The next day
at school ...

I already
told you that
I can't.

O Lala-chan,
my love.

I have come
here to ask for your
hand, my darling.

I know it's a tough
decision, but think twice.
To finally accept my love
for you.

You are really nice.

And I like you a lot Ren but understand I'm engaged to Rito.

So if you really feel something for me then accept my decision.

Poor Ren, he never gives up.

It's a pity he just confessed his love to the wrong person.

But it's no wonder. After all, Rito now looks exactly like me.

Why?

Why do you keep rejecting my love?

I already told you that Rito ...

Not. I...

He's more masculine, that's what you wanted to say.

I will prove to you that I am more masculine.

Yūki Rito!

What?!

I challenge you to a duel for the right to be Lala's fiancé.

if you don't accept my challenge, I will assume that I won.

$$2a + 4bc = 1c$$
$$2e = 1c$$

It won't be a fight, honey.

Just simple arm wrestling competition, hehe.

Calm down, Ren!

You know fights at school are forbidden.

I don't like it anyway.

Poor, stupid ...
Ren * Sigh *.

Lala-chan now
looks like Rito but still
has her original
strength.

Interestingly,
the original Rito
also has the same
strength now.

So Ren is
now the weakest
of them all.

I won.

Wow Rito,
I didn't think you
were that strong.

I lost?

No, it's impossible,
I lost?

How do I
explain it to her.

$$2a + 4bc = 1c$$

$$2e = 1c$$

Bless you.

Ren and Run are brother and sister siblings living in one body. When they sneeze, they exchange places.

Thank you.

Can someone tell me what just happened?

Ren and Rito just had a little wrestling match.

Rito.

Who won?

I wish I had seen it.

This stupid swapping of places made me miss something cool again.

And I would like to trade places with Rito for a while.

It would be an interesting experience.

And by the way, I would get to know him better.

Maybe another time.

What do you think about it, Rito?

I don't think you are serious.

Rito seems to have completely forgotten that we did it and so far we haven't returned to normal.

Do you know how annoying this is? I literally dream of a week without these constant swaps.

What is this ring?

One SEC.
Rito you prefer girls right?

Then it can only mean one thing.

I have to answer like I'm Rito.

Yes.

Rito.

I don't know how you got my brother to do it.

But of course I agree.

What! But I don't ...

Congratulations Rito!

I see you've finally decided to accept another girl's love.

You don't need to explain, I've seen everything. and not only me right Lala-chan?

What, I didn't do anything, I don't even know where this ring came from.

$4bc = 1c$
 $2e = 1c$

Lala,
I can explain all
this to you!

You really don't
have to, I accept your
decision.

Great now
Lala-chan will be busy
with Run-cha.

And Rito
stays for me,
hehe.

Let's go Lala-chan,
they probably want to be
alone for a while

$$2a + 4bc = 1c$$
$$2e = 1c$$

You don't have to apologize, I'm really happy you did it, Rito.

You can't even imagine how long I dreamed that someone would confess love to me.

I have to fix this somehow.

I'm sorry Run-cha I ... ugh ...

Nobody ever told you that they love you?

A few guys confessed to me that they love me, but only you know the whole truth about me.

Which means you must really love me.

Since you've decided to take such a step, although you can kiss my brother at any moment.

Great, instead of solving problems, I create new ones.

When will it all end?

I guess I'll just try to talk to him and explain to him who he really is.

Now I know how Rito feels every day.

Probably not soon since Rito even thinks he's me now.

Yes, that's probably the best idea.

Take it easy,
I understand
everything.

I...

I have to
explain all this
to you.

You see. Me and
Lala-chan, we ...

Really?

A scene in a classroom. A girl with long, light blue hair and purple eyes, wearing a green jacket over a blue shirt, is talking to a boy with spiky brown hair and a light green jacket. They are standing in the aisle between rows of wooden desks and chairs. The floor is blue. The background shows more desks and chairs, and a whiteboard.

Yes,
and I don't mind
that you have to be
with Lala too.

As long as
I can be with you too,
Rito-kun.

She got it
completely wrong.

I guess I'll try to
explain it to her later.

Hmmm?

She kissed me.

Another girl kissed me ...

Maybe I'm not Lala, but that doesn't mean I will give up.

As Lala-chan sees it ~

Although kissing a girl is a lot more fun than doing it with a guy.

But I'll come back to it another time.

The most important thing now is to find Rito.

Later on the roof
of the school ...

So..

Will you tell
me what's going
on now?

And why did
you want us to
be alone?

Yes, I remember.

How am I going to tell him this?

Do you remember what you said earlier about this swap?

Because you see ... Me and you We

Rito~

Do you want
to swap places
with me?

No! I...

I really
should be a girl.

I feel stupid
to admit it all but ...
I ...

I...

What?!

You don't need to say
anything else, Rito, I understand
everything. Besides, I suspected
it before. But now I'm sure.

That's great.

At last Rito remembered everything!

Now I can finally fix this whole mess I made.

But that's not a problem. The most important thing is that Rito is himself again.

Some
time ago
I noticed you
acting weird.

But you could just
say you wanted to be a
girl, you didn't have to
hide it from me, Rito.

Now
stand still.

I guess
I was wrong.

I changed my mind!

I have to come up with a better plan.

But for now, I can't let this laser hit me.

Why are you running away, you wanted it yourself?

Rito, you give up too quickly.

Never mind.
I must help you.

Dude, where have you been? I've been looking for you everywhere.

Run!

Don't ask any questions, just run away.

What?
Why?

So this is how I will die.

Shot by the best friend's girlfriend.

Hope there really are virgins in paradise. Cause I'd like to see real tits someday.

Saruyama!

I'm sorry it
was an accident.

Saruyama!

Saruyama!

Wake up!

You are finally awake.

Rito You see, I told you that he's fine.

I'll fix it right now, I promise.

Besides that little detail.

How, when "pan pan change" broke.

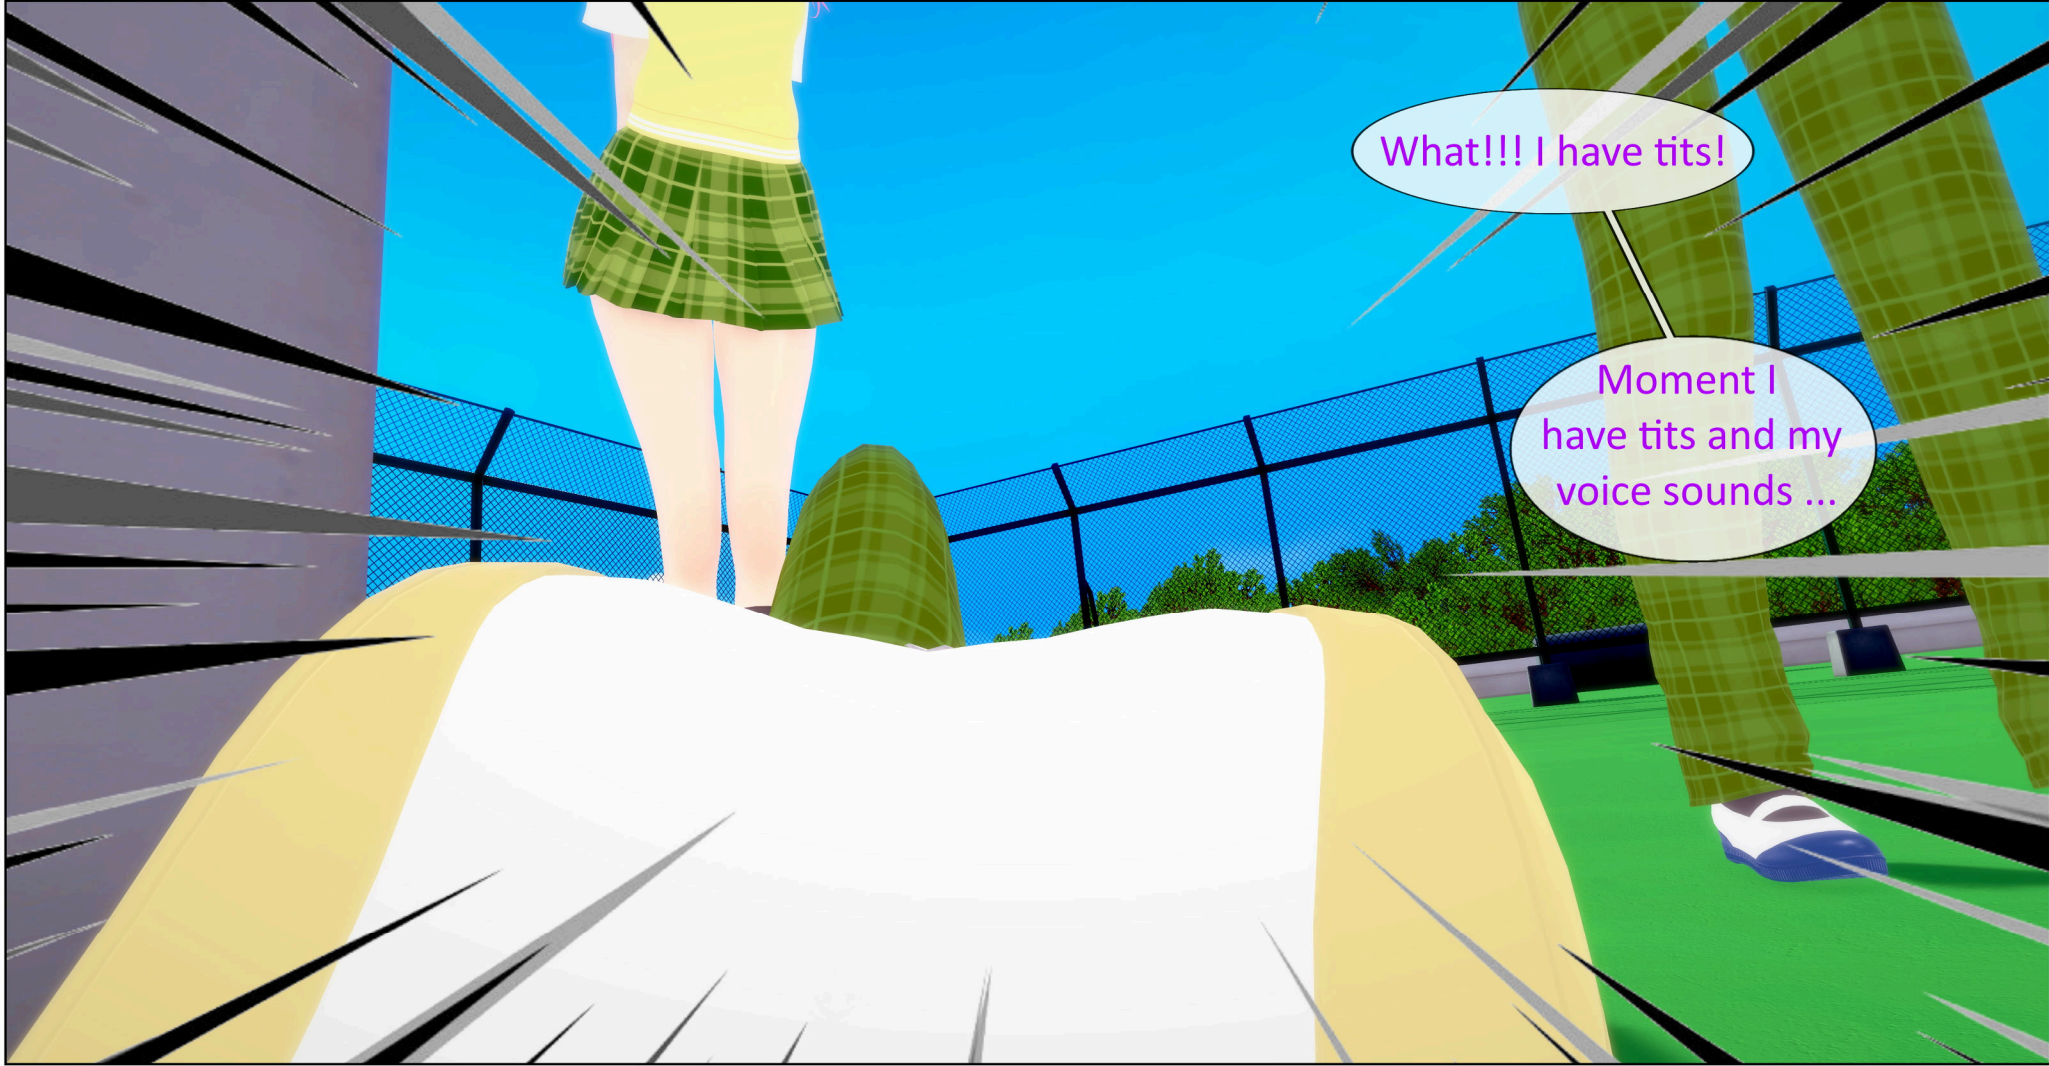

Can you
tell me what
happened?

Wait,
why does my
voice sound so
strange?

Accident?

You had a
little accident.

Yes, but it's
nothing serious.

What!!! I have tits!

Moment I have tits and my voice sounds ...

I'm a girl!

How is it possible, after all I was a few moments ago.

No, it's probably one of those dreams.

This is not a dream. You really are a girl.

But don't worry, I'll fix it asap.

Ymmm ... And I'm sorry about that.

You listened to me at all?

I never dreamed
of seeing them so
close.

And if it's
just a dream, let
me not wake up
too soon.

Life can be
beautiful.

By the way,
I wonder if what is
said about breasts
is true?

Calm down Saruyama, this is not a dream, you really are a girl.

And stop groping your tits before anyone sees it.

Or maybe you want to touch them yourself and check how soft they are, what do you think?

Now can you explain to me what exactly happened?

Where to.

In a second. But come with me first.

To the women's locker room. We need to get you some more suitable clothes.

I don't know
what exactly
happened.

But I like
it already.

Something
tells me I need to
make good use of my
time as a girl.

Moments later in the women's locker room ...

Yes, only he started to run away and suddenly you showed up.

And I accidentally turned you into a girl.

Anyway, how did you know where we were.

What, you wanted to change Rito into a girl?

Some girl told me Rito was on the roof waiting for me.

Do you remember
her name?

Or at least
what did she look
like? You probably
remember that,
right?

Well...

Retrospection.

Excuse me,
could you please
go to the roof of
the school?

Rito is waiting
for you there.

And you could stop staring at my tits, my eyes are higher.

Sure, I'm coming.

Of course.

What, you definitely don't remember what she looks like. Maybe something caught your attention.

But every girl in this school wears a yellow sweater. It's part of our uniform.

Unfortunately not.

Err ... She was wearing a yellow sweater.

Ymmm ... Say, it's not a problem I'm here. It's the girls' locker room, after all.

Don't worry,
you're a girl now.

So it's not a
problem you're
here.

Even if some girls
come in to change now. They will not pay
attention to you, and they will change
their clothes without hesitation.

Indeed.

Since I'm a girl now, I can watch girls as much as I want without them knowing.

And I don't even have to hide.

It's a dream come true for me.

And on top
of that ...

There is one girl who will always do what I tell her and when I tell her.

And that girl is me.

Now I can fulfill my every fantasy.

A moment later ...

If you want,
I can give you makeup,
you would probably look
even better then!

Wow, I
always knew I was
handsome.

But I never
thought that as a
girl I would look so
good too.

Why not. I also
have to do something
with this hair because it
makes me nervous.

Actually, it would be nice to always look like this, hehe.

What am I thinking, I'm a guy after all.

It's probably because I look so great as a girl.

And if it were possible, I would now have a tent in my pants.

Meanwhile in the
corridor ...

What?
Saruyama is a
girl now?

After talking with
Run-chan, Rito first
wanted to switch bodies,
but I declined.

Then he tried
to turn me into a girl
with pan pan change but
hit Saruyam.

I understand ~

But you know if you
and Rito swap bodies now,
things would actually
be back to normal?

It is
true that my plan
did not include
Saruyam.

But I'm a
little curious about
what she looks like
as a girl.

Yo

Who are you?

It scares
me how good
Saruyama looks as
a girl.

And why
is he wearing
makeup?

Indeed,
this body swap
is not such a stupid
idea.

It looks great to me.

May be * sigh *.

About a transvestite?
Never.

And how do you like it?

Momo-chan are you jealous.

Momo-chan, if you want,
I can give you some tips,
hehe.

Never in
my life

I don't need a guy
teaching me how to
be a girl!

How long will I be a girl anyway?

Because in this state, I can't go home.

To be continued...
