

Now to bring back Calvin.... like a real trojan horse, or should I say, trojan woman?

Think, Calvin, you idiot!
It's not going to come off like that!
I have to do it properly,
with both hands.

It feels good to have my own face again, even if only just for a moment...

She hasn't called yet... so
I guess I have some time to enjoy myself.
Very nice.

Crystal Cove

Ah, Mercedes is calling. Right, time to act out a total and definitive break up so the bitch will actually leave her alone. That shouldn't be hard to do.
bzzt!
bzzt!
bzzt!

Hey babe! I was just sitting in front of my trailer drinking beer and thinking about doing a bit of hooliganism later. What about you?
Hey, Calvin. It's me. Yeah, we gotta talk.
