

Ouch...

Sunburn is serious! Why didn't you put on any sunscreen?

I... I didn't think guys needed to do that... My skin's not that delicate...

Your not a guy anymore!

Huh?

I... I get it. I haven't really been thinking that way. I'll start acting—being more like a girl. Don't worry! Hahaha..

Hurry, we should get back to Mei before she starts to worry!

I hope I didn't upset her...

Why did I have to blurt that out... I know she has issues with that...

Was I... wrong? Is it impossible to be both... in the way I want?

Where is it!

O-Oh it's you guys...

I... Is something wrong Mei?

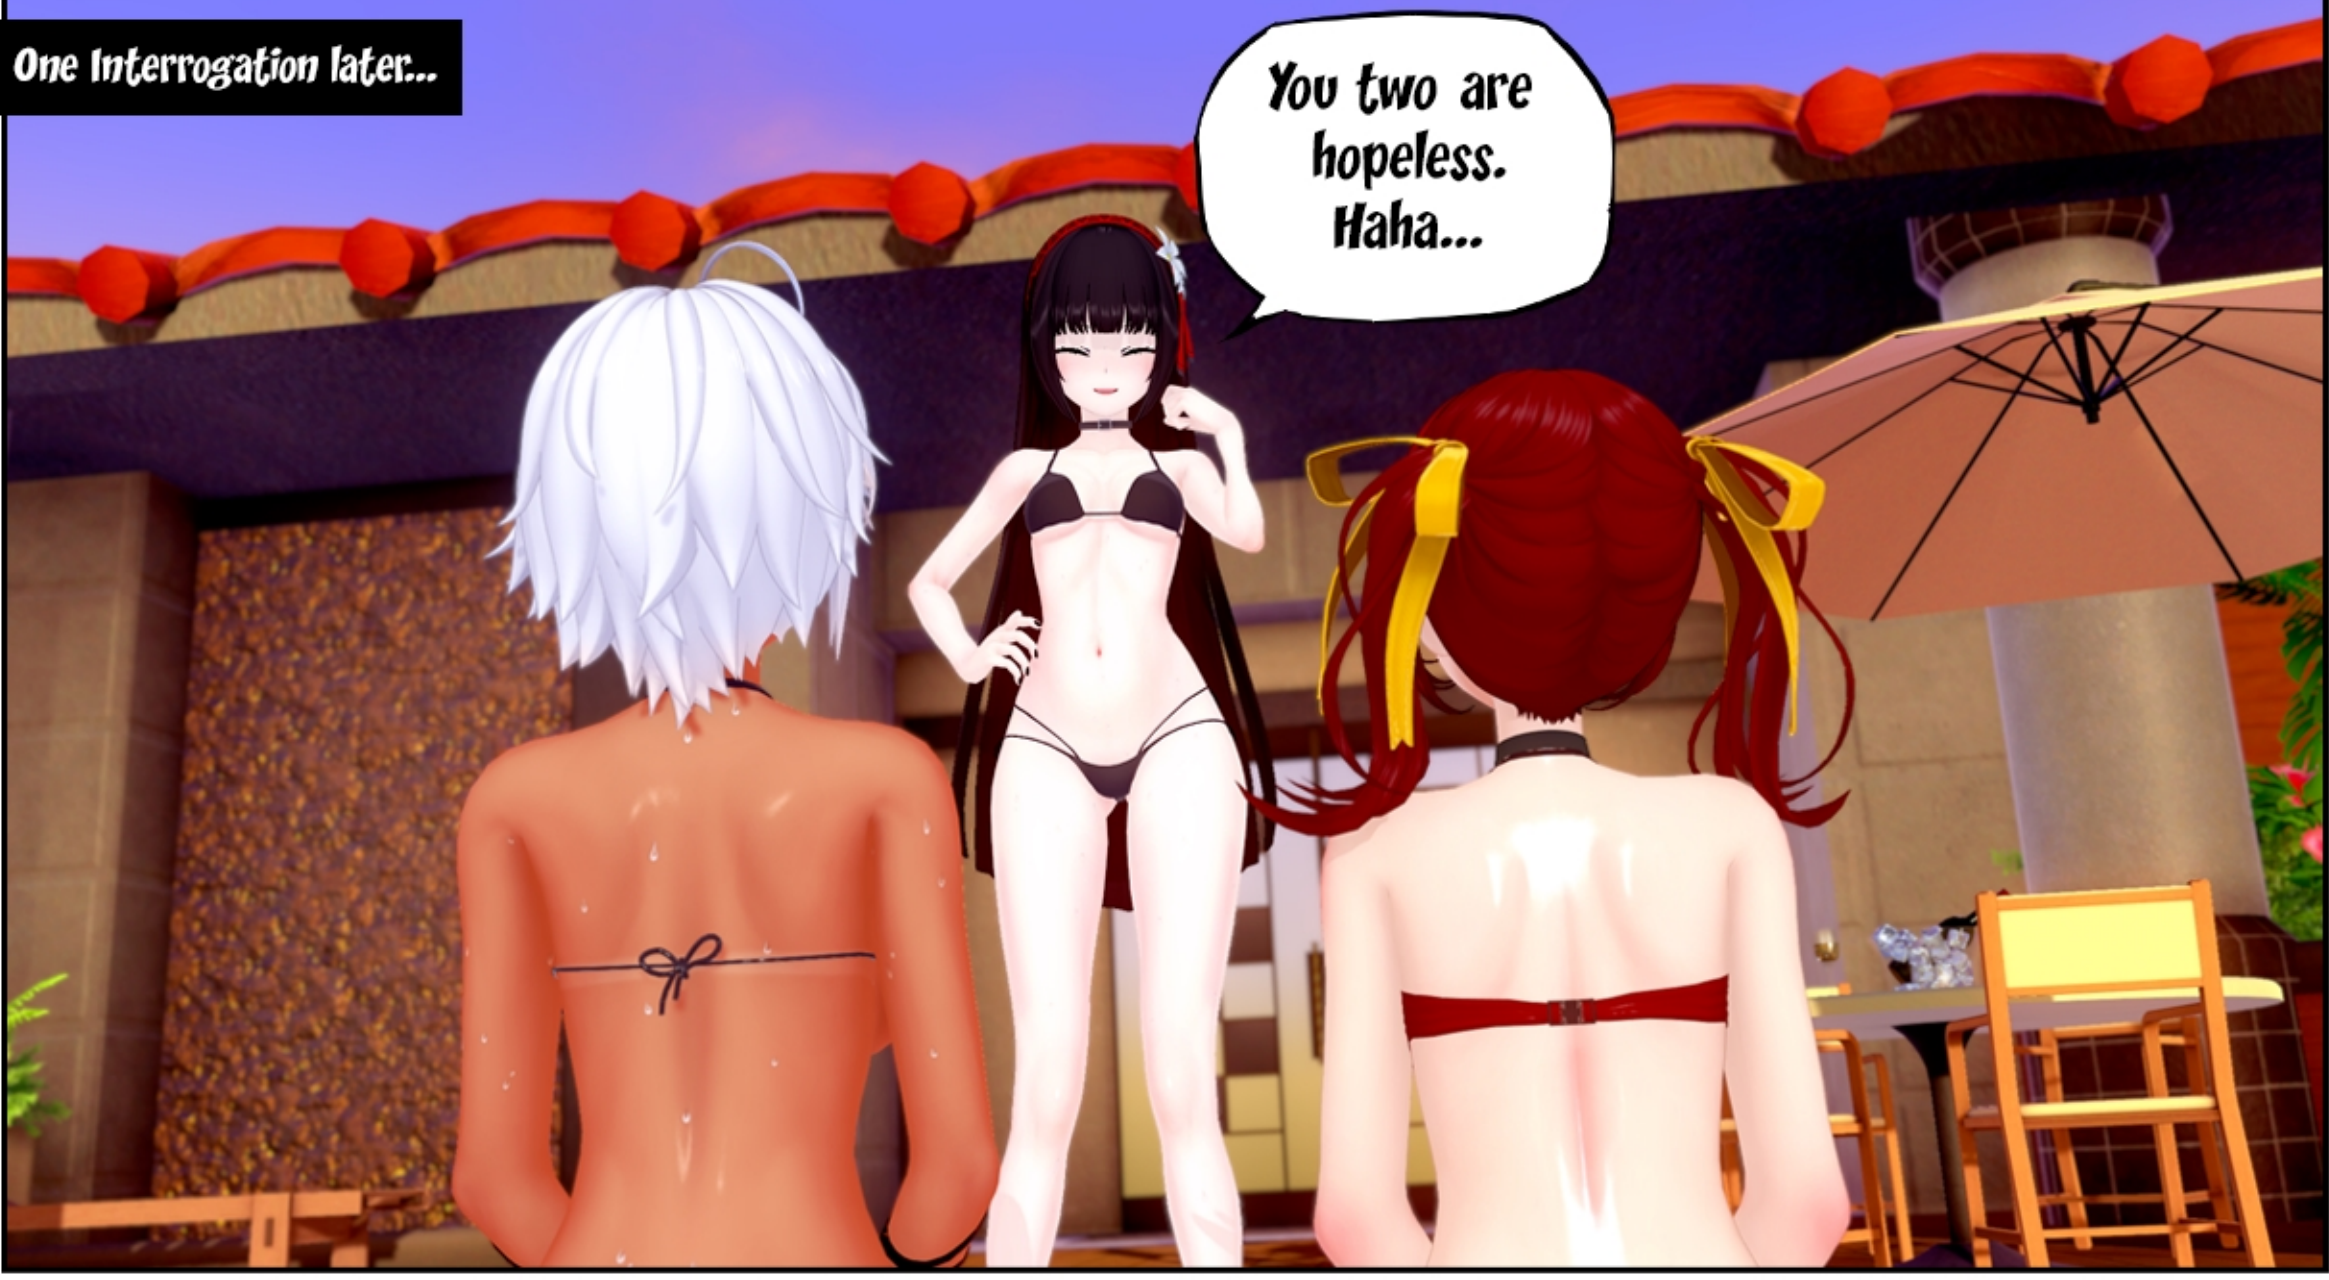

N-Nope everything is fine! Nothing missing here... Eh?

You...

One Interrogation later...

You two are hopeless. Haha...

Look, Leona, you're still biologically a guy. but that doesn't mean you can't take care of yourself as a girl. It's not about being one or the other, it's about finding balance. You're still you, just... a you that needs to look after themselves more.

Leona
Yeah... you're right. Thanks Mei...

And you, Riku... saying that was quite the mistake and for that... I think you deserve a punishment.

Riku
A-Anything... It was my fault. So I'll do anything

Well then... Tonight, Leona, you'll be the dom.

M-Me!?!
T-The dom!?!

Ohh... Dom Leona... That's... A bit weird but... I want to see it!

Does that mean I get to do what ever I want?!

Yep. And as punishment for Riku She doesn't get a safe word~

But as the Dom Leona... There is one thing you cant do.

N-No safe word... So I can do anything! To Riku... Gulp!

W-What is it Mei!

Please fall for this, Leona... I would've taken the cage off, but I lost the key... so just believe me!

You cant use your cock in any way. You must only use the toys provided.

Strap ons... Vibrators and a whole lot more~

T-Then what's the point If I cant...

Uh...?

Still... I get to do anything... I can do anything to her breasts...

Sure!

Why did I just feel a shiver...

Phew... I gained
some time.
I hope I find
the key soon...

Great! Let's go turn
you into a Dom!
Come with me Leona~
