« My sweet brother you couldn't imagine how sweet this body feels! I am the sexy head cheerleader of the college...this is my body...I can do whatever I want with it...I love it so much~» Alexa smiled, erotically caressing herself on the bed in front of her brother Karl, sitting in front of him, mortified, wearing nothing but her cheerleader outfit.

«I remember this voice, yelling at me whenever I was bullying you...these hands hitting me to protect you...and all of that notoriety around her, she used to punish me after...and right now...I am cupping her slutty breasts with her own hands, using her body the way I want~»

«Why did you do this? What have I done to you to deserve this...» Karl asked unable to do anything else but watch.

«Because bullying you like this, inside of your big sister's body, turns me on more than I would have thought possible. I feel your sister's love juice pouring down from her wet pussy, the more I play with her assets~» Alexa explained, lifting her skirt to show her wet pussy, as she was wearing no panties.

«Look~»

Disgusted, Karl tried to turn his head away.

«What is going on little brother, don't you think your

sister is cute? Do you think I am ugly? That hurts me so much...» Alexa added, sobbing.

«I know a way for a brother and a sister to get along better...I saw this in a movie...let me show you~»

With a smirk, Alexa leaned over onto Karl, forcing him to remove his pants.

As Karl resisted, Alexa slapped him in the face hard enough to bring tears to his eyes.

«Ooooh, I am sorry little brother, It wasn't my intention to hurt you...Hahaha, you wish! Feels so good, I can beat the crap out of you for the fun of it, with the very hands that used to defend you!~» Alexa laughed, after faking her concern for Karl.

«Now take those pants off completely, I want your dick to slide inside of this bitch's pussy! She used to protect you, so now you are going to be a good thankful little brother, and impregnate me~»

Disgusted but with no other choices, Karl took his pants off, trying to look away when Alexa grabbed his dick with her hands, before leaning down towards it, a devilish smirk on her face.

«I want you to look at me the whole time...let's enjoy this as a family~» Alexa purred, licking Karl's tip, gently, unwillingly making him feel good.

«I thought sucking a loser like you brother, would disgust me. But I guess that thanks to how slutty and depraved your sister is, I kinda enjoy it~» Alexa stated, stuffing Karl's dick whole inside of her mouth, sucking on it like a lollipop, making sure to maintain eye contact with Karl. «You are so hard little brother...do you have a secret kink for your sister? You are so messed up~»

«Stop...please...Don't insult my sister...stop this!!!» Karl tried to say, shivering out of a guilty pleasure.

«I am not insulting anyone...I am Alexa, head of the cheerleading squad, and a completely depraved slut sucking on my little brother's dick...and he seems to like it...such a degenerate~» Alexa purred, licking on Karl's member.

She stopped for a moment, looking at Karl, a huge smirk growing on her face.

«Seeing my sister smile like this...this isn't her...stop using her body!» Karl managed to say, Alexa wanking him slowly.

«But brother...I use my body however I want and I want you to know that...and right now...~» Alexa smiled, sitting on Karl's lap, rubbing her pussy gently on his dick. «Right now I want my little brother to make a mess out of my vagina~»

«What? No way! I don't want to fuck my sister, you

pathetic idiot!» Karl retorqued, trying to push Alexa away, but unfortunately, the bully inside has the strength of Alexa.

Seeing that Karl was way too weak, Alexa burst into laughter, while countering every one of Karl's attempts to push her away.

She slapped him again in the face, making him stop.

«That was for calling me a pathetic idiot. Hahaha, you are so weak! I am so strong with your sister's body!» Alex added, slapping Karl's again, as he tried to push her once more.

She took advantage of him being dazzled, to slide his dick inside of her pussy, before locking his arms with her hands.

«Ooooooooh, you filthy pervert! You are inside of your big sister~»

«No...Noooo...how could it be possible...get away!» Karl tried to argue, moving around to free himself from Alexa's grip.

«How dare you little brother, be inside of me, your big sister! You are such a messed-up individual!~» Alexa smiled, keeping Karl tight with her arms, moving her hips slowly.

«I wonder what your little sister would say if she saw you nailing me~»

The Two Sisters

«Marie!?» Alexa yelled, still moving on Karl.

Some minutes later, she came, wrapped in some sexy revealing outfit.

«Whoa, that's messed up if you ask me, hahaha!» Marie smiled, taking in the scene.

«My loser brother is nailing my oldest sister...if it got out of this house, imagine what people would say~»

«Do you see this shit? He is clearly rapping me~» Alexa smirked, still locking Karl in place.

«I witnessed that! Want me to take some pictures to keep as souvenirs?~» Marie smirked.

«How does it feel Karl? Do you love what you are doing? You little pervert~»

«He is so hard inside of me... This idiot is enjoying the moment. Isn't that right?~» Alexa asked, slapping Karl on the face, stuffing his face between her tits, when tears came out of his eyes, before moving her hips faster.

«I love this so much! Suck on me you baby! Aaaaaaw~»

«For some reason, this turns me on so much~» Marie added, taking off her clothes.

«May I join?~»

«Sure little slut, come here~» Marie smirked, standing

up, Karl still deep down inside.

«What were you doing tho? You disappeared right after you wore that bitch»

«Ooooooh, I got so excited, I went to her room and tried on her best outfits...took a lot of pictures to send to our friends ...and they loved it so much, they all want to come over tonight to...let us experience a gangbang~» Marie purred.

«Should I sit on his face, or do you want to let me on his rode?~»

«Damn, the idea of having the squad whole inside of me, turned me on even more! I can't give you his dick, I need to burn off some steam right now~» Alexa moaned, curving her body because of the pleasure, before going back to Karl, trying to kiss him.

«You are going to watch your two cute sisters get nailed by our whole squad, right?~»

Karl gave no answers, lost and humiliated the way he would have never thought, by his two lovely sisters, who were taken over by the two guys who decided to bully Karl for their own fun.

«I think he is done...let's get the best out of this~» Marie smirked, sitting naked on Karl's face, her vagina lips on his mouth.

«Now make us feel good~»

The Two Sisters

Marie and Alexa played with Karl for a moment, making him cum inside of both of them, before forcing him to clean his own semen out of their pussies with his tongue.

«Hahaha, what a pleasurable mess! I never thought women's bodies were that good! The feeling is amazing! I can totally live like that forever!~» Marie smirked, caressing Alexa's assets, before kissing her passionately. «And having these sluts bodies for us to play with, is so great~»

«I totally agree! Whatever fantasies ever filled our minds about women, we can now do it with our new bodies~» Alexa replied, caressing Karl's face.

«Plus, with our new slave, we can just have the fun, without the downsides~»

«And we can reward him the way he hates, by letting him nail his sisters~» Marie smiled, taking Alexa by the hand.

«Talking about that, these bitches have a lot of short skirts! Wanna try them and have fun? I know you are into that~»

«Oh my fucking god, yes!~» Alexa added, standing up from the bed, before turning back to Karl.

«And about you, little brother, don't do anything stupid, ok? You do not want us to run naked down the street,

do you?~»

Defeated and emptied, Karl stayed on the bed, looking at his two lovely sisters, leaving the room.

«This is a nightmare, I am going to wake up soon...» he said to himself, hiding his eyes behind his hands.

«I have to do something, but what...they have complete control over their bodies, they are practically my sisters from head to toe and nobody can spot the difference, all that because of...wait!»

With a spark of hope in his eyes, Karl's headed downstairs sneakily, hearing his two sisters stupidly laugh behind the door of their bedroom.

Once in the room, he looked around and found what he was looking for, the remains of the shattered gun that the bully used to turn his sisters into wearable skinsuits.

He picked all of the remains, and put them inside a small bag, before taking his bike out of the hell his house had become.

He drove for a short time until he reached the family.

«At least, it seems they don't have my sister's memories, so they don't know shit about this place» Karl thought, opening the container box, and making room to work.

The Two Sisters

Page 5/8 - by ARIBETH

Karl began to put back together the pieces of the gun, slowly understanding how it was built.

«Thank god they are too dumb to understand how this thing really works. Apparently, the core is some sort of a weird alien-like material, which once electricity runs through it, fires a beam of light, leading to the results I witnessed...» Karl said, examining every single piece of the gun.

«I don't even need to rebuild the whole thing apparently, as long as I can just find a way to power this stone»

As he was working on a new prototype, Karl received a message from Marie's phone.

Wondering what they were doing with his sisters' bodies, Karl opened it.

«We couldn't find you around the house little brother, we wanted to tell you we found your sisters secret stash...we are warming up before tonight» the message said, along with a pic of Marie having a vibrator deep down of her vagina, held by Alexa.

«I have to hurry or those idiots will ruin my sisters' life forever!» Karl said after throwing his phone away to focus on the work.

After some hours of hard work, and a lot of pics and videos received from what the two bullies were doing, Karl finally came up with a prototype.

«This should work, yes!» Karl said, holding the new device, which looked like a regular pen now.

«With this design, they will never know what it is, hahaha!»

Finally happy with the result, Karl headed back to his house, trying to find a plan to catch the bullies out of his sisters bodies.

«Well, not really a problem, I can just shoot them both one after another» Karl decided, about to reach his house.

Sneakily, Karl went to the back door of the house, entering the place without being heard, looking for his two sisters.

He spotted them easily, hearing them laugh in Marie's bedroom.

As he got closer to the room, Karl could hear a third voice.

«Ah shit, is there someone else?» Karl wondered, getting closer to try to catch the new voice.

The Two Sisters

He pushed the door, and immediately recognized the new girl.

It was Lena, Jordan's girlfriend.

«Oh, look who came back out of nowhere~» Marie stated, upon seeing Karl.

«Don't you know it is disrespectful to enter a lady's room without knocking first? We could have been naked you know~»

«What is she doing here?» Karl asked, pointing Lena.

«I have always been jealous of your sisters. So now that my dear boyfriend is wearing one, I am teaching them to be the perfect slutty bitches~» Lena explained, showing her ass, followed by Marie and Alexa.

«Do you like the new lady's gang?~»

«Of course he does! You should have seen how hard he was when he was nailing us...hahaha, the pervert!~» Alexa added.

«Rest assured, you won't touch this, I don't want your filthy dick inside of me~» Lena smiled, slapping her ass.

«Maybe you want to do us again instead?~» Marie smiled.

«You just gave me an idea! I will train you to suck

perfectly! The guys will love it tonight! Karl, pants down, now!» Lena ordered.

Knowing he had no choices, Karl did as Lena asked, taking his pants down.

He watched, defenseless, Marie and Alexa bend on their knees in front of him, beginning to caress his dick, turning it hard quickly.

«Damn, this pervert sure has a hard-on for his sisters» Lena stated.

«So, here is the thing! Try to maintain eye contact, while you work on his member. For the rest, imagine it to be a salty lollipop~»

Marie and Alexa did as instructed, sucking Karl one after the other, supervised by Lena, who kept giving them advice on how to perform better, giving a lot more pleasure to Karl.

After a moment, unable to hold it despite all his will put on the task, Karl came on Alexa's face.

«Hahaha, looks like I won! I am the best cock sucker out of us~» Alexa smiled, putting all the cum inside of her mouth.

«Hey, leave some to me!» Marie added, licking Alexa's face.

«Slave, where are the toilets in this brothel? I need to pee» Lena asked Karl, as he was watching Marie clean up Alexa's face with her tongue.

He froze for a short time, surprised by the way she called him.

«This will be the new normal if I don't act quickly» Karl thought.

«Wait, this is my chance!»

«Hugh...this way...» Karl said, making sure the pen was in his pocket.

He lead Lena outside of the bedroom, looking behind it before closing the door, making sure his two sisters were busy with each other.

«Come on, I don't have all day!» Lena added, impatient.

Karl lead her to the toilets, which fortunately were a bit far from the bedrooms.

«Thanks! I am so glad to have a little slave, now that my dear lover took over your sister, hahaha~» Lena smiled, caressing Karl's face, before entering the toilets.

«In your dream, you bitch!» Karl replied, taking the pen out of his pocket, activating its mechanism, and pointing Lena.

«What did you just sa-» Lena was about to ask, before the beam of light hit her, making her instantly deflate.

«It worked, hahaha, yes!» Karl laughed happily, looking at the husk on the ground.

He looked at the pen and opened the battery compartment. «Ah shit, the battery died. Good thing I tried it on her first, or I would have been in trouble if it failed to fire a second time while with Alexa and Marie»

Not wanting to get caught, Karl quickly removed all of his clothes, before beginning to wear Lena. He began by her legs, feeling his new shape as Lena's body adjusted over his.

«Oh gosh, the feeling of having girl's legs!» Karl stated, eager to discover more, as he kept wearing the rest of Lena.

When he got up to the face, he made sure to adjust Lena's skin over his, waiting for the reshaping process to begin. It started right after, letting Karl experience what the two bullies felt earlier with his sisters.

He put her clothes back on his new shape and began to explore it, laughing devilishly as his new hands caressed his new girly features.

«Hahaha, it worked! I am completely Lena, from head to toe!~» Karl laughed in Lena's voice, caressing her hair, with a devilish smile on her face.

The Two Sisters

He picked the pen from the ground and began to turn the cap.

«One thing those idiots never knew, is that the stone can be used to acquire the host's memories if used correctly. This will come in handy to impersonate this slut~» The new Lena stated, putting the ballpoint on her head.

«Let's go!~»

She pressed the button, and a quick flash after, her devilish smile only got bigger.

«Hahahahaha, I know all of this slut's life now! She wanted to wear Marie at first because she is always jealous of my sister, but Jordan insisted on having her stay as herself» Lena added. «Well, don't worry bad bitch, your body is underway better management now~»

Karl trained a bit to pass as Lena, mimicked her expressions, the way she was talking.

It was all easy thanks to her memories, which Karl could access whenever he wanted, without having too much of it.

«Where should I hide it though? I need to replace the battery first. I could also put sleeping pills in their glasses, and this will give me all the time I need to get rid of the bullies inside of my sisters~» Lena thought, looking at the pen, putting it inside of her hair, before cupping her breasts with her hands. «This was not in my original plan, but I must admit this will be way more fun, and also easier since those idiots won't suspect a thing from the bitch~»

As she played with herself, she heard Alexa call her from upstairs.

«Oops, I never saw the time go. I should go back with those idiots~» Lena added, heading outside of the toilets after making sure one last time, nothing could reveal that Karl was wearing Lena.

She went to the bedroom, finding Marie and Alexaz trying on more clothes, as their faces were now clean from Karl's semen.

«What were you doing? Did the jerk cause you any trouble, my love?» Marie asked once Lena entered the bedroom.

«Not at all! The little fucker was crying when I left him and ran away from the house~» Lena lied, Karl, enjoying noticing none of the two bullies had a clue about what really happened.

«Hahaha, wonderful! We don't really care, since we are his sisters, we can do whatever we want, as long as we want~» Alexa laughed, keeping on wearing another set of short clothes.

«That's right! Talking about that...~» Lena explained, leaning on the bed next to Marie and Alexa, with a devilish seductive smile on her face.

«What do you think about having a little fun sexy drinking game? Since we are all girls now, I don't think anyone would mind getting all naked, right? You begin, show me what the bodies of those girl can handle~»
