other than me!

Again with the perfect epithet, Dan.
Though - your other point is sadly not true any
more, I'm afraid.

How many guys did you fuck today, Bethie?

More than five?

Oh sure! I can count that high! Way more'n five...

And did you fuck that many yesterday?
And the day before?

Indeed.

Hey...can I have maybe have some buddies back here with these two for a party tomorrow?

That can certainly be arranged, for a price...

Oh my god! Shelly! How can she be-

Like, Dan? Is that, like, you? <sob>

Oh no...don't look at me...

Poor Shelly - the lab boys decided to test out their new procedure for filling our pregnancy fetish requests. Now the poor little thing is stuck like this.

<sob> Like, please - no!

I don' wanna be a big preggers cow!

Although - won't draining Dan's nanite-filled cum reverse the effects?

Huh - you know Ursula, you may be right.

Like, wh-what?

Getting Dan to cum in you...

...or on you...

...will make that big belly go away.

<sob> Oh god...like, I gotta...?

Oh! Oh! Oh! Shelly has been sooo horny!
No one'll play with preggers Shelly!
This feels sooooo goooooood...oh look...you have little
titties!

What? What are you OHHHHHHHH!!!
Oh god...oh my nipples...ohhhh my god...that feels
soooooo goooooood...

My goodness - his transformation certainly has made
him sensitive.

Oh yes - by the time he's done, even just clothing rubbing
against those nipples of his should render him horny
enough that he'll be pretty much constantly ready to fuck.
And have an awfully hard time thinking straight. Not that
it's likely he'll be doing much
of that anymore anyway.

wh-whatohhhhhhhhhhh...oh god...oh GOD....

Good lord - he's about to cum again already, isn't he?
Are the nanites doing that?

Indeed. Of course, I don't think we mentioned that every
time Dan cums, it'll accelerate his transformation into a
girl.

WHAT?

Oh god wait I - I I IIII UNNNGGGGHHHH!!!

Like - cum in meee...cum in meeeeeeeeeeeeeee!!!!

<sob> Shelly...please...stop - oh god...my voice...what's happening to my voice?

How high do you think his voice will go? He's starting to sound like a cartoon character.

Actually, I think it's kind of cute.

Oh god...more cum...like, sooo yummy...I love the taste of my pussy on your cock...

By the way - did I mention that the faster the transformation goes here at the end, the more the subject's intellect is apparently affected?

You mean-

Yep, since Shelly is so enthusiastic, poor Dan may not be too bright by the time she's done.

*Oh god... Shelly... please...
s-s-st-stop-UNNNGGHHHHH!!*

unh...unh...unh....

<slurp> <slurp> more cum <slurp>

Someone should probably stop Shelly before she breaks poor Dani. I don't think she's got any cum left in her - boy or girl.

Good lord - he...*she* must have cum fifty times.

Hmmm...I think one of the lab boys also mentioned that the number of orgasms directly correlates to how sensitive and easily aroused the resulting body is.

...oh dear.

And look - I guess little Shelly got that boob job after all...
