

Take some time to get to know your team but make sure you're back here on time, or we'll start without you.

I'm Hana nice to meet you...?

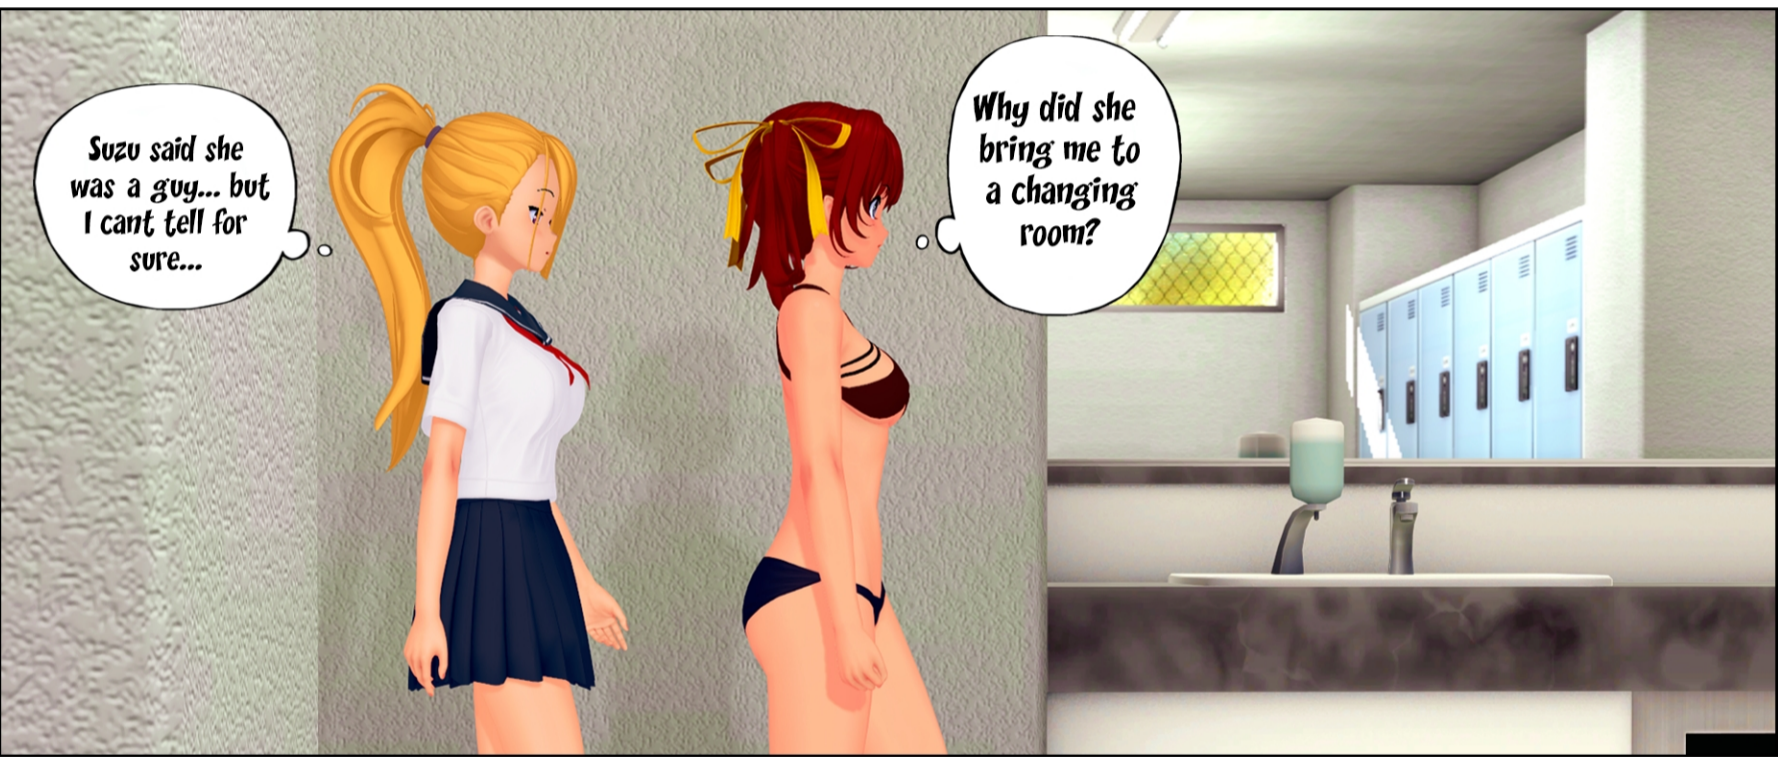

It's Leona. Nice to meet you as well Hana

My name's Risa but you already knew that. We should get going.

She's become a lot more comfortable with girls recently. Good for her.

Suzu said she was a guy... but I cant tell for sure...

Why did she bring me to a changing room?

Hana will be back soon I sent her to grab some stuff for us.

Huh, oh okay... Is she staring at my chest?

They're quite big are they real?

...Is she asking if my breasts are real? I guess...? Maybe? How do I answer this...

Yes... Why?

Eh?!

Grope!

Hey! No fair I wanted to touch them as well!

You can do it later did you get the stuff?

I-I guess this is normal behaviour for girls... It still feels weird though.

Yep! Found one that should be large enough! It was tough getting a bigger bust one though!

Good. You should get changed quick Leona we dont want to be late.

Get changed? Into what?

Later...

Umm...
So, uh why
am I wearing
this?

It was a bit
odd she came
in her Bikini...

There'll be a lot of
guys around and
plenty of moving
so let's avoid
any wardrobe
malfunctions or
wandering eyes.

I see.. B-But
why this outfit?

**It's cute!
And not like
we had anything
else on hand.**

**I guess...
she's not wrong...
I'm still not totally
comfortable in a bikini.
But this uniform? It's
embarrassing for a
whole different reason**

So... Is it true?

Is what true?

You having a **Penis**

Wah?!

Hmm... with a reaction like that, I guess it is true.

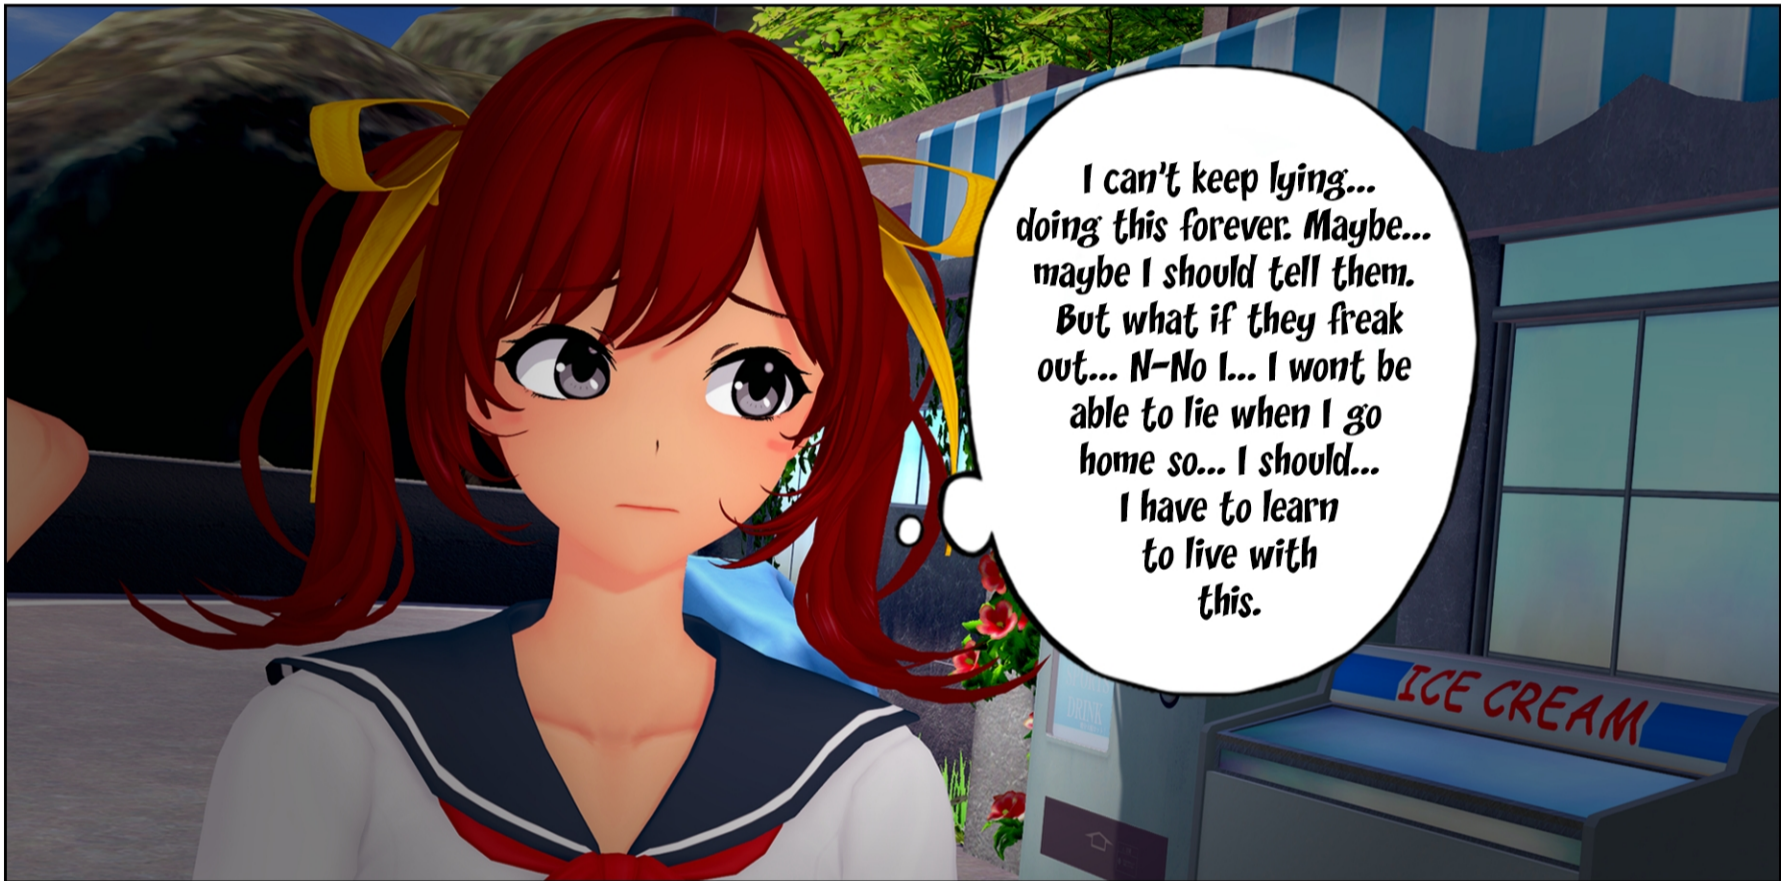

I-I Uhh!
D-Don't!

Of course not..

Haha I was just joking~

Hahaha...

I can't keep lying... doing this forever. Maybe... maybe I should tell them. But what if they freak out... N-No I... I won't be able to lie when I go home so... I should... I have to learn to live with this.

I have a Penis!

S-She has a penis?

W-Why did I just do that! Whats wrong with me!

7 - 9
16 - 18

Is it big? Can I see it? Oh! Can I touch it?

I kind've want to see it as well.

Y-You're not going to make fun of me?

7 - 9
16 - 18

Y-You let her feel you up so! Please let me see it! Please!

Why would we? Who would even do something like that?

If your going to show her show me as well.

They're not even fazed?

I was ready for them to laugh at me, to make me feel small... I thought I'd be nothing but a joke. But... they're not acting like that. They're still treating me the same

Eh?! Look what you did Hana stop asking to see her passion giver!

What are you talking about you also want to see it Risa!
