After school...

So I can stay with you as long as I work as a maid for you?

So Rito worked for you as a maid?

Exactly.

Hehe, don't tell anyone please, it's a little embarrassing.

Unbelievable.

All this time, Rito was working in the best place in the world, surrounded by a group of lovely girls in maid costumes.

Why didn't he tell me anything, I'd like to work in such a place myself.

Exactly how many girls work for you?

I mean only girls not all staff.

Umm ... I'm not sure, but I think about a hundred.

Me too.

Wow. Would you hire me later when I'm a guy again?

Sorry, honey, but no.

Why, I can work hard.

Ask your friend, hehe.

Please don't remind me of that.

Not only was it humiliating, but I also had to clean the large room as a punishment.

What happened?

Let's say Lala-chan was a very bad girl, hehe.

Besides, there aren't any vacancies for guys anyway.

What happened then is the only reason I'm happy to be a girl now.

So there are some men working for you.

Yes, but they are people employed by my parents.

Wait, am I really happy to be a girl?

I can only hire girls.

I was a girl before but it was always a horror for me but now ...

I see

Am I already used to being a girl?

Some time later...

Home at last, tell
Lala-chan. It's late,
maybe you can stay
the night.

Willingly. By the way,
we'll learn together in
the evening.

If there is any
free time left.
hehe.

This is
your home!

To, to,
to, women's
locker room?!

Wait
a second,
and there will
be other girls
there too

Yes, and now
hurry up, we still have
to go to the women's
locker room.

Yes, you
and Lala-chan are
starting your shift
in a moment.

Of course.

Wait for us!

Yes.

I was just wondering.

I work for you after school, right?

So it's always going to be late when I'm here ~

I will never understand you. *Sigh*

And you'll always have a reason to stay overnight with me.

You don't have to, hehe.

Now let's go before your friend gets lost.

Some time later...

And here is
the cloakroom.

Yuki-chan
said your wardrobe
is the last one on the left, it is
nobody's and there should
be a matching uniform
inside.

And a little
advice, do not do
anything stupid.

Sure thanks.

I never.

Hmm? What is the
guy doing here.

After all,
Yuki-chan said
she doesn't
hire guys?

I asked him
not to do anything
stupid.

Good evening, girls.

I'm looking for two volunteers for a special task.

It's about VIP guests.

So they are willing or should I choose someone myself.

Maybe let the new two take on this task.

Because they probably haven't had the opportunity to do a special task yet.

Perfect punishment for calling me a guy.

I also support this idea, let them earn more this time.

Sorry Lala-chan,
I like you.

But I don't want to
be a toy for these old
perverts again.

They pay a
lot but it's not
worth it.

Why not.

Your name is Kurumi-chan, right?

Your guest will be Archduke Otto, he asked for someone of Japanese beauty.

And you will wear a kimono.

Yes

It will not be exaggerated?

I think so too, but
he wrote in the form that
he wanted his partner to
wear a kimono.

Great.

Now you
Lala-chan.

I understand
if the customer
wants it.

Have you already done the little thing you told me about?

Because we don't need a scandal.

Yes, don't worry.

Recently, I told Narita-san that I was going to have an operation to somehow explain my gender change.

Which
was even a
good idea.

Because
Mikado-sensei
has confirmed
my lie.

And Narita-san
has been kinder
to me since then.
I wonder why?

Great,
what about your
guests. it will be
Mr. Hiroki.

He said he liked
office clothes, so that's
how you dress.

Okay, so much for explaining.

You should be ready at 7:00 PM and wait in the ViP room.

Besides, they are important guests, so try to make a good impression on them.

Later in the VIP room ...

Grandpa,
I agreed to come to Japan
because you said it was
important.

But how many
times do I have to say that
I'm not looking for a girlfriend
especially a wife.

And your
search for a fiancée
for me is starting to
tire me.

Otto, understand, me and your parents are worried about you.

That is why I have decided to invite you here today.

I also ordered two girls, maybe you will like one of them.

Unfortunately, you could only choose one girl per person so I indicated that one is for me but both are for you Otto.

What have you done!?

Unbelievable,
always the
same.

The one who was
supposed to be with
me tonight can go now,
I don't need her.

Oh, they
just came.

Are you
sure?

Maybe you should think about it again.

Because if I leave now, I won't get a bonus.

Please.

Thank you

Sure, have a seat.

Rich sucker,
hehe

If you only
knew I'm a guy.

Although I am much
better at being a girl
than being a man.

All right, rules first. My name is Kurumi and I'm at your disposal for an hour.

We do not provide sexual services, but otherwise I will obey your every command.

Of course, with some exceptions.

She is just perfect.

No, it's probably just a game.

Good evening,
I am Lala Deviluke
and I will be your
companion today.

Of course, the same
rules apply as for my friend.

Incredibly, not only
did I have to introduce myself as
Lala-chan, I also have to spend the
evening with some old guy.

And that's a greeting.
But Narita-san told us
to tell them as soon as
we get in.

Too bad, I thought both girls were going to spend the evening with Otto.

What should I do now?

Wait, I have an idea.

A moment later...

Tell me when you're done.

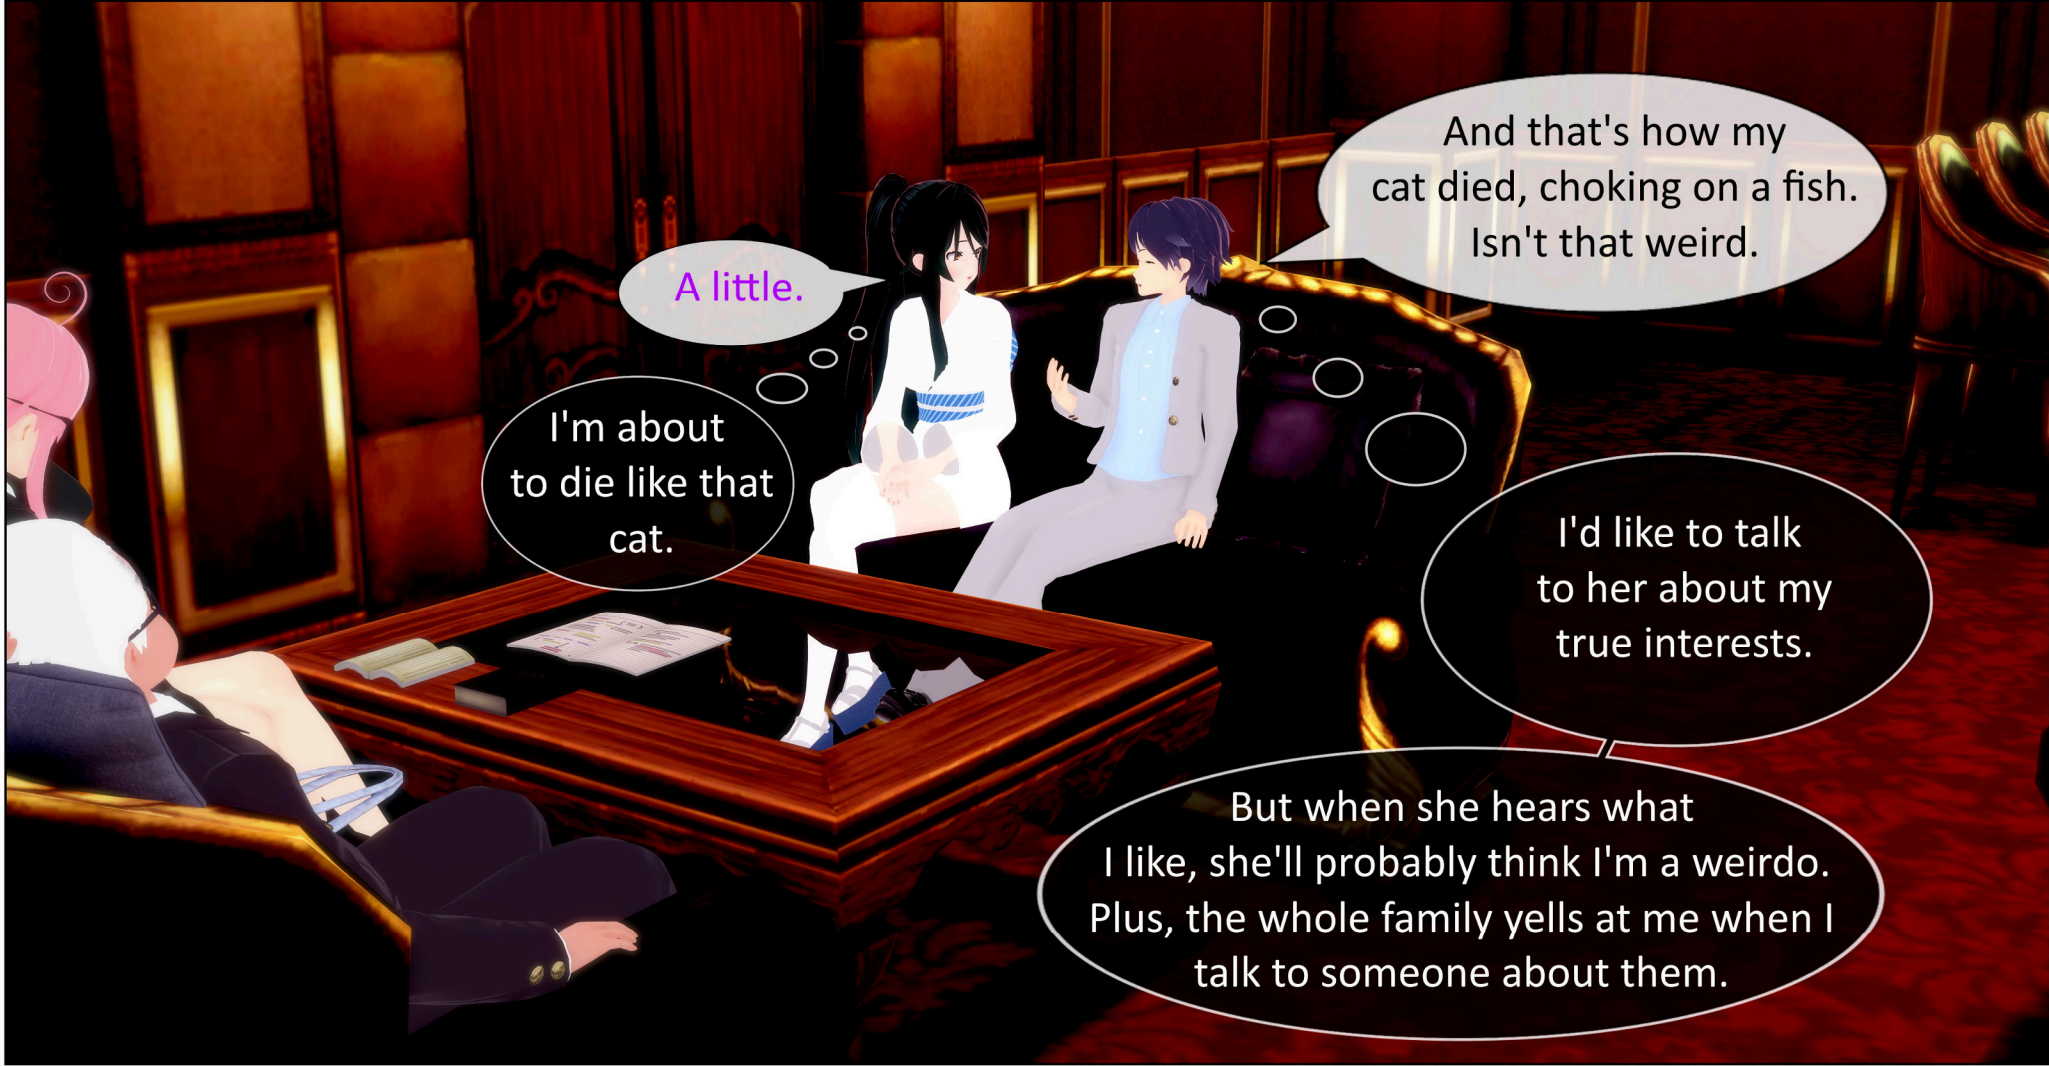

Yes sir.

It's good that I had these papers with me. Sure, if she takes care of them, they will be thrown away, but they are only copies.

Is that why he wanted me to wear an office uniform?

But at least she has a job.

It does not violate the rules so why not. But ordering an escort girl to do something like that is a little weird.

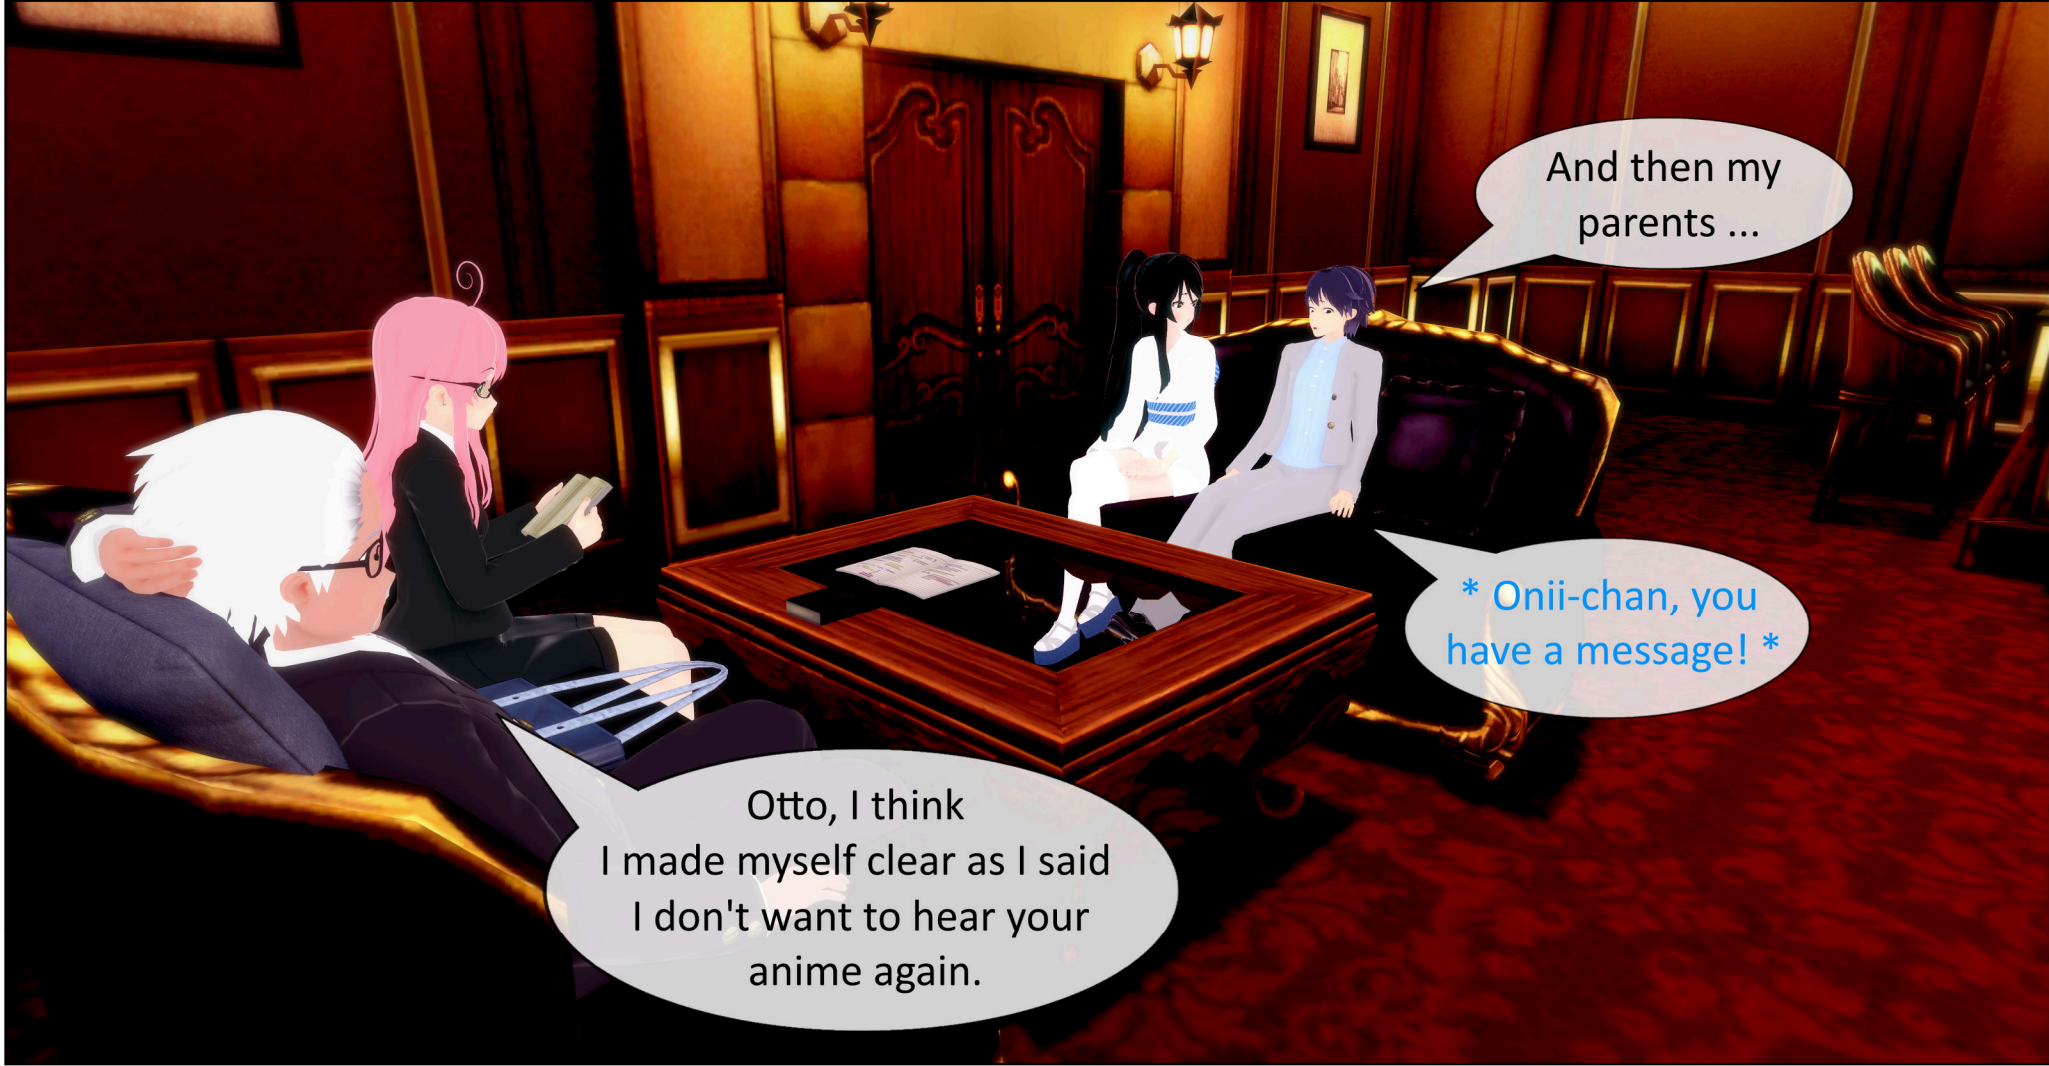

A little.

I'm about to die like that cat.

And that's how my cat died, choking on a fish. Isn't that weird.

I'd like to talk to her about my true interests.

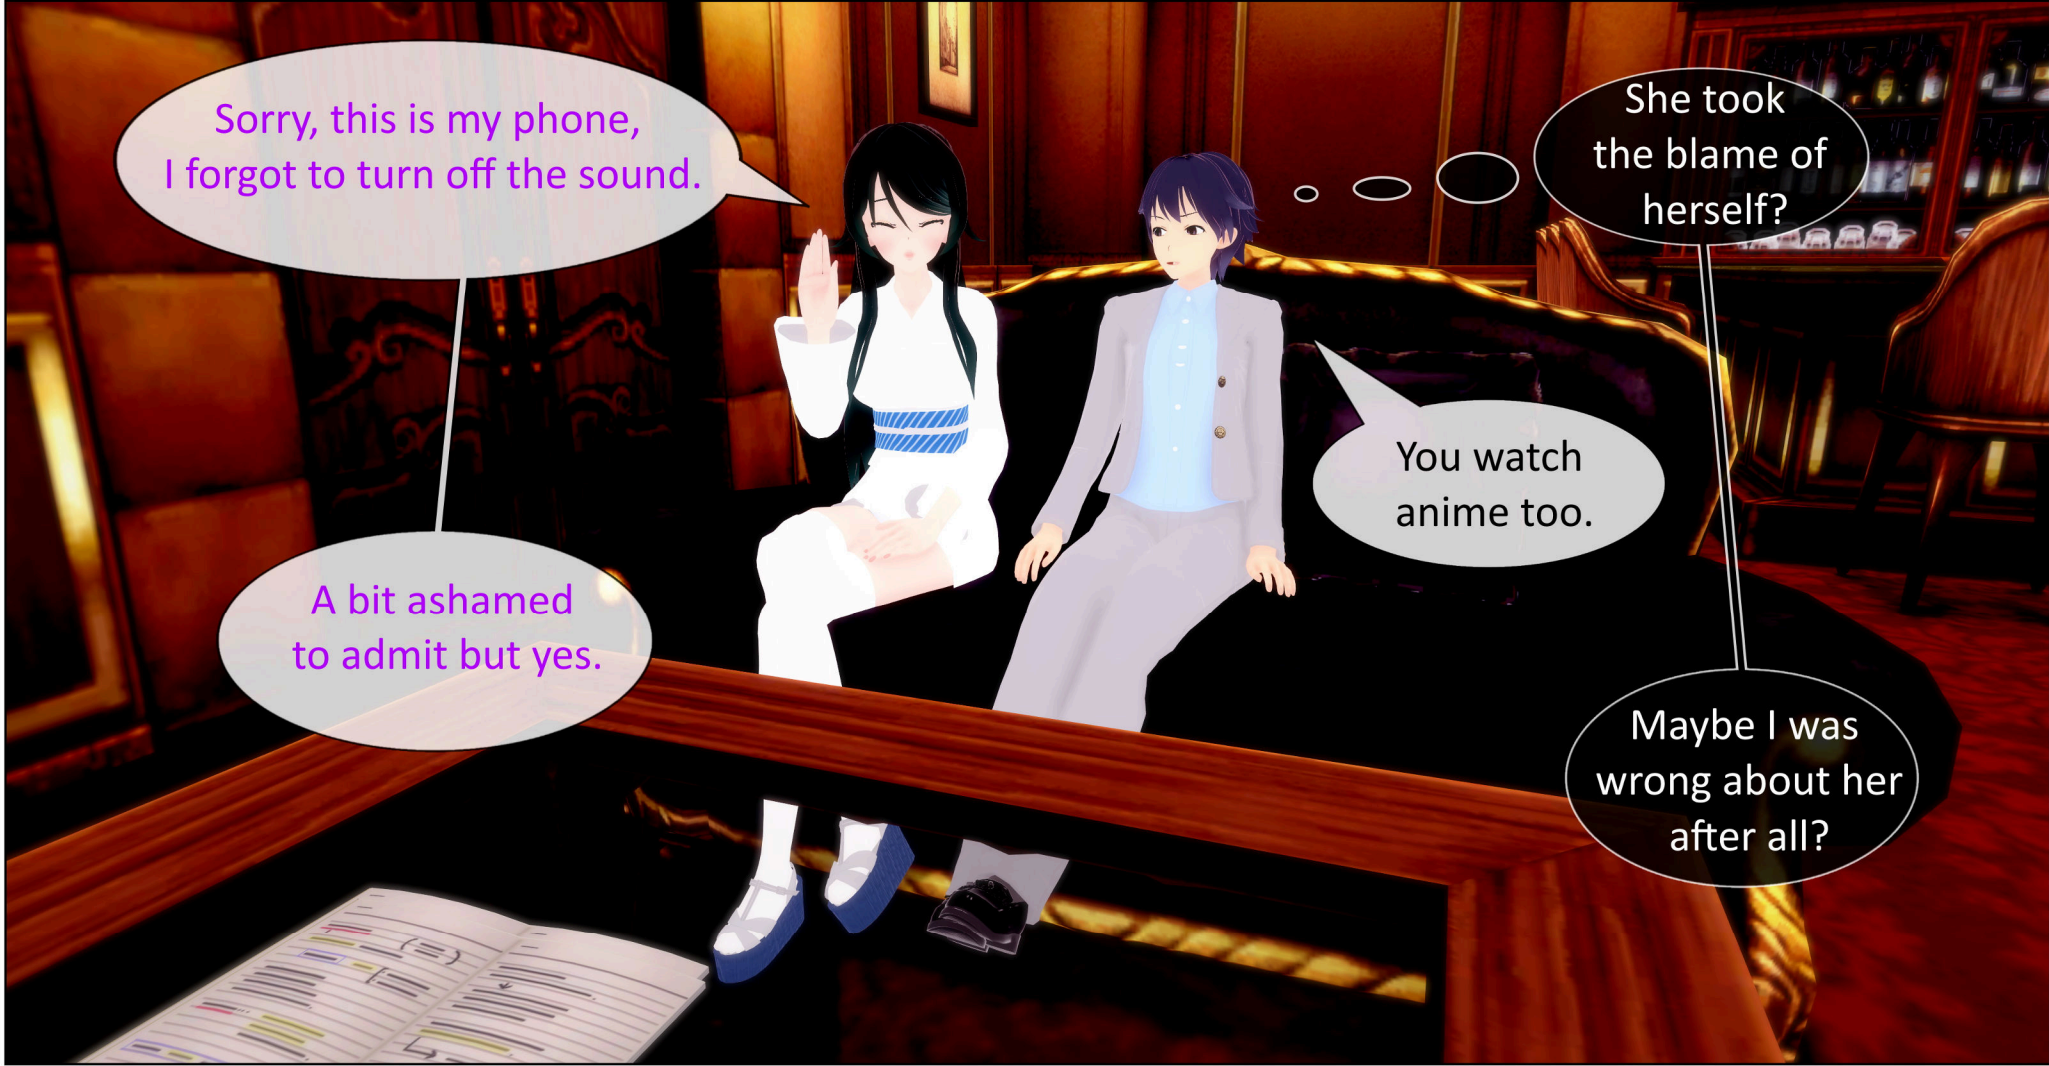

But when she hears what I like, she'll probably think I'm a weirdo. Plus, the whole family yells at me when I talk to someone about them.

Otto, I think I made myself clear as I said I don't want to hear your anime again.

And then my parents ...

* Onii-chan, you have a message! *

Sorry, this is my phone,
I forgot to turn off the sound.

A bit ashamed
to admit but yes.

You watch
anime too.

She took
the blame of
herself?

Maybe I was
wrong about her
after all?

I'd rather take the blame than risk losing such a large bonus.

Besides, I feel a bit sorry for him.

Don't worry,
nothing happened.
He he.

Interesting,
she took the
blame.

Because it
is impossible that it
was her phone, after all, the
kimono has no pocket and
I do not see that she has a
purse with her.

I'm sorry but
in these notes is a
mistake.

A moment later...

It's very simple,
someone has entered the
company name at the
beginning and end
of the list.

In my
opinion, someone
tried to cheat you.

How could
I not notice it
before?

Undoubtedly.

I even
know who, thanks
anyway.

Hmm ... Visiting this place, however, was not such a stupid idea as I originally thought.

I think I managed to finally find a girl for Otto with whom he has common interests. And who knows, maybe in time she could even become his wife.

I, on the other hand, probably found a new assistant. Because my previous aesthetics turned out to be not very honest.

But I have to check these girls first.

After the
guests went ...

Do we really have
to stand like this?

If you do not want
a special task as
punishment. he he.

Maybe another time.

You guys did a great job today.

Our guests were satisfied and have already booked a date for the next week.

So we'll see you here again next Saturday.

Yes, are there any more questions?

We too?

Later in
Yuki-chan's room ...

And then
she said we had
another special
assignment
next week.

Yes, but I
feel a little bad
about it.

It's great.
I can see you
and your friend
are doing really
great.

Why? Does
anything hurt
you?

Why do you think that, you don't rob them. They pay you to spend time with you.

Hmm ... Please look down and tell me what you see.

Nothing hurts me. I just feel like I'm cheating on all these men.

Yes, but they think I'm a woman.

I don't understand how this is going to help me but, okay.

And what do you see?

The office outfit Narita-san told me to wear today.

Okay, now look at your legs.

What about them, I shaved them this morning.

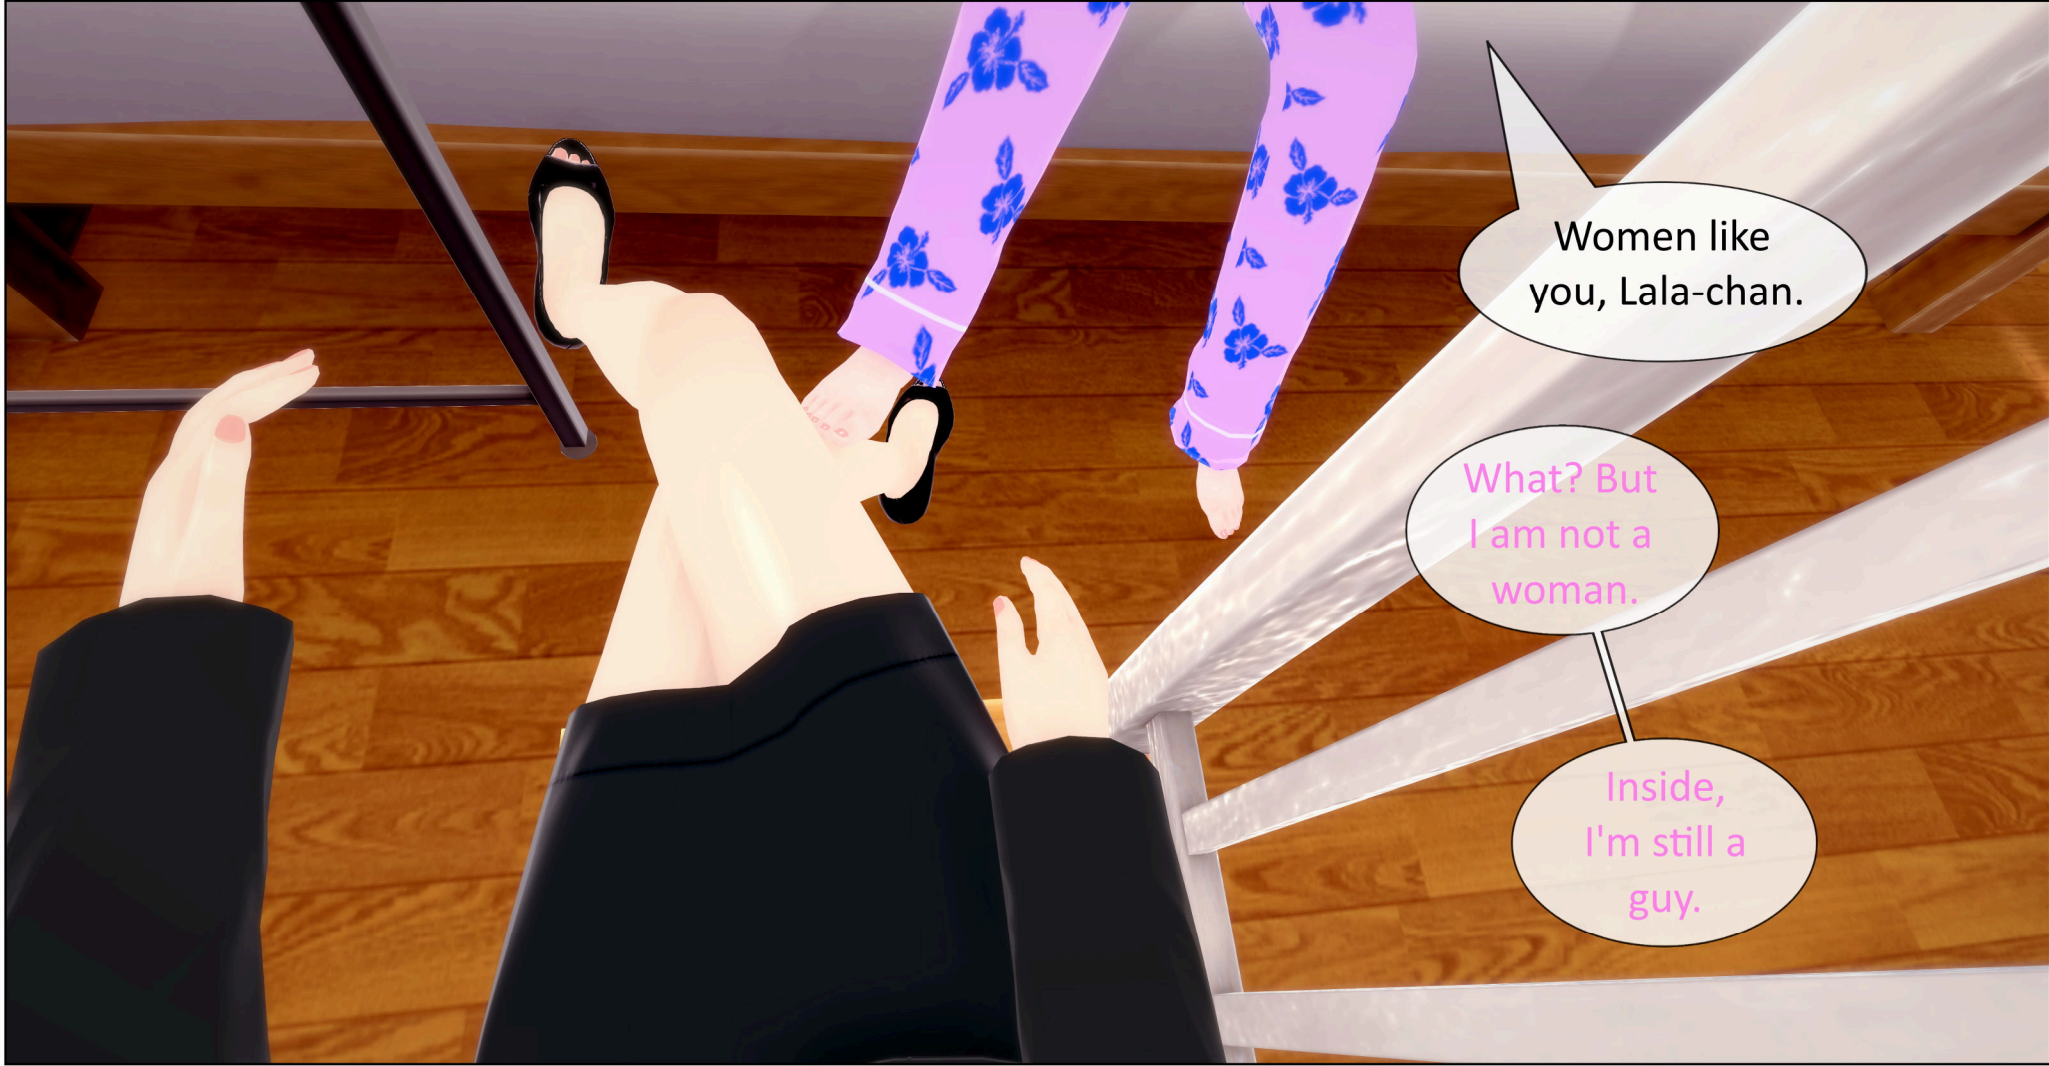

Yes, I shave my legs every other day.

Because a woman should have smooth and shaved legs, right?

Did you shave your legs?

What are you doing this for?

Yep!

Women like you, Lala-chan.

What? But I am not a woman.

Inside, I'm still a guy.

Inside? What you are talking about, there is absolutely nothing about you that would even make someone suspect that you were a man.

You wear high heels, make up, buy fashionable clothes, you are popular.

Nobody tells you to do it, you do it all of your own free will.

Which means one thing. That you became a fully woman, not only on the outside but also on the inside.

Specifically, you have become Lala Satalin Deviluke.

No, I know what you're up to, but I won't give up that easy. Not this time.

I can prove here and now that I am still a man.

Agreed, if you win, I'll arrange that in three days you'll be a man again

But if you lose, you will grant one of my requests.

A moment later...

Are you sure?
You can still
withdraw.

I wonder if he knows
I recently let him win?

This time there
will be no mercy.

Yes, I'm sure.
I'll prove to you
that I'm still a guy.

I have won recently,
so I can probably do
it this time.

Hey, what are you doing !?

What, in that case the new rule, only the breast.

No way!

I didn't say I'd be focusing on your breasts again.

It's too late the rules are set before the competition, honey. he he. But you can always give up.

Great, I was hoping you would say that.

Sure,
just be gentle,
it's my first time,
hehe.

So let's
get started.

No, not
this time.

This time
I will show you the
world of female
pleasure.

I can take it,
it's nothing.

You know,
they don't teach
this at school.

But a woman
can feel more pain
and pleasure than
any guy in her life.

But we will
focus on the
pleasure.

Although some say that the male G-spot gives a fairly similar sensation.

But I doubt it's true.

What do you think Lala-chan?

Hmmmmmm.....

*** Wheezing ***

I do not know probably no?

*** Wheezing ***

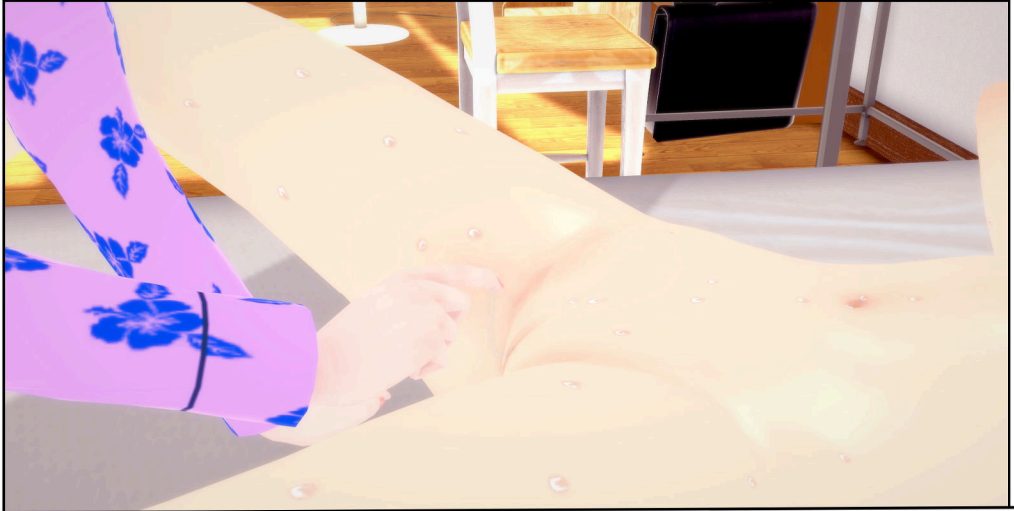

I have to admit she's doing better than last time.

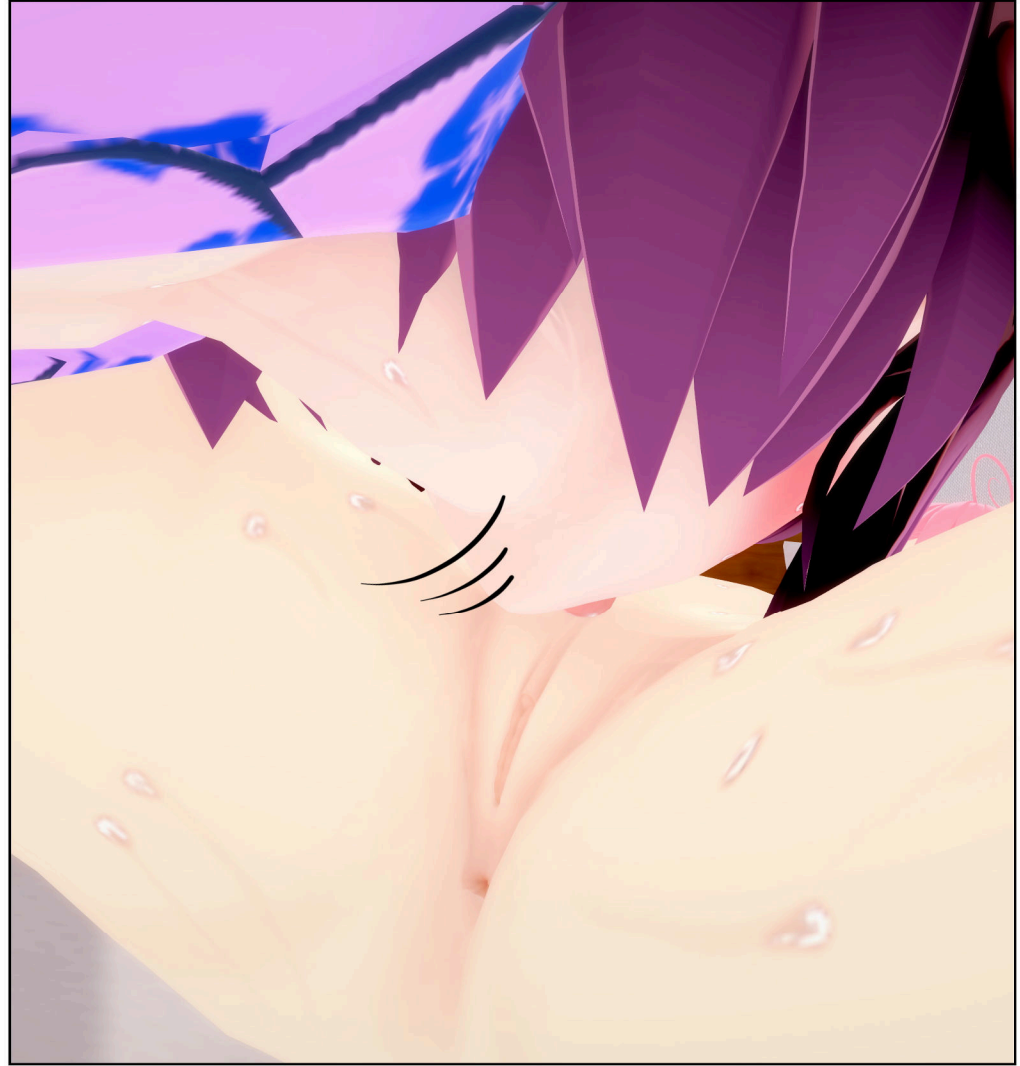

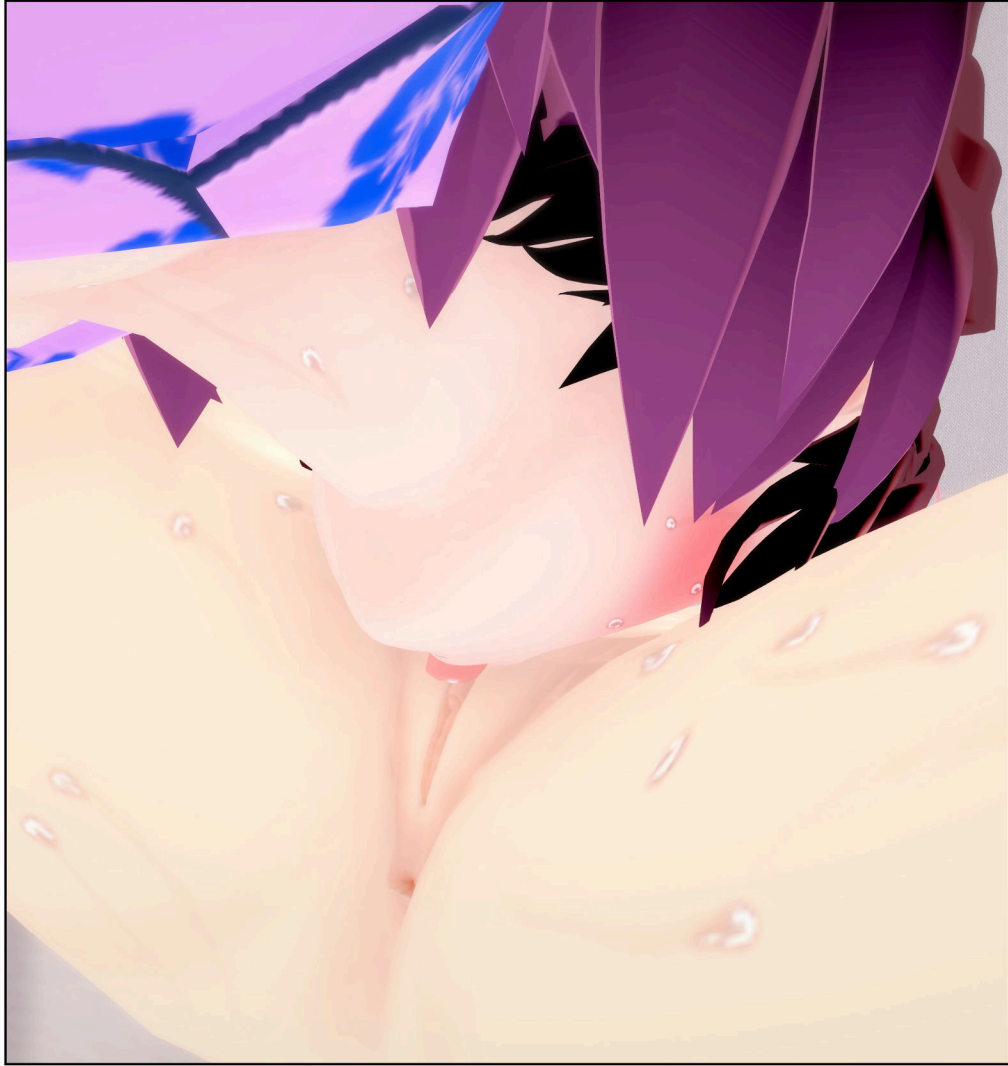

AH

NGH

AH

I think I am too, Lala-chan.

Yuki-chan!

Yuki-chan!

I ... I ... I, I think I'm coming.

I never thought that women could feel something like this.

This is something completely different than playing with breasts.

Even masturbation as a man is nothing compared to this.

*I can't take
it anymore!*

Yuki-chan, I-I..

AH

AH!

NGH!

gulp

gulp

gulp

Thanks for the meal.
* wheezing *

I am completely exhausted.

Me too.
* wheezing *

I will, but tell me girls always feel this way when they do it?

Okay. I'm going to wash.

I also advise you to wash and go to sleep.

Not always, but it's still nothing compared to how you would feel after having sex with a man.

I do not know.
My rainbow friend. All I know
is that such things are nothing
compared to doing it with
a guy.

No, just like
I haven't lost my virtue.
I keep both of these things
for my chosen one.

What's it like
to do it with
a guy?

So you haven't
done it with a guy yet?

It's that important,
I mean, girls now
often lose their virtue
before marriage.

Their choice.
I have decided that
this is something special
and should be given to
this one person.

I understand.

But tell me,
you said that when
I lose, I have to fulfill one
of your requests.

What is this
request?

Oh, my request.

I want you not to be guided by what was, but by what will be.

Don't worry when this moment comes you will understand. he he.

A little easier.

...?

After bathing ...

I still don't understand what Yuki-chan meant.

"Don't follow what was" What does that mean?

Even when I'm technically a girl myself, I don't understand them anyway.

What's that?

It's that clip, I forgot about it completely.

Lala-chan said that it can take any shape, but since I have it, I haven't used it once.

Why? Lala-chan always uses it. Maybe I should too?

Actually, why not, it can be quite practical.

Hey, not again.
I was just joking!

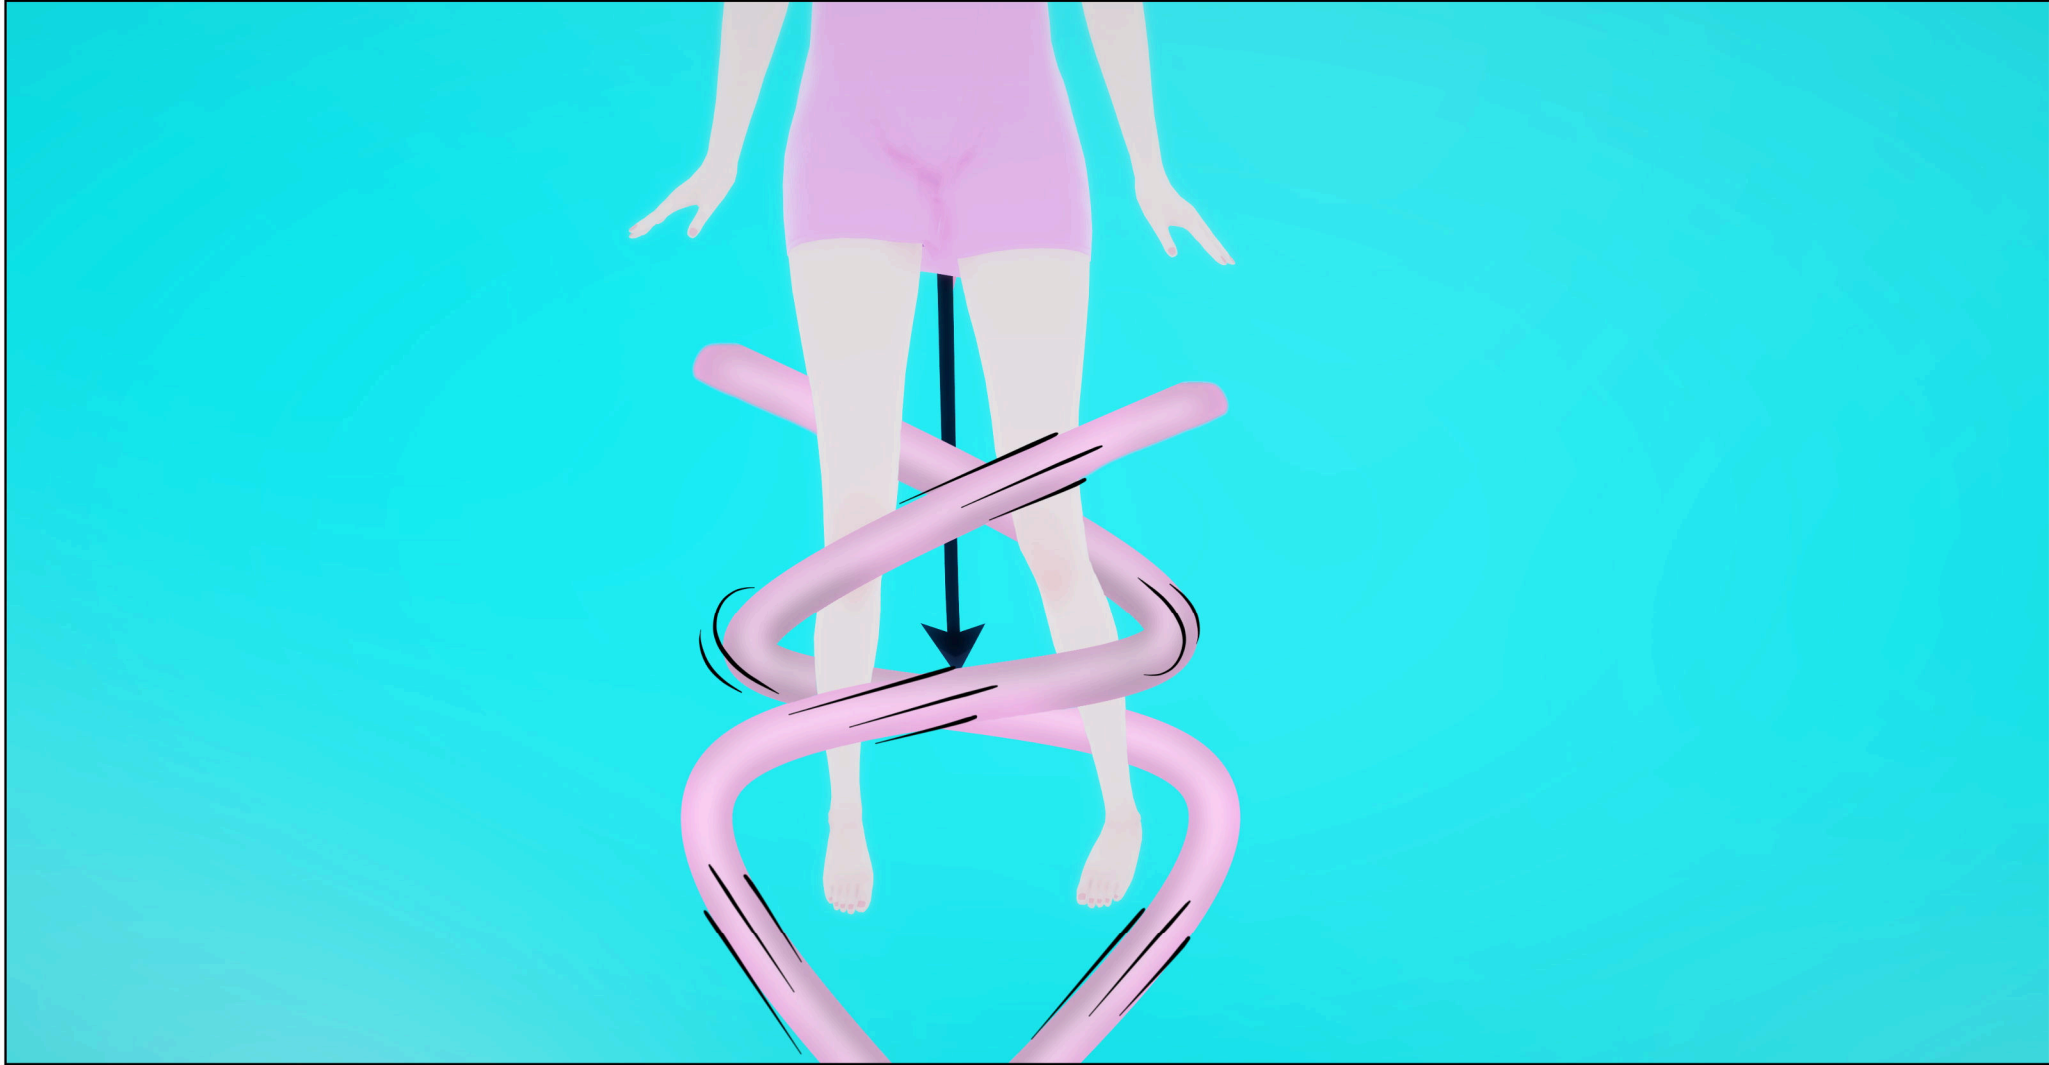

Stop!
