

**THE WRONG
EXPERIMENT**

by Amaz2k12

Holly
Gazongas!

Hi! I'm the
2 pm appointment,
Ma'am.

Miss?

I see.
Welcome. Come in
Miss.

Dude! Jackpot!
Look at those
jiggling curves!

Excuse me, Ma'am.
But I'm not a Miss.
I'm Brian. Brian
McWelsh.

Oh? I'm very
sorry Mr McWelsh.
But you know that
our announce was just
for ladies? Don't you?

Yea, I know.
But the telephon lady
said that it is okay and
I need the money
really bad.

Oh? Is that so?
Well...then...Mr McWelsh.
Did she say you what we
are testing and why we
need Guinea pigs?

Hey Zoè,
who is the cute young
lady at your side?

Hey Sherry,
no, this is Mr. McWallsh.
He is here to be your
Guinea pig today.

OH? Oh...
ahm...well...

Well Mr. McWalsh,
may I introduce? This
is Prof. Dr. Dr. Sherry
Hanse. She can tell you
everything you want
to know.

Moma!
I'm in heaven...

Zoé, you know that the test are for female only? We NEVER tested it on males...

...no matter how girly they look.

Yes, I know. I told him this. But... it seems that Bubbles maked another mistake at the phone and she invited him.

Oh? Bubbles? Okay...that explain it. But...

There is no „but“ Sherry. He want to be a part of the tests because he need the money...and he is here.

I can't belive my luck. Stay calmed Brian...

Okay Zoé, when it is his wish...we scientists are always happy to help the people...

...no matter how dumb they act.

Yes that is right. Well... Mr.McWalsh, as I said before: Shelly will anser your questions. You're in good hands. Now excuse me and have fun.

Allright. See you later Zoé. Well Mr. McWalsh, right this way, please!

Don't get hard in your pants. Don't get...

Allright, where is the work and where is my money?

Well Mr. McWalsh,
I'm sure that you've
some questions right now?

Um no...not
really Doktor. As I read in
your announce you're testing
new medicaments against
depressions? The telephone
lady also said that this
sweet little pills made
her a lot happier and
that „bad mood“ isn't
a problem for her any
longer. She was a guinea
pig too?

Oh, you read all of the
text? Yes, it is true.
We're looking for a way
to increase natural
feelings...or happines.

And the Telephone Lady, as you call her is Mrs. Barbara Klein, our boss here. She developed the formula we're testing now.

What? Your boss? um...yea...i guess... then I had the wrong thoughts about her. She sounded like a giggling airhead for me.

An airhead? No. She wa...is one of the smartest persons I know. She createt this interessting tube behind us. But enough about Bubbles...ahm...Mrs. Klein. Please read and sign this papers here before we start.

Excellent choice Mr McWalsh. Now, after the formalities are done... we can start the interesting part of our testing session. Are you curious? I am.

Sure! But what is with the money for the tests?

Money? Of course, after the test are done you will be paid. And there will be a Bonus if our tests are successfull. There is no need to be worried.

Uhm...Professor? Your...ahm...your well...

Yes? What is it?

...I'm sorry, but your breasts are slipping out of your clohtes, right now.

slip

Oh yes,
you're right. theehee
You know, that happen
from time to time. No
need to worry 'about.
Do you like big
Boobs?

Ahm...wait?
WHAT?

Do you like
big Boobs? Or Breasts?
Hooters? Melons? Big Tatas?

Uhm...don't
know. I...i think
i prefear more
...

Bigger? Fake? Natural?

errr....
no...smaller.
I like small breasts
on woman because
of equality for women

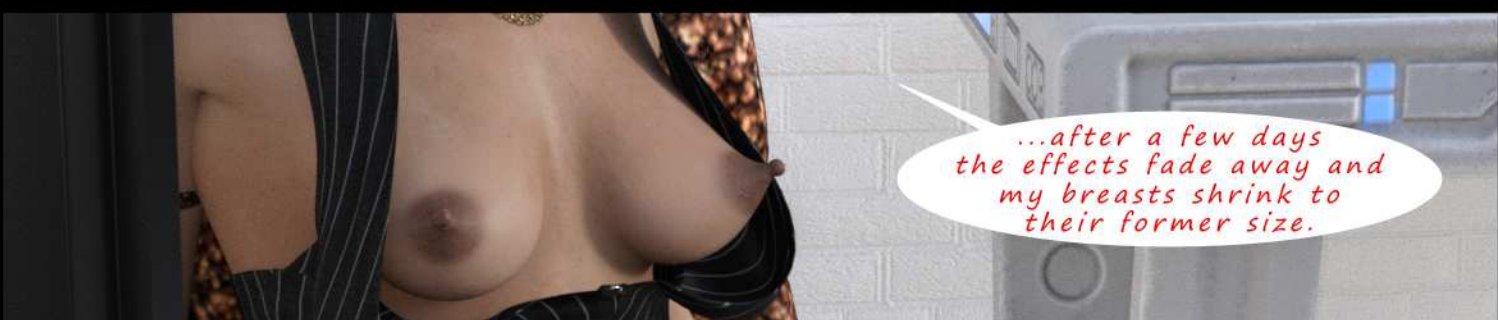

Oh?

You see, we're testing here different ways to increase beauty without plastic surgery. Last time i tested my new formula on my own body...but...

...and my titts inflated to an amazing size. I really like them big or even bigger...but...

...after a few days the effects fade away and my breasts shrink to their former size.

This time the effect loss was very early. Normaly, so my calculations it should start around next monday and not today. theehee

Another effect of the formula is extreme horniness it seems.

*Normaly I would never show my bare breast to a stranger like you *giggle**

And this need to giggling is like totally strange too...

*Please Mr McWalsh,
wait here for um...
a few minutes.*

*I'll like
totally make your medication
ready. Don't go away, kay?
*giggle**

giggle
My head feels totally like cotton or something. I hope that I don't get ill...

Let's see, hm... the red, the green and some drops of the blue ...

WTF? Pink? That's totally like a nice color, but is it correct? Damn it, Girl! Concentrate!

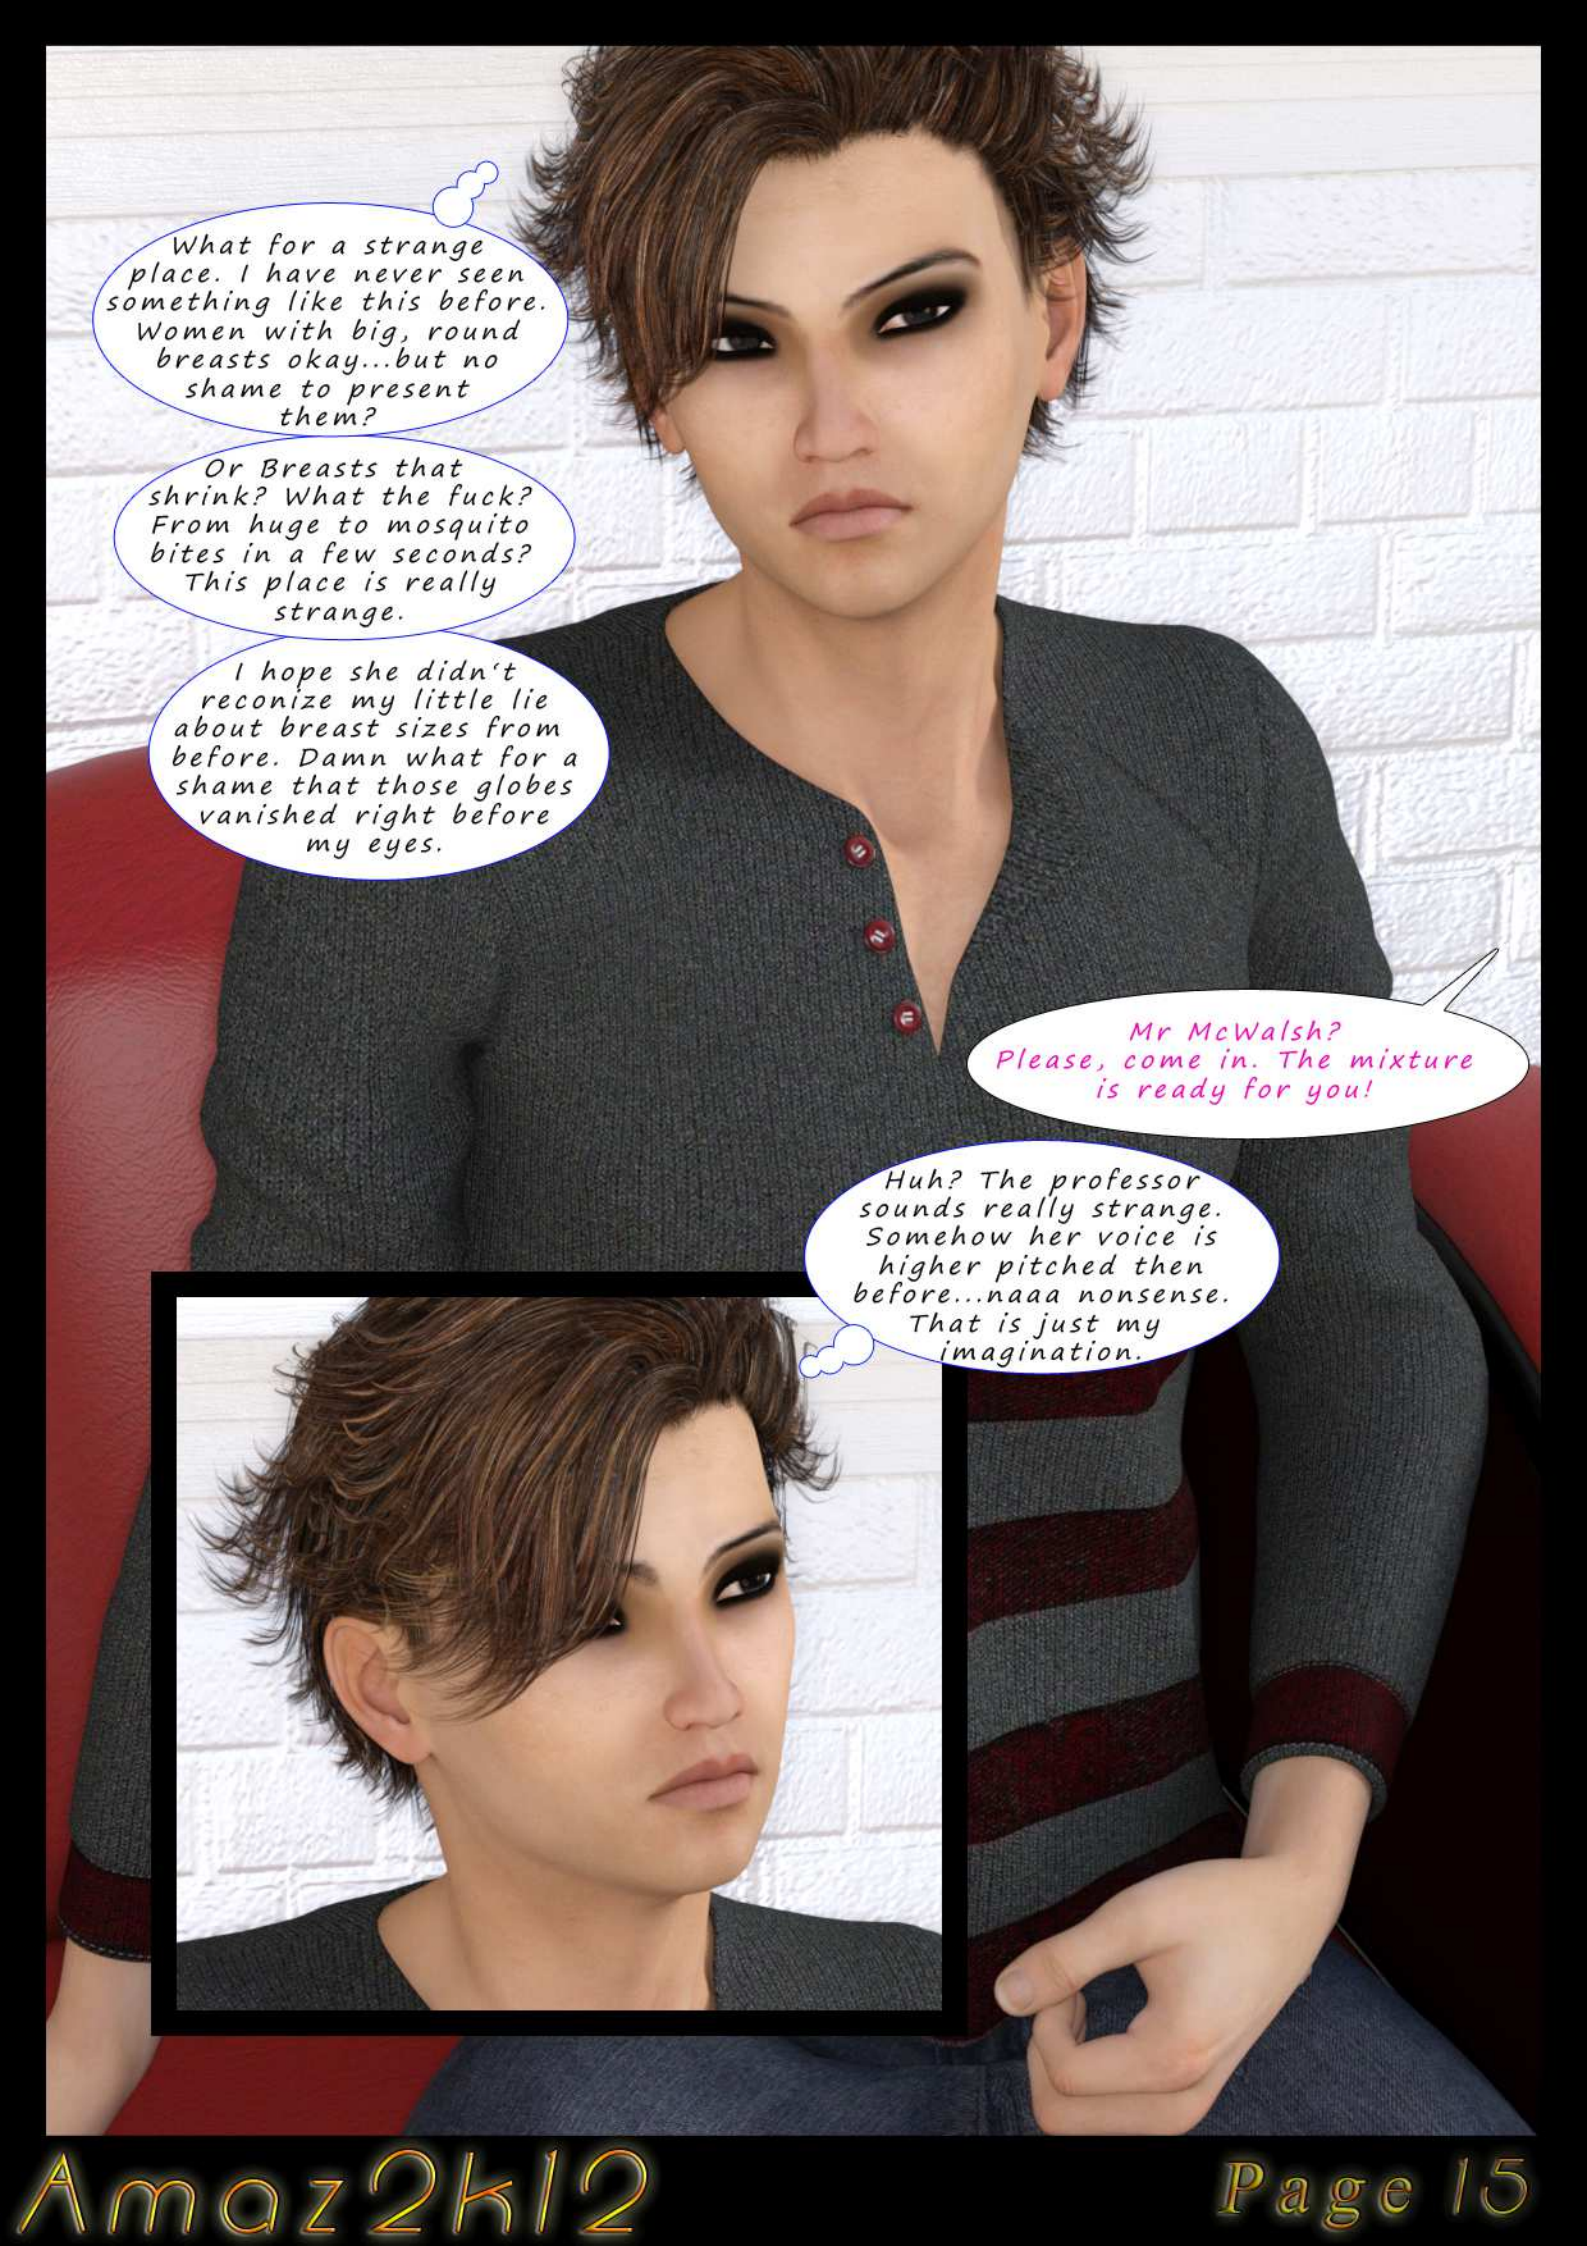

Okay! Now I remember! theehee I'm a smarty head like fer sure!

This is my drink and the other is for Mr McWalsh...or is this the drink for him and the other like mine?

Hmm...who cares! They are like totally kewl pink and stuff and I love pink! theehee...

giggle
By the way...Why I'm wearing this silly glasses? I totally do not need them anymore!

What for a strange place. I have never seen something like this before. Women with big, round breasts okay...but no shame to present them?

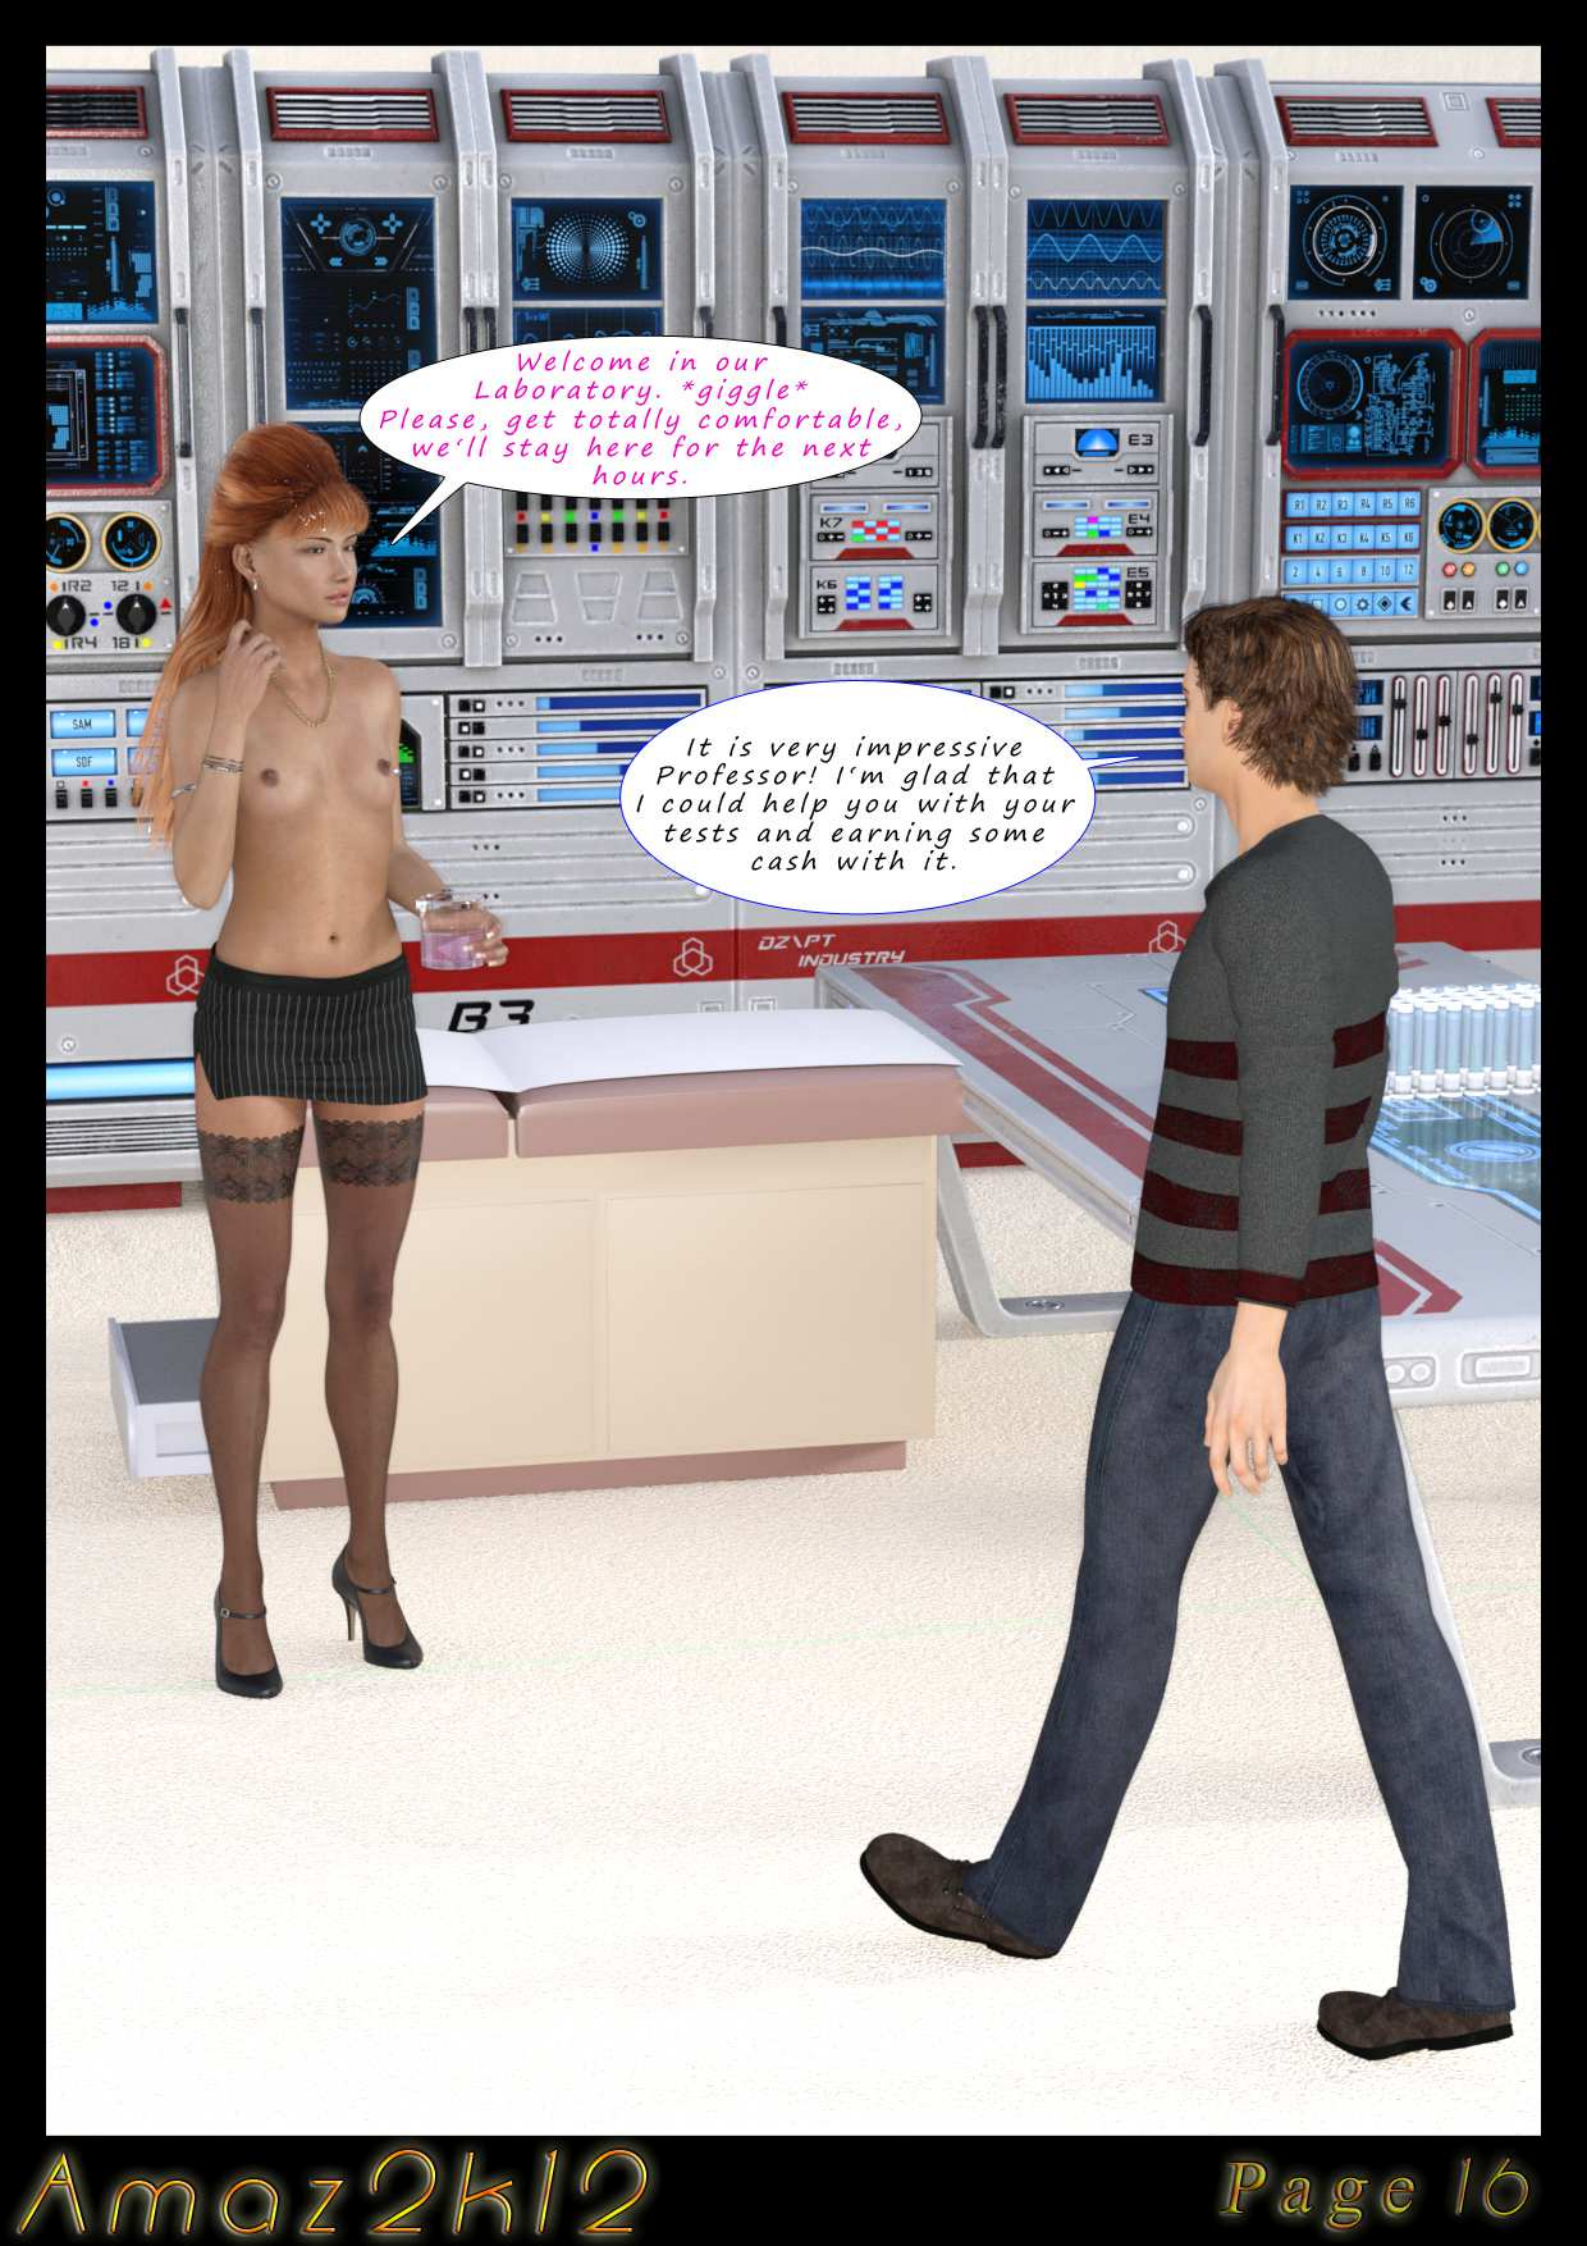

Or Breasts that shrink? What the fuck? From huge to mosquito bites in a few seconds? This place is really strange.

I hope she didn't reconize my little lie about breast sizes from before. Damn what for a shame that those globes vanished right before my eyes.

Mr McWalsh?
Please, come in. The mixture is ready for you!

Huh? The professor sounds really strange. Somehow her voice is higher pitched then before...naaa nonsense. That is just my imagination.

Welcome in our
Laboratory. *giggle*
Please, get totally comfortable,
we'll stay here for the next
hours.

It is very impressive
Professor! I'm glad that
I could help you with your
tests and earning some
cash with it.

*Oh Mr McWalsh,
please call me Sherry. Professor
is my mother and I'm totally
not an old lady.*

*Uh...thanks Pro...
Sherry. Just if you call me
Brian please.*

**gigle*
Nice to meet you Brian.
Please, drink this mixture
here.*

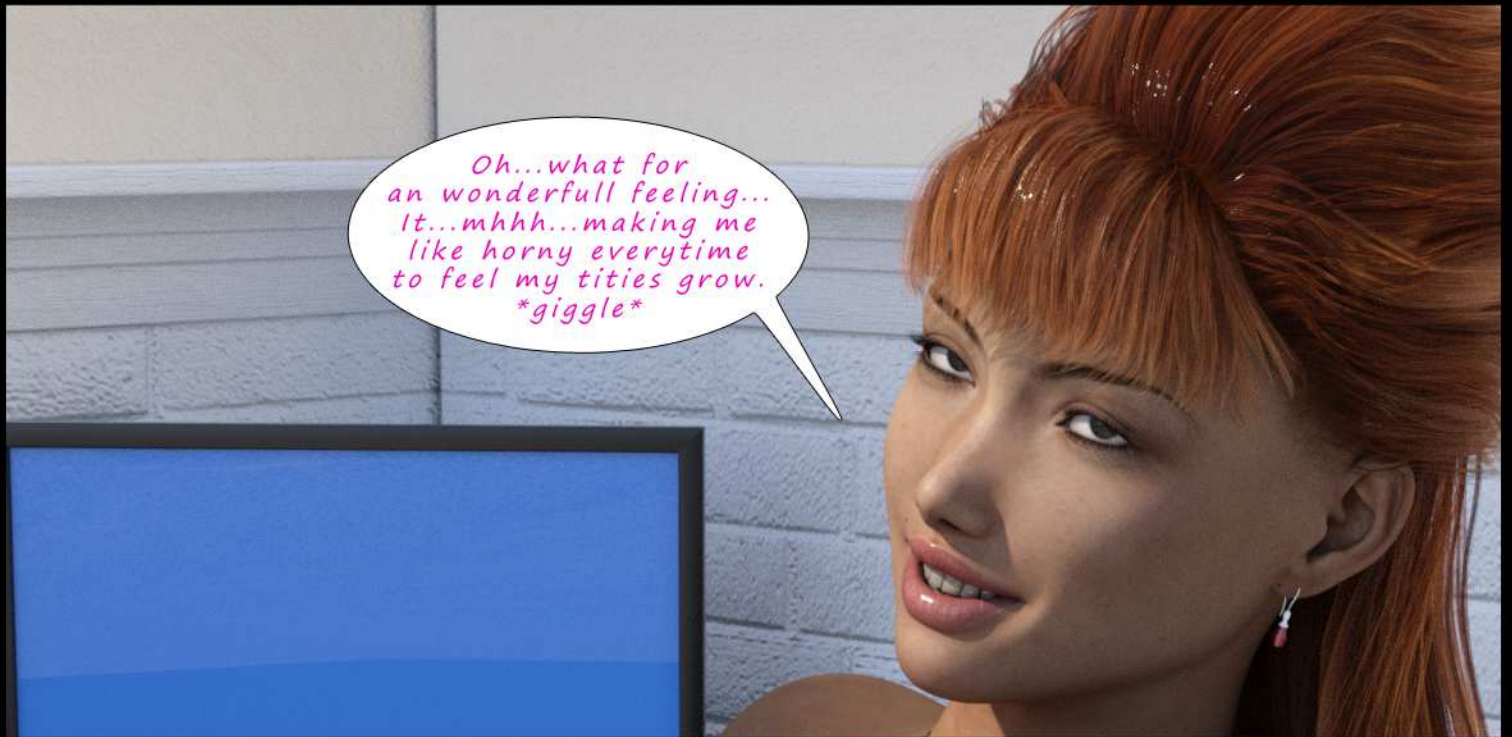

Excellent Brian.
With totally just one
gulp? How does it, like,
taste?

gulp

The taste?
It...taste...hm...
not bad at all. Like
a mixture from Strawberrys
and something other...
sweet?

Hm...strawberry
and something like sweet?
How cool is that. Like normally
it taste totally bitter.

Oh...and before I
forget...please, get
naked now. I need
to inspect it, now
after you drank the
formula. *giggle*

Oh...what for
an wonderfull feeling...
It...mhhh...making me
like horny everytime
to feel my tities grow.
giggle

A woman with large breasts, wearing a black and white striped skirt and black lace stockings, stands in a medical or laboratory setting. She is looking at a man who is seen from the back, wearing a white lab coat. The background features a computer monitor displaying various graphs and data. Three speech bubbles are present, containing text that discusses the man's appearance and the woman's perception of him.

*Very impressive.
I had no idea that you
are THAT massive Brian.
I thought you were most
a girly type of a
man.*

*What? Why?
I always was a
guy and never
wanted to be
some type
of a Girl.*

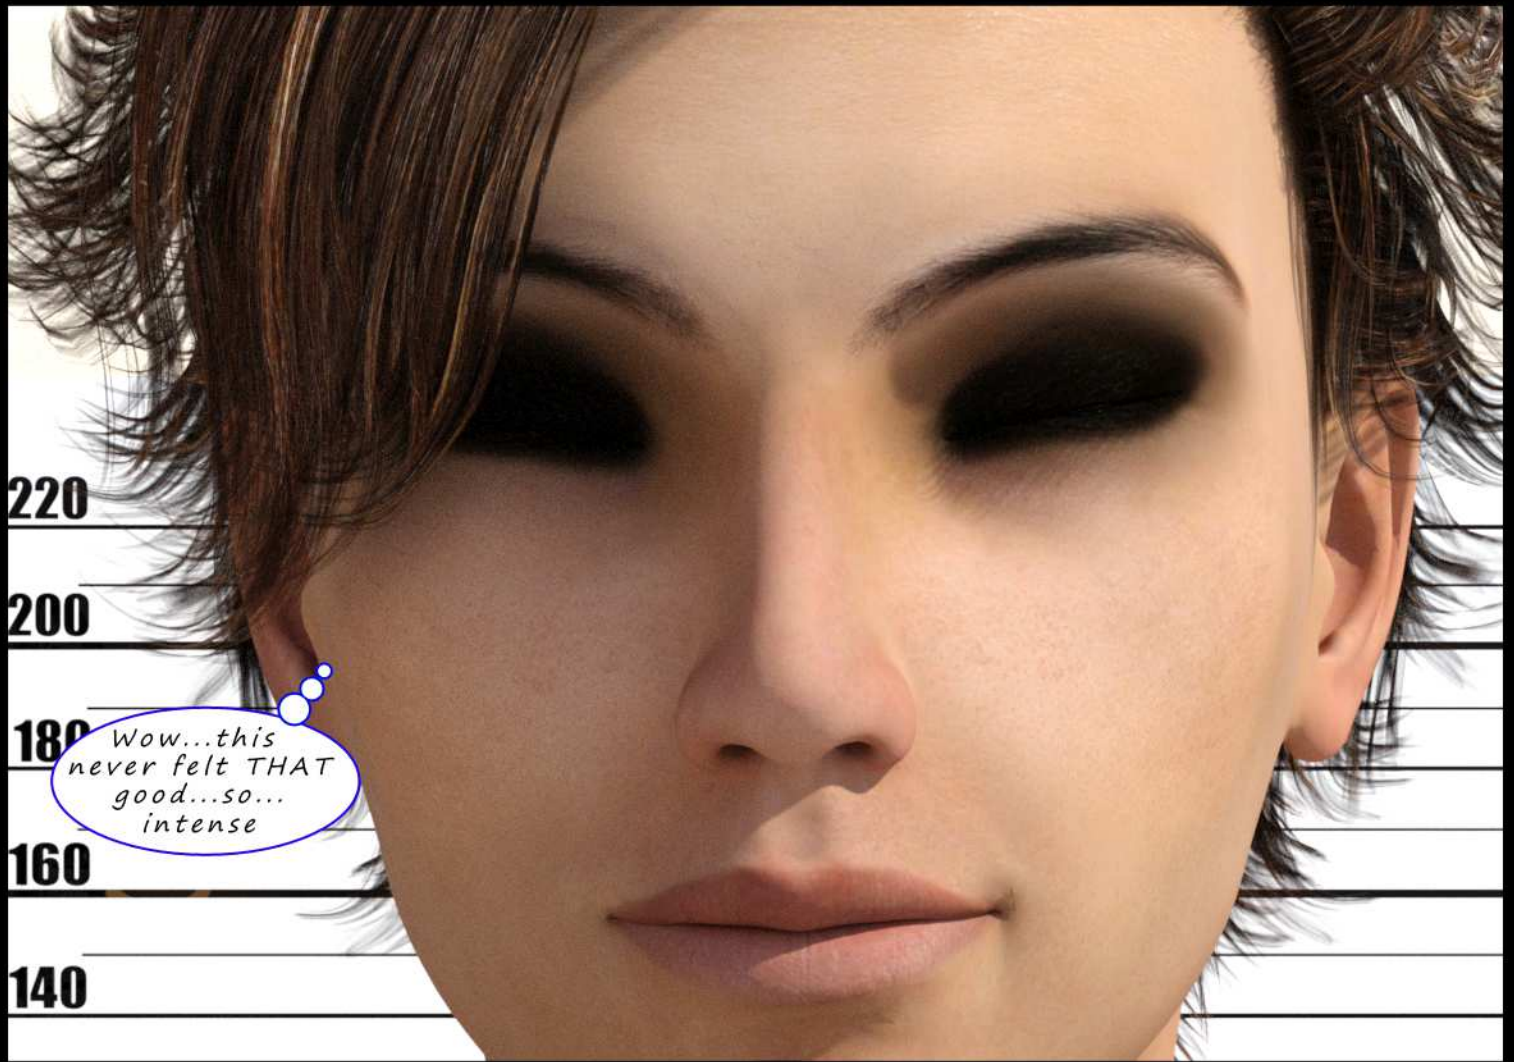

*I see! But...
your appearance makes
you more girly. Small
height, very thin, no
strong muscle definition,
no beard...Mascara
on your eyes...*

Yea...I know.
That is no mascara
around my eyes. It's
all naturally. I never
found out why...

...but your
dick is very manly...
it makes me very...
HORNY...

WHAT? Shelly...
what are you...

DZ\PT
INDUSTR

Ohhh...baby
you are doing
a ... ohhh

Hm...it taste
somehow odd...
is there a misscalculation
in the formula? My
head feels less...
numb...

DZ\PT
INDUSTR

And the skin is itching...but this feeling is... not unwanted.

Can it be? As my breasts shrank my mind went foggy. Now they are bigger then before and my mind is sharp and clear...

Everything seems okay...just that imense lechery. It is not just a burning desire...I need it somehow. That wasn't before.

Hm and Brian looks different too. I hope that I haven't messed up with the formula. His face...it looks...truly girly...even girlier as before? Can it be?

I can't believe it. I found the formula to change genders. Thousands of people will be happy to buy it!

ohhh I'm gonna c... CUM!

GROPE

SPLURT

How do you feel? Do you feel any effects from the medicine you drank?

Sherry! That was very intense. You blow like a pro.

Umm...thanks? So you never felt climaxing in that intensive way before?

I feel like always Sherry. The orgasm was truly very intense, but everything else is like ever.

Hm, let's see. I need exact dates for the case you know... I would say that you are around 5' 8" (172 cm) Brian

I'm not 100%
sure Brian. But I think...Your face...
your skin, nipples, hair and now that
height loss...and your body looks more feminine
then before. I think you are switching
your gender and becoming a
WOMAN!

Y..you mean...

Yes Brian. You will be a Woman very soon.

B...but I...i didn't want to...

Of course you want „dear“. You knew that the tests was for woman only.

What? No. I just... need the money

Awww, still trying to lie? Come on, don't call me that stupid Brian.

You don't need that money. Your clothes aren't cheap, they are very luxerios and expansive. And the perfume you are using? I know the label. One 200ml bottle cost around 200 \$ my dear. And it is a female scent.

Y..you know?

Yes of course I know. You're speaking with a Professor, remember?

Y... yes...i know... I...i'm...

...you are a male, not very bright. You use your girly look mostly to get extra things for free.

It...it's very easy...but I don't wanna be female...

But now you will. The question is: Who send you to this place? Who paid you all the things? Clothes? Perfume? Make-up?

Damn it! We thought it would be easy. Her name is Darina Slanepanova.

Oh? Miss Slanepanova? I know her well...She is the assistant of Mrs. Klein, you know her as Bubbles.

Your boss, right?

Yes. But that's not important. First we'll finish your test here, then we'll take care for Miss Slanepanova. Come...Brian.

See how much you already changed. Your body is still changing. Every second it change more and more.

I can't... that's ME?

Look!
Your breasts start
to develop. As I was young
and my puberty start it
was an very special
feeling as my breast
start to grow.

HEY!

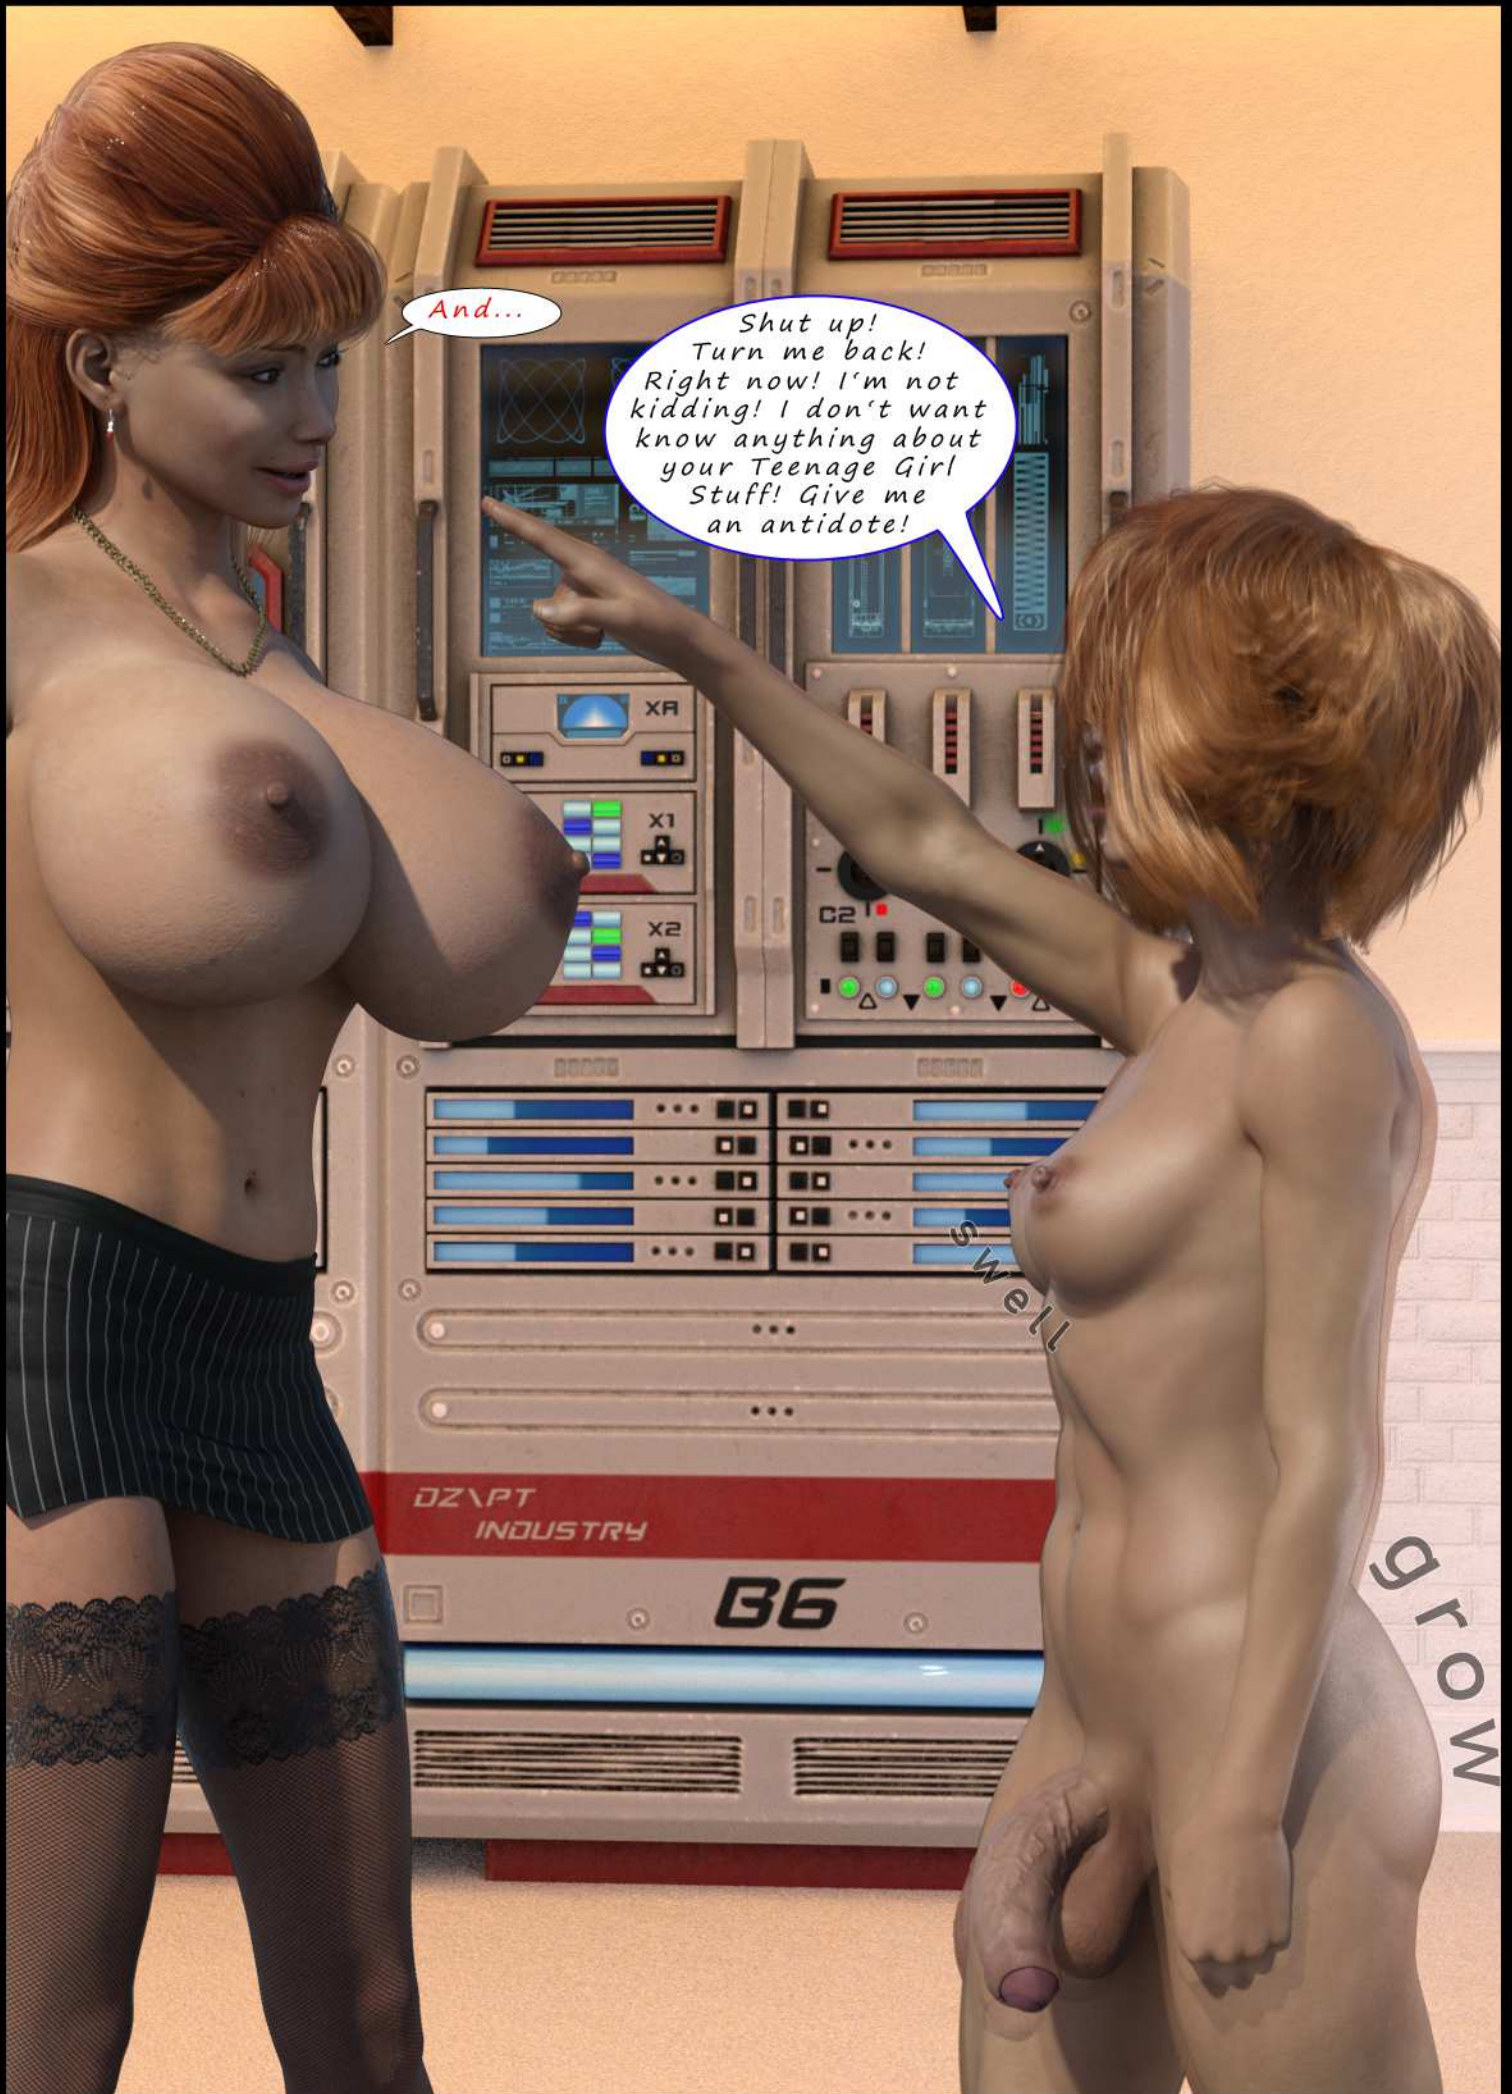

grab

It is very important for every girl. This means that you'll be a Woman. It's very special. A shame they never reached a full A cup or more. Until that day we found the formula to increase breast mass.

AAAAAAAAAAAAA!

And...

Shut up!
Turn me back!
Right now! I'm not

Ohh a little Miss Bitch hm? No Problem. I have a great Idea.

Allright...allright... in the name of science. But...I need some components that I have not here. I make a call to get that stuff. Please wait here Brian.

I want it now! I know enough to make you and the other eggheads a lot of problems. I DON'T WANNA BE A WOMAN!

grow

Yes, Zoe? Great.
Listen: I need some B3p
serum. How much? Hm...
I would say at least two
dosages. The Experiment?
There are unseen results
right now. And please:
You should bring it
to me, only you Zoe!

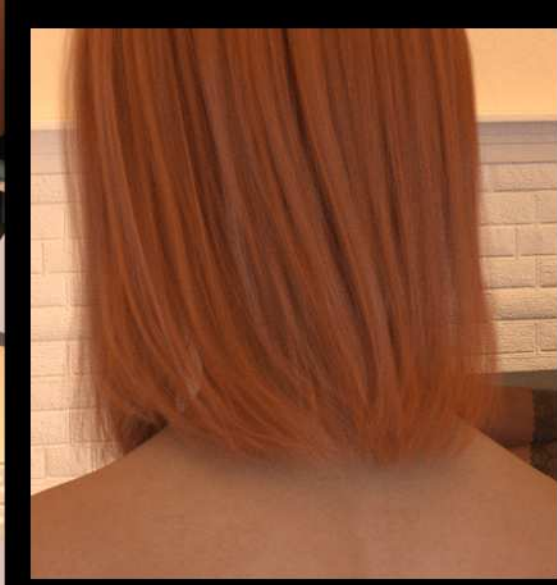

whisper I know
who the traitor is
and now we can handle
it. But I can't say it
on phone rn. Our
guinea pig works
for her...come to
us with B3p!

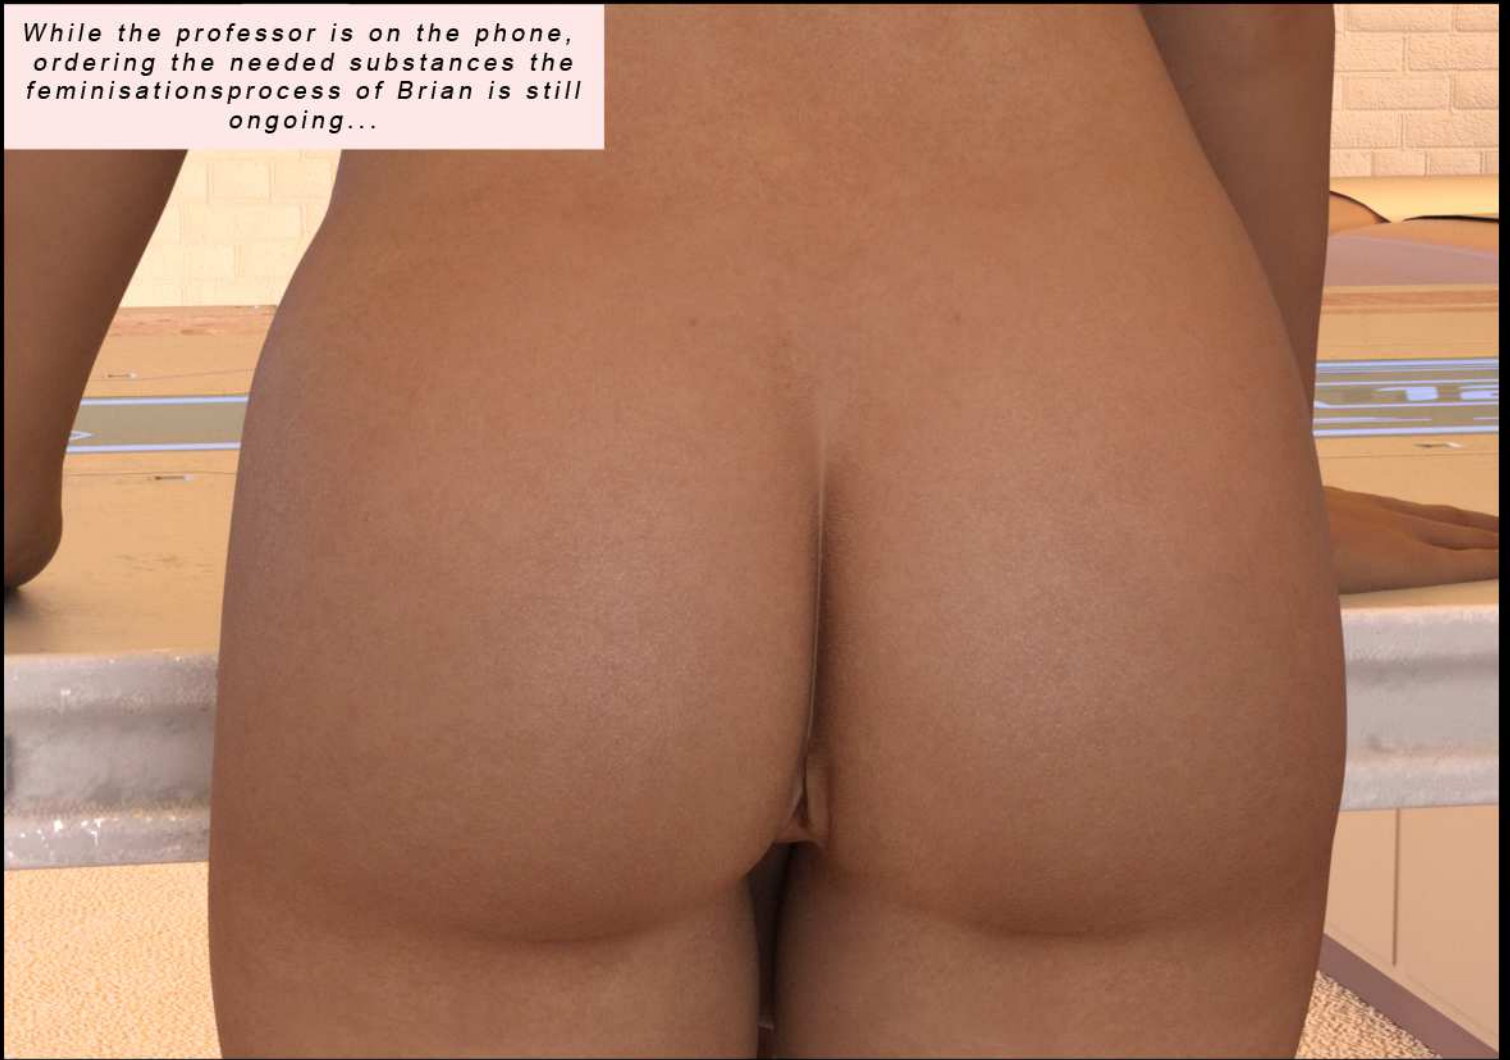

What is she doing? Why is she whispering? What have I done? It was a bad decision to come to this place.

Yes I need some...
mumble and you should
mumble...B3p...

While the professor is on the phone, ordering the needed substances the feminisation process of Brian is still ongoing...

His hips started to flare out, becoming wider by the second. Also his, now her ass started to gain more and more mass. Filling out and becoming rounder and rounder.

Within a few seconds the once ugly male ass gained enough mass to be clearly womanly. Also the hips now say: Look, I am definitely FEMALE!

Finally the growth spurt on Brians
butt stoped. At least five times

The different hormones in Brian's body are working like crazy. No matter how sad (s)he is...(s)he is also very horny right now...

Mmmhhh!

And for the last time Brian's dick erupted his last spunk into the air.

Don't worry
about that Brian.
WE are in a testing
labor remember?
You turnd from
male to femal.
I would say
it's normal.

fondle

Shelly... Is
THAT really Mr McWalsh?

She is sleeping
for the next minutes...
like Miss McWalsh here.
Come..help me to bring
her to the other
room.

Yes Zoe.
HE is now a SHE.
What did you do
to Daria?

But how do you know that Darina is our traitor Zoe? I didn't say anything on the phone...

That's easy Sherry... I saw a picture of her with Miss McWalsh here on her Facebook Page. She is his...her Girlfriend.

There. I prepared four injections with B3p for them.

Four? THAT are...twelve times more units as bubbles got. That is very risky Zoe...

I know...but I love that process so much Sherry.

Yea... me too. *giggle*

I'm done
Zoe. And of course
You know that I can't
say NO to a hot coffee!
Milk + Sugar please.

Shelly? DO you
want a coffee when
you are done with
the injections?

And you my dear
Professor Doktor „I know
everything“ Shelly Hanse will also
get some of that amazing B2p stuff.
With your formula and the other results
I will not only get rich...I will be
famous! And only I, no other
one. You don't need to know
that Daria and I was
complicity...

And now you
two sleepyheads...
say Good bye to your
old intelligence and
say „Hi there“ to
your new life as
BIMBO'S!

WHAT THE?
Where am...the examination
room?

SLAM!

Another girl?
Why is she naked? Weird...
she looks somehow
familiar...

No matter.
Work is waiting. I think
that someone brought me in
here because I fell into
fainting?

ugh!

What? Locked?
But...why? Great! Just great. I'm locked in a room with a stranger who is also naked! Maybe just another experiment of Prof. Hanse?

Experiment?
Guinea pig? Today was just one apointment for her...Brian!

Hey good that you
are awaken. How are you
Do you know why we are...

Darina!
Thank god you

What? You know
me?

Of course I
know you Hot Stuff!
It's me Brian...

Brian? Oh my

I know. That strange
Professor turnd me
into one...she tricked
me!

SHE tricked you?
And turnd you into
a Girl? Sure! WHO
are you BITCH?

Darina!
I'm really Brian.
We've met six months
ago in a disco. You spilled
your drink over my shirt
and wanted that I buy
you a new one. I laught
and said...

„You should buy me one
Hot Stuff“...you was the
first guy who ever called
me Hot Stuff...

Yes and I would
do it again because
I like luv you
Darina!

Awww just

But we must
be carefull Hot Stuff.
The professor knows
about your plans!

lighten

WHAT? ARE YOU SURE?

Yes I am!
She told it to me. That she know everything about your plans and as I wanted to react the other woman appeared and sprayed me with something. Then everything went *totally* black and next thing is as I hear you shaking at the door.

Oh my gosh! We are in trouble Brian. In big Trouble. Look on your body for an Syringe wound!

Shit! Shit and Double
Shit! Four times? Seriously?
Let's think...how much was
it that Mrs. Klein got? And
how fast did the serum
work?

Darina?
Something *like* stung me
to in my arm too...see?

Uhm...there must
still some of the narcotic
aerosol in me...it is hard
to remember and to
calculate how fast
that serum starts
to work!

I feel light headed
i think...*giggle*

No matter! If the door is like *totally locked*... there must be a way out of here!

Damn Brian! Like you totally got such a nice ass teehee. But you are right! **THERE** must be a way out..

While Darina tries to remember what she wanted to say her body is still changing from the serum in her blood stream...

...her chords for her feet got stiff and shorten...so she isn't able to walk as any normal person...She need to wear Highheals from now on...

But not only Brian...or Bri for now...
and Darina are changing into Bimbo's.
After Zoe's betrayal the spiced coffee
of Prof. Dr. Dr. Shelly Hanse took effect.

...but Shelly only realized the betrayal
as it was to late for her...her high intellect
was no longer there...and her body attributs
also started to change...

*This stuff is amazing!
Darina is already an
complete airhead. It is
pure GOLD for me!*

*I think it is time
for entertainment step 2.
Some „hunks“ for the Bimbo's
and a new coffee for me!*

*But Zoe had her head in the
clouds and let one injection
laying on her seat as she left.*

A woman with short dark hair and purple eye makeup is talking on a black mobile phone. She is wearing a black, long-sleeved, sequined dress with a red trim at the cuffs and a zipper down the side. She has her left hand on her hip. The background is a plain grey wall and a white door.

*Mike? Yes, it's me...
No, I'm not Mario. Zoe...
ah just another Joke...Haha*

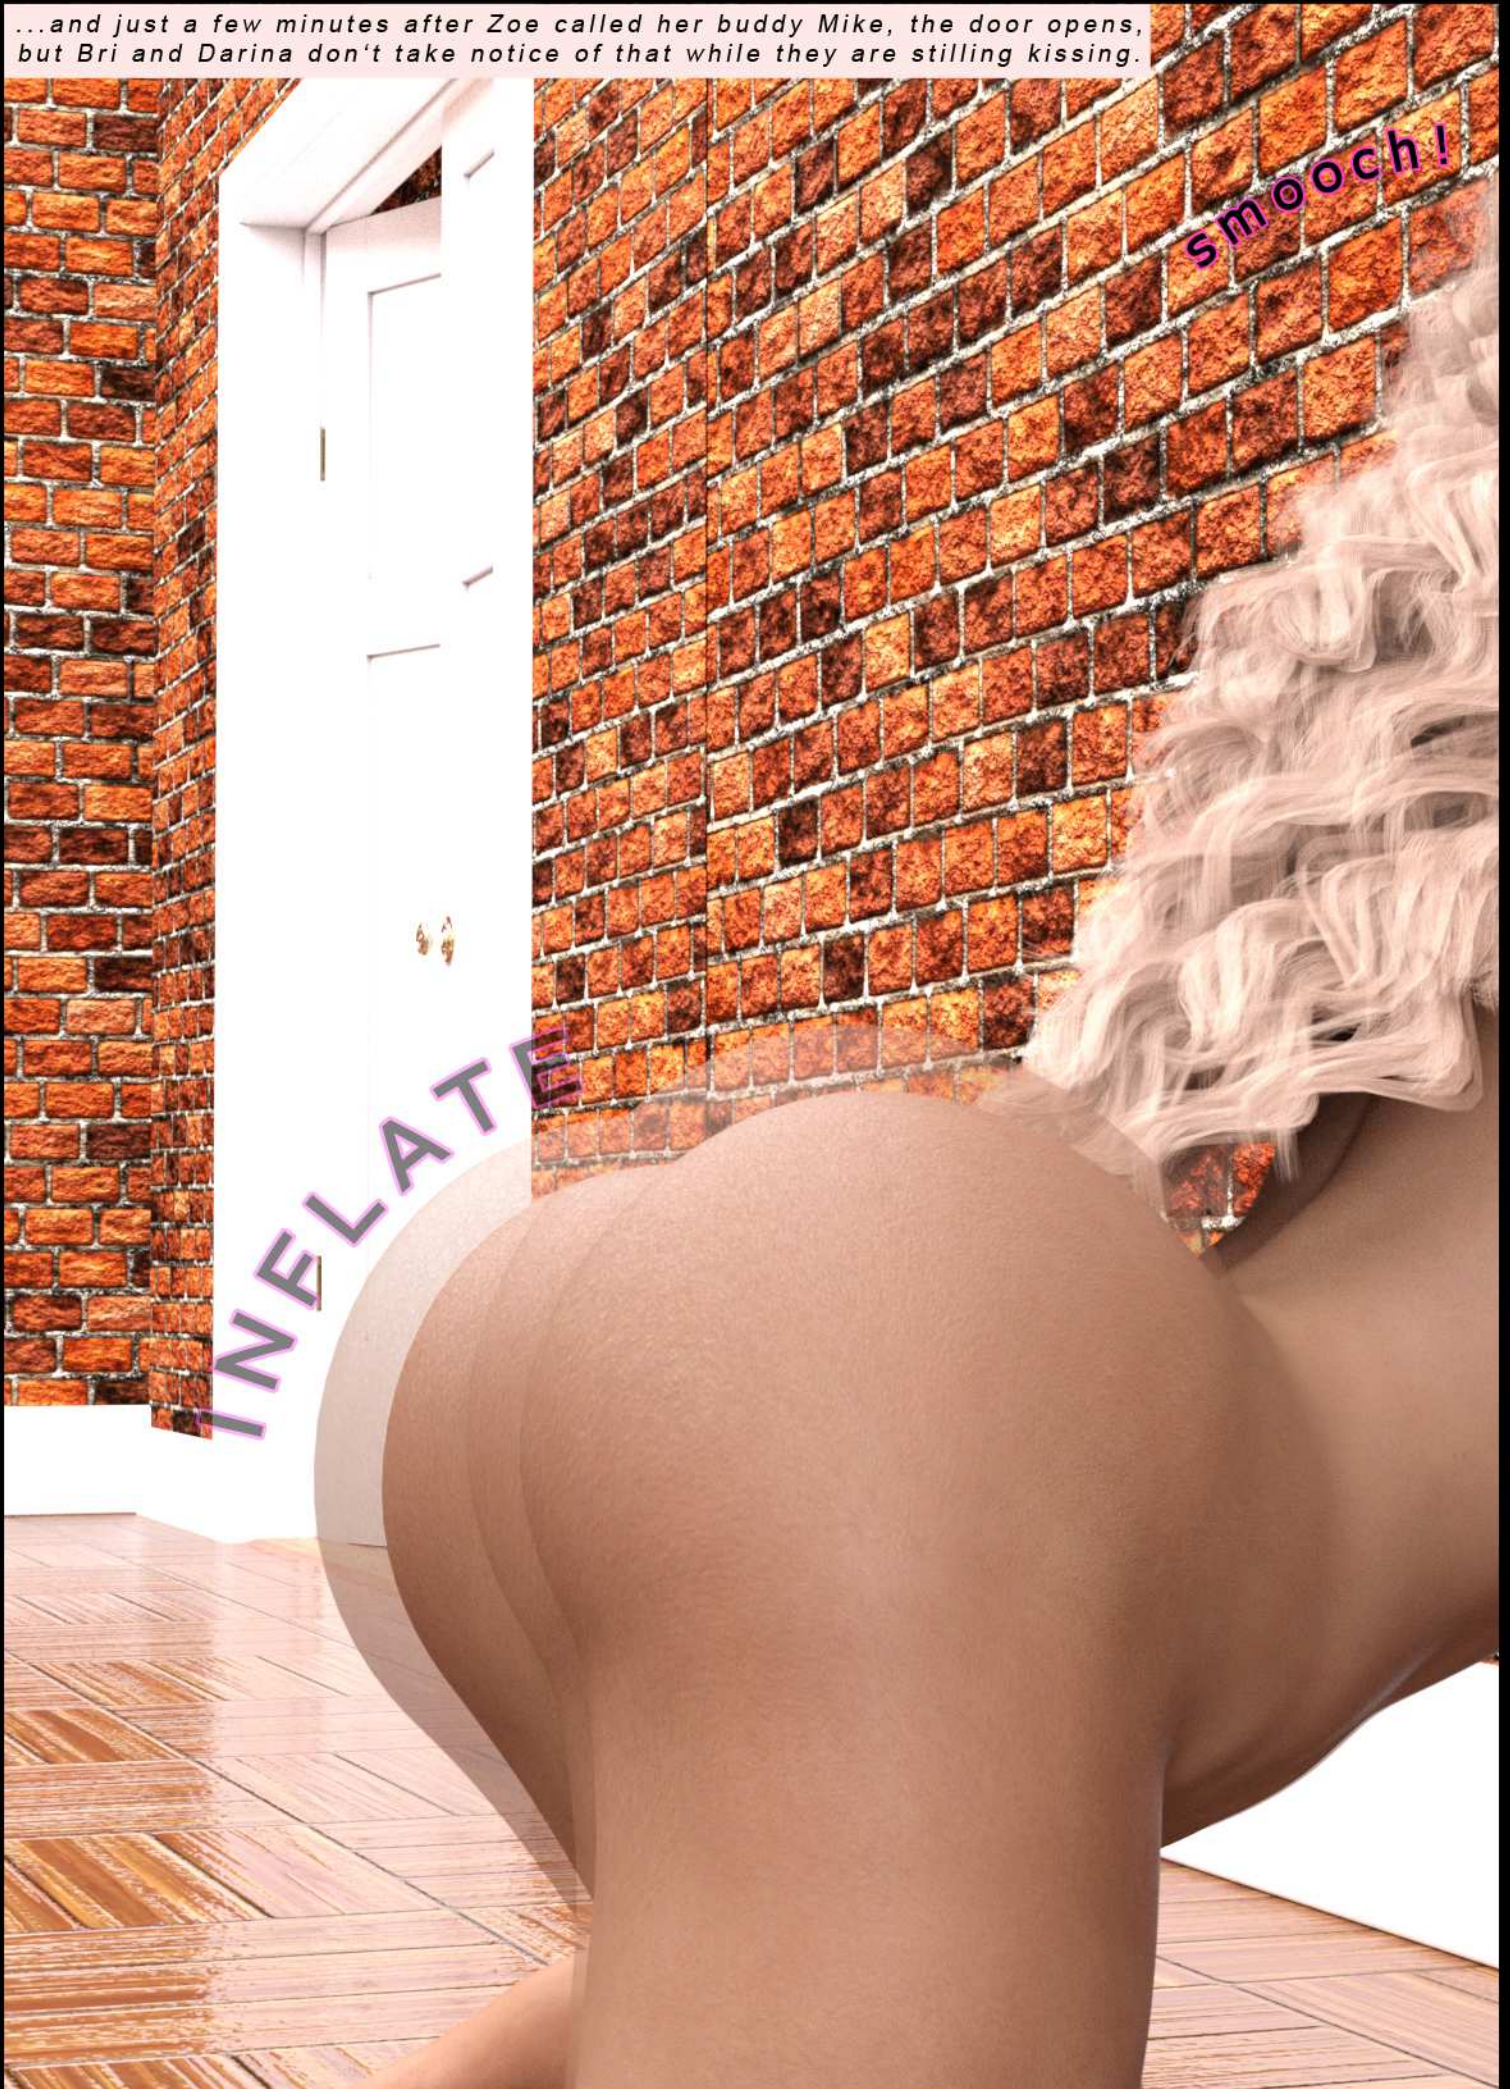

*Are your things done
in the office? Great! Great...
come over to the examination
room. There are some new
Girls waiting for your
...massive...wishbone.*

While Zoe is on the phone Bri and Darina are enjoying each other...

smooch!

Mmhhh you taste like tots awesome an stuff...

...and just a few minutes after Zoe called her buddy Mike, the door opens, but Bri and Darina don't take notice of that while they are still kissing.

Uff...it's like

stand up...

Mmhhh

U speak to much! Turn around!

Handsome hmmmhmm

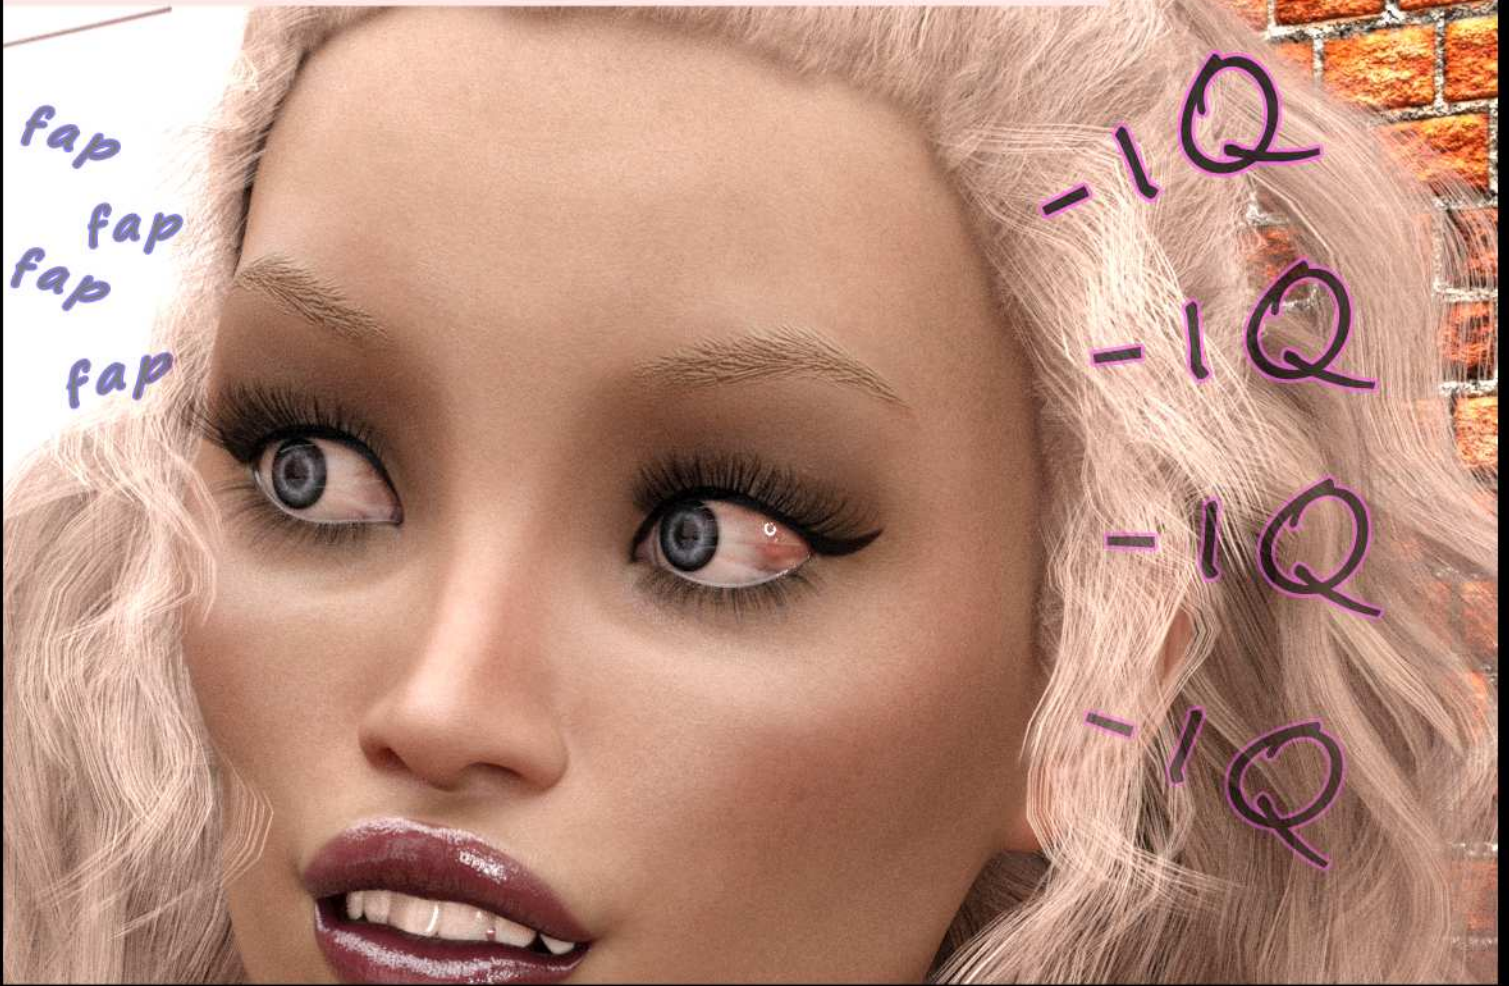

What an ass Babe!

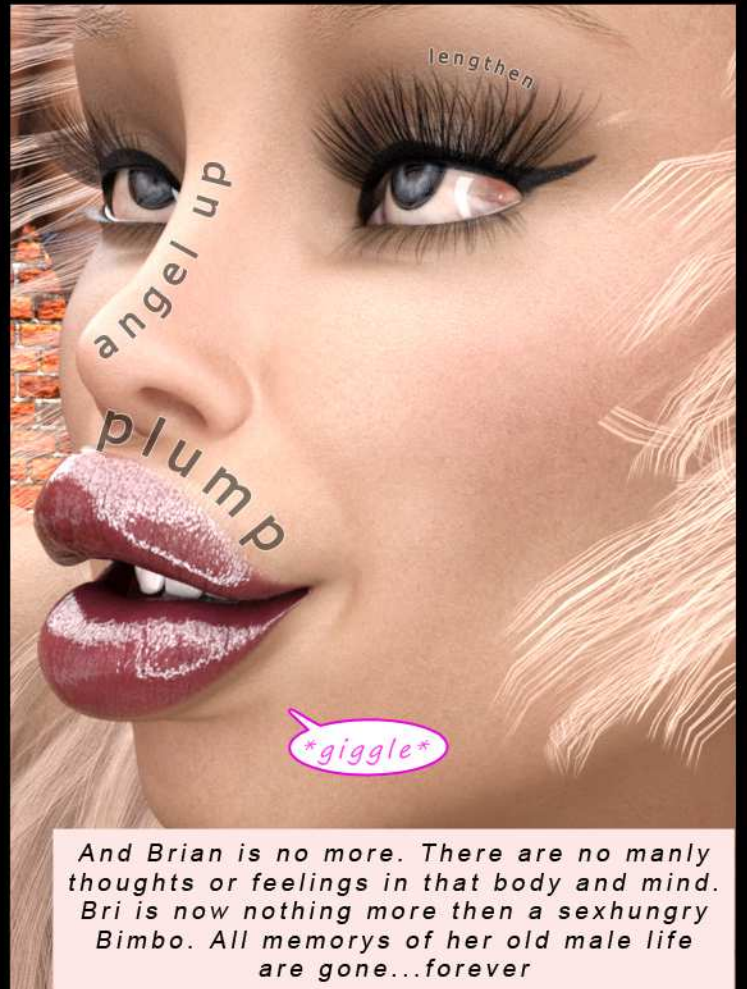

MOAN!

tiiihihi like so happy u like...

...with every push Mike did with his powerfull veiny dick, Bri's mind becomes simpler and easier...but not only her mind is slowing down...

her body started to change another time.

And Brian is no more. There are no manly thoughts or feelings in that body and mind. Bri is now nothing more then a sexhungry Bimbo. All memories of her old male life are gone...forever

After Zoe got her coffee she returned to the examination room to take care about the bimbofication from the three lads. But as she entered a giggling mess of Boobflesh, huge ducklips and no brain gave her a welcome.

Sherry? Just...
wow! There must be
a reaction to the concentrated
B3p Serum and your own formula
to increase your breast size that
you used before.

Like Hi Lady...
giggle u lookin'
real good...do u like
my big boobies too?
giggle

In the examination room: Bri is very close to her first orgasm as female. Not that she remember anything from her former life as male...but things are changing...but Darina also want to have some fun. Using her hands was nice, but it didn't bring her the ultimate feeling...that what her body needs

With an load BAMM the door open with a heavy strength and Sherry carry her massive titties in the examination room.

That hunk is like, totally mine!

And while the Girls are enjoying each other...

me and my unstoppable
way to the top!

Damn! The last injection for Mike...after he fucked the Bimbo's he should join them...

...now it is in my bloodstream...and it is very effective. Double damn!

Mmhhh I must hurry...there is a antidote...must be!

We have enough dumb Girls in here! There is no need for another one...

Huu? What are I doing? Sitting here and thinking? Move Zoe!

Huh?
Why am I running? There was something to do...but I can't remember at all. My head feel so...light...somehow totally strange...

WAAH!
YES!

But not only Zoe's assets started to change. Her skin tone started to darken very fast and in just a few seconds her body looked like a lot younger version of her great-grandmother who was an Afro American woman.

My skin is like totally tingling... heehee...that tickles!

Like ma body feels like supa hawt

Also her straight hair started to curl while it was growing in an alarming rate.

SPROING!

Wat da fuck
is like with
dis bitch?

But the changes are unstoppable and in just a few minutes her body and mind are no longer the old Zoe...a new persona appear.

The big science knowledge is gone...displaced by pure lust... a hunger for sex, nothing more, nothing less.

And with her improved sexual instincts the new Bimbo follow the welcomed noises that came from the other room..

Dis bea
is like soooo
ready to be
fucked r.n.!

I'm cumming!

Like who is she? Me like never seen her before...
