

A few days later...

I'm so bored...

Why didn't they just let me go with them...

KNOCK!
KNOCK!

Huh?

Back already?
That was fast.

Good morning, Leona. Hope I'm not too early! Is Mei up yet?

Mei left a few minutes ago. But why are you here?

Ah, that's unfortunate, but if you're up to it, we can continue without her.

Continue what without her...?

The administration of the medicine, obviously.

Then... It's done?

Yep. I'll observe you just for this first time.

I-I can't believe it... Finally, I... I can...

Listen carefully. Since this medicine is a **suppository**, you'll need someone to assist you with administration. Furthermore, the risks of misuse are significant expect potential body changes and mood swings. Remember! strictly one per day, never for more than two consecutive days.

S-Suppository...

W-Wasn't that... Um... Does it have to be like that...?

It does. Now, let's go inside. We don't want you stripping out here.

Almost... And...
In! Now all we
do is wait.

MHM...
MHM...
AH...

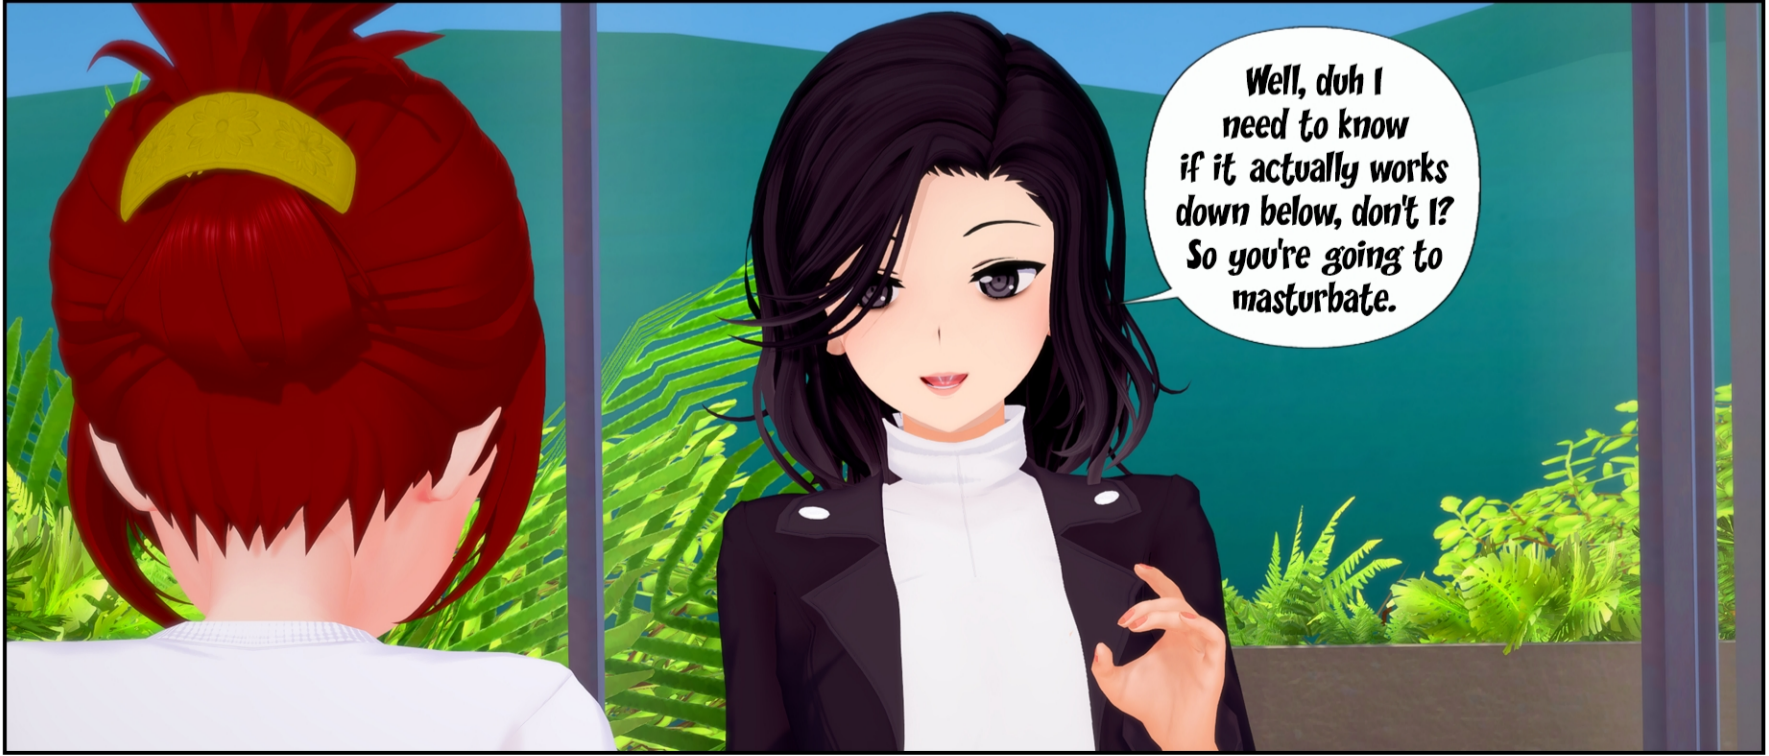

She's just
staring at my...
I wish she'd look
somewhere
else...

It should kick in
within five minutes
of consumption
and the effects will last
a few hours. Once it
starts getting hard
we can test it.

Huh?
Test it...?

Well, duh I
need to know
if it actually works
down below, don't I?
So you're going to
masturbate.

Uh... say that again? I must have misheard you...

You're going to masturbate.

Wha... Wha?!

Is that a problem, Leona?

Calm down... She's a doctor it's not like that...

N-No.. I understand... IT'S JUST A BIT EMBARRASSING...

GULP... HER BREASTS ARE SO BIG...

AHH... WHEN DID IT GET SO HOT...

It's been metabolized.

I... I FEEL
HOT IS THAT
SUPPOSED
TO HAPPEN...?

That sensation is
within the expected
side effects. Don't
worry. You will be
fine.

THROB...

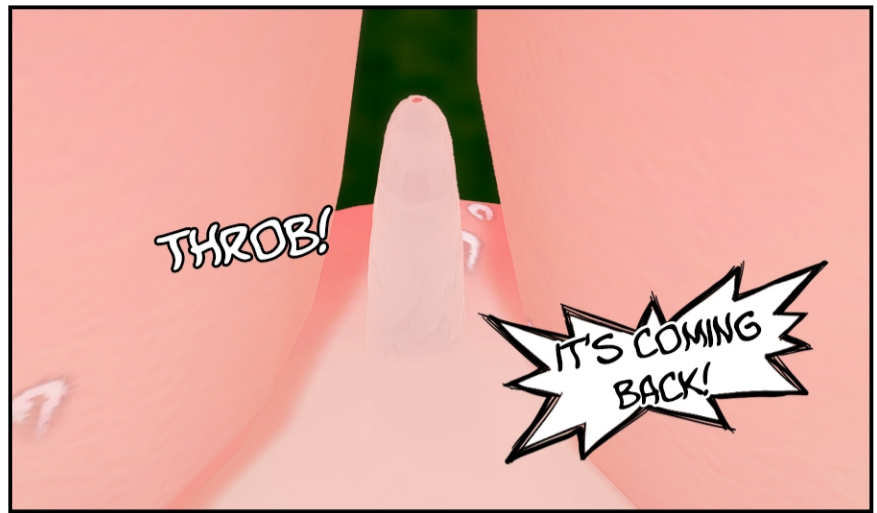

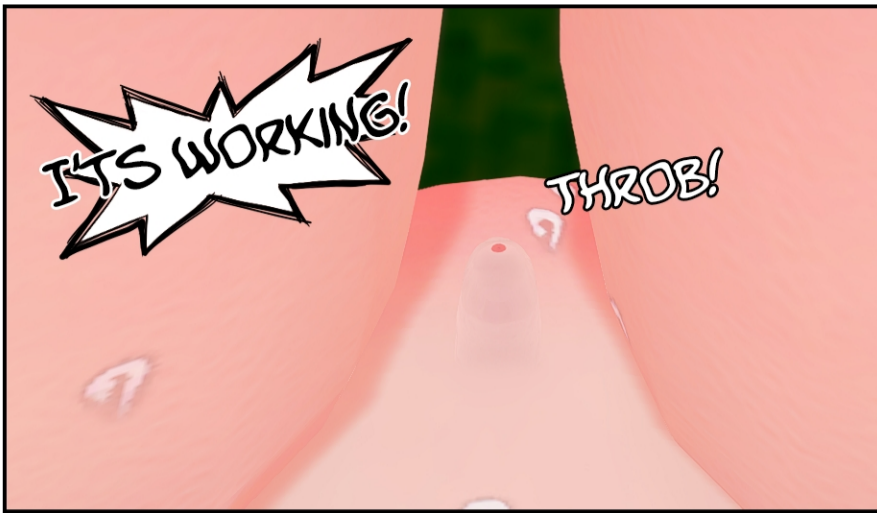

T-THIS
FEELING!

THROB...

THROB...

THROB...

Unless...
was this your
size before?
Perhaps it
did work?

N-No! Mine
was... bigger...
W-Will it not get
bigger?

I see. Don't
worry. This simply
means I need to
tinker with the
dosage.

But what
about the
side effects?

Don't worry
about that.
That's my
job.

Now, aren't
we forgetting
something?

IT GOT BIGGER...
EVEN IF IT ISN'T BACK
TO NORMAL YET...
IT GOT BIGGER.

AH.. YEAH
THAT... I-I'LL
S-START
NOW...

FAP...
FAP...

FAP... FAP...
FAP...

I CAN FEEL IT...
AHH... IT FEELS
SO GOOD...
MHM!

Oh? That
might prove more
useful for testing.
