Once upon a time, a young man found an amulet…

Window Wishing VII
Kingdom Journey Arc I

Previously on Window Wishing we saw how Erik and his girls had a costume party at home. During said party, Katarina ended up wishing for this whole town to be Erik‘s kingdom and all inhabitants would be his slutty adoring fairy and elf subjects. Five days have passed since then and Erik is enjoying life as the fairy king… bunked up in his palace having one orgy after another. But now it is time to visit his kingdom… getting to know the people… ☺

Cast of Characters:

Erik …	~~A young guy with a boring job~~ → **The Fairy King!!**
Veronica …	A woman visiting the fairy kingdom as a tourist
Erik‘s inner circle …	Most of the girls we have seen so far
Inhabitants …	Various fairies and Elves who are subjects of the fairy kingdom
Tourists …	A mother and daughter (still human) visiting the fairy kingdom

Several days after the Fairy Kingdom has been wished into reality a woman arrives at the Kingdom's train station to visit the miraculous sights.
Of course, thanks to the power of the wishing amulet, nobody except Erik and his girls know this. For everybody else, including this woman, the fairy kingdom has existed for a very long time...
So, this really is all just about a tourist visiting a special place on earth... or is it now?

She knows all the important places in the kingdom and can help you navigate through town.
A tour fairy is like a guide.
Hey! Don't sell me short!
I'm also a great companion.
And trust me, there are places only a fairy can show you in this town!

Hi!
I'm Rebecca but you can call me Becky.
What's your name?
You have never seen a real fairy, have you? I can see it in your eyes.
Let's hit the town together. I know all the hip places! We'll have so much fun!
What say you?
I... I'm Veronica.
No...

Can you show me to the king's place?

I couldn't call myself a tour fairy if I did not know that place!
The castle? Of course, I can!

I'll take her.

Glad to hear it. Will that be cash or card?
Do you take Dollars?
The kingdom's currency is gold and gems.
But yeah, most places will accept dollars as well.

So... If Becky here does a good job, maybe give her a little rub?
Though not the monetary ones. They prefer sexual favours.

Errr. Yes. Our tour fairies are paid wages, but they also love tips.
Tell her about the tips!
I... will keep that in mind...

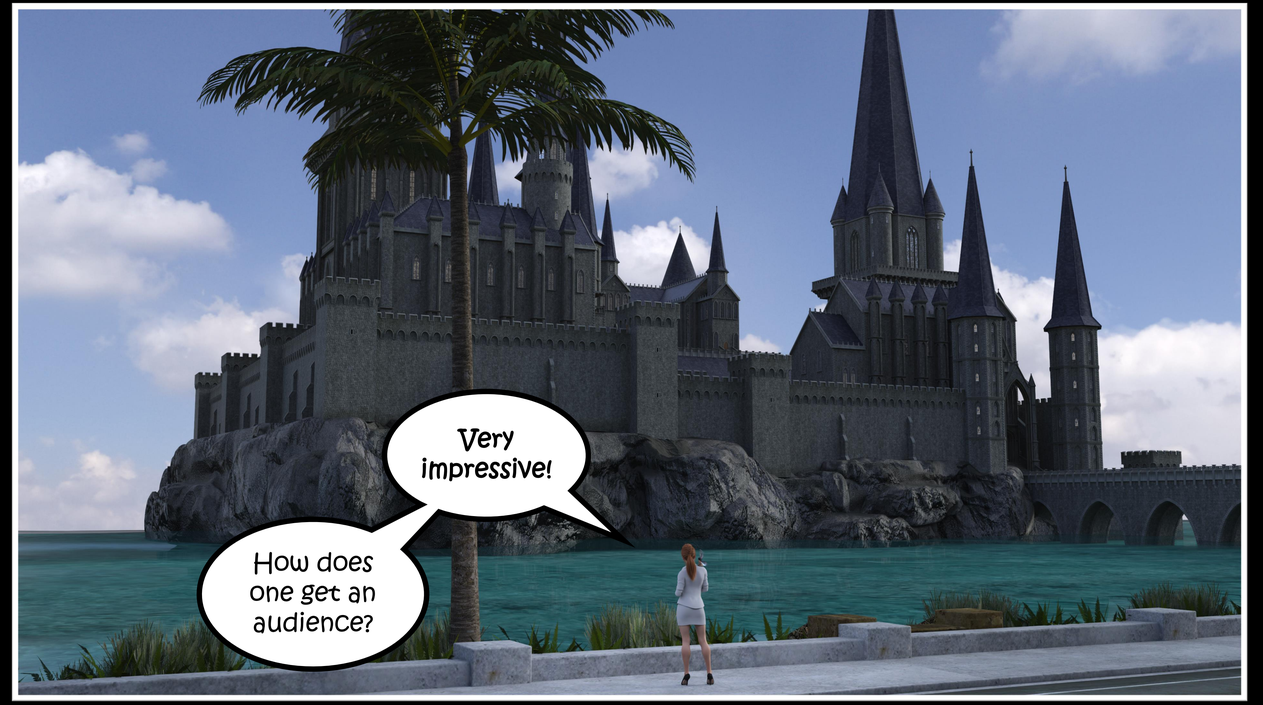

Having hired the tour fairy for the day, Veronica and Becky head out of the train station.

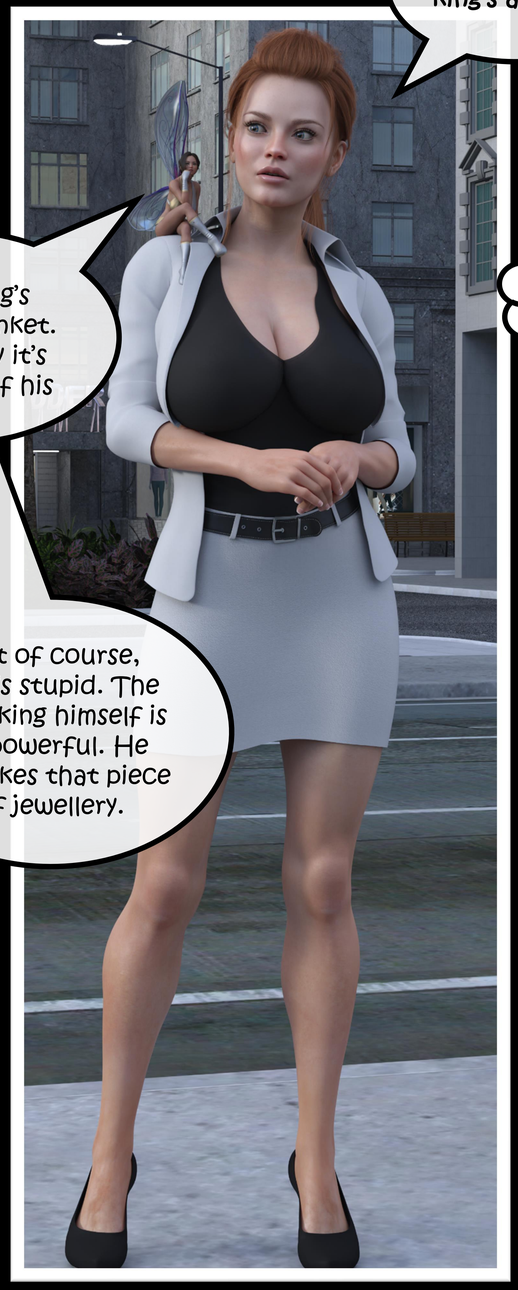

The fairy king's castle.

Potent fairy magic keeps it safe from the sea.
The castle was built aeons ago.

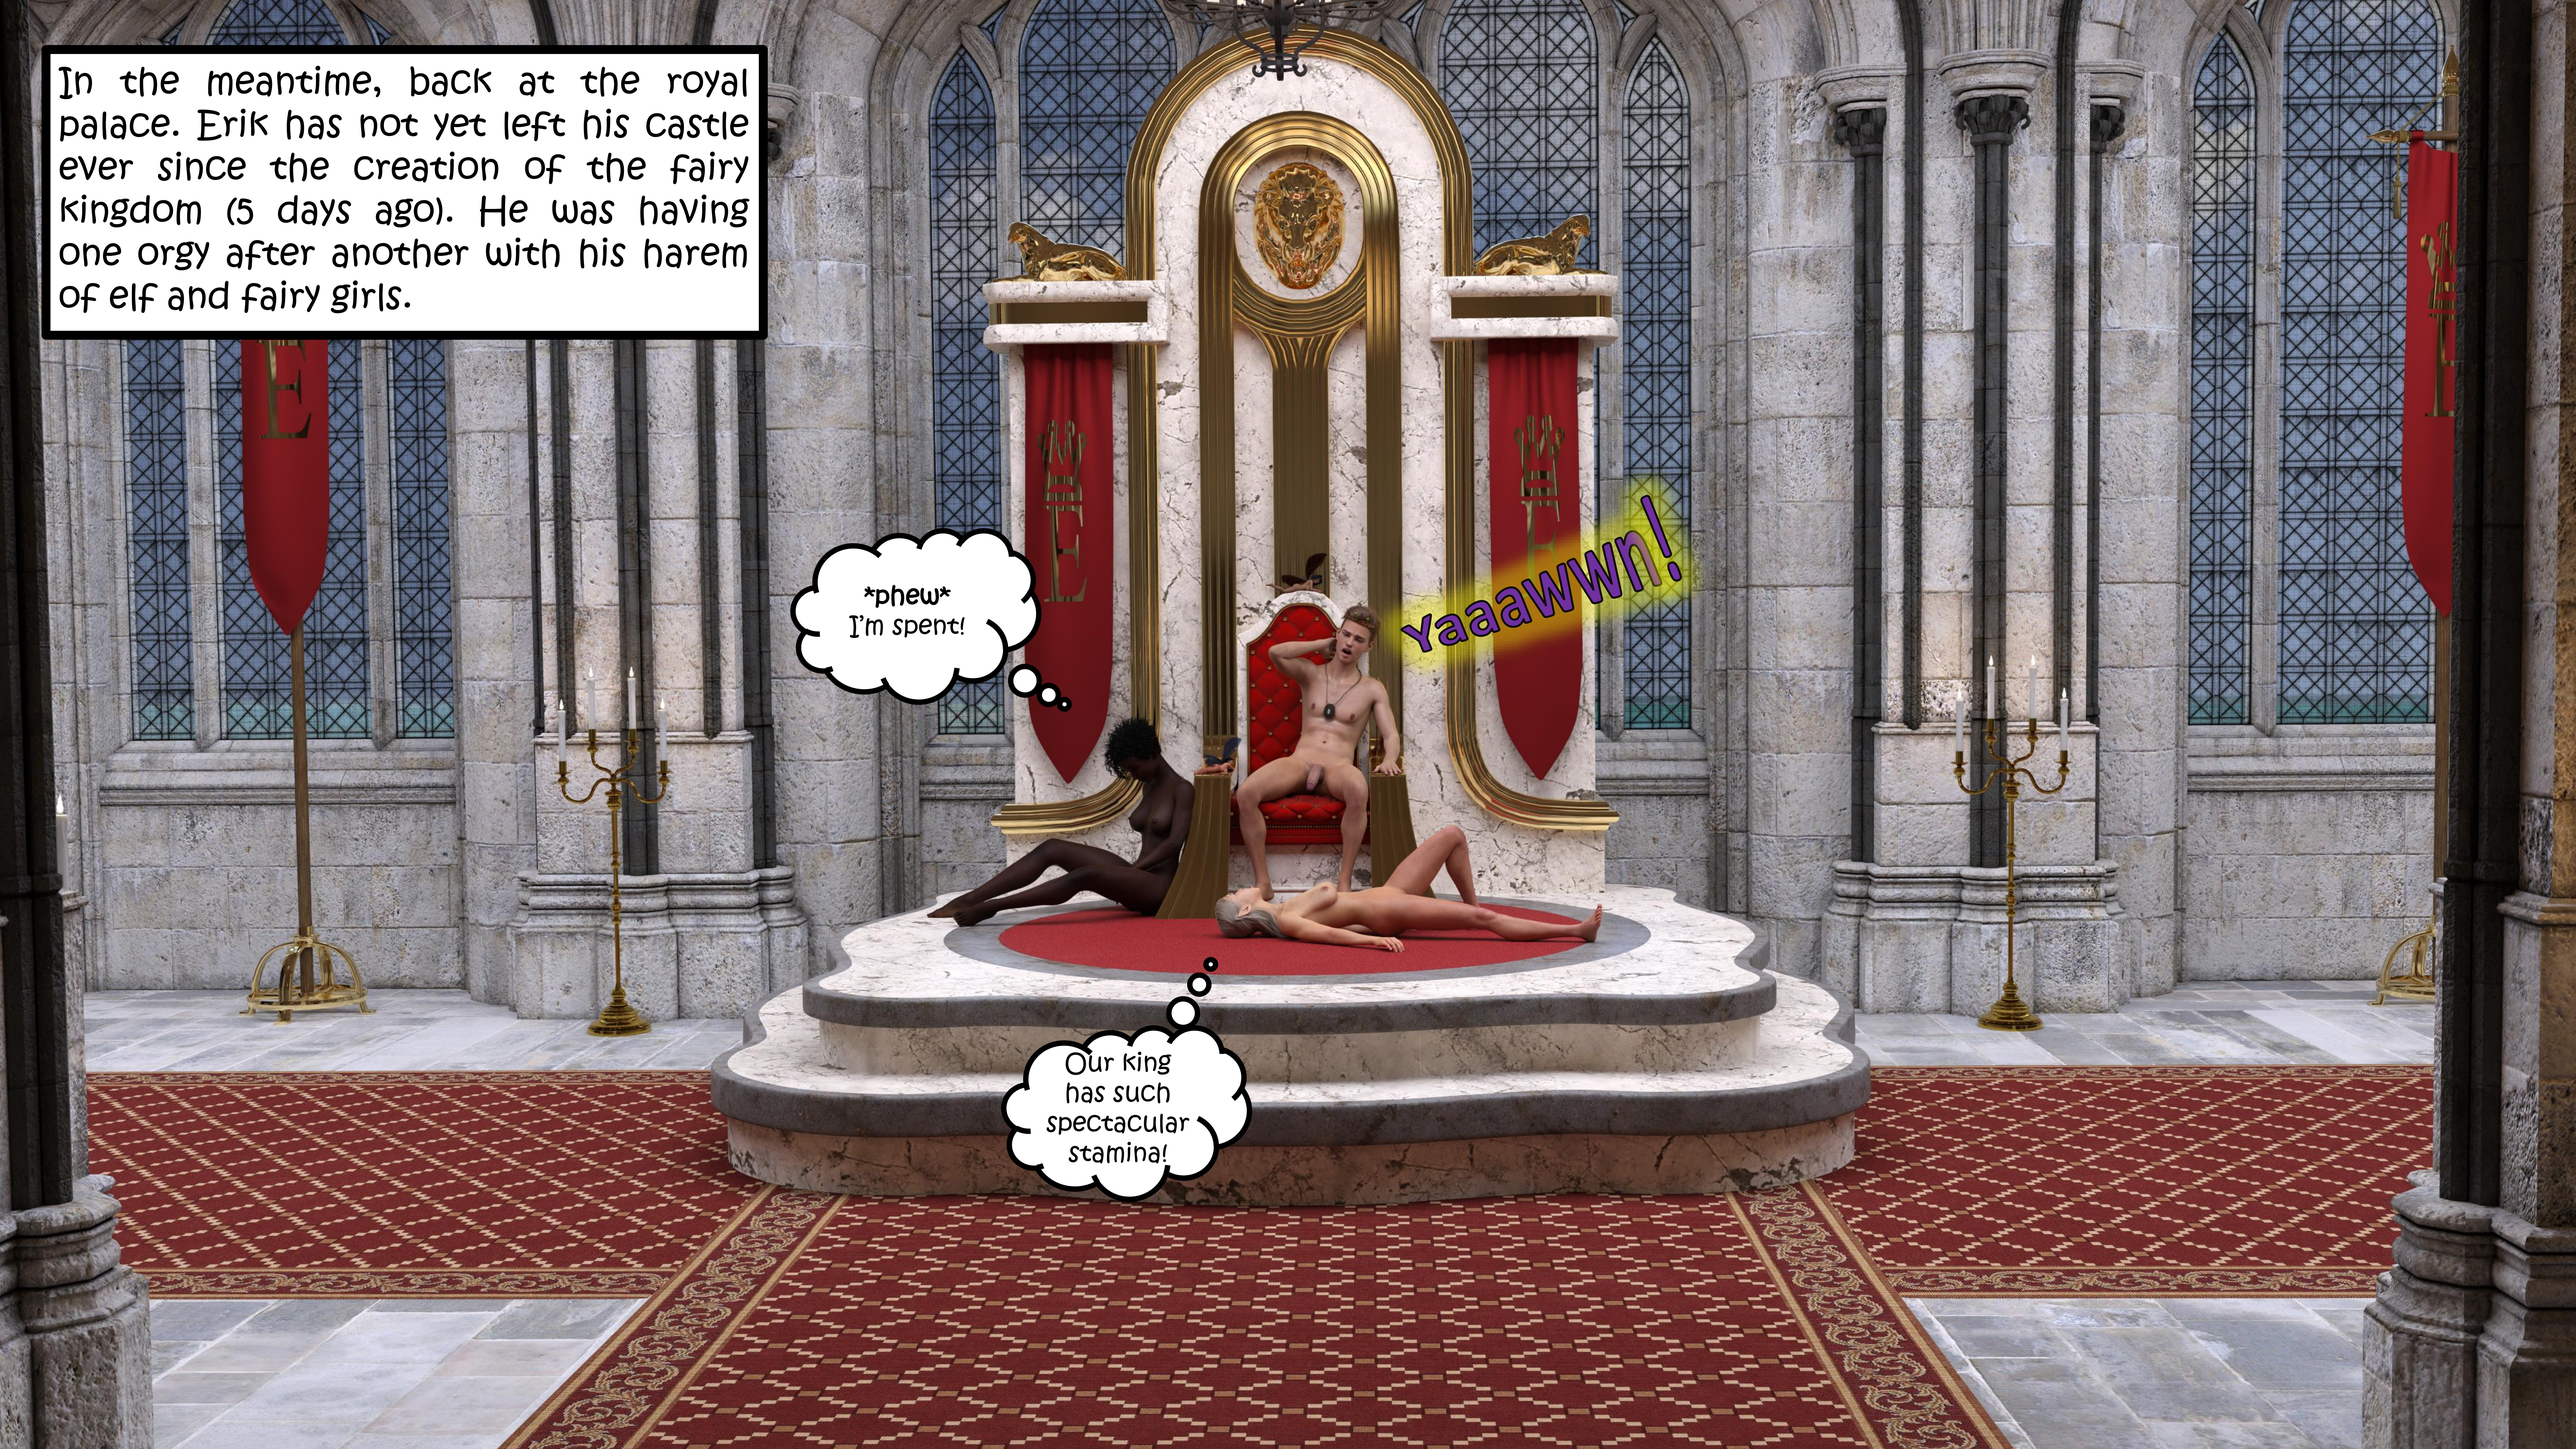

Very impressive!
How does one get an audience?

With the king? *giggle*
Only the most important issues are brought before our king.
And certainly not today. Today's orgy day at the palace... Man, I wish I was invited to one of those one day...
A castle out there in the sea... It doesn't make a lot of sense... does it?
Was this the result of a wish?

They have everything!
And over here you can find the biggest mall in town.
Shopping Mall
So, if you'd like to buy a souvenir...
Like a replica of the fairy king's amulet, this is the right place!

They fairy king's amulet?
Yes! It's our king's favourite trinket. Rumours say it's the source of his power.
But of course, that's stupid. The fairy king himself is all-powerful. He just likes that piece of jewellery.

Oh, fairy king. *swoon*
Jackpot! Seems I've finally come to the right place!

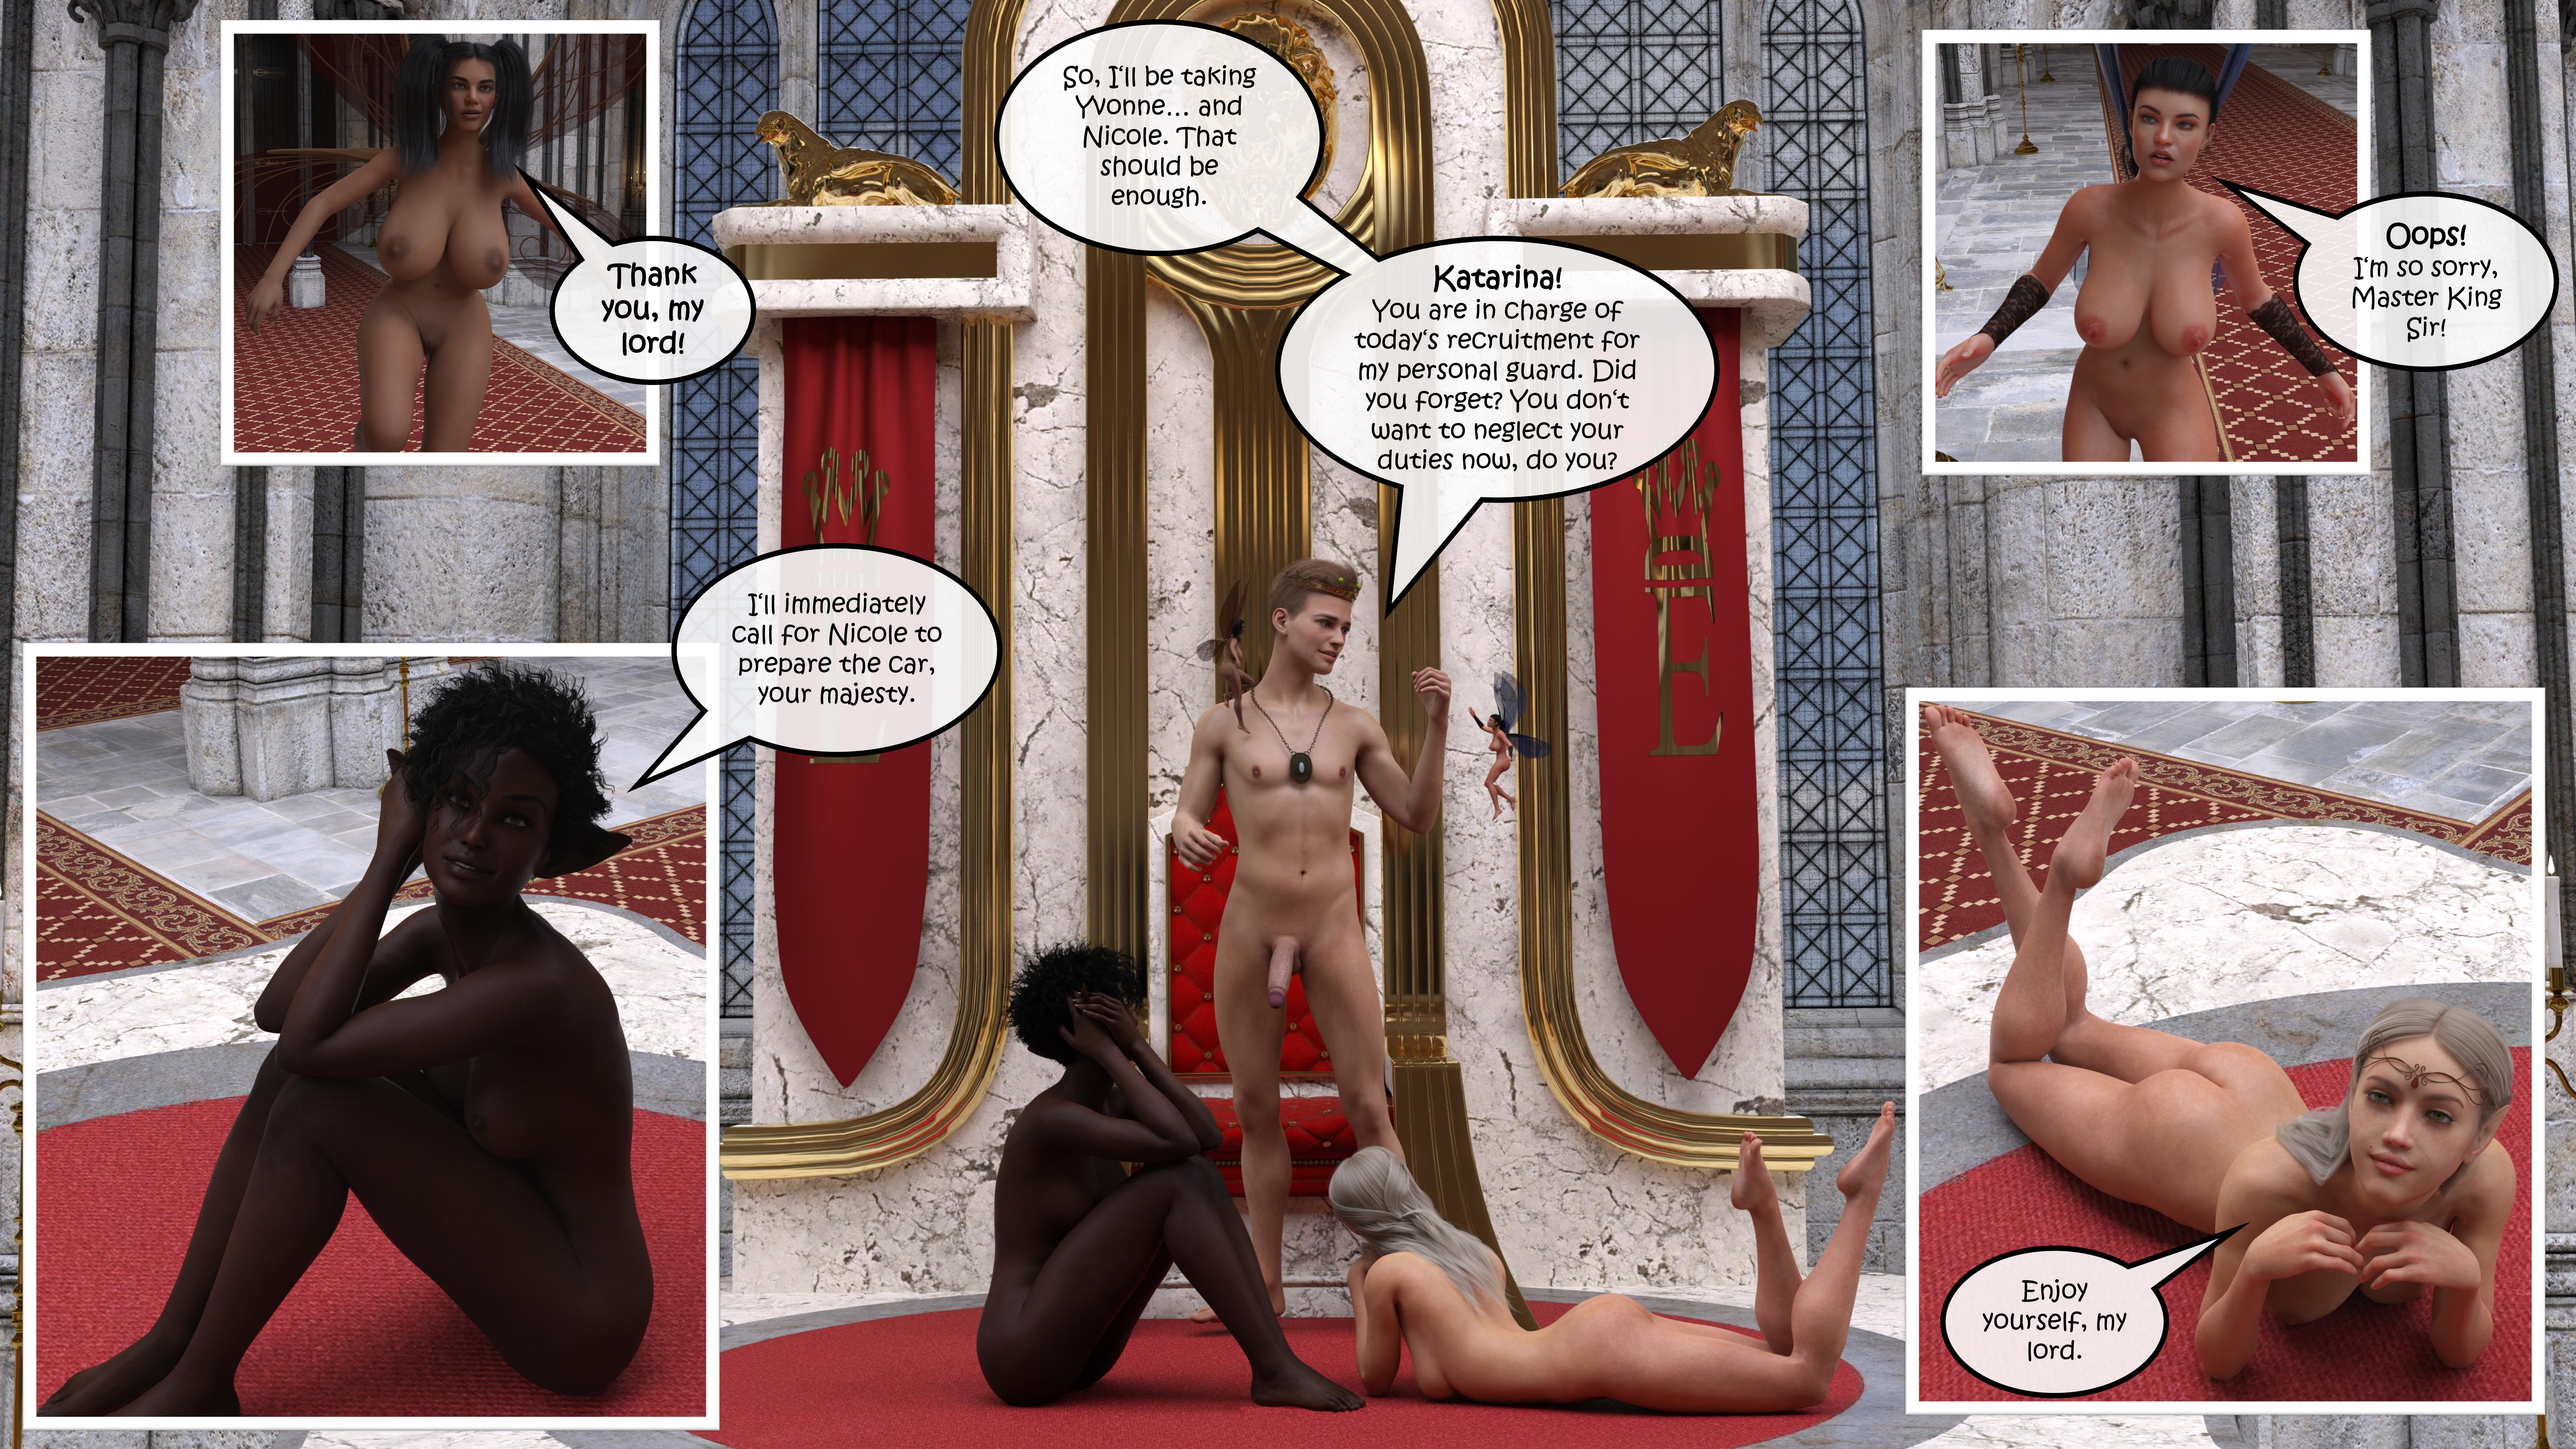

In the meantime, back at the royal palace. Erik has not yet left his castle ever since the creation of the fairy kingdom (5 days ago). He was having one orgy after another with his harem of elf and fairy girls.
phew
I'm spent!
Yaaawwn!
Our king has such spectacular stamina!

Alright!
I hereby declare,
enough pleasure!
It's time for me to take a look at my kingdom!

Let's see all those wonders that are now reality!
Let's see all the fun places you girls have wished into reality!

And all those sexy devoted elf and fairy girls?
Can I come with, my liege?
Those too Yvonne, those too.
So NOT exhausted! I could go for hours still!

Yvonne surely is too exhausted from that orgy just yet.
No! Pick me, oh great fairy king!

Thank you, my lord!
So, I'll be taking Yvonne... and Nicole. That should be enough.
Katarina!
You are in charge of today's recruitment for my personal guard. Did you forget? You don't want to neglect your duties now, do you?
Oops!
I'm so sorry, Master King Sir!
I'll immediately call for Nicole to prepare the car, your majesty.
Enjoy yourself, my lord.

The car is ready, your majesty.
Once you are back, we should talk about putting that amulet into a safe space.
We wouldn't want anybody to steal it!
Evil foreshadowing?

Now... with all my subjects being 100% loyal to me and nobody but you girls knowing about the amulet...
The Chances for that are pretty slim. But you are right we should store it securely. I don't want to lose it after all.
We will do that once I'm back.
Yes, my lord.
I can't believe you are going to have all the fun... it was my wish after all!
Well... two things.
First: Life isn't fair.
Second: Ha-ha, Blaehhh!

Of course, guys! I will take good care of our king!
LET'S GO!
Drive safe, Nicole!
Bring home some cute fairy girls to toy with!
These elves tire too fast!
See, you later, girls.
Have fun, my liege.

Like that one over there!

Just listen to that wonderful music.

There is something new to see her every day!

Street artists often perform here.

Central park! It's a great place with lots of nature. 3

The next stop for Veronica and her fairy guide is a beautiful park amidst the town. 1

Where are you taking me now? 2

Lovely music soothes through the parc originating from a giant harp played by a dark elf. Around her, several fairies are dancing in the air.

The elf smiles at the newcomers and keeps playing her magical tunes.

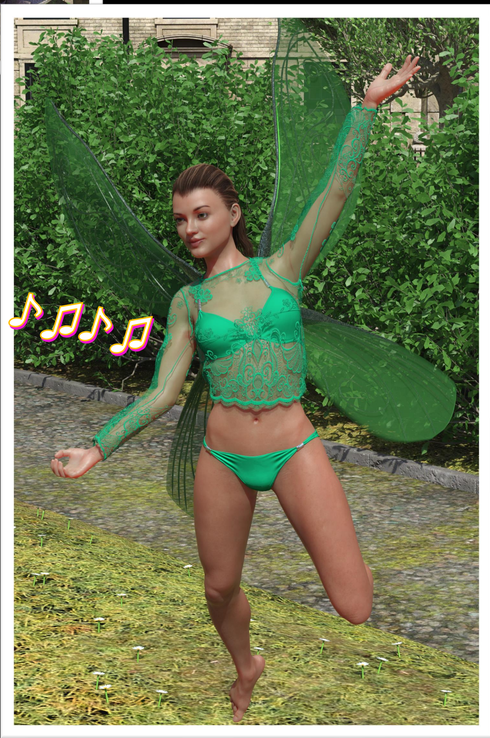

One of the fairies invites them to stay, and so Veronica decides to watch the dance a little.
Stay a while and listen.

As the music intensifies, the fairies' flight grows wilder and faster.

Do you like that, little one?
Oh, god yes! Please, keep playing!

What exactly am I looking at here?
The elf artist is playing a magical Instrument.
It's vibrations are felt by us fairies and can transmit emotions.
And this one... mhhh... she is hitting all the right tunes!

kiss

What kind of emotions is she currently playing?
Pure carnal desire...
moan

So... those two are not like together?
Don't think so. It's probably just the music.
But we fairies are a horny bunch.
No biggy!

And you are sure about the music? 1
I mean... It's beautiful. But I don't feel anything of what you describe.
Positive. *Moan* Humans are just less prone to these fine sub frequencies... 2

One of the fairies has taken a seat on the harp and started to masturbate to the tune. The artist smiles at her, taking her action as applause – after all what purer form of appreciation is there?

The other two had already shed most of their clothes and were enjoying some finger magic mid-air!

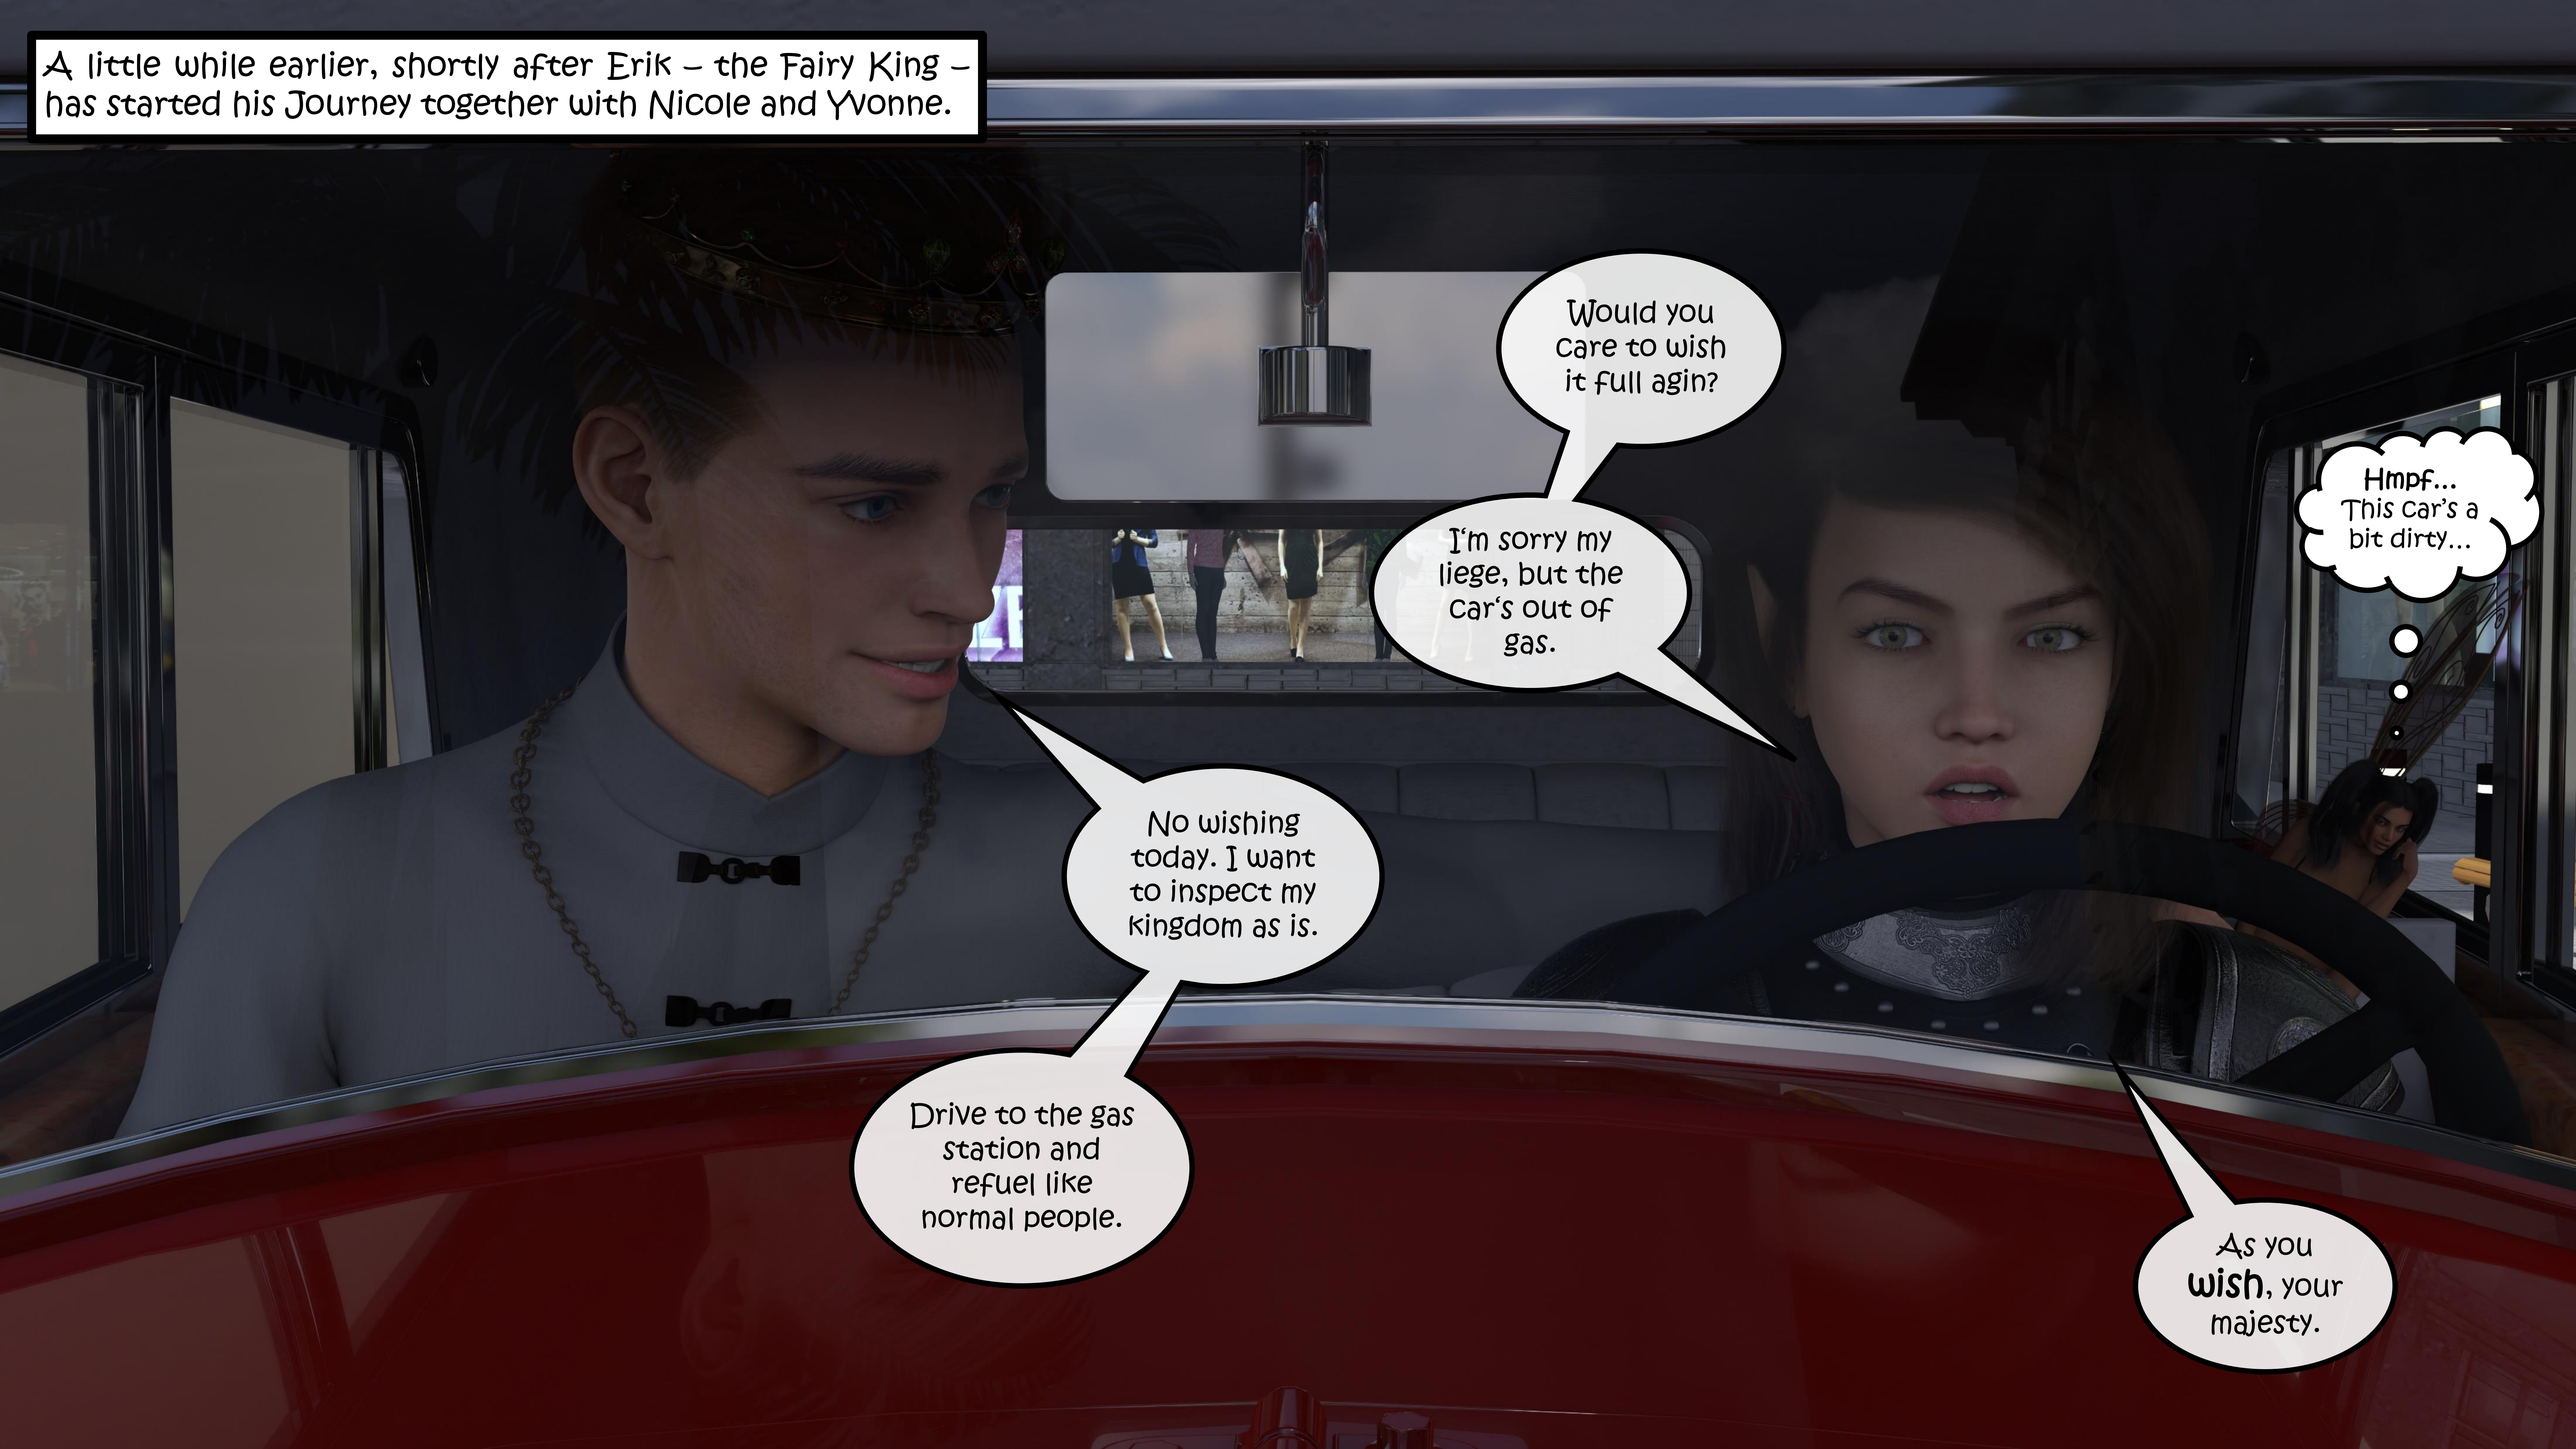

Soon they switched into a sixty-nine Licky licky position... also mid-air.

suckle

Veronica wonders if that is really resourceful. Flapping your wings all the time while eating out a pussy must be distracting... But... on the other side... laying on your back on the ground might be unpleasant for the lower fairy seeing as they have wings... But Veronica's attention soon turns to more urgent matters as she feels her shoulder... getting wet?

Are you masturbating at work?!
Then why does my shoulder feel wet?
What?! No! I would never!
Err... You must be imagining things.

Oh, look! Let's go there next and get a coffee.
They have the best milk in town! Promise!

Alright!
A coffee does
sound good.
Soaking wet!

A little while earlier, shortly after Erik – the Fairy King – has started his Journey together with Nicole and Yvonne.
Would you care to wish it full agin?
I'm sorry my liege, but the car's out of gas.
Hmpf... This car's a bit dirty...
No wishing today. I want to inspect my kingdom as is.
Drive to the gas station and refuel like normal people.
As you wish, your majesty.

Having arrived at the nearest gas station, the first thing our girls notice are two human tourists arguing.
It's fucking boring, mom!
There is not a single boy around!
Don't be such a brat now!
Every girl would be delighted to visit fairyland!

It seems Yvonne has taken an interest in them...
Really?
That's why you are dressed like a slut? Boys?!
Everybody knows that elves and fairies are strictly female except for the fairy king himself!
Did you learn anything in school?!

Hey! What are you up to?
This calls for a wish!
Master said no wishing today!
Even a king can change his mind.
Mischievous little fairies!

What's wrong?
... Fine! Waiting is boring anyway!

My lord. Emergency!
See those two tourists over there?
They do not appreciate your marvelous kingdom!
May I use a wish to show them the beauty of our city?
Also... our vehicle could use a car wash!

I wish those two were sexy sisters with big tits and butts working here – washing cars!
