

30 minutes later..

A 3D rendered character with short grey hair and a goatee, wearing a light blue button-down shirt and dark pants with a silver belt buckle. He is standing in a prison cell, holding a stack of US dollar bills in his left hand. The cell has metal bars on the left and a red tufted wall behind him. A speech bubble points to him from the left.

I'll leave the money on this table okay?

Okay

What have I done.. I just had sex with a guy
by using my girlfriend's body..

The worst thing is.. I kinda like it..

I'm still have to earn more money,
I have to do it I have no choice

One week later...

I've been working nonstop

I'm starting to get used to it

*I can't believe a beautiful girl like you
choose to do this job*

Just finish it already, I don't have a time all day

Can I cum inside you?

Well.. That's gonna cost more

For a cute girl like this.. money is not a problem!

Thank you!

No need to thank me, You paid me for this remember?

See you later then!

One last client left for today..
