Previously on „The lost Temple“:

Mikael – a young archeology student – learned of the world of magic by meeting the demon girl Kassandra Elaquoi. In exchange for his help, she has taught him magic, but Mika realises she is very dangerous.

Last time, we saw how Mika and the young camp crew set out to save Velia's sister, who had been captured by demon general Lies how previously abducted several students from the local university. Now it is time to follow Mika and the others back to where it all began – the underground temple under Mount Garouse...

The Secus ritual marked a location known just too well to me.

Over there!

We gotta go up there?!

Guess every evil lair comes with breathtaking views and terrible accessibility...

How should we ever find anything around here? This area is huge!

Was it a coincidence that the demon made the old temple here its base?

Oi! Down here. I think I found it.

There is a cave here.

At least we had no trouble finding it like this...

You think she's in there?

It stands to reason that they are not out in the open, right?

Point taken.

I'm impressed!
How did you
find this so
quickly?

Cause I've
been here
before...

I used Scio to analyze the soil to look for cavities underground.

Fascinating!
Your archeology background is totally paying off here!

Come on, you guys. We need to find my sister!

Did... she
build all
this?

Woah!
This place
is huge!

Very
unlikely...

Less
sightseeing,
more rescue
mission, guys!

Now that wasn't here last time!

A cave-in?

Which way?

I think straight ahead is more likely.

This looks just like a hole.

That way!

The edges look man-made.

It does not look natural.

Maybe... she's digging something up...

Totally trusts Mika.

I think we should listen to Mika.

Why?

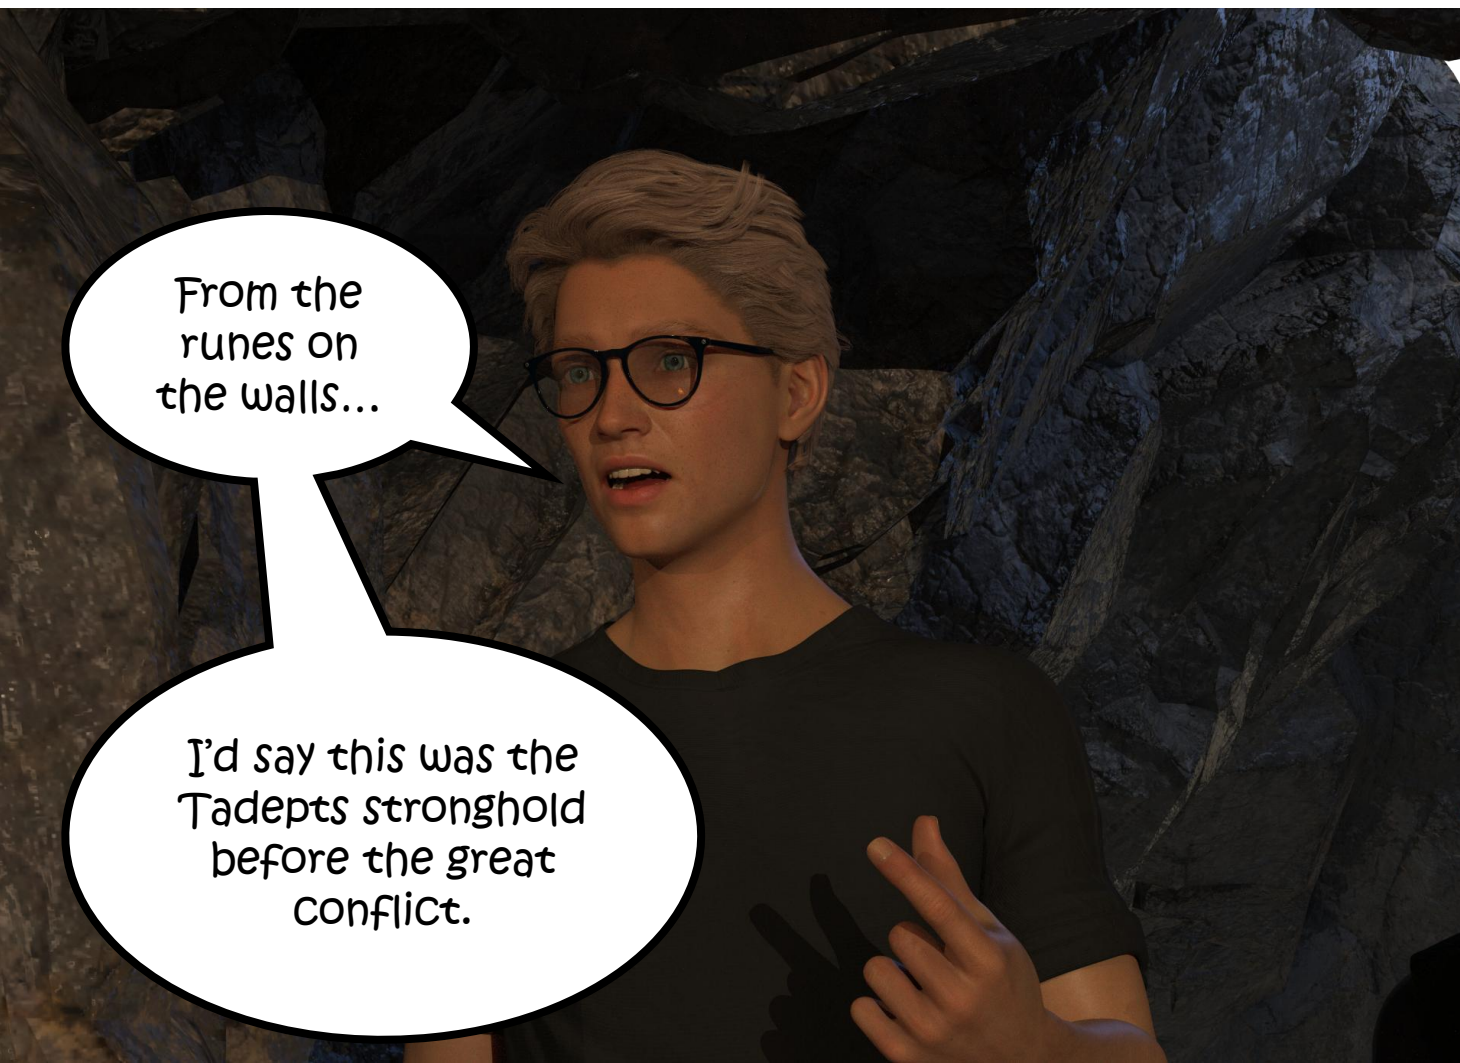

We entered the hole in the wall and crept through a low passageway...

Damn...
what is this
place?

The cave opens into a chamber with steps carved into the rock.

From the
runes on
the walls...

I'd say this was the
Tadepts stronghold
before the great
conflict.

Huh?

You mean.
That was
here?

The long-lost
base of our
predecessors?

Wasn't it
destroyed in the
Clash between our
side and the
Zermankai?

Well... maybe it's a different stronghold?

This door is huge.

We are going in. Be on alert.

push

What the hell?

Wow.

What is this place?

Are... those rocks flying?

Are... those rocks flying?

There were stones
hovering mid air – and the
air was thick – brimming
with magical residue one
could even feel on the
skin.

The Collision
Between the Tadepts
and Zermankai must
have ripped this place
apart.

Shit! Clarissa...
where are you?

This looks
dangerous...

Maybe she's
not here after
all...

What is that,
down there!?

At the bottom of... whatever place we've ended up here, was a glowing isle around a whirling vortex. The floor and stones in the vicinity were glowing red like lava – but most likely it was a magic glow, cause it was not hot at all.

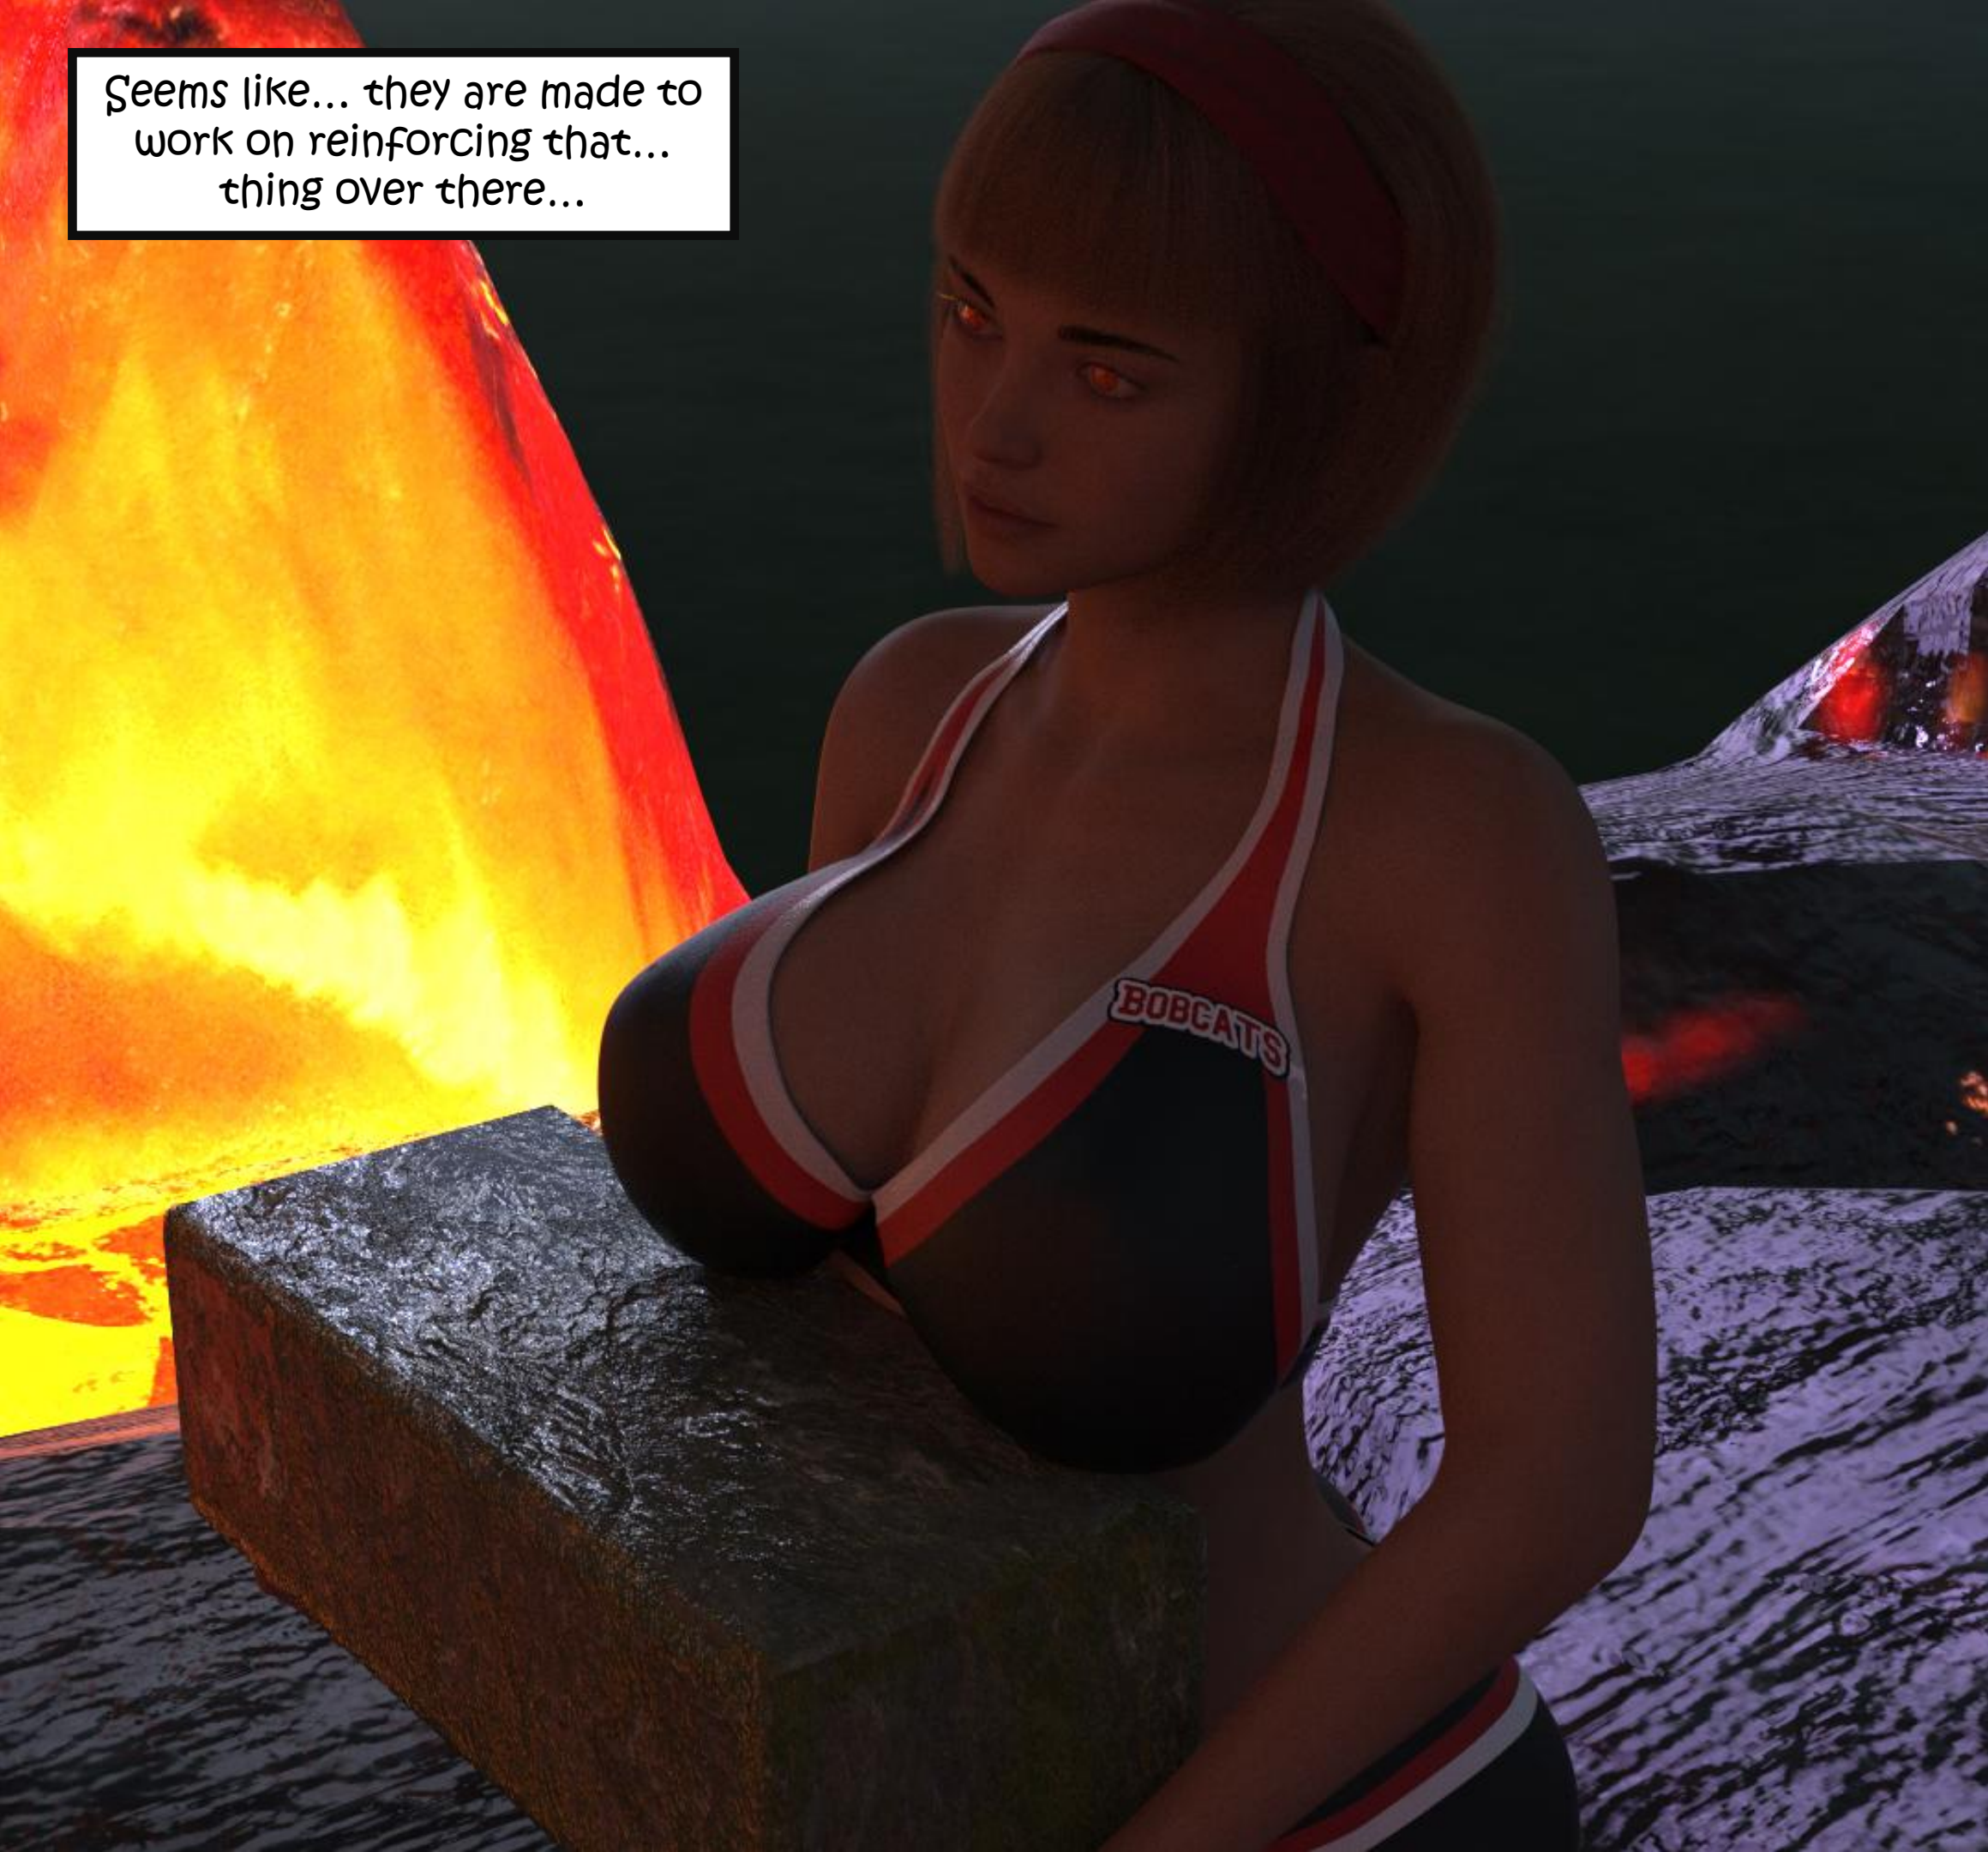

Those... are the abduction victims.

Oh, dear...

What... are they doing?

Seems like... they are made to work on reinforcing that... thing over there...

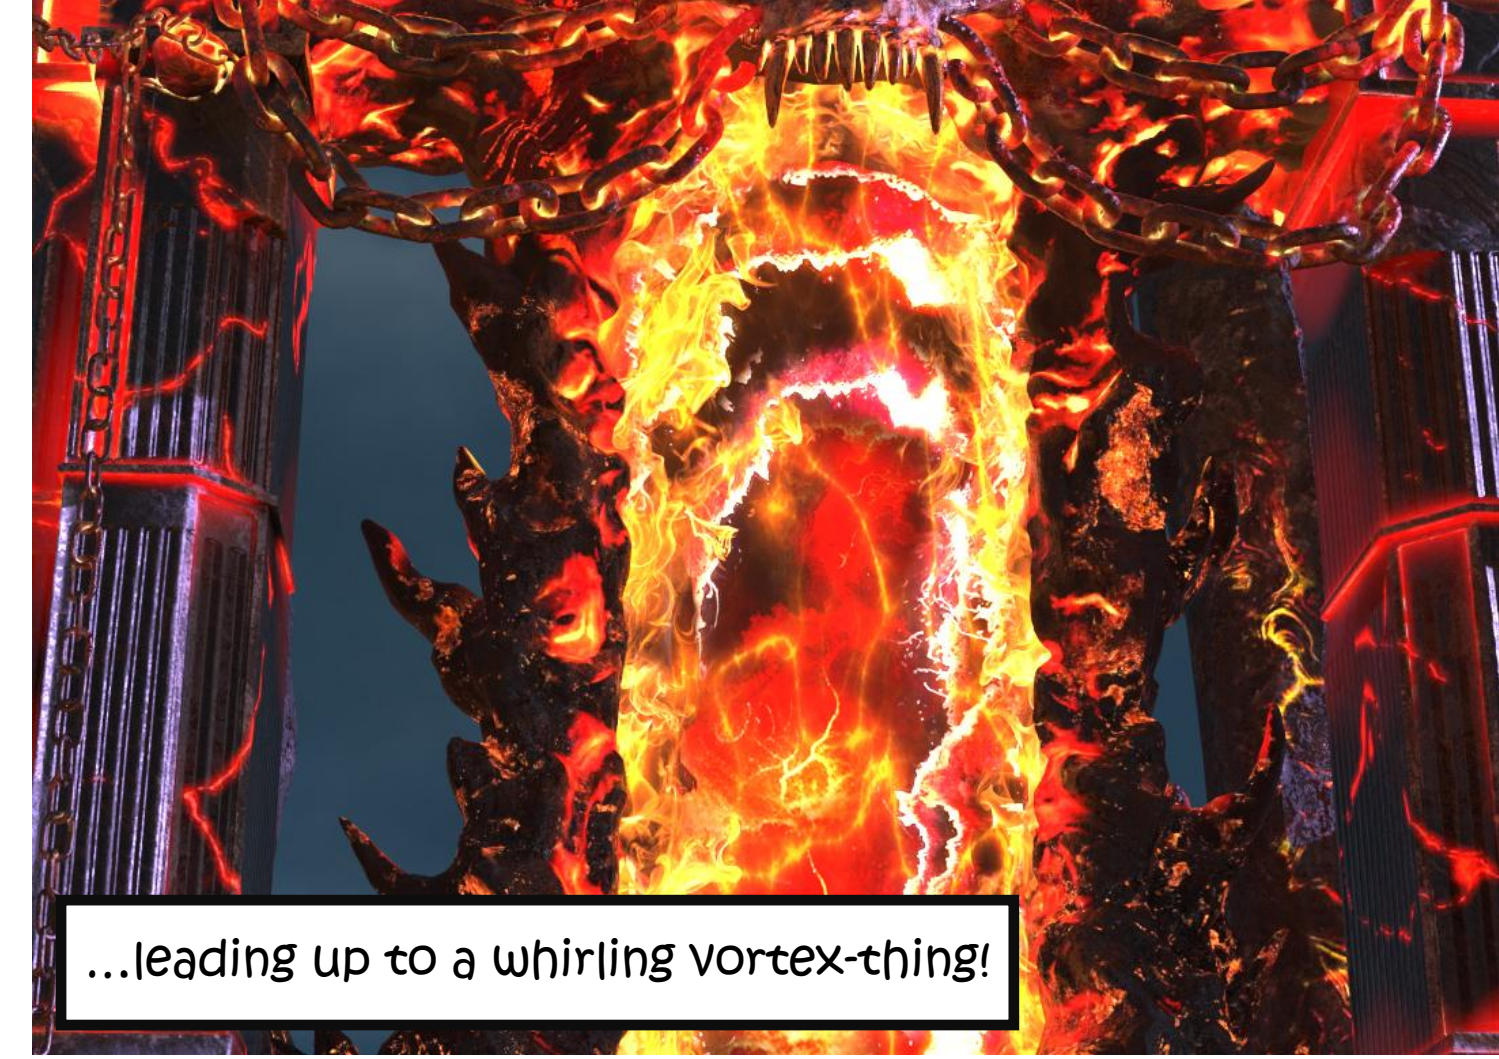

I can not spot Lies anywhere near, though.

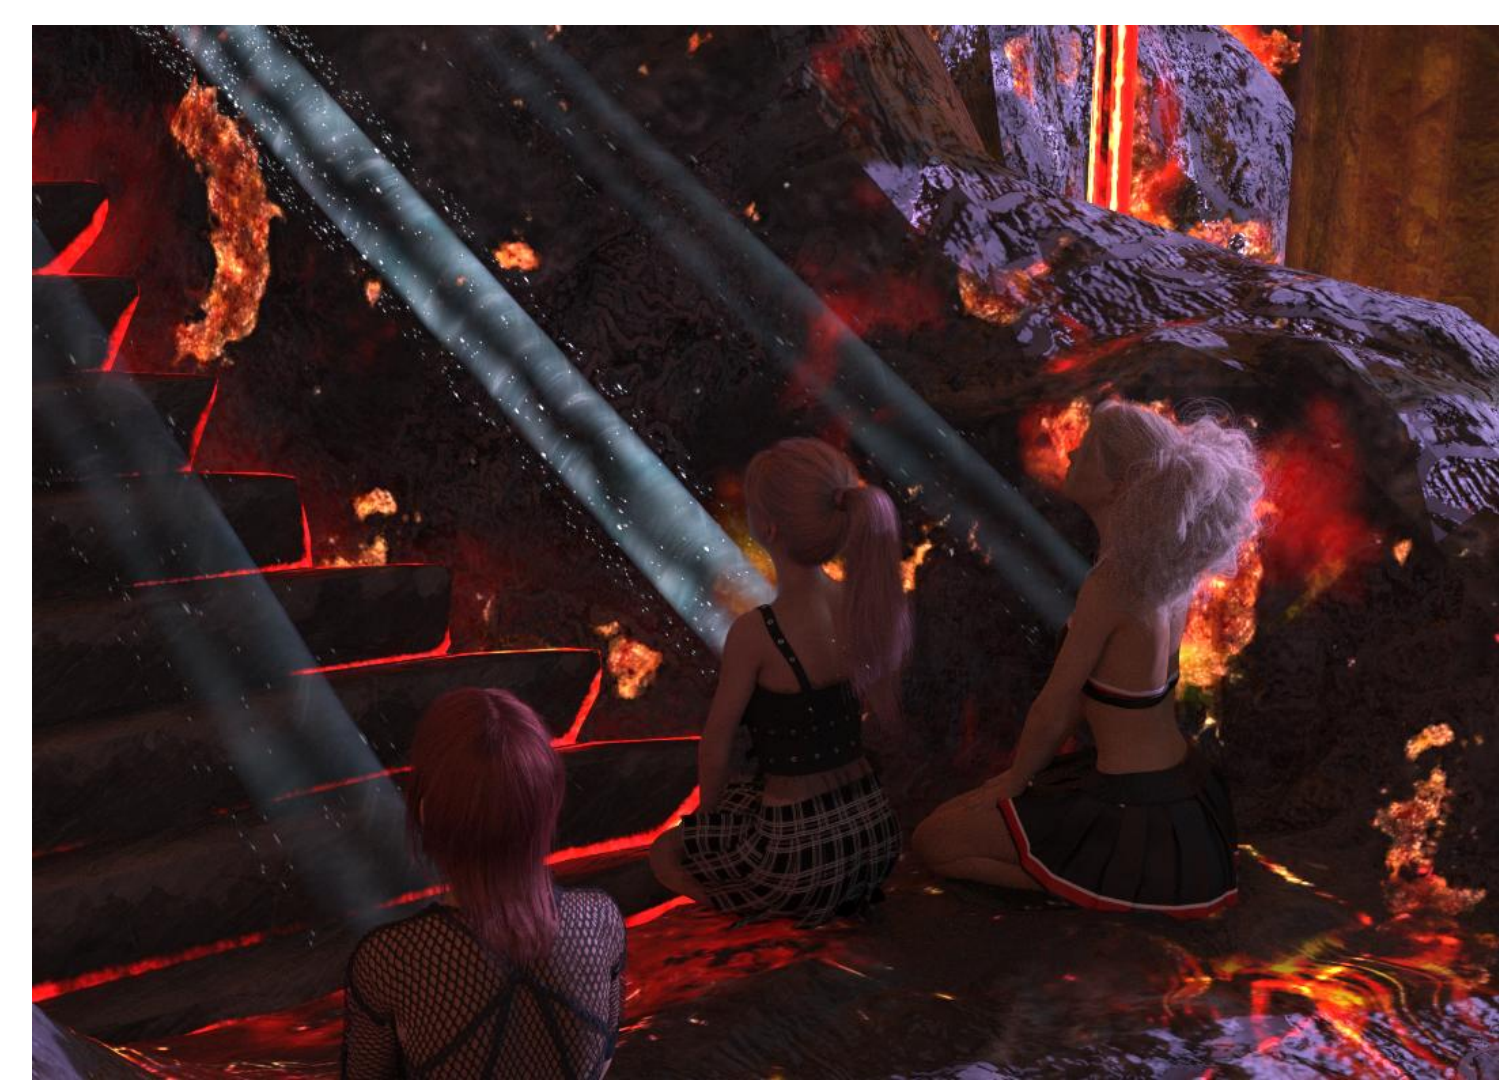

Still, they must be under her spell or something!

Some more entranced girls were sitting before stairs...

...leading up to a whirling vortex-thing!

And what are those over there doing? They are just kneeling?

That "thing" – is a dimensional rift!

And they are pouring their Ether into it to stabilize it!

Oh, fuck!

The one with the only real visible Ether flow... That... **that is my sister!**

Velia!
No!

But it was too late, Velia was already rushing down...

Shit!

Prepare for combat!

Roger!

Vadim, go after Velia. Cover her.

Lucy, let's link up.

Y..Yes!

hep

Don't get distracted, Lucy.

We've trained for this.

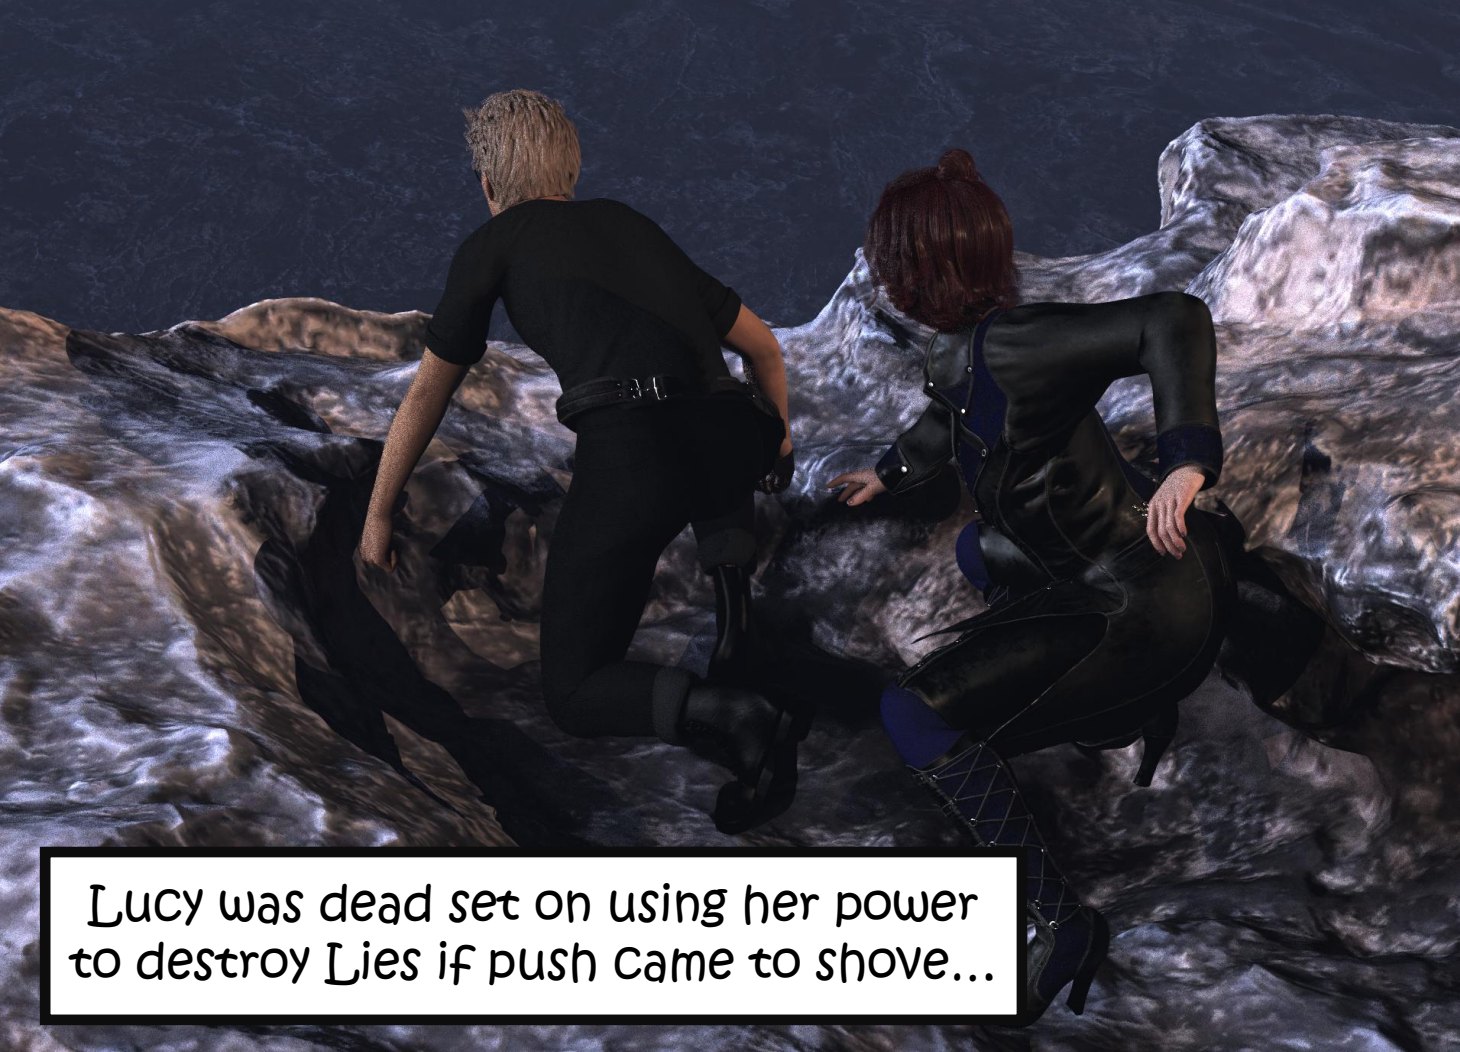

gulp
Yes, go!

*Vasta
Mens!*

Let's take
that bitch
down!

Lucy was dead set on using her power to destroy Lies if push came to shove...

But our descent...

Was far less flashy than the others'... and much slower.

Meanwhile, Velia has arrived
at the bottom of the pit.

And rushes
towards her sister.

Velia!
We should not
be out here in
the open!

She's not
responding!

When Lucy and I finally arrive – the situation is... unchanged.

How are we going to get them all out of here?

We can't. Vadim needs to grab Velia's sister, and we need to get out, ASAP.

Velia was still too emotional to think rationally and tried to get through to her sister with words...

Stay on the lookout. Lies could be anywhere.

chuckle

Looking for me?

Shit!

Haaa!

She totally got the jump on us!

And with one kick, Lucy, our trump card, was knocked out instantly..

THUMP

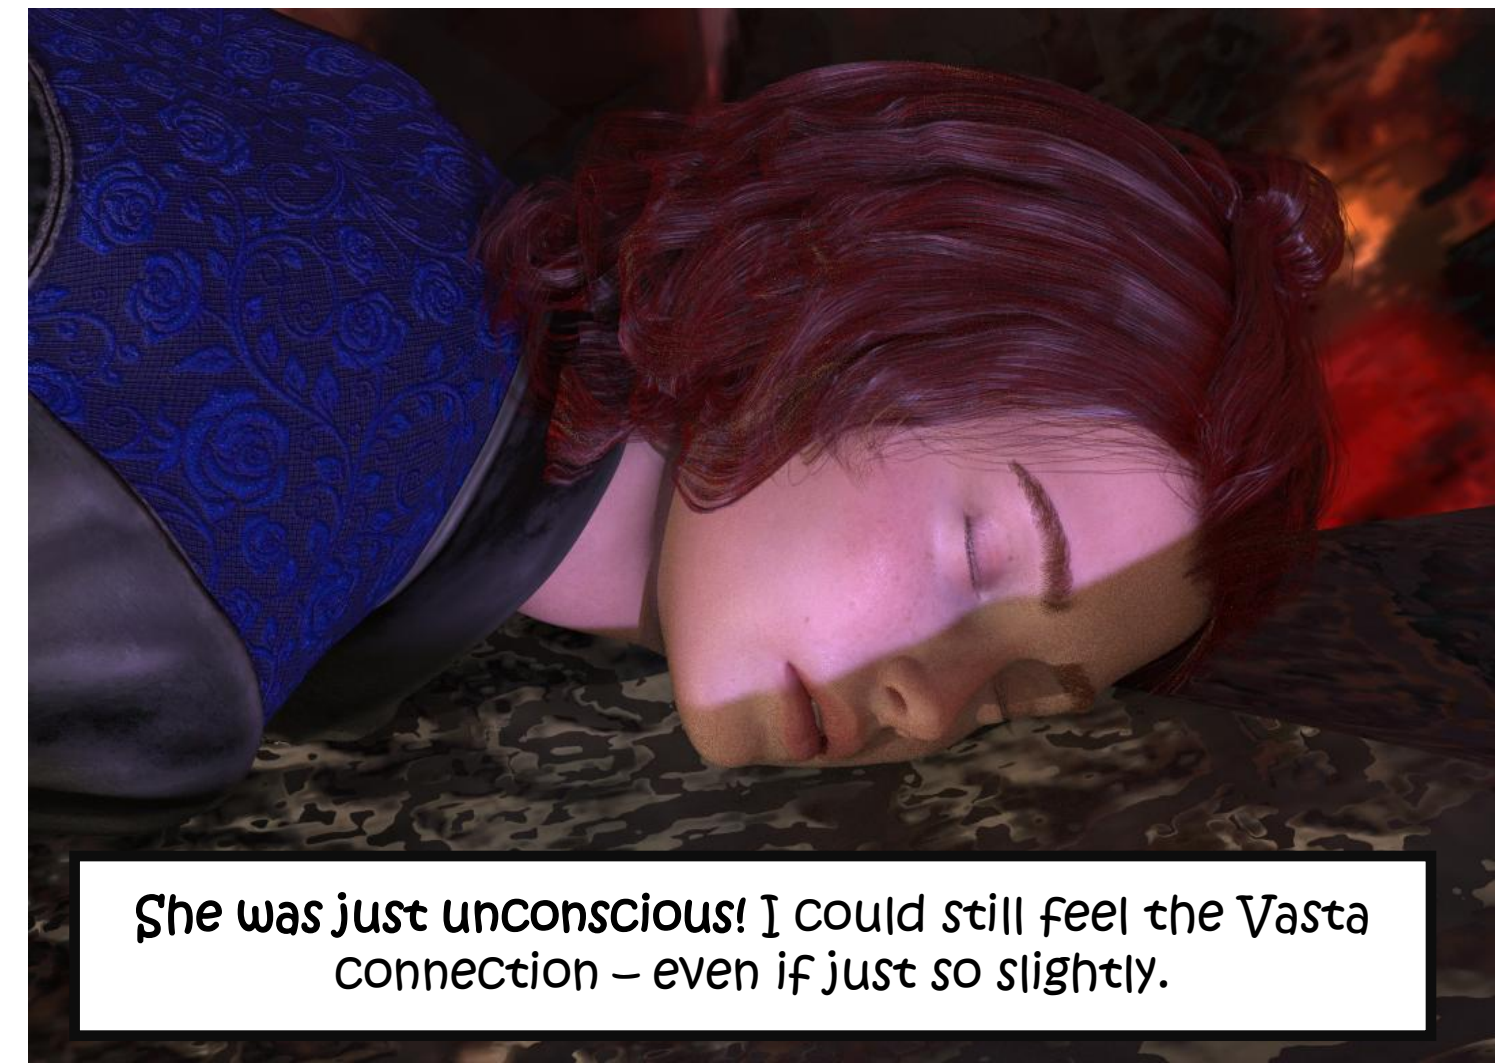

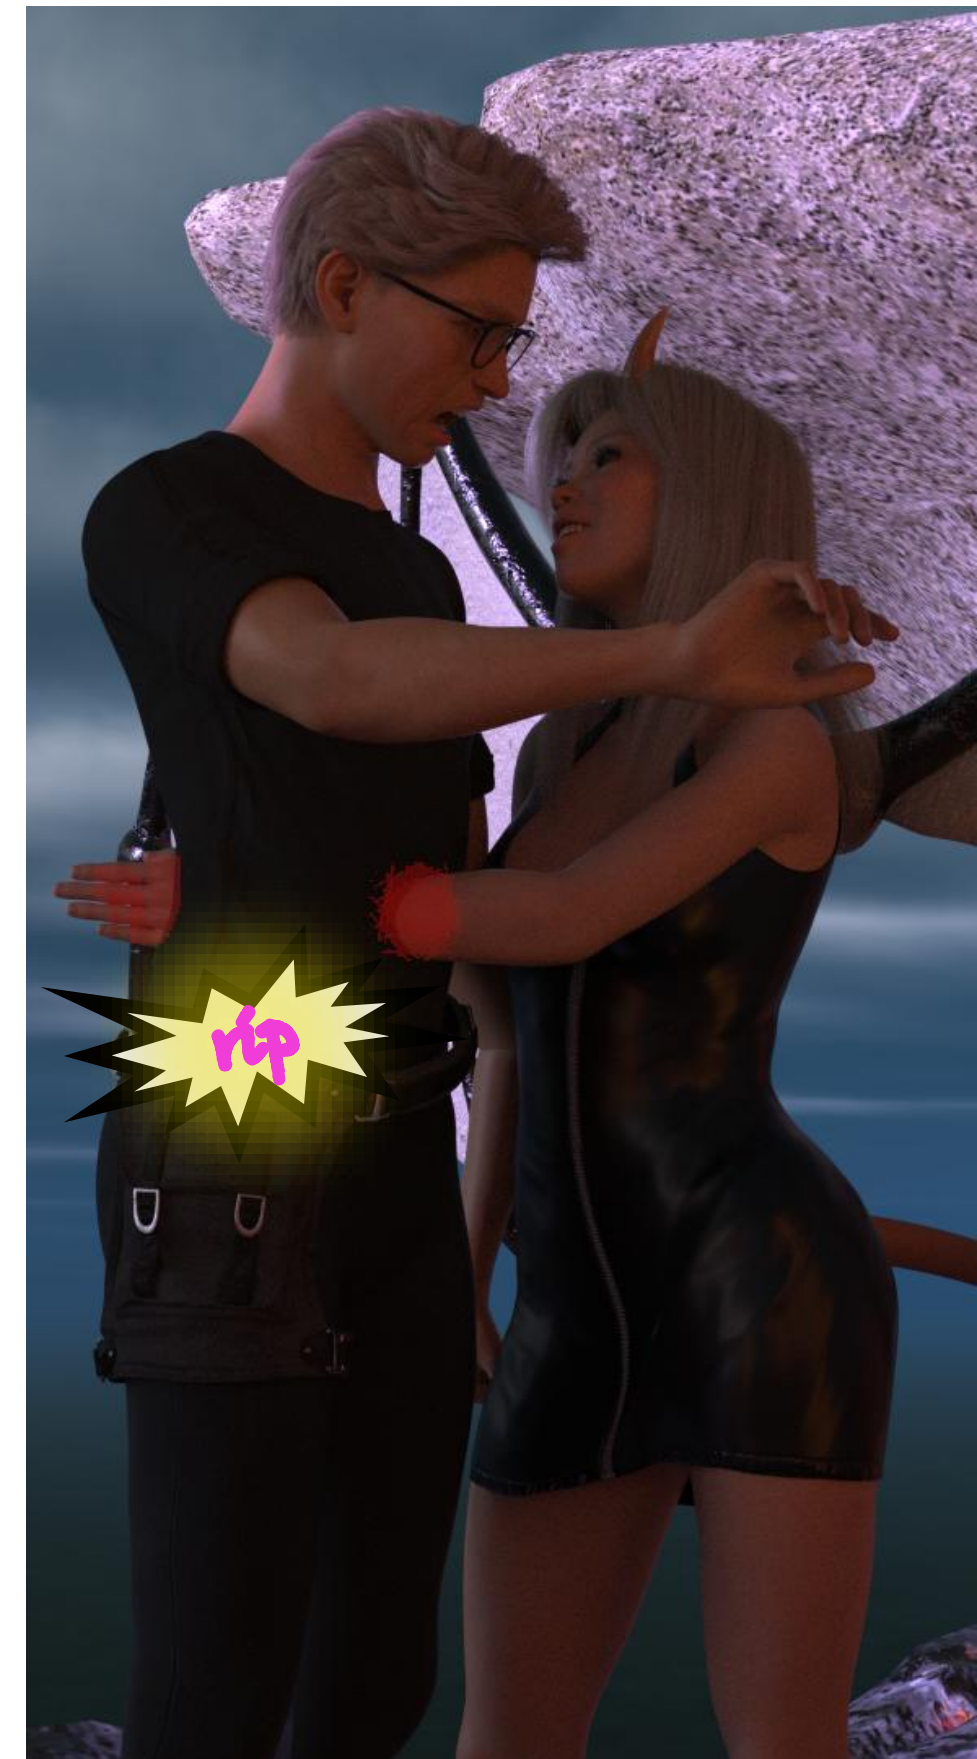

Lucy!

Hey, boy.
Eyes up
here.

She was just unconscious! I could still feel the Vasta connection – even if just so slightly.

Humans.
So, easy to
break.

Shit! That couldn't have gone any worse...

I feel my strength leave my body...

Is this... the end?

To be continued...

Thank you for reading!
