USOPP PUTS ON A NAMI SKINSUIT PART 2

I still can't get over how real everything feels

It feels like I swapped bodies with the real Nami

I've truely outdone myself with this invention

Next lets test how easy it is to remove

Wow barely any struggle when removing the head and torso

Lets put it back on for now and do some more tests

Arghh.... Putting the face on really is the hardest part

Phew!
It should
be placed
perfectly
now

Her facial features are there... So is the voice

Perfect!
Now I'm back
to being
Nami

Time to
do a few more
tests in
this body

Wow!
Lets take
a good long
look at
these

They not only look like real breasts they also feel like real breasts

I can even feel the feedback from touching the nipples

Mhmm!
I might just
get addicted
to having
breasts if I
keep going

The breasts seem to work perfectly fine
Lets move on to the lower half now

This outfit really does sit tightly on her curves

I never knew Nami had curves in the back as well until I created this suit

Woah!
So this
what having a
vagina is
like

Lets test and see if it works properly

AHH!
Wha...
What are...
These new
feelings?
It's soo
instense...
But it feels
incredible

Ahhh!
I... I can't
stop...
Masturbating

I haven't seen or heard from Nami all day

She's probably just busy working on her seacharts

Auuhhh....
I can't hold...
Back any...
longer

I'm... I'm...
Going to...
CUM!

Oh... My!
I never knew
the female
orgasm was
that strong

That sounds like Nami's voice

Hey Nami are you in there?

BY TSF AI

I.. Ehh... Yeah it's me

Crap! Thats Robin... If she finds out about the suit I'm a dead man

To Be Continued?
