At last
my greatest invention
is complete!

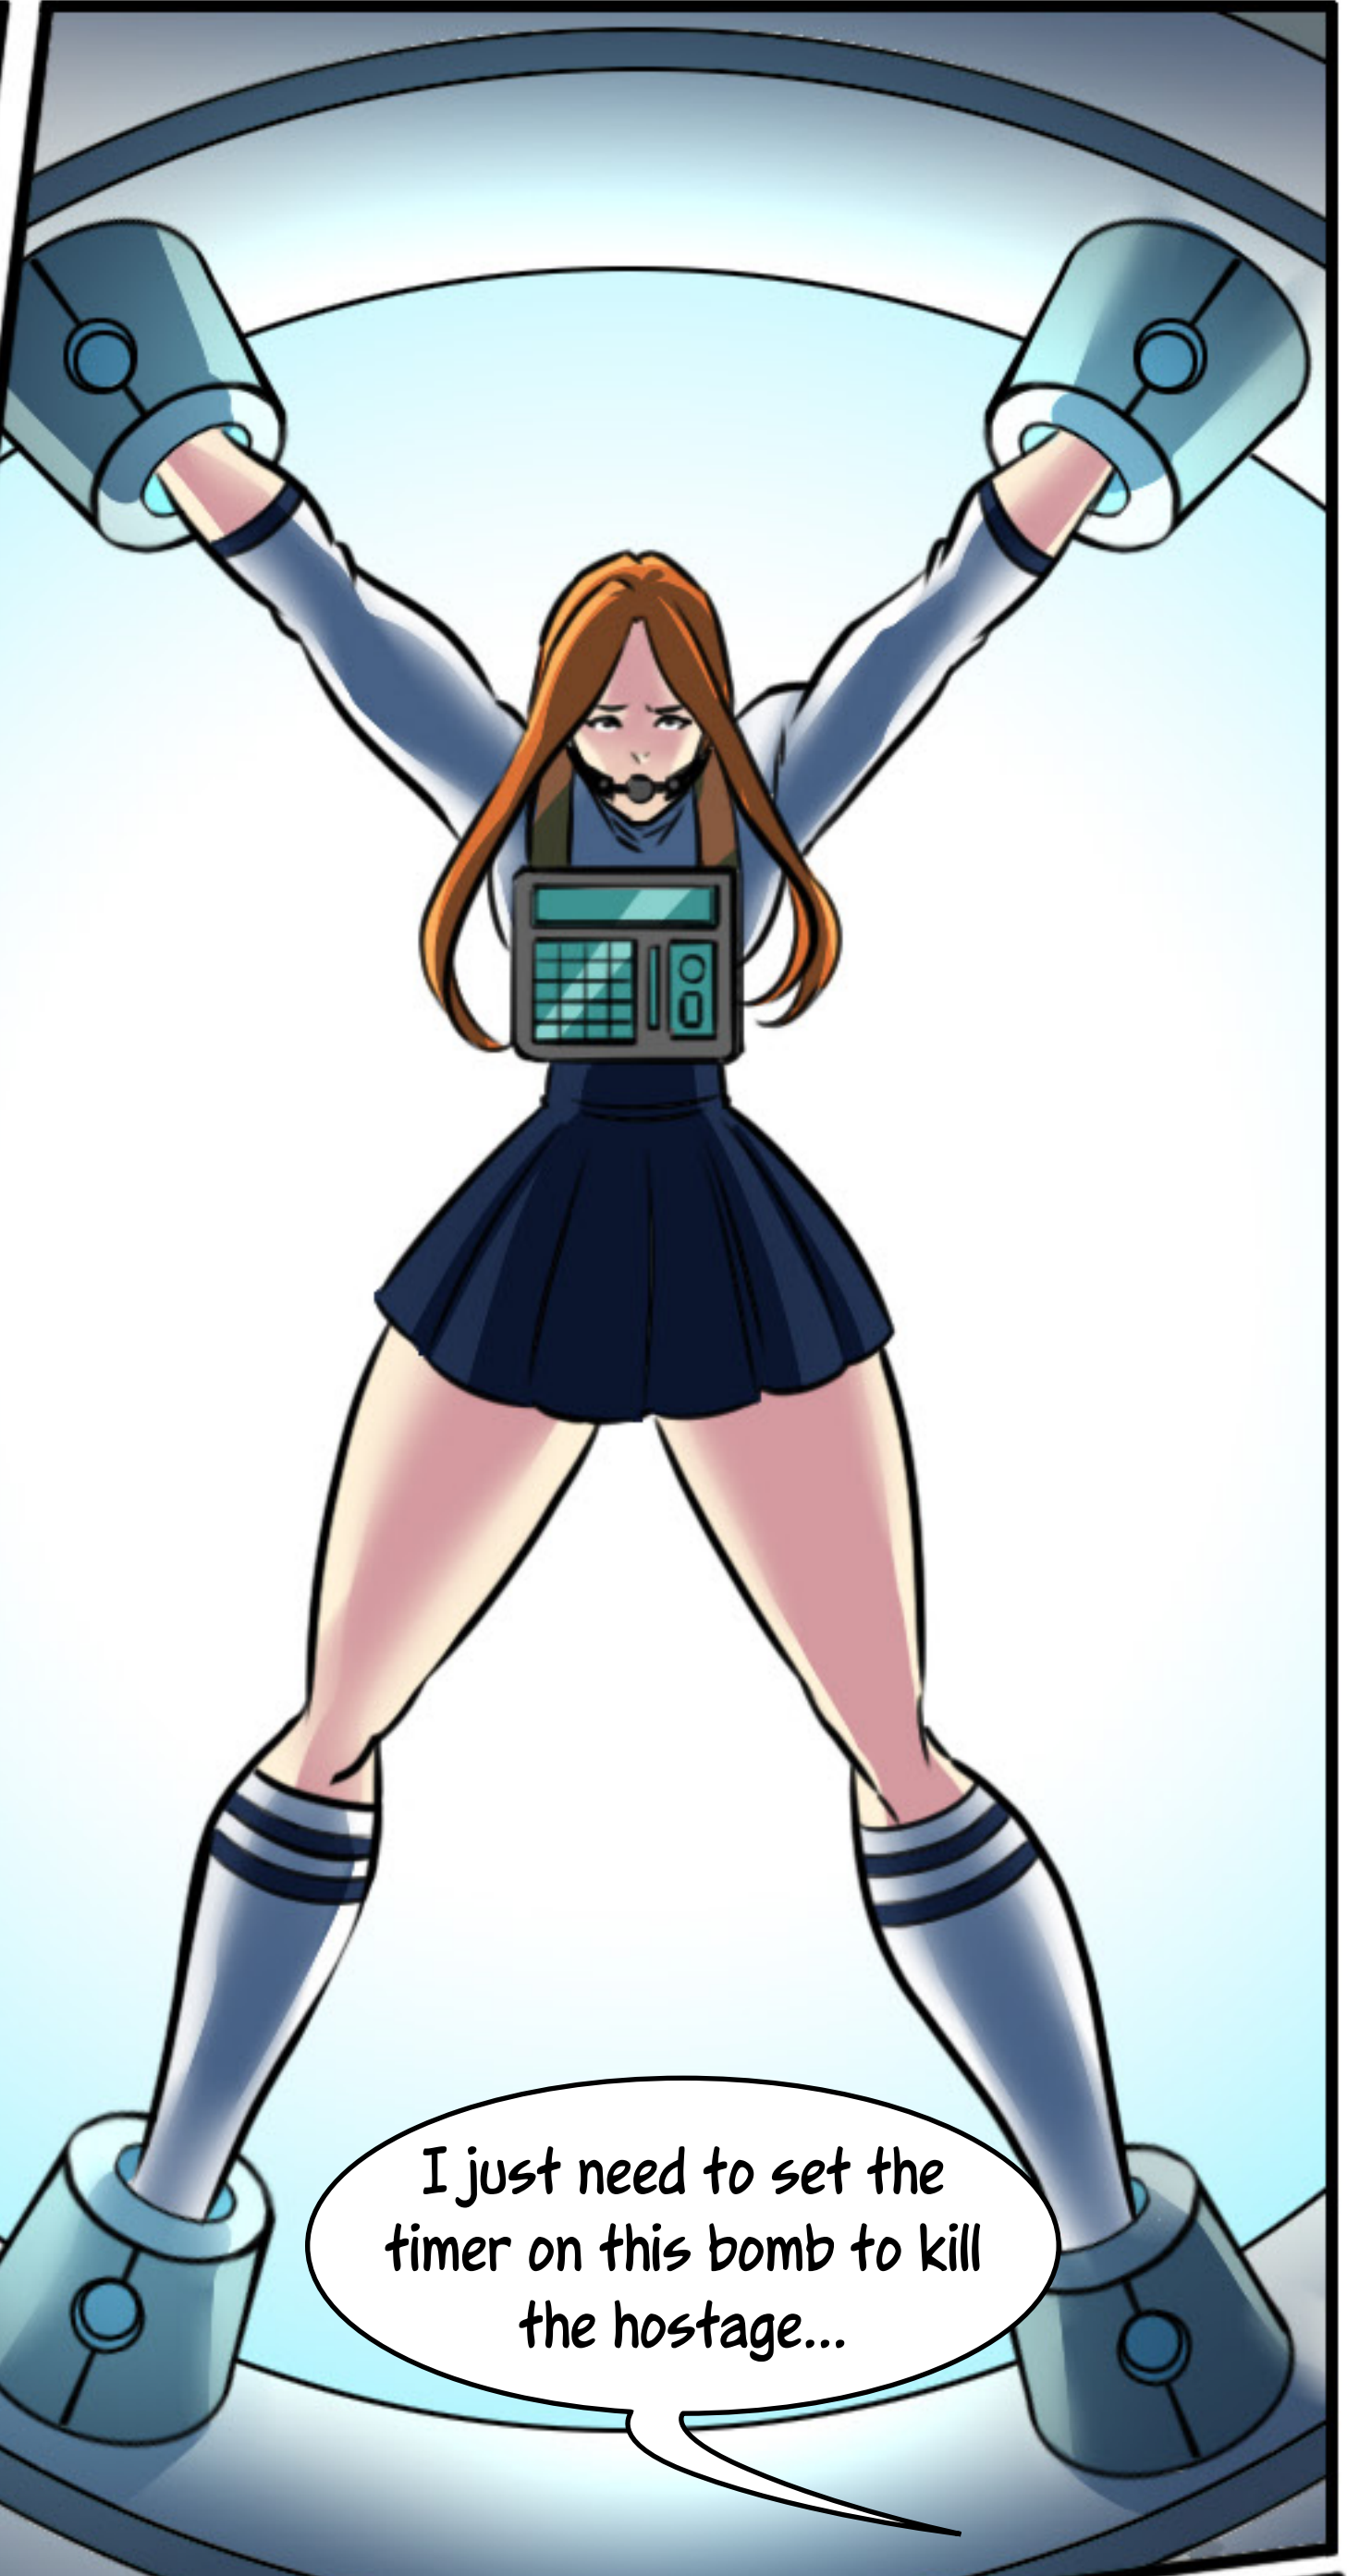

Now to calibrate the
targeting system and
run one more diagnostic
check...

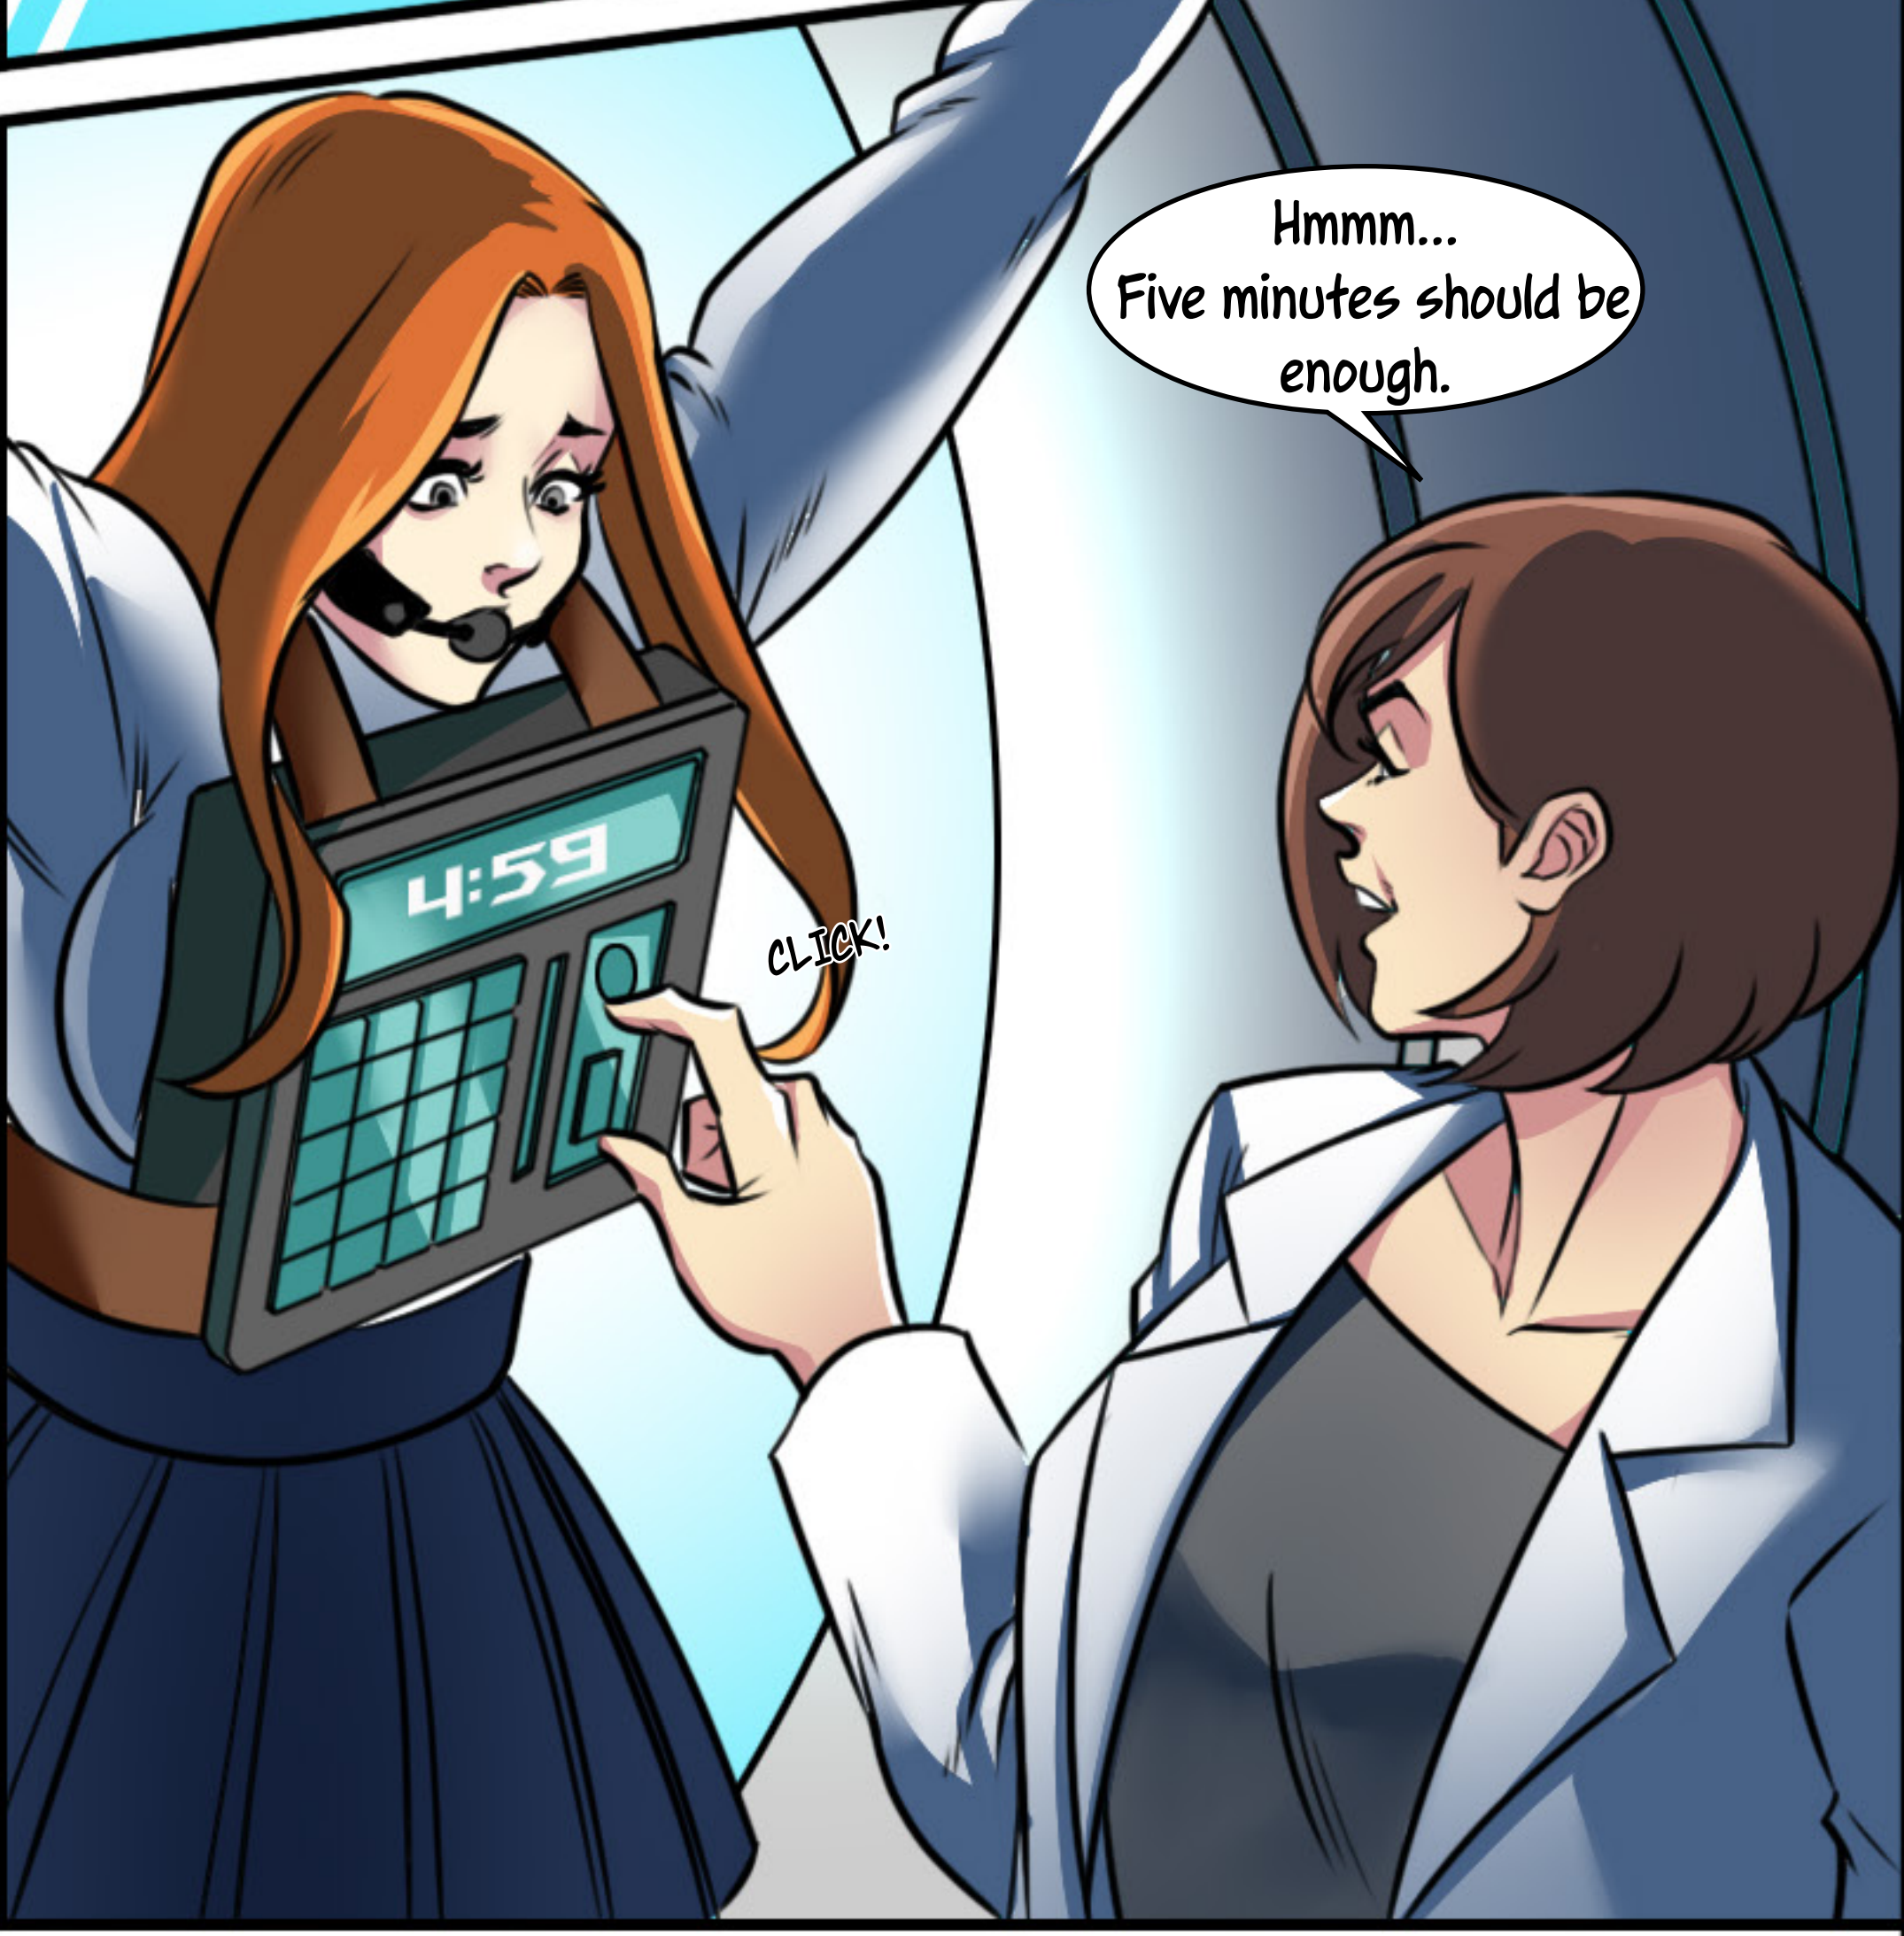

Excellent!
There's only one more
thing left to do.

I just need to set the
timer on this bomb to kill
the hostage...

Hmmm...
Five minutes should be
enough.

CLICK!

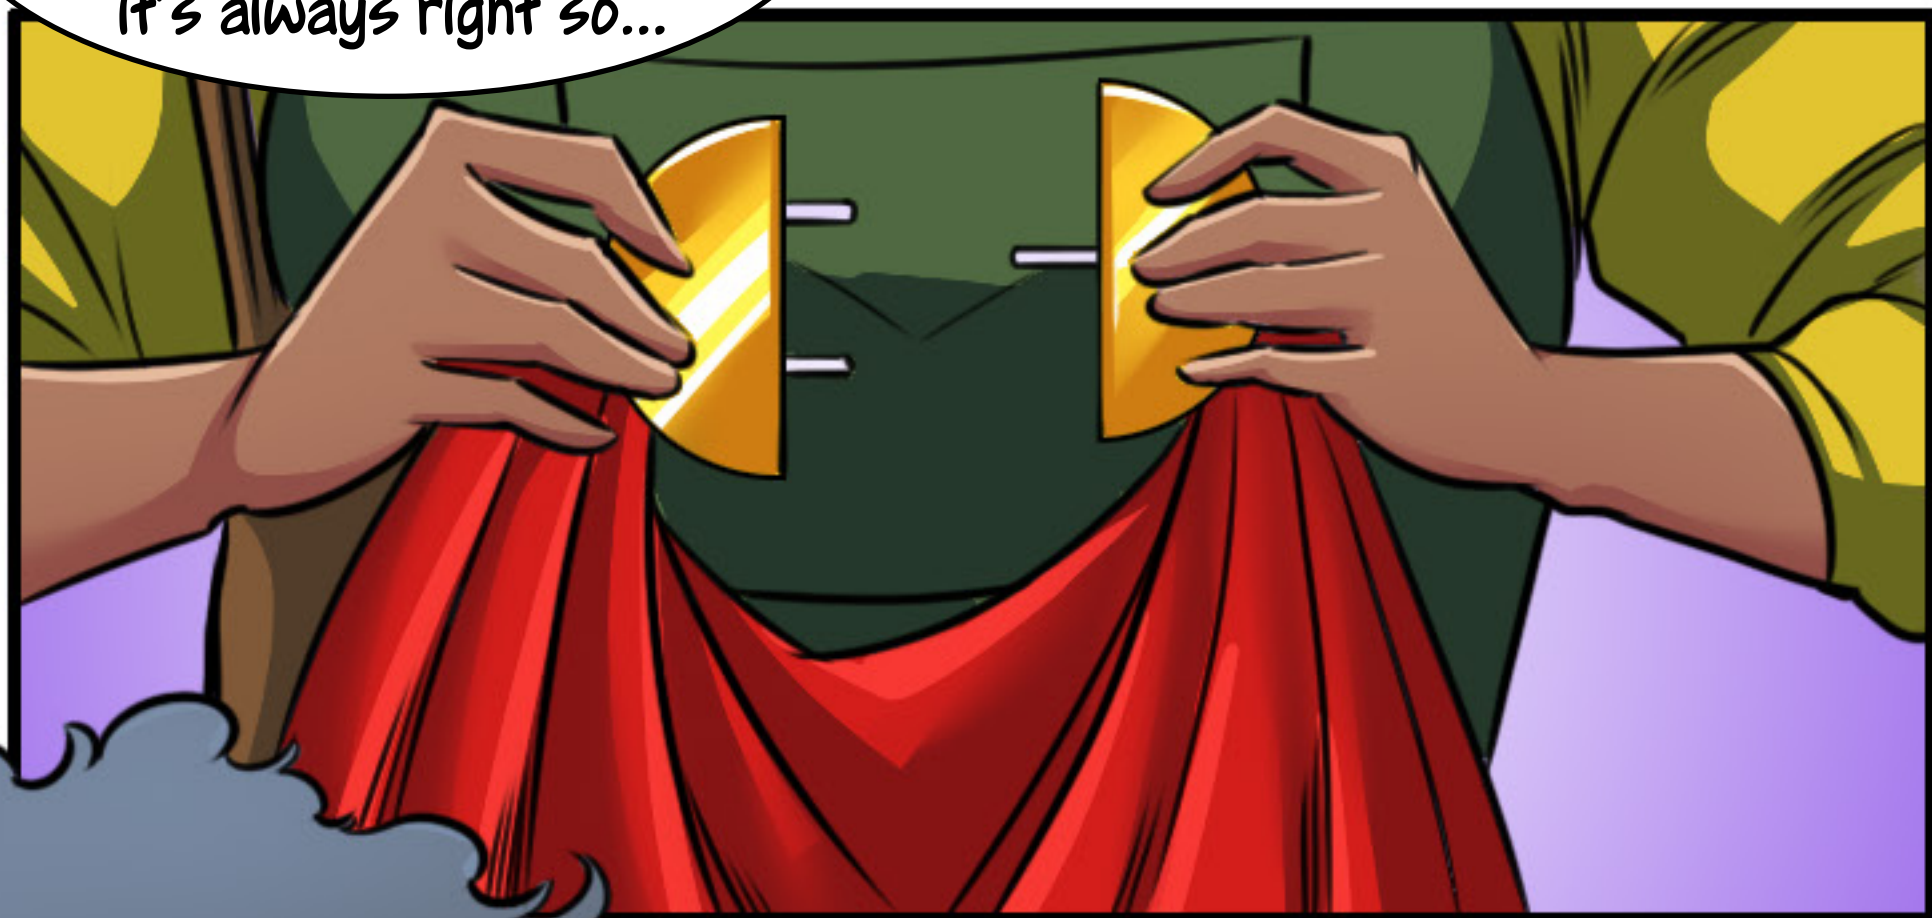

Now I wait...
Muhahaha!

MEANWHILE...

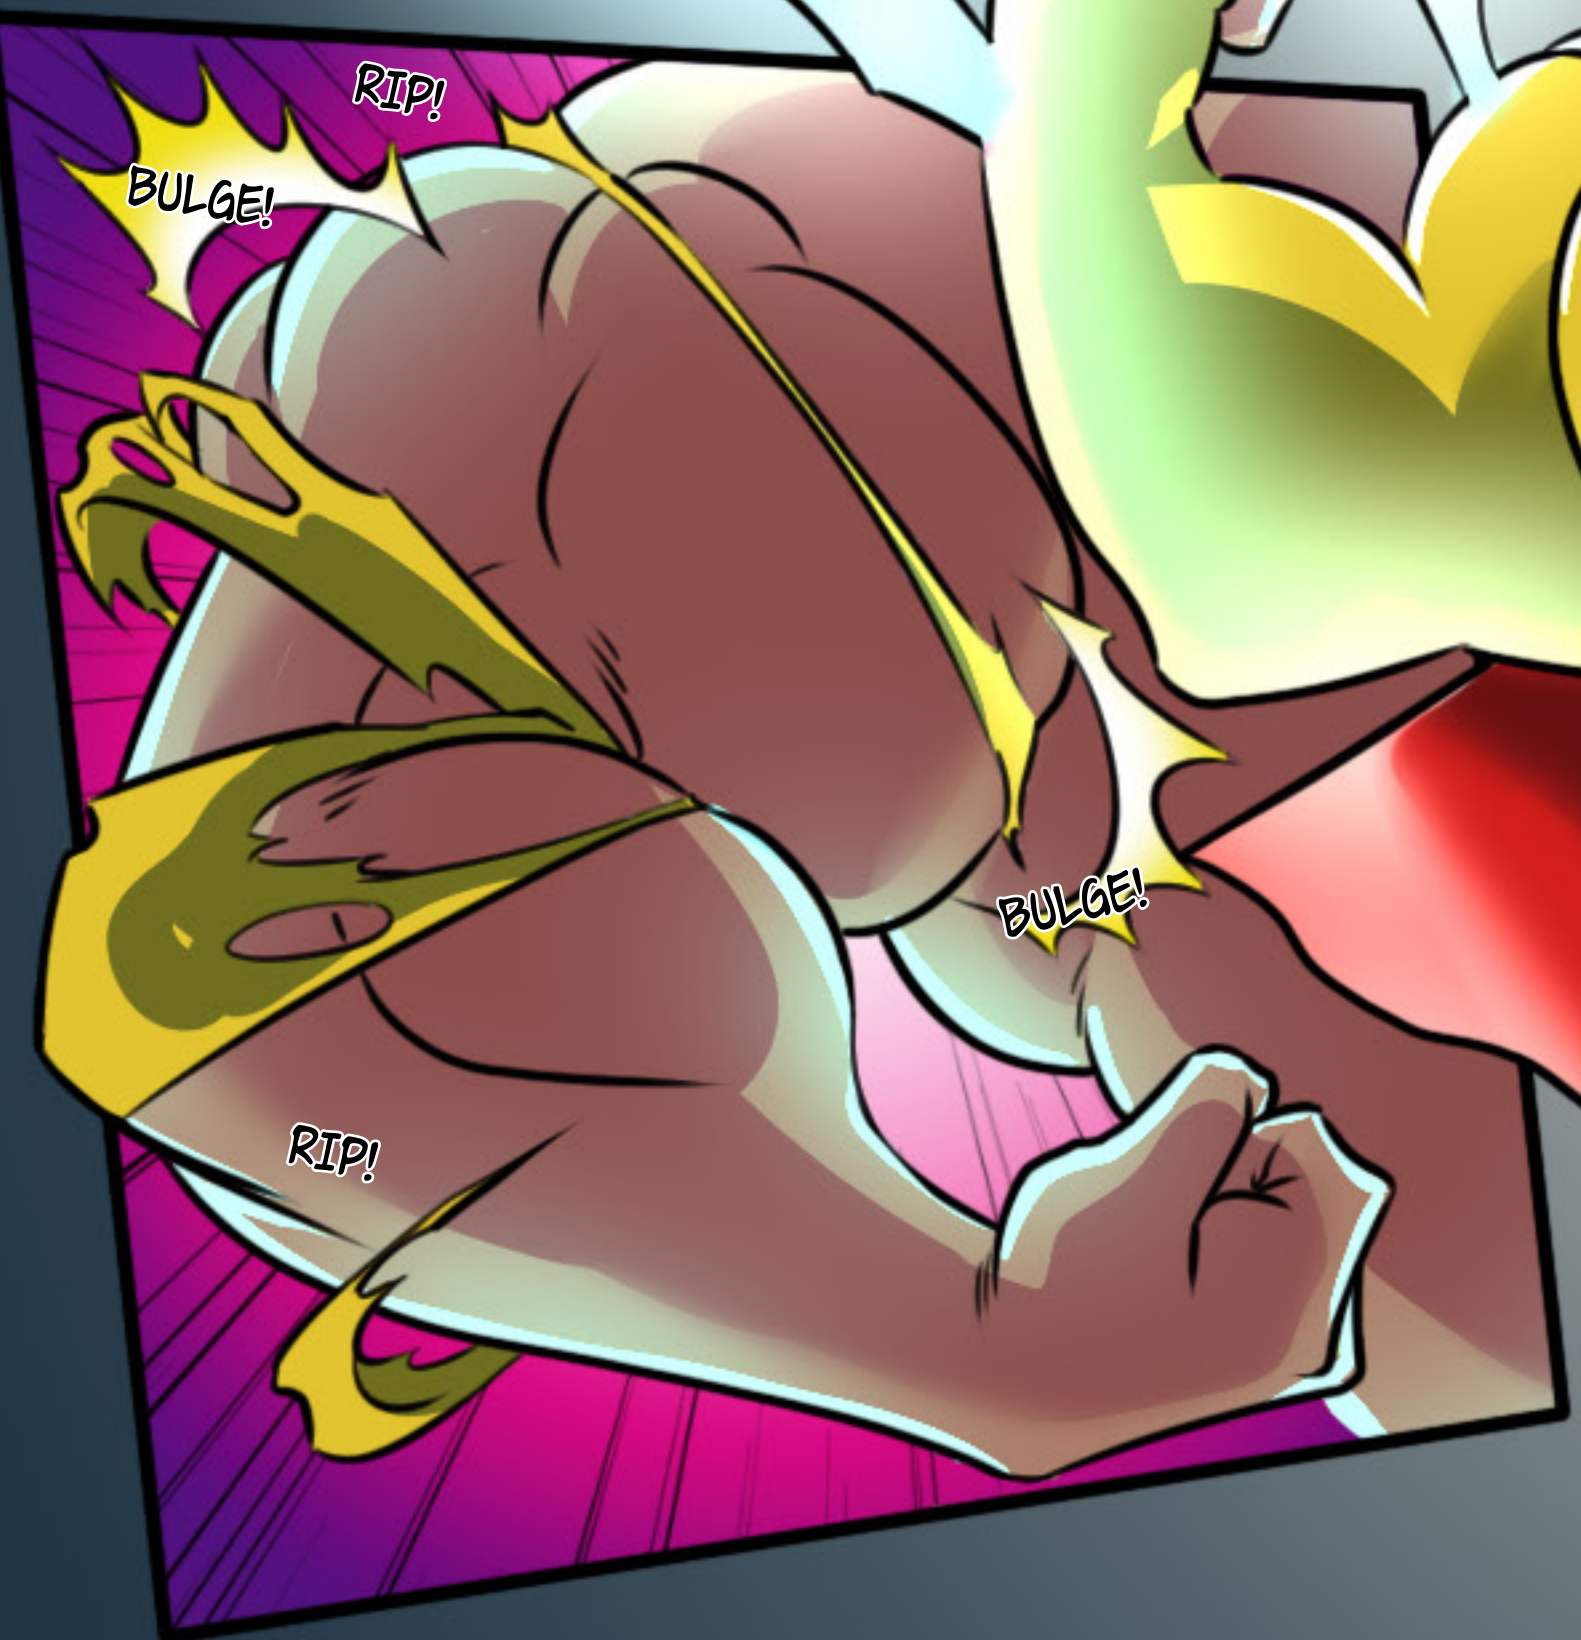

Oohh, my head!
Okay I get the psychic
message... This alley looks
like a good place...

I don't know how
my magic cloak always knows
when someone's in trouble but
it's always right so...

It's Mega time!

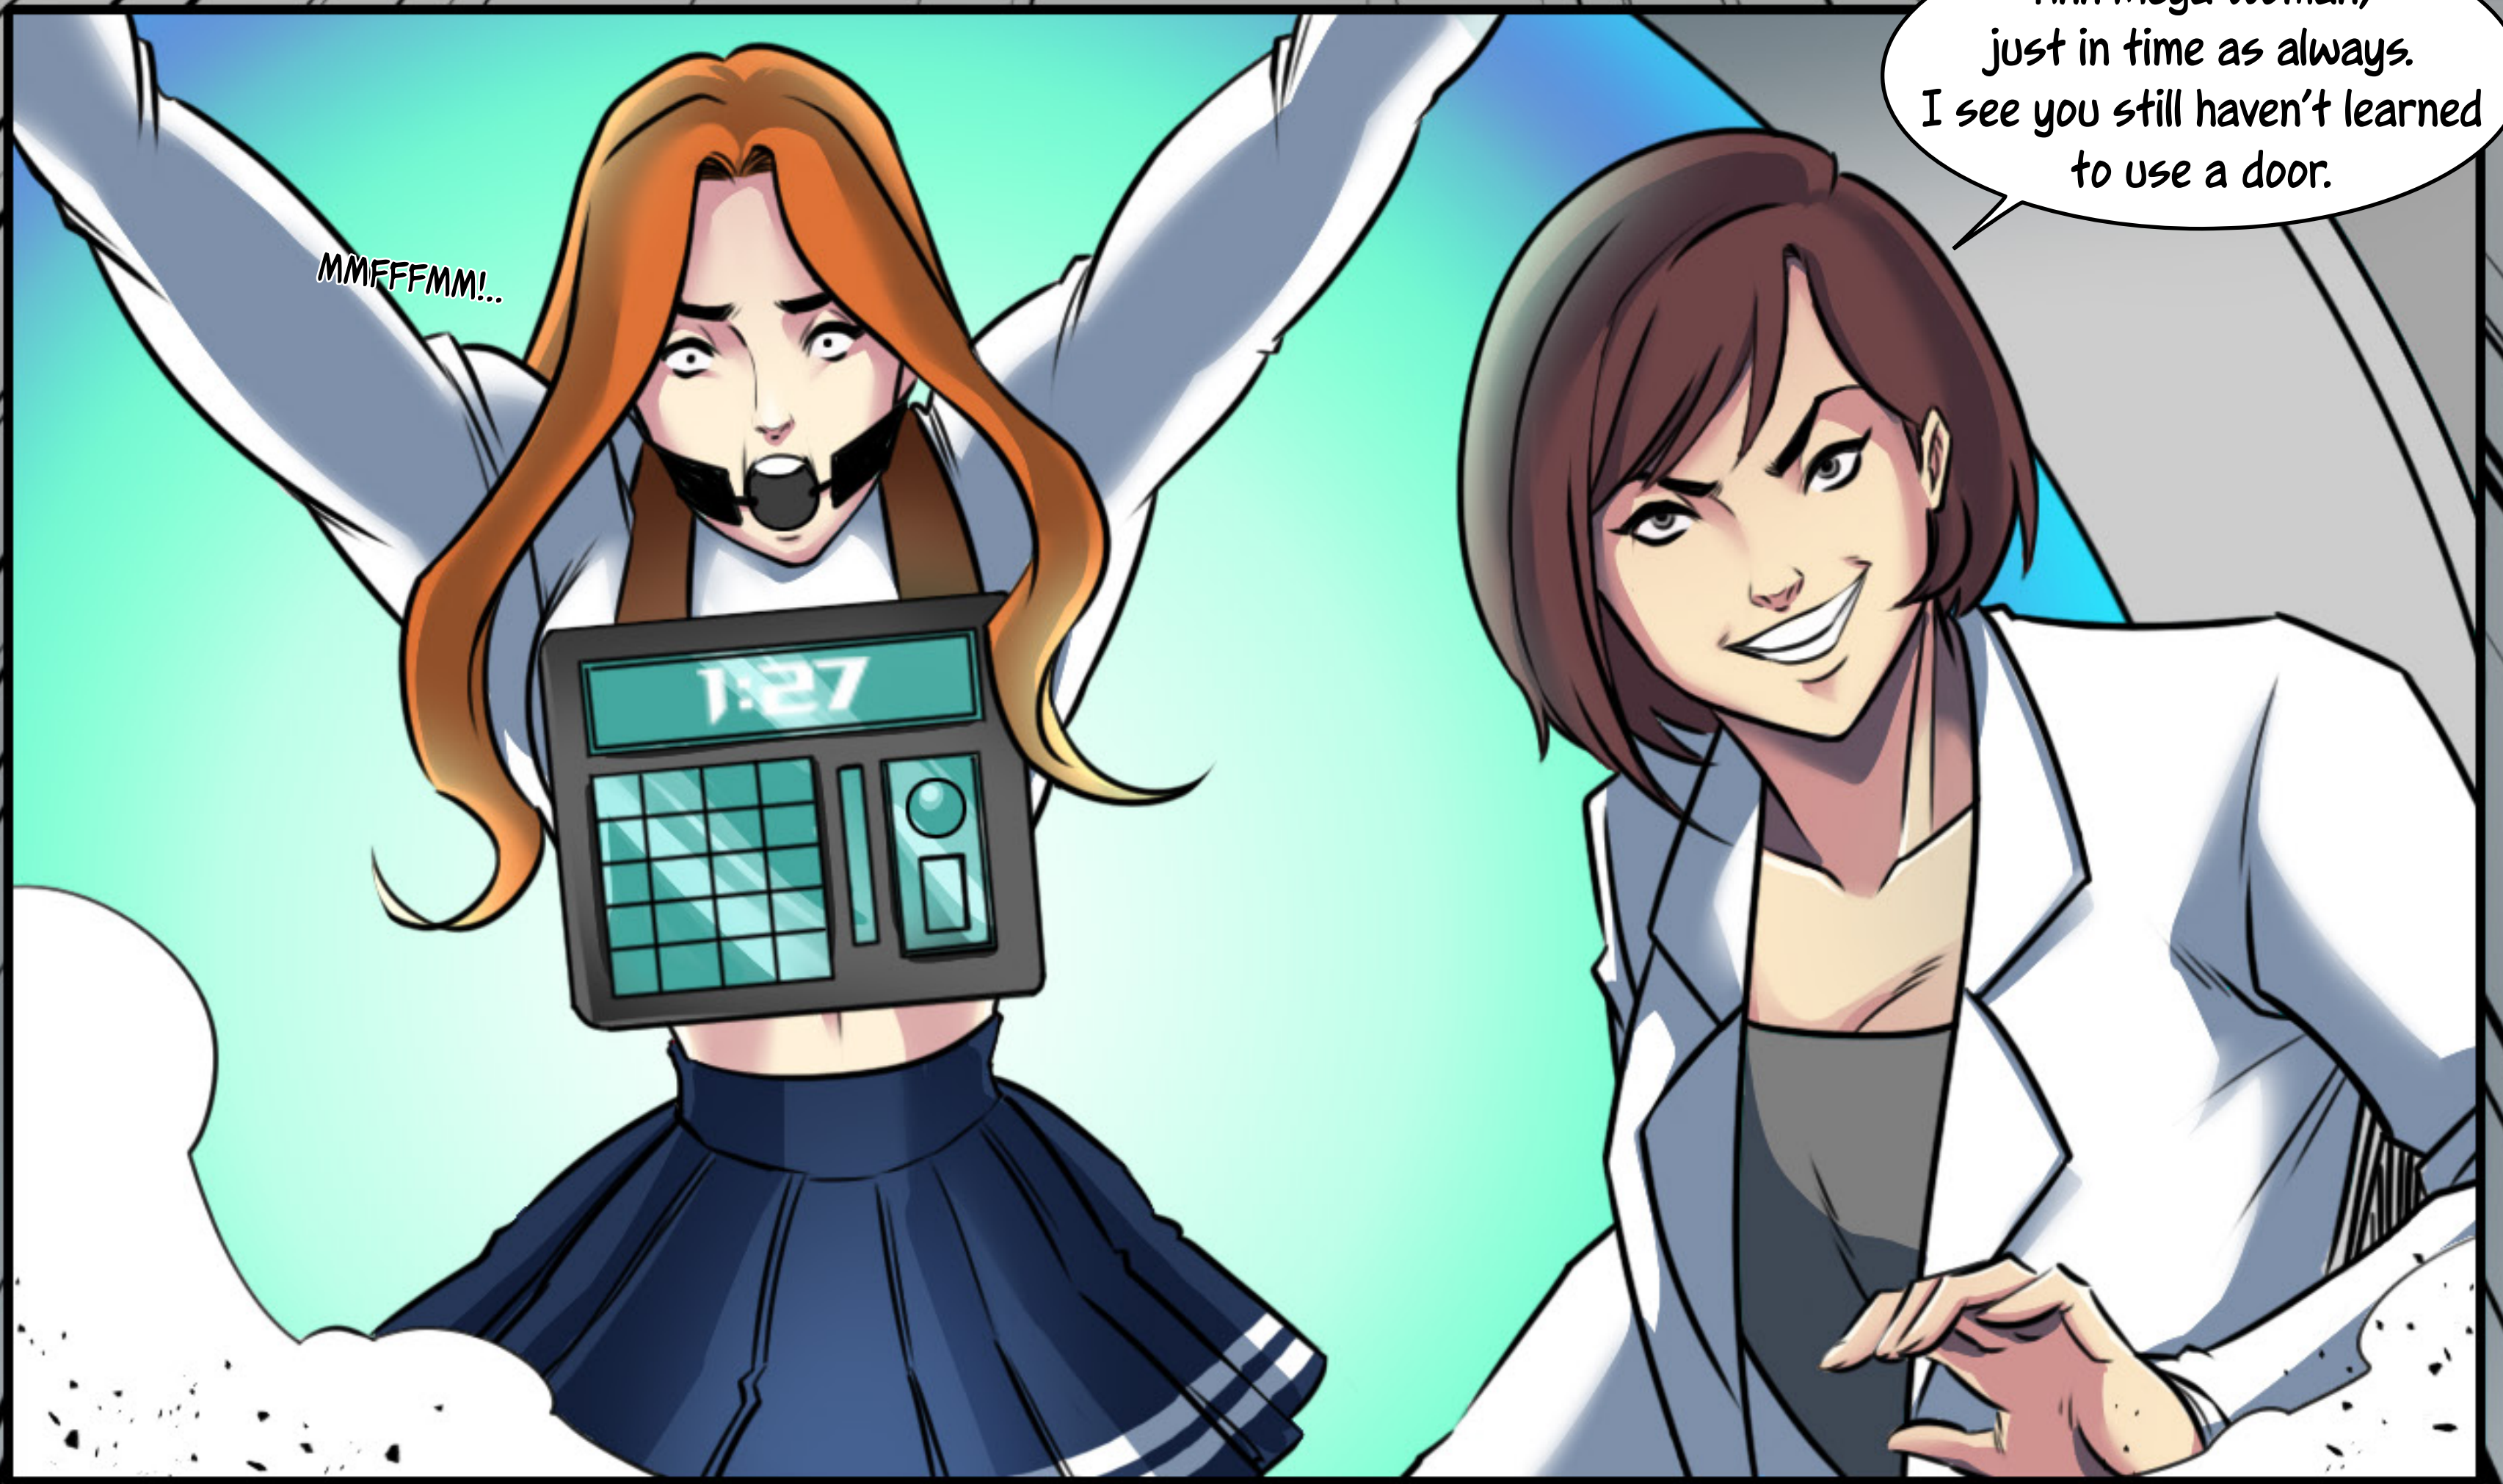

**I AM
MEGA WOMAN!**

KRINGOOOSH!

MMEFFMM!..

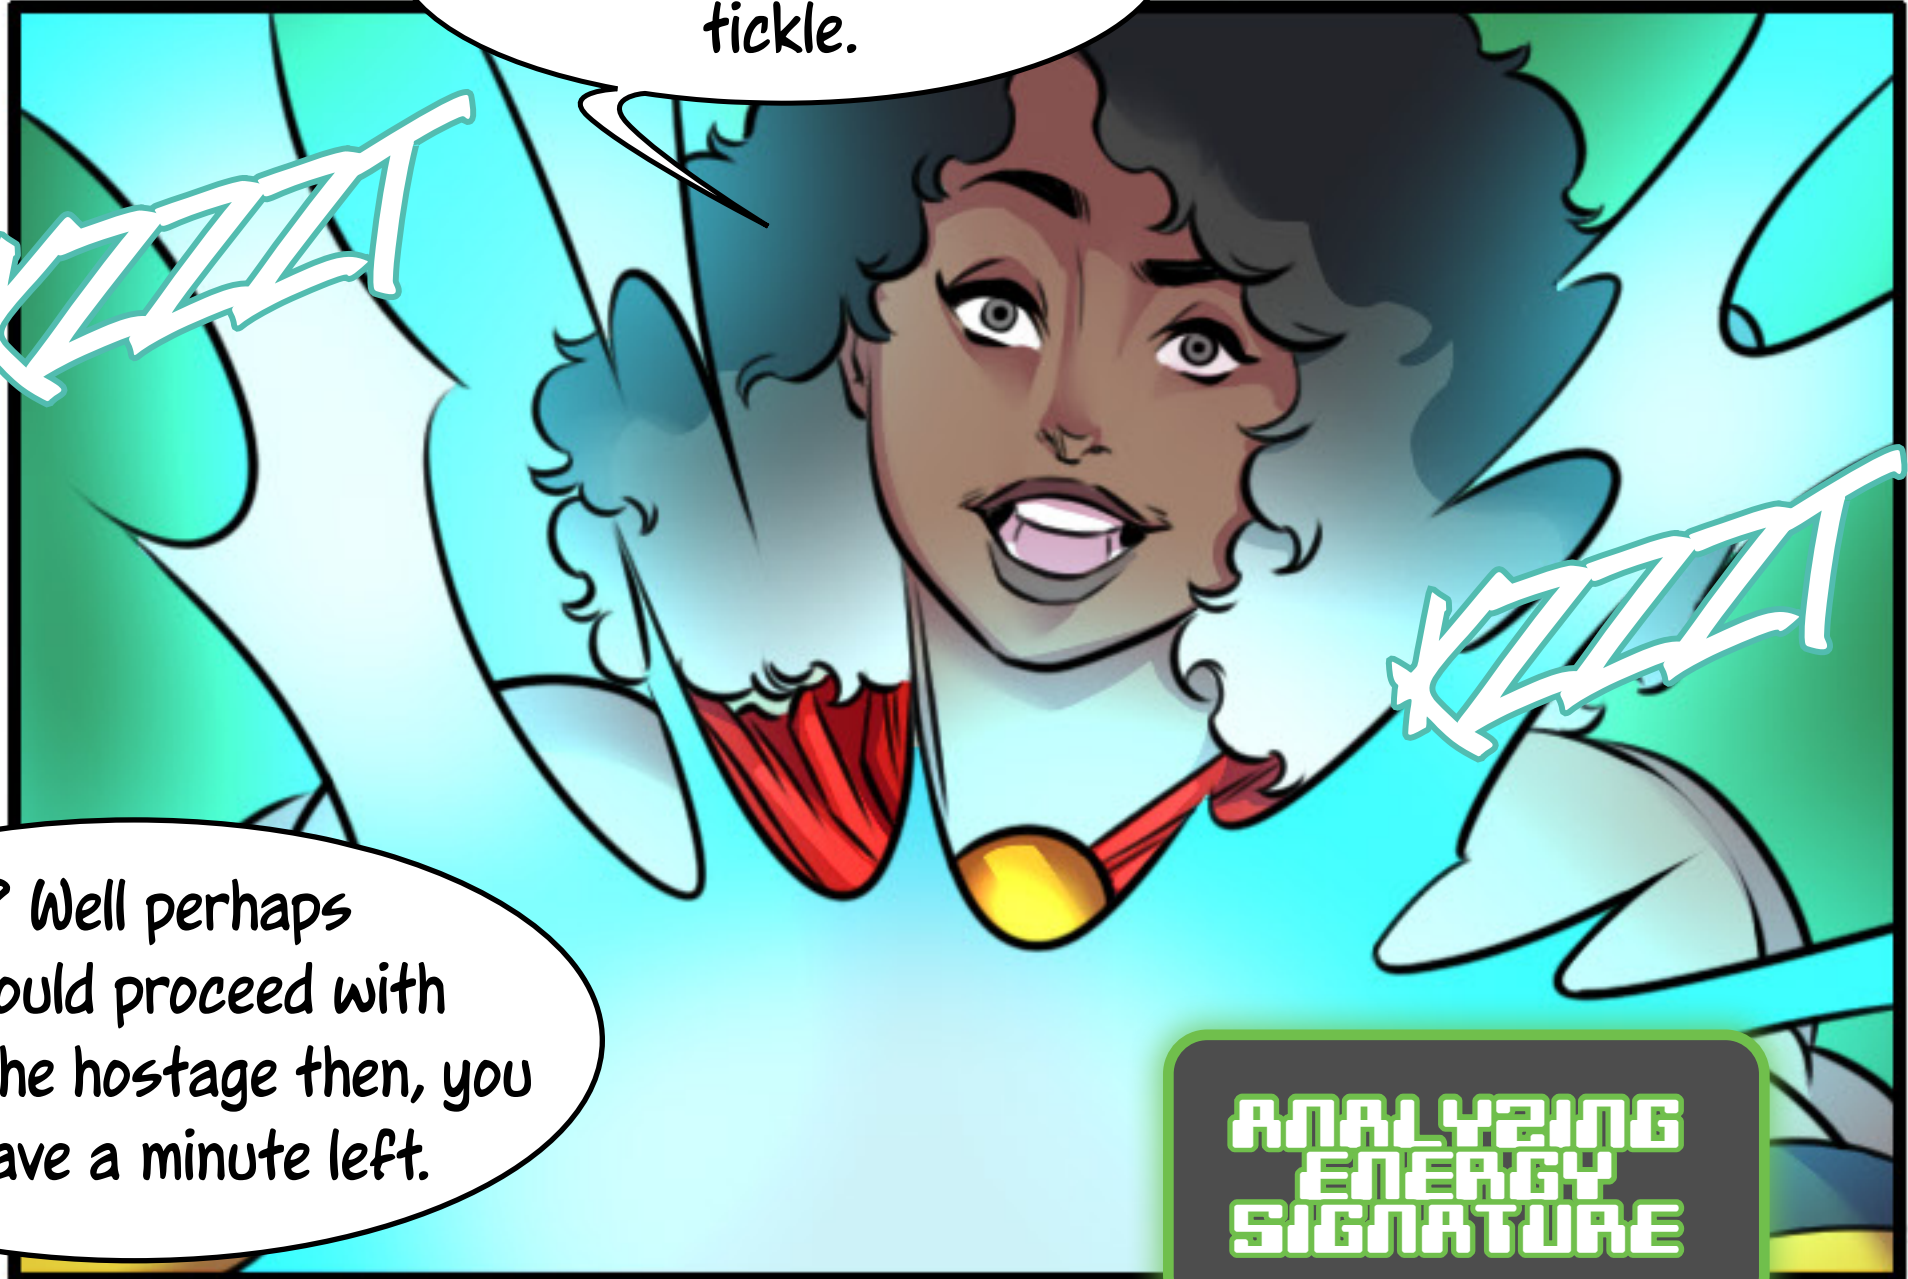

Ahh Mega Woman, just in time as always. I see you still haven't learned to use a door.

Irene Quanz,
aka Dr. I.Q., I should have known
you were behind this.

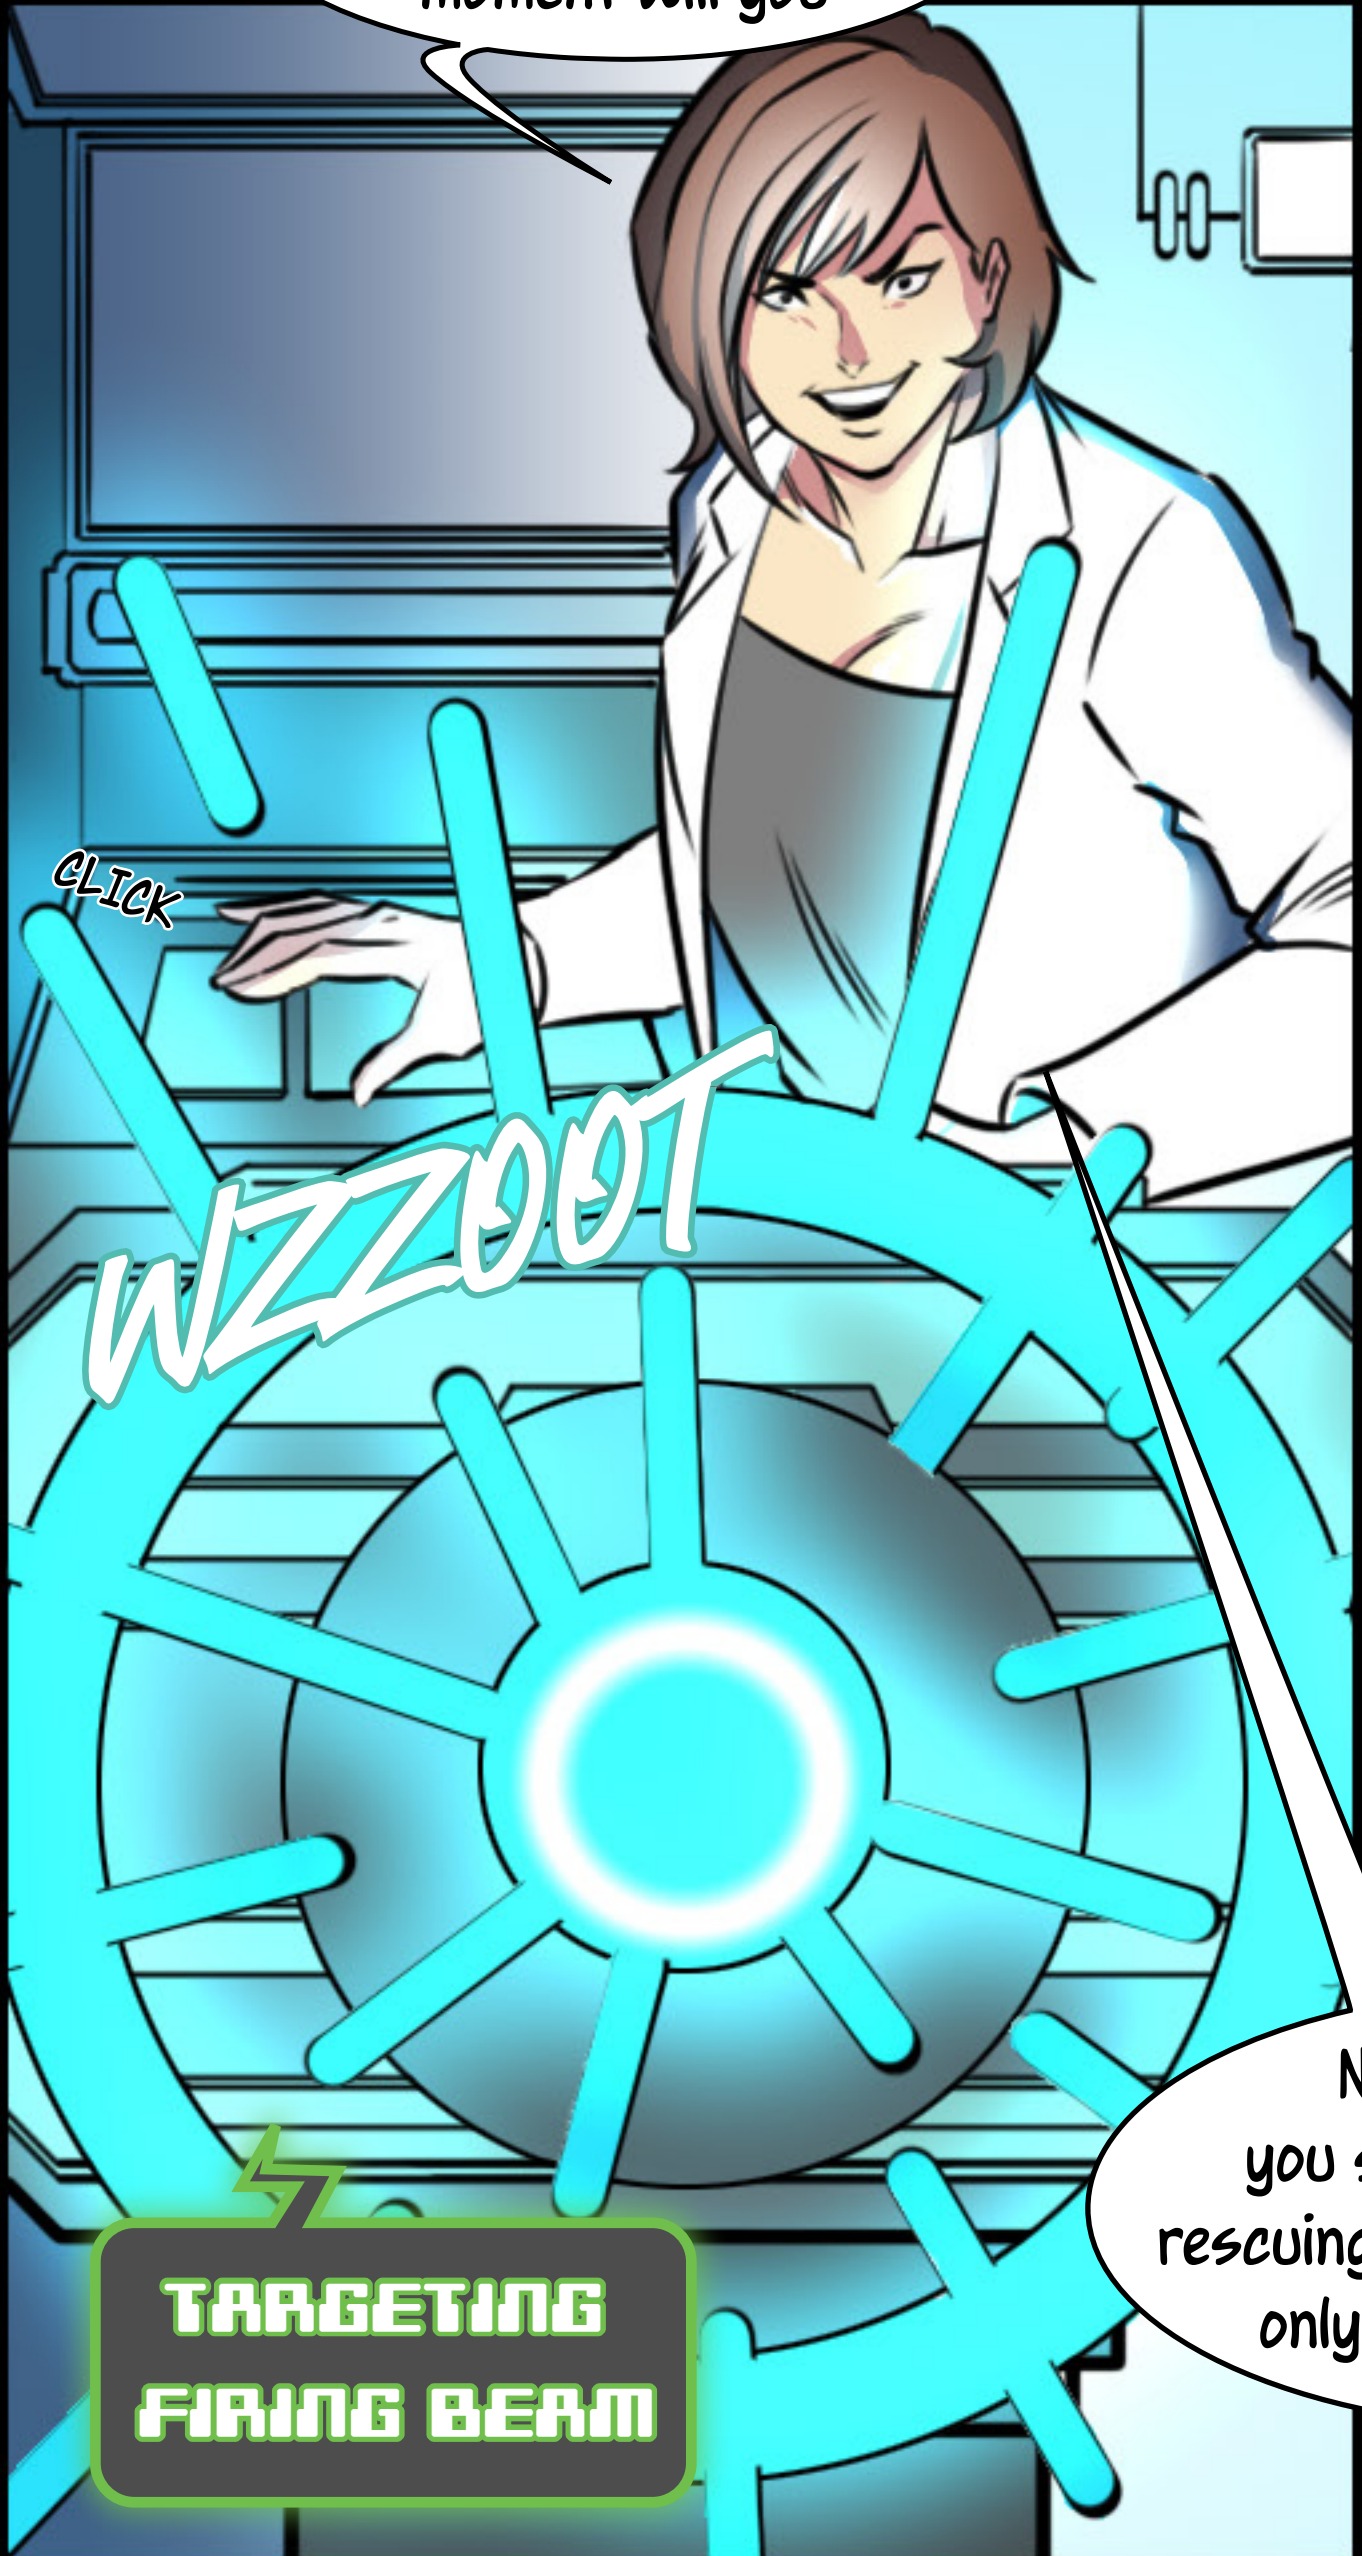

Oh shut up
and stand still for a
moment will you

Is this supposed
to hurt? It doesn't even
tickle.

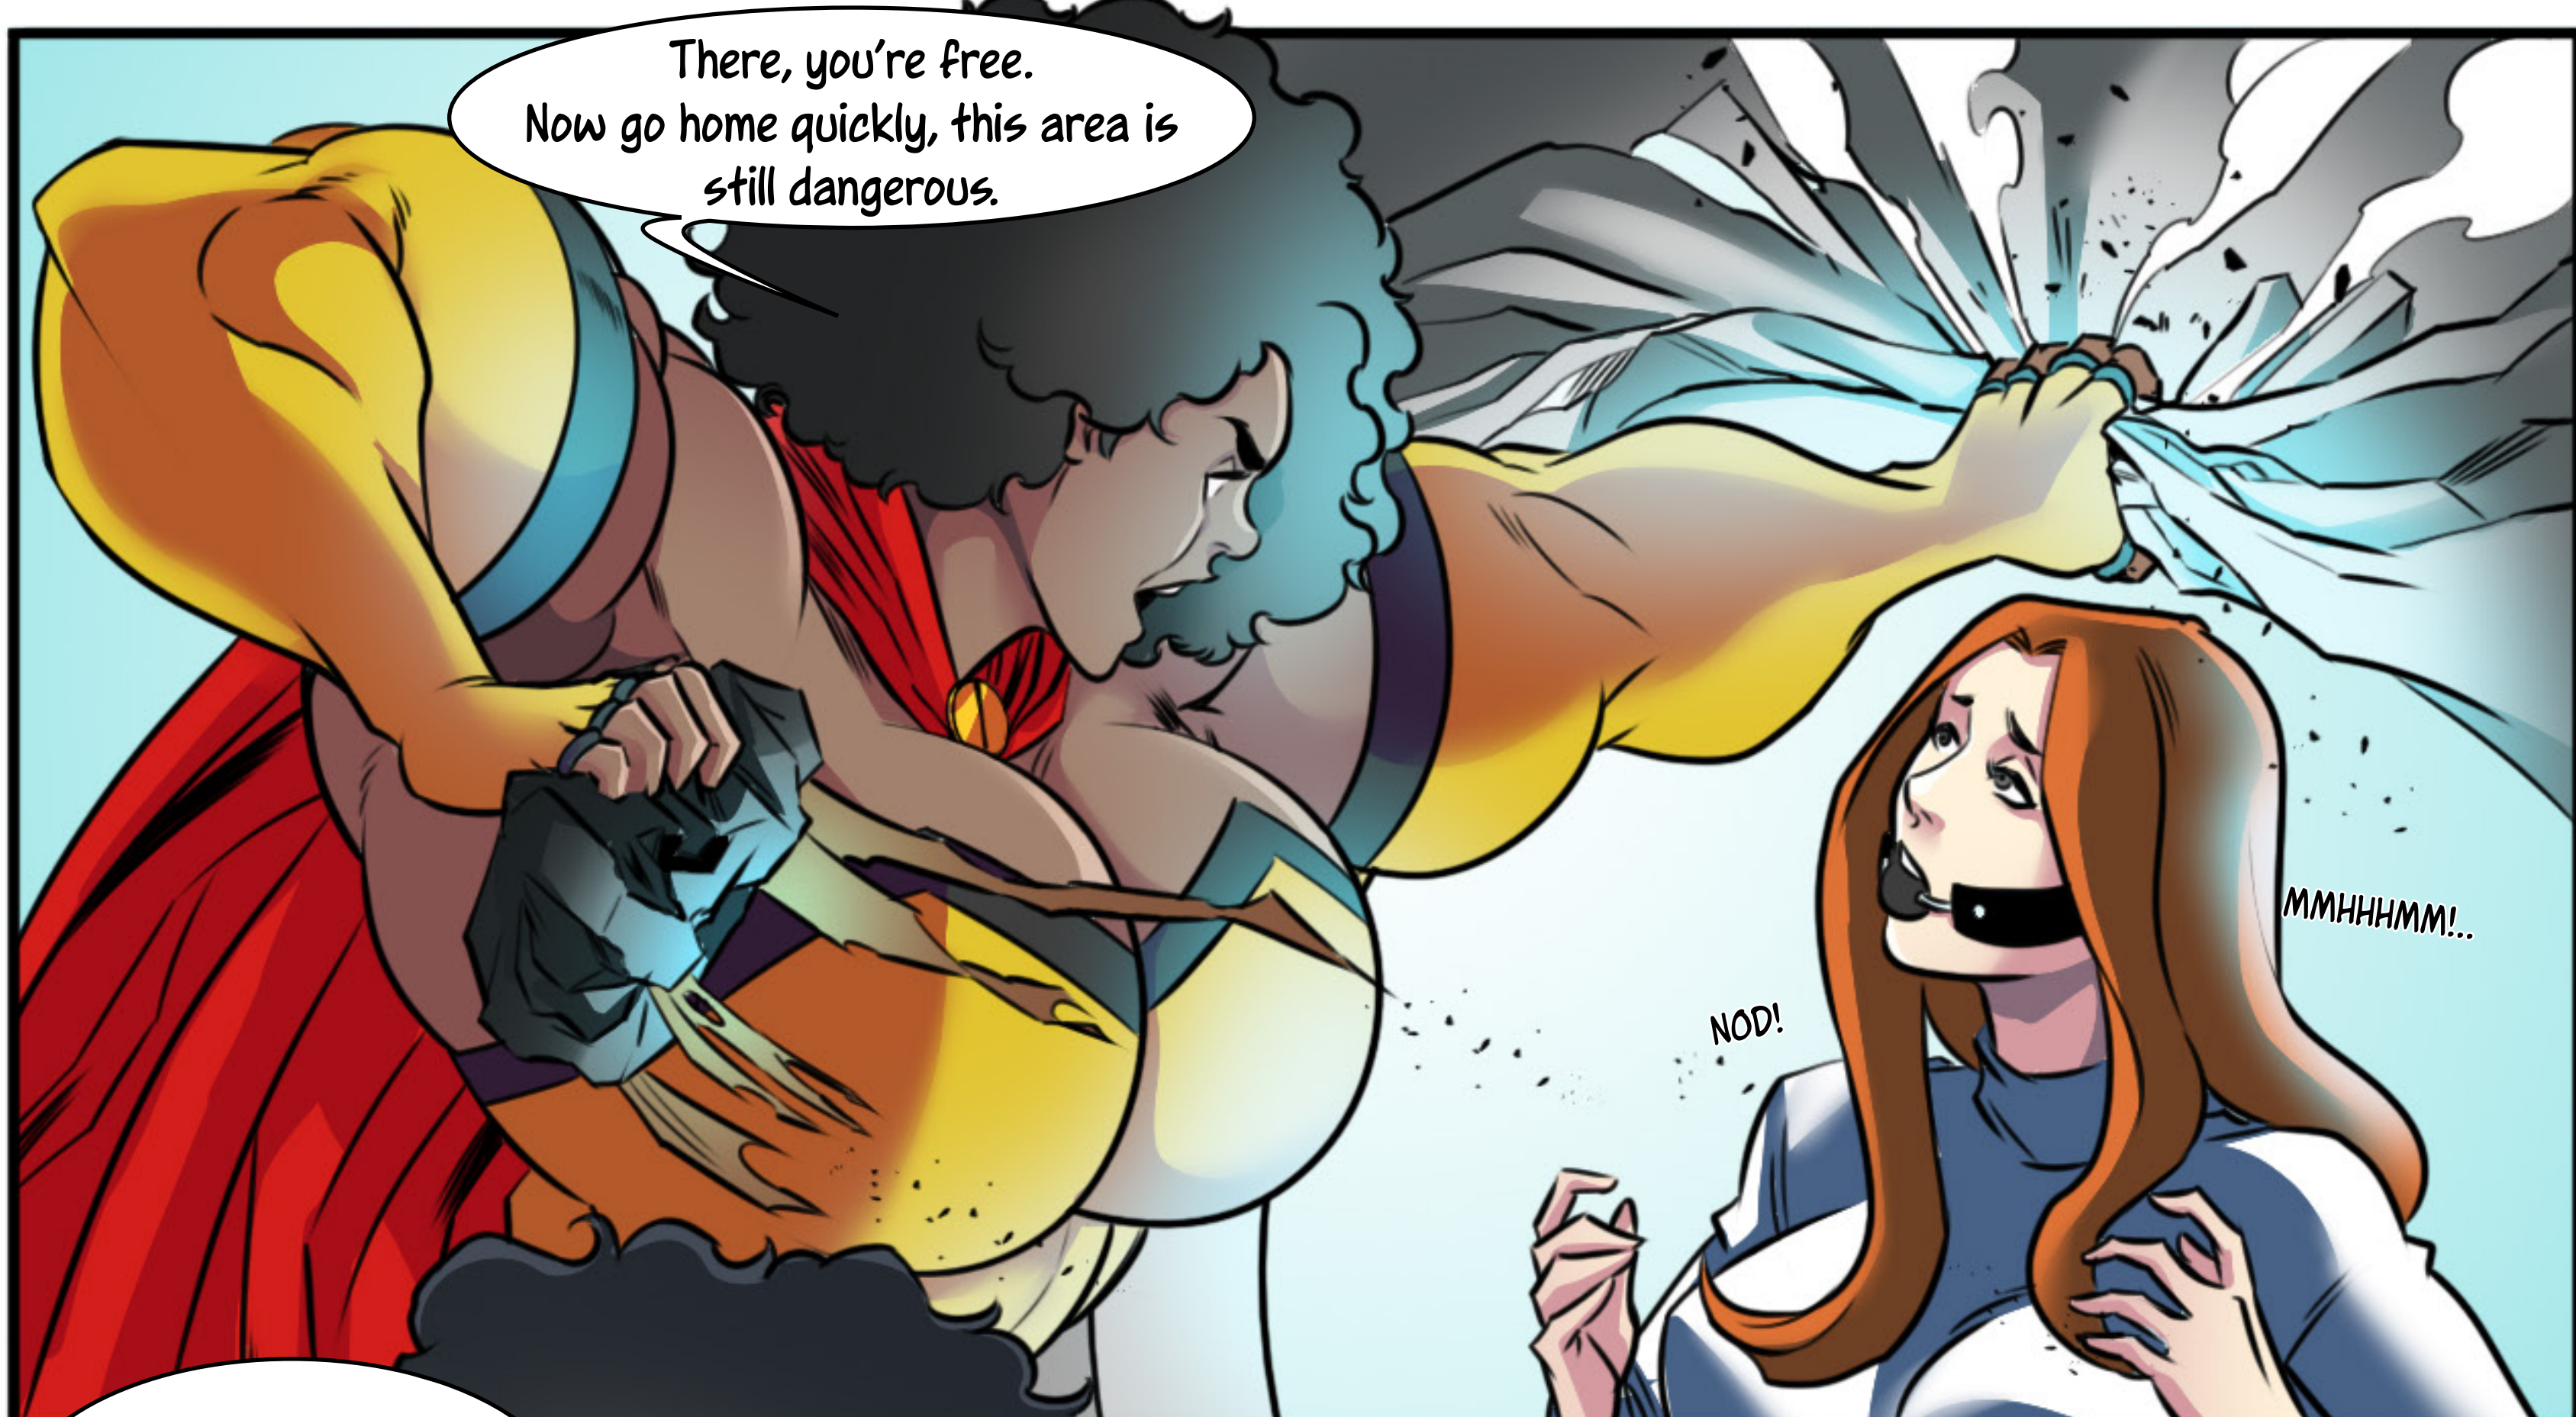

No? Well perhaps
you should proceed with
rescuing the hostage then, you
only have a minute left.

There, you're free.
Now go home quickly, this area is
still dangerous.

NOD!

MMHHMM!

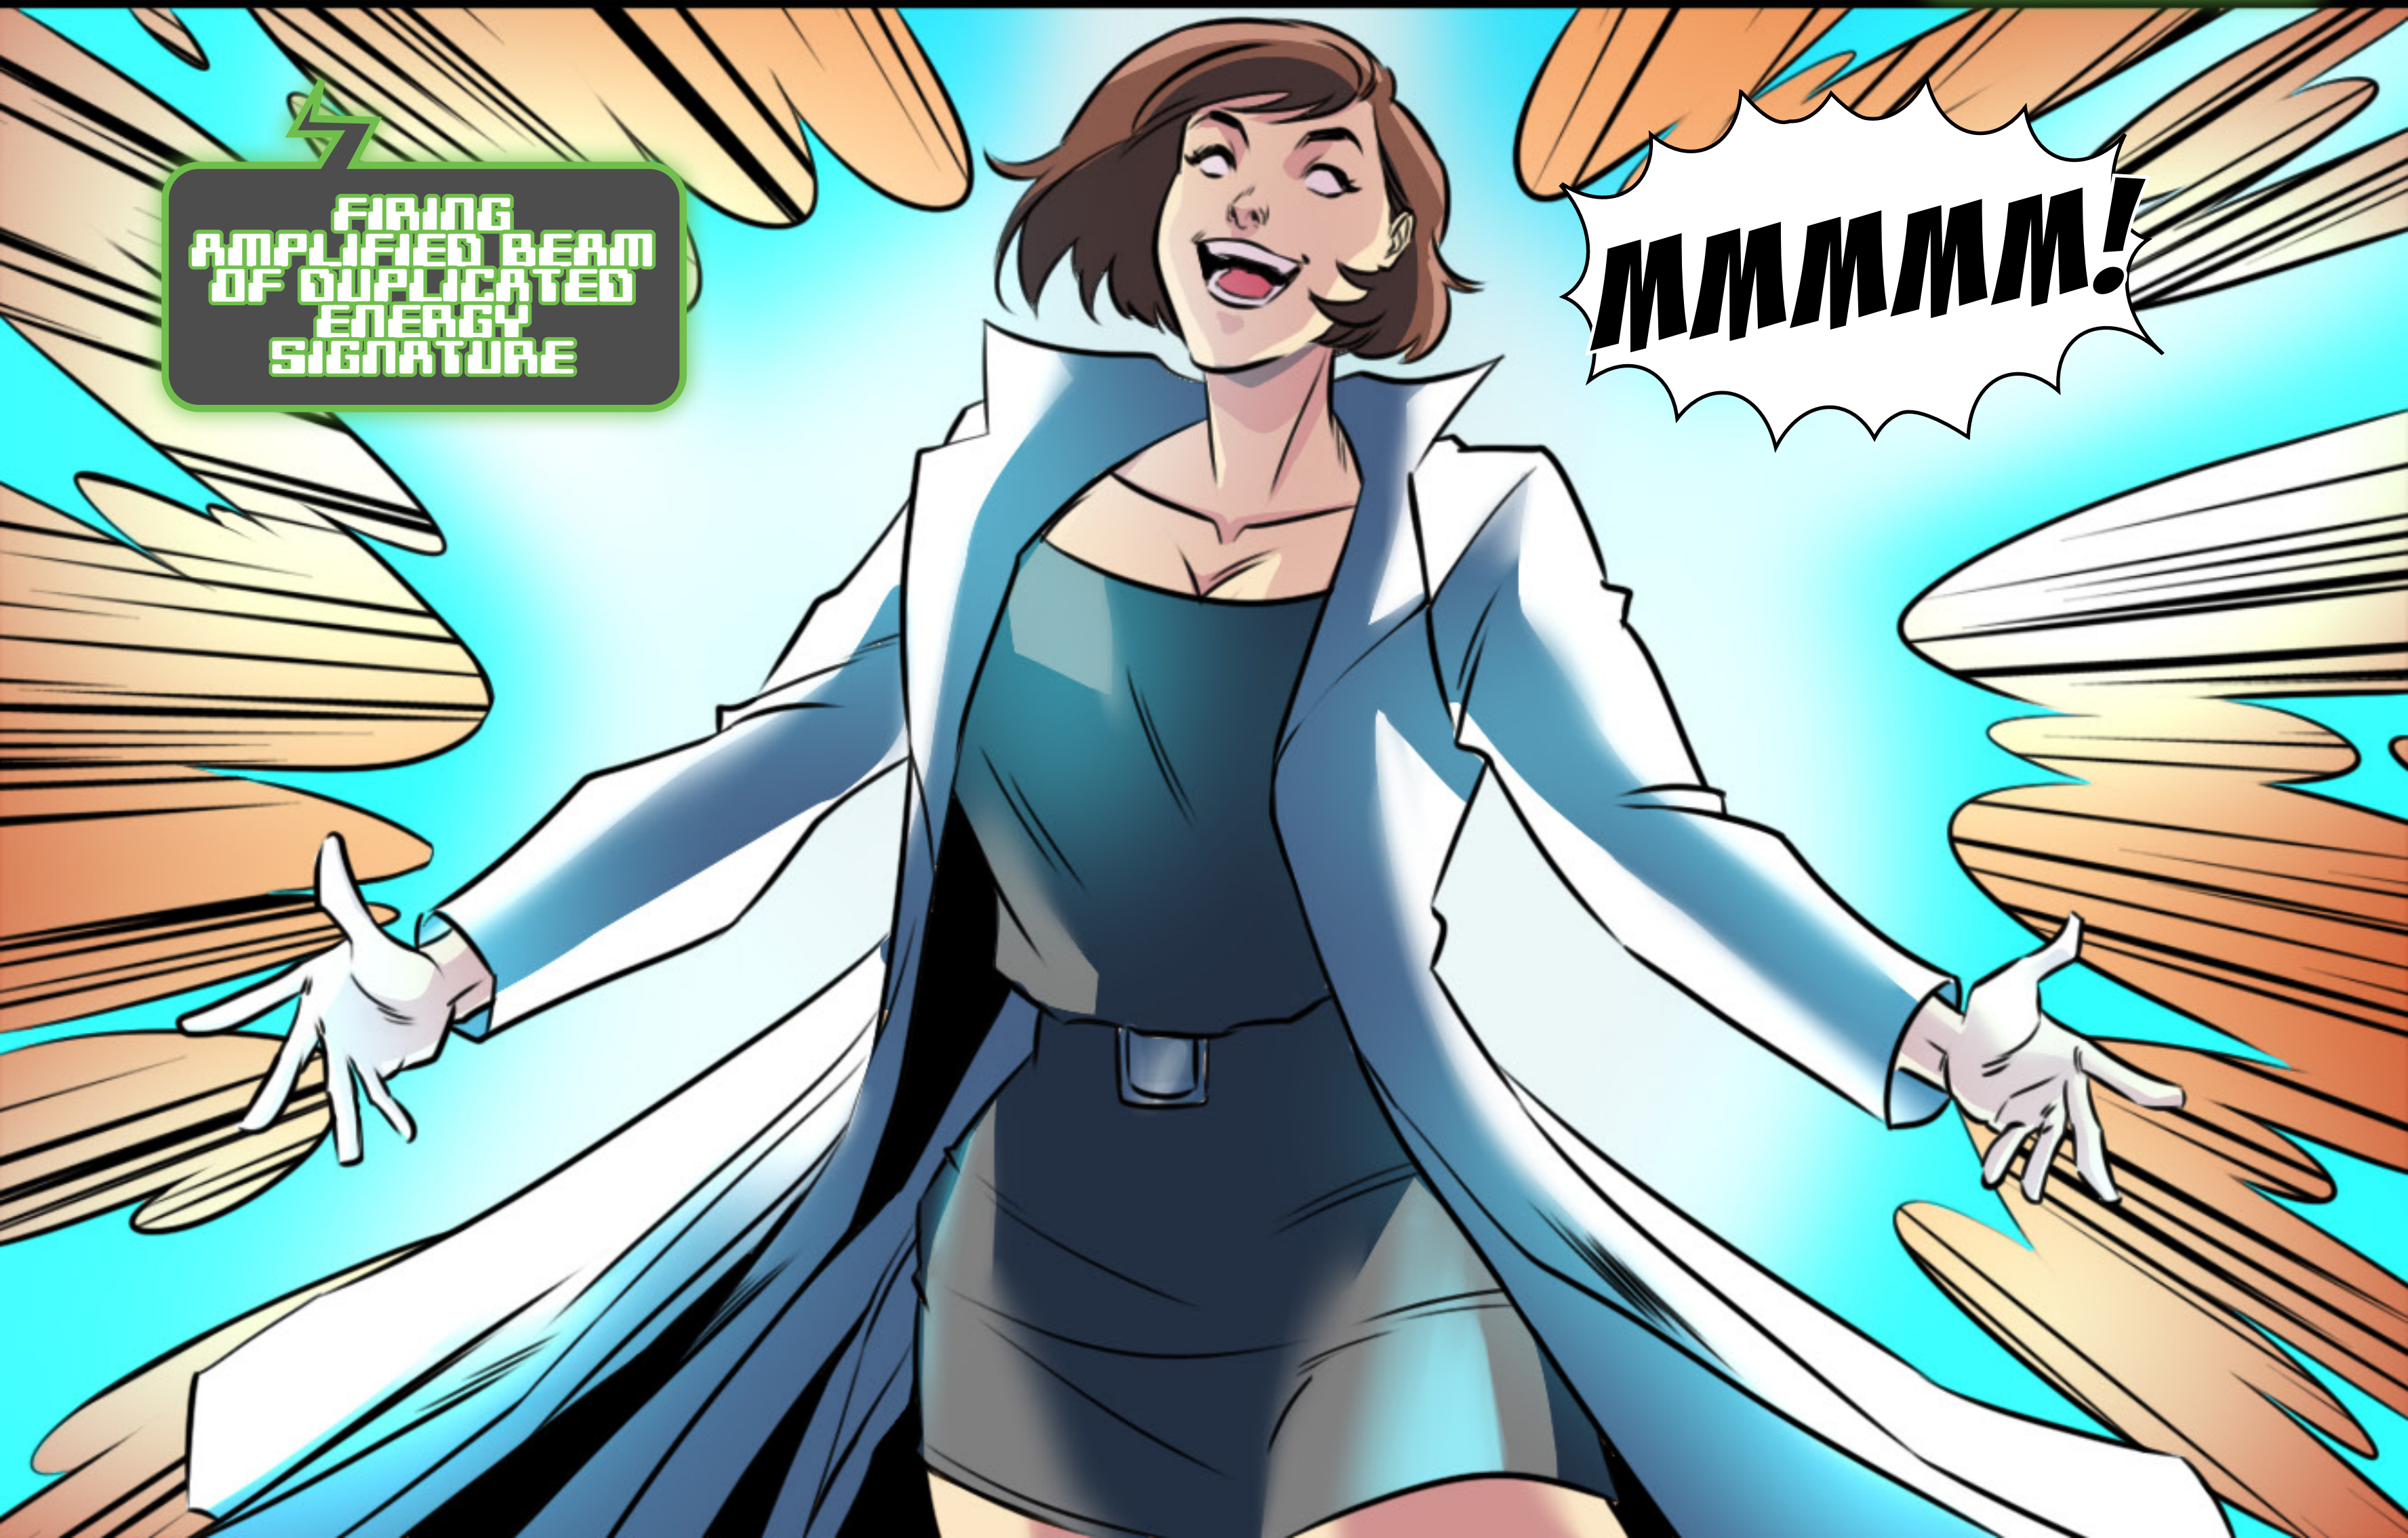

That takes care
of the bomb and now I
think it's time for you.

Hold... Oohh...
that thought...

**NOW, I... AM...
ULTRA WOMAN!**

WOW!

Confused Mega Woman?
Let me explain.

Using my super genius
I invented a machine that
could copy your powers to me.
But even better than that I
amplified the energy.

CLANK

KRAAAAAAAAAAGGGHH

According to what's left of that display over there, I am now one thousand times more powerful than you.

CRAAANNKKK

So you have my powers times a thousand?!?

Did you know... I once calculated your strength to be equal to ten million women.

WHUMP!

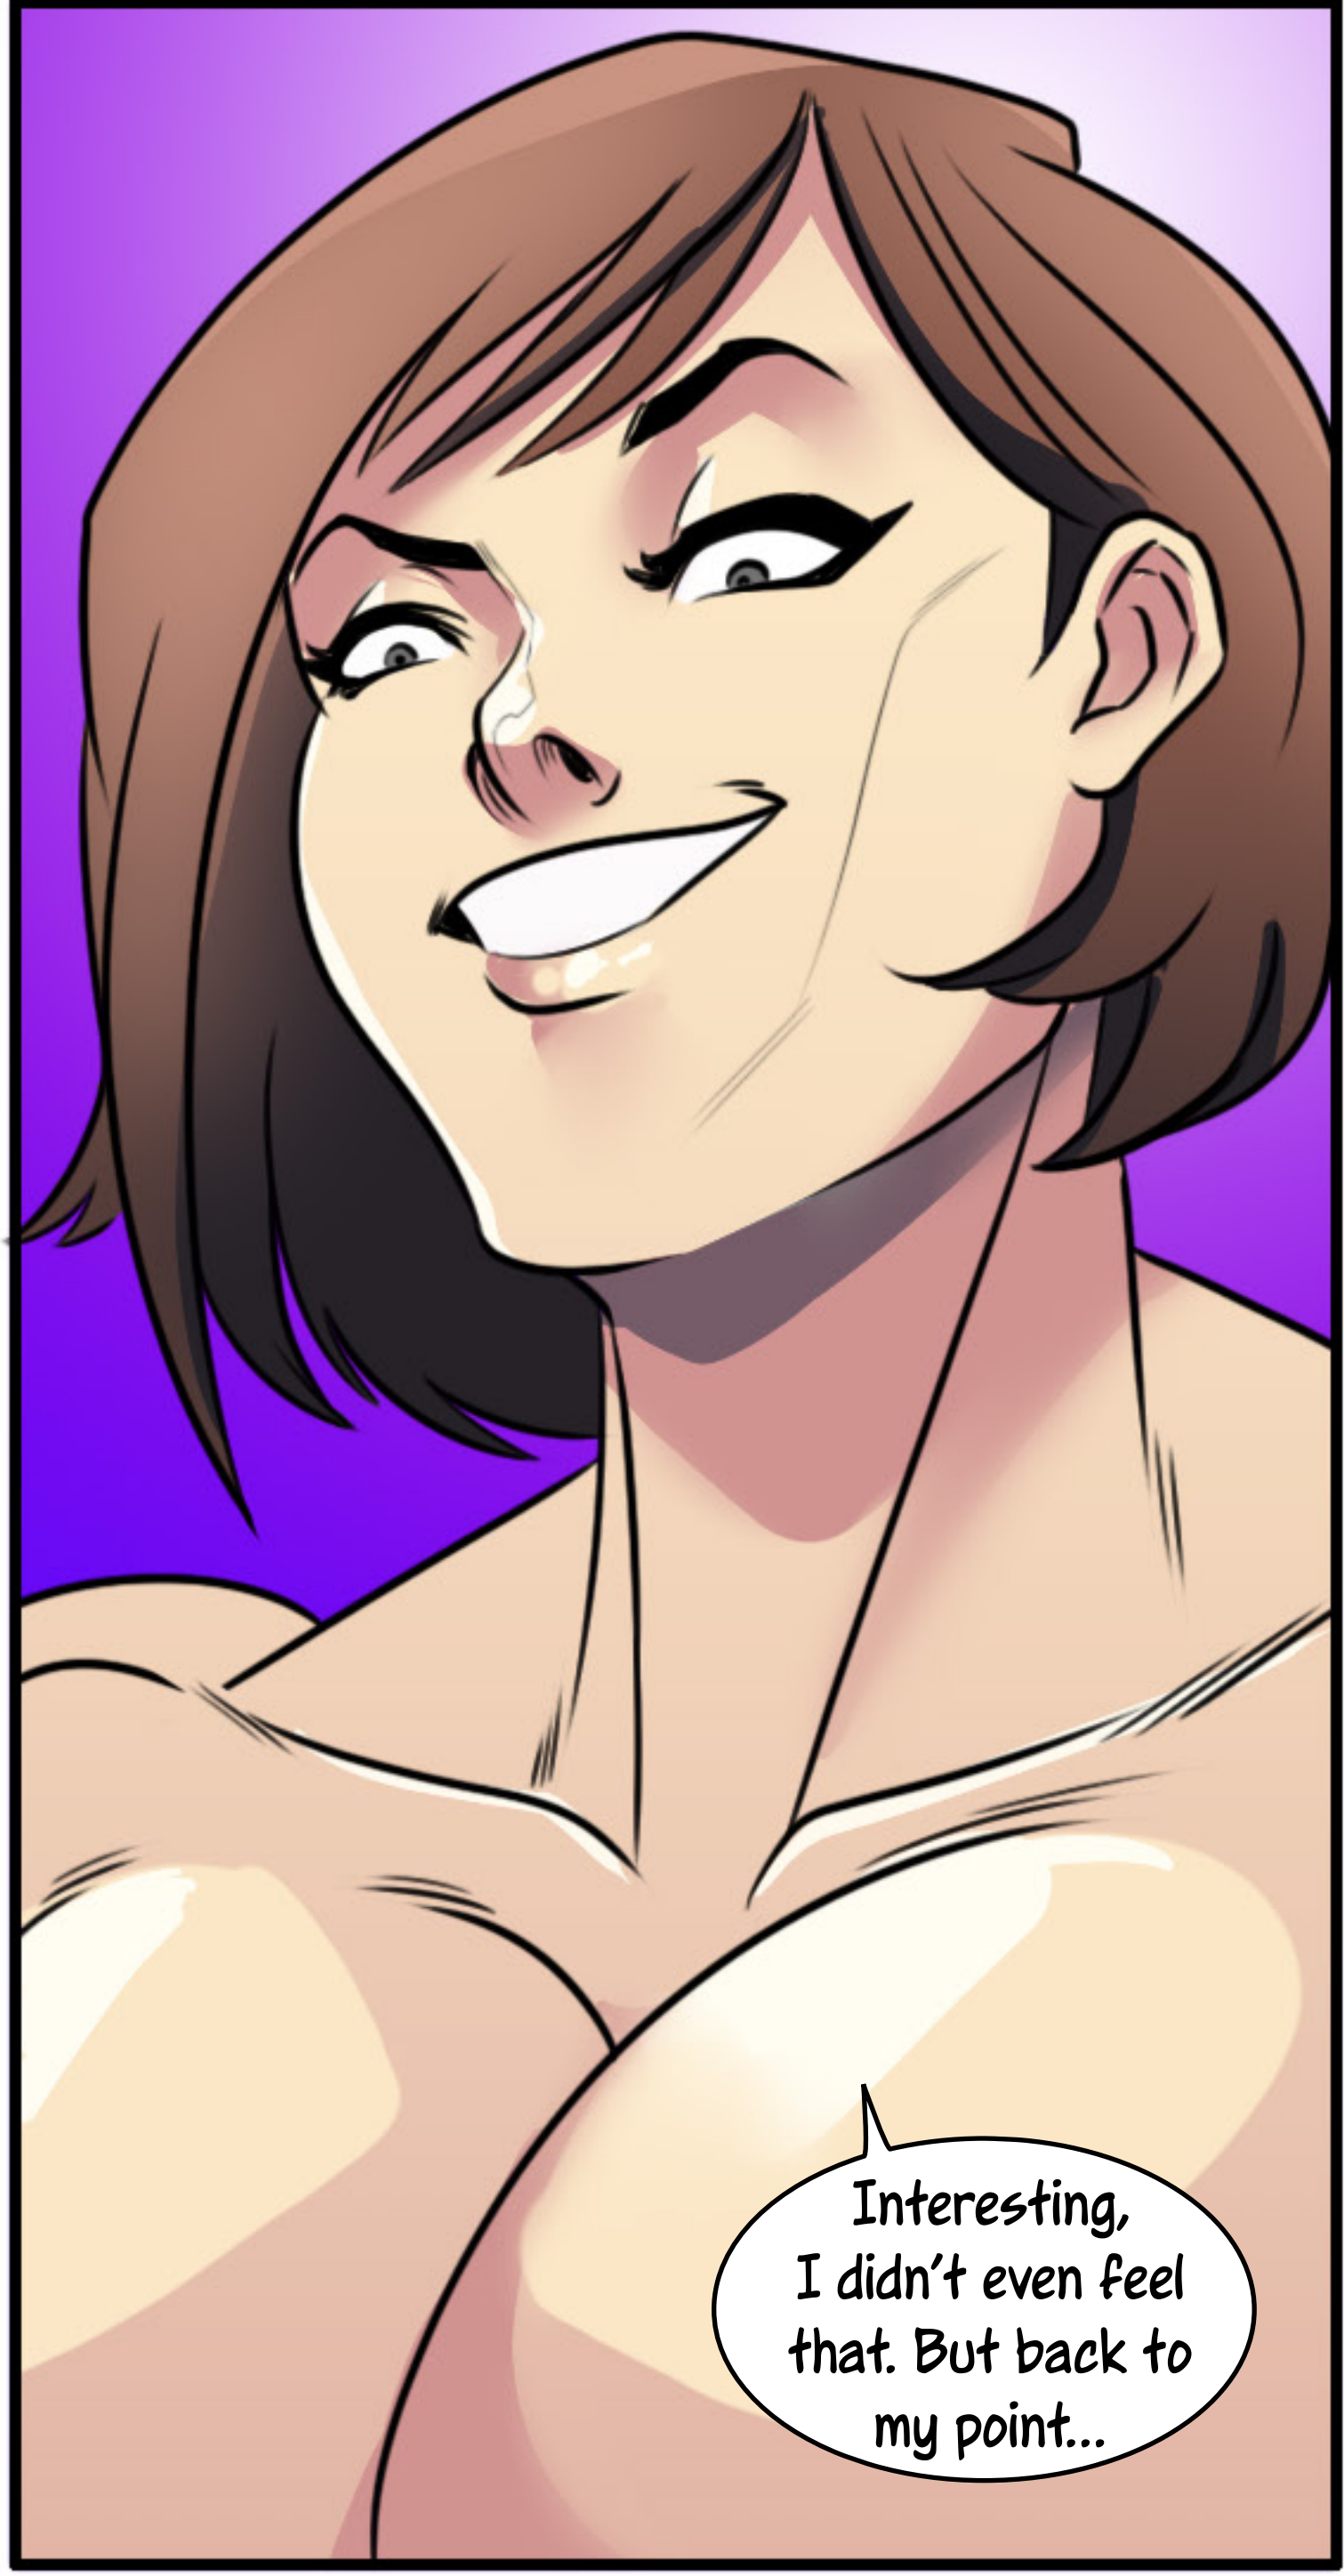

UUGGGHHH!!

GRIP!

WHH!!

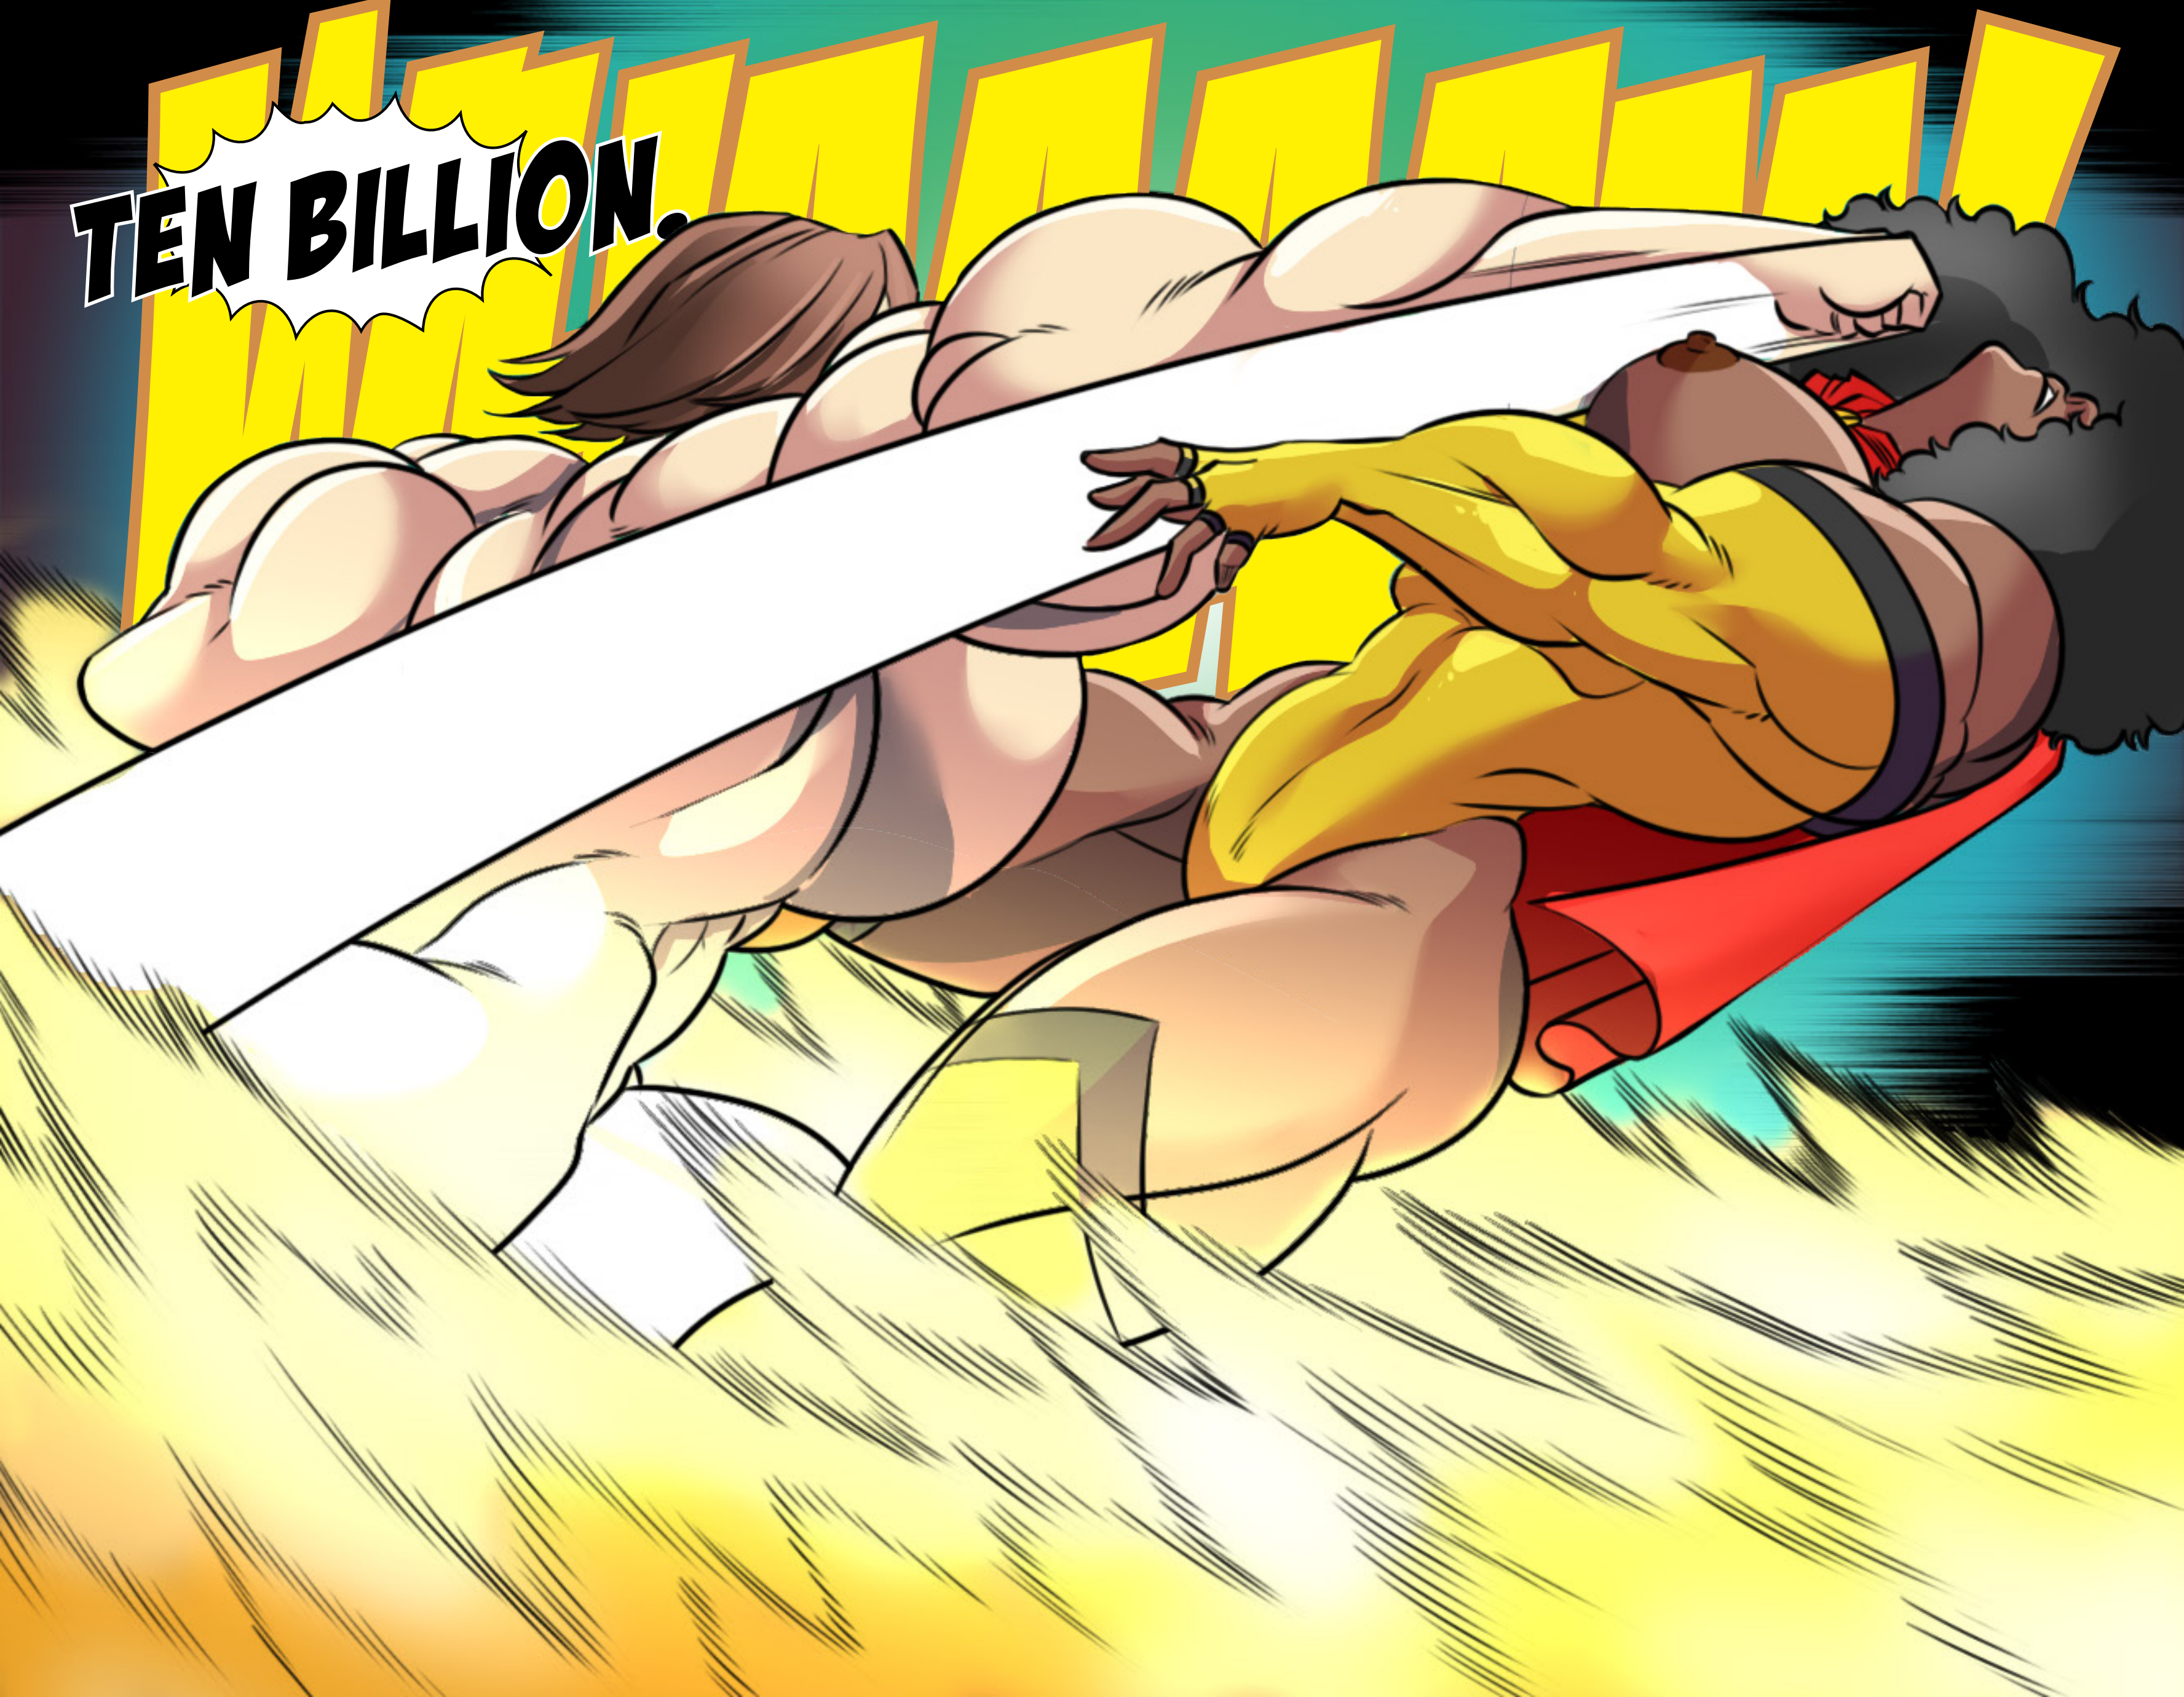

That would mean my strength is now equal to...

GRIP!

TEN BILLION.

KKRAAAGOOOIN!!!

I'm... going to...

CRAAK!
CRACK!

KREEEK

To what?
Stop me? You don't understand do you?

I am now more powerful than everyone on the planet, including you and every other superhero, combined!

SLAAAAAMMMMM!

I could kill you,
but there's no point. You can't
stop me. Nothing can. But I will
take this cloak of yours as a
souvenir of my victory.

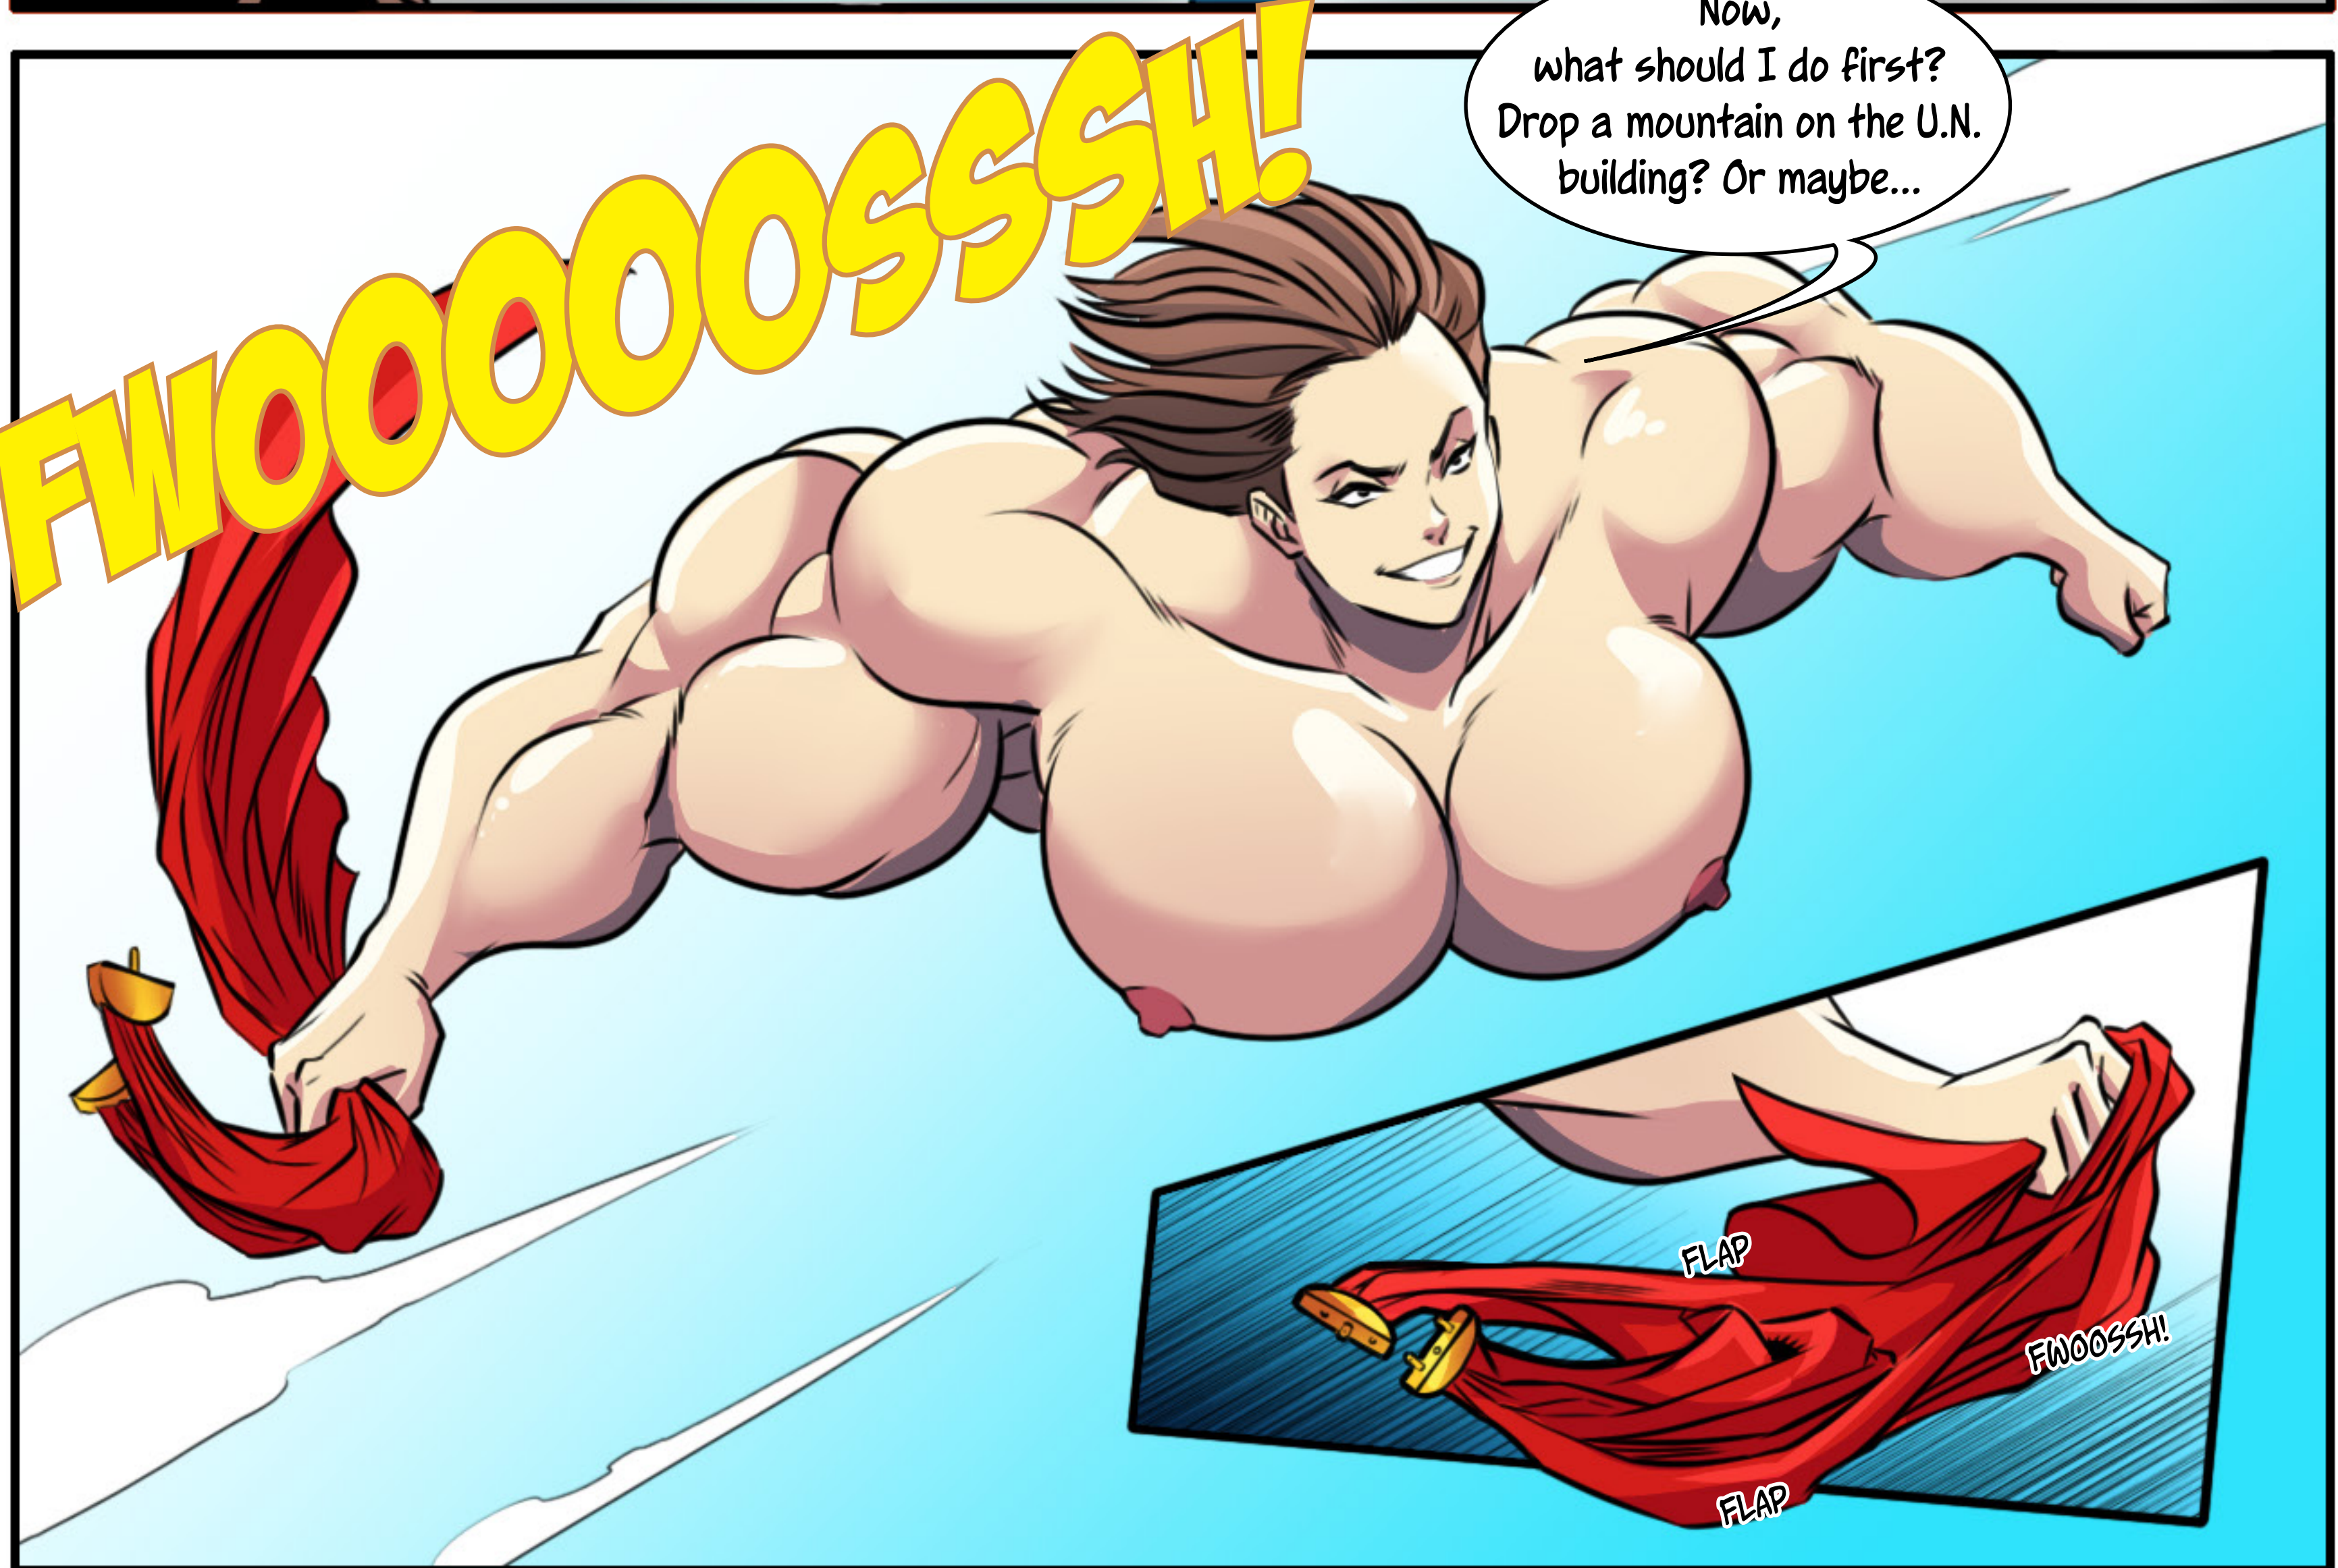

Now
if you'll excuse me...
I have a world to
rule!

Oh no, she took my magic cloak! Without it I'm just plain Debra Miller! I have to get it back before she figures out it's the source of my powers!

Now, what should I do first? Drop a mountain on the U.N. building? Or maybe...

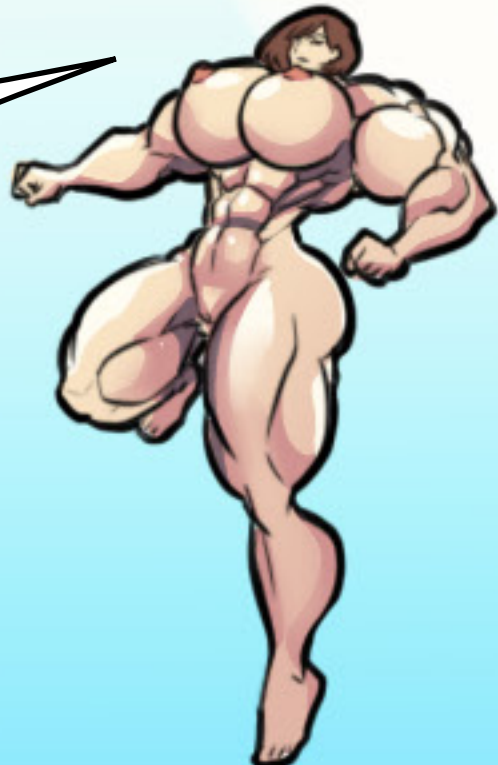

FWOOOSSSH!

FLAP

FWOOSSH!

FLAP

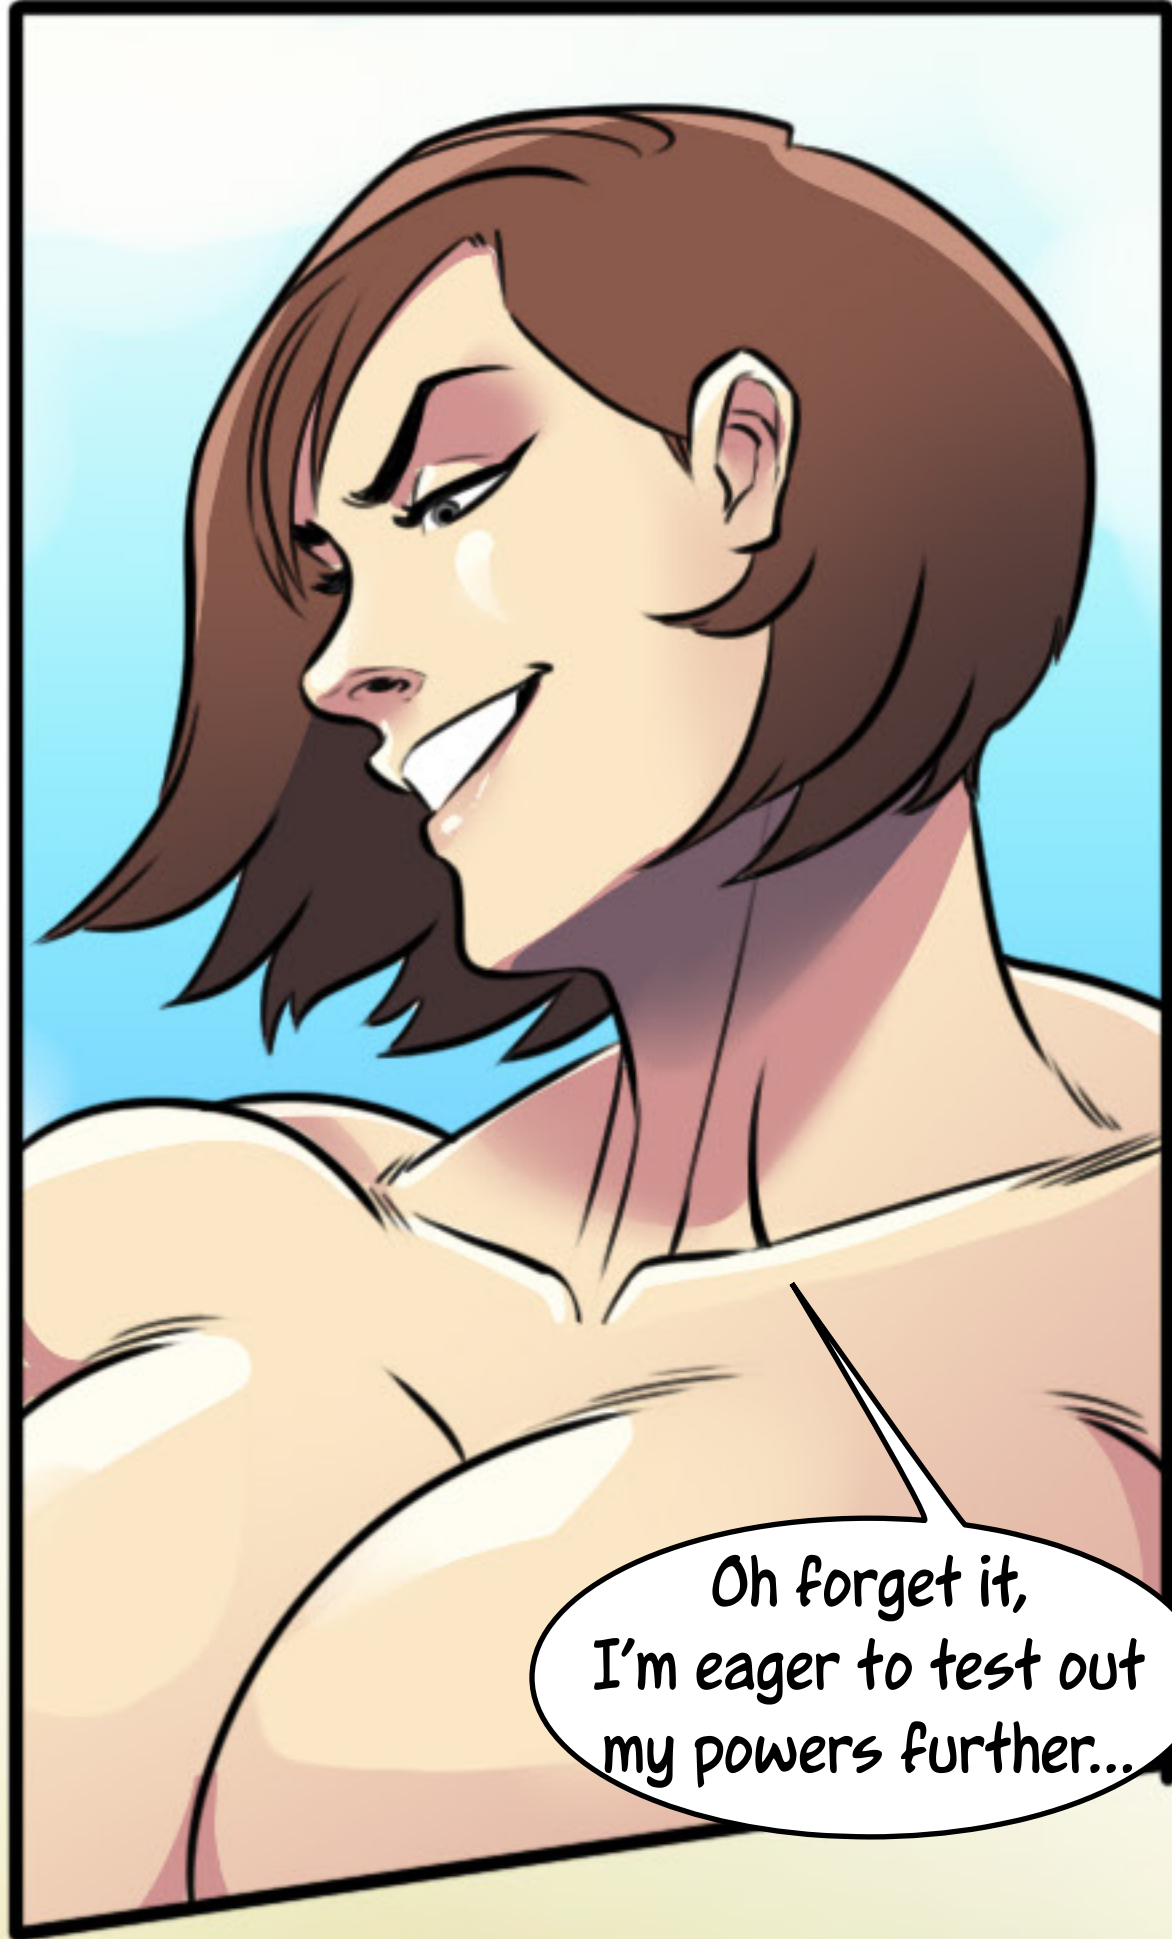

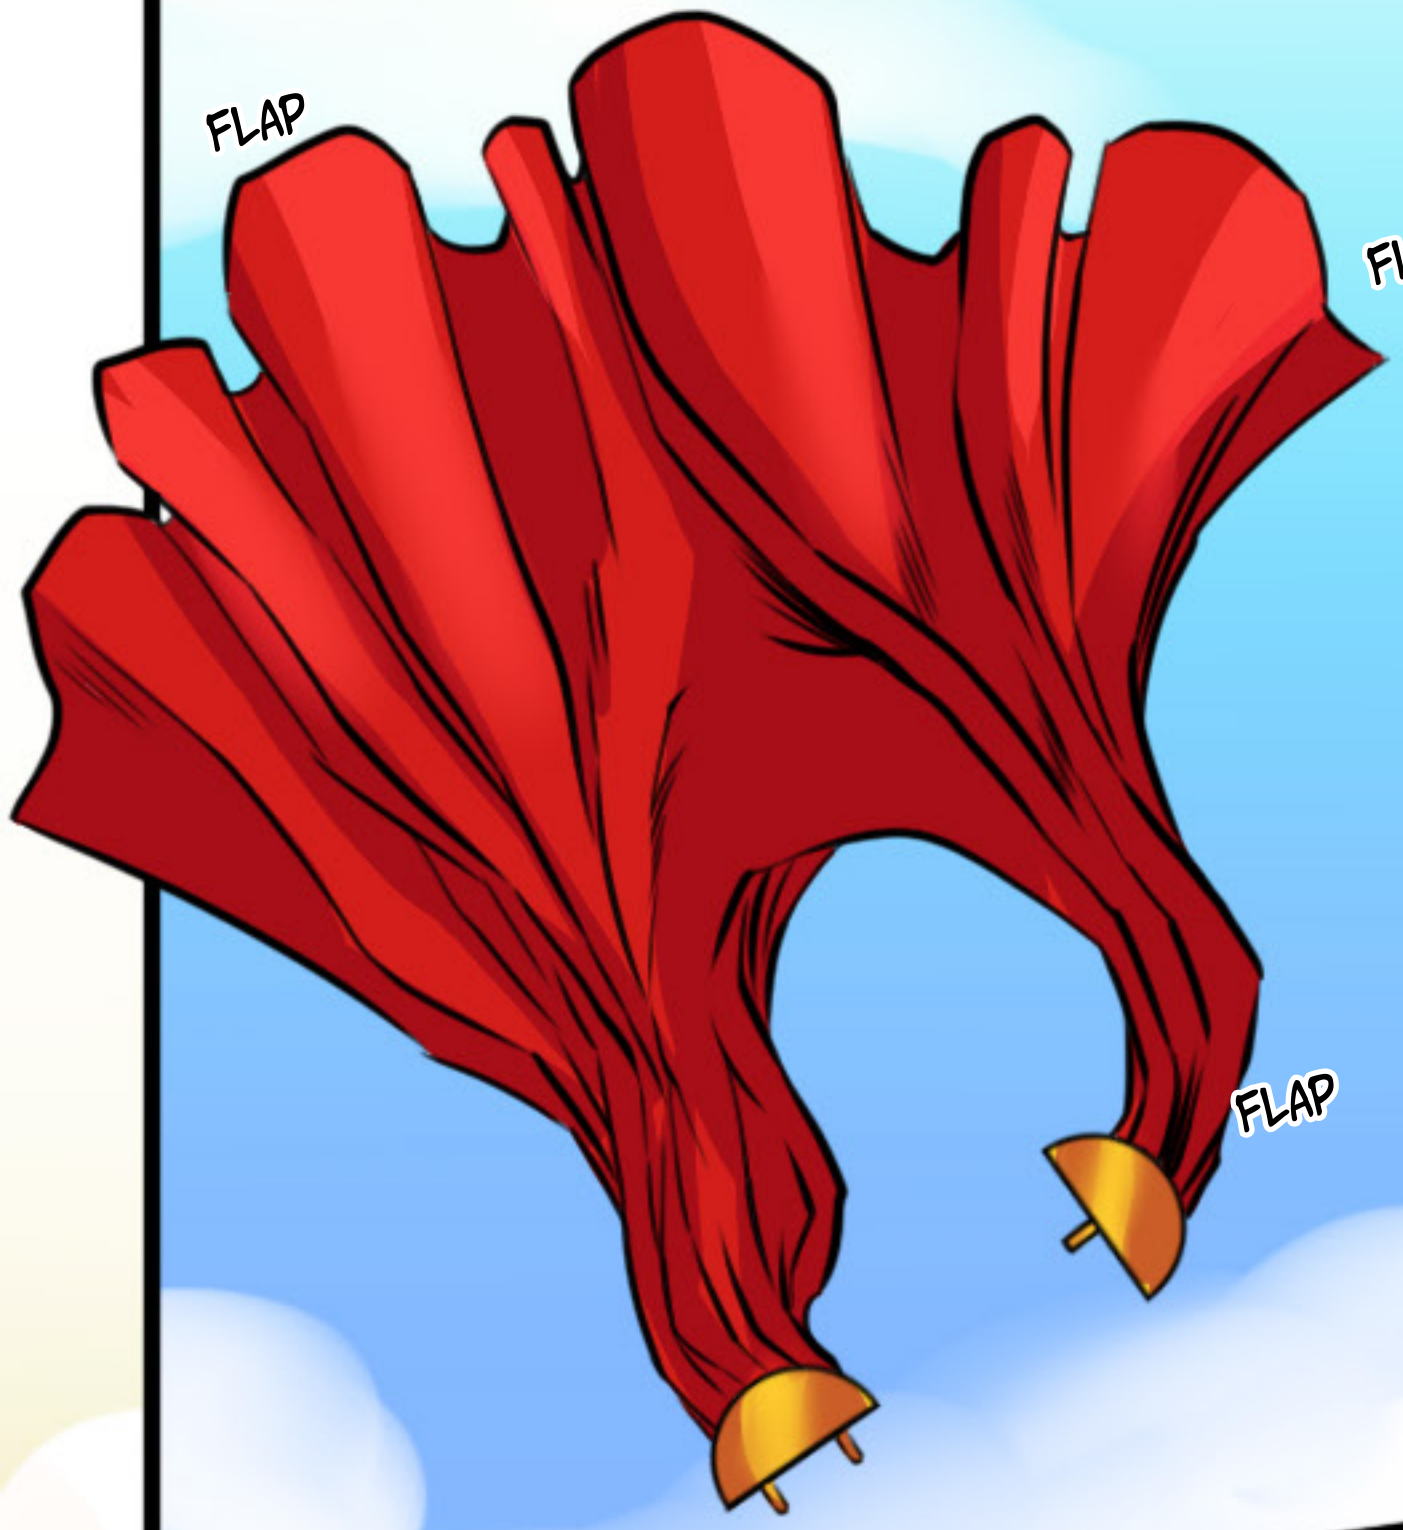

Whoops!
The cloak slipped out of my
hand somehow. Hmm, I could
fly down and get it...

FLAP

FLAP

FLAP

Oh forget it,
I'm eager to test out
my powers further...

I think
I'll go destroy a
major city.

To be continued...
