

*I can tell you're really enjoying yourself..
You've been staring at her tits the whole time*

Oh.. Yurika!

You must really like her tits, right?

Oh my gosh, you got me all dirty..

I can still smell them on my hand..

But it turns me on.. even more..

Hmn.. *It seems like I need to make it hard again*

But that's not a problem at all..

There you go..

Why am I enjoying this so much?

What's on your mind, my boy?

Oh, I was just thinking about how good you are,
I almost forgot you used to be my grandfather

That's because I'm fully Yurika now..

Oh...

Today, I shall give you what you deserve. Now, step back and lie down

Are you ready my boy? Your dream is about to come true..

Can't believe he would go this far..
