Saturday...

I have the impression that I have gained weight recently.

Of course, Peke.

I was right, I got fat.

According to my records, your breasts have grown by about 8%, Lala-sama.

It only seems to you. Besides, does it matter that you put on weight?

Rito really starts acting more and more like a girl.

Although I should probably start going to some fitness club.

But a little sport for your health will definitely come in handy.

Not that I am claiming that I have gained weight too.

I wonder if Rito would go to some fitness club with me too?

A moment later...

Well girls this time it will be a little different.

Our guests have purchased a special service to take you on a date.

Of course, the rules are the same.

Though your assignment will be a little different, Lala-chan.

Some papers  
again ~

Mr. Hiroki said  
he had a special  
assignment for you.

You guessed it.  
It's a bit weird, but  
it doesn't break  
the rules.

Alright, we're almost  
there, Kurumi-chan call  
me like there's something  
going on, okay?

Okay, here it is.  
I'll pick you up at 18.

Just remember  
to take care of yourself  
anyway, okay?

Of course.  
In case of problems,  
I will call you.

Good girl.

And one more thing.

Even though it's a pretend date, don't let him do too much.

You just have to pretend to be his girlfriend.

Got it.

He wants me to work for him, but as who?

And you agreed?

I didn't want to say that in front of Kurumi-chan, but Mr. Hiroki was asking me if there was a possibility for you to work for him for a while.

He said he needed a new assistant because he had to fire the previous one.

No, I said it's your decision.

At least if I were you, I'd consider this offer.

After all, you can't always work as an escort girl.

And such an opportunity may not come again.

Especially since Mr. Hiroki has agreed to match your working hours to your school. Which rarely happens for an employer to do something like this.

He really agreed to something like this?

Wow, Yuki-chan is a good negotiator.

What would she say if I changed my job?

He didn't want to, but Yuki-chan said you definitely won't quit school for work.

Since she got you better terms, isn't it obvious that she supports it?

Silly question.

But it's probably not for me.

If I agreed, I would have to pretend to be Lala-chan for even longer.

Your choice, but it's a pity you don't want to take this chance.

Strange, until Mikan-chan started calling Lala-chan Onii-chan that didn't bother me?

Even though I started to enjoy being a girl, pretending to be Lala-chan hurts more and more.

I wonder if Lala-chan feels the same about Momo-chan and Nana-chan?

I'm sorry, but would it be a problem if I took a day off next Saturday?

Thank you.

We're almost there.

No, just remind me of it when we get back.

It's no problem, you also want to have a moment to yourself after all.

A moment later...

It's here.

Report to  
reception, they will tell  
you where to go.

I will pick you  
up as soon as I pick  
up your friend.

Okay.

I wonder if  
Mikan has any plans  
for Saturday.

I will also  
need to talk to  
Lala-chan.

I wish I could be  
Mi-chan again ~

Funny, I wish  
I could be a girl even longer, but  
pretending to be Lala-chan disturbs  
me more and more.

In the office...

I'm sorry  
but I can't.

Yes sir.

Well .. I'm a bit  
disappointed that you don't  
want to work here, finally you  
have a talent for it.

I understand  
then take it as an  
internship today,  
okay?

Now go to Ms. Shana  
and say that you are on an  
internship today, she will  
tell you what to do.

I wonder what she'll break again?

Speak of the devil

I have already finished these forms, what should I do now?

This is Mrs. Shana.

She seems nice.

Still the same.  
\*Sigh\*

This girl is  
Lala-chan, she's going to  
be in apprenticeship today,  
please take care  
of her.

Another one,  
great. I'm Shana  
nice to meet you.  
hehe.

I told you that  
if you don't know how to  
walk in high heels, you  
wear flat shoes.

I told you that since I am a woman now, I must be able to wear high heels!

Now? So you weren't a woman before?

Besides, these aren't high heels, ignoramus!

Some time later...

Tell me, why did you do it?

Why did you change your gender of course?

Okay.

But what?

It's ... Okay I'll tell you, but you didn't hear anything today, okay?

And that's why you changed your gender?

But they caught you.

You see ... I lost a bet with a friend once.

No, besides, who would do it for such trivial reasons?

As part of the bet, I was supposed to dress up as a girl and spend the night in a female dorm without getting caught.

Yes and no.

They caught me almost immediately.

But I was always short and pretty weak so they thought I was a girl.

Then they invited me to a little party.

I was afraid that they would expose me if I disagreed, so I went with them.

And it was great

Over the next weeks, I sneaked into the female dorm regularly.

And that was enough to make a gender change decision?

No, but since then I started dressing up as a girl on a regular basis.

With time, I began to feel less and less man and more and more woman.

I even went to a psychiatrist with it.

And then I made a decision. That I'd rather go against my fate than pretend to be someone I'm not for the rest of my life.

How did your family react to this?

They were not happy about it, on the contrary, I have not seen them so angry yet.

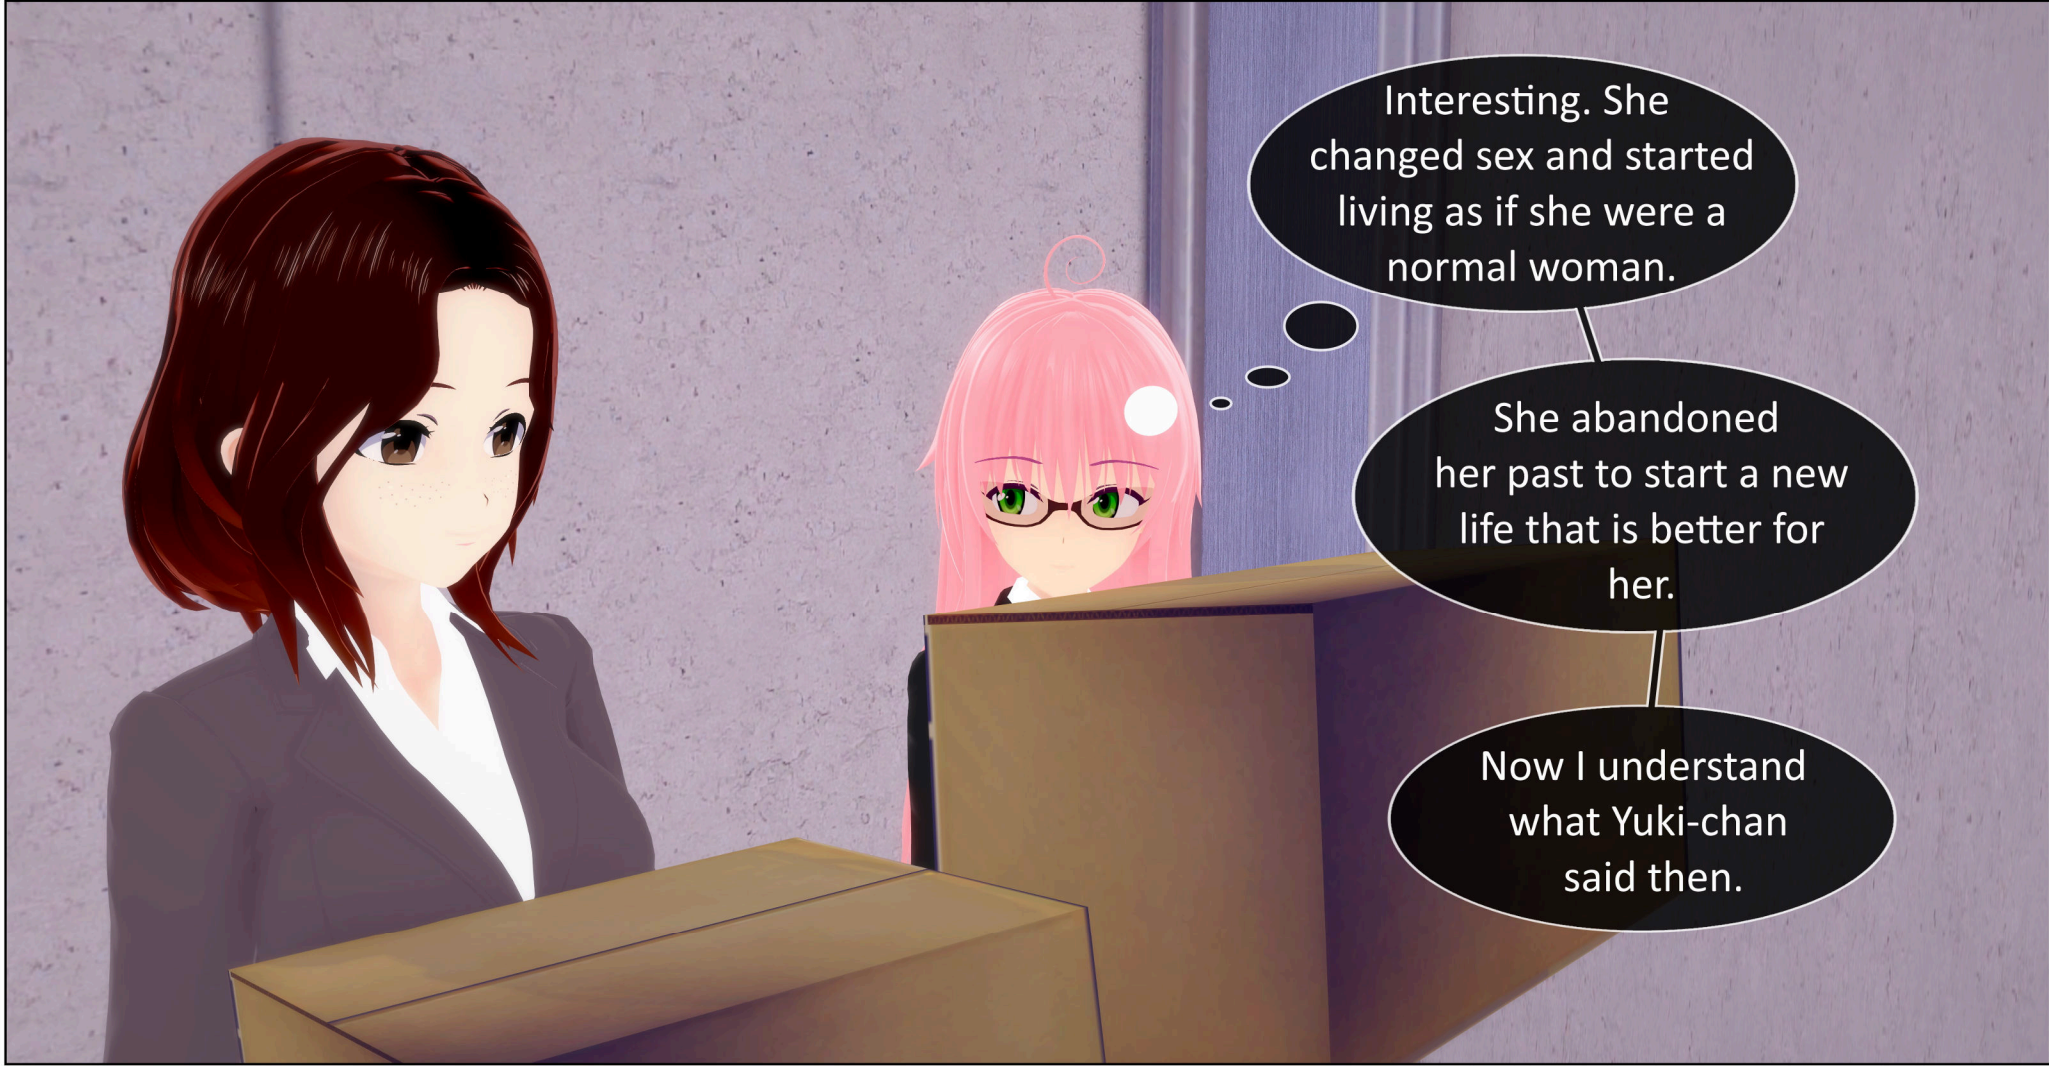

But when I gave birth to a healthy daughter, they finally accepted my decision.

Yes, that's why I say I'm only now a woman.

Yes, honey, I've been married for five years.

Do you have children?!

But, wait, since you have a baby then ...

Interesting. She changed sex and started living as if she were a normal woman.

She abandoned her past to start a new life that is better for her.

Now I understand what Yuki-chan said then.

For the rest of the day,  
Rito assisted Shana-sam with her  
duties which mainly consisted  
of filing old documents.

What happened at Saruyama that day ...

I was fooled by some transvestite.

I still can't believe it.

As soon as he gets here, I'll get him what I think about him.

Actually, I'm not hungry either. Maybe we'll go somewhere instead?

Actually, I just had breakfast recently. hehe.

Sounds great.

I'll tell her what I think about her later ~

So where  
would you like  
to go?

You will not  
be afraid?

You are  
brave because I am  
a little scared.

I heard there's a  
great horror movie in  
theaters right now,  
what do you say?

Don't worry,  
I'm not afraid of such  
things. hehe.

There is nothing  
to be afraid of, it's  
just a movie.

Maybe it won't be that bad. hehe.

But if you want, I can hold your hand so that you are not afraid.

I'm slowly starting to like this guy.

Saruyama Kenichi

I will better take it from here before someone finds it.

After all, we don't want a piece of paper like this to ruin your date.

Moments later  
at the cinema ...

I keep  
telling you, it's  
just a movie.

Besides, I'm  
here with you so  
you don't need to  
be afraid.

Maybe we'll  
go to another movie  
after all.

Okay ~

Finally,  
it begins.

And  
don't worry,  
I'm with you.

Maybe he is  
just pretending  
to be a girl and he  
cheated on me.

But despite  
this, I'm slowly  
starting to like  
him.

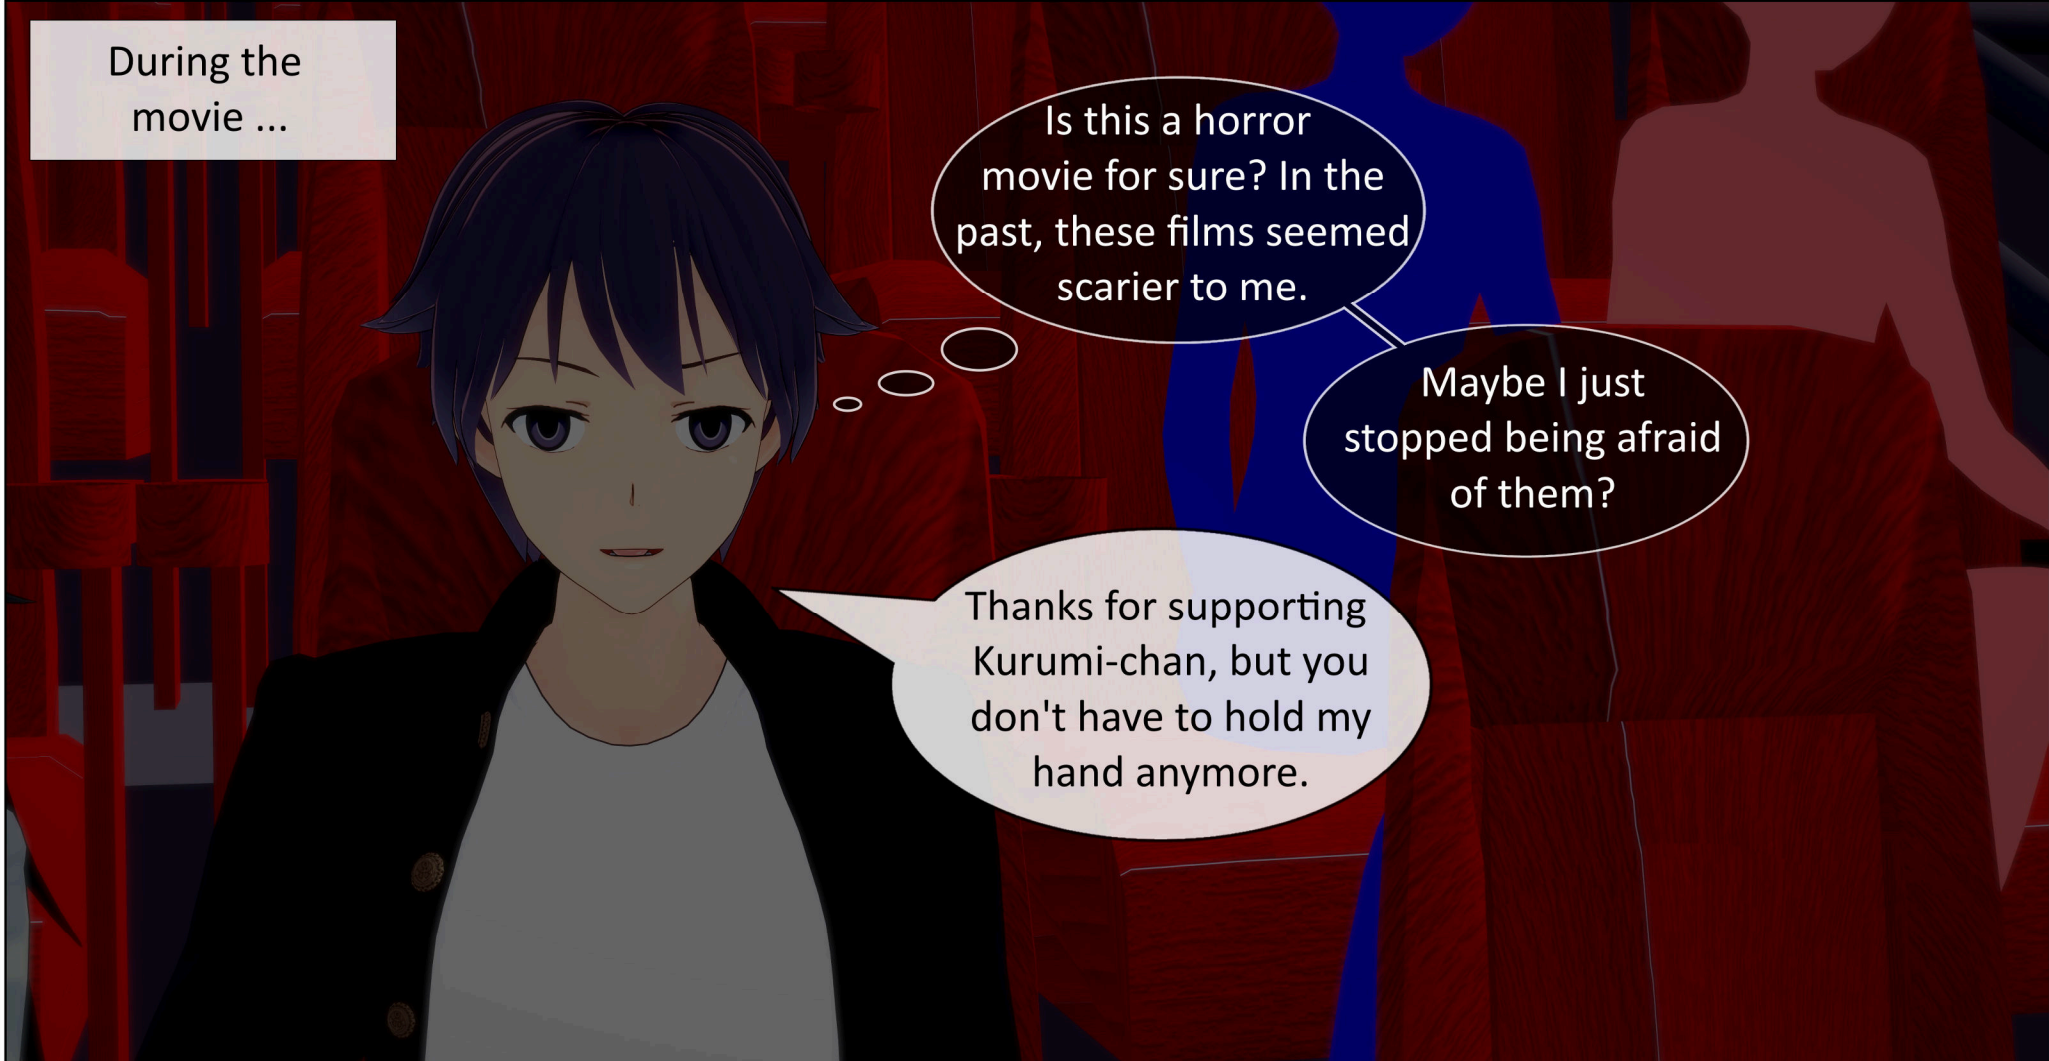

Well, we can always  
be buddies, right?

During the  
movie ...

Is this a horror  
movie for sure? In the  
past, these films seemed  
scarier to me.

Maybe I just  
stopped being afraid  
of them?

Thanks for supporting  
Kurumi-chan, but you  
don't have to hold my  
hand anymore.

Can we go out?  
Please ~

Yeah sure we can.

That's why she was holding my hand so tightly all the time.

She was just afraid.

A moment later...

he he  
he he

Sorry, hehe.  
but it's just  
too funny.

But  
then you look  
so cute.

Can you stop  
laughing?

No, it's  
just mean.

I'm sorry for laughing. It's better now?

Great because I want to go one more place with you.

Ymm ... Yes.

For some reason, I'm starting to like this guy

A moment later  
at the jeweler ...

I'd like to  
buy you something  
as an apology.

But I still  
want you to have  
something after  
today.

Who knows,  
maybe we'll really  
become a couple  
afterwards?

Why are  
we here?

You really  
don't have to, I'm  
not angry.

If you want,  
but remember that  
I'm your girlfriend  
only for today.

I know that we know each other briefly, but maybe something will come of it with time.

I know Kurumi was a guy until recently, but there is something about her that makes her better than the other girls.

What?!

Stop! Stop! STOP!

This is going a little too far.

I ... I ...  
um ... I ...

Of course.

At first, I was furious with her for deceiving me.

But for some reason I started to like her.

I need to think about it.

What is with me, I just had to pretend to be a girl.

I can't have a boyfriend, that would be gay.

Though as long as I'm a girl there's nothing wrong with that. Besides, no one will find out about it later.

Okay, now tell  
me what you  
like best.

Of course,  
and don't worry  
about the price, just  
tell me what you  
like best.

Are you  
sure it all looks  
terribly expensive.

I'm not a fan  
of expensive  
jewelry ...

Are you sure?  
It doesn't look too expensive.

Yes ... but maybe you prefer something more expensive?

But if I have to choose something, I want this butterfly.

It doesn't matter. Besides, you said that I should choose what I like.

No.

A moment later...

That's all?

Okay ... Ymm, that's going to be 200 yen.  
Cash payment?

Unfortunately yes.

Yes cash,  
I think I still have  
some change.

200 yen = 1.79 dollars

I thought she'd take the opportunity. And she will choose the most expensive in the store.

And not something that cost less than a movie ticket.

Strange girl.

Strange, I don't remember having such cheap jewelry in my store.

No matter, since the price was in the system, everything is correct.

I could have asked for something more expensive, but I didn't want to abuse his kindness.

After Narita-san picked up Rito and Saruyam ...

Mr. Hiroki was disappointed that I didn't want to work for him but said he understood.

Maybe, but for now, I'd rather work for Yuki-chan

And how was it?

Maybe you will change your mind over time.

Yuki-chan will be glad to hear that. And you Kurumi-chan, how was your day?

Weird, Saruyama had that hair clip before?

Who would have expected such a turn of events.

First, Otto-kun calls and says he must see you again at all costs, and now this.

On Monday, at school ...

Okay, I would never do anything to hurt Rito, besides, shared secrets are something that builds a relationship.

So don't tell anyone about what you found out, okay?

No good, it was supposed to remain a secret.

Well, for now only Run-chan knows about it, so it's not a problem yet

Especially since  
from now on my chances  
of becoming his wife have  
risen sharply.

When your  
engagement  
was cut off.

I have to take  
this chance and make  
sure that Rito is with me  
this time.

The real one,  
of course, even though  
she's a girl now.

Run-chan, what  
are you talking  
about, I and ...  
Lala-chan are still  
engaged.

After  
all, neither I nor  
Lala-chan broke our  
engagement.

What?!

Onee ... I mean  
Rito, she's right, you're  
not engaged anymore.

But how?

Deviluke Law Act 603 point 4 says clearly.

Changing your sex for more than 180 hours will invalidate your engagement.

It paid off to hire this lawyer. hehe.

Ymm ... Yes.

I don't know the entire Law of Deviluke by heart, but there is such a thing about gender reassignment.

So I just have to grab Lala-chan's breasts to fix it, great.

One SEC. But it's enough for Rito to repeat what he did then to fix it.

Yes, unless ...

Unless Lala-chan is already engaged.

Someone else will do it sooner.

In the meantime...

I wonder why  
Mi-chan suddenly  
stopped going to  
school.

I'm worried about her.  
I'd love to call her and ask if  
she's okay, but I don't even  
know her phone number.

Maybe it's because  
everyone accused her  
of being a boy and she was  
fed up with it?

Maybe Lala-chan  
will know how to contact her,  
after all, it's her cousin.

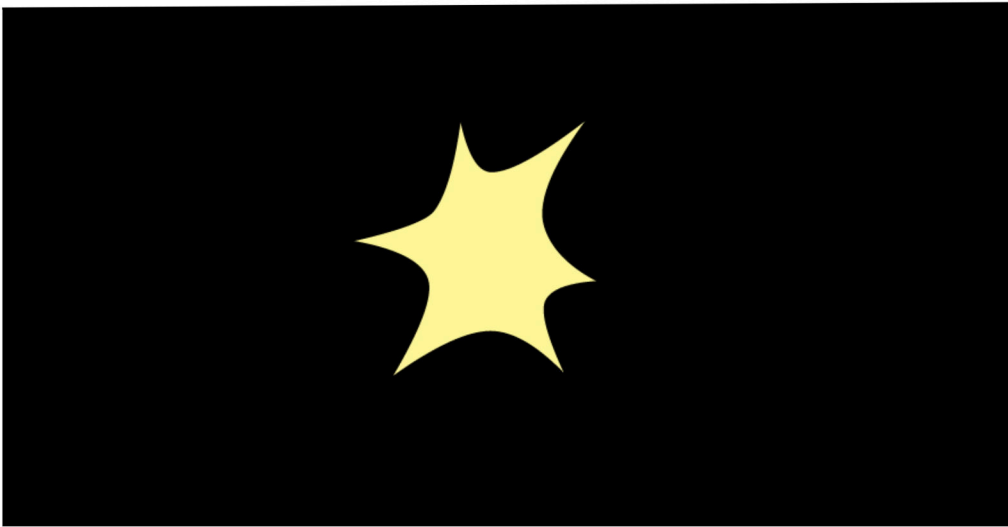

Great timing.

Lala-chan,  
wait a minute, I  
have to ask you  
something.

I don't  
think she can  
hear me.

I think we're late.

I think so.

Why couldn't it be me?

I would have thought early on that Rito would run into someone, not someone would run into him.

This complicates the matter a lot.

You really couldn't wait a moment for me?

Looks like R ... I mean Lala-chan finally has what she always wanted.

I will have to fix it somehow, only the question of how?

And I'm the other one again ~

My congratulations.

Thanks for catching me, Lala-chan.

No problem.

But could you please take your hands off my breasts now?

But  
school is probably  
not the right place  
for such games.

Besides,  
some may  
misunderstand  
it. hehe.

Lala-chan  
is so cute ~

Wait, what  
am I thinking, we are  
both girls.

From what I  
can see, Momo-chan  
didn't foresee  
everything.

And she is just  
watching her brilliant  
plan crumble in front  
of her eyes.

To be continued...
