

WONDER CURVES

A P H R O D I T E ' S E M B R A C E

Mother, this temple holds secrets even I haven't uncovered. Aphrodite's mark is strong here. Hippolyta: Be cautious. The goddess's gifts can awaken desires long dormant.

The air itself feels charged. Something ancient stirs

Diana... look. On the ground—it's glowing

A lasso... but not like mine. It pulses with golden light.

It feels warm... alive, almost

Hippolyta: An artifact of Aphrodite herself, perhaps.

Artemis: Careful, Princess. Power this strong demands respect.

Gods... it's sparking around my hand. The energy—it's flowing into me.

Hippolyta: Diana, are you all right?

More than all right. It feels... intoxicating.

The lasso's magic is awakening within your. Try to breathe through it.

Mother... something's wrong. My head feels warm... and my body... it's tingling all over.

You look flushed, Princess. Is it painful?

No... not painful. It's... intense. Like heat spreading from my core.

Come, let us sit and meditate together. We will share the lasso's power and guide it.

Alright... I feel it pulsing stronger now.

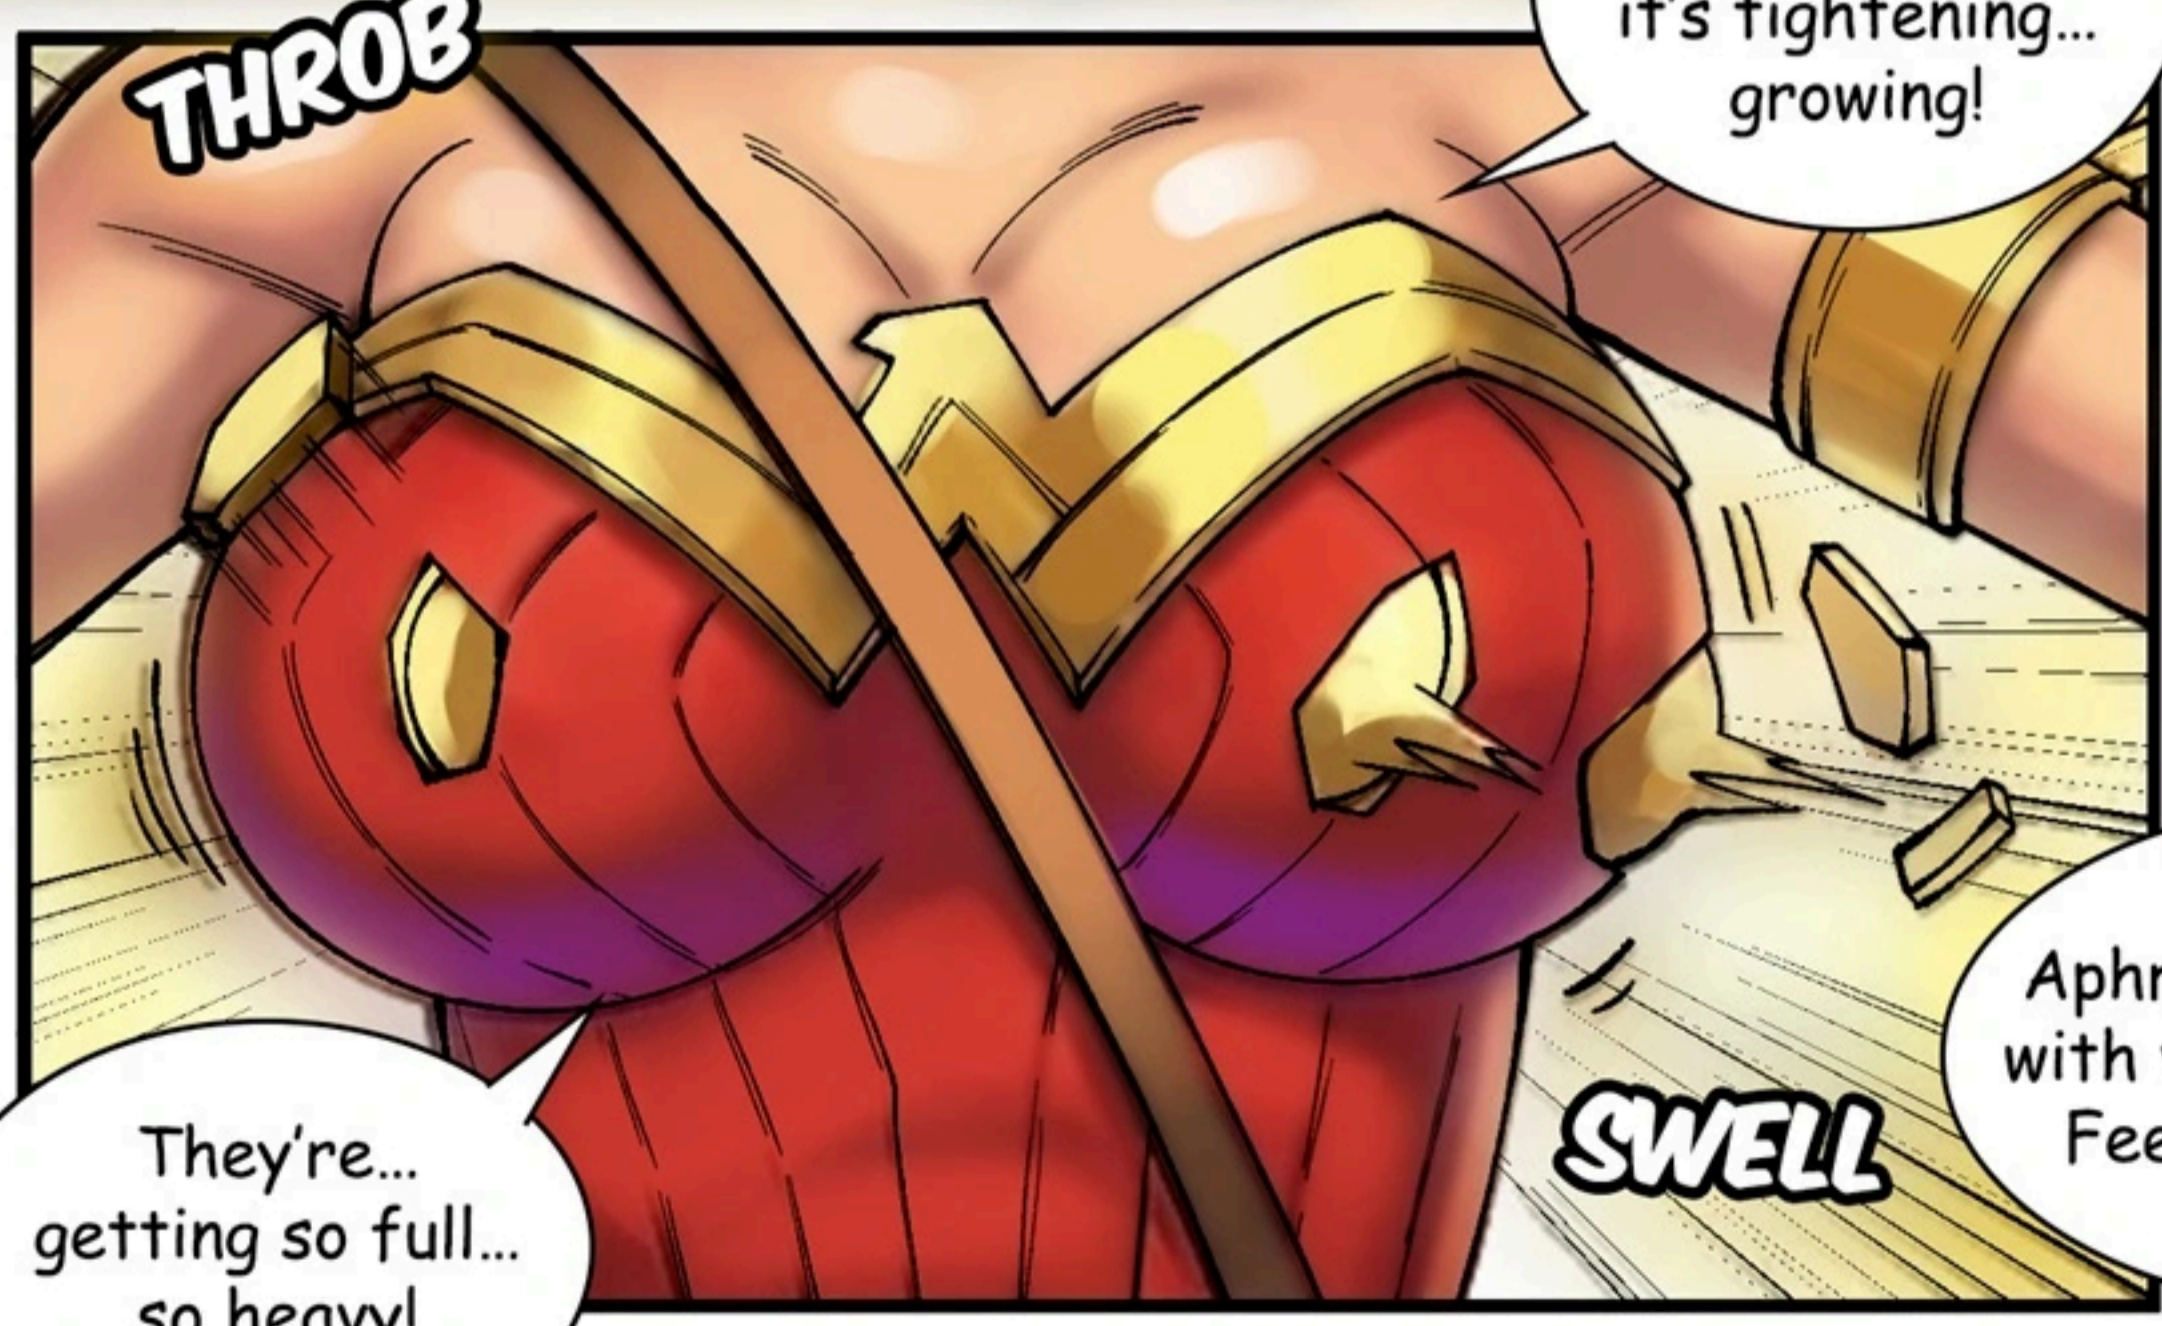

Here, wrap it loosely around all our wrists. Let the energy flow between us.

Focus on the warmth, sisters. Let Aphrodite's gift move through us.

Oh gods... my chest... it's tightening... growing!

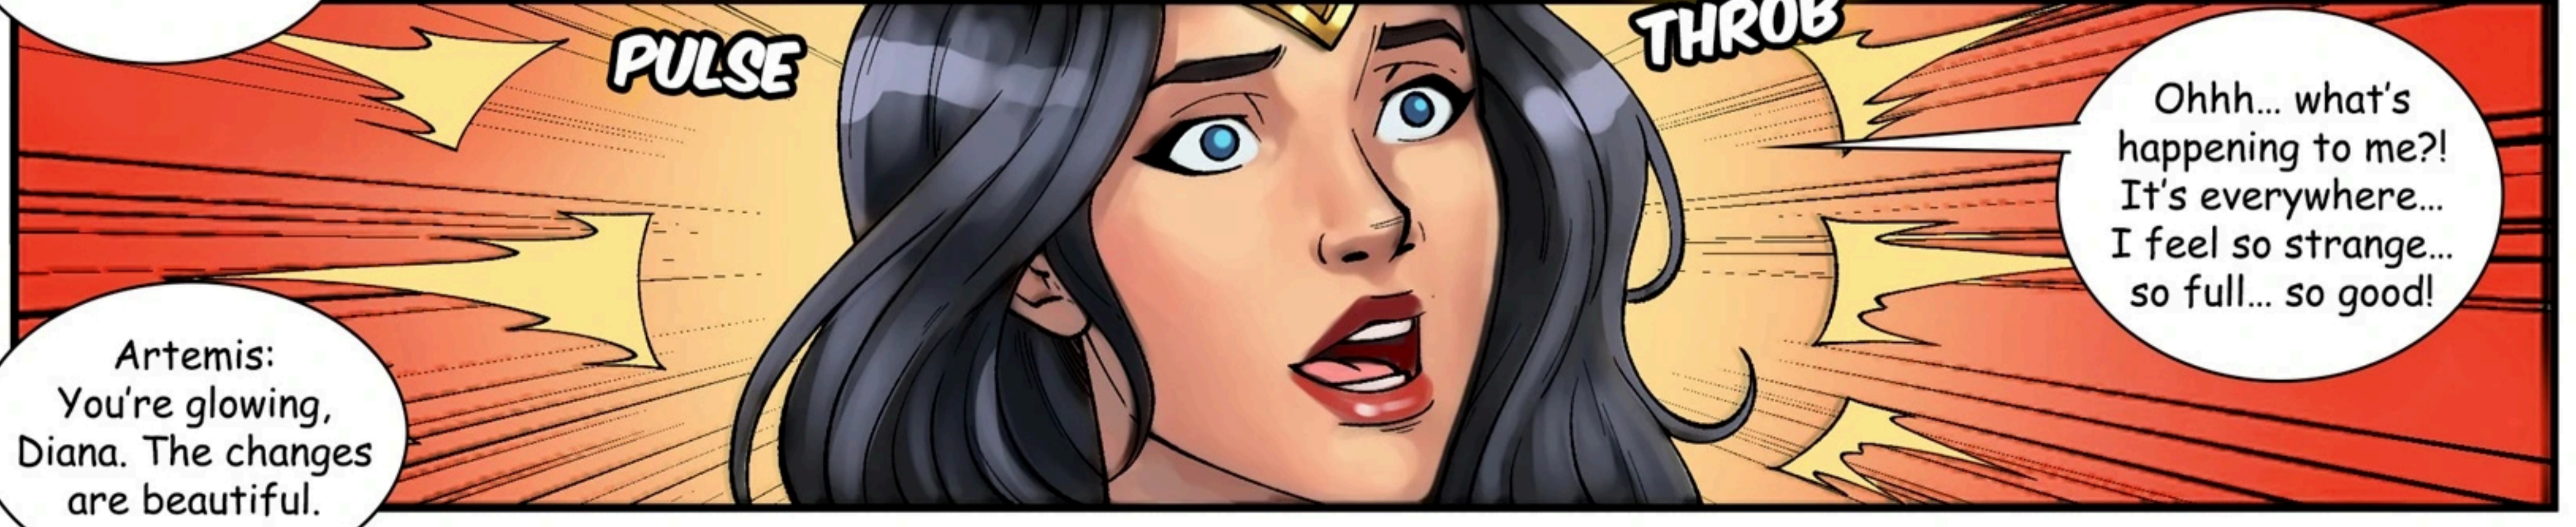

Ahh! Now my hips... my backside... it's rounding out, expanding!

They're... getting so full... so heavy!

Hippolyta: Aphrodite blesses you with voluptuous beauty. Feel how it fills you with power.

It feels... incredible. So sensitive... so alive!

Artemis: You're glowing, Diana. The changes are beautiful.

Ohhh... what's happening to me?! It's everywhere... I feel so strange... so full... so good!

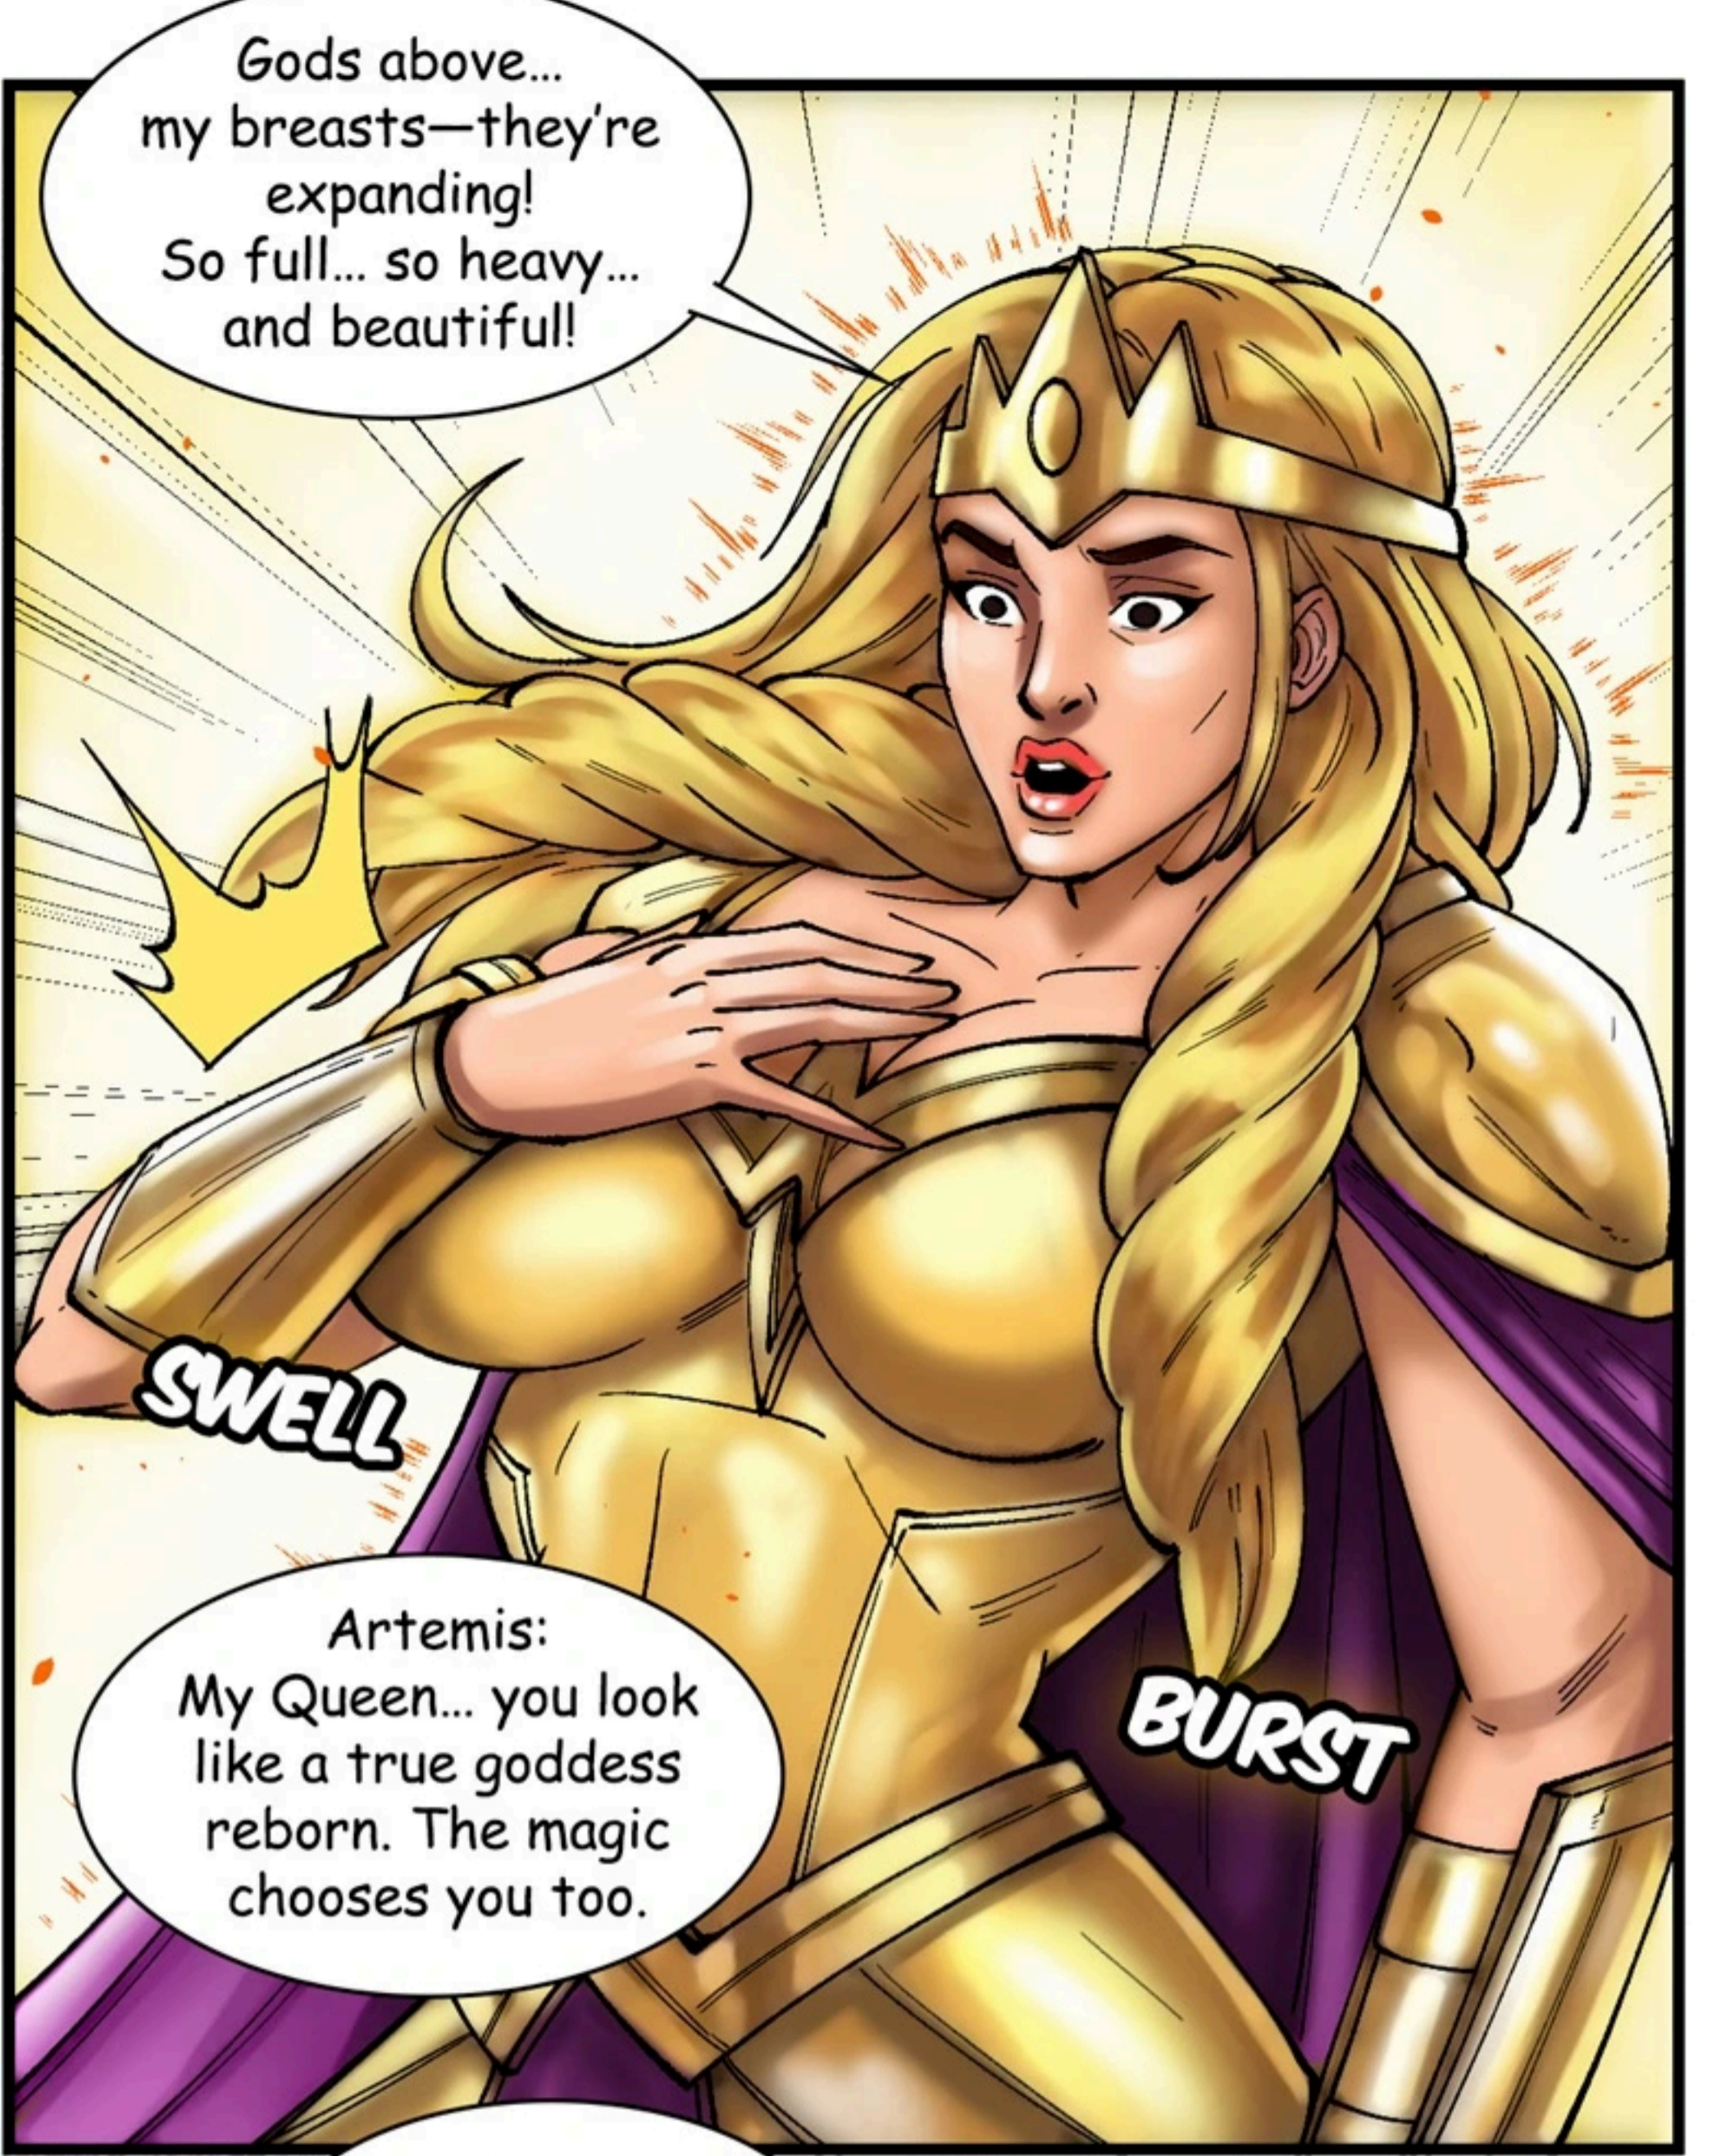

Mmm... the warmth... it flows through me now. Aphrodite's essence... so powerful.
