

# WHAT IF MIA WAS THE ONE GROWING? 2

In a different timeline, Kevin was not suffering from the mist anymore, but Mia was the one growing now, and she was even bigger now...

Several weeks later

1. Several weeks later, Kevin went to Mia's apartment to find her. He knocked at the door and waited. As the door opened, Kevin gasped in surprise that he couldn't see Mia's face. Mia was so tall that her head and shoulders were actually higher than the doorframe! The top of the doorframe was now resting on top of the tips of her massive breasts. Mia should have another growth spurt since their last meeting.

*2. Kevin gave himself some moments to prepare before he went inside the apartment, and he finally saw Mia's face. He was surprised to see that Mia was now too tall to stand straight inside the apartment!*

*"Hmm, Kevin....I had another growth spurt, and my old clothes won't fit me now." Mia said as she frowned. Kevin could see that the XXL-size towel could barely cover Mia's chest and crotch.*

3. *"We could go shopping, Mia," Kevin suggested, "I asked Naomi and she told me there was a tall girl shop opened nearby."*

*Mia accepted his suggestion. Kevin took the biggest clothes he had in the wardrobe for Mia. None of his shoes could fit Mia, but he at least found her a pair of socks, which nearly became low-cut socks on Mia's feet.*

*When they reached the ground lobby, it was the first time Mia could stand straight and stretch her body.*

*4. Kevin could not help standing close to his once petite babysitter, who was now his massive girlfriend. Despite his taller-than-average height, Kevin still need to look up at the underside of Mia's massive breasts. He tried to look at Mia's face but found her breasts partly blocking it. This reminded Kevin of how he looked up at his own mother as a kid.*

5. Thankfully, the shop is much closer than Kevin expected, so there were not so many pedestrians who could look at his girlfriend's wonderful body before they reached the shop. The staff was tall, and she was even taller than Kevin in her heels. She was nearly taller than Kevin by a whole head in her heels. The staff, who was used to seeing tall girls everyday, was also surprised when she saw Mia having to bend to get through the 2.5-meter entrance door.

6. *"Welcome, madam...I am not sure if our biggest size could fit you, but we could also offer tailor-made in case none of our clothes fit you here..."* The staff did not forget her manner as she said.

*They walked to the clothes section and they were surprised to find Naomi shopping here too. "Oh my god, Mia, you definitely have grown a lot since the last photo shoot." Naomi said in surprise as she had to look up at Mia. Naomi had been used to being the tallest person, like she was around 7 feet tall in her heels, easily dwarfing her boss Kevin. But now Naomi found herself only as tall as the underside the Mia's chest.*

*7. This was the first time Naomi felt small before someone. She said goodbye to them and she walked to another section to continue shopping.*

*There were actually not so many choices for Mia here. Mia could only take some clothes in the biggest size to the fitting room. Kevin blinked his eyes and he was surprised to see that the cubicle made for the tall girl was even shorter than Mia's chest. It took Mia some moments to see her boyfriend peeking at her from outside. "Would you mind, gentleman?" Mia pouted. "Okay, my fault." Kevin said as he immediately covered his eyes with his hands.*

*8. Mia walked out of the cubicle after getting changed. The biggest clothes here barely fit Mia: The T-shirt barely covered her massive chest with her waist exposed, and the long trousers could only reach a bit exceed her knees.*

*It was the moment Naomi got out of the cubicle. It was quite a coincidence that she picked the same clothes as Mia, but the clothes looked a bit normal on her body, even though the T-shirt was a bit baggy on Naomi. Naomi stared at Mia for a while, and she then decided to buy other clothes instead.*

9. Kevin then noticed how large Mia's shoes were. They were the biggest size US-27 here. They could barely fit Mia's 45cm feet when Mia complained the shoes were a bit tight. Kevin placed his foot next to Mia's, he gulped at seeing how small his foot was compared to Mia's!

*10. After shopping, Kevin brought Mia to the nearby restaurant for lunch. They were surprised that Mia's legs were too long and thick to fit underneath the table. This again reminded Mia that she was way too big for the normal world now.*

11. It did not take long for Kevin to figure out a solution, "Mia, let's place your feet on my seat." Kevin suggested. Mia did as Kevin told and now her legs could perfectly rest beside Kevin. Kevin could not miss how thick Mia's shins were compared to his own thighs. He swore Mia's shin should be thicker than his thigh!

*12. Kevin then ordered lunch for them. Unsurprisingly, a typical lunch was not enough for Mia. Mia finally felt full after eating six plates of pasta!*

Several weeks later

13. Several weeks later, Kevin went to the tall girls shop. "Hmm, I would like to tailor-made some clothes for my girlfriend." Kevin asked. The staff smiled to greet him, "Sure, may I have your girlfriend's size, please? Is she around my size?"

"Hmm...nope. She is way taller than you.." Kevin said as he tried to lift his arm as high as possible, "She should be nearly double my height." The staff thought Kevin was kidding at first, but then she remembered the giant girl visiting the shop before. "Oh, my. I remembered she should be 10 feet something?" The staff asked.

"Hmm, she had a 'little' growth spurt again." Kevin's words surprised the staff.

*14. The working efficiency of the shop was good. After Kevin made the payment, the clothes arrived in less than a week. Kevin pushed the boxes into Mia's apartment.*

15. "How's your day, Mia?" Kevin asked as he walked to the living room, where Mia sat on the sofa. "Hmm...I am fine, just a bit bored." Mia answered. She obviously had another growth spurt and the clothes purchased in the tall girls shop were too small for her now. The T-shirt and jeans were the only ones big enough to stay on her now, even though they were already ripped. And it was really not a good idea for Mia to go out like this.

16. "What are those in the boxes?" Mia asked as she watched Kevin move those boxes into the living room. "They are the surprise for you." Kevin replied with a smile.

Kevin opened the boxes and passed the new clothing to Mia. He then walked into the toilet while Mia was changing. When Kevin returned to the living room, he could see that the new clothing fit Mia well. Kevin realized how tall Mia was now by seeing Mia was already as tall as the ceiling on her knees!

17. "I also got another surprise for you, Mia." Kevin said as he opened another box. Mia was surprised that Kevin bought a pair of high heels for her. Kevin knew Mia loved to wear high heels when she was once petite, but she never wore them again since her growth.

"Don't you think I am already too tall?" Mia asked. "You are always the cute little girl in my eyes." Kevin's humorous words made her laugh.

*18. John waited for the elevator to go to work as usual. When the elevator door opened, John was horrified to see that there was a giant girl inside the elevator! She was so tall that she had to squat inside it.*

*"I am sorry that the elevator is full." The man told John, who also received an apologetic look from the giant girl before the elevator doors closed.*

*19. They soon reached the ground lobby. Mia squeezed out of the elevator doors before she stood up to her towering height. Kevin looked up at Mia in awe. She was much taller than the last time. Kevin was now only as tall as her mid-thigh in her heels. Kevin could see Mia was now only a few inches shorter than the 4-meter ceiling! Mia could just lift her hand and touch the ceiling effortlessly!*

*20. Mia stepped forward a step and Kevin realized now he had a perfect view under her skirt! Kevin couldn't believe how tall Mia was now that an adult man could easily walk between her legs! At least Kevin felt he had a foresight that he bought the safety knickers instead of panties.*

*21. Mia felt a century had passed since she last walked on the street. She attracted attention from nearly every pedestrian, and Kevin even had to jog to match her stride.*

*22. Mia was amazed to see everything becoming smaller in her eyes. She was also surprised that she could now look into the window of the first floor. She saw that a couple seemed to be doing something on the bed. It took some moments for Mia to realize the couple was making love! They were so concentrated that they were unaware that there was a spectator outside their window. Mia covered her eyes with her hand, but she also could not help watching them curiously.*

23. "Mia?" Kevin walked for a moment before he realized Mia was leaving behind. She seemed to look at the first floor. "Mia? Are you alright?" Kevin asked again, finally bringing Mia back to reality. "Hmm? Nothing! Someone just waved at me." Mia explained nervously. Kevin believed it and led Mia to the destination.

*24. After half an hour walking, they finally reached a house, which was two-storey. Mia again had difficulty bending to get through the entrance door, but she was now able to stand inside the house.*

*"I have temporarily rented this house for a few months. At least you could stand and walk casually here, Mia." Kevin smiled to announce. "Oh, thank you, Kevin." Mia definitely liked Kevin's idea.*

25. "You know what..." Kevin said as he walked up the stairs, "And now I could be as tall as you." Kevin smiled when he stood on the eighth step. Mia walked closer and now their eyes were at the same level, even though the top of Mia's head was taller than Kevin's. "Thank you for everything, Kevin." Mia said as she hugged him tightly to her. She leaned forward to kiss Kevin on the lips. Her bigger lips easily enveloped his small lips.

*26. Mia broke the kiss and stepped back. To Kevin's surprise, Mia stripped herself naked. "Are you sure...Mia?" Kevin asked.*

*"I am 19 years old already and I appreciate everything you have done for me, Kevin." Mia said with a smile. Knowing Mia's decision, Kevin did not hesitate to strip himself naked as well.*

*27. Mia stepped forward as Kevin stepped down so it was now a perfect height for Kevin to suck at Mia's nipple. Mia moaned as she felt Kevin's sucking and fondled her another breast.*

*28. Being the leader in the making love, Kevin told Mia to turn around so he could enter her from behind. Kevin had to squeeze deep between Mia's buttocks to thrust every inch of his member inside her. Mia moaned as she first felt her lover's throbbing member inside her, though it was not as big as she imagined before the growth.*

*29. Mia should have felt too excited that she stepped away from the stairs.*

*"Hey, Mia!" Kevin screamed as he had to hug Mia tightly from falling. He ended up like a monkey climbing a tree.*

30. "Oh sorry, Kevin." Mia finally noticed Kevin's ridiculous position. She easily picked him up in her arms. "So what should I do now?" Mia asked Kevin innocently.

"You could just hug me before you so I could enter you from the front." Kevin instructed Mia to complete the suspended congress posture, which was the favourite posture he had with Emily, but now Kevin was the one being carried. Although Kevin felt tinier in this posture, he was still excited enough to reach the climax in less than several minutes.

*31. Kevin knew Mia won't be satisfied based on the size difference, so he decided to use a special method. Mia was told to sit on the couch before Kevin crawled down to lick at her genitals.*

*32. After ensuring Mia was wet enough, Kevin thrust his fist inside her, making Mia scream. Kevin was surprised that Mia's genitals swallowed half of his forearm when he felt his hand touching the cervix. Kevin kept moving his arm in and out of Mia until she reached the climax in several minutes.*

*33. After the making out, they had a peaceful sleep. Mia slept on the floor while Kevin slept on her massive body. His head could rest peacefully between Mia's breasts, single of which was much bigger than his head.*

*Several weeks later*

*34. A few weeks later, Tom was doing his duty as a lifeguard in an indoor pool.*

*35. Tom suddenly saw something large out of the corner of his eye. He turned around and he was horrified to stare at a pair of massive breasts!*

*36. Tom looked down and realized the giant girl was standing on the floor but she was still much taller than him sitting on the lifeguard chair! He looked up at her smiling face and realized she was as tall as the ceiling!*

*Tom could see a man around his size was only as tall as the girl's mid-thigh. He really couldn't believe how tall this girl was!*

37. It was Mia's idea to go swimming when she wanted to keep her body fit. Kevin sat on Mia's back but his weight seemed to be nothing to Mia during the swimming. The swimming pool looked more like a big bathtub to Mia when she could just swim to the other end with a few kicks, it was not a typical swim at all.

*38. Mia then left Kevin treading in the center as she swam around. Suddenly, Kevin saw Mia dive underwater and come towards him. Just when Kevin thought she was going to stop, but Mia did not.*

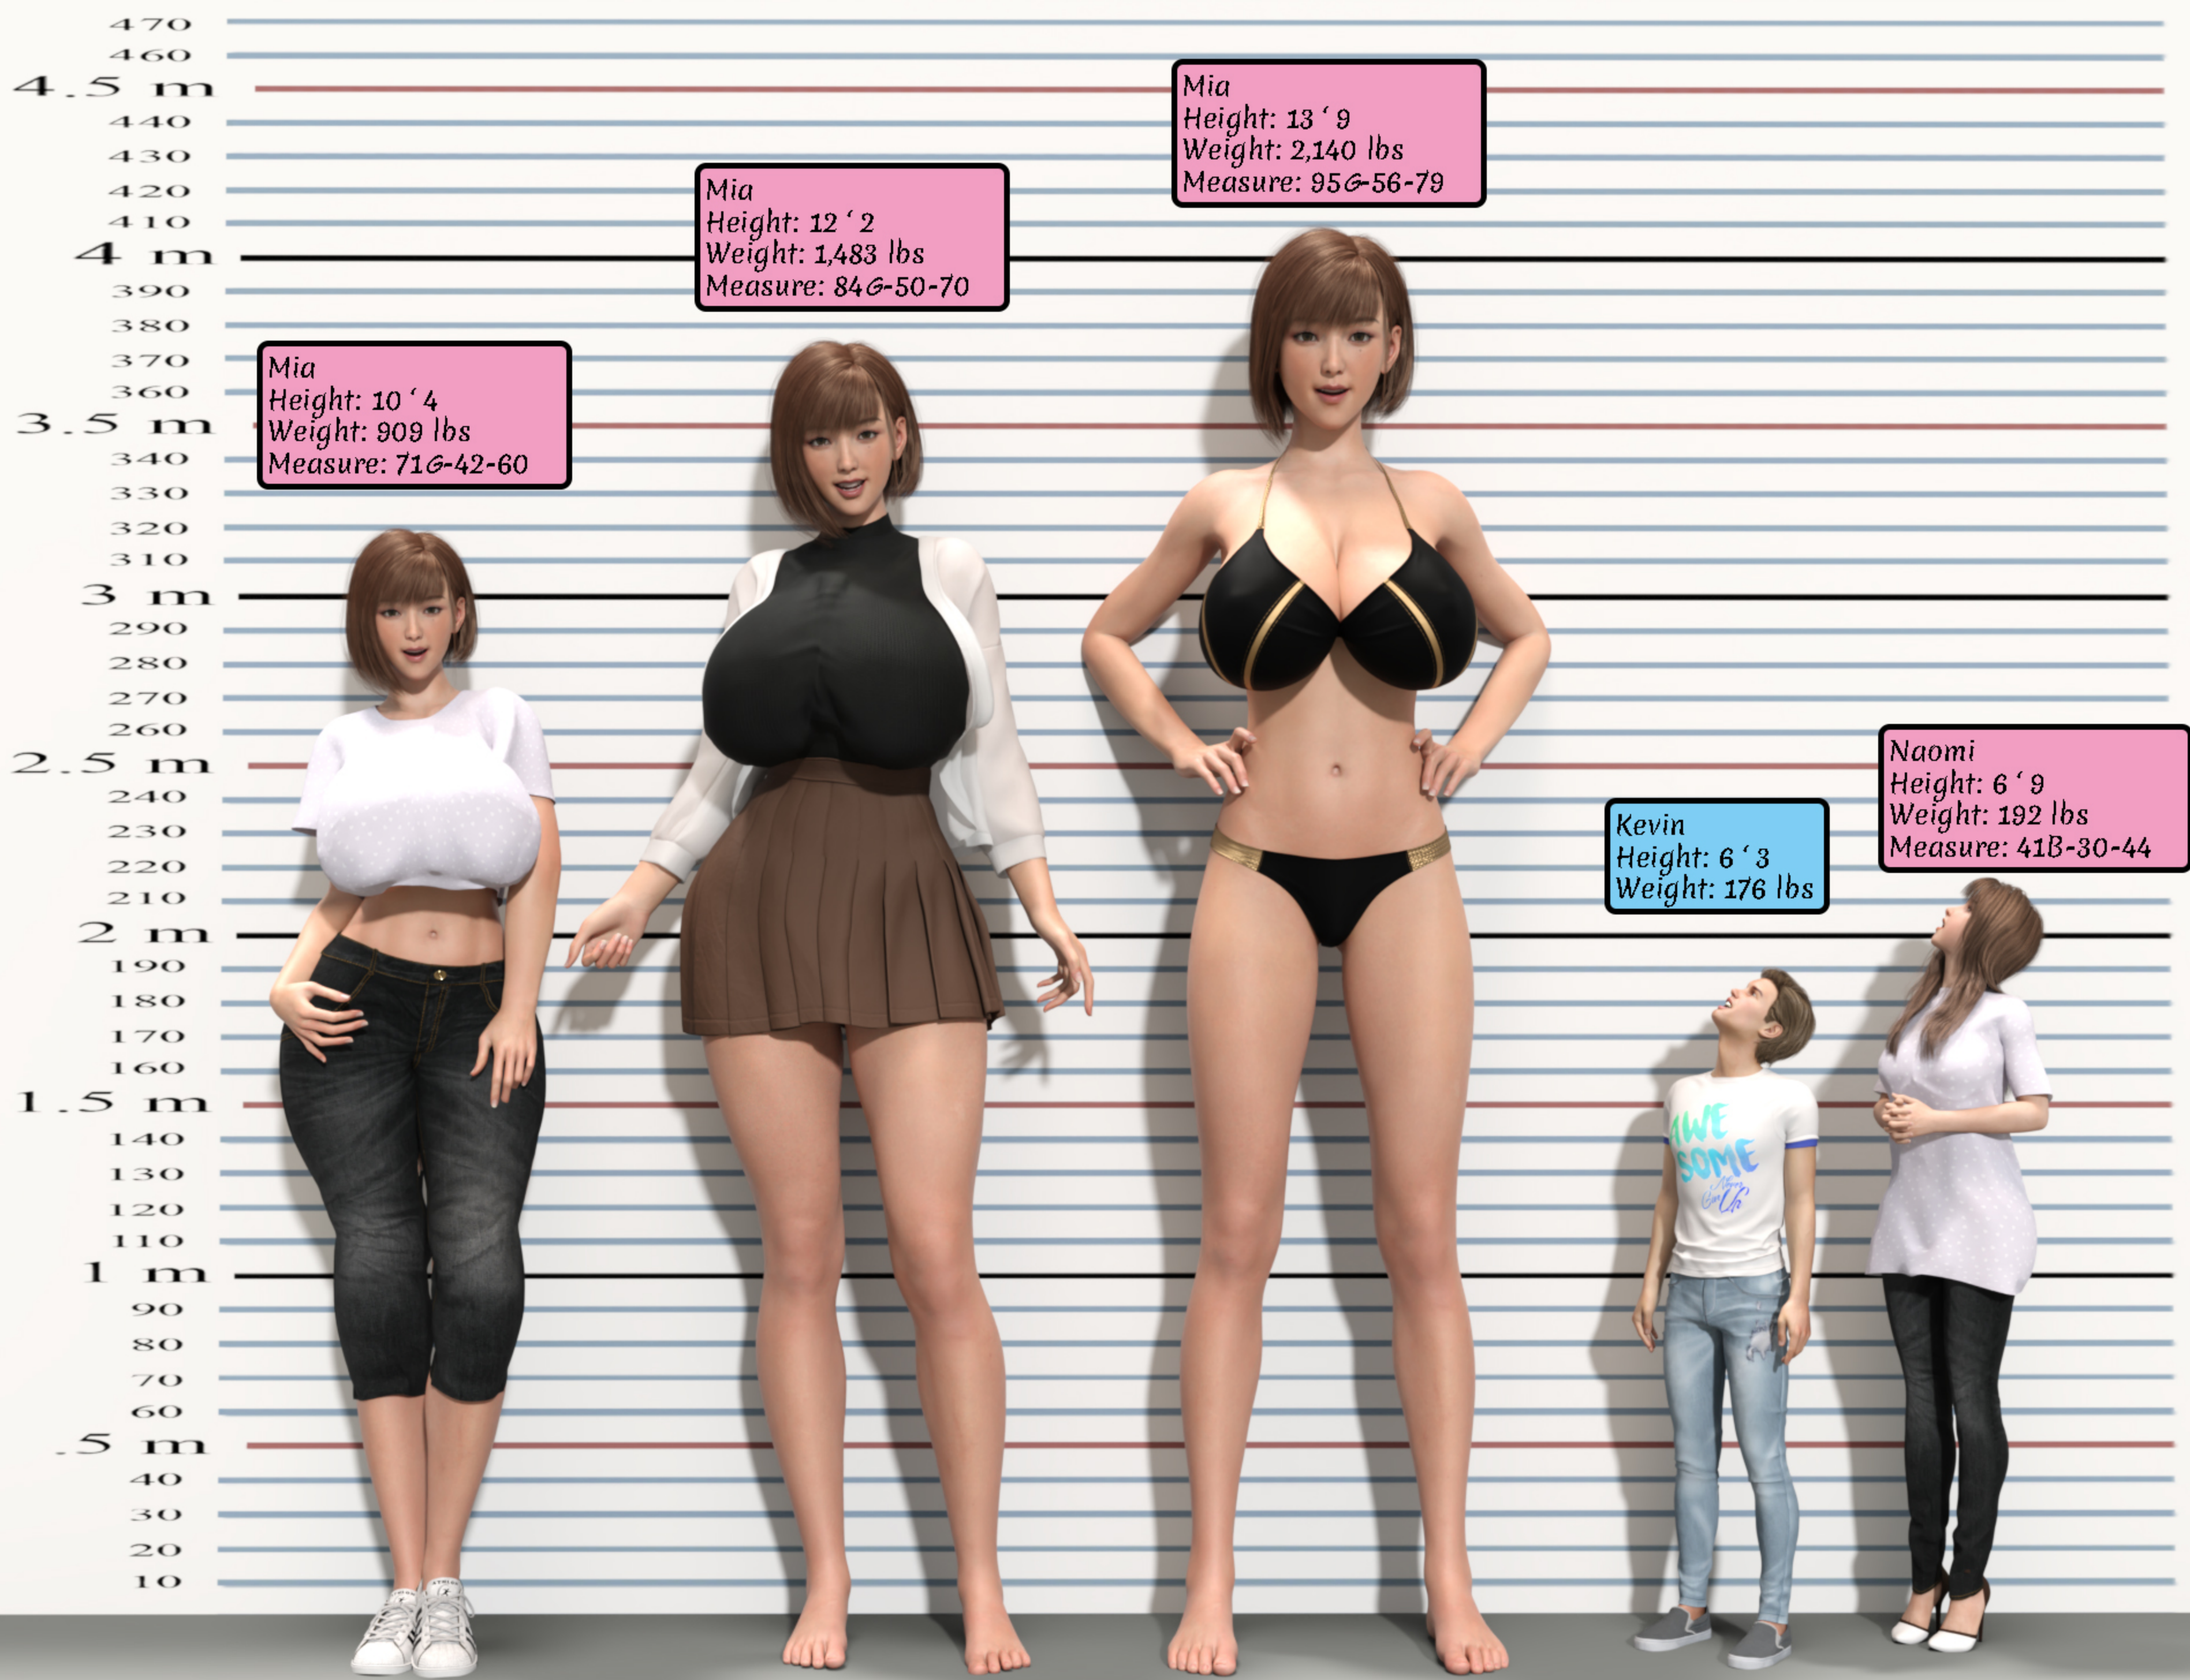

*39. Mia suddenly arose from the water. She was so close that Kevin had to grab her in order to keep himself from getting under. When Mia finally stood up to her towering height, the pool water was only as high as her mid-thigh. Kevin was now dangling helplessly from one of her bikini bra cups.*

*40. Mia's bikini was only designed to accommodate big breasts but not an adult man. Suddenly, the bikini bra gave off and it fell with Kevin into the pool. Mia involuntarily screamed and immediately covered her breasts.*
