
Sup, girl?

Hey sis, I heard you're single once again. Guess that means you're wide open for something fun, don't you think?

Huh, how did you know that?
Women's intuition.

Well, come on then...

Don't forget to lock the door,
let's not take that risk.

I do wonder, isn't it going to be weird to be having sex with your own sister? Isn't that going to be strange when the real Irene comes back into the picture.

Isn't it a bit late to worry about that at this point, Calvin?

Guess so...

Oh...yeah, that's so good...

Nngh, come on...come on...

This is the only bit of Calvin that we'll need for the day.

This does look pretty strange, but at the same time, it's hot!

Well then...

This is going to be so different,
my tits keep moving around
whenever I move even the slightest bit.

Whatever.

Let me help you get wet.

NNNGH!

I've been waiting for this all day long!
Me as well.
