

Sakura Station.

Speak, Lilit. Why are you here?

It was strange that no one came to pick me up. She must've interfered.

Is a last visit not customary, when one has decided to walk away?

Ha. So the famed Lilit is retiring

Famed, yes. And get, knowing that, you still chose to meddle with me.

CRACK!

D-DID SHE PUNCH ME?

YOU WILL NEVER

TOUCH IT.

MINE.

MINE.

IT'S MINE.

KILL.

KILL.

SHOULD I

KILL YOU?

KILL.

KILL.

DIE. IT WOULD BE SO EASY.

DIE.

DIE.

DIE.

NO. IT WOULD BE TOO FAST.

SUFFER.

SUFFER.

SUFFER.

I HAVE OTHER PLANS FOR YOU.

Y-OUR DEAD!
ONCE FATHER
FINDS OUT!
THERE'S NO PLACE
YOU CAN HIDE!

True. That's why I slipped into your home and copied everything by now, the government has your secrets.

Everything you and your family did illegally is exposed... Except me and my little toy. That stays off the record. Heh.

ACK!

CRACK!

Oh? It seems our time is up.

POLICE!
SEARCH THE AREA!

NO...

Nothing left to stand in my way. I'm coming, Leona.

Diva

PLEASE...

831-39

I'VE SEARCHED EVERYWHERE... I CAN'T... MAYBE HE'S DEAD...

WAS HE RIGHT... WAS IT ALL A SCAM? I... I HAVE TO... I CAN'T DELAY THE FUNERAL...

I was expecting the stalker to be a creep... but it's just a sad woman.

She kind of looks like... wait, wasn't she looking for a redhead?

Leo...? no, that's not him...

I thought I had found him...

Um, Ma'am are you okay? Do you need help?

Ah... Yes, I'll be fine... thank you, dear

S-Should I ask...

I-I'm sorry if this is rude, but why are you so sad?

My son... he went missing. I got a call from here... I thought maybe I could find him. We've been apart for so long...

It won't do any good to tell her he's dead.

Son...? So it's not Leona...? Wait, no... what if... oh! Did they fight when she left? Is that why she's calling him "son" and not "daughter"?

Does she want to reconcile...? I... I can't just tell her where Leona is... ugh... what do I do?

Do you love them?

What a silly question. I love them more than anything and nothing will change that.

If your son is here on the island... they'll be at the festival tomorrow. You should go.

I've already searched the island I don't think...

I... I uh!
Have seen a guy
with red hair
and grey eyes
recently...

Their name started with an L... Ahh gosh I can't remember!

L-Leon?!

I won't say their name just in case... If she knows it then...

Ah, yeah that's it!

I'll keep adjusting the dosage so we can fully restore its size. All you need to do is take it carefully and let me know if you notice any side effects.

I will!
T-Thank you!

It's the least I could do.
Have a good day Leona.

Outside the Suite

Huh?

Oh?
