

Listen, I just got off an emergency shift, and that's after already taking two extra shifts for my "sick" coworkers.

And on my so-called "lunch break", I was looking after your friend. All I want right now is to go home and sleep. So if it's so urgent, just go to the hospital.

Then go to the hospital... Ugh...

I'm begging you! I wouldn't ask if it wasn't serious!

Something's really wrong with Leona, and I don't know what to do!

Ugh... fine. But this better not be another "I stubbed my toe" situation.

Mei bowed...? What's wrong with me for her to go that far...

Doctor Office.

Alright,
So... what's
so urgent then?
You pregnant?
Got an STD? Or
just worried about
something?

P-Pregnant?!
N-no! That's
not... I'm not!

Listen, everything
I'm about to tell you
everything about Leona
has to stay between us.
Understood? No one
else can know
about this.

I'm a doctor,
Mei. Patient
confidentiality
is part of the
job.

She cant
mean?!

Leona,
show her.

I'M STILL
WEARING
THE CAGE!

Mei,
we need
to talk.
Outside.
Now. Please.

No,
we need to
do this quick.
We can't waste
time. Come on,
I'll help you
undress.

Plop!

Plop!

I know it's a
tad embarrassing
but doctors see
people nude all
the time...
Eh..

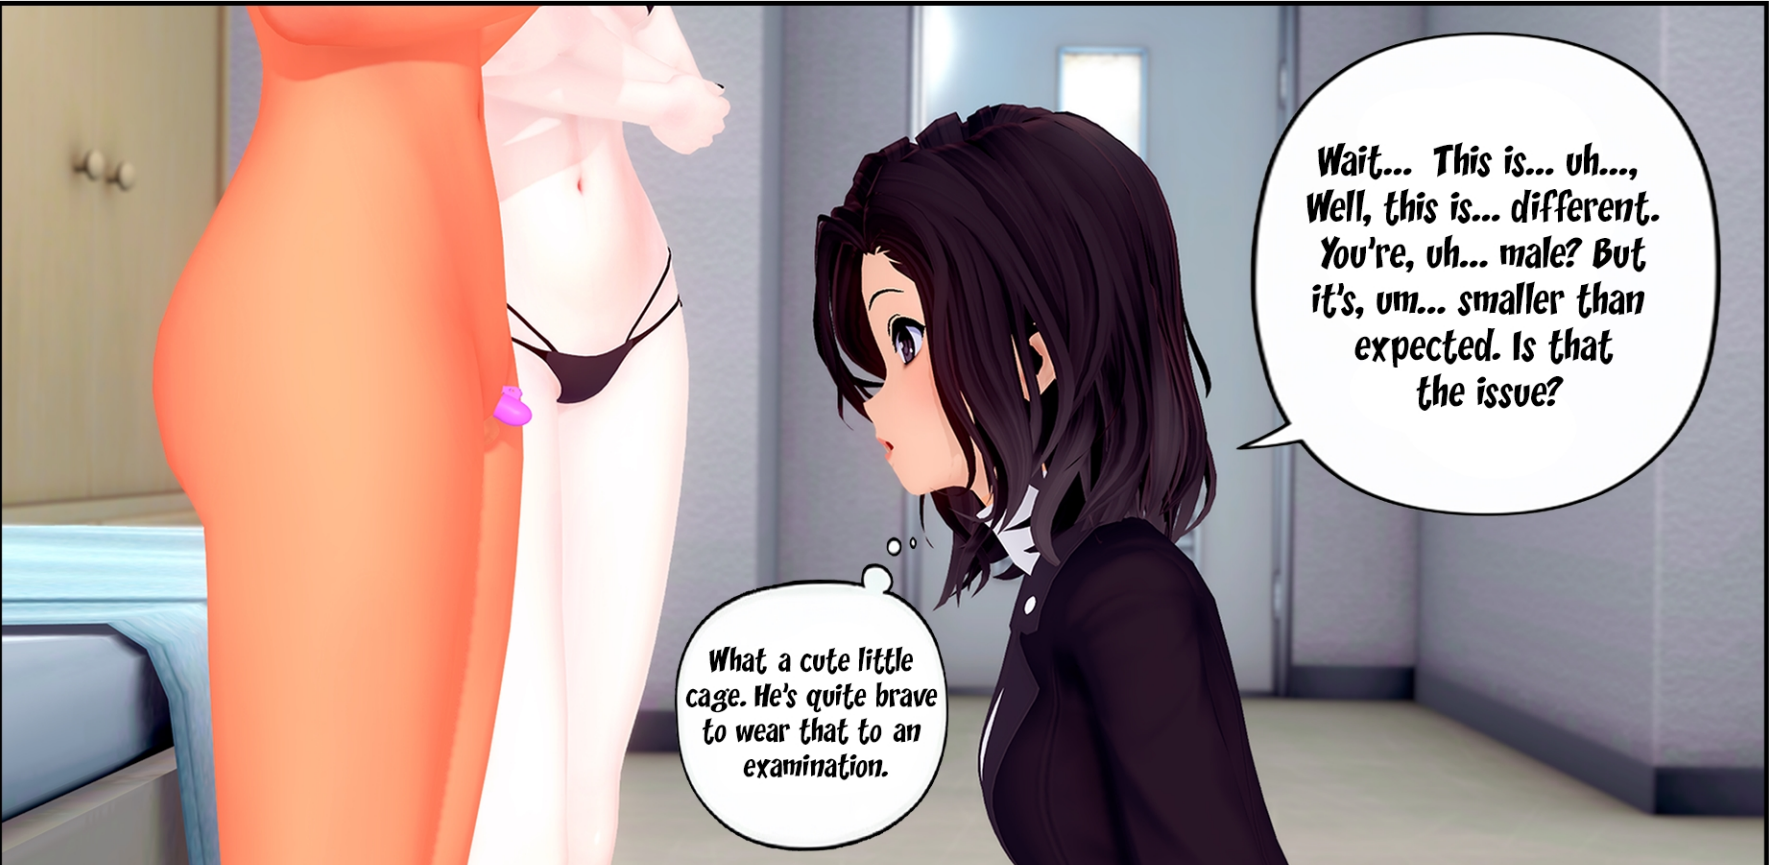

Oh... That's
why... Sorry
Leona... B-But we
have to get you
checked.

Oh, there's a growth here. No wonder you came in. Let me take a closer look..

THAT'S NOT A GROWTH...

Wait... This is... uh..., Well, this is... different. You're, uh... male? But it's, um... smaller than expected. Is that the issue?

What a cute little cage. He's quite brave to wear that to an examination.

If that's so... I'd like you to know I don't have any treatments for a micropenis.

His testicles?
A bruise...
That is indeed
an urgent issue.

That's not
the issue.
Please take
a look at...

A-A MICROPENIS?!
I-IT'S GOTTEN
SMALL BUT IT'S...
IT WILL GO BACK
TO NORMAL
SOON!

AH... WHY IS SHE
TUGGING ON IT..
PLEASE JUST HURRY
UP. I'M FINE!
JUST... PLEASE...

Even if she
asks that
I cant...

Could you
unlock this device
for me? It's tricky
to examine the
area with it in
the way.

**S-Sorry I
left it at
home...**

**Right... Dont
worry, I'll
make do.**

A few moments later...

**That's not good...
has it always been like this?
No, the trauma here looks
recent. Something's
definitely wrong.**

**Have you noticed
any other changes
on his body besides
this area?**

A few moments later...

So, just to summarise what Mei said...

He's grown actual breasts not implants... his hips widened in just a day, and every masculine trait is gradually disappearing?

In the last six months, he has gone from a typical male to looking completely like a girl.

Yet she's only worried about the effect this has on her manhood and hips... I've never heard of a medicine that could do this...

You can get dressed now Leona.
