### Summary of the Original Story from Boys in Wet Dresses #1

This story takes place in a small Ohio town, and whoever thinks really weird things only happen in big cities will think again after reading Elsie Mae's story about Todd, the orphan boy she caught on the verge of molesting her sweet child, Jo Lynn, whom he thought was a girl only to discover that **Jo Lynn was not really a little girl but a little boy that Elsie Mae was raising as a girl!**

Elsie Mae had a lesbian relationship with her next door neighbor Laura Ericson, and they conspired to punish Todd by pretending to help cure him of his weird fetish of getting sexually excited over seeing little girls in fancy dresses getting soaking wet. In actuality, the two women work to reinforce Todd's fetish and to further pervert his perversion as they train him to become excited by little boys getting soaking wet while wearing fancy dresses and all the associated girlish accessories.

Elsie and Laura got dozens of boys to dress up and get wet for them, and some of those pictures we include here. Carla Montague was especially helpful in procuring boys because she had a lot of friends and coworkers from the striking shoe factory and they were all looking for extra cash for simply putting their boys in dresses and panties and then have them go swimming in the pool, and those parents got the boys to do it whether they wanted to or not! We have a lot those photos in this issue and many more of them we will be publishing in future volumes of this series.
