*1. Kevin woke up in the morning, and he walked to the bathroom as usual.*

*2. Kevin looked up at the mirror and saw Yuki through the reflection, "Oh, morning, Yuki." But Yuki looked so surprised that she stopped brushing her teeth. "Dad, you had shrunk again, you just walked through my legs! Could you believe it?" Yuki exclaimed in excitement.*

*3. Kevin looked back and realized Yuki was telling the truth: her long legs were so tall that they loomed over him like an arch door. He didn't even realize he had walked through Yuki's legs until she pointed it out.*

4. After brushing their teeth, they went to measure Kevin's height using the height chart. "Oh my, you are only 76cm tall now, Dad! The same height when I was 1 year old!" Yuki giggled. Kevin did not check his height for quite a long time and he couldn't believe he had shrunk to this small now. No wonder Yuki could tower over him while sitting on the floor.

5. "Let's find something suitable for you to wear. The toddler cloth I bought for you is obviously too big for you now." Yuki said, "And you know what, I saw there was a box of my old clothes beneath my bed yesterday. Absolutely a perfect choice for you!" Yuki said before she ran back to her room. Kevin had a bad feeling about this, but he could do nothing.

Yuki put down the box on the floor and Kevin saw the marking "YUKI 0~2 years old" on the box. He recalled he was the one packing these and writing the marking. He just never expected such a box would be used one day, and it was for himself. "Look how cute the dress is, Dad!" Yuki giggled as she took out a dress from the box.

6. "Let's have a try, Dad," Yuki said. "Why?" Kevin asked. "Just for fun." Yuki giggled. Although she was talking casually, Kevin knew it was actually a command, otherwise, he would receive spankings as punishment. Kevin decided to walk to the bathroom for a change but Yuki stopped him, "It is just us alone here, you can change here, Dad."

Kevin sighed. At least he turned around and took the oversized T-shirt off and got changed into the dress. The dress, which looked small in Yuki's hands, was actually too big for Kevin. Yuki could not control her laughter when she saw that the hem of the dress was dragging on the floor like a gown. "Oh my, it was from my 2-year-old, but it is still way too big for you, Dad!" Yuki giggled.

7. Yuki searched through the box and took out a onesie for her one-year-old. She laid out the footies to the costume in front of him. "Left leg up," she murmured softly, her head hovering over his shoulder, and he hesitantly complied with her directions and inserted his foot into the left leg hole of the outfit. "Now the right," she cooed, and he stepped forward into the other hole. "And the arms." His hands entered the onesie's sleeves, and with his limbs in place she eagerly zipped up the back of the outfit. "That's perfect!" she laughed, finding the depiction of her shrunken father in her baby girl outfit to be funnier than anything she'd seen.

"You are 76cm, and this says here at my 12-month milestone I was 79cm and 24 pounds." Yuki exclaimed in excitement. "Imagine what I looked like when I was one year old, full of baby fat and barely able to walk on my own. But even at that size I still would have been a giant compared to you!" She said. "Not a giant, you are just taller than me a bit," Kevin mumbled, and she rolled her eyes but continued giggling at his weak statement.

8. "Okay, open wide, Dad." Yuki said and Kevin involuntarily followed her command. He gulped at seeing his daughter insert her old pacifier into his mouth and pushed his chin closed around it. Yuki burst out laughing as she saw her father suckling at the same rubber nipple that she used to when she was an infant.

*9. Yuki then laid Kevin on her arm as she cradled him like a baby. "So cute, Dad!" Yuki said. Kevin felt like he was once a baby again in his mother's arms. Or it was actually a fact: Everyone would think Yuki was his mother, considering their size difference now.*

*10. Today, Yuki was going to have a basketball match and she carried Kevin to the basketball court. She insisted on using the baby carrier for Kevin's safety but at least he did not need to wear the pacifier.*

11. "Excuse me, madam. I don't mean to offend you in any way, but are you interested in having a drink?" A man hit on Yuki suddenly. The man was tall, being only half a head shorter than Yuki.

12. "I am sorry, but I am in a hurry..." Yuki said but the man seemed not to let her go so easily. "Mommy, could we leave now?" Kevin said. Although Kevin knew how embarrassing it was to call Yuki Mommy, he hated that the man kept bothering her. The man finally noticed Kevin's existence and he immediately left. "Thank you, honey." Yuki said, giggling helplessly. "Hey, I just tried to help you!" Kevin complained.

*13. Kevin was granted permission to sit on the team bench to watch the competition. Yuki, being the tallest girl on the team, was fed the ball and with a quick drop step she effortlessly overmatched her defender and put it up for an easy lay-in. Kevin could not help clapping his hands for her.*

*A faint feeling of long-forgotten fatherly pride grew within Kevin as he witnessed Yuki's incredible improvement, far beyond even when the two of them had played when Yuki was young. He doubted if even at the peak of his 6-feet he would have been able to match her effort and athleticism on the court.*

*14. Undoubtedly, Yuki's team won the match and she became the MVP. After the match, everyone left except them. "Interested in playing, Dad?" Yuki asked as she gave the ball to Kevin. Kevin had to cradle the massive basketball in both arms and he could scarcely conceive of how Yuki was ever able to palm such a ball in one hand. Kevin cautiously bounced it off the ground and batted it with his hands in an awkward attempt at dribbling, awed by his lack of physical ability.*

15. *"Go on, Dad, let's see your jump shot!" Yuki encouraged.*

*Kevin held the ball and looked up hesitantly. He had to admit he was somewhat curious to see what he was still physically capable of. After taking a few steps toward the basket, he hoisted the heavy ball up to his chest, and with the full force of both arms he heaved the ball with all he had towards the basket looming impossibly far above him. Kevin saw with dismay that the ball had just reached the bottom of Yuki's chest.*

16. "Dad, let me help you." Yuki said as she effortlessly whisked Kevin into the air – way, way up into the air, so high that he became dizzy from vertigo. "Try again!" she encouraged cheerfully. As Yuki held him up with outstretched arms, Kevin was now just a foot below the rim. As light as Kevin was, Yuki had no problem holding his body steady, making his shot easier. Kevin took a deep breath as he lined up what would almost certainly be the last made basket of his entire life. He shoved the ball as precisely as his undersized hands would allow, and to his tremendous satisfaction, the ball rolled in.

17. After the match, Kevin offered a massage to Yuki as a reward and Yuki did not have a reason to reject it. "I just figured it'd be easier for you if you liked to sit on my back and work from there," she explained. "Oh, well maybe you're right," Kevin said, stopping what he was doing and climbing onto her back. He leaned over her upper back, digging his fingers into her skin. "Oh," Yuki moaned with a smile, "that feels so good, Dad. Thank you."

Soon, Yuki realized her tiny father's little hands didn't have the same strength on her giant body that a normal-sized pair of hands did. "Can you get any deeper?" she asked. "I don't want to be like rude or seem ungrateful, but it's a little hard to feel." Kevin was a little let down, but tried to push even further. "Mmmm, it's still not really deep enough, Dad. You can do it. Deeper!" she said.

18. Kevin finally got tired of trying his hardest and still not being enough to satisfy his daughter, and stood up in a huff. "Ooooooh, wait! That's a good idea, you standing up like that!" Yuki cheered. "You're not too heavy to hurt me, but I can feel it. Try walking around." Kevin walked back and forth on her back like she told him to do. "Yeah, just like that," she cooed, seeming to melt beneath the feeling of his tiny steps along her spine.

"See if you can like, jump on me though, I might be able to feel it even better." Yuki suggested. "Are you sure?" Kevin asked and then he jumped up and crashed his feet into her back. "Yes! That feels so good!" Yuki was addicted to the feeling and just wanted more of it. Yuki kept screaming as Kevin kept jumping. However, it was soon to be too much for Kevin and he stepped off her back. "Dad? What's wrong?" Yuki asked. Kevin could not tell her how embarrassing it was to massage his daughter by jumping, "I think I twisted my ankle or something, it does not hurt at all but I just need to take a break." He lied.

19. "Oh okay, sorry about your ankle." Yuki said, "How about massaging my foot instead?" Kevin rolled his eyes as he walked to sit on the bed frame and started massaging Yuki's huge foot. Kevin gulped at seeing how each of her toes looked so big compared to his hand. Her toe was more than half of his single hand!

20. "Oh it tickles!" Yuki giggled as her toes squirmed. Before Kevin could react, her big toe accidentally inserted into his mouth. His tongue had nowhere to hide, forcing Kevin to have an involuntary taste.

"Mmmm?" Yuki should have felt something strange as she tried to withdraw her foot. To Kevin's horror, he was forced onto the tips of his toes, straining to keep them on the floor, until they left the ground entirely as Yuki successfully lifted his tiny body off the floor with just the strength of her toe. Yuki finally noticed his situation and put her foot down, so he could land back on the bed. Thankfully, Yuki decided to end his massage here.

21. "Thank you for the massage, Dad. Goodnight." Yuki said as she leaned over to kiss Kevin on the top of his head as usual, her big lips easily covering his whole forehead.

*22. Yuki suddenly continued, "But Dad. I don't even remember the last time you kissed me, which you used to do like every night before bed." Kevin gave her a wry smile, "That's because I can't reach your forehead anymore, honey." He looked way up at his towering daughter, now he won't reach her face unless he stood on a ladder.*

23. "You can't reach my forehead, doesn't mean you can't still give me kisses, right?" Yuki pouted. "Fine," Kevin said. The only part that was really available for him to reach was her extremely long legs. He stood on her foot to gently give her a kiss on her lower thigh, which was the highest he could reach. This reminded Kevin of how small he was now compared to his massive daughter. Yuki smiled to see her dad taking to her idea well, and she had a sweet dream that night.

*24. Knowing that Kevin had shrunk again, Lizzy could not wait to invite him together for a photoshoot. It could be awesome for her fans to see her to be the tall one.*

*When Lizzy reached the studio, she was puzzled to find Yuki alone there. Lizzy always felt nervous around Kevin's massive daughter. Yuki could easily manhandle her when she was a kid, and she was now even a 6'6" giant woman! "Hello, Yuki, is your father on the way?" Lizzy asked. She saw that Yuki was wearing the trench coat, and Yuki seemed to be much thicker than the last time they met.*

*25. Yuki first gave Lizzy a mischievous smile before she said, "My father is just here with us." Before Lizzy understood what Yuki said, Yuki opened her coat and Lizzy was surprised to see Kevin hugging her waist inside! "Hmm, hello Lizzy." Kevin said in an embarrassed tone.*

*26. Yuki then sat at the corner of the room, watching Lizzy taking shots with her tiny father. Lizzy was half a head taller than him in her heels. Besides her shrinking father, Yuki never expected to see a grown woman who could be this small until she actually met Lizzy. And that was the moment Yuki thought of a new funny idea.*

*27. Yuki stood up and walked to them, overshadowing them in her shadow. "Hey, Lizzy. Do you think your fans would be interested in seeing a giantess with a tiny couple?" Yuki smiled to suggest.*

*28. Lizzy thought for a while before accepting Yuki's idea. It did not hurt at all, except their pride in being adults. First, a close-up shot was taken of them together with Yuki's leg. This was the first time Kevin realized he was the same level as Yuki's knee in her boots!*

*29. After taking several shots with them standing up, Yuki suddenly suggested, "Let's make them different, don't you want to stand between my legs? I suppose that's enough room for you down there. And you'll get a unique picture: yourself standing up beneath a woman's pussy with a shorter man."*

*Yuki moved her legs apart a little, and they walked into the arch they could never have imagined they would be in. Lizzy was enjoying her height advantage over Kevin but she was in an embarrassing situation at the same time.*

*30. Yuki then suggested seeing if they could match her waist height in a human pyramid. Kevin offered to be the bottom as a man, even though he was shorter than Lizzy. With some efforts and assistance from Yuki's side, Lizzy managed to do so. And she was still well below Yuki's belt. This only made both Lizzy and Kevin realize how tiny they are compared to Yuki. Yuki giggled as her hands were busy, keeping the human pyramid made of the two of them.*

31. And then Kevin evidently couldn't stand this any longer. Yuki helped Lizzy get back on the floor before Yuki sat on the floor, and she was still much taller than Kevin and Lizzy. That was the moment Yuki realized how small Kevin was compared to her arm.

"Dad...oh my god, you are so small!" Yuki exclaimed softly as she pushed Kevin to stand back-to-back with her left arm. She planted her hand by his foot, and measured up her forearm against his leg. Not only was her arm longer than his leg, but it was thicker, in its largest part, than his entire torso. And with her hand planted this way, Kevin found himself staring into the upper part of her bicep muscle. Her single arm was as tall as him, thicker than him, heavier than him, stronger than him. Kevin never felt this small in his entire life.

*32. Yuki then extended her hand for a hand comparison. She giggled when she saw that both hands of Kevin and Lizzy were still smaller than her palm.*

33. "I remember your channel is for mature content, Lizzy?" Yuki asked. Lizzy nodded and Yuki walked to the corner of the room. To Kevin's horror, he saw Yuki stripped her dress off to her underwear. She removed the bra and casually threw it at them. Each cup of the bra covered their head completely.

*34. Yuki then passed them her panties before she wore her dress back on. To their horror, Kevin and Lizzy found that each of them was not even as thick as a single legroom!*

35. "You guys are really so SMALL." Yuki giggled, "Spare me a legroom, Lizzy." Kevin saw Yuki inserting her right leg into the panties. He could see that the fabric was stretching to its limit up to Yuki's thigh. It was a ridiculous way to prove that Yuki's thigh was thicker than his whole body!

*36. At last, Yuki lifted both Kevin and Lizzy in her arms, high in the air. It was even easier than she'd have imagined; they weighed virtually nothing. Both of them could sit on each of Yuki's shoulders without any problem.*

*Lizzy never expected this series of photoshoots would be such a big hit in the future. She even had to ask Yuki to join again upon her fans' request.*

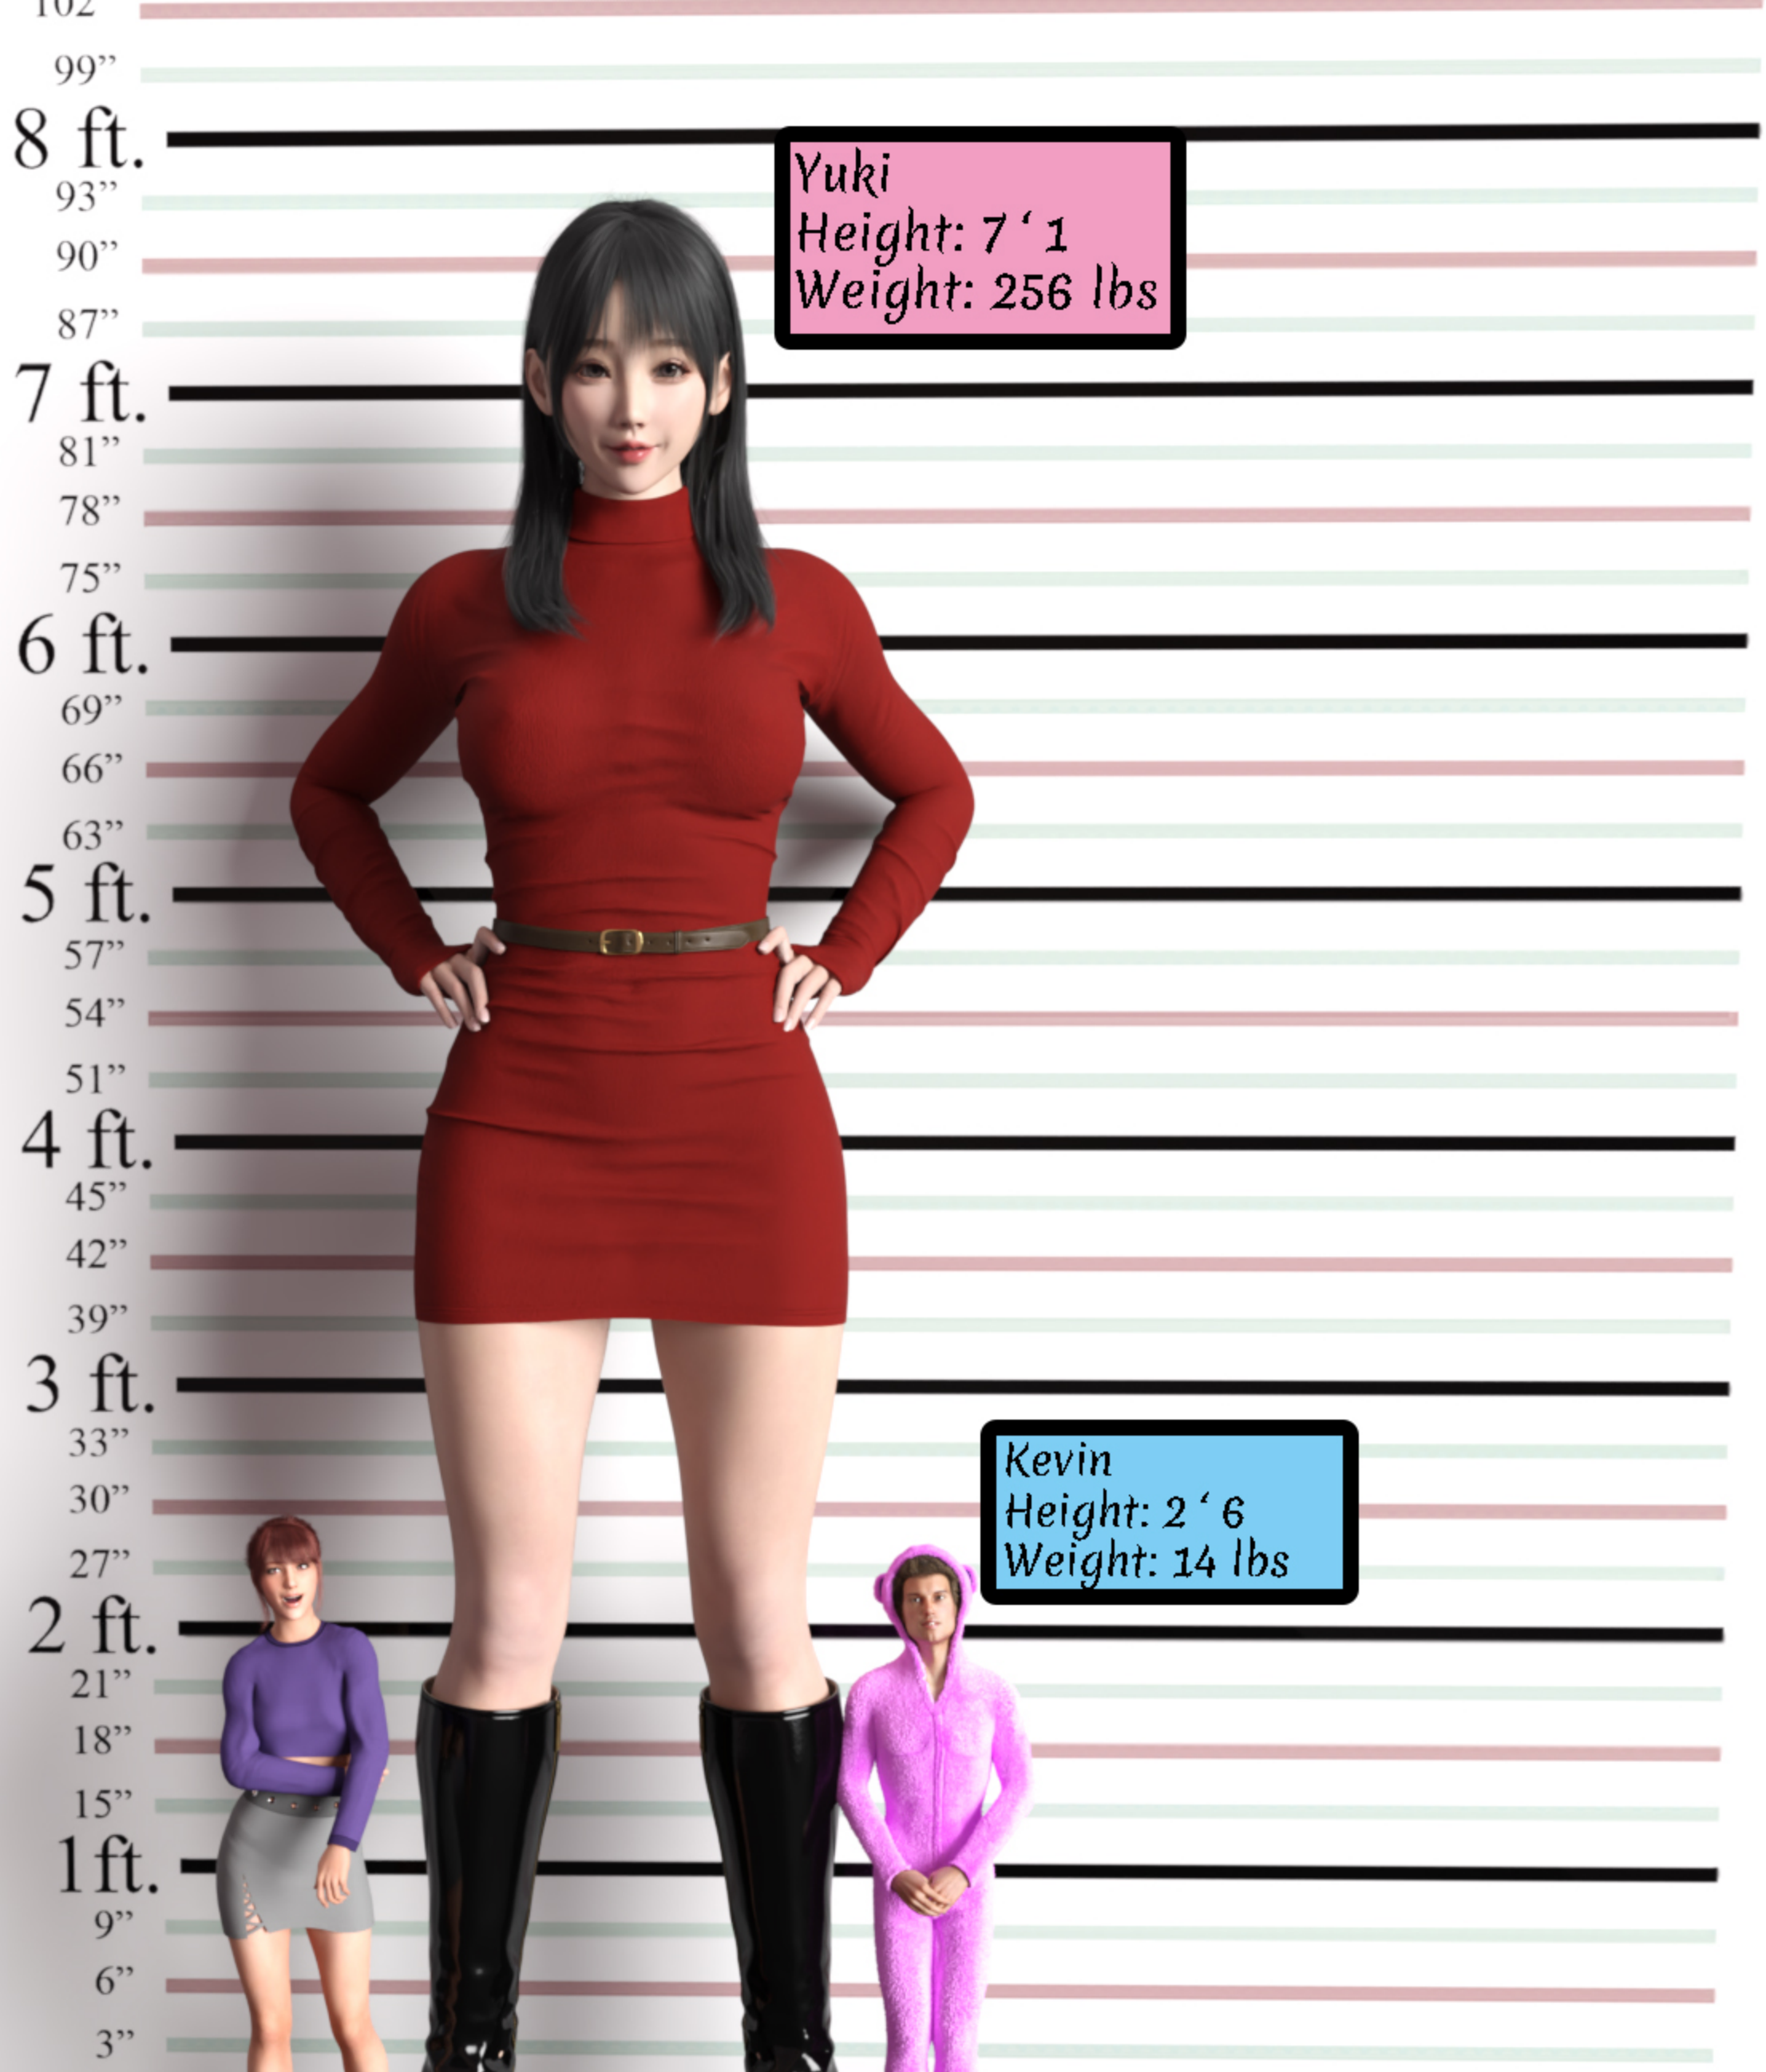

*37. Later in the cinema, the staff was checking Yuki's ticket, "One adult, no problem, ma'am." The staff was surprised to see such a tall woman, and she seemed to be quite fat at all but this was none of their business. Yuki gave him a mischievous smile before she walked in.*

*38. Yuki first went into the toilet, and she suddenly laughed in front of the mirror. "See? I told you guys this will work!" She giggled as she opened her coat, revealing both Kevin and Lizzy inside. "And no one noticed you, so you guys lost the bet. So you have to play with me for a whole week as promised." Yuki said with a smile. Both Kevin and Lizzy felt concerned about what Yuki had in mind for them for the following week.*
