How to read my comic.

What does the character say.

What does the character think

Reading direction and order.

In a quiet
Japanese school ...

Why me
again ?!

Relax, Rito,
I'll fix it soon!

Just turn
it off !!!

I can't, but take it
easy, the batteries will
run out soon.

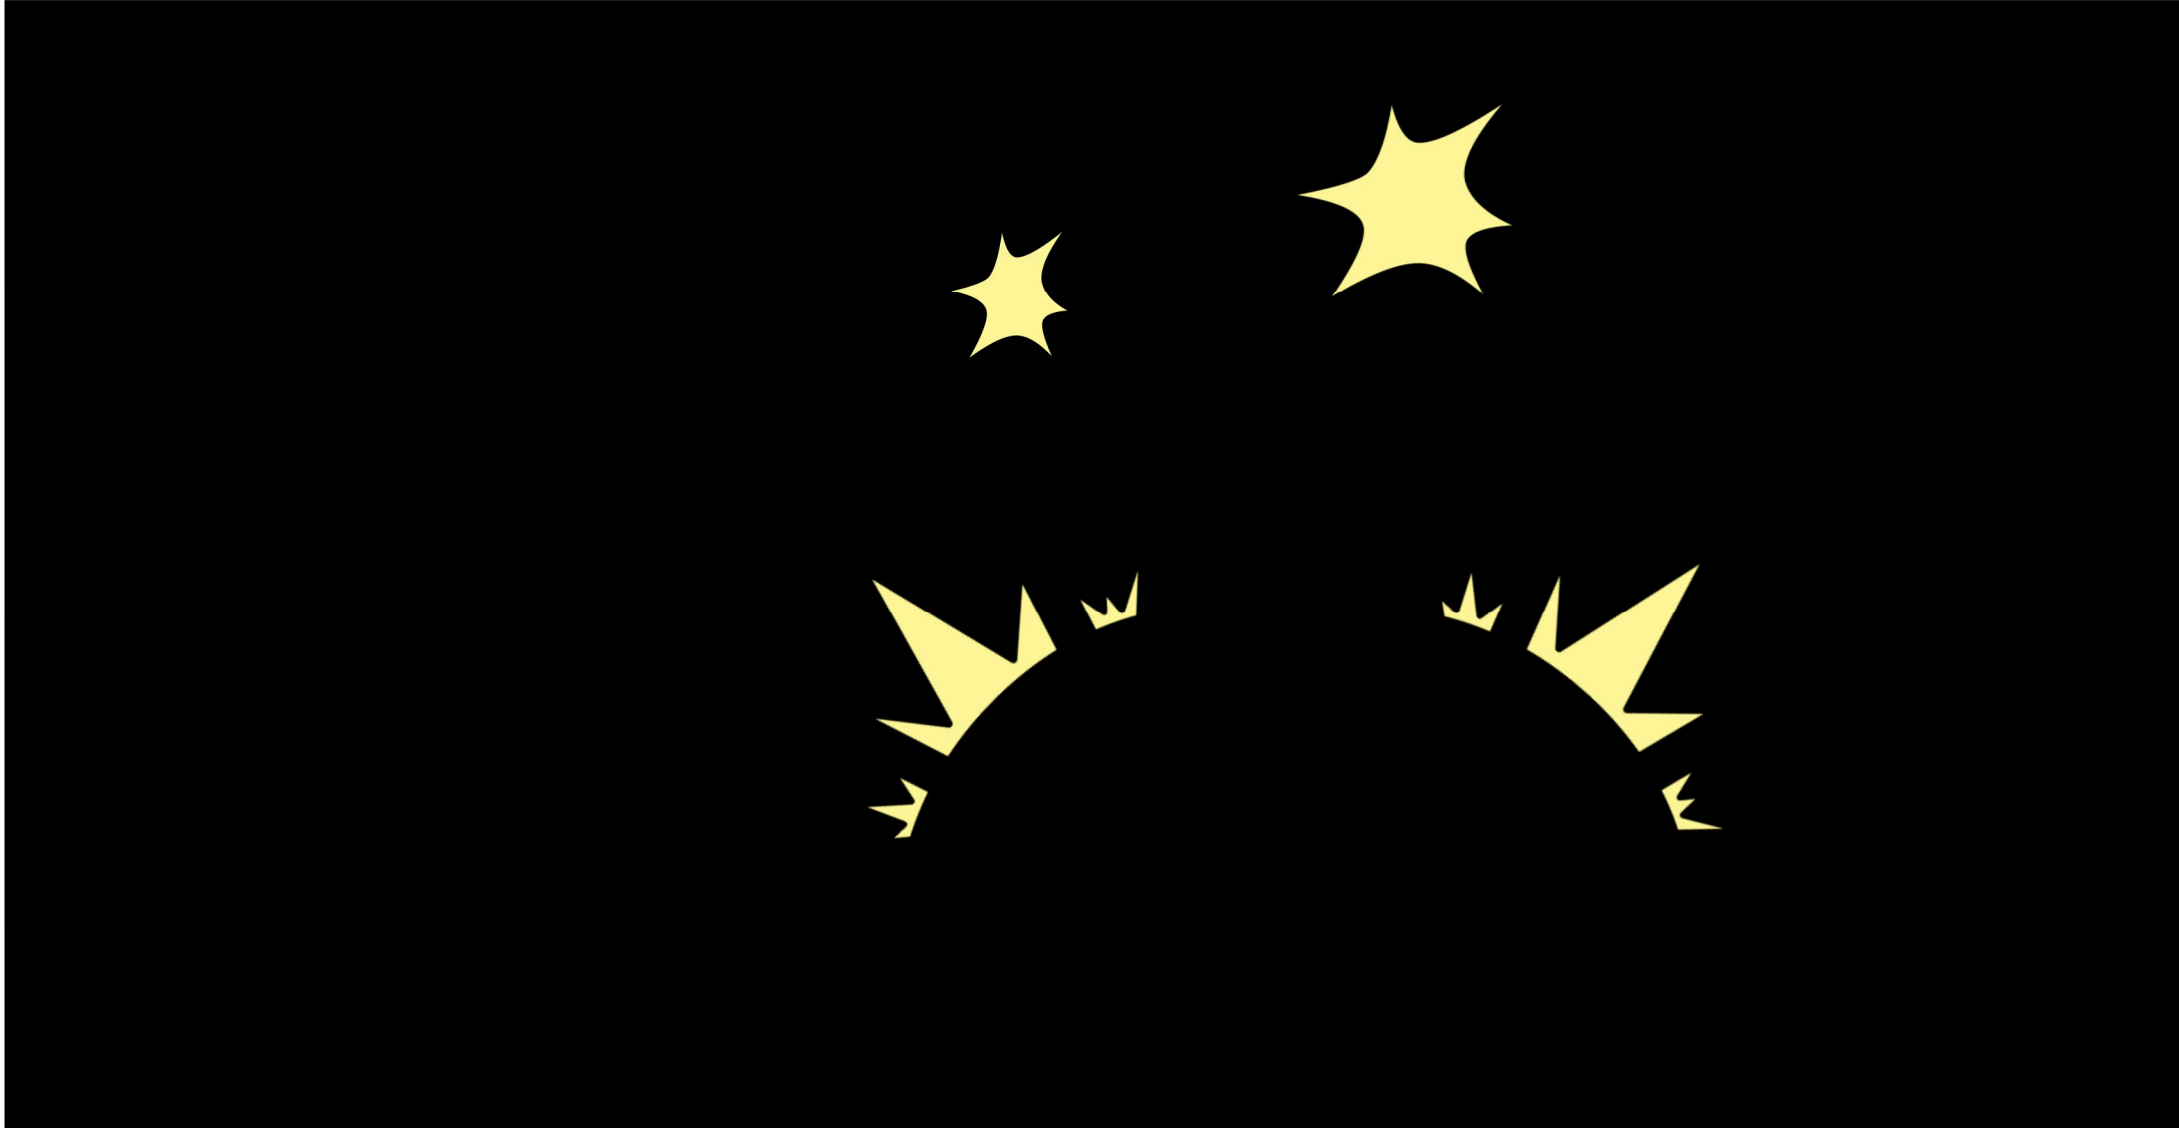

What?!

Just not that.

Yami !!!
Watch out !!!

ummmm
ummmm...

What was
that?

He?

Yuuki Rito, Are there days when you don't do anything perverted?

I don't understand what you just said, but it doesn't matter anyway.

Ummm.. ummmm.. ummm.

hmmm?

Because I'm
gonna end this.

Now lie still.

Ummmmm!!!!

Sorry to interrupt your
fun, but can I borrow Rito-san
for a while?

Thanks for saving me, Momo.

You're welcome.

Err ... Could you let me go now. It is a bit embarrassing?

Not yet.

Hmmm .. Maybe replacing the battery would help?

First we need to talk about something.

Can you at least tell me what's going on?

You'll find out in good time, hehe.

I just hope it's nothing serious.

Moments later
behind school ...

ummm ... yeah.

You see, Lala was working on
an invention lately that was going
to make you stronger.

What!!!

Can you make
me strong like you?

Why didn't
she tell me about
this?

Because she
chose not to
use it.

I don't know,
all attempts were
successful?

I think she just
doesn't want you to stop
believing in yourself.

What why?
Are there any
side effects?

I understand.
Hmmm ... And where
is this invention now?

He's in One-san's workshop.

On the one hand, it's Lala's invention and I'm afraid of side effects.

But if I could be as strong as you are, it would be great.

I thought so too, that's why I told you about him.

I think I will take a risk. In the end, always somehow make it.

Great. Then we'll use it today.

Yes, and just a small request, don't tell One-san what we're going to do.

We'll make her a little surprise.

What? Today?

Why?

Ymm ... okay?

In the evening
in Rito's room ...

I don't know if it
was a good idea.

I would like to be as strong
as girls, but I'm worried that Lala
hasn't told me anything about this
invention.

Or maybe it's just like Momo
says. She doesn't want me to
think that I'm weak?

I guess I'll just tell Momo I'm quitting.

What? Are you giving up already?

Momo?

Ah ... Yeah, is that too risky?

It's a pity.

And I was hoping it would have helped you build your harem if you were as strong as we are.

Are you sure you don't want to try?

Ah ha. So that was your plan?

Why am I not surprised?

But do not worry. It's cute that the girls protect you.

What?

Haven't noticed it yet?

Though it's cute
for me when a girl has to
defend her boyfriend.

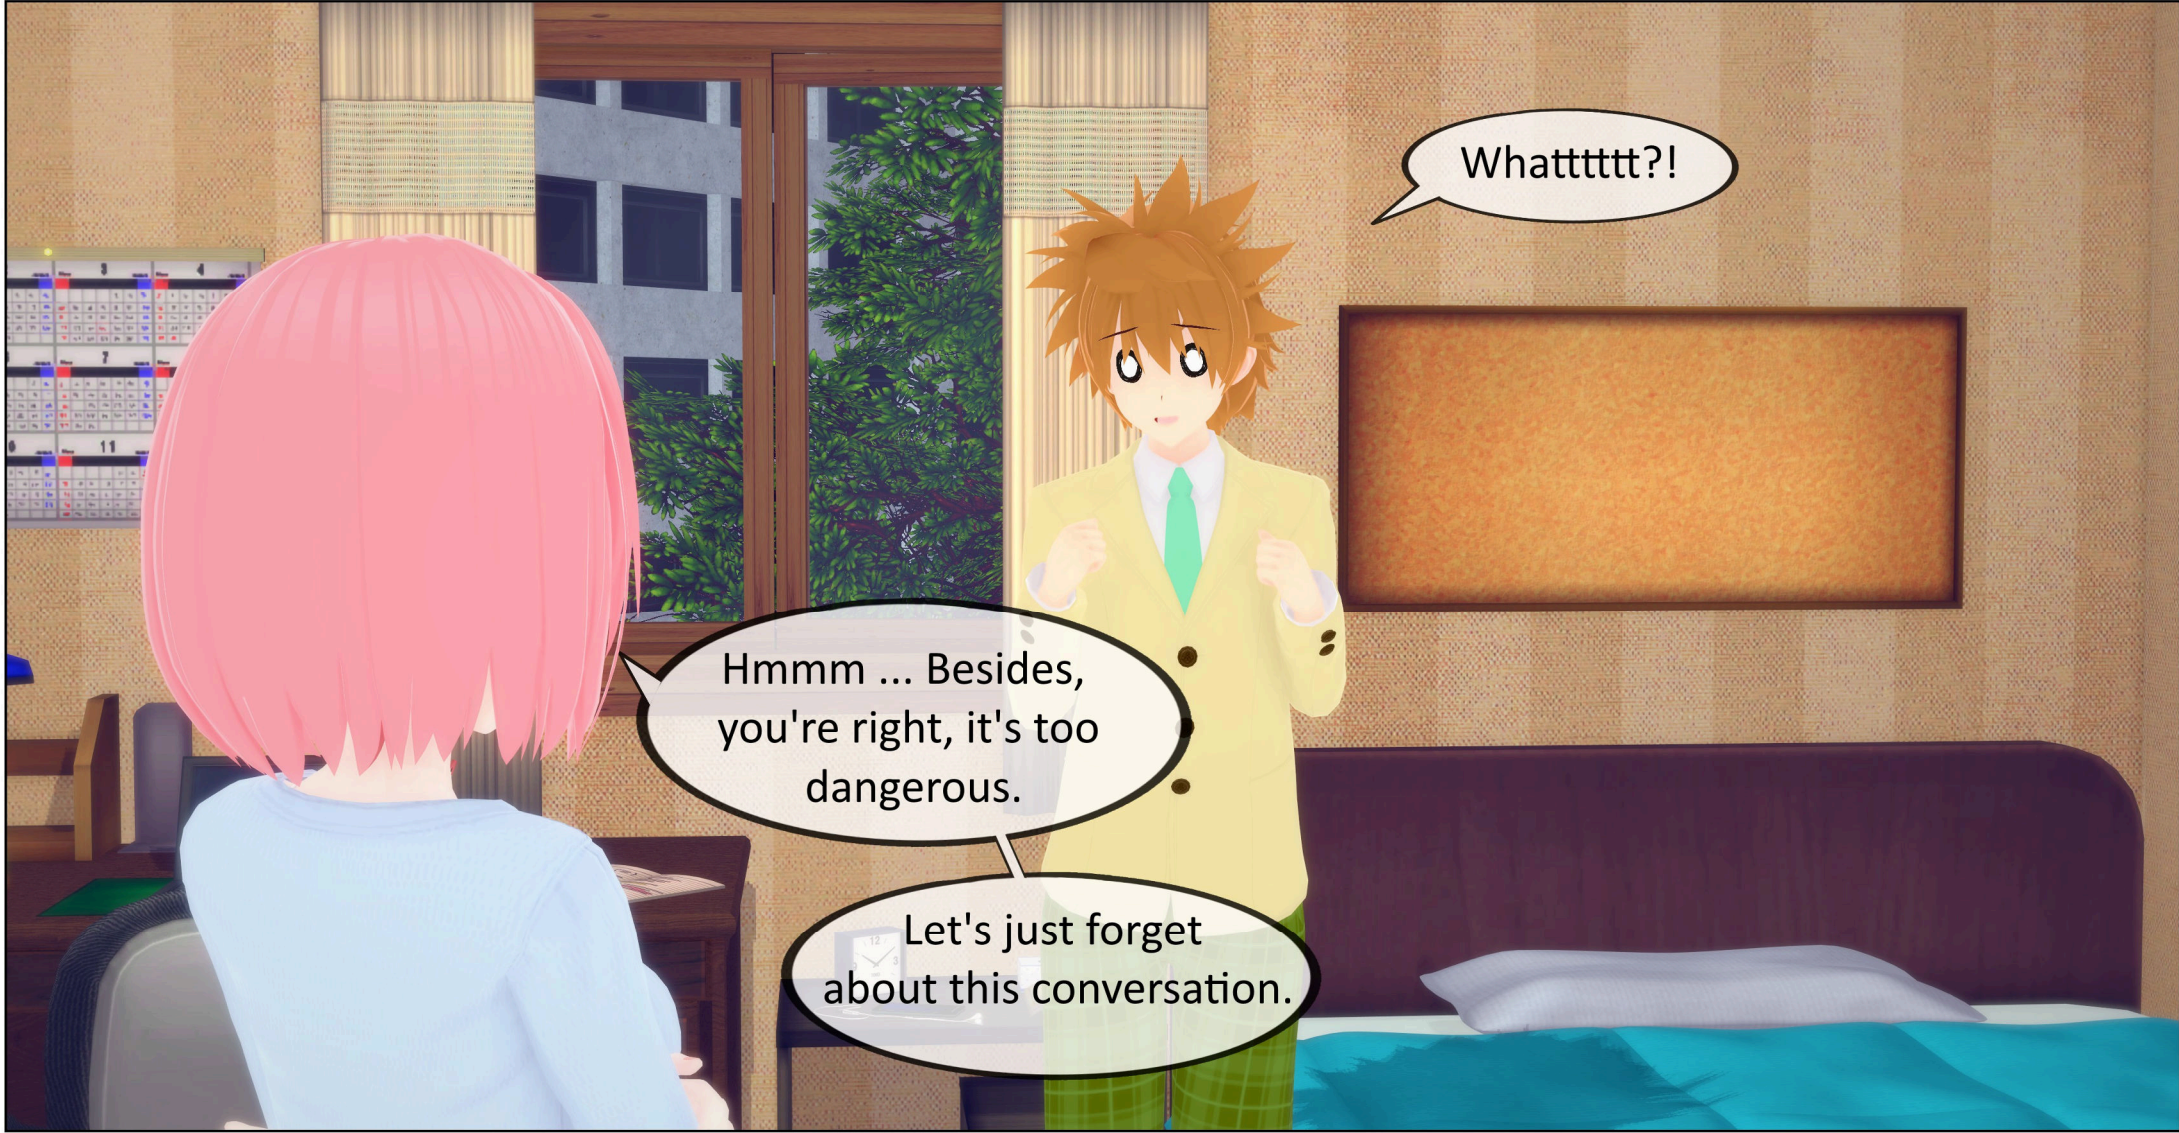

Just like this morning.

When Onee-san ran to
save you And finally the moment
I was carrying you.

Actually, now that I think about it, you're so much more cute when every girl has to defend you.

What do you think about that, Rito-san?

Whattttt?!

Hmmm ... Besides,
you're right, it's too
dangerous.

Let's just forget
about this conversation.

After Momo left ...

How could
I not notice it.

I have to get
Lala's invention
somehow.

I don't want them to
always protect me, I
should protect them.

In the meantime,
behind the door ...

You are too
easy to manipulate,
Rito-san.

Late at night...

Okay, it looks like everyone's asleep now.

Sorry, Lala.

But I can't let you always have to protect me.

The next day
at school ...

Those pills were
probably a bad idea.

They make me
feel very strange.

Maybe I should
tell Lala what I did.

Rito, can I ask you something.

Were you in my room last night?

Can you tell me what exactly were you doing while you were there?

Sure, what happened?

Have you noticed Yes I was, sorry. I shouldn't have done this.

Er ... I took some enhancement pills that you made for me.

What? So what were these pills?

Ymmm ... Rito. These weren't boost pills.

Ymmm .. How do I tell you this?

For Nana?

Ummm ... Five not six? How many were in the package?

They were actually special vitamins that I prepared for Nana.

Yes. But don't worry, how many have you taken?

I think twenty?

What if I, purely
theoretically, ate them
all?

hmmm ...? It's hard for me to
say, it was a special blend of hormones
and vitamins from Deviluke.

And, What is this catalyst?

Besides, I also used a sample of my DNA in them.

Of course, as long as the catalyst is not added, nothing will happen.

Lala! Whew .. Okay, but how did you even notice that I was in your room, I wasn't touching anything else?

I do not remember.

Ummm ... Haven't you noticed yet?

But what?

Your tail, of course?

Wooo !!!! What is this? Take it from me !!!

Make it up, it's your pills after all.

What? After all, this is your invention?

Ymmm ... It's not that simple.

Yes. But I don't quite understand how they work.

Actually, my friend from school helped me with the creation of these tablets.

What happened then?

That !!!

I have a better idea, maybe we'll go to Mikado-sensei first.

Why call her right away.

Some time later
in Mikado-sensei's
office ...

Amazing, this
is the first time I see
something like
this.

I'm not entirely sure.
This is a very strange case.

Can you do
something
about it?

Why?

Because that's the type of tail only women on Deviluke has

That's why I was so surprised.

Let's take a closer look at your blood results.

What!!!

※注意

But I would like to do a little experiment first.

No, it'll be even enjoyable.

But it won't hurt?

Okay, if you must.

What's wrong, Rito?

Ymm ... Exactly as I thought.

What are you talking about?

It looks like his tail is fully operational and works the same as yours.

I do not know.

May she stop quickly, because I can't take it any longer.

Moment later...

Do you already know how to cure Rito, Mikado-sensei?

So he'll be back to normal soon, right?

Unfortunately not. Overall, he is fully healthy.

You could even say that his results are amazing

Not completely.

担架格納

What are you talking about, Mikado-sensei?

I don't know who made these pills but they seem to work in a very specific way.

They have an active time during which each time excitement occurs, they partially alter the DNA.

So it's enough for Rito not to get excited for a while and everything will pass?

Exactly, so if Rito doesn't do anything, there's nothing to worry about.

Unfortunately, there is another problem.

Rito cannot go to school like this because other students may get scared that he suddenly has a tail.

But he also cannot be absent for too long, because he may not pass to the next grade.

He could also pretend to be an exchange student, but he would also attract attention as the only guy with that tail.

He would then be the only guy from Deviluke if the others would believe it, which would definitely attract a lot of attention.
What to do?

I think I have an idea, close the door please.

What are you planning?

I'll tell you right now, we just have to wake him up.

Moment later...

Understand this
is the only way.

Have you
forgotten that
this is all your
fault?

No way, I won't
do it !!!

No, I will not
dress up as a girl !!!

Ymm... No...

Great, that'll make things easier.

Now we just need to find the right clothes for you.

Ok I agree.

I think I have something that may come in handy.

Hmm ... what is this?

Nisu?

This? This is Nisu an earlier version of Peke.

Yes, before I made Peke, I used Nisu. It works very much the same except that it has no personality of its own.

What I am doing?

Hope it all ends soon.

Done, and how do I turn it on now?

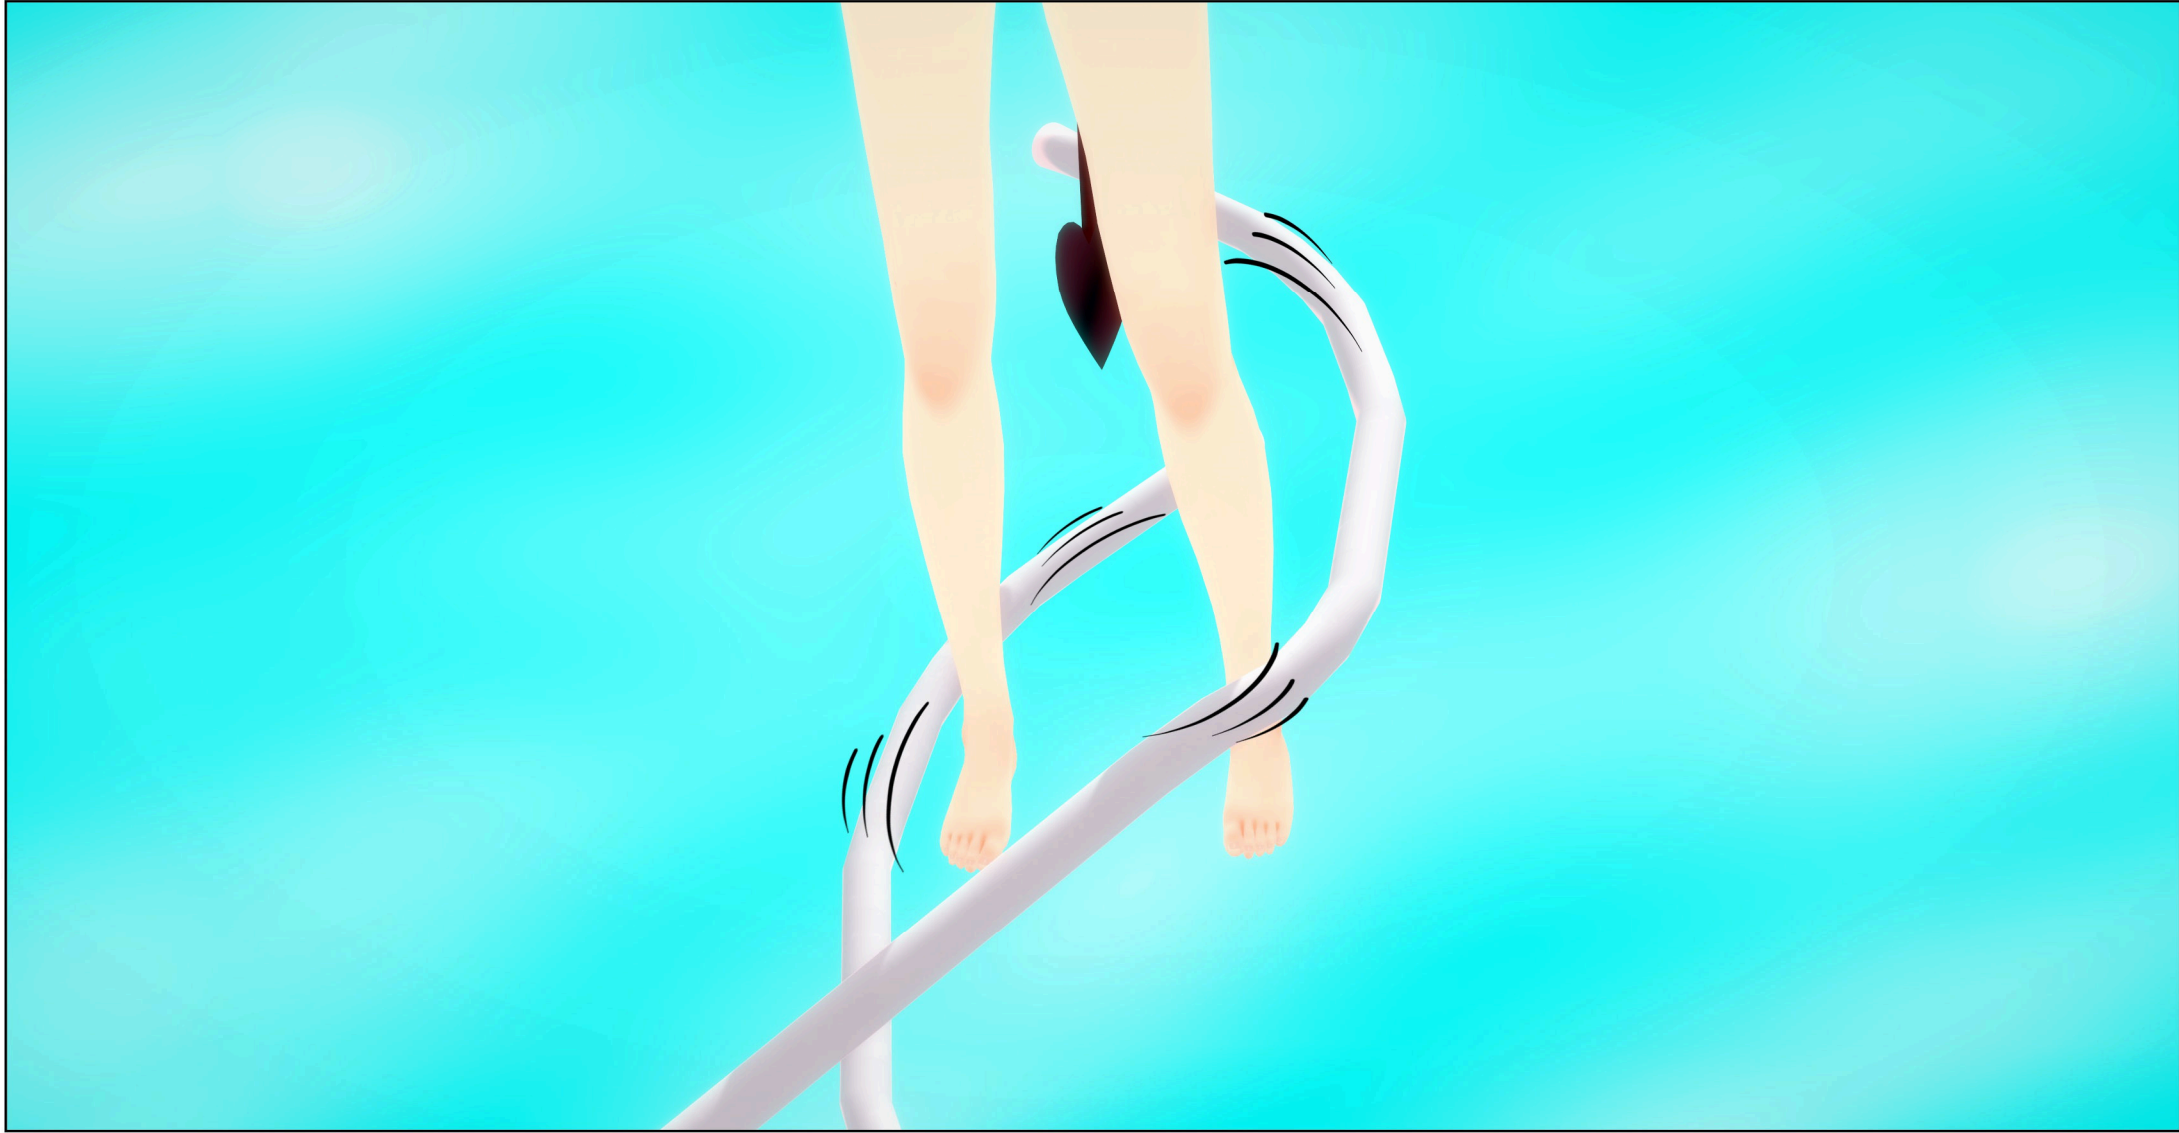

Really "Mahou shoujo"?

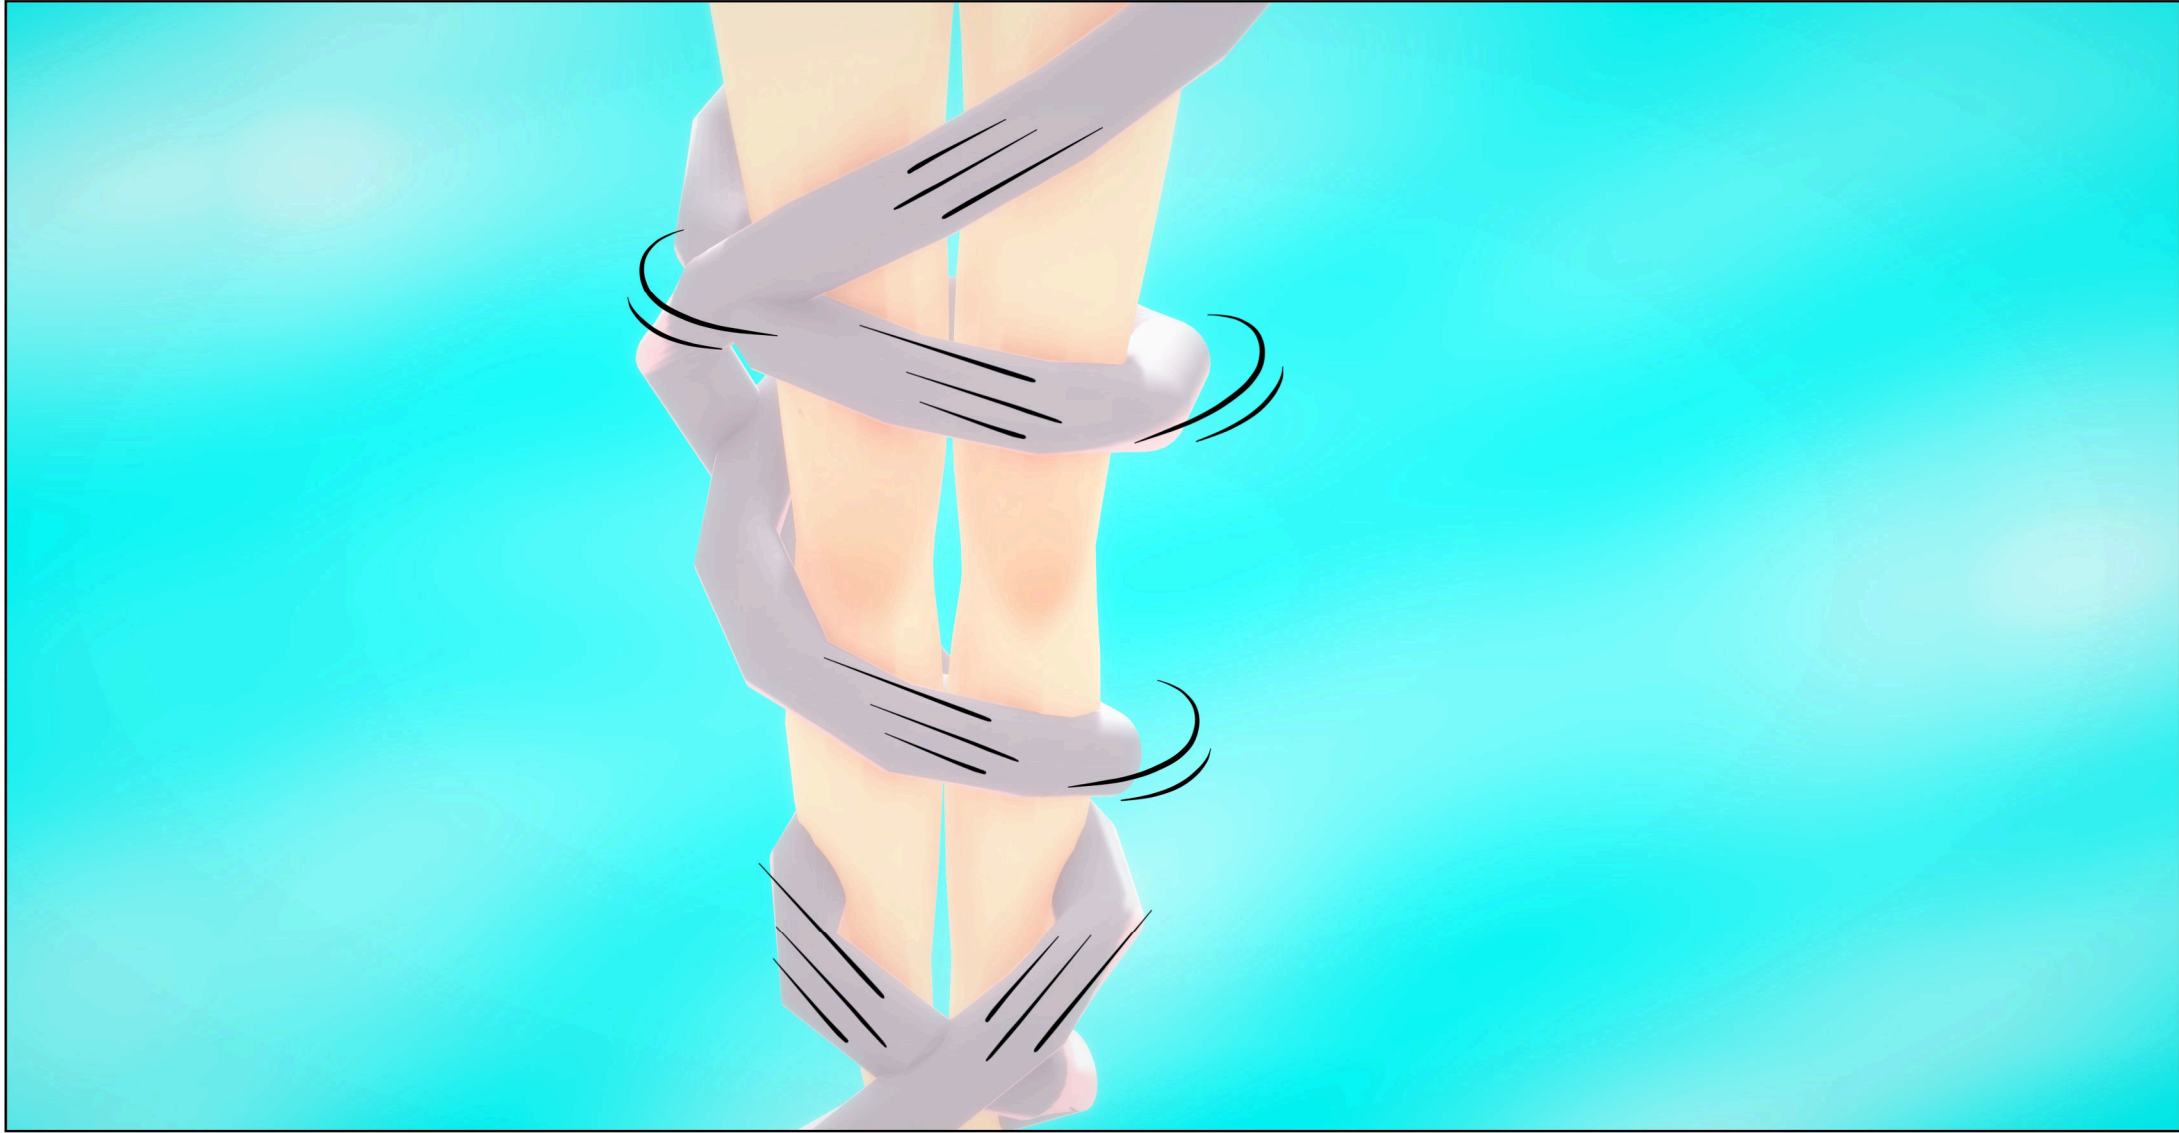

Now you have to say "Mahou shoujo". Then you can choose your outfit.

Maho shojo
activation!!!

I have a very
bad feeling.

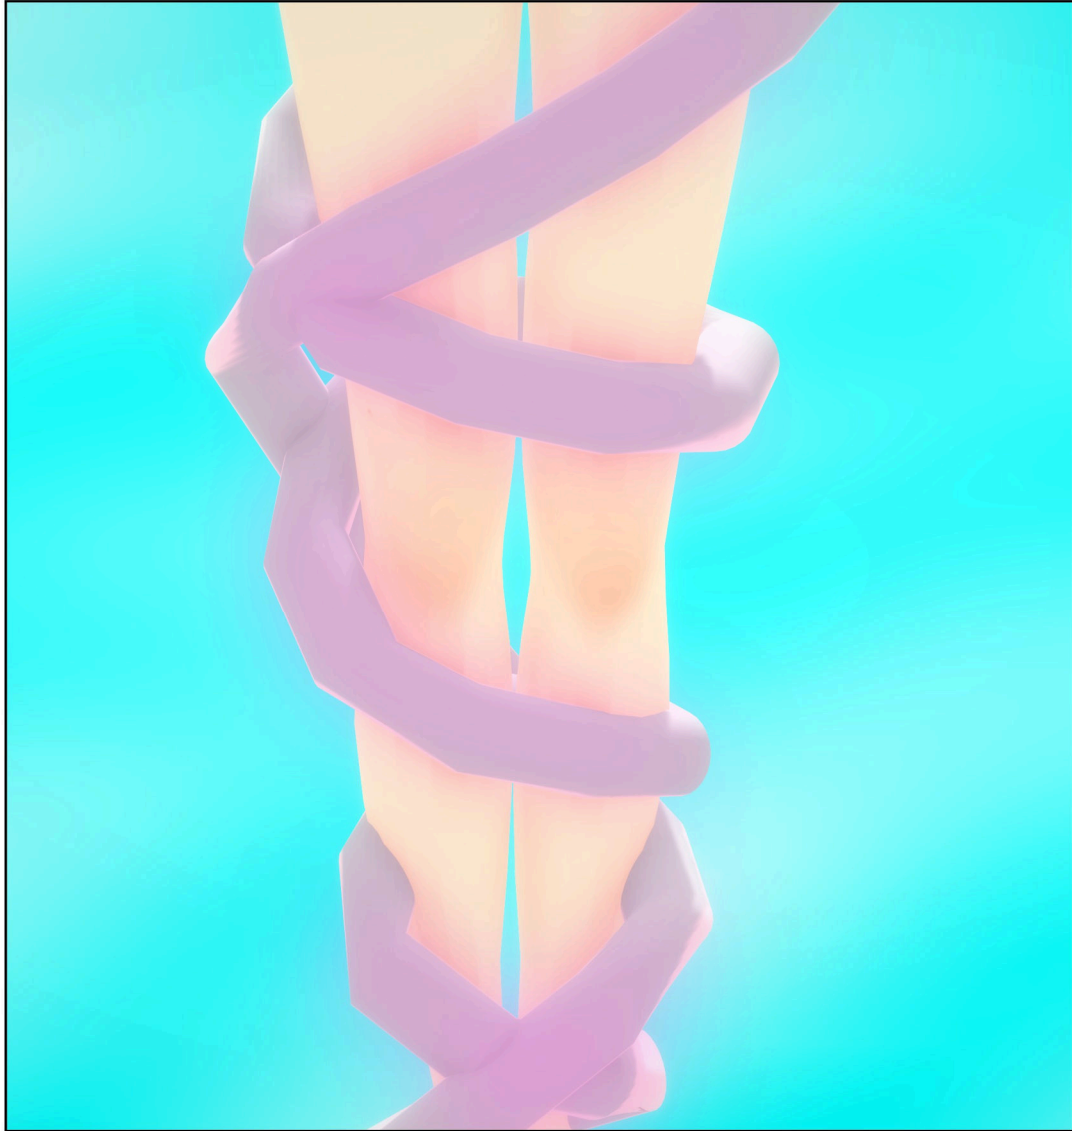

When was the last time you used Nisu?

This outfit can change, right?

I guess when I went to elementary school.

Yes you can.

What are you
looking at me like
that?

I broke
something?

What?

Ymmm ... not just ...
I forgot what the last
outfit was.

Take it easy,
I'll change it soon.

Fix it quick before someone sees me !!!

Sorry, when I was younger I dreamed of becoming a real Mahou shoujo.

Are you sure you look so cute in this?

Yes, fix it finally !!!

Okay, but if you change your mind, say it.

ここで備を洗い 汚れを落としてください

It's a pity,
I thought you
would agree.

I heard Rito-senpai's
Scream so I decided to
see what was going on.

And the closed
door was like an
invitation, hehe.

Mae-chan what are
you doing here? After
all, the door was
closed?

Sorry Mea-chan,
but we have to go.

Too bad.

Don't even
think that I will
pass so soon.

In the evening in Rito's room ...

I keep telling you,
this is a stupid idea. Nobody will
believe I'm a girl just because
I changed my uniform.

That's not what
I mean. Overall, the idea
of me pretending to be a girl is
stupid. After all, I can just hide
this tail in my pants !!!

But Ms. Mikado
said it was better
not to turn you
into a girl.

What if someone
sees him?

He will definitely be less surprised than when he sees a guy in a skirt !!!

I know, I'm sorry.

What is going on here, you can hear it outside.

Understand Rito, I'm trying to help you.

Momo?

It's all your fault!

My fault?

After all, I told you it was too dangerous, right?

Besides, if I remember correctly, you broke into onee-san's room last night to steal those pills or not?

Why?

Umm ... Well !!!

Umm ... Er ... Can you help me pretend to be a girl ...

You imagine it. It would look like you had the biggest penis around.

But what?

I'd love to help you, Rito-san. By the way, we have to come up with a new name for you.

A moment later...

What, you said yourself that you'd rather cut your hair than wear a wig?

No worries, Rito, I have a great product for hair growth, should I fix it, should I?

Whew ... At
least it's over.

After all? This
is just the beginning,
Rito-chan.

We still have
a lot of work to
do, hehe.

To be continued...

Thank you for reading.
