On Monday, at school ...

It may sound silly but yes. I'm even slowly starting to think that I will miss him someday.

Ymm ... I think so, even though I hated him at first, now I think I always had him. Funny isn't it?

So you're saying you're slowly getting used to having a tail?

You liked him so much, Mi-chan?

Why, people often change their minds about many things as they learn about them.

Probably you are right. The only thing that worries me a bit is that I won't be living with you for a while.

What about Mikan, how did she react to the news that I would be gone for a while?

It won't take long anyway. As soon as it's over, I'll be back.

You don't have to worry about us, we manage.

Quite calmly, she only said that you finally start acting like an adult.

You don't like your job so much?

No, it's even a fun job and everyone is nice to me.

Only it's a job for women. And when this is all over, I'll probably have to quit.

Actually, I already know how to heal Rito, but ... I don't think it's time yet.

What is this job anyway? Maybe you don't have to quit later.

Eeee ... It's quite complicated and soon the bell for the lesson ... So I'll tell you later.

I can't tell her I'm working as a maid.

Sure.

Hmm ... Rito seems to be hiding something. Maybe he enjoys working as a girl but won't say it.

I will not broach this topic for now.

A few hours later ...

Surprisingly, quite calmly, no one has accused me of being Rito and the girls in school seem nicer to me now.

Yes, although I'm surprised everyone believed so easily that I really am a girl.

And how was your day, Mi-chan?

See, I told you my plan would work.

Why should they not believe? In the end they got irrefutable evidence.

Something happened?

I'm a little jealous, though. After all, your transformation was going to be mine alone.

But I guess I can't help it for now.

Nothing, but for the future, don't let anyone treat you like that, okay?

It's not that simple, she said she would tell my secret.

No, besides, she is much stronger than me, and who knows how she reacted as if I had refused her.

What? That's not a lie, she really is much stronger than me.

Excuses, phe ...

angry

Don't make up more lies, just say you liked it.

But what?

Can you please speak a little clearer because I have no idea what you are talking about right now.

But what?
And what's so funny about that?

Wait, don't you know yet?

You really don't know yet.

Probably best to just show it to you, hehe

Come with me and you will see.

After a while on the roof of the school ...

No, there would be no effect then, hehe.

You are so impatient. And I wanted to be gentle.

Why are we here, couldn't you just tell me that somewhere off the beaten track?

* Sigh * Well, tell me or show me what I don't know and let's get out of here.

Sure my first ...

I'll meet you downstairs!

You're crazy !!!

I am a human can't fly !!!

I will die!

I never thought I'd die thrown from a building.

May it really be a painless death.

Had she thrown me so hard? How can she be so strong anyway?

I didn't even have a chance to tell Sairenja that I love her.

Ymm ... Not that I'm complaining, but shouldn't I fall off? I mean it's not a skyscraper.

I fly? Wait a minute, they are the same wings as Momo has.

Could I have gotten some of their abilities apart from that?

But how is that possible? After all, I was supposed to get only feminine features?

It's quite simple, if you want, I'll explain it to you.

Of course, but let's focus on you for now.

Bigo!

I guessed.

You have wings!

Did I really gain Lala's abilities in addition to appearance?

But how did you know about this?

I understand, but we'd better land before anyone else sees us.

The scene is set on a rooftop with a green lawn in the foreground and a grey concrete wall behind the characters. The sky is bright blue with scattered white clouds. In the background, there are green trees. Two anime-style girls are standing on the lawn. The girl on the left has short, vibrant pink hair and is wearing a yellow sleeveless vest over a white short-sleeved shirt, a green and white plaid skirt, and dark blue knee-high socks. The girl on the right has short, straight black hair and is wearing the same school uniform as the first girl. She is seen from the back, with her right hand on her hip. Three speech bubbles are present: one on the left containing purple text, and two on the right containing black text.

They disappeared,
fortunately I was already
afraid of how I would deal
with them.

Of course they're
gone, you don't want
to fly now.

As for your fears.
Then you have nothing
to worry about, people are
so focused on themselves
that they rarely look
at the sky.

But another day
we'll talk about it because a
lesson is coming soon.

At the same time...

So this new girl is really Lala's cousin. I thought Rito was having some problems again.

Apparently I was wrong and what Lala said is true that Rito just left for training.

But one thing is bothering me ...

Why can't I stop thinking this is Rito disguised as a girl.

And why do I like the thought so much and at the same time make me feel so strange?

And it all started with this accident on Friday.

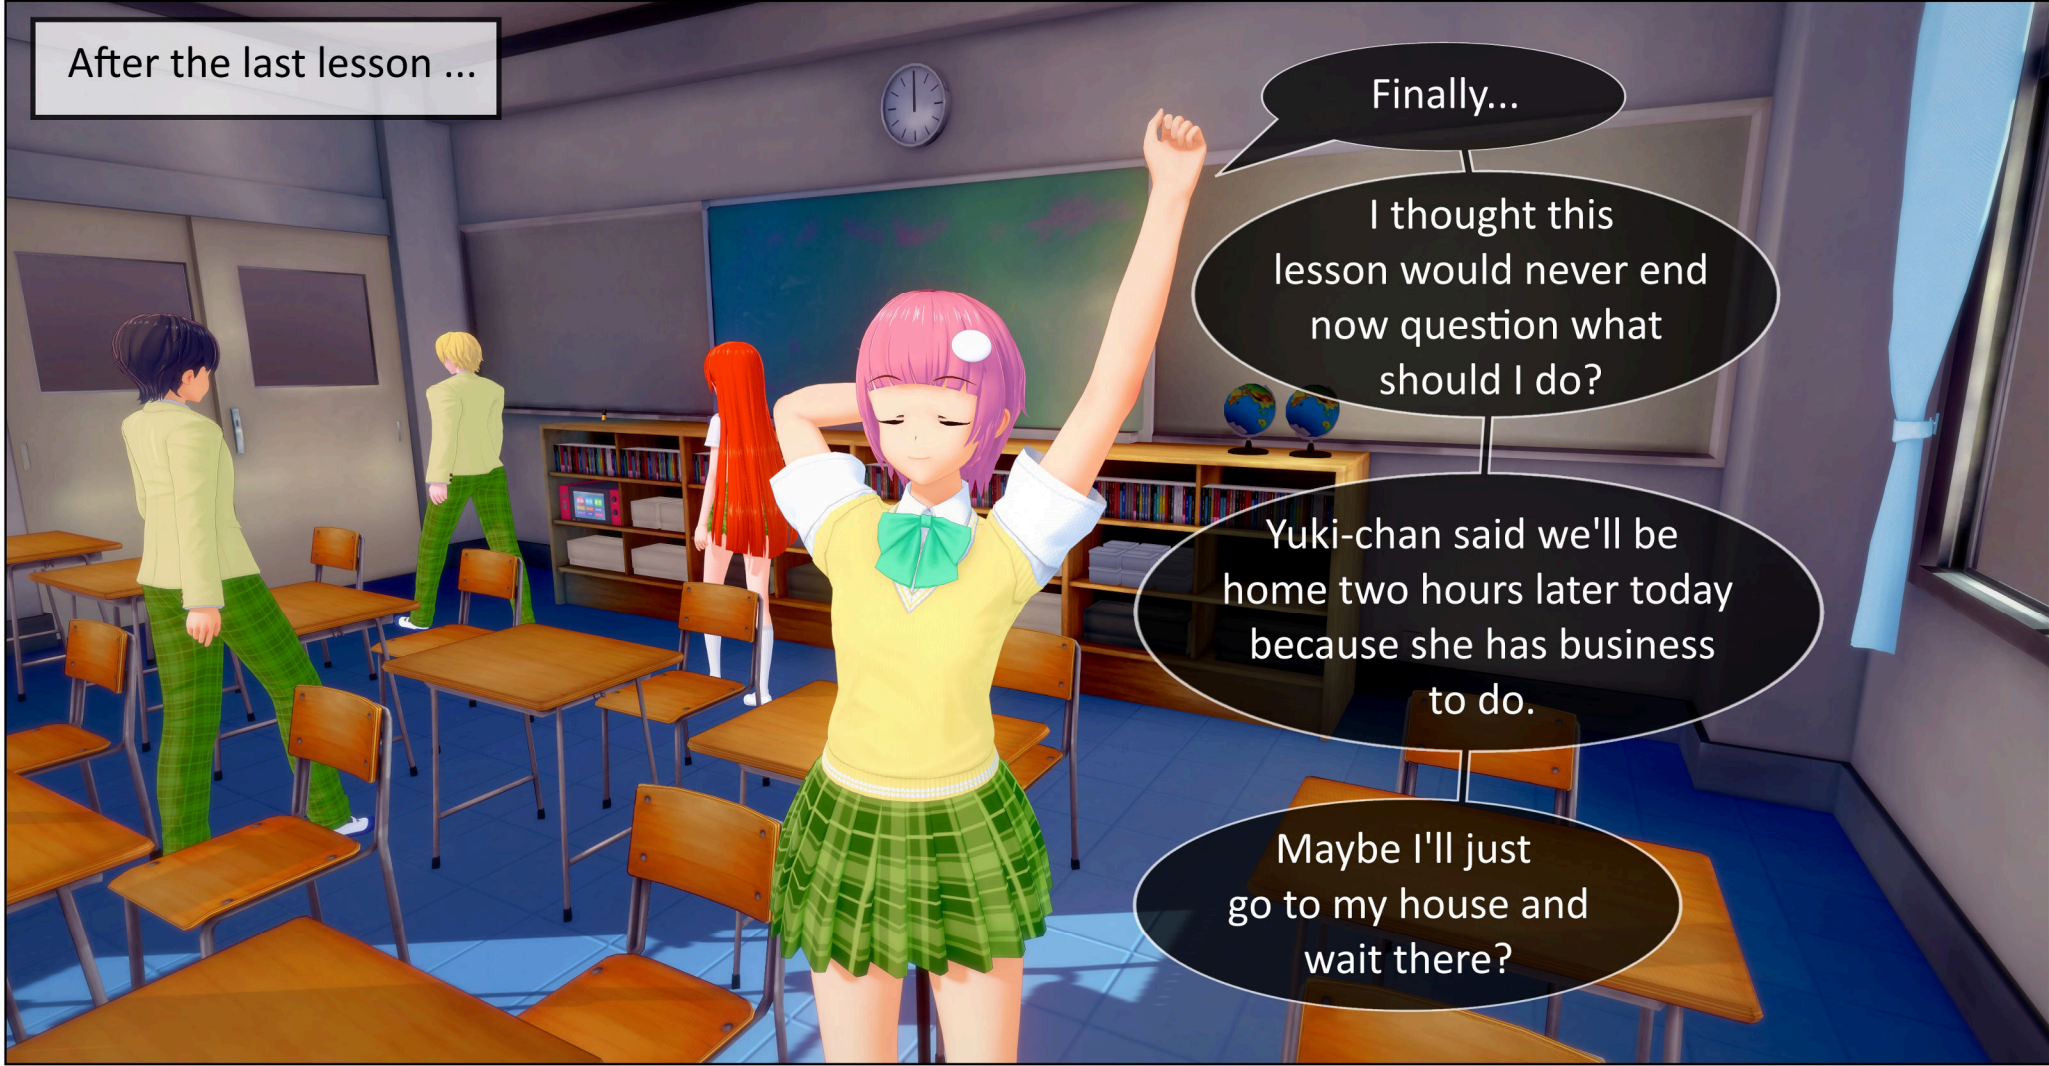

After the last lesson ...

Finally...

I thought this lesson would never end now question what should I do?

Yuki-chan said we'll be home two hours later today because she has business to do.

Maybe I'll just go to my house and wait there?

That was my plan, but I have to wait for someone to come back.

Two hours.

I guess I'd better accept her offer.

Are you going home already, Mi-chan?

I understand. How long do you have to wait?

An awful long time. What would you say if I invited you for this time somewhere as an apology for last week, of course I'm paying?

Willingly. But I feel a little uncomfortable that you want to pay for me.

Ymm ... if you insist.

No

Don't worry about that, I owe you an apology. So how?

Of course I insist and by the way my friend will come with us too, it's probably not a problem, right?

I'd rather just go home and wait for Yuki-chan there, but I'm sure Saki-chan won't let go until I agree.

Well, it's probably just a trip to the city to eat something.

It's good that Mi-chan agreed because I'm fed up with hearing that I accused her then.

Now I just have to think about what will be best for her, but I already have an idea.

After a while in the shopping center ...

You are finally here, I thought you would not come.

I told you it would be faster on foot.

Sometimes I just don't understand you.

Sorry, there was a traffic jam.

But it wouldn't be classy.

So that friend Saki-chan was talking about is Risa-chan.

Hmm .. weird either it seems to me, or this cafe looks like a beauty salon?

Never mind.
let's go now
because we don't
have all day.

Sure.

Whew ...
And I was already
scared. *sigh*

Moments later in
the beauty salon ...

I'm not
going there.

Suki-chan
I'm here!

I'm coming,
just a minute!

My hope has
just died.

When you said we
would meet at the entrance
to the beauty salon, I thought
you meant the one upstairs.

You spoke five minutes and I've been waiting for half an hour.

* sigh * Okay, you are my regular customer, I will forgive you. So what's going to be today?

Hmm ... For the one who is trying to escape?

Sorry.

It is not for me, it is for my friend.

What?

Quietly, before notice.

Where are you going if I can ask?

You should be grateful to your friend for such a gift and not try to escape.

Now come with me, we are about to begin.

I? I just ...? I wanted ...

It was a stupid idea though.

Moments later, in
another room ...

I will never understand
why some people fall asleep so
quickly with my massage.

And I was
hoping we'd talk
for a while.

Well, let's get
down to work.

Where to start?

I think I'll start with the earrings.

Yes, and then I will only put her makeup on.

In the meantime...

It's amazing what you say, I never expected it to happen.

I never thought these pills could have such effects.

That's what I wanted to talk to you about, you see, we have a little problem.

I was also shocked when I saw it for the first time.

How is your part of the plan going?

What's the problem?

Onee-san reconciled
with her friend.

I would like to, but
unfortunately not.

This is
probably our merit.
But the bad news
is not over yet.

You're
joking right?

* Sigh * I don't mind
that they made up but
they have to right now?

Let me guess, she
wants to come over
and help him?

A 3D-rendered scene in a cafe. In the foreground, a character with pink hair, wearing a yellow shirt and a green patterned vest, sits at a table, looking towards a character in a purple and white uniform who is sitting across from her. The character in purple has her hand to her head. In the background, there are other characters: a blue one, a pink one, and a cyan one, all sitting at a table. Large windows in the background show a cityscape at dusk. There are five speech bubbles with text.

No, she said these pills would stop working after about two weeks and the effects would fade after a few more days.

Not good, and Rito already knows?

Not yet, but it's probably a matter of time until he finds out.

Wait, this is actually great news.

Why, after all our whole plan just went to the trash?

Yes, but without them, Rito will be himself again in a few days.

I understand, then you take care of it and I'll try to keep Onee-san from brewing anything.

Really? Think, these are the pills that kept us from Rito, and now we don't have to worry about them.

Unless we don't let that happen.

Agreed

An hour later at
the beauty salon ...

And how do
you like it.

I also
advised her to grow
longer hair.

Unfortunately,
I don't have any wig
in her hair color so we
won't check, hehe.

Wonderful.
Now if only she had
longer hair.

I wonder what she
would look like with
longer hair?

Thanks for the gift girls, but I have to go.

Sure I'll remember.

Sure, just remember no haircutting from now on.

Great, so see you tomorrow baby, heh.

Sure.

Another?
sip.

Wait a second, I just remembered that I have one more gift for you.

Yes, Suki-chan, can we use the locker room for a while?

Thanks, it won't take long.

Some time later...

Wow what happened to you you look great.

And what is this gift for if I can ask?

That's nice of her. Hmm ... are these earrings?

It's a gift from Saki-chan.

She said it was as an apology for what she did.

Eeee...

She must have had my ears pierced while I was sleeping.

But what do you mean with the whole set?

What?

I see she got the whole kit for you, hehe.

You didn't notice that she gave you a manicure too.

Look at your hands.

Er ... can you wash it off somehow?

What, But it's embarrassing. After all, I'm just pretending to be a girl.

What! Of course not, you know why I'm doing this.

Of course, but why. This color suits you.

So you don't really want to become a girl?

Really?

Because your behavior shows something else.

Tell me why are you lying?

Okay then we'll do a little test tonight what do you say?

You'll see, he he.

I'm just trying to get into the role.

I'm not lying at all.

What test?

After work, in Rito's room ...

Bet, you said this was supposed to be a test?

I do not know if that's a good idea.

Because I am a man!

Yes, I thought if we did it in the form of a bet, it would be funnier.

What are you afraid of? You said before that you were a man.

Then prove it.

Okay, I'm in, but what do I get if I win?

But nothing dangerous?

Then I'm in.

What self-confidence, well, what do you say, the loser must fulfill one of the winner's requests.

Of course, who do you think I am?

Great, so let's get started!

What are you doing?

What is this game?

We will play a game as a test.

Don't give in, if you can stand 5 minutes you will win, how about that?

Eee .. What exactly is this game about?

Wait, but what about these pills, I can't get excited right now, you know?

Gotta stop it before it's too late.

It is very simple, just withstand my caresses for the next 5 minutes and you won.

So don't get excited, hehe.

Poor Rito doesn't know that the pills have stopped working anymore and he's completely safe, hehe.

No, I quit, you can use my tail and I'll definitely lose.

Nothing else?

Take it easy, I was just kidding. If you say enough, I'll stop right away, of course it also means that she won.

Then the new rule I can only touch your breasts otherwise I lost.

Nothing else, I promise.

Hmm ... From what I can remember, when Mea-chan was holding my ... breasts, they weren't very sensitive.

Yes, they grew a little then, but they are still not very sensitive.

And if Yuki-chan had to fulfill my request, it would definitely help me.

And five minutes is not long at all.

But only breast.

So can I start?

Of course.

I've waited so long for this moment.

I see you already have a pretty cute set of breasts, Mi-chan, hehe.

Remind me to thank her later and now let's get started.

It's because of Mea-chan.

Mi-chan
looks so cute in this
outfit and makeup.

And she's
not quite a
girl yet.

I'm looking
forward to this
moment.

Hmm ... I can beat Mi-chan in one move, but winning will be of no use to me.

That's why I have a better plan.

I'm taking the top prize straight away with no unnecessary foreplay, he he.

What is she doing, she just lost?

I have to pull her off and tell her about it.

Wait a minute,
what if she didn't really
care to win?

Maybe she
had a different
plan from the
beginning?

I can see my plan
is working, he he .

I don't know
what she's up
to, but I like it.

Why did you do that?

Why did you kiss me, it made you lose.

Whew ... It was great, you kiss really well, Mi-chan.

But what do you mean?

Why would I win if I could get what I want right away?

You just
wanted a kiss?

You see, I've heard how much
fun you have with other girls, and
even though we've even started living
together, you haven't even given
me a kiss so far.

Of course
not. After all,
I liked it too.

Are you mad
at me for that?

Yes, really.

Really?

Hmmm ...
I wish we would do it
again sometime, what
do you say?

Gift? For
what?

Great, but since
I lost I owe you something
so say what would
you like?

I would like to do
it again, but not today,
but for that, I have a little
gift for you, Mi-chan.

For nothing, I
just want to give you
something because I
like you, hehe.

Yes, but are you sure you want to give it to me, it seems quite valuable?

Ymm ... Then I guess I can accept it, thanks.

Sure.

Lovely, right?

Don't worry, it's not as valuable as it seems, it's just a trinket.

Great, just remember to always wear it from today, okay?

Late at night...

ZZZZ...

One week later...

Yes, that's why I decided not to use it anymore.

What? But then my hair will grow even longer.

So this shampoo made your hair grow so much.

In my opinion, you should continue to use it.

Mi-chan, remember what I said about makeup? You can always wash it off, the same with your hair, you can always cut it.

Yes but...

Yes.

Okay, but can you explain to me, but why should I do this?

No but, you want to get paid a lot, right?

Okay, so take my advice and grow your hair longer.

It is very simple for you to look nice and it is essential in your work. Now you understand?

Aaa.. I understand everything . Thanks for the advice.

Yuki-chan is really trying to help me.

Hmm ...
I guess I can stop being so suspicious of her. After all, she's just trying to help me and I should appreciate that.

You're welcome, hehe.

Mi-chan is starting to do what I want, so everything is going in the right direction, hehe.

Yes

Yeah...

Mi-chan and Yuki-chan really became friends, isn't that great?

I can see that they are even quite close to each other.

Even a little too close.

Hmm ... I hope Yuki-chan remembers that when Mi-chan becomes fully female, her role ends and Mi-chan comes back to me.

Because her behavior is starting to be very strange towards Mi-chan lately.

On the other hand, when I think about it, neither I nor Onee-san has been spending even a moment together with Mi-chan lately.

And Yuki-chan lives with him now.

To be continued...
