Thanks, I'm glad you like it...
I've got a little something else for you too...
Chocolates?

They're not ordinary chocolates.
Oh, you mean they're-
Yup. It wasn't easy getting these either. They're not exactly what you'd call FDA-approved...
Take your pick. Except for the white one. Not sure what it does, but I'm saving it for last.
Wait, are you sure we should do this? I mean, I'll never forget that weekend, but... well... you damn near squished me a couple of times! And I wasn't back to my normal size for days!

Hey, where are you going? It's a bit too late to change your mind.
I just feel really weird all of a sudden...

See? It's working!

There you go.
Just let it take its course...

You're so small and cute now!
I wish you were always this size. Then I could boss you around and make you please me whenever I want you to!

Hey! That's not very romantic, John.
Sorry, I couldn't Mrphh-help myself...

Was that good? Am I getting better at the "commanding giantess" voice?
Aw Lilly, that was great. And besides, I like the way you think...
Nah, leave it on for now. The corset part, anyway.
Of course you do, Tyrion. I swear, the smaller you get, the more of a horndog you become. I'll just take off this corset real quick...
Sure thing. Kinky... Not that I'm one to talk.

Wow, you feel great inside of me.
Usually you're a little on the big side,
but this... this is perfect.

You're still on the pill, right? Completely forgot about putting on a condom...
Of course I am! Have some faith in me...
You came, right?
Oh yeah. Don't worry about that... I'm still up for more, though.

Sometimes it takes time for you to get a little smaller.
Well, two things. First, I know you do want to get smaller... And second, I'm bigger than you, so I make the rules.
And I might just have to take a piece of chocolate myself...
What if I don't want to shrink anymore?

www.erofus.com

Mmm...
Man that's good!
www.erofus.com

I can feel them swelling up...
Look, they're getting bigger!

Thank god we have a three-day weekend. You up for more of the same tomorrow?
Am I ever!
