Having taken over Lena's body, Karl had headed back to the bedroom to find his two sisters, Marie and Alexa, whom his bullies, too, had taken over.

Thanks to his genius, Karl had managed to repair the broken costume gun and turn it into a portable version as a pen.

Thanks to Lena's body, and the fact his two bullies were not very bright, none of them suspected that Karl was wearing Lena, which gave Karl the opportunity to fool his bullies.

He participated with his bullies in whatever they wanted, which mostly consisted of dressing in the sexiest possible outfit before engaging in various lesbian roleplays.

Weirdly enough, it would have disgusted Karl to do anything sexual with his sisters. But as Lena, it felt normal, not out of anything.

«This must be...Lena's personality which is... huuuuuum...That's why they can impersonate my sisters so well. I suppose» Karl thought, trying hard to focus, as his sister Marie was happily licking Lena's pussy, making Karl shiver out of pleasure, groping Lena's breasts firmly. «Fuck, my sister is licking my vagina and...it feels

so great! Oh god!»

Karl let the bullies do whatever they wanted, waiting for his time to strike, enjoying the moment meanwhile.

«Do you like it, my love?~» Jordan asked as Marie, his head deeply buried between Lena's legs.

Not used to being called this way, Karl didn't reply, focusing on fondling Lena's chest. Getting no answer, Marie stood up, leaning next to Lena.

«Why have you stopped licking me?» Karl asked as Lena.

«You liked it? I wasn't sure~» Marie smiled, kissing Lena on the lips.

At first, Karl wanted to avoid the kiss. But she remembered that if he wanted to pass as Lena, he had to act as her.

So Karl let Marie kiss her passionately, engaging in lesbian foreplay, while watching his other sister Alexa, masturbate next to them.

«So if nothing goes wrong, this will be the new normal?» Karl asked as Lena while scissoring Marie.

«Absolutely! We will live in this beautiful house, all together, able to use those two sluts bodies to have all the fun we want...and bully this loser, Karl~» Marie smirked, pressing her boobs together.

«Maybe after using him long enough as a sex slave, he will enjoy fucking his sisters. We will need to find a new way to make his life miserable then~»

«And the best thing is that since we destroyed the costume gun, we are now fully....Aaaaaaaah!... those sluts, and forever~» Alexa moaned loudly as she came from her little playing time.

She took her breath back for a moment, maying down on the bed, before throwing the dildo away. She stood up and, with a smile, went to take her phone.

«I just can't have enough. Women's bodies are so cool! I now envy you, Lena, for having this kind of pleasure since always~»

«Well, well, well, aren't you turning into a little slut? I never saw you like this...my so quiet, head of the cheerleaders, and elegant sister~» Marie smirked.

«Since I tried this loser's dick, I just want more! I think I am going to call some of our friends to ask them to come earlier~» Alexa smiled before turning to Marie.

«Or maybe...you want to make out first? You are so hot, sis, always was my model...Can I use you like a fuck doll?~»

«Hugh, sis, that's outrageous!» Marie replied, with a smile, standing up and heading to Alexa before bending to her knees in front of her.

She sensually caressed her breasts, pinching her nipples slightly, smirking devilishly.

«Of course you can, we are sis, after all, no secrets! Do you want me to eat you out or something?~»

«If I don't do something, that's what they will do every day, ruining my sisters' life forever...if they ever wear them off one day...» Karl thought, looking at the scene through Lena's eyes, watching his sisters eating each other out.

For some reason, Karl felt a bruise between Lena's legs, getting wet as he started to imagine the feeling of Alexa's tongue licking him.

«It is kinda hot...Wait, no! I have to do something... HUUUUUM, maybe if I can make them sleep or get angry at each other...this could actually help me, and I have just the perfect idea for that~»

«Excuse me, guys!~» Karl said as Lena made both of his sisters turn toward him.

«Yeah? But I don't get why you called us guys...do you see any pervert guys around? Hahaha~» Alexa smiled, caressing her face.

«We are just between cuties~»

«Yeah, about that...it turns me on so much seeing two of my enemies making out like that, so I was wondering... could you both...fuck me?~» Karl explained, acting all slutty as Lena.

«Seeing Marie and Alexa with dick, and later... both of them inside of me...Huuuum, I get so wet already~»

«Ooooh, I really love this idea! Since you went out with Jordan, I always found you so sexy...so hot, Lena! Since we wore those bitches, I could finally see you naked, but...fucking you...huuuuum, Alexa's body has become so wet thinking of it already~» Alexa purred, crawling sexily toward Lena.

Seeing his sister so interested in him, acting all seductive as she went to him, gave Karl some urges.

«Damn, I never had the chance to see Alexa act like that...she is so hot...my sisters are so fucking hot»

He thought, caressing gently Lena's pussy to make himself feel good about the sight.

«I would gladly masturbate with my dick instead, but I cannot blow up my cover, not yet»

«Wait! Lena, what the fuck?» Jordan said as Marie got between Alexa and Lena.

«We may be those girls now, but I thought you were still loving me and that we would be together...only a little more lesbian now»

«I do...but you also are not the guys you both used to be...and you told me that if I had some lesbian relation, you wouldn't care...so this isn't different now~» Karl replied as Lena.

«We already had a lesbian orgy, the 3 of us...let's make it a little better with dicks~»

«I am not quite sure about this...» Marie added.

«And I am sure you will love it at the end~» Karl smiled, looking at Alexa, who was grabbing something inside of her vagina, pulling a dick right after.

«Look at her...she is already ready! Come here so that I can suck you well~»

«Can I...put it inside of you instead?» Alexa purred, wanking slowly the dick coming out of her vagina.

«Henderson, what the fuck? She is my girlfriend!» Marie added, a little furious, looking at Alexa.

«Shhhh honey, take it easy. You are now both in the bodies of my enemies...So I think it doesn't count if we do whatever we want. Plus, if we become the three best friends ever, we will probably do way more than that, so why not?~» Karl purred as Lena gave Marie the sign to come closer.

«Go on, don't be shy, play with my boobs...try them...after all, you only played with Marie and Alexa's one~»

Alexa did as told, gently playing with Lena's tits, who moaned gently, watched by a wondering Marie.

«Your tits are nice...huuuuum....even if I can't get enough of fondling my own boobs~» Alexa purred, drawling on Lena's chest.

«Afterall, I am not the big sis~»

«Your dick seems to like them! How about...you slide it inside of me now? I have waited enough~» Lena winked, caressing her vagina, showing how

wait she was.

She turned to Marie, still frowning, before smiling at her gently.

«Honey, come here...Put your dick in my mouth. I want to make you feel good too~»

«I don't know about this...are you sure?» Marie asked.

«Huum Huum, I am sure~» Lena sensually smiled.

Eager to try her, Alexa went in front of Lena, who spread her legs open for her.

Alexa beat her dick on Lena's vagina before sliding it inside of her, making the two moan gently.

«Ooooh Alexa, you slut with a dick, you are inside of me...Huuuum! Feels so good~» Karl moaned as Lena.

After enjoying the insertion, Alexa moved her hips gently, sliding her member back and forth inside of Lena.

Lena turned her face to Marie, still standing there uncertain.

«What is wrong, honey? Ooooh... your friend is deep inside...of meeeee...it feels so good, he is so big! So strong! Ooooooh~»

«What's going into you? You became a slut all of a sudden» Marie stated, looking at Lena getting rammed by Alexa.

«And you, dude, stop this! This is my girlfriend!»

«Bro I am not a dude anymore! We are all girls!» Alexa said before getting rushed by Marie, who pushed her back from Lena.

«If I let them, they are going to fight seriously, and I won't want my sister's body to be ruined» Karl thought, looking at the scene.

«I must intervene»

Lena threw herself between the two other girls just in time before they started to fight, waves of anger in their eyes.

«Hey guys, don't fight! We are all together in this, remember? We can't let anyone know who you two really are~» Karl sensually said as Lena caressed Marie's shoulders.

«Look honey, I am sorry, I messed up. I thought it would tease you...I won't do that again... Alexa, can you let us alone for a moment, please?~»

«What then? You let me blue ball?» Alexa added.

«Yes. My pussy is for my boyfriend, but maybe we

can work something out with my mouth then~» Lena winked before Alexa went out of the room, letting Lena with Marie.

«Look, honey, this is so new and confusing for me. My two worst enemies are not all naked together in bed with me and doing things as if we were always friends. I can't help...it turns me on!~»

Alexa stood there a bit, not knowing what to reply.

«No need to talk, honey. Let's just see how making love goes in your new body~» Lena smiled, pushing Marie on her back, waiting for her for the next step.

As expected, she put a hand in her vagina and took a dick out of it.

«Nice...now I can ride that~» Lena smirked, sitting on Alexa's member, moaning slightly as Karl felt it go all the way inside of Lena's pussy.

«Do you feel better?~»

«Yes~» Marie only replied, taking Lena's hips and letting her move on her.

«Oh god, I am ridding Marie now...this looks so erotic!~» Karl thought, feeling better as Lena's vagina was rammed by the dick.

The two fucked for a moment before Karl felt Lena's vagina filling with a hot liquid.

«Did you just come inside of me?~» Karl asked as Lena.

«Yes...sorry...it was way too much teasing for a whole afternoon to finally have it all released~» Marie smirked, leaning down on the bed.

«I...Ooooh fuck, can't catch my breath, hahaha: I will rest a bit~»

«It was nice~» Karl finished as Lena before laying down next to Marie.

He waited a bit and turned to Marie when he heard them almost snore.

«Haha, this idiot really fell asleep after sex... well... here is my time to act» Karl thought, pulling the skinsuit pen out from under Lena's body, and shooting Marie with it, making her deflate immediately without even waking her up.

Curiously, he looked inside and saw that Jordan's empty husk was inside of it.

«Now I must hurry...I am not happy, but I will have to wear this idiot first» Karl thought, pulling

Jordan's skinsuit before wearing it above Lena's body.

«back to being a man again»

He quickly finished, wishing Alexa wouldn't come back, and picked up Marie's skinsuit, wearing her too as fast as he could.

Finally, once he was Marie, he put the pen under her skin and went in front of a mirror.

«My sister Marie...always was a topic among the friends...they all found her quite hot...and honestly, being her...making her do whatever I want...I understand them better» Karl thought, watching himself controlling Marie's body, making do her faces in the mirror.

He gently played with her boobs, squishing them again and again.

«This shouldn't turn me on so much...nor should I do that...but I just can't help it...sorry Marie»

He tried to resist the urges for a bit, but quickly enough, he ended up fingering as Marie, moaning heavily.

«Are you two done? Can I come back? It is kinda boring outside...» Alexa said through the door, having heard Marie's moans.

Page 7/9 - by ARIBETH

«Oh shit, he shouldn't come in! Otherwise, he would quickly see Lena isn't there anymore...huuuuum, I have an idea» Karl thought.

He went to the door, when he was close, knocked on it, to be sure Alexa was still behind.

«Dude, can you wait for me in the loser's bedroom? Lena fell asleep, and I am not done having fun~» Karl said in Marie's voice, as sexily as he could.

«Ouuuuh, nice! Yeah, definitely~» Alexa replied from the other side of the door.

Karl waited to hear her walk away before joining her.

«Wait, some details are missing...» Karl thought, stuffing a hand in Marie's vagina, taking out Jordan's dick from it.

He had already seen it earlier, but having it in his hands, he realised how packed Jordan was.

«Holly fuck! Lena must be so loose, I barely felt this monster inside of her earlier!»

He stopped in the hallway, beginning to wank it slowly, enjoying how even bigger it felt in Marie's hands.

«I shouldn't like it...I am wanking my bully's dick ...huuuuum...with my sister's hands...it feels so good» Karl thought, wanking himself faster.

« But I am wearing both...so technically, I am just wanking my big dick with my feminine hands! It makes

it even hotter when said like that! Sorry Alexa, but I can't hold it. I need to relieve some urges!»

He finally went to his bedroom and saw Alexa laid down on his bed, her reading glasses on, fully naked, looking at her phone.

«She is so freaking hot with those glasses on...fully naked on my bed...oh my» Karl thought, keeping caressing his member.

Upon seeing Marie enter, she stood up a bit, a wild smile on her face, throwing the cell phone away.

«Ooooooh, I see you are more than ready! Look how hard and throbbing that huge dick is! Come, let me feel like a woman. Show me what Lena can have~» Alexa smirked as Marie approached her.

She spread her legs open, letting Marie between them, Jordan's huge dick massaging Alexa's vagina.

Without any second thoughts, Karl slide himself inside of Alexa, making her hugely moan.

Alexa shivered for a moment, feeling Jordan's member push her insides away.

After getting used to it, she looked at Marie, a slutty smile on her face, which got Karl even more excited.

«I wasn't expecting to feel it this way! Make me your little bitch whenever you want~» Alex moaned.

The Two Sisters - Part 2

Page 8/9 - by ARIBETH

The sight of Alexa acting all slutty while he was inside gave Karl a barbaric rush and made him lose control of his body for a bit, driven purely by desires.

This day, he heard his sister moan like never before and also saw her pure pleasure face that she never showed to him, even when the bully inside was forcing him to have sex earlier.

Seeing her sister this happy and passionate about their intercourse made Karl almost want this to happen all the time.

But he knew this couldn't be, especially since Lena and Jordan couldn't be found anymore.

However, he decided to finish Alexa in doggy style, giving him another view of her, as well as a clear window to do something.

As sneakily as he could while ramming Alexa's inside, Karl picked the skinsuit pen, and pointed it to Alexa's back.

«Sayonara, fucker!~» Karl said as Marie, shooting Alexa before she could do anything.

She deflated quickly as Marie did and crumbled on the bed, the empty husk of Alexa mixed with one of the bullies inside.

«Hugh, it is over! I saved my sisters!» Karl said loudly, in

satisfaction.

«Haha those two were too dumb to anticipate this!»

He looked down at Alexa's empty husk, then at Jordan's dick, still hard.

«I should have finished first...this dick still asks for more... Wait, before I take everyone off and think about getting my revenge on those idiots...I haven't tried Alexa's body...» Karl said before picking up her empty husk.
«At least, at the point I am...wouldn't hurt testing it, right?»

He picked up Laexa's skinsuit and went to the mirror with it, admiring the futa version of Marie, having Alexa's husk in her hand.

With a lustful smile, he began to wear her, getting heavily turned on by the sight of Alexa's curves wrapping around Marie.
he aligned her face and picked up her glasses.

«The finishing touch~» Karl said as Alexa, putting her glasses on.
«Perfect, now I am the hot sexy cheerleader. let's go a bit for an exploration~»

With a smile, he went back to his bed and began to sensually run his hands on Alexa's body, enjoying her curves as much as Marie.

The Two Sisters - Part 2

Page 9/9 - by ARIBETH

Once he was done with Alexa, Karl laid on the bed a bit, letting the wave of pleasure curl off.

«This is not over until I can give those three some karma...» Karl thought, looking at one of the bullies' empty husks on the bed. Suddenly, an idea popped into his head.

He picked the bully's skinsuit and put it on.

«Hurgh, feels so weird to be that idiot» Karl said in the bully's voice., before picking up Alexa's phone. «And first, you, hahaha!»

He started to record, with the front cam on, a message saying how he had taken a lot of pleasure in breaking into Karl's home with the will to kill him. It wasn't the full truth, but Karl didn't care. He just wanted the 3 to end up in jail.

Once he was done, and the video was convincing enough, he took off the bully's skinsuit, Alexa's and Marie's, until he was Jordan.

Once more, he recorded kind of the same message, camera on, as Jordan, and followed by Lena. With this last confession made, Karl took Marie's skinsuit and wore it halfway, just enough for his voice to change.

«From all, she has the most innocent voice of all...it would be easy to convince anyone»

He called the police, Marie, and explained to them his made-up lie, sending them the video right after it. The policeman explained to him what they would do next, beginning by looking for the 3 to arrest them.

«Hehehe, now your life is ruined. I hope you enjoyed messing with me» Karl thought as the policeman was still talking, answering to him with a short yes in Marie's voice, while wanking gently his own dick that was still there, under Marie's worn part.

As the call ended, Karl threw himself on the bed, satisfied about the outcomes, looking at all the skinsuits on the ground.

«I will have to release you somewhere where the police will think you tried to escape...it would be better~» Karl said as Marie.

«Oh, I almost forgot I was wearing you...feels so natural... Huum...Ooooh, thank you, brother, for saving us... maybe I can...maybe I can wank you off to make you happy? Your sister would like it so much~» He made Marie say before using her hands to give himself some pleasure, cumming right off on her belly, his head full of ideas on how to use the skinsuit pen again and again.
