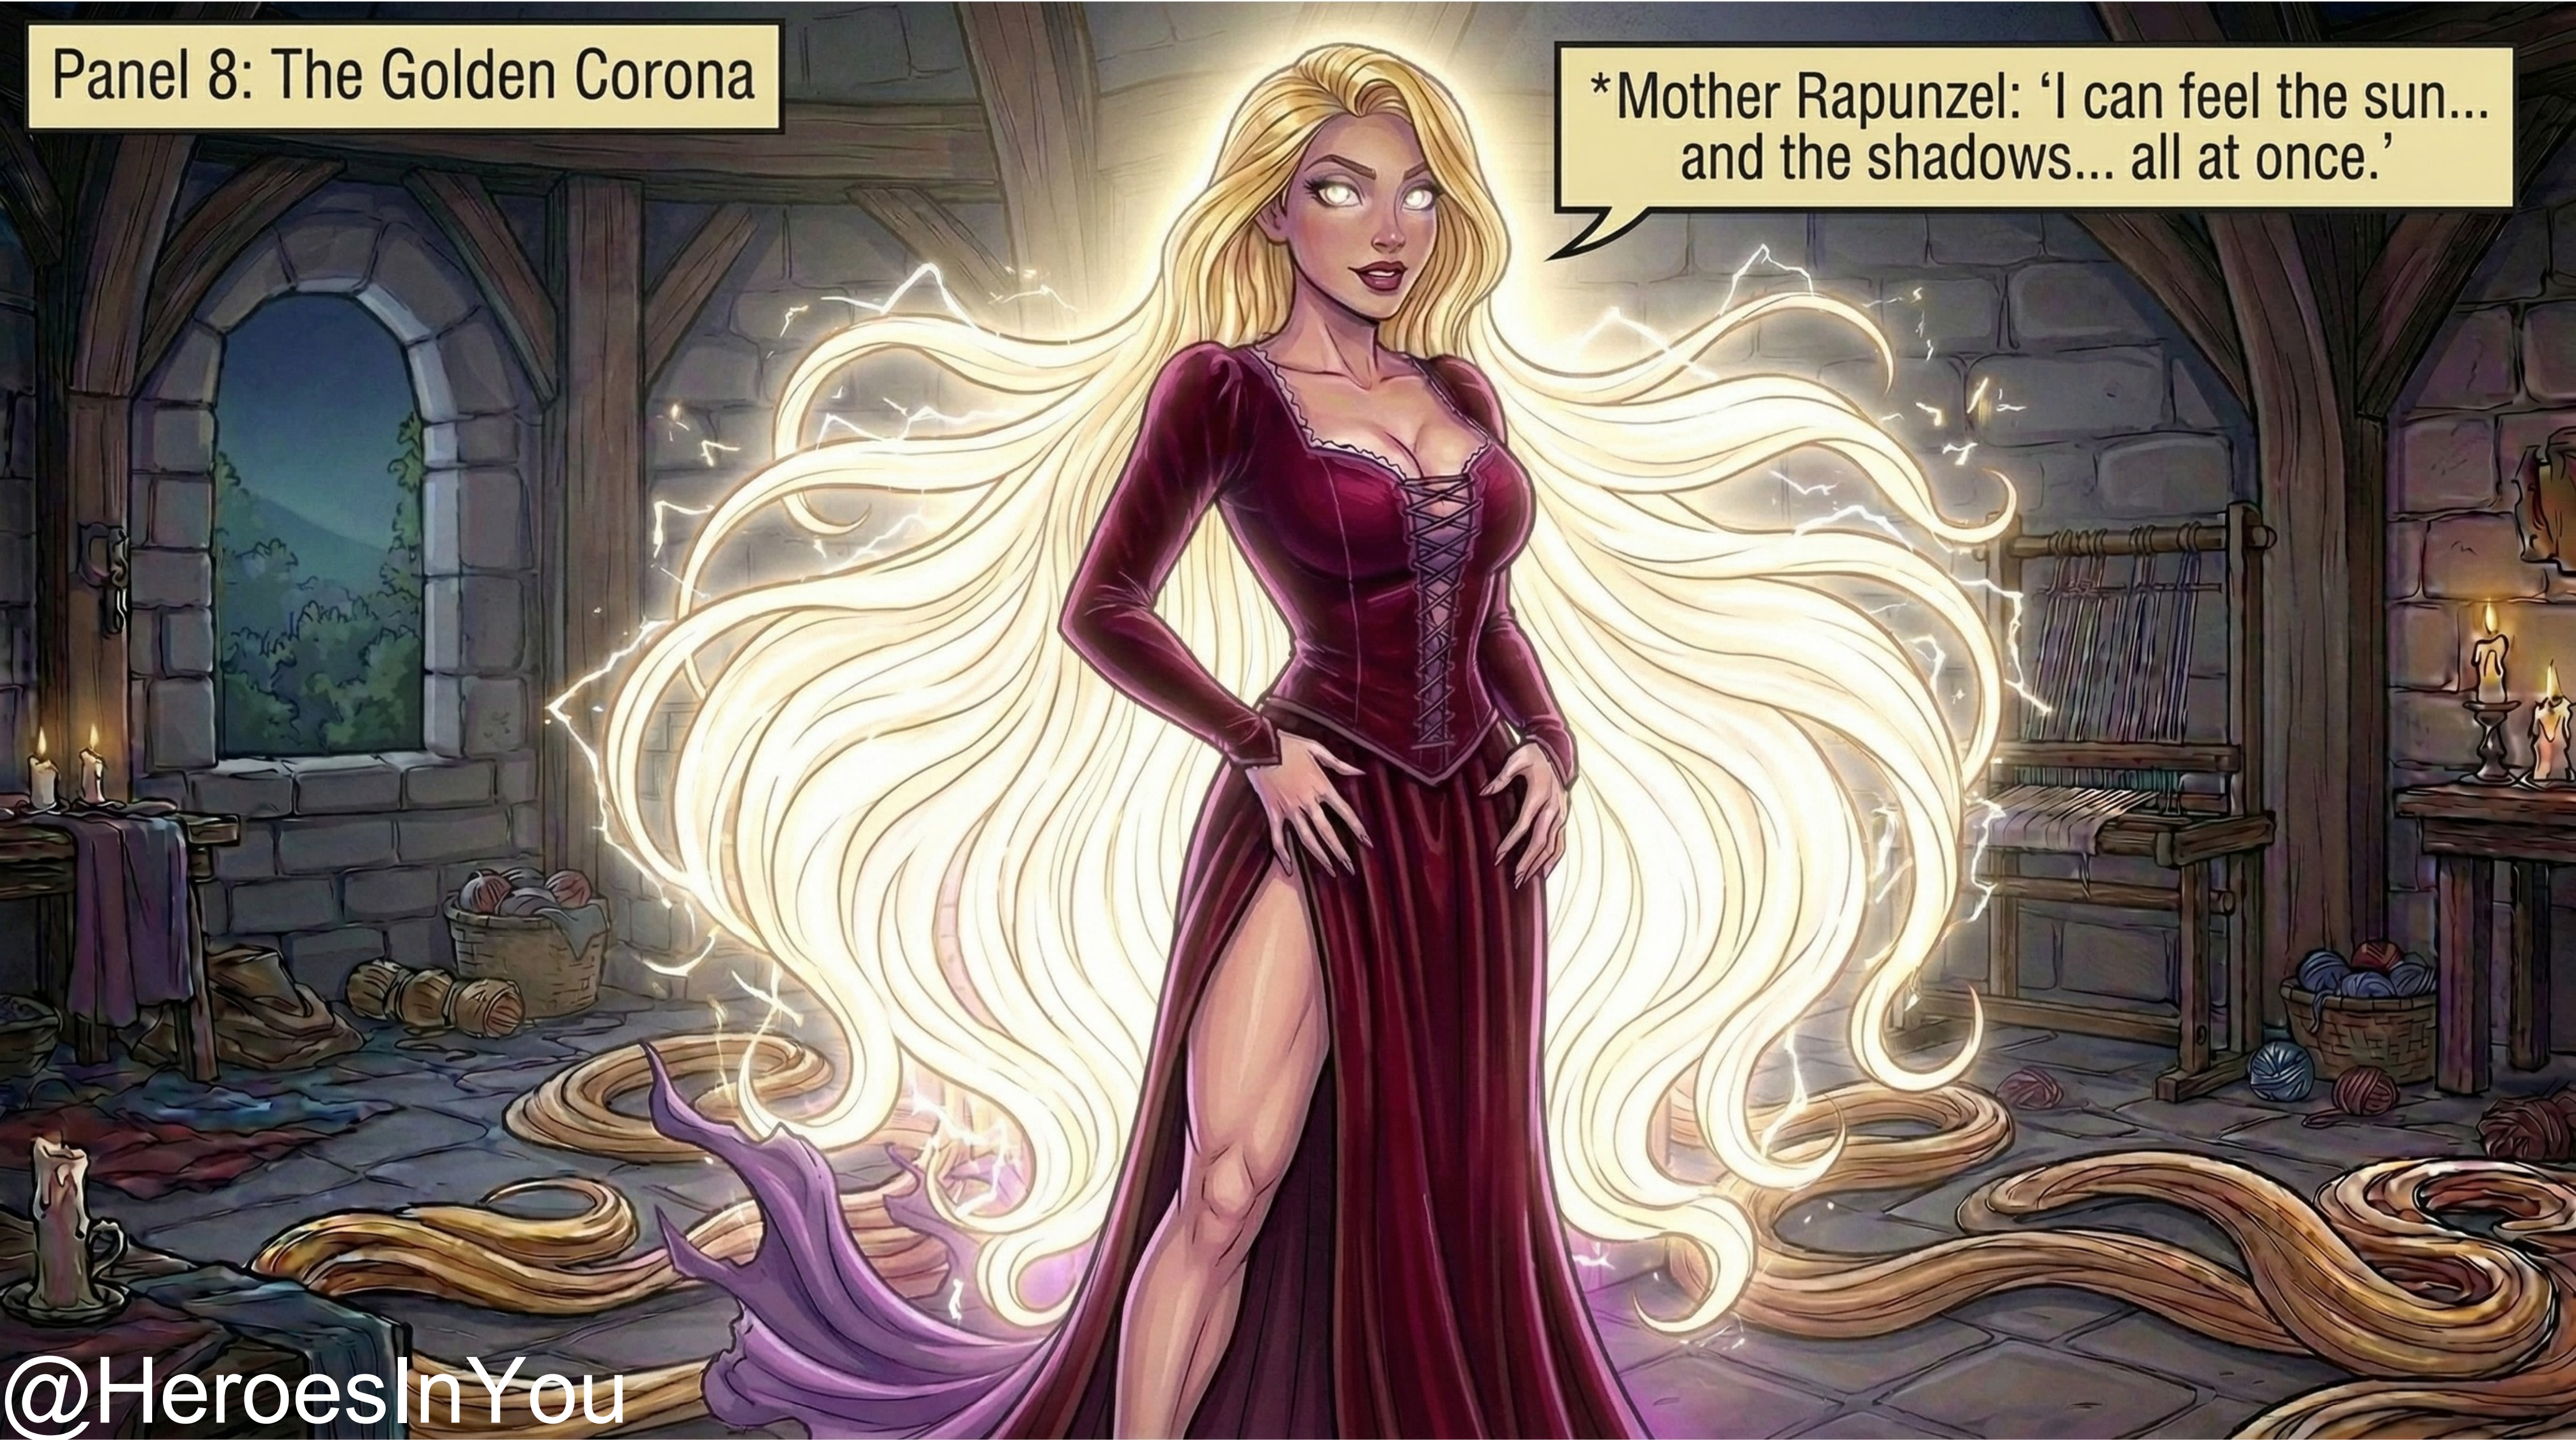

The tower feels... small now.
Don't you think, Mother?

The world is our tower
now, my precious.

Panel 8: The Golden Corona

*Mother Rapunzel: 'I can feel the sun...
and the shadows... all at once.'

Mother Rapunzel: "Rapunzel was a dream I had once.
But Mother Rapunzel is the reality."

A comic book illustration of Mother Gothel from Disney's Rapunzel. She is a woman with extremely long, flowing blonde hair that glows with a golden light. She is wearing a dark red, long-sleeved gown with a corset-style bodice. She stands in a stone tower, looking out over a medieval village and a sunset. Her right hand is on her hip, and her left hand is raised, with purple lightning bolts emanating from it. The background shows a stone archway leading to a view of a village with a castle, surrounded by mountains under a sunset sky. To the right, there is a wooden loom and a basket of yarn. The floor is made of stone tiles.

* Mother Rapunzel: "The sun is setting on the old world. But for us... it's just the beginning of a beautiful, eternal day."

Caption: Rapunzel was gone. Gothel was home. Mother knows best... forever.

Panel 11:
The Hero Returns

* Flynn: "Rapunzel, let down your... wait, you already did. Did you do something different with your hair? It looks... expensive."

Panel 12:
The Reveal

* Mother Rapunzel: "Eugene.
You're just in time for the
coronation."

Blimey... Blondie? You look... you look like a
dream I'm not sure I'm allowed to ha'e.

Panel 13:
The Seduction of Rider

* Mother Rapunzel: "You always wanted a life of luxury, didn't you? Why settle for being a thief when you can be a Queen's favorite... pet?"

Panel 14:
The Enchantment

* Mother Rapunzel: "Mother knows exactly what you need, Eugene. And right now... you need a change of perspective."

Panel 15:
The Treacherous Touch

* Flynn: "Wait... what are you—? NNNGGH!"

* Mother Rapunzel: "Don't worry, darling. You were a little too loud anyway."

[Panel 16:
The Leap of Faith]

POP!

* Frog-Flynn:
"Ribbit?"

?

[Panel 17:
The Collector's Item]

* Mother Rapunzel: "Much better. You'll look adorable in a glass jar on my new mantelpiece."

[Panel 18:
The Tower's End]

* Mother Rapunzel: "Eugene was the first. But he certainly won't be the last. The world is full of 'Kings' just waiting to be taught their place."

Caption: One month later...
The Queen of Sun and Shadow
had claimed her birthright.

[Panel 20:
The Global Subjugation]

* Mother Rapunzel: "Look at them...
so eager to please their new
Mother. It's funny... the world is so
much easier to manage when you
stop asking for permission and
start demanding... everything."

Caption: The mystery of the
tower was solved. The era of
Mother Rapunzel had begun.
