# Previously, in Repossessed...

Dan returns home after his distressing adventures with Kara - only to find that his wife doesn't recognize him! He is confused - then horrified as he starts to realize exactly why she is having so much trouble realizing that he is her husband.

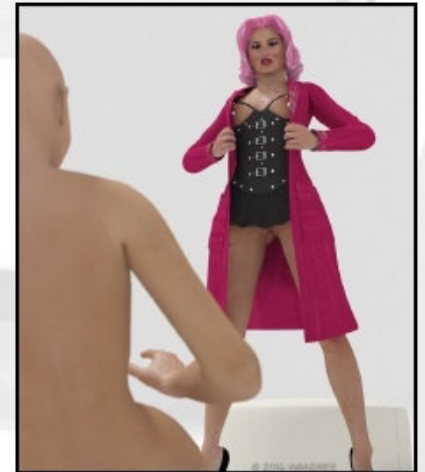

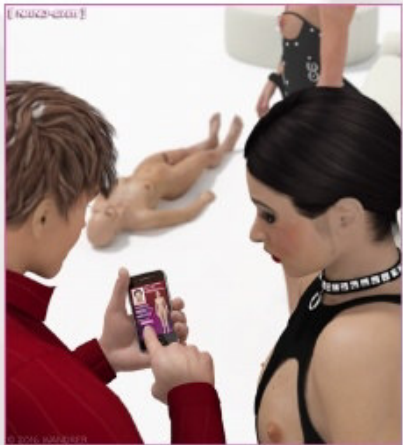

Suddenly, Betsy's demeanor shifts dramatically, from frightened to dominant - unfazed by Dan's pleas for help.

Betsy's strange behavior is explained shortly thereafter by the arrival of their old friends Danny and Julie, who had booked Betsy for a particularly kinky session using her Mark, much to Dan's surprise...

...turning into surprises for everyone when their friend (and Jennifer's little sister) Lisa arrives as well! Danny reveals that Lisa had been intended as a surprise - and then concocts a new scheme to entertain himself and his pervy wife.

Things quickly get out of hand as it turns out Danny hadn't considered the consequences of letting Betty dominate everyone...

...particularly when Betsy gets her hands on Danny's phone, and somehow starts playing with the Mark app, experimenting first on Lisa...and then on poor Julie...before all of those present are overridden by the strange instructions in Dan's vision...

Oh my god!

mmmmmm <sob>

mmmmmmmm...mmmmmm???

Mmm...yes - this error has gone quite overboard. We'd better start getting them all shut down before She gets here. You get the two on the floor - I suspect the problem is still being caused by our experimental unit over there, I'll check him...hmmm, her? "It" out.

Y-Yes sir. Please stand, miss.

wheweee!!!!!! <snort>

Well, that is...different.

Oh my god, is that... permanent?

Of course - all overrides are, as you know.

NETWORK ERROR! NETWORK ERROR!  
ALL LOCAL SUBJECTS REMAIN ON PAUSE.  
LOGGING ERROR ORGASM 30...

Sit still, sir! I need to inject you-

Ohh goddd...  
pusssssyyy....pusssssyyyyy...

Doctor, is this normal?

Well...this Override is quite experimental - I still don't understand why she even had access. And the exposure exceeds any of our trials. Eventually the drug-like effects will wear off, but I suspect he has now been conditioned with a pussy addiction that...oh dear, it says in his profile that he particularly hated licking pussy. Unfortunate. Well, at least his wife will be...oh. Oh dear.

What?

That...well, she used to be a woman - is his wife! I've never seen so many overrides applied to a single...oh my...I guess she's not going to get to enjoy her husband's new craving after all.

That...smell...D-Doctor...I f-feel...f-funny....

You took your antagonist before we arrived, right?

S-sir? Ohhhhhh...

The pills you are given each week? To offset...accidental exposures?

N-nooo...I f-forgot ohhhhhgodsooohornyyyyy...

Tsk tsk...you really need to pay better attention to protocol. Far worse things can happen to you in this job...

I...I...oh god <sob> I n-need to...p-please, sir! I - I've never...with a girl...ohhhhh goddd....

Really? Well then, I guess this will be a good object lesson for you for the future...

ohhhhhh godddd...s-stop meeeee....

Sorry, my dear. I need to finish this analysis before She arrives, or far worse could happen. I mean - I could be..reprimanded!

pussssssyyyyyyyyyy...

Mmm...indeed...

<sob> mmm! mmmmm!!!  
mmmmmmmmmmmm!!

mmmmmm...pusssyyyyyyyyyy...

Don't worry my dear. This should only take me another few minutes. It shouldn't be long enough to addict you like our friend there. Though...hmm... perhaps I'll let you go a little longer than is strictly safe. I'll be curious to see if you find yourself more...hmm...interested in this activity going forward.

MMMMMM!!! <SOB>  
MMMMMMMMMM!!

I do recommend you try not to cum - in most cases we've found that increases the conditioning considerably...

<SOB> MM MM  
MMMMMMMMMM!!!!

I know...the sacrifices we make in the name of science. Now then, let's access this one's programming directly...

Let's take a look at you...oh...  
oh dear...this is a mess! How  
did this even...

<sigh> I warned her this new  
Mark was far from ready for  
production. I don't even  
know where to begin!

Well, that's not true...let's at  
least get you off the  
network...and...oh dear...I  
suppose we should interrupt  
that orgasm loop you appear  
to be stuck in. This is messy  
enough already.

Though...gratifying to see  
that those experimental  
internal testicles are...fully  
functional.

NETWORK ERROR!

There we go.

G-G-gggggggg.....

Thank goodness you aren't aware in there. I can only imagine what - my goodness, thirty-one orgasms? - what that would be like otherwise.

...ggggggg...

And just take a look at the mess you've made.

...ggggggg....nnn....?

Yes, sir.

Well, I didn't mean literally... though...hmm...while I am debugging, perhaps - yes, why don't you get down there and clean things up.

Yes, sir.

...whhhuuhhhh???

Actually - you...the pink-haired unit. Come on over and help him.

Yes, sir.

And when they are done with you, you can help them with the floor, and cleaning...It off.

Yes, sir.

whhaaasss happppennn...  
ohhhhh nnnnnnnooooooo...

This is so...odd! OK, I think I see what's causing the network problems. And - huh...oh my...you can't be... conscious in there...can you?

That would be...

OK, just in case, let's switch off your higher cognitive functions entirely till She gets here...

whhuhh? Noo! Don\*

**OK Doctor, I'm here, what's the emer- JESUS CHRIST!**

mmmm...mmmm...mmmm...mmmm...  
mmmmmm...pussysyymmmmm....

Hmmm? Oh, sorry Ma'am - that is...an experiment combined with an object lesson.

**I...see?**

You have taken your antagonist pills...?

**Of course, it's protocol!**

Of course. Sorry to even-

mm-mm-MM-MMM-  
MMMMMMMMMMMM!!!!  
<SOB> MMMMMMMMMMMM!!!!

Perhaps you should come over here? She's quite loud when she cums.

**...how many times...?**

Huh? Oh - four or five, now...

**Wait...is that...Julie?! And - oh dear...poor Danny...**

**Wait - Lisa? Doctor - what on earth was going on here?!**

Well, it appears those two over there had scheduled quite an evening. But we have had something of a cascading failure...

**Failure? Caused by what? Wait... that other...girl? Is that-that can't be...**

Indeed. Our prototype.

**Dan!? But - how...I thought the full transformation should take months?!**

Well, it appears that a number of overrides were applied to... accelerate matters.

**Who - no, don't tell me, I think I'll do a review myself.**

Yes, Ma'am. But more importantly, the prototype has been wreaking havoc on our network and security protocols - here, I'll walk you through it...

...really think it needs more testing. I recommend you set him up for QA. And take him out of the "owners" database - which means disabling the pink one's-

**Betsy.**

...yes, whatever - which means disabling her account.

**Or...**

**Or?**

**Don't disable her account. I'll take care of it myself. And I'll get Dan here assigned for QA - I'm pretty sure that the QA tech I have in mind won't mind being re-tasked.**

**Yes, Ma'am. And the others?**

**Take them to the lab for a Memwipe, and send them home.**

**Home?! But - Ma'am, with that many overrides...**

**Oh, come now. Aren't you curious what happens with her in the wild? I never liked Julie anyway.**

**Hmm...indeed. Yes, ma'am.**

Oh, doctor?

Yes Ma'am?

Leave Julie in command mode, but let's give her her mind back. I want to see how she feels about her new... everything.

Yes, Ma'am.

Wh-wh-WHEEEEEEE!!!  
WHEEEEEEEEEEE!!! <snort  
snort> WHEEEEEEE!!!!

Oh MY! That is just - awful!  
Poor thing - you can't speak  
at all any more? Just-

WHEEEEEEEEEEE <sob>  
WHEEEEEEEEE!!!

oohhhh....g-goddd...<sob> p-  
pussyyyy?

pussyyyYYYYYY...

<giggle> OK doctor, get them out of here. I'll deal with the other three and have them clean this place up. Get me a report by tomorrow, and we'll follow up.

Yes, Ma'am. Come along...Julie, is it? The others should follow.

whheeeee!?! WHEEEEE!! <sob>

Make sure monitoring keeps an eye on her and Danny. You may be right, it may be better to move her to one of our brothels...and depending on the severity of Danny's addiction, him as well.

WHEEEEE??! WHEEEEEEEEEEEEE!!!  
<sob> WHEEEEEEEEEEEEE!!!!

<sob> S-sir...p-please....ohhhhh....

Yes, I know my dear. This should teach you to always follow protocol from now on. Don't worry, I'll strap you down in the van to recover.

<sob> p-pusssyyyyyy...pusssyy!

Hmm...perhaps I'll at least let you play with yourself.

Hmmm...well, let's review Dan's recordings for a while before I decide what to do next. Although...Lisa...

Yes, Ma'am?

You know, I just can't resist, with you being here and all.

Before I get started, let's give you your mind back and see what you think about all this...in command mode, of course.

**OH MY GOD!!! OH MY GOD!!  
WHAT'S - WHERE AM I?  
Why am I naked??!!**

**<giggle>**

**ANNA?! What - what are  
you...oh my god...what - my  
mouth tastes like...**

**OK, this is fun. Lisa, lick my  
pussy while I review all this.**

**WHAT?! THAT'S DISGUSTING!  
I'D NEVER!! I - oh god...what  
am I...?**

**Mmm...you know, you're actually pretty good at that!**

**mmmm! <sob> mmmmm....**

**Unh...OK - you two...clean this place up and go get each other showered off. Come back when you are finished.**

**Yes, Ma'am.**

**Yes, Ma'am.**

**OK, I think I know some of what's going on, at least. Mmm...Lisa, that's nice, but I think I'm going to save the rest of my orgasms for now. You can stop licking me and go on home now. And of course forget everything that happened here once you walk out the door.**

**Oh - oh my god...why can't I...why am I doing everything you tell me!? And - oh my god, you made me...you - you bitch!!**

Oh, Lisa, Lisa...I hate that word...I was being nice - I was even going to let you get dressed! But - since you're in command mode...why don't you go home just like that. I'll bet if you offer to let a cab driver play with you he'll give you a ride. Maybe more than one.

Wh-what!?! N-no! I w-won't...  
L...oh god! Why can't I s-

And when you get there - you still have three guy roommates, right? I want you to beg them all to fuck you. You'll do anything they want, for as long as they want - but only if it's all of them at the same time.

WHAT?!! NO! I - I WON'T!

Oh, but you will. Don't worry - command mode will wear off as soon as you go to sleep. Though - you'll think everything you did between now and then was your own idea. I wonder how that will affect your personality tomorrow?

No! Anna - pleeeeeeaseeeee!!!

Look at you two, all squeaky clean! Wow - Dan, you have been busy!

...Yes, Ma'am.

Ahhh...I love command mode. One of those nice little loopholes no one has thought to close yet. Usually it's just there to allow for a memory wipe and sending units home. But if you have admin access...

Anyway...let's figure out what to do with the two of you. Dan, your turn first. Higher cognitive functions back on, and - let's just wake you up...

What? Where - I...oh my god...I just...all that cumming... and then...then I...oh god...he made me...lick it all...

<giggle> He was right! You are aware in there! How long, I wonder?

What - who...ANNA?!! What are you doing here? Do - do you have something to do with all this?!!

Oh right, of course you can't remember any of that from before...

Remember what?!

<giggle> Our little visit...how you got your Mark...

Wh-what?

<sob> You - you did something to us! To me! Why - why am I crying! I'm ANGRY!

Oh, poor cute little Dan. Emotions come from your body! You don't get angry like a big strong man - you cry and get scared like the shy, tiny little girl you are now...

F-fuck you! I <sob> I'm n-not... oh g-god...

<giggle> Look at you! You're shaking! Oh, Dan...this is amazing! Hmm...you're going to need a new name...but - Robot Mode for now, Dan.

NO! I-

...Yes, Ma'am.

Dan, how long have you been aware in there?

Since Maya touched my Mark, yesterday. But I was having dreams about things I was doing that were...recordings? Sometimes from my perspective, sometimes... watching.

You've been able to access your nanocams? Wow, what a mess. Dangers of organic nano-programming I guess. Does anyone else know?

No.

That's good. Not too much collateral damage then. Hmm...well, we have to separate you and Betsy, for sure, and-

Please, no.

<giggle> You're aware in there still, huh? Actually, this all gives me a really fun idea! And in the end I think I'll just keep Betsy....

Please, Anna no. Please. Let her-

Hush, now. OK, here's what we're going to do...first we're going to turn off all of the recording functions for you two...and then-

What?!! Oh my god! I'm NAKED! What is - ANNA?!!

Hello there.

Oh my god - you...are you doing this to us?

In a manner of speaking. But don't worry, I'm here to help. You're both having a malfunction, you see...

A...what?!

A malfunction.

I don't - Dan, why aren't you saying anything!? Why are you just standing there.

Oh, he's off for the moment.

What do you mean, "off"?!!

Well - he's not having the same problems as you are. He -she, really - knows that she's a robot, not a real person.

**WHAT?!**

**I know this is difficult to understand - but...really, look down at yourself. Do you think real people look like that?**

**I...<sob>...I used...I used to look different!**

**I know you think you did. Your owner has been hacking your program to make you remember being a real person. Ill-advised, really.**

**Y-You're crazy!! I'm going to call the police! I-**

**<sigh> Here, let me demonstrate. Girls, go through your demo reel...**

**What?! I-I-**

Hi, I'm Betsy!

And I'm Danielle!

Would you like us to demonstrate some ideas for ways you might use us if you take us home with you today?

Sure.

Would you like us to show you tame ideas or <giggle> kinky ideas?

Oh...let's go kinky this time, I guess.

OK!  
OK!

...by default, Betsy is our submissive slut model! She gets turned on by pain and humiliation!

Oh - oh yes! Spank me, Danielle! Spank me harder! I'm a bad girl!

You sure are, Betsy! Look how wet you're getting!

Oh I can feel it! Spank me till I cum!

Maybe later! Right now...

...as you can see, Betsy's wet pussy can stretch to accommodate almost anything!

**UNGH! UNGH! It's so BIG!**

If you want a tight, sweet little pussy, you might want to order me, or perhaps Betsy's little 'cousin', Sally! Betsy has a nice, loose pussy...

**I - UNGH - sure do!**

Perfect for bigger cocks, or arms, or even bigger items!

...can see, though, her asshole is still nice and tight! And she'll beg for it like a good little doggy, won't you girl?

Arf! Arf!

Any fantasy scenario you like, we will act out! Nothing is too weird or too kinky for us! We'll love you just as you are! Isn't that right, girl!

Arf arf arf!

Bark if you like it up the ass, Betsy!

ARF! ARF! ARFFFFFF!!

Good girl!

And of course after every session, we will clean up after ourselves in any and every way! No matter where we've been! Isn't that right, Betsy?

Mmmm...ohhhh, yes, Danielle...

And if you want to do something really kinky, you can even relieve yourself right in our-

**WAIT! Stop! OK - let's not make more of a mess...demo reel off...**

Oh my god! <sob> I couldn't...he...  
in my - oh god!

I know, honey - but those  
emotions aren't real. If you  
come with me I can fix that, and  
you'll feel much better...

I'm NOT a robot! <sob> Y-you  
did something to us! Made us...  
change! Controlled us!

...I made you change and am  
controlling you?

Y-yes! Somehow! I - I don't...

Sweetie - what seems more  
likely? That I somehow made  
your husband change from a  
big, strapping man into - that,  
or that you are both actually  
just sex robots?

I...I don't...

OK, how about we do one more  
demonstration. First, let's turn  
on your diagnostics...

UNIT: BETSY.  
DIAGNOSTIC AND  
TESTING MODE ENABLED.

Wh-what?! What's...what's wrong with my eyes!

I told you - you're in diagnostic mode. It's much easier to debug you onsite when you can read things out to us.

I - no...you...this can't be real! I AM NOT A ROBOT!

I could have you read out all of your technical specs, but I think this will be a much more effective demonstration... look up at Danielle...

Wh-what?

UNIT: BETSY.  
DIAGNOSTIC AND  
TESTING MODE  
ENABLED.

OK, Dan, look at Betsy.  
Mostly because this will be  
much more effective that  
way I think...

Yes, Ma'am.

OK, Betsy - in a second some  
text is going to come up in  
your optical unit...

My - you mean my eyes?!

Sure, your eyes. Can you read  
it to me?

What!? I - what does that...

Read it, please...

'Initiating Personality  
Transfer between units in 5...  
4...' - and then it's counting  
down. What does that-

INITIATING PERSONALITY TRANSFER  
BETWEEN UNITS IN 5...4...3...2...1

BETSY. DIAGNOSTIC AND TESTING MODE ENABLED.

-mean? W-wait...what? Oh my god...

PERSONALITY TRANSFER COMPLETE.

**OH MY GOD!! I'M - I'M...!**

**Yes, I just swapped your programs.**

**I'M IN DAN'S BODY!!**

**Danielle's, yes.**

**I - I HAVE A...**

**A cock? Oh yes. Here, why don't we demonstrate. Danielle, why don't you give Betsy her first blowjob.**

**Yes, Ma'am.**

**Wh-what? No wait, I-**

OHHHHH...Ohhhhh....oh my god...  
<sob> Oh god...

Wow - I guess a male orgasm is as fun as it looks. I'm jealous...

Oh god <sob> Dan! I - I'm so sorry! I c-couldn't...

One robot apologizing to another for cumming in its mouth?

<sob> I'm NOT a robot!

<giggle> You know, I can see why your owner finds this a turn-on, even if he doesn't like you stuck this way. Jesus, I'm wet. Well - I guess no harm if I sample the merchandise.

Wh-what?

OK, Betsy - why don't you come here and fuck me like a good little sex-bot.

WHAT?! I won't! I-wait...

What am I doing?! <sob> I don't want to...

I keep telling you - you're a sex bot! You pretty much have to do what you're told. Just enjoy it...

Oh god - Anna, please don't make me...w-wait! If - if I'm a robot, wh-why do I know you!?

Ugh - because your owner is my ex-boyfriend, Dan. I'm going to have a talk with him about that, for sure...

But...but...

Don't worry your pretty little robot head about it - you're about to lose your virginity! Pay attention!

What, I-

OH MY GODDDDD! <SOB>  
SOOOOOOOO GODDDDD!!!!

UNGH! OHHHHHH...Ohhhh  
god...this...this is  
ohhhhhhhhhh!!!

UNGH! UNGH! UNGH!

Do you like being ohhhhhh in  
my pussy, Betsy?

OH GOD <SOB> YES!!

Good...fuck me...fuck me!  
FUCK ME!! CUM IN MY  
PUSSY!!!

UNGGHHHHHH!!!!!!  
UNGGHHHHHHHHHH!!!

OO-OO-  
OOOOOOOOOOOOOOOOOOOOOOOO

© 2017 WANDRER

Ohhhh...that was delightful...I might have to get one of you for myself...

Oh my god...oh god...<sob>...I...it...

OK, Betsy - why don't you clean me out.

Wh-what? N-no! Please - A-Anna...d-don't make me...

<sigh> Still don't believe that you're a robot, huh? Like you said in the demo reel, you clean up when you're done. Here, I'll distract you. Danielle, come clean off Betsy while she cleans me.

Yes, Ma'am.

Oh god...oh god...please no...

Wow - that was...wow.

OHHHHH GODDDDDDDDD <sob>

<giggle> Tell you what, just so you get the full experience, why don't the two of you fuck each other for a while. I have to...do a couple of things here before I'm ready to go...Danielle - you may give Betsy instructions. Make sure you both experience the...full range of each others' bodies.

Yes, Ma'am.

<sob> W-wait...A-Anna...  
ohhhhhh!!!

Don't worry, I'll be done in a minute...oh, and Dan - go ahead and act like a real girl - might as well have the full effect.

Y-yes, Ma'am...

Ohhh god! That feels soooo good...

Oh yes! Fuck my wet slutty pussy!

Oh g-god...d-don't say that! Y-you're...me!

Ohhh but I felt your big cock jerk when I said it! Don't you like fucking my slutty pussy from behind...

N-no! I-

Don't you want to fill my wet, whore pussy with cum ohhhh yesssss! Just like that!

**NNGGUNNNNNHHHHHHH!!!!**

Oooooo!! It hurts in my little ass like that!

Oh my god! <sob> I c-can't help it! It feels even better than in your...my pussy!! Oh god...I - I can't believe I'm...I never even let Van-

Oh god! I'm s-so tight! Oh... but...I think I like it!

UNGH! UNGH!!  
YESSSSSSSSSS!!!!

But let's switch you two back  
- Dan...ielle you can go back to  
robot mode.

Oh my - oh my god...I was...I had a...

Now do you believe me?

<sob> Please...it can't be true... I'm - I'm me! I'm not...

<sigh> OK, well - I guess I'll have to prove it the hard way with you. Come with me, girls...

Wh-what? Where are we...?

I - I don't understand. What - why do you want me to look at myself in the mirror?

I was hoping not to have to do this - it's always a shock to... well, to robots who are stuck like you. Sometimes it fries their consciousness in funny ways that we can't quite fix... wouldn't that be just awful?

I'm - I don't believe you! I'm not a robot! I'm not!

Oh really? Take a look in the mirror.

What? I-

OH MY GOD! OH MY GOD!!

Do you believe me now?

OH GOD! OH GOD!!!

OH GOD! CLOSE IT! CLOSE IT!!!  
<SOB>

I warned you. OK, here I'm closing it up again. Now do you believe me?

Oh god! It's true! I - I'm just... just a - a thing! A...a toy!

Oh sweetie - well, that is true, but don't worry. All you have to do is say "I agree to transfer my ownership to you, Anna" and then I can take you in and make you all better.

I...I...<sob>

Or I can leave you here like this...but I have to say, your owner was planning just to sell you online if we can't fix you. Cheaply, since you are broken, of course.

Oh god...I - I agree to transfer my ownership to y-you, Anna...

Good girl...<giggle> robot mode, please...

Honestly? That was easier than I thought. Nice work, Dan! I know you're listening in there. Oh - Betsy?

Yes, Ma'am?

Can you grab your biggest dildo for Danielle here to play with before you go?

Yes, Ma'am.

Well, here we are Dan. I thought this would take a lot longer, honestly, and I wasn't expecting to have to take Betsy back, but - well, I have some fun ideas for her. You did a great job coming up with the demo real, by the way. Definitely helped sell it.

The Company and our silly rules...did you know I actually couldn't take ownership of Betsy unless she uttered that precise phrase, of her own volition? Thank you for your assistance there. It's too bad the recordings were all "corrupted by your... malfunction"...otherwise someone might dispute the transfer...

Did you enjoy being in your wife's body for a little while? Now you know exactly what she's felt when your dick was inside her...

Oh - and a few little fun tips about that cute new little body of yours. You're almost done changing, I think - except for that pesky cock. But don't worry - that'll go away soon. You see - after a certain number of orgasms, it'll start to shrink - and pretty quickly after that it'll be all gone!

That should have taken months, but based on the accelerated changes - I'd guess you get maybe twenty or thirty more times cumming as a guy? I really should find out who did that to you and find a way thank them...it must have taken a number of overrides...

Hmmm...maybe we should give you something to watch while you're playing with yourself. I know you don't remember your little visit to my house a few weeks ago, but I think I've got a little present for you.

We wiped your memory afterwards, obviously. But of course I had all the nano-cams on in my house, so I can let you watch it all again - and learn exactly what happened to you and your sweet little wife.

There we go. I've set that whole thing to play back in your pretty eyes. You just keep playing with yourself while you're watching. I'm sure you won't get too turned on and cum too many times or anything. Remember, you are awfully close to finally losing that lovely cock of yours.

Once it's all finished playing, you can go to sleep. And then you'll be out of command mode, too! Just back to lovely little Dan - I'm sorry... Danielle. I couldn't resist reformatting your name entirely.

It must be so humiliating to not even recognize your male name as yours any more...

Oh - but don't worry. You won't be alone for long. I'm handing you over to a QA tech tomorrow. I think you'll be pleasantly surprised by who that is! Well...surprised, anyway. And believe me, QA is quite different than what you have experienced so far.

Anyway, bye sweetie! Enjoy the show, and don't use up too many of those precious orgasms.

And smile! Look like you are enjoying yourself! Like the nice sex toy you are...

Oh, there you go! That's one!

Bye now...
